TELEGRAM TO COMRADE KIM IL SUNG

KIM IL SUNG
PREMIER OF THE CABINET
DEMOCRATIC PEOPLES REPUBLIC OF KOREA

June 25th marks the 20th anniversary of the U.S. imperialist aggressive invasion of the DPRK in 1950.

The Black Panther Party takes this occasion to salute the DPRK and the wise and brave leader of the 40 million Korean people, Comrade Kim Il Sung.

We recognize and respect the long history of resistance and victory that Comrade Kim Il Sung and the 40 million Korean people have contributed to the world wide struggle against imperialism and fascism; the shining examples of socialist construction while under severe conditions of U.S. provocation and aggression, the many brilliant ideological contributions you have made to the socialist camp and in particular the concept of "Juche".

Because of our historical experience in America; because we are faced with no alternatives but genocide or liberation we understand the criminal nature and gangster logic of the U.S. ruling class. Black people are increasingly the victims of overt military aggression and U.S. plots to subvert our struggle for national salvation. Under these conditions we have an increasing awareness that the expulsion of the U.S. imperialist burglars from Korean soil and the reunification of Korea will be a victory for the Korean people and a victory for oppressed people the world over.

We see clearly that the reunification of Korea is not seperate from the salvation of Black and other oppressed people in fascist America. As gang boss Nixon and his mob of criminals intensify their attempts to loot Asia they are intensifying their murderous repression of Black people in America. These attacks will be met with revolutionary solidarity manifested in action, both around the world and in the gangsters lair, and with one-beat-a-hundred fighters in Africa, Asia, Latin America, and North America; the U.S.A. will surely be brought to the peoples JUSTICE.

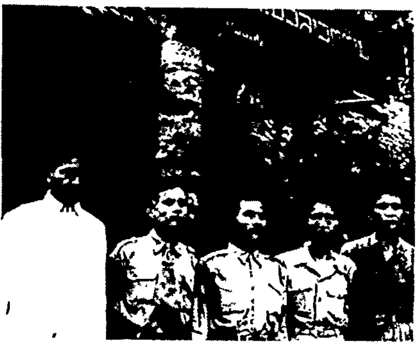
MEMORANDUM OF THE CENTRAL COMMITTEE OF THE LAO PATRIOTIC FRONT ON THE ESCALATION OF THE U.S. WAR OF AGGRESSION IN LAOS AND THE SETTLEMENT OF THE LAO PROBLEM

PART II

Application Of The Nixon Doctrine And Escalation Of The War Of Aggression In Laos By The Nixon Administration

UNDER PRESSURE FROM PUBLIC OPINION , NIXON ON MARCH 6, 1970 HAD TO ACKNOWLEDGE THE PRESENCE OF U.S. MILITARY PERSONNEL, THE LOGISTIC AND AIR SUPPORT AND "OTHER ACTIVITIES" OF THE U.S. IN LAOS. He also admitted an increase in the U.S. military activities in Laos. But he tried to argue that those activities were "limited" and of a purely "defensive" character aimed at protecting American lives in South VietNam.

But public opinion in the United States and in the world immediately pointed out that that was the first time the highest executive in the United States made an open acknowledgement of the violation of the 1962 Geneva Agreements on Laos by the U.S. On March 7, Senator Albert Gore declared that Nixon in fact had conceded that "we (the U.S.) have violated the Geneva Agreements". Public opinion has condemned Nixon's allegations as "queer" and "selfcontradictory" (the Japanese paper "Asahi Shimbun" March 9. "Nixon's allegations were misleading. They mentioned only some facts and not everything and showed no sign of any change of policy." (Senators Scranton and Fulbright, March 6 and 9, 197[illegible]).



The Resistance government formed in 1950 against the French Colonialists.

Obivously, Nixon cannot dupe public opinion which bases its judgement not merely on the words but also on the deeds of the Nixon administration during the recent past.

After Nixon came to power, the so-called "Nixon doctrine on Asia" saw the light which consists in providing more U.S. advisers, weapons and firepower to the Asians, while the latter contribute more mercenaries for the U.S. The formula of this doctrine is "native soldiers plus U.S. advisers and maximum logistic and air support" This is in fact a more elaborate and more refined form of U.S. neo-colonialism's wicked policy of making Asians fight Asians, and natives fight natives.

The active application of that doctrine in Laos finds a concrete expression in the steps of escalation taken by the Nixon administration in its aggressive war in Lao. during the past 18 months, escalation in the logistic supply, in the supply of U.S. military personnel and in the use of U.S. combat troops in the "special war".

Under the Nixon administration, the amount of U.S. aid to Laos and military personnel introduced into this country have increased at almost the same rate. Compared with the 140 million dollars in 1967, U.S. aid in 1969 rose to 250 million dollars of which only the economic and technical aid accounting for less than 60 million was announced, while the rest was almost exclusively used for military purposes. Thus, military aid - about 190 million dollars a year, - is more than treble the economic aid and makes up [illegible] per cent of the total aid. This figure is approximately the same as estimated by Senator A.J. Allender in a censured report on the scale of American involvement in the war in Laos (AF, Jan. 22 1970). It is necessary to note that what is described as "economic and technical" has also been used for secret activities of a military character. On June 7, 1970, J.A. Hanna, Director of the U.S. Agency for International Development, disclosed that the U.S. aid program also covers the CIA activities in Laos. At present, according to a statement of Senator M. Mansfield on September 21, 1969, U.S. aid in Laos had exceeded [illegible] million dollars a year and continued to increase.

Obviously, the Nixon administration is squandering in Laos more and more money of the American people, while serious social problems in the United States are yet unsettled, because enormous sums are being spent for unjust wars in Laos and in Indochina as a whole.

On March 6, 1970, Nixon said there were 643 advisers and military personnel out of the 1,040 Americans operating in Laos and denied the presence of any U.S. combat troops in Laos. That is not true. Compared with the 5,000 U.S. military personnel in Laos under the Johnson administration, the figure rose to 12,000 U.S. military personnel, with or without military uniform in the first period of the Nixon administration. Of them, there were at least 2,000 air force advisers, or 800 more than in 1967. The number of U.S. advisers assigned to the "special forces" training centres and regular units of the puppet army increased from 150 to 1,000 (according to a British source, the figure might be 2,000). The U.S. "special forces" operating in southern Laos are estimated at about 1,200 men. Thus there is one U.S. military adviser for every six Laos puppet soldiers (compared to the 70,000 men of the Vientiane army). In addition according to a statement of Senator R. Ottinger on April 24, 1970, at least half of the 45,000 U.S. air force personnel in Thailand (i.e. 24,000) are now directly participating in air activities in Laos. All told, the number of U.S. military men now taking part in military activities in Laos on the ground and in the air has run into tens of thousands at least equal to half of the total effectives of the Laos puppet army.

The running of the U.S. colossal war machine in Laos remains an affair of the U.S. embassy, Nixon's ambassador to Vietiane remains a military proconsul. The paper "France Soir", on March 3, 1970 said everything in Laos is controlled from the building of the U.S. embassy which houses the brain of the war machine. The number of army and air force military attaches of the U.S. embassy exceeds 200, an unusual figure for a foreign diplomatic mission in a country like Laos. The USAID agency in Laos is also operating within the framework of the U.S. diplomatic mission in Vientiane and is working for the CIA. [illegible] 1970, J.A. Hanna acknowledged that Laos is the only place where such things [illegible] did not approve it.

Of late some 1,[illegible] U.S. "green berets" were introduced into Laos, whose commanders [illegible] (Thailand), U.S. [illegible] Vietnam on February 2[illegible], 197[illegible] [illegible] number of U.S. "green berets" in Laos had exceeded that of U.S. military advisers in South Viet Nam in the past. [illegible] 1969 and early 1970, U.S. combat troops took part in ground attacks on the Plain of Jars area, Meng Khouang province. The U.S. magazine "Newsweek" of April 6, 197[illegible] affirmed that the CIA office in [illegible] [illegible] Viet Nam [illegible] weekly [illegible] d. Hanna.

ON CHAIRMAN MAO TSE TUNG'S DECLARATION OF 20 MAY, 1970

In this declaration, Chairman Mao Tse Tung has set forth a brilliant and timely analysis of the qualitatively new situation that exists in the world as a result of the treacherous new acts of aggression launched by the fascist, imperialist Nixon-

Chinesepeoples.

This declaration pulls together into clear focus the revolutionary struggles and the liberation struggles of the people of the whole world, including the revolutionary struggle of the American people themselves.

Speaking specifically for the Black Panther Party, but reflecting the sentiments of millions of oppressed people inside the United States, it has become crystal clear to us that rampant imperialist aggression on the international scale and vicious fascist repression on the domestic scale are the two faces of the criminal government of the United States and the calculated policy of the American ruling circles. For 400 years now, Black people inside the United States have been the long-suffering victims of fascist violence and repression. But under the Nixon-Pentagon clique, this reactionary violence and repression has been escalated to new heights of barbaric cruelty. At the same time, in order to put down the already gigantic and still growing mass movement among White Americans against the wreckless and sanguinary policies and imperialist adventures of the U.S. government, the cowardly Nixon-Pentagon clique has unleashed a bloodbath against the American people as a whole, creating for itself new enemies who have joined hands with those who were already determined to carry out a struggle to the bitter end against an economic, political, and social system that is dominated by the madmen in the Pentagon and that is responsible for the misery and bloodshed all over the world today.

Chairman Mao Tse Tung captures the truth of the situation when he points out the unprecedented isolation of the Nixon-Pentagon clique. Never before have these criminals been so exposed and isolated as they are today. And never before has it been so clear that this criminality can only be ended by the people rising up to seize their own destiny from the handfull of willful exploiters and murderers that now have the power in their hands.

Coupling a revolutionary call to arms with revolutionary optimism in the assurance of victory, Chairman Mao Tse Tung, the great leader of the Chinese Revolution, hero and teacher of the revolutionary people of the world, has performed an invaluable service to all mankind by stepping forward at this time to renew the people's indictment of the common enemy of us all--U.S. Fascism and Imperialist Aggression. These courageous words of Chairman Mao Tse Tung will give new heart to the peoples in their lonely and difficult struggles to throw off the shackles and chains of oppression now being held in place by U.S. Fascism and Imperialism.

Lastly, we wish to point out that only the enemies of the people and those who shirk their revolutionary duties and who are afraid of their own shadows will find fault with Chairman Mao Tse Tung's declaration. For our part, we welcome it, because we have learned, by shedding our blood, that only through relentless struggle, by resorting to arms inside the very house of U.S. Fascism and Imperialism itself, can we gain our freedom and liberation. This is what our experience has taught us and this is the faith that will sustain us as we push forward our struggle..

LONG LIVE CHAIRMAN MAO TSE TUNG!
LONG LIVE THE VICTORY OF THE PEOPLES' WAR!
DEATH TO THE U.S. FASCISM AND IMPERIALIST AGGRESSION!

This is to advise of a meeting with representatives of the Senate Select Committee (SSC) on 6/12/75 in my office in accordance with the request set out in Legal Counsel to Mr. J. B. Adams memorandum dated 6/4/75.

IS-1 Section Chief J. G. Deegan, Number One Man William H. Atkinson, Unit Chiefs Homer A. Newman, Jr., David Ryan, Garnett T. Tunstall, and Special Agent Paul Daly of the Legal Counsel Division met with Jack Smith and Lester B. Seidel of the SSC staff.

At the outset Mr. Seidel indicated that SSC would do case studies on various organizations against which the COINTELPRO was directed. Black Panther Party (BPP) had been chosen for the start because many BPP members had been involved in and convicted of criminal activity. He distributed copies of a document (a copy of which is attached) outlining the purpose of the meeting and setting out requests that will be made of the Bureau through appropriate channels in connection with this case study. Included in this document, along with requests for various Bureau documents regarding COINTELPRO as it pertains to the BPP, were requests for a list of all local police departments and personnel contacted, a list of all media persons contacted and a list of all FBI personnel connected with this program and their present locations.

The investigative responsibilities of the Bureau, as relates to the BPP, were described generally to Messrs. Seidel and Smith highlighting the origin of this violence-prone organization and the series of violent confrontations in which it participated in the late 1960s. Mr. Seidel stated that he was specifically interested in ascertaining the extent of COINTELPRO and how it related to the investigation of the BPP in San Francisco - Oakland and Los Angeles. COINTELPRO was stressed only as a procedure which could have been followed in the course of our investigation. No specific

instances of institution of counterintelligence activities were discussed, and it was indicated that these activities were minor as far as the overall BPP investigation was concerned.

In connection with COINTELPRO, the Bureau letter to SAC, San Francisco dated 5/11/70 captioned "Counterintelligence and Special Operations" was discussed. Basically, this letter suggests San Francisco consider a proposal that through the use of documents subtly incorporating false information, attempt to give the BPP the impression that the documents were stolen by a disgruntled police employee who is sympathetic to the Panthers. This document was presented to the House of Representatives Committee on Internal Security in 1974 and was included in their publication of hearings conducted by that Committee. Messrs. Seidel and Smith wanted to know if the activities outlined in this letter had been implemented by the San Francisco or Los Angeles Offices. He was advised that this letter was not implemented as it had requested comments and recommendations of the San Francisco Office, and that Office had recommended against the proposals contained therein.

Mr. Seidel asked the identity of the SAC who recommended against this proposal and was advised that the SAC there, at that time, would not necessarily have had personal knowledge of the matter. He then asked identity of supervisor who recommended against proposal and was advised this information was available in the field office. Concerning COINTELPRO in general, he inquired as to specific techniques used against the BPP and whether forgery and wiretaps had been a part of the program. He was advised that we were unable to furnish that information without extensive file review.

Mr. Seidel attempted to discuss Special Operations but he was advised that the matter was not within the purview of the current meeting.

Mr. Seidel explained that they would be traveling to San Francisco and intended to interrogate personnel in that Office as well as unspecified outsiders who may have been involved in COINTELPRO. Mr. Seidel stated that he had asked for the meeting with Bureau personnel to obtain background data to aid them in these

interrogations. Both Messrs. Seidel and Smith expressed appreciation for the assistance given them at this meeting and both additionally expressed their feeling that the Bureau had done a good and proper job in its investigation.

During the course of this meeting a monograph on the BPP prepared by the Bureau in March of 1971 was used for background data. Mr. Seidel expressed a desire to have a copy of this document. This document, which is prepared from public source data, was compiled for public distribution and, if you approve, a copy will be furnished to Mr. Seidel.

ACTION:

For your information and if you approve, one copy of attached document entitled "Black Panther Party"* will be sent to Mr. Seidel.

The purpose of this memorandum is to advise that a representative of captioned Committee requested to be given a briefing concerning counterintelligence programs as applied to our investigation of the Black Panther Party in San Francisco.

Lester Seidel, staff member of captioned Committee who is assigned the area of COINTELPROS, advised that the Committee is preparing what he termed case studies on COINTELPROS in four separate areas. He defined these areas as the Black Panther Party in San Francisco, White Knights of the Ku Klux Klan of Mississippi, the Professor Morris J. Starsky incident, and the Fred Hampton case (Black Panther Party leader in Chicago who was killed during a police raid in Chicago, Illinois).

Seidel previously had requested the Bureau arrange interviews of various Bureau personnel whom he considered familiar with the San Francisco Black Panther Party investigation, and at that time stated he intended to interview these individuals in two or three weeks. Mr. Seidel requested that prior to conducting interviews concerning this particular area, he desired to be briefed during the week of June 8 concerning the Bureau's general overall investigation of the Black Panther Party in San Francisco, along with the use of counterintelligence proposals against that organization. In this regard he desired that someone knowledgeable in this aspect be made available to brief him concerning this matter.

Dear Mr. Halperin:

Reference is made to my letter to you dated April 8th, regarding your request for the "Delimination Agreement of 1948."

Coordination of this matter with the Central Intelligence Agency (CIA) has disclosed three documents which are pertinent to your request. It is my understanding that two of the three documents have been released to you by that agency, and I am enclosing with this letter, the third document. You will find this letter dated October 2, 1948, from former FBI Director J. Edgar Hoover to Mr. Frank G. Wisner, then the Assistant Director for Policy Coordination, CIA, contains certain deletions. The material deleted refers to the same material excised in one of the two documents furnished to you by CIA, and concerning which CIA asserted exemption provisions found in Title 5, United States Code, Section 552 (b)(1) and (b)(3). These provisions relate to matters that warrant classification and those which are specifically exempted from disclosure by statute. It is considered appropriate for the same exemption provisions to be cited by this Bureau in connection with the deleted portion.

You have thirty days from receipt of this letter to appeal to the Attorney General from any denial contained herein. Appeals should be directed in writing to the Attorney General (Attention Freedom of Information Appeals Unit), Washington, D. C. 20530.

INTERNAL SECURITY, MISCELLANEOUS

Senstudy -75

This is to receive approval for submission of copies of documents requested by the U. S. Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. By letter dated 5/14/75 Senator Frank Church, Chairman of the above Committee, requested the Attorney General furnish documents including "all memoranda and other materials in the possession of the FBI pertaining to the activities of the IEC." (Appendix C, I, 14).

Mr. Kevin Maroney, Deputy Assistant Attorney General, Department of Justice, advised Supervisor Garnett T. Tunstall on 5/29/75 that the Department has made available to Senator Church's Committee all data contained in Departmental files on the IEC. Included in this material are work papers and final estimates prepared by IEC as well as communications between IEC and the Bureau. The only information remaining in Bureau files not already made available to the Committee consists of in-office memoranda. These memoranda fall into three general categories:
1. Those dealing with the origin and staffing of IEC,
2. Memoranda setting out requests from IEC for information from the Bureau and requests for approval to send such data to IEC and
3. Memoranda transmitting estimates and work papers of IEC which was the result of information furnished by the Bureau and other participating agencies.

These memoranda, without exception, show that the Bureau's participation in IEC was at the instruction of the Attorney General, its activities were legal and that the Bureau's contribution was substantial. It should be noted that the memorandum M. A. Jones to Mr. Bishop dated 11/25/70 captioned

TO : Mr. J. B. Adams   DATE: 6/10/75

FROM : Legal Counsel JAM

SUBJECT: SENATE SELECT COMMITTEE

On 6/9/75, Mr. K. William O'Connor telephonically advised me that the Committee is interested in information concerning certain electronic surveillance coverage instituted at the request of the White House concerning seventeen individuals. Mr. O'Connor said that he understands that a letter was addressed to the White House by the Bureau furnishing copies of documents that summarized the information available to the Bureau concerning the alleged seventeen wiretaps. Mr. O'Connor requested that he be briefed concerning this matter in order for him to discuss the Committee's requests.

It appears that Mr. O'Connor may be referring to a letter dated July 23, 1974, that was addressed to Mr. George P. Williams, Associate Counsel to the President, at the White House. A memorandum was addressed to the Attorney General also dated July 23, 1974, captioned "Electronic Coverage Placed At The Request of the White House," which advised the Department that pursuant to the authorization of the Deputy Attorney General certain documents had been furnished to Mr. Williams at the White House.

RECOMMENDATION:

That the Intelligence Division identify the materials involved in Mr. O'Connor's request and provide him with an appropriate briefing.

UNITED STATES SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Attached herewith in 14 bound volumes are excised copies of Exhibits A through E of the Department report of FBI Counterintelligence Program (Cointelpro) activities, prepared by the committee chaired by former Assistant Attorney General Henry E. Petersen.

These exhibits are individual write-ups prepared by the FBI of each proposed action in the Communist Party, Socialist Workers Party, White Hate, Black Extremist, and New Left Cointelpros.

In my letter to you dated April 21, 1975, I recommended against release of these exhibits to the Senate Select Committee as they are internal work papers which were prepared as a part of the deliberative process for an in-house Department investigation. I strongly object to the release of these exhibits. In the event you deem it necessary to release these exhibits to the Senate Select Committee, I request the enclosed copies, which have been excised in an attempt to avoid intrusions upon individuals' right of privacy and compromise of sensitive investigative techniques and sources, be made available.

SUBJECT: INTERVIEW OF MRS. DOROTHY SKILLMAN
6/4/75
SENSTUDY 75

On 6/4/75, Mrs. Dorothy Skillman, former Executive Assistant to Mr. Clyde Tolson, was interviewed by Mr. Mark H. Gittenstein and Miss Mary Deoreo of the Senate Select Committee Staff. Mrs. Skillman was escorted to the interview by former Assistant to the Director John P. Mohr who remained outside the interview room during the interview. Prior to the interview, Mrs. Skillman was met by SA L. F. Schwartz at which time she advised that she had been advised by Mr. John Hotis, Office of Legal Counsel, that the interview was to be concerning Mr. Hoover's Official and Confidential (OC) files and that if questions came up during the interview on other matters which might impinge on sensitive sources and methods, current Bureau investigations, etc., she was free to request an interruption of the interview to consult with Mr. Schwartz.

The interview of Mrs. Skillman commenced at 2:30 p.m., and it was terminated at approximately 4:30 p.m. On only one occasion toward the end of the interview, Mrs. Skillman asked to consult with Mr. Mohr and Mr. Schwartz. She advised that the interviewers had asked her concerning her knowledge of what might have been in certain cartons which were reportedly stored in the recreation room area of the late Director's residence. Mrs. Skillman stated that she thought these cartons contained many of the gifts and mementos that had been collected by Mr. Hoover over a period of years. After consulting with Mr. Mohr, she realized that she knew this only from comments that had been made to her by Mr. Mohr and had no firsthand knowledge of the contents of the cartons. On Mr. Mohr's advice, she advised the interviewers that she had no firsthand knowledge of what was in the cartons but that she knew that Mr. Mohr was aware of what was in them because he was present when the appraisers of Mr. Tolson's estate inventoried the entire house including these cartons. At the conclusion of the interview, Mr. Gittenstein commented to Mr. Mohr that he might have further questions to ask him concerning the contents of the cartons but would probably handle that by a telephone call to Mr. Mohr.

After the completion of the interview, Mrs. Skillman advised Mr. Mohr and Mr. Schwartz that the interviewers had asked her a great number of questions concerning her knowledge of the OC files which she said was very limited, the layout of Mr. Hoover's house and the work that Mrs. Skillman and Miss Gandy had done at the residence subsequent to Mr. Hoover's death. She stated that the interviewers were quite courteous and in no way antagonistic. Mr. Mohr requested Mrs. Skillman to type up an informal memorandum concerning the interview and he indicated that when this was done, he would provide a copy to the Bureau.

Hon. Donald C. Alexander
Commissioner, Internal Revenue Service

Washington, D. C. 20224

Dear Commissioner Alexander:

The Committee appreciates your letter pledging the full cooperation and assistance of the Internal Revenue Service in the work of the Senate Select Committee on Governmental Operations With Respect to Intelligence Activities. We also appreciate your forwarding the draft resolution which would authorize the Committee to review any "tax-related information" which may fall within the purview of its responsibilities. Such a resolution is being put forward.

In an effort to expedite the Committee's inquiry into the intelligence functions of the Internal Revenue Service, the Committee asks your cooperation and assistance in furnishing the material and information sought in the enclosed "First Request for Documents from the Internal Revenue Service" and "First Interrogatories to the Internal Revenue Service". It is the Committee's desire that most of the material and information requested be provided by May 30 and the remainder very shortly thereafter. We also request that you provide the answers and documents as they are compiled rather than holding those which are initially compiled until May 30.

In the near future, the Committee's Chief Counsel will be in touch with your General Counsel to work out the mechanics of delivering the requested documents and interrogatory answers and to arrange for close liaison between the Committee's staff and the Internal Revenue Service personnel with whom the staff will wish to meet.

While we recognize that the enclosed requests are substantial, they reflect the broad mandate given to the Committee by the Senate. We believe that it is in the national interest that we perform our

work under that mandate both expeditiously and thoroughly. Of course, for us to proceed expeditiously, it is necessary to obtain prompt cooperation from the Executive agencies involved. We are hopeful that with your continued cooperation the end result of our joint efforts will meet the Committee's responsibilities to the Congress and to the American people.

Sincerely yours,

HOUSTUDY 75

By memorandum F. B. Griffith to Mr. Bassett captioned "Senstudy 75" dated 2/6/75, you were advised that "Senstudy 75" is the code word for the control file (62-116395) containing all communications relating to the Senate Select Committee's (SSC) investigation and study of Governmental operations with respect to intelligence activities.

In mid-February, 1975, the House of Representatives created a Select Committee on Intelligence Activities which will have virtually the same jurisdiction and responsibilities as the above SSC. To date, practically all our work has been related to the SSC and only very recently has the House Select Committee (HSC) made any efforts to commence staffing.

As it appears, we can expect in the near future requests from the HSC similar to that already received from the SSC and in order to facilitate the administrative handling and retrieval, where necessary, of HSC requests and this Bureau's response to same, the code word "Houstudy 75" is being assigned to the control file (62-116464) containing all communications pertaining to the HSC and related matters.

SUBJECT: SENSTUDY 75

The purpose of this memorandum is to advise that the Bureau has been requested to again make available Newark office secretaries, Mary Ann Massa and M. Ann Mierzejewski for interview by captioned Committee and that the Department and White House had instructed that they not be made available until such time as the Committee decides to allow Bureau representatives to be present during interview.

By way of background, you will recall that these employees were released from the Employment Agreement and were made available for interview on May 20, 1975, by captioned Committee. However, the Department in objection stated that they were desirous that a Bureau representative be present during the interview. The topic of the interview was to have been their duties and responsibilities during the period of July to September, 1964, in connection with the Democratic National Convention, Atlantic City, New Jersey. Ultimately, neither the Department nor the White House could reach agreement concerning the interviews and the employees did not submit to interview.

On June 3, 1975, Michael Epstein, staff member of captioned Committee again requested these employees be made available for interview on June 5, 1975, at 10:00 a.m. The scope of the interview would be the responsibilities and duties performed during the period of July to September, 1964, in connection with the Democratic National Convention in Atlantic City, New Jersey.

Mr. Epstein classified the interview as an "abuse" type and agreed to allow agents to be available but not present during interview.

On June 3, 1975, K. William O'Connor, Special Counsel to the Deputy Attorney General for Intelligence Coordination, was advised of the request and of the fact that an agent could not be present during interview. He stated that the Department's position was that unless the Committee consented to allow Bureau personnel to be present, the interview would not go forth, and that he would advise Epstein and F. A. O. Schwarz, Chief Counsel of the Committee, of this decision.

Mr. O'Connor telephonically recontacted Special Agent Daly and advised that he discussed the matter with assistant to the Counsel ~~to~~ of the President, James A. Wilderotter. Wilderotter told O'Connor it was the White House position that these girls should not be made available for interview unless the Committee allows Bureau personnel to be present. Wilderotter stated these two employees had been cited as examples wherein the White House felt interviews should not be conducted without representatives of the particular agency or Bureau being present as they are service personnel. According to Wilderotter, Schwarz agreed to this position.

O'Connor telephonically contacted Special Agent Daly on June 4, 1975, at which time he advised that he had discussed the interview with Schwarz, Epstein, and staff member Mark Gitenstein, and they would hold in abeyance the request to interview the employees pending a review of documents the Bureau is making available concerning 1964 Atlantic City Convention as stated in the Committee's request of ~~June~~ May 14, 1975.

This memorandum is to advise of the scheduled appearance, under oath, of former Chief Postal Inspector Henry B. Montague before the full Senate Select Committee (SSC) in Washington, D. C., on 6/12/75.

On 6/4/75 Mr. Ron L. Jackson, Assistant Chief Inspector, U. S. Postal Service, advised Liaison Agent L.A. Crescioli that he was contacted this date by Mr. Montague who informed Jackson that he, Montague, was scheduled to appear before the full SSC on Thursday, 6/12/75. According to Jackson, Mr. Montague appeared to be very concerned about his appearance before this Committee. In fact, Montague requested that Jackson alert FBI Director Kelley to the fact that Montague will appear before this Committee. Montague did not indicate any specifics to Jackson as to why he was so concerned over his scheduled testimony before the Committee.

In the way of background, Montague was the Chief Postal Inspector from 1961 to the Spring of 1969, on which latter date Mr. William J. Cotter assumed the position of Chief Postal Inspector. Prior to 1961 Montague was the Inspector-in-Charge of the New York Division of the Postal Service. In the opinion of Mr. Jackson, Montague is a man of the highest integrity and most certainly is not involved in any wrongdoing. Jackson confidentially advised the Liaison Agent that it is his belief that Montague is so concerned about his appearance before the Committee because he may have to reveal certain agreements that prevailed in the past between the Bureau and the Postal Service concerning mail covers that have not been made public to date.

Jackson added that he personally has no knowledge of what agreements or understandings between the Bureau and the Postal Service that may be divulged by Montague. He emphasized that Montague did not divulge such data to him.

In conclusion, Jackson stated that Montague is in a retired status and has just returned from an extended vacation in the Mediterranean area. Montague did inform Jackson that the Committee has authorized Montague to be accompanied before the Committee by personal counsel; however, Montague has decided that he will testify alone and without personal counsel.

Dear Mr. Jones:

As you are aware, I have been concerned for some time about the nature of the Bureau's involvement in local law enforcement affairs. This concern has been heightened by my appointment to the House Select Committee to Investigate the U. S. Intelligence Community. In this light, I am requesting answers to the following questions concerning FBI activity in Berkeley:

1. What is the size of the contingent of agents in the Berkeley field office?
2. What are the functional responsibilities in the field office, and what are the percentages of agents involved in each, i.e., political, drug abuse, criminal, etc.?
3. What are the titles of the agents, and how do these relate to their involvement in category two?
4. What is the ethnic and sexual breakdown of the staff and agents in the Berkeley field office?

Honorable Ronald V. Dellums
House of Representatives
Washington, D. C. 20515

Dear Congressman Dellums:

This is in response to your letter dated May 28, 1975, sent to the Senior Resident Agent of the Berkeley, California, FBI Resident Agency.

To clarify your inquiries, it should be noted the Resident Agency at Berkeley, California, operates under the general supervision of the FBI's San Francisco Office.

There are currently nineteen Special Agents assigned to the Berkeley Resident Agency. All are white males. The function of a resident agency is to handle all FBI matters within its specific geographical territory. This includes criminal, security and applicant investigations. The FBI does not have primary jurisdiction regarding drug matters and does not conduct "political" investigations.

MAILED 7
JUL 15 1975
FBI

As a matter of policy, the FBI advises other governmental law enforcement agencies of matters coming to our attention which are within the investigative jurisdiction of those agencies. In some cases there is concurrent jurisdiction and a joint investigation may be conducted; however, local law enforcement agencies do not have access to FBI files. Representatives of private security agencies may be contacted from time to time in the course of discharging our official responsibilities just as any other citizens may be contacted. The FBI also utilizes the services of informants to develop information concerning matters within this Bureau's investigative jurisdiction; however, it would be inappropriate for me to discuss more specifically the number of such informants or the manner in which they are utilized.

Honorable Ronald V. Dellums

As I have already indicated, the FBI does not conduct "political" investigations, nor do we conduct "political surveillances." We do, of course, have a responsibility for conducting domestic intelligence investigations authorized under legislative enactments, Presidential Directives and instructions of the Attorney General. These matters relate to espionage, sabotage, treason, sedition, and other activities involving the internal security of the United States. The policies relating to such investigations are not made on an ad hoc basis by individual Agents or individual offices, but conform with broad policy applicable to all offices.

The FBI offers a variety of courses of instruction for law enforcement personnel throughout the United States, including such subjects as anti-sniper and survival training and special weapons and tactics, commonly known as "SWAT". The basic purpose of this training is to provide well prepared teams capable of resolving highly dangerous situations with a minimum of risk to innocent bystanders, the law enforcement personnel involved and the subjects of the investigation.

Enclosed is a newsclipping describing some of the training of our own personnel in this field. The article appeared on June 1, 1975, in the "Washington Star News."

Sincerely yours,

C. M. Kelley

Memorandum W. R. Wannall to Mr. J. A. Mintz 4/11/75 recommended that a draft of the proposed Memorandum of Understanding concerning clearance procedures for Staff Members of the captioned Committees be coordinated with Central Intelligence Agency (CIA) and other appropriate members of the intelligence community.

On 6/2/75 the draft Memorandum of Understanding was discussed by SA L. F. Schwartz with Mr. John M. Clarke, Associate Deputy, Intelligence Community Staff, and Mr. Donald E. Moore, Chairman, Security Committee, U. S. Intelligence Board, who advised that the draft had been reviewed by CIA and by the Security Committee on behalf of the intelligence community. They requested that the draft be revised in order to recognize the need for certain Staff Members to be cleared for access to compartmented information (a procedure already being followed by the Church Committee) and the desire of the Director of Central Intelligence (DCI) that it be made clear that the DCI will only offer his advice upon the request of the Committee Chairman and that in all cases the final determination as to clearance is the responsibility of the Committee Chairman.

UNRECORDED COPY FILED IN

Attached is a revised draft of the Memorandum of Understanding incorporating the changes proposed by Mr. Clarke and Mr. Moore which changes are underscored. Both Mr. Clarke and Mr. Moore were of the opinion that since Senator Church's Committee was already following the procedures outlined in the Memorandum of Understanding, and had completed the Committee Staff, it would be inappropriate to furnish a copy of the Memorandum of Understanding to Senator Church.

Reference is made to Legal Counsel memorandum to Mr. J. B. Adams, 3/12/75, and my memorandum, 3/25/75, both captioned as above.

By referenced memorandum dated 3/12/75, Legal Counsel recommended that the Intelligence Division (INTD) discuss with representatives of the Central Intelligence Agency (CIA) and other members of the intelligence community procedures for clearing staff members of captioned committees for access to classified information when questions as to the individual's trustworthiness have arisen in the course of the FBI's background investigation. Following such discussions, Legal Counsel recommended that a Memorandum of Understanding concerning these matters be prepared by the INTD which might be used by both Senate and House Committees.

By memorandum 3/25/75, the INTD submitted for approval a draft of a proposed Memorandum of Understanding concerning clearance procedures for staff members of captioned committees. Special Investigative Division disagreed with several features of our draft memorandum and has prepared a revised memorandum, which is attached for approval.

The INTD has coordinated this matter with the Special Investigative Division and interposes no objection to the text of the revised memorandum; however, it is suggested that consideration be given to adding the words "by the FBI" at the end of paragraph five on page one. Paragraph five, thus modified, would read: "Where there is a question of trustworthiness for access to classified information, the Committee Chairman will have the summary memorandum furnished to the Director of Central Intelligence (DCI) by the FBI."

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Mr. Adams memorandum to Mr. Callahan dated 3/7/75, captioned as above, copy attached, reported our conversation with Senator Church and Congressman Nedzi.

As indicated in Mr. Adams' memorandum, Congressman Nedzi asked that we prepare a memorandum of understanding to be approved by CIA, FBI, and the House Committee concerning investigative and clearance procedures for members of the Committee's staff. It appeared appropriate to us to coordinate a memorandum of understanding to be drafted for the House Committee with that to be drafted for the Senate Committee. Therefore, following our return from the meeting with Senator Church and Congressman Nedzi, I called Bill Miller and advised him of the request made by Congressman Nedzi for us to prepare a proposed memorandum of understanding. I asked him whether it would be possible for us to coordinate the language of that memorandum with the understanding that it will be drafted for use by the CIA, other members of the intelligence community, and the Church Committee. Mr. Miller said that the proposal to coordinate the memorandum was completely acceptable to him and he requested that the draft memorandum being prepared for Congressman Nedzi be furnished him for review and possible adoption as the memorandum to be used by the Senate Committee.

RECOMMENDATION:

That the Intelligence Division discuss this matter with representatives of CIA and other appropriate members of the intelligence community and prepare a draft memorandum of understanding that may be used by both House and Senate committees.

SUBJECT: SENATE SELECT COMMITTEE ON

HOUSE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES

On 3/7/75 Mr. Mintz and I called on Senator Church and his staff director, Bill Miller, to further discuss the procedures for investigating and clearing staff employees of the Committee, particularly where information might be developed raising a question as to the propriety of a clearance. It had previously been approved that the FBI would conduct the background investigations, furnishing the results to Senator Church, and after his determination that the individuals met the required criteria for access to classified information he would notify CIA of his determination and intent to employ the individual involved, at which time CIA would grant the necessary clearance based on the certification by Senator Church.

In discussions between CIA and FBI representatives, we raised the question as to whether CIA would review the results of the investigation prior to granting clearances and CIA representatives indicated they did not intend to and were reluctant to inquire of Senator Church as to whether they could be furnished the results of any investigations involving derogatory information.

In discussing this matter with Senator Church, I inquired whether he had any objection to our bringing to the attention of CIA any questionable cases in order that CIA representatives, who have the responsibility of granting the actual clearances, would be in a position to advise and counsel with Senator Church on those individual cases. He had absolutely no objection to this and, in fact, felt there should be an open communication between FBI, CIA and his Committee to insure that no one was appointed and cleared who did not measure up in every respect from a security standpoint.

I discussed with him the particular case of Stanley Rawson Sloan, the results of which I had brought for delivery to Senator Church. Sloan was

formerly employed by CIA and resigned in December, 1974, after his clearance for sensitive compartmented information had been lifted as a result of his marrying an alien. This marriage would not preclude him from clearance for access to lesser degrees of sensitive material but only for the more sophisticated clearances. Mr. Miller advised that Sloan had not been appointed and was not going to be appointed because of other reasons unrelated to a security clearance.

Senator Church indicated that he felt it would be wise to prepare a memorandum outlining our security clearance procedures and his staff would be glad to prepare such a document.

Following the meeting with Senator Church, Mr. Mintz and I dropped by to see Congressman Nedzi, Chairman of the House Committee, and delivered to him Mr. Kelley's letter congratulating him and offering him our complete cooperation. Chairman Nedzi stated that he was very appreciative of this offer and would consider Mr. Kelley's request to confer with him as an open invitation and as soon as things had shaken down he would be in touch with us.

We discussed with him the investigative and clearance procedures we were following with the Senate Committee and Chairman Nedzi agreed the same procedures should be followed with his Committee, including our making available to CIA any derogatory information which might be pertinent to a clearance determination. At first, he suggested that we send the results of our investigations to CIA before coming to the Committee but then concluded that it would be more appropriate for them to come to him first since some of the applicants under consideration would probably not be appointed. He specifically asked that we prepare a memorandum of understanding to be approved by CIA, FBI and himself.

I asked Mr. Nedzi whether he felt the formulation of his Committee would serve to trim down the number of requests for information being received from various House committees and it was his opinion that it would help in some instances; however, in others committee chairmen would pursue their own inquiries. He personally did not feel he had the clout nor the desire to try to preempt this area entirely for his Committee. He also stated he felt that CIA's problems had in the main been fully exposed and would soon be

of less concern, whereas the concern over domestic security policies of the FBI would undoubtedly be greater in the future. He expressed his appreciation for our cooperation and indicated he was striving for a responsible approach to the inquiry.

Following the meeting with Mr. Nedzi, Mr. Mintz and I agreed that it would be best for us to prepare a proposed memorandum of understanding concerning the investigative and clearance procedures for both Committees in order to try to insure uniformity, and Mr. Mintz will get in touch with Bill Miller to seek his concurrence in that regard. Our efforts will be coordinated with CIA and the proposed memorandum as drawn up will be submitted for the Director's approval.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

By memorandum dated 5-22-75 you were advised that former SA Robert Nichols had been contacted by Lester B. Seidel, staff member of captioned Committee, at which time Seidel attempted to arrange an interview of Nichols. Nichols was advised by Deputy Assistant Director Jack E. Herington of the provisions of Attorney General Order 501-73 pertaining to Departmental approval prior to furnishing information from Bureau files. He was also reminded that he had signed an employee agreement with the Bureau agreeing to maintain confidentiality of the information contained in Bureau files. He was advised if he requested, the Bureau would make available a representative to accompany him should he be interviewed by the Committee.

Former SA Nichols telephonically contacted SA Paul V. Daly of this Division on 5-28-75 and advised he had been recontacted by Mr. Seidel. Seidel requested and Nichols agreed to travel to Washington, D. C., on the morning of 5-30-75 for an interview at the Committee's offices. Nichols stated that Seidel indicated the scope of the interview would be concerning Martin Luther King, Stanley David Levinson, and related matters. Nichols was unable to advise whether this was to be a staff interview or an appearance for testimony purposes before an executive session of the Committee. He stated he was not told by Seidel that his appearance would be pursuant to a subpoena. Nichols requested that the Bureau make available a representative so that Nichols may consult with him during the interview if need be.

It was pointed out to Mr. Nichols that if he so desires, he could, of course, obtain the services of private counsel. He indicated it was his intention to arrive in Washington Thursday night, 5-29-75. He was requested to appear in the Office of Legal Analysis, Room 4513, at approximately 8:15 a.m. on the morning of 5-30-75 so that arrangements might be made to brief him by the Office of Legal Analysis and subsequently by the Intelligence Division. Nichols stated he would do so.

The Office of Legal Analysis is attempting to obtain from Committee representatives further information as to the circumstances and exact time of interview of Nichols.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

On May 27, 1975, James A. Wilderotter, Associate Counsel to the President, requested me and representatives of other agencies interested in the arrangements concerning interviews of witnesses by the Senate Select Committee to confer with him and Roderick Hills at 2:30 p.m. that date at the White House. Mr. K. William O'Connor, Deputy Assistant Attorney General, Inspector John B. Hotis and I represented the Department and the FBI. Roderick Hills and James A. Wilderotter represented the President's counsel; Bob Andrews represented the Defense Department; John Warner, General Counsel, CIA; Roy Banner, General Counsel of NSA, and Mr. Hyland from State Department as well as John Clark, Deputy to the Director of CIA, attended.

The purpose of the meeting was to discuss the latest version of proposed procedures to be followed by the Committee staff investigators during interviews of former and current employees. Roderick Hills presented a document (copy attached) which he described as a counteroffer by Frederick Schwarz, Counsel to the Committee. He called for general discussion of the document after indicating that he had discussed this matter with Mr. Schwarz at lunch on May 27th and felt that it was a workable document. I pointed out to Mr. Hills that the document provides that there would be notice to the agencies of the identity of witnesses at reasonable time prior to interviews or taking of sworn testimony except where "the committee or its appropriate delegee" determines that prior notice should not be given. I told him that I was concerned that that provision would be used by the Committee staff to permit individual staff investigators to make that determination and I was confident they would do so.

Mr. Hills was reluctant to seek a modification of the language indicating that he had an understanding with Mr. Schwarz that the authority would be limited to the senior counsel and to members of the Committee. I told Mr. Hills I would request that the language be modified in writing so that the authority would be conferred on specific representatives of the Committee to avoid having staff authority which I thought would be abused. Mr. Hills finally agreed that the language would be modified so that the authority would be available only to both Committee senior counsel and/or a combination of senior counsel and a Committee member. Further, the language would be modified to require that the determination that an agency would not be given prior notice of a pending witness interview would be recorded in writing for the Committee's records.

I asked Mr. Wilderotter and Mr. Hills whether this agreement was to be made between the staff and the agencies or whether it in fact would be accepted by the Committee. After some discussion, we were advised by Mr. Hills and Mr. Wilderotter that the document would be submitted to the full Committee for their approval and incorporated into the Committee's records.

I pointed out that I believed it was necessary for the understanding to be made between the Committee and the Executive in order for there to be some basis for restraining Committee staff investigators who may not be inclined to follow the rules.

Other proposed changes discussed would require the Committee representative to furnish to a witness a copy of the Committee's rules which includes advice concerning the right to counsel and a copy of the proposed guidelines for witness interviews.

I recommended that the guidelines be expanded to address the problem of existing secrecy agreements with former and present employees and the procedural problem involved in Attorney General Order 501-73 which requires prior Departmental approval in order for a witness to respond to a subpoena. As a result, Mr. Wilderotter advised on the morning of May 28, 1975, that he would recommend the addition of a sentence in the opening paragraph that would indicate the guidelines would not be understood to impair the constitutional rights of individual witnesses, agency agreements with employees or former employees, existing Departmental orders or the Committee's own rules.

CONTINUED - OVER

Other minor changes were considered and an effort will be made to correct the language so that the agencies will be obliged to make reasonable efforts to comply with all Committee requests instead of being required to furnish "all information" absolutely.

Mr. Wilderotter advised on the morning of May 28th that the comments described above will be discussed with Frederick Schwarz in an effort to finally resolve this matter.

OUTLINE FOR INQUIRY PROCEDURES

It is hoped that these voluntary guidelines will permit the Select Committee investigation to proceed without undue delay, but it is also recognized that these guidelines do not cover all points or anticipate all problems and that, therefore, either the Select Committee or some agency under investigation may have reason not to follow these suggested guidelines.

Also, it is recognized that this outline is without prejudice to the respective legal positions of the agencies and the Select Committee as to the production of specific information by way of documents or testimony. Not to impair Const. rights of ind. witness, agency rules or agreements, comm. rules.

A. Classification of Interviews/Preliminary Testimony

The parties to this investigation by the Select Committee recognize that interviews/preliminary testimony to be conducted by the Committee staff will generally be of two separate and distinct natures.

(1) Those primarily seeking information concerning (A) the overall structure and functions of any agency or its relationship with other agencies or the Executive branch; (B) the substantive work being done by the agency, including the legal bases relied upon and the requisite approval levels for authorization; and (C) the capacities of each agency and the responsibilities to provide information for other governmental entities.

des 1 99. [illegible] comm

(2) Those primarily concerning specific allegations of agency or Executive branch abuses or other controversial specific matters where there is reason to believe improprieties may have occurred.

An agency representative will be present, as a general rule, at interviews/preliminary testimony in the first category for the purpose of assisting the Committee's investigation and facilitating the protection of information important to the national interest which is pertinent to the investigation. Similarly, as a general rule, agency representatives will not be present at interviews/preliminary testimony in the second category. The parties recognize, however, that for special reasons exceptions can be made in either case: i.e., when good reason exists, endorsed by the Select Committee, agency representatives may not be present for interviews/preliminary testimony falling under the first category, and for good and sufficient reason the agency may [seek to] have a representative present in the second category subject to the approval, of course, of the Select Committee.

B. Procedures to be Employed in Category (2).

When the Select Committee has identified a specific subject as a potential abuse or impropriety and has so notified the agency involved of its designation, that agency will, subject to the second sentence hereof, make [every effort] to provide the Select Committee

with all information and materials that it has on the subject. There will be a mutual effort by the Committee and the agencies to provide special handling techniques to convey or secure any particularly sensitive information or materials as appropriate.

In abuse or impropriety interviews/preliminary testimony, the following procedures will prevail.

(1) Witnesses will be identified to the agency a reasonable time prior to interviews or taking sworn testimony. This general rule includes current employees, former employees or others who have or have had a relationship with the agency.

Exceptions

~~Written record~~ of dec'n

A. Where the Committee or its appropriate delegee ~~by written doc~~ stet believes that prior identification of a witness could adversely affect the witness' willingness to be interviewed or to be forthcoming, or could otherwise hinder the investigation, such prior notice ~~by written authorization~~ will not be given, but in such cases the agency shall be given a general indication of the points or areas to be covered to the extent that is feasible without undercutting the reason for not providing prior notice in the first instance. Delegees shall consist of both Comm. senior counsel or a comb of senior counsel and committee member.

B. In certain cases, the Committee might notify the agency, if the agency agrees not to contact the witness before his appearance. The agency could identify for the Committee special security matters concerning prospective witnesses and provide information on how to locate a witness.

(2) When the Committee contacts a witness, it will explain the security and other arrangements between the Committee and the agency, as well as serve the witness a copy of these ground rules and a copy of the Committee rules. If the witness wishes to consult with the agency prior to his appearance, the Committee will not discourage or seek to interfere with that desire in any way and will help the witness contact the agency representative.

(3) Whenever they are not present at interviews or the taking of sworn statements, agency representatives will be available for consultations regarding the handling of special security matters.

(4) Whether or not an agency has notice of an interview or sworn statement, the Committee will inform the agency of the general substantive points covered as soon as possible thereafter, unless disclosure of the substance of a particular interview would make discernible the identity of a confidential source. In such cases, the Committee shall, to the extent feasible without undercutting that decision, notify the agency in general terms of the points or areas covered, and the fact that it has interviewed a witness on such matters.

(5) Whenever an agency receives prior notice of a particular interview or taking of a sworn statement, it will also be notified

of the general subject areas and periods of employment in which the Committee is primarily interested. The agency will then check the subject's personnel history file and advise the Committee of any exceptionally sensitive aspects of the subject's employment or activity which require special handling.

(6) If because of concern about security of sensitive information, a witness feels unable to give a responsive answer to a particular question, the witness shall so indicate to the interviewer. The questioner and witness may then consult with the agency representative with respect to an appropriate response which will facilitate the provision of pertinent information and its protection. These matters should be worked out forthwith and ordinarily before the close of the interview/testimony session.

(7) The Committee is responsible for providing special handling of interview notes and other working notes in a manner which will protect sensitive material. At the conclusion of the Committee's inquiry, the Committee will consult with the agencies concerned regarding the appropriate disposition of any such notes which have not been destroyed following the preparation of finished Committee documents. The agencies will indicate which of these notes it feels are too sensitive to be stored under the Archives

arrangement being established for the general disposition of the Committee's working papers and non-public reports.

Alan G. Sentinella

May 21, 1975

The following represents the writer's recollection of testimony given this date before the Senate Select Committee (SSC) pursuant to subpoena. The session commenced at 10 a.m. 5/21/75 in Room 607, former Caroll Arms Hotel. Present was Senator Robert Morgan (North Carolina); Lester B. Seidel, Staff Member; Mr. Jack Smith, Staff Member; Mr. John Bailey, Assistant Minority Counsel, and a male reporter. Senator Morgan placed the writer under oath. Approximately four or five minutes later Senator Morgan excused himself with a general statement to the effect he had other pressing matters. The entire proceedings with only two exceptions were conducted by Lester B. Seidel.

Seidel explained the writer was entitled to counsel, had the privilege of invoking provisions of the Fifth Amendment, and would have the privilege of making an opening and closing statement. Seidel inquired whether the writer understood his rights and the Committee's rules and regulations, a copy of which he had made available.

The writer acknowledged receipt of the Committee's rules and regulations as furnished by Seidel at 9:31 a.m. 5/21/75. He also acknowledged he had been informed of the right to counsel but inasmuch as this Committee was not understood

to constitute a grand jury and in the absence of any charges or allegations of a violation of law on his part, he did not insist on the presence of counsel.

Seidel was advised that as a former Special Agent the writer had contacted the Bureau's Legal Counsel Division and as of this date had been advised by Mr. Paul Daly thereof that he had been cleared by the Attorney General (AG) to testify to matters relating to investigation of Martin Luther King, Jr., Southern Christian Leadership Conference (SCLC), and Stanley Levison.

Seidel was advised that during his interview of the writer in Atlanta, Georgia, on 5/12/75 he had asked a question as to how long after the assassination of King did the telephone surveillance continue on the King residence. On 5/12/75 the writer responded it was his recollection this coverage continued until a short time subsequent to the assassination. Following that interview, the writer recalled that either shortly before or shortly after that case was assigned to the writer, the King family had moved from one residence to another and that continuation of the telephone surveillance from the former residence to the latter one was not authorized. Secondly, Seidel on 5/12/75 had asked when the King and SCLC cases were

assigned to the writer, the writer recalled such assignment was in the early part of 1965; that it was now the writer's recollection this assignment was made in May, 1965.

"Set forth below are questions asked by Seidel (unless otherwise indicated) and the writer's answers. These questions and answers are not set forth chronologically.

"Q. Why was continuance of the telephone surveillance not continued to the Kings' new residence?

"A. Continuance was not authorized by the AG.

"Q. What telephone surveillance was there conducted by Atlanta of Stanley Levison?

"A. There was no such coverage per se only such as afforded by contacts made of King or members of the SCLC staff by Levison.

"Q. Was there telephone surveillance of Levison in New York?

"A. Any contacts of King by Levison while in New York would have been covered.

"Q. Did the New York Office maintain telephone surveillance of Levison?

"A. I do not directly know.

"Q. During the Atlanta interview you indicated you had read New York reports concerning Levison. Is that correct?

A. Yes.

Q. During Atlanta interview you indicated you presumed these reports set forth information concerning Levison from a telephone surveillance. Is that correct?

A. Yes.

Q. What was the basis for your presumption?

A. The appropriate administrative portion of such report would have so indicated.

Q. What evidence of CP connections did your investigation develop concerning Levison?

A. None.

Q. What information did you have establishing CP connection re Levison?

A. Such information as was set forth in what was then referred to as a characterization of Levison. Such characterization was a part of each report submitted to the Bureau.

Q. What was the nature of this characterization?

A. I do not remember the precise language. It is my recollection the statement was brief and set forth information establishing past and/or present CP affiliation by Levison.

Q. Where did you obtain this characterization?

A. A characterization of an individual or organization at that time was prepared by the field office concerned, submitted

to Bureau Headquarters for its approval, and such was made available to offices having a need-to-know this information.

See attached pages ITEM II

Q. What was the source of this information regarding Levison.

A. I do not recall that I was ever apprised thereof. A characterization would not indicate the source of the information, unless public source information was utilized, otherwise the reliability or lack thereof of the source or sources would be indicated but not their identity.

Q. What prompted you today to amend your answer on May the 12th '75 as to how long telephone surveillance continued on the King residence? Did you seek the advice or an answer from someone?

A. Only to the extent that subsequent to May the 12th I conferred with a former Agent, Charles Harding. Prior ~~to that time which~~ thereto it had concerned me, that my initial answer to that question for some reason did not impress me as being completely correct. I mentioned this to Harding and he informed me that my answer was incorrect and mentioned the change in the King residence and the fact coverage had not been thereafter authorized. When he informed me of this I immediately recalled the change in residence which previously had escaped my memory.

Q. Why would Harding know this information?

A. For a period of time he was in a supervisory capacity.

Q. Was he in a supervisory capacity when the change in residence was made?

A. He was in a relief supervisory capacity at that time.

Q. Why did you rely on Harding's recollection? Is his recollection better than yours?

A. I am not suggesting his recollection is better or worse than mine. What he said to me merely served to jog my memory upon which I based my earlier statement today.

Q. You recall when I interviewed you in Atlanta most of my questions were taken from prepared notes.?

A. Yes.

Q. You recall that I told you that I would make notes during the interview in order that I might later refresh my recollection as to your testimony.?

A. Yes, and Mr. Seidel, you recall that I did not take any notes (to which he answered in the affirmative).

Q. Did you make any recording of that interview at the time?

A. I did not.

Q. Did you make any subsequent written recording of the interview?

A. Yes, I did so for my personal information.

Q. Is such writing available to this Committee?

A. I consider it a personal item for my personal use. I realize that you have the perogative of subpoenaing it. In the absence thereof, I prefer not to make it available.

Q. How long after King's assassination did the telephone surveillance of SCLC continue?

A. I cannot be certain. It continued for a period of time which may have been one, two, possibly three months. I simply do not remember.

Q. Who handled SCLC and Levison case after you left the Bureau?

A. Richard Hamilton.

Q. When did he assume these cases?

A. I cannot recall precisely. I am not even sure whether they had been administratively reassigned to him prior to my departure.

Q. Who else besides Stanley Levison was in contact with King who you understood to have some type of CP connections?

A. There was Hunter Pitts O'Dell, Bayard Rustin, and Harry Wachtel.

Q. Hunter Pitts O'Dell, the same as Jack O'Dell?

A. Yes, he was.

Q. What evidence of CP connections or domination by Moscow of O'Dell, Rustin, Wachtel, did your investigation develop?

A. It did not develop any such information.

Q. How did you know of what~~ever~~ their CP affiliation may have been?

A. In the same manner as in regard to Levison.

Q. What investigation did Atlanta conduct of O'Dell, Rustin, and Wachtel?

A. There was no active ongoing investigation conducted of these individuals other than during such periods when they were in contact with King or members of SCLC.

Q. Was Coretta King ever the target of an electronic surveillance?

A. Not to my knowledge beyond such coverage as might have occurred from the telephone surveillance when it applied to the King residence or on such occasions when she might have been present in SCLC headquarters.

Q. Do you know when the telephone surveillance of King and SCLC were initiated?

A. I did not have the cases at that time.

Q. Did you not learn of such information while you had these cases?

A. Yes.

Q. How?

A. From information in the appropriate file.

Q. What communication transpired between the Bureau and Atlanta relative to the initiation of these telephone surveillances,

airtels, letters, memoranda?

A. I am certain there were airtels, letters, possibly teletypes in the file.

Q. What was the ~~j~~gist of such communications?

A. Advisement that such installation had been authorized, instructions to initiate the coverage.

Q. Who installed the surveillances, Al Miller; was he not a technician, a wireman?

A. Your answer to that question is not entirely correct. Alden Miller was an Atlanta Agent who had certain technical ability. It is my recollection the surveillance was installed by an Agent who was not from the Atlanta Office. I do not remember his name.

Q. Did you monitor any of these surveillances?

A. No.

Q. Did you monitor any such surveillance during this period of time?

A. Yes. I recall on two occasions filling in for another employee in connection with telephone surveillance of the headquarters of the Student Nonviolent Coordinating Committee. I did not monitor the King or SCLC telephone surveillance.

Q. What was the nature of the investigation of SNCC?

A. To determine communist influence of that organization.

Q. What is your recollection of the Bureau's efforts to influence any political campaign.

A. I have no such recollection.

Q. What about efforts to disrupt the political campaign of Senator Andrew Young?

A. I do not know of any such efforts. It's my recollection that Andrew Young did not become actively involved in politics during the period of time with which we are concerned. ← SEE ITEM I. of attached pages

Q. Did a former Bureau official William Sullivan visit Atlanta during this period?

A. There were two Sullivans in an official capacity with the Bureau.

Q. William Sullivan, who was formerly connected with intelligence matters at the Bureau. Did you ever meet him?

A. Yes. I met him on several occasions during the 1950s. I do not recall any contact with him during the period with which we are presently concerned.

Q. After you received the King, SCLC, and Levison cases, what did Mr. Bob Nichols do?

A. Shortly thereafter he was transferred as a Resident Agent to Valdosta, Georgia.

Q. Can you give an example of such reference?

A. There is only one particular conversation that comes to mind at the moment and I have no recollection with whom the conversation was held; during which reference was made to a wonderful sermon they had preached together on somebody's kitchen floor.

Q. Kitchen floor?

A. Yes.

Q. What surreptitious entry was made in respect to the King residence or SCLC headquarters?

A. During the period I was concerned with these cases there was none.

Q. Supposing an Agent wanted some item from either location to use against King or SCLC. Would he not have made a surreptitious entry to obtain it?

A. No such entry was made at any time to my knowledge. I say this very firmly because the Bureau policy before the late 1950s concerning such a technique had changed.

Q. (By Jack Smith) What do you mean by saying this policy had changed?

A. During my period with the Bureau, from the beginning, such activity had to be approved by the Bureau, With reference to the period of time when the policy ~~had~~ changed it changed to the extent that obtaining authority therefore was virtually impossible.

Q. Prior to 1965 in what way were you involved in any surreptitious entry?

A. Mr. Seidel, as I stated earlier I have been informed that I was released by the AG to testify before this Committee concerning King, SCLC, Stanley Levison, and matters related thereto.

Q. Did you develop any information establishing CP connection on the part of King?

A. Not beyond his affiliation with Levison and the other individuals previously mentioned.

Q. What was the objective of the investigation of King and SCLC?

A. To determine possible communist influence of King and SCLC.

Q. If, as you state, you did not develop information that King was a communist, was not this investigation in vain?

A. Not in my opinion. It is correct it did not establish that King was a CP member. It did establish that he was in contact with individuals then having past or present CP affiliation which was the objective of the investigation. See ITEM III of attached pages.

Q. Do you remember during 1963 King alleged that Bureau Agents were not responsive to civil rights ~~complications~~ Complaints in the vicinity of Albany, Georgia, and other South Georgia locations?

A. Yes, I recall news media information concerning such allegations.

Q. In response to these allegations by King, do you remember that Mr. Hoover became very concerned with King's allegations?

A. Yes. I definitely remember the news media indicating that Mr. Hoover was extremely upset.

Q. You have stated you were assigned to King and SCLC case in May, 1965, is that correct?

A. Yes.

Q. You previously stated these cases were initiated 12 months or perhaps a little longer prior to your receiving them. Is that correct?

A. Yes.

Q. Was there not then a connection between Director Hoover's concern with King's statements in 1963 regarding lack of attention to civil rights matters in South Georgia by the Bureau and the initiation of the investigation of King and SCLC?

See ITEM IV of attached pages

A. ~~Yes.~~ I did not discuss that matter with Mr. Hoover or with any Bureau official.

Q. Do you deny there was any such connection?

A. I cannot deny that there might have been such a connection. This was a situation in which I recall the news media on more than one occasion suggested such to be the case.

Q. From 1965 until 1971 was there any electronic surveillance of any other individual or organization in addition to King, SCLC, and SNCC?

A. To the best of my recollection there were none except as may have pertained to some strictly criminal investigations with which I had no connection.

Q. What about prior to 1965?

A. There was one concerning an individual or individuals having KLAN ~~King~~ connections believed to have been involved in an earlier church bombing, I believe in Birmingham, involving the death of several children.

Q. During our interview in Atlanta you stated you did not have any contact with members of the news media or clergy regarding King or SCLC. Is that correct?

A. Yes, I did not have any such contact.

Q. What discussion was had with members of the Atlanta Police Department concerning King, SCLC, and Levison, and what was the extent of their electronic coverage regarding these matters?

A. During the period of time I was concerned with King, SCLC, Levison, I had no discussion with any member of the Atlanta Police Department concerning these matters. Bureau instructions regarding these matters ~~or~~ were that any discussion was on a strictly need-to-know basis and I have absolutely no recollection that members of the Atlanta Police Department fitted into this category.

I do not have any knowledge as to what electronic surveillance may ever have been conducted by the Atlanta Police Department.

Q. While in Atlanta you were assigned to what was referred to as the Security and Racial Squad, is that correct?

A. That is correct.

Q. Essentially this squad was concerned with security matters, racial matters, is that correct?

A. Yes and it was also concerned with civil rights violations and election law violations.

Q. In regard to civil rights and election law matters, did you ever develop any information pertinent to the CP?

A. No.

Q. What Agents do you remember were assigned to that squad? Charles Harding, Arthur Murtagh?

A. Yes. Those two, Alden Miller, Richard Hamilton, Richard Davis, Donald Burgess, Randall McGough, Timothy Dorsch, Charles Haynes.

Q. Who monitored the King and SCLC surveillance?

A. A number of different gentlemen, some of whom were periodically transferred.

Q. Who were some of those?

A. Donald Burgess, Richard Davis, Brian O'Shea, now deceased.

Q. Who served in a supervisory capacity before Charles Harding?

A. Henry Rouse.

Q. Where is he now?

A. I understand he retired, I do not know where he is located.

Q. What was your involvement with the Bureau's program referred to as COINTELPRO?

A. Mr. Seidel, as I endeavored to explain on May 12, your use of that particular terminology did not register with me at all.

Q. Recently testimony was given be one or more Bureau officials indicating this program began during the late 1950s and continued to a fairly recent date. Did not your reports regarding King, SCLC, or Levison include in their caption COINTELPRO?

A. It is not my recollection that they did.

Q. What about a Klan organization?

A. I did at various times handle investigations concerning individual Klan members. I did not handle the Klan as an organizational matter. It is my recollection that in reporting on the activities of an individual Klan member the character of the case would have been indicated as Ku Klux Klan - Racial Matter.

I feel compelled to apologize if I appear particularly dense as to the utilization of this phrase COINTELPRO. If it was a program operating over a period of years the only explanation I can offer at this moment is that conceiably some field offices other than Atlanta were initially involved therein. If this was the case, Atlanta may well have been included therein subsequent to my departure.

Q. (John Bailey) When the telephone surveillance was discontinued on the King residence and on SCLC who took care of that.

A. I do not know.

THIS WOULD READ BETTER IF MOVED TO PAGE 19

It should be noted the Committee took a five minute break approximately 12:05 to 12:10 p.m. after which questioning continued.

Following a few very general concluding comments by Seidel, the writer was given the opportunity to make a statement. At this point Seidel was advised it was the writer's understanding that the procedures of this Committee provided for a witness to subsequently have opportunity to review the transcript thereof, and that the writer would like to avail himself of this opportunity. Inquiry was made as to whether this could be accomplished via registered or certified mail to preclude unnecessary expense to the Government.

Seidel responded at some length referring to (Section 6b?) of the Committee's rules and regulations which permitted

such review in the Committee's office. Any expense thereof to be borne by the witness. He explained it was not his perogative to amend the Committee's rules and regulations.

The writer apologized for asking the question and assured Mr. Sidell he was not asking him to make any changes. He submitted that had he been furnished a copy of the Committee's rules and regulations for a period of time no longer than 29 minutes before this Committee convened, Had such been furnished at an earlier date it would not have been necessary to have asked the question.

The aforementioned session terminated shortly past 1 p.m.

Reference is made to the memorandum of this Bureau dated May 22, 1975, reporting a statement voluntarily furnished to the FBI by Mr. Alan G. Sentinella, a retired SA of the FBI. That statement concerned the interview of Sentinella by an SSC Staff Member on May 12, 1975.

Pursuant to a subpoena, Mr. Sentinella testified before an Executive Session of the SSC on May 21, 1975, after which he voluntarily furnished the FBI a statement concerning his testimony. Set out below is the verbatim text of that statement.

The session commenced at 10 a.m. 5/21/75 in Room 607, former Caroll Arms Hotel. Present was Senator Robert Morgan (North Carolina); Lester B. Seidel, Staff Member; Mr. Jack Smith, Staff Member; Mr. John Bailey, Assistant Minority Counsel, and a male reporter. Senator Morgan placed the writer under oath. Approximately four or five minutes later Senator Morgan excused himself with a general statement to the effect he had other pressing matters. The entire proceedings with only two exceptions were conducted by Lester B. Seidel.

"Seidel explained the writer was entitled to counsel, had the privilege of invoking provisions of the Fifth Amendment, and would have the privilege of making an opening and closing statement. Seidel inquired whether the writer understood his rights and the Committee's rules and regulations, a copy of which he had made available.

'The writer acknowledged receipt of the Committee's rules and regulations as furnished by Seidel at 9:31 a.m. 5/21/75. He also acknowledged he had been informed of the right to counsel but inasmuch as this Committee was not understood to constitute a grand jury and in the absence of any charges or allegations of a violation of law on his part, he did not insist on the presence of counsel.

"Seidel was advised that as a former Special Agent the writer had contacted the Bureau's Legal Counsel Division and as of this date had been advised by Mr. Paul Daly thereof that he had been cleared by the Attorney General (AG) to testify to matters relating to investigation of Martin Luther King, Jr., Southern Christian Leadership Conference (SCLC), and Stanley Levison.

'Seidel was advised that during his interview of the writer in Atlanta, Georgia, on 5/12/75 he had asked a question as to how long after the assassination of King did the telephone surveillance continue on the King residence. On 5/12/75 the writer responded it was his recollection this coverage continued until a short time subsequent to the assassination. Following that interview, the writer recalled that either shortly before or shortly after that case was assigned to the writer, the King family had moved from one residence to another and that continuation of the telephone surveillance from the former residence to the latter one was not authorized. Secondly, Seidel on 5/12/75 had asked when the King and SCLC cases were assigned to the writer, the writer recalled such assignment was in the early part of 1965; that it was now the writer's recollection this assignment was made in May, 1965.

~~CONFIDENTIAL~~

"Set forth below are questions asked by Seidel (unless otherwise indicated) and the writer's answers. These questions and answers are not set forth chronologically.

"Q. Why was continuance of the telephone surveillance not continued to the Kings' new residence?

"A. Continuance was not authorized by the AG.

"Q. What telephone surveillance was there conducted by Atlanta of Stanley Levison?

"A. There was no such coverage per se only such as afforded by contacts made of King or members of the SCLC staff by Levison.

"Q. Was there telephone surveillance of Levison in New York?

"A. Any contacts of King by Levison while in New York would have been covered.

"Q. Did the New York Office maintain telephone surveillance of Levison?

"A. I do not directly know.

"Q. During the Atlanta interview you indicated you had read New York reports concerning Levison. Is that correct?

"A. Yes.

"Q. During Atlanta interview you indicated you presumed these reports set forth information concerning Levison from a telephone surveillance. Is that correct?

"A. Yes.

"Q. What was the basis for your presumption?

"A. The appropriate administrative portion of such report would have so indicated.

"Q. What evidence of CP connections did your investigation develop concerning Levison?

"A. None.

"Q. What information did you have establishing CP connection re Levison?

"A. Such information as was set forth in what was then referred to as a characterization of Levison. Such characterization was a part of each report submitted to the Bureau.

"Q. What was the nature of this characterization?

"A. I do not remember the precise language. It is my recollection the statement was brief and set forth information establishing past and/or present CP affiliation by Levison.

"Q. Where did you obtain this characterization?

"A. A characterization of an individual or organization at that time was prepared by the field office concerned, submitted to Bureau Headquarters for its approval, and such was made available to offices having a need-to-know this information.

"Q. What was the source of this information regarding Levison?

"A. I do not recall that I was ever apprised thereof. A characterization would not indicate the source of the information, unless public source information was utilized, otherwise the reliability or lack thereof of the source or sources would be indicated but not their identity.

"Q. What prompted you today to amend your answer on May the 12th '75 as to how long telephone surveillance continued on the King residence? Did you seek the advice or an answer from someone?

~~FIDENTIAL~~

"A. Only to the extent that subsequent to May the 12th I conferred with a former Agent, Charles Harding. Prior thereto it had concerned me, that my initial answer to that question for some reason did not impress me as being completely correct. I mentioned this to Harding and he informed me that my answer was incorrect and mentioned the change in the King residence and the fact coverage had not been thereafter authorized. When he informed me of this I immediately recalled the change in residence which previously had escaped my memory.

"Q. Why would Harding know this information?

"A. For a period of time he was in a supervisory capacity.

"Q. Was he in a supervisory capacity when the change in residence was made?

"A. He was in a relief supervisory capacity at that time.

"Q. Why did you rely on Harding's recollection? Is his recollection better than yours?

"A. I am not suggesting his recollection is better or worse than mine. What he said to me merely served to jog my memory upon which I based my earlier statement today.

"Q. You recall when I interviewed you in Atlanta most of my questions were taken from prepared notes?

"A. Yes.

"Q. You recall that I told you that I would make notes during the interview in order that I might later refresh my recollection as to your testimony?

"A. Yes, and Mr. Seidel, you recall that I did not take any notes (to which he answered in the affirmative).

"Q. Did you make any recording of that interview at the time?

"A. I did not.

"Q. Did you make any subsequent written recording of the interview?

"A. Yes, I did so for my personal information.

"Q. Is such writing available to this Committee?

"A. I consider it a personal item for my personal use. I realize that you have the perogative of subpoenaing it. In the absence thereof, I prefer not to make it available.

"Q. How long after King's assassination did the telephone surveillance of SCLC continue?

"A. I cannot be certain. It continued for a period of time which may have been one, two, possibly three months. I simply do not remember.

"Q. Who handled SCLC and Levison case after you left the Bureau?

"A. Richard Hamilton.

"Q. When did he assume these cases?

"A. I cannot recall precisely. I am not even sure whether they had been administratively reassigned to him prior to my departure.

"Q. Who else besides Stanley Levison was in contact with King who you understood to have some type of CP connections?

"A. There was Hunter Pitts O'Dell, Bayard Rustin, and Harry Wachtel.

"Q. Hunter Pitts O'Dell, the same as Jack O'Dell?

"A. Yes, he was.

"Q. What evidence of CP connections or domination by Moscow of O'Dell, Rustin, Wachtel, did your investigation develop?

"A. It did not develop any such information.

"Q. How did you know of what their CP affiliation may have been?

"A. In the same manner as in regard to Levison.

"Q. What investigation did Atlanta conduct of O'Dell, Rustin, and Wachtel?

"A. There was no active ongoing investigation conducted of these individuals other than during such periods when they were in contact with King or members of SCLC.

"Q. Was Coretta King ever the target of an electronic surveillance?

"A. Not to my knowledge beyond such coverage as might have occurred from the telephone surveillance when it applied to the King residence or on such occasions when she might have been present in SCLC headquarters.

"Q. Do you know when the telephone surveillance of King and SCLC were initiated?

"A. I did not have the cases at that time.

"Q. Did you not learn of such information while you had these cases?

"A. Yes.

"Q. How?

"A. From information in the appropriate file.

"Q. What communication transpired between the Bureau and Atlanta relative to the initiation of these telephone surveillances, airtels, letters, memoranda?

"A. I am certain there were airtels, letters, possibly teletypes in the file.

"Q. What was the gist of such communications?

"A. Advisement that such installation had been authorized, instructions to initiate the coverage.

"Q. Who installed the surveillances, Al Miller; was he not a technician, a wireman?

"A. Your answer to that question is not entirely correct. Alden Miller was an Atlanta Agent who had certain technical ability. It is my recollection the surveillance was installed by an Agent who was not from the Atlanta Office. I do not remember his name.

"Q. Did you monitor any of these surveillances?

"A. No.

"Q. Did you monitor any such surveillance during this period of time?

"A. Yes. I recall on two occasions filling in for another employee in connection with telephone surveillance of the headquarters of the Student Nonviolent Coordinating Committee. I did not monitor the King or SCLC telephone surveillance.

"Q. What was the nature of the investigation of SNCC?

"A. To determine communist influence of that organization.

"Q. What is your recollection of the Bureau's efforts to influence any political campaign?

"A. I have no such recollection.

"Q. What about efforts to disrupt the political campaign of Senator Andrew Young?

"A. I do not know of any such efforts. It's my recollection that Andrew Young did not become actively involved in politics during the period of time with which we are concerned.

"Q. What about Julian Bond's campaign? Any effort to influence that?

"A. No. As I recall Bond was already a member of the Georgia legislature by 1964 or 1965.

"Q. What electronic surveillance was conducted of Bond?

"A. None to my knowledge beyond such coverage as may have resulted from coverage of SNCC with which Bond was affiliated.

"Q. In same manner a question was asked re other members of the Georgia legislature. My answer was that my only concern had been with former Governor Lester Maddox and my handling of the Civil Rights Act of 1964(?) case involving Maddox and his operation of the Pickrick restaurant.

"Q. Did a former Bureau official William Sullivan visit Atlanta during this period?

"A. There were two Sullivans in an official capacity with the Bureau.

"Q. William Sullivan, who was formerly connected with intelligence matters at the Bureau. Did you ever meet him?

"A. Yes. I met him on several occasions during the 1950s. I do not recall any contact with him during the period with which we are presently concerned.

"Q. After you received the King, SCLC, and Levison cases, what did Mr. Bob Nichols do?

"A. Shortly thereafter he was transferred as a Resident Agent to Valdosta, Georgia.

"Q. Was King given a nickname in the Atlanta Office?

"A. Yes.

"Q. What was it?

"A. "Zorro."

"Q. How did that come about?

"A. I believe that began with Mr. Nichols and just passed on down.

"Q. Why was that name selected?

"A. I do not know precisely.

"Q. Don't you have any idea?

"A. Yes.

"Q. What was the basis for it?

"A. As I remember, "Zorro" was either a television or movie character who carried a sword and therefore could be referred to as a swordsman.

"Q. What connection had this with King?

"A. The Reverend King participated in a number of extra-marital relations and therefore it seemed fitting that in the vernacular the reference swordsman applied to him.

"Q. What extra-marital activities were there?

"A. There were several women involved.

"Q. How do you know this?

"A. It was indicated on occasions by conversations.

"Q. How?

"A. By reference to a previous escapade with an individual or to one pending.

"Q. Can you give an example of such reference?

"A. There is only one particular conversation that comes to mind at the moment and I have no recollection with whom the conversation was held; during which reference was made to a wonderful sermon they had preached together on somebody's kitchen floor.

"Q. Kitchen floor?

"A. Yes.

"Q. What surreptitious entry was made in respect to the King residence or SCLC headquarters?

"A. During the period I was concerned with these cases there was none.

"Q. Supposing an Agent wanted some item from either location to use against King or SCLC. Would he not have made a surreptitious entry to obtain it?

"A. No such entry was made at any time to my knowledge. I say this very firmly because the Bureau policy before the late 1950s concerning such a technique had changed.

"Q. (By Jack Smith) What do you mean by saying this policy had changed?

"A. During my period with the Bureau, from the beginning, such activity had to be approved by the Bureau. With reference to the period of time when the policy changed, it changed to the extent that obtaining authority therefore was virtually impossible.

~~CONFIDENTIAL~~

"Q. Prior to 1963 in what way were you involved in any surreptitious entry?

"A. Mr. Seidel, as I stated earlier I have been informed that I was released by the AG to testify before this Committee concerning King, SCLC, Stanley Levison, and matters related thereto.

"Q. Did you develop any information establishing CP connection on the part of King?

"A. Not beyond his affiliation with Levison and the other individuals previously mentioned.

"Q. What was the objective of the investigation of King and SCLC?

"A. To determine possible communist influence of King and SCLC.

"Q. If, as you state, you did not develop information that King was a communist, was not this investigation in vain?

"A. Not in my opinion. It is correct it did not establish that King was a CP member. It did establish that he was in contact with individuals then having past or present CP affiliation which was the objective of the investigation.

"I cannot be certain - I may have briefly indicated here that it did not appear King was necessarily aware of the past or present CP connections of these persons.

"Q. Do you remember during 1963 King alleged that Bureau Agents were not responsive to civil rights complaints in the vicinity of Albany, Georgia, and other South Georgia locations?

"A. Yes, I recall news media information concerning such allegations.

~~CONFIDENTIAL~~

"Q. In response to these allegations by King, do you remember that Mr. Hoover became very concerned with King's allegations?

"A. Yes. I definitely remember the news media indicating that Mr. Hoover was extremely upset.

"Q. You have stated you were assigned to King and SCLC case in May, 1965, is that correct?

"A. Yes.

"Q. You previously stated these cases were initiated 12 months or perhaps a little longer prior to your receiving them. Is that correct?

"A. Yes.

"Q. Was there not then a connection between Director Hoover's concern with King's statements in 1963 regarding lack of attention to civil rights matters in South Georgia by the Bureau and the initiation of the investigation of King and SCLC?

"A. I did not discuss that matter with Mr. Hoover or with any Bureau official.

"Q. Do you deny there was any such connection?

"A. I cannot deny that there might have been such a connection. This was a situation in which I recall the news media on more than one occasion suggested such to be the case.

"Q. From 1965 until 1971 was there any electronic surveillance of any other individual or organization in addition to King, SCLC, and SNCC?

"A. To the best of my recollection there were none except as may have pertained to some strictly criminal investigations with which I had no connection.

CONFIDENTIAL

"Q. What about prior to 1965?

"A. There was one concerning an individual or individuals having Klan connections believed to have been involved in an earlier church bombing, I believe in Birmingham, involving the death of several children.

"Q. During our interview in Atlanta you stated you did not have any contact with members of the news media or clergy regarding King or SCLC. Is that correct?

"A. Yes. I did not have any such contact.

"Q. What discussion was had with members of the Atlanta Police Department concerning King, SCLC, and Levison, and what was the extent of their electronic coverage regarding these matters?

"A. During the period of time I was concerned with King, SCLC, Levison, I had no discussion with any member of the Atlanta Police Department concerning these matters. Bureau instructions regarding these matters were that any discussion was on a strictly need-to-know basis and I have absolutely no recollection that members of the Atlanta Police Department fitted into this category. I do not have any knowledge as to what electronic surveillance may ever have been conducted by the Atlanta Police Department.

"Q. While in Atlanta you were assigned to what was referred to as the Security and Racial Squad, is that correct?

"A. That is correct.

"Q. Essentially this squad was concerned with security matters, racial matters, is that correct?

"A. Yes and it was also concerned with civil rights violations and election law violations.

"Q. In regard to civil rights and election law matters, did you ever develop any information pertinent to the CP?

"A. No.

"Q. What Agents do you remember were assigned to that squad? Charles Harding, Arthur Murtagh?

"A. Yes. Those two, Alden Miller, Richard Hamilton, Richard Davis, Donald Burgess, Randall McGough, Timothy Dorsch, Charles Haynes.

"Q. Who monitored the King and SCLC surveillance?

"A. A number of different gentlemen, some of them were periodically transferred.

"Q. Who were some of those?

"A. Donald Burgess, Richard Davis, Brian O'Shea, now deceased.

"Q. Who served in a supervisory capacity before Charles Harding?

"A. Henry Rouse.

"Q. Where is he now?

"A. I understand he retired, I do not know where he is located.

"Q. What was your involvement with the Bureau's program referred to as COINTELPRO?

"A. Mr. Seidel, as I endeavored to explain on May 12, your use of that particular terminology did not register with me at all.

"Q. Recently testimony was given by one or more Bureau officials indicating this program began during the late 1950s and continued to a fairly recent date. Did not your reports regarding King, SCLC, or Levison include in their caption COINTELPRO?

"A. It is not my recollection that they did.

"Q. What about a Klan organization?

CONFIDENTIAL

"A. I did at various times handle investigations concerning individual Klan members. I did not handle the Klan as an organizational matter. It is my recollection that in reporting on the activities of an individual Klan member the character of the case would have been indicated as Ku Klux Klan - Racial Matter.

"I feel compelled to apologize if I appear particularly dense as to the utilization of this phrase COINTELPRO. If it was a program operating over a period of years the only explanation I can offer at this moment is that conceivably some field offices other than Atlanta were initially involved therein. If this was the case, Atlanta may well have been included therein subsequent to my departure.

"Q. (John Bailey) When the telephone surveillance was discontinued on the King residence and on SCLC who took care of that.

"A. I do not know.

"Following a few very general concluding comments by Seidel, the writer was given the opportunity to make a statement. At this point Seidel was advised it was the writer's understanding that the procedures of this Committee provided for a witness to subsequently have opportunity to review the transcript thereof, and that the writer would like to avail himself of this opportunity. Inquiry was made as to whether this could be accomplished via registered or certified mail to preclude unnecessary expense to the Government.

"Seidel responded at some length referring to (Section 6b?) of the Committee's rules and regulations which permitted such review in the Committee's office. Any expense thereof to be borne by the witness. He explained it was not his perogative to amend the Committee's rules and regulations.

"The writer apologized for asking the question and assured Mr. Seidel he was not asking him to make any changes.

CONFIDENTIAL

CONFIDENTIAL

He submitted that had he been furnished a copy of the Committee's rules and regulations for a period of time no longer than 29 minutes before this Committee convened. Had such been furnished at an earlier date it would not have been necessary to have asked the question.

"The aforementioned session terminated shortly past 1 p.m.

"It should be noted the Committee took a five minute break approximately 12:05 to 12:10 p.m. after which questioning continued."

On June 4, 1975, Sentinella advised the FBI of the following additional information concerning this matter.

Sentinella received a telephone call that day from Seidel who advised him that the transcript of Sentinella's testimony was near completion and that Sentinella would receive a letter advising him it was ready for Sentinella's review, but only in SSC space.

Seidel sought from Sentinella and was furnished names of some FBI personnel who had monitored technical surveillance on King during the pertinent period. Seidel sought information concerning who supervised the King investigation at FBI Headquarters, to which Sentinella replied that he did not know any specifics. Seidel referred back to information from Sentinella both during the original interview and during Sentinella's testimony and Seidel asked why Sentinella had discussed the matter with former FBI Agent Harding. It was Sentinella's reply that he sought Harding's help in order to rectify what he thought was a wrong answer given to Seidel during the initial interview.

1 - The Attorney General

NOTE: Original and one copy to the AG, copy for forwarding to James A. Wilderotter, Associate Counsel to the President. Information herein taken from Sentintella's verbatim statement which he voluntarily mailed to S. F. Phillips of the Senstudy 75 Project. The additional information Sentinella furnished 6/4/75 was telephoned by him to Phillips. On that occasion Sentinella also advised that Seidel had inquired of him that day as to whether he had discussed with Phillips the King case after arriving in Washington, D.C., and prior to testifying. Sentinella stated that he had not.

HUSTON PLAN AND RELATED DEVELOPMENTS

With reference to the information furnished by Dr. Joseph R. Smiley contained in the communication from the Special Agent in Charge, El Paso, to the Director of the FBI, dated May 8, 1970, your specific attention is directed to the restrictions placed by Dr. Smiley on the information furnished by him. On June 4, 1975, Dr. Smiley was recontacted, at which time he advised that under no circumstances would he testify in public to the information which he originally furnished to the FBI on a confidential basis. He further advised that under no circumstances would he reveal the identity of his contact in the Central Intelligence Agency referred to in the May 8, 1970, communication. He agreed to the release of the information in the May 8, 1970, communication to the SSC on a strictly confidential basis, for its use only and not for any further dissemination. Dr. Smiley stated he has no information other than that in the May 8, 1970, communication.

NOTE:

Concurrence to pass the 2/26/70 letter, with Secret enclosures, from Richard Helms, then Director of CIA, to J. Edgar Hoover, then Director of FBI, was obtained by Liaison Officer Leon F. Schwartz from Walter Elder, CIA on 6/10/75. The response to requests set forth in Appendix C, Part I, Item numbers 7 and 8 is being made in the same communication to avoid unnecessary duplication since the severing of liaison with CIA grew out of the RIHA matter.

O : DIRECTOR, F.B.I. February 12, 1970

ROM : SAC, DENVER

UBJECT: THOMAS RIHA

On the late afternoon of February 10, 1970, I was called by MIKE TODOROVICH, who is in charge of the CIA office here in Denver. TODOROVICH stated he has instructions from his Washington Office to contact Denver District Attorney JAMES MC KEVITT and tell MC KEVITT that CIA Agent JOHN D. FRITZ who is stationed in Boulder, Colorado, had told Dr. JOSEPH SMILEY, former President of the University of Colorado, that FRITZ had been told that THOMAS RIHA's disappearance was merely a marital matter and that RIHA was, in fact, all right. TODOROVICH then told me that FRITZ got this information from an FBI Agent in Boulder.

I told TODOROVICH to give me the name of the FBI Agent and he stated he would not do so. He then stated the FBI Agent told him, TODOROVICH the same thing. I again requested the name of the Agent. He again declined to give it to me. I very emphatically told TODOROVICH that until he gave me the name of the Agent who supposedly gave him and FRITZ this information, that I would not believe that either he or FRITZ had been given any information such as this by any Agent of this Bureau and this was based on the fact that no Agent would have any reason whatsoever to make such a statement since we had not conducted any investigation in this matter nor did we have any information concerning RIHA and, therefore, we would not be in a position to make such a statement as to whether or not RIHA was all right.

I then also pointed out to Mr. TODOROVICH that if he gave the information to Mr. MC KEVITT and advised Mr. MC KEVITT the information had come from an FBI Agent and if Mr. MC KEVITT contacted me I would certainly advise him that the information did not come from anyone in the FBI for the same reasons as set forth above.

I am enclosing, for the Bureau's information, an article which appeared in the February 11, 1970, issue of The Rocky Mountain News, a Denver newspaper. The article is captioned "Boulder housewife sure she talked to Riha."

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

Towards the end of the article it reports that MC KEVITT had received an official denial from "a Washington source" that any of the official agencies which have been named in connection with the RIHA case actually had any knowledge of where RIHA is now. The source, according to the article which MC KEVITT refused to identify, also said RIHA was not involved in espionage of any sort and that none of these agencies have ever told anyone in Boulder, Denver, or elsewhere that RIHA was alive and well.

The article points out the most frequently mentioned agencies have been the FBI, CIA, Military Intelligence agencies and the U. S. INS.

Also enclosed is an article which appeared in the Rocky Mountain News for February 12, 1970. This article is captioned "Riha case investigators' theories might be altered."

For the information of the Bureau, we only have two resident agents in Boulder, Colorado, and I have personally contacted each of them and each has assured me both verbally and by memorandum that they have not made such statements as were attributed to them by TODOROVICH. Not only that, neither of the two has ever had any contact personally or otherwise with JOHN D. FRITZ, the CIA representative in Boulder.

This information is being forwarded to the Bureau only for information in view of CIA's actions in connection with this matter.

1. Protests CIA re Todorovich's actions
2. Commends SAC re his handling of Todorovich.

Riha case investigators' theories might be altered

By ALAN CUNNINGHAM
Rocky Mountain News Writer

A Boulder woman's belief that she talked to Thomas Riha last March 17, as revealed Wednesday by the Rocky Mountain News, may have altered investigators' theories about what happened to the missing history professor and when it may have happened.

While avoiding specifics about their theories, Boulder police investigators expressed interest Wednesday in knowing more about the housewife's recollection that she telephoned Riha and carried on a 10-minute conversation with him shortly before noon that Monday, the day when he first failed to show up for his classes at the University of Colorado.

When told this by the News Wednesday, the woman said she would telephone the police department and volunteer her information.

Apparently, the woman's story proved startling to the two investigators who have been assigned fulltime to the Riha case, just as it did to many friends and neighbors of the professor, most of whom have said their last contacts with Riha were no later than the previous Thursday or Friday.

Phone survey

There has been speculation that whatever happened to him happened as early as that Friday night.

But the Boulder housewife, who was making a telephone survey at the time, told the News she is certain she talked to Riha on Monday, March 17.

She further insisted he seemed calm, relaxed and cheerful at the time.

If the woman is correct, police investigators conceded, it could well force them to revise their current theories about the case.

CIA agent

In another development, a Denver-based agent of the Central Intelligence Agency insisted the CIA has never been involved in any way with the case since Riha disappeared.

The agent, Michael M. Todorovich, insisted it hadn't been he who gave assurances to former CU president Joseph Smiley, Denver police chief George Seaton or other officials last spring that Riha was alive and well.

Such reported assurances, coupled with great reluctance on the part of these officials to elaborate on how they got them, have become the center of a major mystery in the strange case.

Todorovich further denied having discussed the matter with anyone, and stated emphatically that it "is entirely out of our jurisdiction."

Nevertheless, at least one official in the area is known reliably to have received his assurances from Todorovich himself.

Boulder housewife sure she talked to Riha

By ALAN CUNNINGHAM

Rocky Mountain News Writer

A Boulder housewife is certain she talked to Thomas ha on the telephone last March 17, the day he first led to show up for his history classes at the Univer- y of Colorado.

What is even more remarka- e than this, in the opinion of se who have been trying to down the exact date of ha's disappearance, is the man's insistence that Riha s cheerful, relaxed and inter- ted in chatting about a local litical issue.

The woman, who asks that she t be identified by name, has ld the News she was in the ocess of telephoning a list of ulder citizens last March, eking support for a proposed ection on whether the city ould take over its public utili- es.

While she had been involved the issue for several weeks, e is sure it was on Monday, arch 17, that she attempted to ach a dozen people whose mes began with the letters P" and "R." Among the three four whom she was able to ach that day, she insists, was homas Riha. She says he an- vered the telephone at his me at 11:30 a.m.

The professor seemed calm, leasant and quite interested in e municipal issue, according the Boulder housewife. In ct, she explained, his name as on the list because he had arlier sent in a reader survey ballot" from a Boulder news- aper which related to the issue.

As a result, Riha struck her as more informed on it than most others she had talked to in her telephone inquiries, and she believes the conversation lasted about 10 minutes, making it the longest in which she took part that day.

The date, if the Boulder house- vife is correct, is significant, ince Riha reportedly missed a inner party to which he was in- ited the previous night, and ould not be reached on Satur- lay, March 15, by a friend who ried to telephone him repeat- dly.

Many people interested in the case have speculated that Riha left Boulder, was kidnaped or died as early as that Friday or Saturday. And the wife of a CU professor who was rumored to have seen Riha on Sunday, the 16th, vigorously dismissed this rumor as untrue when asked about it Tuesday.

But the Boulder housewife who made the series of telephone calls is equally adamant about the date when she talked to Riha. She says she didn't know the man, but recognized his name when a colleague of Riha's started discussing his disappearance at her home the following weekend. She checked, found his name on her calling list, and recalled details of their conversation.

While she didn't write down the date when she made her telephone calls, the woman says she has made detailed inquiries since then — some as recently as this week — to tie in the dates of related events with that of the crucial telephone call.

In Denver Tuesday, Dist. Atty. James D. "Mike" McKevitt told the News he had received an official denial from a Washington source that any of the official agencies which have been named in connection with the case actually had any knowledge of where Riha is now.

The source, which he declined to identify, insisted further that Riha never was involved in espionage of any sort, and that none of these agencies had ever told anyone in Boulder, Denver or elsewhere that Riha was alvie and well.

Most frequently mentioned agencies have been the FBI, the CIA, military intelligence agencies and the U.S. Immigration and Naturalization Service.

McKevitt also reported no reply yet from former CU President Joseph Smiley in his request that Smiley divulge to McKevitt the exact source of a report to him last spring that Riha was alive.

SUBJECT: THOMAS RIHA
INTERNAL SECURITY - CZECHOSLOVAKIA

On 2/10/70, SAC Werner, Denver, demanded that Mike Todorovich, Central Intelligence Agency (CIA) representative, Denver, identify Bureau Agent who allegedly told a CIA officer that the subject's disappearance was merely a marital matter and that subject, in fact, was alright. Todorovich refused to do so. The Director instructed that we protest to CIA regarding Todorovich's actions.

On 2-17-70, Liaison Agent Papich vigorously protested Todorovich's actions to CIA, charging the Agency with impeding our inquiry. He pointed out that Todorovich's stubborn refusal to divulge the identity of the Bureau Agent involved was unacceptable because we had no information to support the statement attributed to our Agent. As a result of Papich's protest, a CIA official telephoned Todorovich and demanded that he divulge the identity of the Agent. Todorovich refused and stated that he considered this a matter of personal honor and that unless there was reason to believe Bureau operations were being adversely effected, he would not make the identification. CIA officials subsequently advised the Liaison Agent that they had reviewed the entire case and learned that District Attorney McKevitt publicly stated on 2-14-70 that the statement attributed to Dr. Smiley (which allegedly came to him via Todorovich from our Agent) was based on an "honest mistake" and that McKevitt felt this cleared the air and no further clarification was needed.

INTERNAL SECURITY - CZECHOSLOVAKIA

Reference is made to memorandum dated 2-18-70 from D. J. Brennan to Sullivan. The Director stated that he wants the name of the FBI Agent who had furnished certain information to Mike Todorovich, Central Intelligence Agency (CIA) representative, Denver. The Liaison Agent met with Richard Helms, Director, CIA, on 2-20-70, repeating the background of this matter and reiterated the protest made earlier by the Bureau and asked that CIA obtain the identity of the FBI Agent.

Helms advised that he considered this a most serious development and fully recognizes the gravity of the situation since it has such a significant bearing on relations between the two agencies and the highly important work of both organizations. He stated that he does not have the identity of the FBI Agent and so far Todorovich has refused to disclose same. Helms advised that he is requesting Todorovich to proceed to Washington, D. C., immediately at which time he will be interviewed in detail by Helms. In the meantime, the CIA Director is requesting his subordinates to prepare for him a complete report covering all information in possession of CIA regarding the subject. He stated that he will communicate with the Bureau immediately after talking to Todorovich. He stated that it was absolutely necessary that he make certain that he has all the relevant facts so that he can accurately respond to the Director and take the proper and necessary administrative action within his own organization.

OFFICE OF THE DIRECTOR

26 February 1970

Personal and Confidential

The Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

Mr. Papich has orally informed me that you wish to have the identity of the FBI agent who was the source of certain information communicated to an employee of this Agency, Mr. Michael Todorovich. This information regarding the disappearance of one Thomas Riha was in turn passed to Dr. Joseph Smiley, then President of Colorado University, Boulder, Colorado, now President of a university in El Paso, Texas, and to the District Attorney of Denver, Mr. James McKevitt. In view of your personal interest in this matter, I instructed Mr. Todorovich to report to me in person.

I have reviewed this complicated case in detail with Mr. Todorovich and have requested him to reveal the identity of his source. As a point of honor and personal integrity, Mr. Todorovich was adamant that he could not disclose the identity of his source. Under further pressure from me, Mr. Todorovich maintained his position, stating that in defense of it he was prepared to submit his resignation immediately.

Mr. Todorovich explained that the Riha/Galya Tannenbaum cases had been given extensive news coverage, much of it being sensational in nature. He stressed that there was embarrassing public speculation as to the possible involvement of the CIA and the FBI in Riha's disappearance.

The purpose of Mr. Todorovich's conference with the District Attorney of Denver was to solicit his good offices to remove pressures and the possible serving of a subpoena on Dr. Joseph Smiley. He also sought to orient the District Attorney properly so that he would not continue to have an erroneous impression of the roles of the CIA and the FBI, thereby eliminating further adverse publicity.

Mr. Todorovich affirms that before going to District Attorney McKevitt he called upon the FBI Special Agent in Charge, Mr. Scott Werner, and sought to coordinate with him our respective interests. He also solicited Mr. Werner to accompany him to the District Attorney.

Werner acted properly. H

Mr. Todorovich states that Mr. Werner refused absolutely to cooperate in this matter. Instead, Mr. Werner engaged in an oral exchange during which he remarked that our representative in Boulder was "lying" and then proceeded to challenge the veracity of Mr. Todorovich. Subsequently, Mr. Todorovich conferred with the District Attorney alone. He was successful in persuading the District Attorney to make a favorable public statement which had the effect of putting this issue regarding Dr. Smiley and other rumors to rest as far as the public was concerned.

I have carefully reviewed the statements of Mr. Todorovich. I feel that poor judgment was employed in passing the information in question to Dr. Smiley and later to the District Attorney. This should only have been done with specific FBI approval. I wish to assure you that I do not condone violations of the third agency rule, and I am taking steps to impress once again this elementary fact upon all Agency officials.

With regard to Mr. Todorovich, I have no reason to doubt that he has acted honestly. I believe that he has reported to me in good faith. He is sincerely interested in preserving a sound working relationship between the CIA and the FBI. Nevertheless, because a situation of this sort adversely affects the relationship between the two agencies, I am taking administrative action in this matter with regard to Mr. Todorovich.

~~SECRET~~

I do not agree. Todorovich violated the third agency rule & refused to identify the alleged FBI agent as well as the source of the information.

~~SECRET~~

While the following is not pertinent to your request, my review of this case suggests the advisability of a re-examination of Riha's disappearance and past activities and, necessarily, the Tannenbaum case. Briefly, since 1958 we have communicated to your Bureau significant information which relates to Riha's involvement with Czech and Soviet intelligence services, when he was behind the Iron Curtain. I attach for your information and convenience copies of pertinent reports regarding this aspect of the case.

I hope sincerely that this recent incident will not impair our mutual efforts in making certain that we have not overlooked factors possibly having a significant bearing on U.S. intelligence and internal security interests. I shall pursue this matter through our respective liaison offices.

In closing, Mr. Hoover, I wish to state that this Agency can only fully perform its duties in the furtherance of the national security when it has the closest coordination and teamwork with the Federal Bureau of Investigation. Furthermore, it is necessary that we continue to conduct our business in an atmosphere of mutual respect. I trust that we can coordinate closely any future developments or actions in these cases, in order to prevent the airing in public of conflicts or differences between the two agencies. I feel strongly that there are representatives of the news media who are eager to exploit alleged differences on a national scale. Disturbing as this experience has been, I wish to thank you in the interests of our common cause for having communicated with me in such a forthright and candid manner.

Helms forgets it was a two way street. H

Sincerely,

Richard Helms

SUBJECT: RIHA, Thomas

1. The January 1970 receipt of information from your Bureau that Mrs. Ruth Ann COOK, Thomas RIHA's mother, had mentioned rumors of her son's work for CIA in letters to the SAC, Denver, caused us to verify the fact RIHA has never been employed or used operationally by this Agency.

2. In 1958 and 1959 you were provided information that RIHA, when transitting Prague en route to Moscow, was contacted by Czech Intelligence and asked to remain in the CSR. Later in 1958 Czech Intelligence introduced RIHA to the KGB in Moscow and our source reported RIHA accepted certain privileges from the KGB while asserting he would not become a spy for the Soviets. Details reported by our source about RIHA's KGB contacts did not emerge during a 1960 FBI interview of RIHA.

3. This indication that RIHA may not have been truthful in 1960, when added to our current knowledge about KGB interest in recruiting American exchange students and RIHA's 1968 trip to the USSR, suggests the circumstances of RIHA's disappearance might be re-evaluated. This Agency is reopening its file on this case in view of the information disclosed in the attachments.

SUBJECT : RIHA, Thomas

1. The following report concerning an attempt by a member of Czech Intelligence to effect the repatriation of Subject, a naturalized American East-West Exchange student, to his country of origin was recently submitted by a source of this office.

2. Source first became acquainted with Subject during the past year at The Russian Research Center, Harvard University. On 10 September 1958 he ran into Subject by chance at the SAS office in Vienna as the two boarded a SAS flight to Copenhagen via Duesseldorf. During the trip Subject disclosed the following to source which has been supplemented from information from our files.

3. RIHA, who was born in Prague, Czechoslovakia 17 April 1929, is one of the twenty American students selected for the East-West Exchange Program and will be studying in the USSR for the 1958-59 academic year. Files in this Agency indicate that RIHA arrived in the U. S. on 15 July 1947 and became a citizen in 1952.

4. Our source informed ~~us that RIHA~~ had gone to Prague, June of this year, to see his father and other relatives. His father and mother are divorced and according to information in our files, his mother is listed as Mrs. Ruth A. COOK. address: 2023 Etna Street, Berkeley 4, California.

5. RIHA told our source that when he arrived in Prague he was put into a Government hotel for three days before he was allowed to stay with his relatives and friends. During this time, and perhaps later, RIHA was accompanied through the city by a guide whom he described as a "Government Official" name unknown, who attempted to effect Subject's repatriation to Czechoslovakia. RIHA told our source that this man has set up an appointment (date and address unknown) to meet him in Moscow to talk further.

6. Subject told our source that this "Government Official" did not mention Czech Intelligence or Security Forces as such and that he (RIHA) is not too worried concerning this contact. RIHA apparently feels that it is the price he must pay in order to study in the Soviet Union and once he gets deeply into his studies in Moscow he feels that he can plead that he is too busy with his academic work to have contact with any officials. Our source also stated that RIHA is in some kind of correspondence with the Czech official. We have no description or name for the Czech official.

7. It is requested that no further dissemination be made of this information without prior clearance from this office, and that our source be fully protected in the event that contact is made with RIHA.

SUBJECT : RIHA, Thomas

1. Reference is made to our CS CI 3/751,690 of 27 October 1958 concerning an attempt by a member of Czech Intelligence to effect Subject's repatriation while the latter was in Prague in June of 1958 visiting relatives en route to study in Moscow during 1958-59 as an East-West Exchange Student. The following report describes further action taken by the KGB in Moscow to cultivate Subject, and was recently submitted by a sensitive and reliable source.

2. Sometime in December 1958, Subject again met the Czech Official who had tried to have Subject repatriate to the CSR in Prague last summer. According to our source, it was apparently an accidental meeting at a Moscow railroad station as the Czech was returning to Prague. The Czech was delighted to see Subject, and introduced him to a Soviet official. This Soviet identified himself only by a first name and a telephone number, both unknown to our source. The Soviet described his work as being in the American Section of the MVD.

3. This Soviet Official has been cultivating Subject (trying to see him as often as possible, sometimes twice a week) since their introduction in December, by offering such blandishments as trips in a chauffered private limousine into forbidden areas outside Moscow, tickets to any entertainment, access to material from previously inaccessible archives, the use of private country villas and all the "beautiful, interesting and intelligent girls" he might want. Subject has further been promised the opportunity of returning to the Soviet Union for as long as he wants at any future date. He would have to pay only his way over there; his expenses and return trip to the US would be paid by the Soviets.

4. Subject has taken advantage of this offer to take several trips for sightseeing into forbidden areas around Moscow in a private car with the Soviet Official, and has also taken up a few offers for entertainment. Subject visited one of these villas, but refused the girls on the ground that he wants a woman to like him for himself, and not because she has been told to do so. The Soviet answered that "some of them will really learn to like you for yourself, as well as work for us," but Subject still declined to get involved. However, Subject has recently been taken up by a Soviet girl who had previously tried to seduce another American student and subsequently blurted out that she was put onto the latter American by the MVD, which she has also told Subject. Subject is reported to be responding warmly to her approaches although he has flatly told her he doesn't trust her nor any Russian completely. He claims he enjoys her company but will not have a serious affair with her, and suspects she may be tied up with the other women offered him by the Soviet Official.

5. In his relationship with the Soviet Official, Subject is reportedly aware that he is playing a risky game, and is only utilizing the situation for the comfort and convenience it brings him. He has told the Soviet frankly that he cannot be wom over ideologically. Subject says he feels that the Soviets' interest in him is to cultivate him as a scholar of possible future importance to insure that he will always be sympathetic to the Soviet Union. Subject has reportedly told several other American students of his relationship with the Soviet Official in order to cover himself "in case anything happened".

6. This Soviet Official has evinced an interest to Subject in many of the American Exchange students, with the explanation that some would undoubtedly be back in Moscow within two years as Diplomats and that since this is his area of responsibility, he wants to know as much as possible about them. The Soviet indicated that he was quite aware of the pattern of the American Exchange students' trips to the US Embassy and what they do in the university buildings, but is not so sure of their activities around the city. To demonstrate to Subject his knowledge about the American students, the Soviet Official mentioned an affair going on within the American group of which Subject had been unaware. The Soviet's information turned out to be true.

7. Subject was described by a reliable source, who knows him from group social gatherings at Harvard, as mature and socially vivacious with a warm personality. Subject is a clever and humorous conversationalist who likes to be surrounded by people, make new acquaintances, and develop friendships. Subject's patriotic motivation was not known to our source, but the latter felt that Subject was completely "Americanized" in manners and interests. Our source would guess that Subject has courage.

8. It is requested that no further dissemination be made of this information without prior clearance from this office. It is further requested that such clearance be obtained if Subject is to be contacted by you either before or after his return to the United States.

MEMORANDUM FOR: Director,
Federal Bureau of Investigation

SUBJECT: RIHA, Thomas

1. Reference is made to our CSCI 3/751,690 of 27 October 1958, and our CSCI 3/754,303 of 14 April 1959 in which are reported the attempt by Czech Intelligence to induce Subject, a Czech-born naturalized American, to repatriate to Czechoslovakia, and the further cultivation of Subject by the KGB in Moscow where Subject is an Exchange Student during 1958-59. The following report describes further action by the KGB to recruit Subject, and his adamant refusal of any such offer. This latest information was recently received from RIHA by a sensitive and reliable source.

2. During April 1959, the Soviet Official who said he was from the American Section of the MVD (sic) and who had been cultivating Subject, allegedly asked the latter to make complete and regular reports on Michael Martin LUTHER, one of the other American Exchange Students at Moscow University. Subject was asked to spend as much time as possible with LUTHER, and to report where he goes, what he does and with whom he associates. If Subject were to do this reporting, the Soviet Official said he would make available certain material from Archives which Subject has been unable to get permission to use although research in this material is vital to his having a successful year academically in Moscow.

3. Subject alleges he flatly refused this "deal", saying that if he ever got mixed up in such a dirty business, it would be for his own side and not for the Communists. The Soviet Official then told Subject he should engage in such observation and reporting to the Soviets to lose some "naivete" about how the United States is exploiting the Cultural Exchange Program for intelligence purposes. To back up this assertion, the Soviet Official told Subject about a "spy nest where spies deposit things for one another" which he said had recently been uncovered near a university entrance frequented by still another American student, Walter CLEMENS, who, the Soviet implied, was not engaged in academic work only while studying at Moscow University.

Subject reportedly again adamantly refused to cooperate with the Soviet Official.

4. In paragraph 4 of CSCI 3/754,303, reference was made to a Soviet girl who had become interested in Subject, and whom Subject viewed with suspicion although continuing to see her for her companionship. Her name is Lida (Y)EGOROVA. Subject has now reportedly been alienated by her undependable personality and has pretty well broken up with her. This girl may have left, or soon be leaving, for Prague to join her husband.

5. It is requested that no further dissemination of this information be made without prior clearance from this office. It is further requested that such clearance be obtained if Subject is to be contacted by you.

At 4:35 p.m., today I telephonically contacted ASAC Morley, Denver, and advised him that an article concerning the Riha case had appeared in the Sunday News (New York) 4-3-70. This article was a general rehashing of the Riha case.

I told him that the Bureau desired that SAC Werner contact the District Attorney to determine the developments of his investigation in this case and also determine what conclusions had been reached. Morley said this would be done.

Morley was asked if Denver had information concerning a professor who had gone to El Paso, Texas, or New Orleans, Louisiana, and he advised this probably referred to Dr. Joseph Smiley, former President at Colorado University who was there when Riha disappeared. He said that Smiley is now President of the University of Texas, at El Paso, Texas. He said Denver had no information that Dr. Smiley has any current information concerning this matter.

SAC Werner called at 5:30 p.m., today to advise that he had been unable to get in touch with the District Attorney but also was following up on this and would contact the District Attorney today and get in a teletype tonight.

DENVER DISTRICT ATTORNEY JAMES MC KEVITT, GENERALLY KNOWN AS MIKE MC KEVITT, ADVISED TODAY THAT THE INVESTIGATION BY HIS OFFICE CONCERNING THE DISAPPEARANCE OF PROFESSOR RIHA IS AT A STANDSTILL SINCE ALL LEADS HAVE BEEN EXHAUSTED. MC KEVITT STATES THAT HE FEELS GALYA TANNENBAUM, FORMER CLOSE ASSOCIATE OF RIHA, MAY HAVE KILLED HIM IN VIEW OF FACT THAT MC KEVITT'S INVESTIGATION INDICATES THERE WAS A VERY BAD FEELING BETWEEN RIHA AND TANNENBAUM JUST PRIOR TO HIS DISAPPEARANCE DUE TO THE FACT THAT TANNENBAUM WAS FORGING CHECKS ON RIHA'S ACCOUNT.

IN ANY EVENT MC KEVITT STATES IT IS HIS OPINION THAT RIHA IS DEAD SINCE HIS INVESTIGATION ALSO REVEALS RIHA WAS VERY ATTACHED TO HIS FRIENDS AND MC KEVITT FEELS THAT HE WOULD GET IN TOUCH WITH HIS FRIENDS IF HE WERE ALIVE. MC KEVITT ALSO ADVISES THAT INVESTIGATION BY HIS OFFICE INDICATES RIHA WAS VERY ABNORMAL IN HIS SEXUAL DESIRES AND PURSUITS AND THAT THIS WAS HIS GREAT WEAKNESS; THAT HE COULD NOT LEAVE WOMEN ALONE AND THERE IS A POSSIBILITY THAT ONE OF THESE INVOLVEMENTS MAY HAVE RESULTED IN HIS DEATH.

Memorandum

TO : Mr. W. C. Sullivan

DATE: May 6, 1970

FROM : A. W. Gray

SUBJECT: THOMAS RIHA
MISCELLANEOUS - INFORMATION CONCERNING

Pursuant to Director's request Denver District Attorney James "Mike" McKevitt interviewed 5/5/70 as to investigation of Riha, Czechoslovak-born, naturalized, former professor of Russian history at Colorado University, who departed Denver area 3/69 without notifying friends, associates or estranged wife. His disappearance has been glamorized and spiced up in newspaper articles by references to Galya Tannenbaum, his paramour. McKevitt stated investigation at standstill, all leads being exhausted. He feels Tannenbaum may have killed subject since bad feeling developed between them prior to his disappearance due to her forging checks on his account. Further, Tannenbaum probably a nymphomaniac who had constant sexual affairs with Riha and used this as a club over his head to prevent disclosure of forgeries. In McKevitt's opinion Riha is dead since he was close to his friends and if alive would contact them. Investigation indicates Riha abnormal in his sexual desires and could not leave women alone. Possibility exists one of these involvements may have resulted in his death.

Dr. Joseph Smiley, former President, Colorado University, where subject employed, is now President, University of Texas, El Paso, Texas. Smiley after subject's disappearance stated subject was alive and well. When challenged by McKevitt to disclose basis for statement he refused and appealed to CIA, his source, for help. Bureau vigorously refuted CIA's claim that Bureau Agent was original source for statement. As result McKevitt publicly announced statement was not true and resulted from "honest mistake." No indication Smiley has any facts to contribute concerning subject's current whereabouts or basis for his disappearance. Since Bureau has conducted no investigation into Riha's disappearance, interview of Smiley could result in impression Bureau entering case. However, if Director so desires, El Paso will be instructed to interview Dr. Smiley. Bureau files show subject attended Moscow University 9/58-9/59. Our files show CIA gave Riha a short briefing prior to his entry into USSR in 1958. In 1958-59 CIA advised Czech intelligence attempted to persuade Riha to repatriate and later introduced Riha to Soviet intelligence which attempted his recruitment. After subject's return to US in 1959 no information was developed as to continued interest in him by Soviet intelligence.

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

Reference memorandum A. W. Gray to Mr. W. C. Sullivan 5/6/70, same caption, by which the Director instructed that Dr. Joseph Smiley, President, University of Texas at El Paso, Texas, be interviewed as to any knowledge he possessed concerning Riha's disappearance or current whereabouts.

Dr. Smiley was interviewed 5/7/70 and was most cooperative. Smiley stated since leaving the University of Colorado in 6/69 his knowledge of developments in this case has been derived from articles he has read in "The Denver Post." He speculated Riha may have been involved in intelligence work and based this comment on Riha's being a "loner" and having married a Czech girl. He said he had no evidence to support this speculation. He said that he was aware that one Mrs. Tannenbaum, a woman indicted in Colorado for a number of frauds and a suspect in two arsenic poisonings, is considered a suspect in the disappearance of Riha. He concluded that he had no further information concerning either Riha's disappearance or his whereabouts.

In accordance with the request of the Director, SA FRANCIS J. PRASEK interviewed Dr. JOSEPH SMILEY, President of UTEP. Dr. SMILEY was advised that the FBI has no jurisdiction in this matter, nor is it conducting any active investigation regarding RIJA, and that we were simply desirous of being advised of any new information he may have received regarding RIJA's disappearance and/or present whereabouts.

Dr. SMILEY, who was most gracious and pleasant, stated that he left the University of Colorado, Boulder Colorado, in 6/69, and has since that time followed the investigation of RIJA and his disappearance which is being conducted by the newspaper "The Denver Post".

SMILEY, in 4/69, approximately three weeks after the disappearance of RIJA, contacted RIJA's attorney for the purpose of determining whether the attorney had any information regarding RIJA, since it was necessary for SMILEY to know whether RIJA was alive and whether he intended to return to the University for the fall semester of 1969 to resume teaching in the History Department. SMILEY, who cannot now recall the name of the attorney, was furnished an address for RIJA in Montreal, Canada, and a letter was directed to this address by the History Department seeking information regarding RIJA and his intentions.

② Bureau (RAM)
1-El Paso

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

After leaving Boulder, SMILEY was advised by Dean WILLIAM E. BRIGGS, College of Arts and Sciences, University of Colorado, Boulder, that a letter was received by the University purportedly written by RIJA in which he stated that he would not be returning to the University. BRIGGS advised SMILEY that in his opinion, the letter was a forgery, since the signature did not compare with that of RIJA.

After the disappearance, SMILEY began receiving a great many inquiries from the news media and he was pressed for a statement regarding his knowledge of RIJA and whether or not he was alive.

THE FOLLOWING WAS FURNISHED BY DR. SMILEY IN THE STRICTEST OF CONFIDENCE WITH THE UNDERSTANDING THAT IT WAS FOR THE INFORMATION OF THE FBI AND NOT FOR DISSEMINATION TO ANY OUTSIDE AGENCY SINCE HE WAS BREAKING A CONFIDENCE WITH AN ASSOCIATE IN THE DENVER OFFICE OF THE CENTRAL INTELLIGENCE AGENCY:

Being hounded by the press for a statement, he contacted a source in the CIA Office at Denver since he, SMILEY, was formerly a member of the Office of Naval Intelligence, thinking that perhaps that agency could assist him off the record with any information it might possess. SMILEY was aware that the CIA had interviewed RIJA following a trip by RIJA to the Soviet Union. The CIA source subsequently told Dr. SMILEY to merely advise the press that he had information to the effect that RIJA was "alive and well". This information was subsequently released by Dr. SMILEY to the student press at the University of Colorado, and it appeared in print.

When the Office of the District Attorney in Denver instituted investigation into the disappearance of RIJA, SMILEY was contacted by the DA's Office regarding the source of his statement. Dr. SMILEY again contacted the Denver CIA Office source and was advised that he was to state nothing and that he would be recontacted.

Some days later, the CIA source recontacted him and told him that he would be receiving an inquiry from the Office of the DA in the form of a statement, and that he should agree with the statement even though it "was not quite the truth". SMILEY did not question

these instructions, since he felt that CIA knew what should be done in this type of case. He received a telephone call from the DA's Office and a statement was read to him to the effect that the information which he had received and made public to the effect that RIJA was alive and well was in error. SMILEY told the caller that he agreed with the statement and nothing further came of this.

Dr. SMILEY does not know what part, if any, the CIA has in this case, but since he, SMILEY, is himself a former intelligence agent he did not feel that he had the right to question something which might be of vital importance to his country.

DR. SMILEY REQUESTED THAT NO HINT OR INFERENCE BE GIVEN TO THE CIA WHICH WOULD INDICATE THAT HE HAS REVEALED TO THE FBI HIS CONTACTS REGARDING THIS MATTER WITH THE DENVER OFFICE OF THE CIA.

He stated that though he has no evidence to substantiate his belief, he cannot get it out of his mind that RIJA may have been a double agent for the Soviets or the Czechoslovaks. He is aware that one Mrs. TANNENBAUM, a woman indicted for a number of frauds and a suspect in two arsenic poisonings, is considered a suspect in the disappearance of RIJA. He never knew RIJA to be associated with any such woman, but stated that he was not acquainted with the personal life of RIJA who was somewhat of a "loner".

RIJA, when he joined the staff of the University of Colorado, was single but in 8/68, an individual came to visit RIJA ostensibly for the purpose of arranging a marriage between RIJA and the man's sister. The intended bride was a Czechoslovakian girl who was born in Prague, Czechoslovakia, and this "brother-in-law" was entertained by a member and colleague of RIJA in the History Department. This individual indicated to SMILEY that although the "brother-in-law" supposedly did not speak any English, and had RIJA translate every statement into Czech, it was apparent from the gestures and expressions of the "brother-in-law" that he understood more than he let on. Three weeks after the visit of this man, the woman who became Mrs. RIJA came to Boulder, Colorado, where she and RIJA were married. The marriage resulted in divorce a short time later and the girl reportedly returned to the East Coast from whence she came.

Dr. SMILEY indicated that he has no further information regarding this matter, but that Dean WILLIAM E. BRIGGS, College of Arts and Sciences, University of Colorado, Boulder, should be in possession of the letter purportedly written from Canada by RIJA, and may be in a position to assist in answering any question the Bureau might have regarding RIJA's association with the University of Colorado, since BRIGGS would have possession of these records. He stated BRIGGS is a trusted confidant of his and Dr. SMILEY's name should be used as an introduction should the Bureau desire any information of BRIGGS.

RE: INTERVIEW OF FORMER FBI EMPLOYEE
DANIEL M. ARMSTRONG, III, BY SSC
STAFF MEMBER

Set out below is information voluntarily furnished to the FBI by Mr. Armstrong, who was formerly Special Assistant to Acting Director L. Patrick Gray, III. Mr. Armstrong furnished the information following his interview by SSC Staff Member Mark Gitenstein. The interview took place in Washington, D. Mr. Armstrong advised that the interview covered the following areas:

1. The general activities of the FBI's Intelligence Division, particularly Mr. Armstrong's knowledge concerning research conducted in the Intelligence Division concerning the possibility of obtaining an Executive Order establishing the FBI's authority in security matters;

2. The alleged existence of files in former Director Hoover's office;

3. Mr. Armstrong's knowledge concerning the increase in the number of FBI representatives assigned abroad as Legal Attaches.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITY (SSC)

RE: INTERVIEW OF FORMER FBI EMPLOYEE BY SSC

With regard to the effort made to obtain an Executive Order establishing the FBI's authority in security matters, Mr. Armstrong advised the SSC representative that in May, 1972, one of the principal questions raised by Mr. Gray was concerning the jurisdictional authority of the FBI to conduct intelligence or security investigations. He commented that in May, 1972, a conference was held at Quantico, Virginia, involving a number of Bureau executives and that during this conference the question of jurisdictional authority was discussed. Following the conference, a special team was set up to discuss this subject, including Mr. Armstrong and former Special Agent Thomas Smith of the Intelligence Division. According to Mr. Armstrong, it was felt that it would be appropriate to develop a new set of guidelines and not to rely on prior statutes and Presidential orders. Armstrong recalled that after several meetings of this group, Thomas Smith prepared a document consisting of 43 pages which was completed approximately six weeks after the group was created. Armstrong recalled that the document was received in the Acting Director's office and was discussed at one of the regular afternoon staff conferences. At that time it was agreed that the document was good but that the timing was not thought to be appropriate. The thought was expressed that it would be held in abeyance until after the coming elections. It was Mr. Armstrong's belief that the matter might have been discussed between Attorney General Kleindienst and Mr. Gray, and it was decided not to push the matter until after the elections. Mr. Armstrong recalled advising Mr. Smith of the location of the document and the fact that it was being held in abeyance until after the elections.

The matter of the above document did not come up again until shortly before the confirmation hearings concerning Mr. Gray. At that time it was Mr. Armstrong's belief that the Bureau should not push for the Executive Order until after a

permanent Director of the Bureau had been confirmed. Mr. Armstrong advised that to the best of his knowledge the document was not given to the Department of Justice while Mr. Gray and his staff were in the Bureau.

Concerning files that were allegedly maintained in Mr. Hoover's office, Mr. Armstrong stated that shortly after Mr. Gray's arrival in the Bureau he made a statement to the effect that there were no secret files maintained by Mr. Hoover. Mr. Armstrong commented that he doubted the wisdom of making such a broad statement.

Shortly after Mr. Gray's statement was made, information came to Mr. Armstrong's attention which caused him to prepare a memorandum to Mr. Gray indicating the possibility of the existence of files in Mr. Hoover's office. Armstrong could not recall Mr. Gray's response to his memorandum but he believed that the original of the memorandum was returned to him and that he placed the original and the carbon in his desk along with other memoranda that he had prepared for Mr. Gray.

Mr. Armstrong stated that it was his theory that the files in Mr. Hoover's office were in two categories; the first being files containing information possibly detrimental to prominent persons in the Government and the other category being tidbits of information received in personal correspondence from various Special Agents in Charge concerning persons of possible interest to Mr. Hoover.

Mr. Armstrong advised further that at one of his daily conferences, Mr. Gray mentioned that he had talked to former Acting Associate Director Mark Felt concerning files which may have been maintained in Mr. Hoover's office and which he said were then in a safe in the custody of Mr. Felt.

Mr. Armstrong could not recall whether Mr. Gray and Mr. Felt were to go through the safe together or whether Mr. Felt was to do it alone and advise Mr. Gray of his findings.

With regard to the present location of such files, Mr. Armstrong had no specific knowledge but speculated that if they existed they might have been destroyed before Mr. Gray arrived in the office, they might have been retained in Mr. Felt's safe or they might have been removed to the custody of Mr. Clyde Tolson or Miss Helen Gandy at Mr. Hoover's house.

Mr. Armstrong advised that on April 27, 1973, prior to his departure from the Bureau, he destroyed all of the memoranda he had retained in his desk and he is certain that among them was his memorandum concerning files in Mr. Hoover's office.

With regard to the increase in the number of Legal Attaches, Armstrong advised that he recalled that shortly before Mr. Gray came to the Bureau there had been an expansion in the number of Legal Attaches. He understood that traditionally the role of the Legal Attache had been to function as a liaison representative to foreign police agencies but that with the expansion in the number of Legal Attaches they were given additional responsibilities in the field of foreign intelligence collection, exactly to what extent he did not recall. He recalled that the expansion was at the initiation of the White House and may have been because the White House was not satisfied with the intelligence collected by the Central Intelligence Agency (CIA). Armstrong stated that he saw a potential for friction with CIA and speculated that this might have been a factor in the breach of liaison between the FBI and CIA. He recalled writing a memorandum for Mr. Gray expressing doubts as to whether the training of Special Agents of the FBI equipped them for the collection of foreign intelligence and some subsequent discussion that

perhaps the Legal Attaches should be brought home for such training, but that this idea was concluded to be impractical or unnecessary.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Attached is a proposed memorandum to the Attorney General with a letterhead memorandum attached enclosing a copy of a memorandum J. H. Gale to Mr. Tolson dated July 30, 1964, captioned "Investigation of Ku Klux Klan and other Hate Groups." It appears that we are proposing to give the copy of the Gale memorandum to the Senate Select Committee in response to their request by letter dated May 14, 1975, for a memorandum prepared by Gale relative to the subject matter of the 1964 memorandum.

My reading of the memorandum revealed that it is a purely deliberative document which quotes personal views of Mr. Sullivan, Mr. Rosen, Mr. Belmont, and Mr. Gale. I am concerned that the release of such a memorandum containing not only the personal views of Bureau officials, but also identifying them by name could have an impact on individuals in the future who may be asked to furnish their opinions concerning policy matters in the FBI. As indicated by the Attorney General in his speech in New York, it is essential that the Executive Branch have a degree of privacy concerning policy discussions and expressions of personal views by officials in order for the Executive to function properly.

I do recognize that we may not be able to resist giving the Committee access to material documents that bear on particular issues under investigation, however, I do recommend that when we are required to produce deliberative documents, the names and other identifying data relating to individuals furnishing views be deleted.

1. That the names of individuals described in the body of the memorandum of July 30, 1964, and other identifying data be deleted prior to furnishing the copy to the Committee.

SUBJECT: SENSTUDY 75

Former Special Agent Richard H. Davis of the Atlanta Office telephonically contacted SA Paul V. Daly of this Division on 6-4-75 at which time he explained that he had been contacted by Michael Epstein of captioned Committee at which time Epstein requested that Davis make himself available for interview in either Atlanta, Georgia, or travel to Washington, D. C. Davis informed Epstein that he would have to obtain Bureau approval prior to submitting to interview inasmuch as he had to obtain a release from his employment secrecy agreement.

Mr. Davis informed SA Daly that he was reluctant to agree to being interviewed by captioned Committee concerning his activities as an Agent. It was pointed out to Mr. Davis that the decision as to whether to agree to interview was his, but he was advised that captioned Committee has subpoena power and might attempt to force him to furnish information through the use of a subpoena. He was informed that the Bureau was cooperating with captioned Committee and their inquiry into FBI operations.

It was explained to Mr. Davis that if he desired to allow himself to be interviewed, the Bureau would make available an employee at his request to be available but not present during interview. He was also advised that this Agent would not represent him as private counsel. Mr. Davis was advised that the Bureau's concern was not of matters of historical fact but rather testimony might be required which could impair the Bureau's efforts to discharge its responsibilities. It was also explained that the Bureau representative would assist him in making determination whether his response to a particular question would identify confidential informants, impair on-going investigations, divulge information derived from other Government agencies or foreign sources or expose sensitive investigative techniques and, therefore, a response should not be given.

Re: SENSTUDY 75

Mr. Davis indicated that he desired a Bureau representative be made available during his interview and would request the interview take place in Atlanta, Georgia. Additionally, he stated Epstein had indicated that the topic of discussion in the interview would be the Bureau's investigation of Martin Luther King, Stanley David Levison, and the Southern Christian Leadership Conference. Mr. Davis stated he would recontact FBI Headquarters as soon as a date and place of interview had been determined. He indicated he would set the date for interview so that the Bureau would have ample opportunity to have an Agent available. We have separately requested Bureau approval for the release of Davis from his employment agreement for purposes of this interview.

Reference is made to Bureau letter to The Attorney General 6/20/75 captioned "United States Senate Select Committee on Intelligence Activities (SSC)," forwarding letterhead memorandum for approval and forwarding to SSC.

The Director asked if we have any amplification of this instruction (to submit items with unusual twist or concerning prominent personalities for dissemination to the President under the INLET Program) or do we know of any submission responsive to this which illustrates interpretation?

There has been no amplification of this instruction, nor any submission under INLET of an item on prominent personalities that would show the interpretation of this point.

With respect to the observation that this matter should cause a congressional furor, it is noted that INLET has already been afforded considerable publicity, beginning in February, 1973, after an office memorandum on the subject reached the news media. This publicity is why the Senate Committee asked for documents on INLET. The White House and Senator Bob Packwood inquired about the Program. A detailed defense of INLET appeared in the Congressional Record.

By way of background, the INLET instruction that has received the most publicity--items with an unusual twist or concerning prominent personalities--was recalled by the author of the INLET Program initiating letter as having been specifically dictated by then Assistant Director W. C. Sullivan.

While we cannot say exactly what former Assistant Director W. C. Sullivan had in mind when he added the instruction about items with an unusual twist, we can speculate with a hypothetical example.

If we learned that a trusted assistant to an important government official--an official who had taken a "hard line" with respect to dealings with the Soviet Union, for example--was under development by Soviet intelligence, this would be an unusual twist to an item of intelligence interest to the President involving a prominent person.

In such a hypothetical case, we would, of course, advise the government official involved, and The Attorney General and the President. We would have done this under INLET and we would still disseminate this type of data. INLET was only a vehicle for special dissemination.

John Elliff of captioned Committee's task force on Domestic Intelligence Activities advised on 6-9-75, that the Committee is planning to have a Bureau representative testify concerning the FBI's authority to conduct investigations in the domestic and counterintelligence areas in late June or early July. Mr. Elliff stated that this testimony would be before the Senators and will be a general exploration of jurisdictional authority. Mr. Elliff also volunteered that he had told K. William O'Connor, Special Counsel for Intelligence Coordination of the Department, that the Committee wanted to be furnished a copy of the T. J. Smith Memorandum dated 7-31-72 concerning FBI's investigative jurisdiction in domestic and counterintelligence matters. Elliff stated that at this point, a summary of such documents would not be an acceptable substitute. Elliff desired such a document be made available to the Committee prior to the aforementioned testimony. With regards to testimony, Elliff indicated that it would not necessarily have to be the Director giving a testimony.

Elliff stated as he finalizes his plans concerning the testimony concerning FBI investigative jurisdiction, he would recontact SA Paul V. Daly of this Division and give more details concerning this matter.

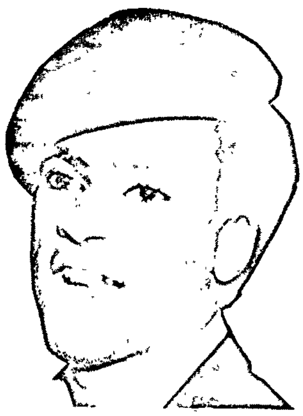
LET US HOLD HIGH THE BANNER OF REVOLUTIONARY INTERCOMMUNALISM
AND THE INVINCIBLE THOUGHTS OF
HUEY P. NEWTON
MINISTER OF DEFENSE OF THE BLACK PANTHER PARTY
AND SUPREME SERVANT OF THE PEOPLE.

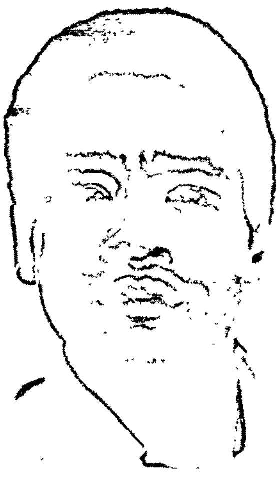
I. FOUNDING



HUEY PERCY NEWTON

The Black Panther Party, with headquarters in Oakland, California, was founded in 1966 by two Oakland Negroes – Huey Percy Newton and Bobby George Seale – both at that time at Merritt College in Oakland. The name and symbol of the new party were taken from the Lowndes County Freedom Organization, an Alabama political party known informally in 1965 as the Black Panther Party.

From the writings of communists, revolutionaries, and black militants, Newton and Seale allegedly selected ideas around which they could build a revolutionary frame that suited the needs of their party. Influential writings included those of Mao Tse-tung, Chinese Communist leader; Frantz Fanon , West Indian psychiatrist who advocated violence for Algerian nationalists; Ernesto "Che" Guevara, one-time lieutenant of Cuba's Fidel Castro and a principal architect of 20th century guerrilla warfare; Malcolm X, American black nationalist who advocated violence to obtain Negro "freedom"; and W. E. B. DuBois, Negro educator who became a member of the Communist Party, USA, at the age of 93.



BOBBY GEORGE SEALE

The organization was at first called the Black Panther Party for Self-Defense; however, the "Self-Defense" was removed in 1968 in an effort to project a more politically oriented image to prospective sympathizers and supporters.

As head of the new Black Panther Party, Newton assumed the title Minister of Defense, and Seale was named Chairman. When questioned about the membership of their organization, Newton and Seale gave the since oft-repeated reply: "Those who know don't say. Those who say don't know." The militancy of the group, however, had an immediate appeal to the discontented, restless youth of Oakland's ghettos.

II. BLACK PANTHER OBJECTIVES

The Black Panther Party "Platform and Program" is repeated in each issue of the official Party publication, The Black Panther.

October 1966

Black Panther Party Platform and Program

What We Want What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. **That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness.** Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. **But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.**

III. RISE OF BLACK PANTHER PARTY

Proclaiming a legal right to bear arms, the Panthers by early 1967 had begun to appear in public wearing black leather jackets and black berets, openly carrying shotguns, rifles, or pistols, and shouldering bandoliers of ammunition.

Calling the police "pigs," the Panthers began a buildup in Negro areas of the idea that police departments, especially that in Oakland, were dedicated to the brutalization and harassment of minority groups, and, acting as an appendage of white government authority, were working toward the eventual annihilation (genocide) of the Negro race.

Invasion of California State Legislature

The first incident that brought national attention to this group occurred on May 2, 1967, as the California Legislature was in session in Sacramento. Approximately 40 members of the Black Panther Party, carrying loaded rifles, pistols, and shotguns, and some wearing bandoliers of ammunition about their waists or draped over their shoulders, burst into the Chamber. They were protesting a bill being introduced on that date outlawing the carrying of loaded weapons in public and were proclaiming their right to bear arms and criticize the police. Before they were arrested, they passed out mimeographed leaflets calling on all Negroes to end the "terrorist" oppression of colored races by white America and referring to the preparation of concentration camps in the United States as a beginning of genocide.

Police Officer Meets Panthers--and Death

The Panthers became more militant with the passing of time. At 5:00 a.m., October 28, 1967, two Oakland, California, patrol officers, John F. Frey and Herbert C. Heanes, made a routine traffic violation car stop. While the officers were awaiting the results of the car registration check by radio, the driver, Huey Newton, got out of the car. Suddenly, shooting broke out. Officer Frey was killed; Officer Heanes was wounded critically; and Newton received a stomach wound. He stopped a passing automobile and had the driver take him to a hospital where he was taken into custody and hospitalized. After a state trial, which began July 15, 1968, Newton was sentenced on September 27, 1968, to serve from 2 to 15 years on a charge of voluntary manslaughter.*

"Free Huey" Campaign

Two days after Patrolman Frey's death, the Huey Newton Defense Fund was established at a meeting of a section of the Negro community of Oakland.

The cry of "Free Huey" became a clarion call. The imprisoned Newton was built up in the public eye as "black and bold in defense of his people." Each

**It was ruled later that the presiding judge in this trial erred in instructions to the jury. Newton was released August 5, 1970, and scheduled for retrial.*

bringing its own axe to grind, such organizations as the anarchist New Left group named Students for a Democratic Society; the Trotskyist Socialist Workers Party and its youth group, the Young Socialist Alliance; the Communist Chinese-oriented Progressive Labor Party; the Communist Party, USA, and its youth affiliate, the W. E. B. DuBois Clubs of America; and militant campus groups, black and white, began to gather in support of the Panthers, who were willing not only to defy the establishment, but to destroy it.

LEROY ELDRIDGE CLEAVER

Enter Leroy Eldridge Cleaver

Early in 1967, the Panthers were joined by a recent parolee from the California prison system, author of a best-selling autobiography, *Soul On Ice,* staff writer for the magazine *Ramparts,* and admitted Marxist – Leroy Eldridge Cleaver.

In *Soul On Ice,* Cleaver wrote: "I sought out his (Marx's) books...It was like taking medicine for me to find that, indeed, American Capitalism deserved all the hatred and contempt that I felt for it in my heart...."

After Newton was jailed, although he remained the undisputed leader, it soon became apparent that Cleaver, designated Minister of Information, was projecting a major leadership image. The Party began to further widen its publicity, nationally and internationally, and enlarge its radical support and revolutionary intent.

As an example of this spreading influence of the Panther Party, the 1968 National Election ticket of the Peace and Freedom Party, a coalition of radical groups, included Cleaver as candidate for the Presidential nomination; Newton as candidate for the 7th Congressional District of Alameda County, California; Kathleen Cleaver, 18th Assembly District, California State Legislature; Bobby Seale, 17th Assembly District, California State Legislature. Cleaver received a national total of almost 200,000 votes. Only a small percentage of the California electorate cast their votes for Newton, Seale, and Kathleen Cleaver.

On the evening of April 6, 1968, Cleaver and several Panthers became involved in a shoot-out with Oakland police officers. The incident resulted in the death of a Panther, the wounding of two police officers, and the wounding and arrest of Cleaver. Cleaver's parole was revoked immediately and he was returned to prison. After much publicity, he was later released on bail by a Superior Court Judge who ruled that the jeopardy of his parole status stemmed "from his undue eloquence in pursuing political goals...offensive to many of his contemporaries." This decision was overruled by the District Court of Appeals and upheld by the California Court of Appeals. Cleaver was ordered to return to prison by November 27, 1968. Electing to become a Federal fugitive, he disappeared in late November, 1968, going first to Havana, Cuba, and later to Algiers, where he has established residence.

International Committee to Defend Eldridge Cleaver

Soon after Cleaver's arrest in the spring of 1968, approximately 150 prominent individuals sponsored the establishment of an International Committee to Defend Eldridge Cleaver. The committee intended to dispatch a team to Europe to gain

international support and arrange for a European edition of Cleaver's book, *Soul On Ice.*

Rise of the Black Panther Party

In May, 1968, the hard-core membership of the Black Panther Party was estimated at only 125, and Panther activity was confined largely to the San Francisco-Oakland, California, area. However, because of the dramatic shoot-outs, the "Free Huey" Campaign, the funds established for the defense of both Newton and Cleaver, the widespread publicity, and the support given readily by white radical groups and individual sympathizers, the Black Panther Party began to grow rapidly, not only in membership but in militancy and influence. Chapters began to appear in major cities throughout the country. By the end of 1968, the membership had reached nearly 2,000, with additional thousands of sympathizers and supporters.

IV. LEADERSHIP

Organizationally, the Black Panther Party is set up to be under a Central Committee composed of the following positions:

- Minister of Defense and Supreme Commander, held by Huey Newton
- Chairman, held by Bobby George Seale
- Minister of Information, formerly held by Leroy Eldridge Cleaver
- Chief of Staff, held by David Hilliard
- Minister of Education, held by Raymond (Masai) Hewitt
- Communications Secretary, formerly held by Cleaver's wife, Kathleen
- Minister of Culture, held by Emory Douglas
- Field Marshal, formerly held by Donald Lee Cox

The position of Assistant Chief of Staff, not included among the Central Committee, is occupied by Roosevelt (June) Hilliard.

Under the Central Committee, the chain of command extends to leaders and officers of local chapters.

National Committee to Combat Fascism

Set up to coexist with Black Panther Party branches in various cities in the United States are chapters of another organization called National Committee to Combat Fascism. In actuality, there is little difference between the two. This group, a Panther Party front, was set up as the result of a revolutionary conference, called National Conference for a United Front Against Fascism, held in Oakland, California, in July, 1969. The conference, sponsored by the Black Panther Party and assisted by the anarchist Students for a Democratic Society and the Communist Party, USA, was called to form a coalition of black and white radicals, described as "oppressed people."

The National Committee to Combat Fascism is considered by Party leaders to be the "political organizing bureau" of the Black Panther Party. Its specific task allegedly is to raise the political level of the people and educate them against the system.

International Section

On September 13, 1970, the International Section of the Black Panther Party officially opened in Algiers. Joining Cleaver on the staff were his wife, Kathleen, and Field Marshal Donald Lee Cox, a fugitive from justice. Cox faces charges of unlawful flight to avoid prosecution for conspiracy to commit murder, based on a warrant issued on April 20, 1970, at Baltimore, Maryland. He also failed to appear on May 14, 1970, in San Francisco, to answer Federal firearms charges.

This section, in its entirety, was expelled from the Black Panther Party by Huey Newton on February 27, 1971. The expulsion resulted from tensions and differences between Party hierarchy which led to disruptive factionalism.

V. FUNDS

The money by which the Black Panther Party operates comes from a number of sources. There are substantial private contributions; fees for public appearances, such as campus speeches, radio, and television appearances; payments for magazine articles; collections for trials and bail funds in this country and abroad; subscriptions and individual sales of the Party's official organ, *The Black Panther;* fund-raising activities sponsored by sympathizers and supporters; sales of recordings of interviews and speeches; and financial aid from radicals and extremists.

According to the press, there is reason to believe that the Panthers, to obtain additional funds, are engaging in criminal activities, such as burglaries and robberies.

VI. "SOCIALISTIC" PROGRAMS

Panther Party leaders insist their primary aim is to serve the "people," meaning ghetto blacks. To establish good intent, Party officials have set up a series of community services aimed at recruiting members and sympathizers and building Party influence in ghetto areas. These programs, described by the Panthers as "socialistic" programs, are supposed to be carried out by all Party branches and include: "liberation schools" to give "our people a knowledge of self"; free health clinics, with money, medical supplies and professional services donated by laymen and professionals in the community; free clothing programs, with clothing donated by the community; Community Information Centers, to "answer the basic needs of the people"; and a monthly free shuttle bus service for families of blacks in prison. Few of these programs actually are carried out, and those that have been attempted have been mostly unsuccessful.

The program that has received the most publicity is the "breakfast program," devised as a further means of indoctrinating Negro youth in Panther teachings of racism and rebellion. As expressed in *The Black Panther,* June 14, 1969, "The youth we are feeding will surely feed the revolution." Breakfasts are held for ghetto children either at churches, housing projects, Panther Community Information Centers, or other space that can be obtained free of charge. Panthers usually ask local businessmen to donate food or money to this program, boycotting stores that refuse to participate. At these functions, children have been known to sing such chants as: "I am a revolutionary. I am a revolutionary. There's going to be some barbecue if Huey's not set free. Power to the people."

In 1969, Panther "Coloring Books" were printed and given out at these breakfasts. The books contained 22 pages of drawings teaching the children to distrust, hate, and kill police officers.

HE SAYS, "WE INTEND TO CHANGE ALL THAT. BUT IN ORDER TO CHANGE IT, THERE MUST BE TOTAL TRANSFORMATION. BUT UNTIL SUCH TIME THAT WE CAN ACHIEVE THAT TOTAL TRANSFORMATION, WE MUST EXIST. VII. TACTICS

The Black Panther Party is a violent revolutionary group whose members provoke confrontations with law enforcement officers and whose leaders incite racial hatred and preach urban guerrilla warfare.

Target: Police

Panthers claim that black communities are occupied by the police in the same way and for the same purpose that foreign troops occupy conquered territory and that these forces, operating under "establishment" orders, are engaged in gradual annihilation of the black race. Blacks, according to the Panthers, must, through urban guerrilla warfare, use guns to liberate themselves from the ever-present repressive enemy. Children in Panther "schools" do their exercises to the rhythm of: "There is a pig upon the hill – if you don't kill him the Panthers will."

Numerous claims have been made that the Black Panther Party is an innocent victim of police persecution and genocide. This charge is rendered absurd by fact. During 1970, 6 police officers were killed and 22 wounded through acts of violence traced to the Panthers. One officer, in 1969, was killed by a Panther with a shotgun blast at point-blank range as the officer lay wounded and helpless on the ground.

Out of 20 members named by the Panther Party as "killed in cold blood" by the police, four were killed by members of a rival black extremist group on the west coast; one died of barbiturate intoxication; one was shot and killed by a store owner during a robbery attempt; one was killed by his wife over a love affair he was having with a female Black Panther; and another was allegedly tortured and killed by Panther Party members. Of the remaining twelve, two were found dead on the street, the victims of unknown assailants, and ten were involved in shoot-outs with police officers.

Attacks on Others

Panther attacks have not been limited to the police. While claiming their intent to protect the black community, Panthers have assaulted and threatened citizens who have tried to assist the police.

Neighborhood stores have been forced to "contribute" food supplies and money under fear of Panther violence. Many other persons have also been victimized, as shown by the fact that in 1969 alone 348 Panther members were arrested for serious crimes, including murder, armed robbery, rape, bank robbery, and burglary.

On April 21, 1969, 21 members of the Black Panther Party were charged in New York in a 30-count indictment with conspiring to bomb public places and murder policemen and with possessing dangerous weapons.

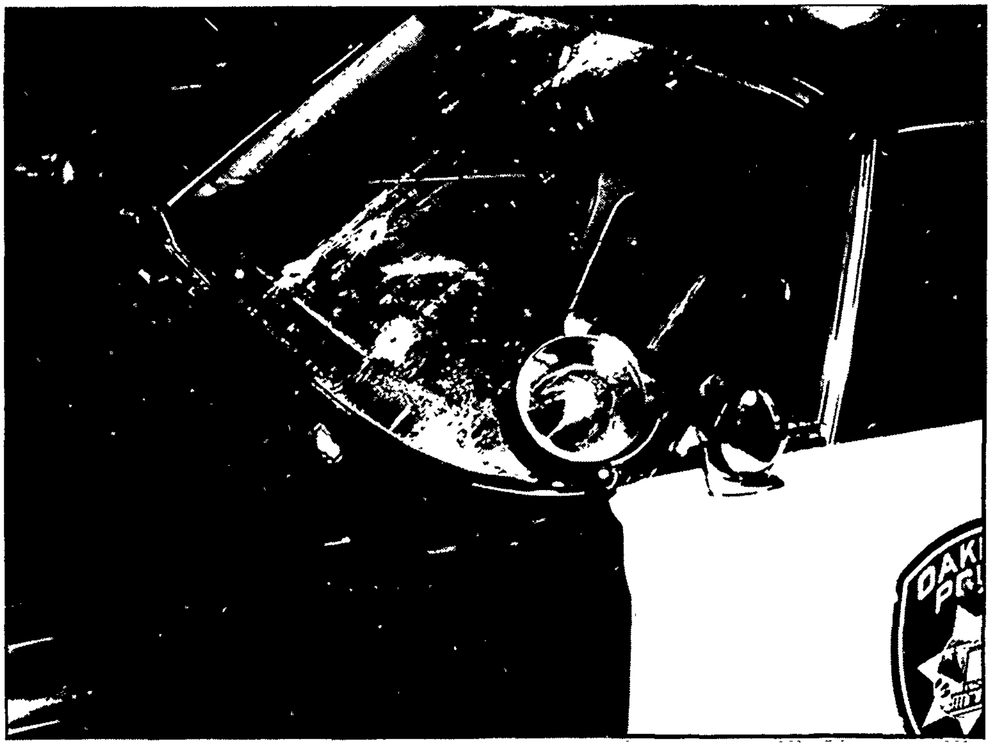
Weapons Caches

Stockpiles of machine guns, sawed-off shotguns, rifles, hand grenades, thousands of rounds of ammunition, Molotov cocktails, gunpowder, and accumulations of bayonets, swords, and machetes have been confiscated from Panther offices.

"Revolutionary Suicide"

On August 7, 1970, Superior Court Judge Harold Haley, the Deputy District Attorney, and three other persons were tied together with piano wire and dragged from a San Rafael, California, courtroom and taken as hostages by three armed Negro convicts, one of whom was standing trial for stabbing a San Quentin prison guard. The escapees were assisted by the defendant's 17-year-old brother who supplied them with weapons for the escapade. Judge Haley, who had a sawed-off shotgun taped to his neck, and the other hostages were forced into a waiting van. When the authorities tried to stop the kidnappers, the judge was brutally murdered; the Deputy District Attorney was injured seriously; and another hostage was slightly wounded. Three Negroes were slain and one was wounded.

Immediately thereafter, Huey Newton declared the killing of Judge Haley as being of "historical" importance to the Black Panther Party. This declaration was based on the Panther belief that all black prisoners, regardless of their crimes, are political prisoners and should be released.



OAKLAND, CALIFORNIA, POLICE DEPARTMENT CRUISER INVOLVED IN THE APRIL 6, 1968, GUNBATTLE WITH MEMBERS OF THE BLACK PANTHER PARTY.

CONFISCATED PANTHER WEAPONS

The perpetrators of the courtroom incident were lauded by the Panthers as setting another "revolutionary example for black people." In commenting further, *The Black Panther* of August 15, 1970, stated:

> *"The example that these brothers have set will be followed by many and many will rise to choose revolutionary suicide rather than reactionary suicide. Black people will unleash in great numbers the Black kamakazi..."*

In his eulogy at services for the slain Negroes, Newton said: "Our comrades have taught us all a revolutionary lesson. They have intensified the struggle and placed it on a higher level."

Panther "Justice"

Recalcitrant members of the Black Panther Party are sometimes victims of Panther "justice." As one example, Panther Chairman Bobby Seale was brought to trial in New Haven, Connecticut, for the torture-murder of Panther Alex Rackley. Rackley, a Panther suspected of being an informant, was scalded, murdered, and dumped in a swamp.

For a variety of reasons, many members have been purged from the Party. These incidents are usually written up in *The Black Panther* in special articles accompanied by photographs.

EXPELLED

So let this be heard throughout the black community, of Atlantic City, New Jersey. That Leonard Weeks is no longer a servant of the people. That he is no longer the breakfast coordinator for this community center, or for that matter no center ran by the Black Panther Party. He has become slip-shod in his duties as a servant to the people, many times he has been warned by his comrades, about his work, and about his duty to the people's children. He deserted the children of the black community, there were days he would not attend the breakfast program, because he said that he was tired or that he overslept. Well we cannot adhear to this because as revolutionaries we must prepare ourselves to be a match for a hundred. We must prepare to run ourselves to death if need be, so that the people shall be served, and to see to it that they truly have a right to the best. And we have no time for slip-shod niggers. We must hold ourselves responsible to the people. Every word, every act, and every policy must confirm to the people's interest, and if mistakes occur, they must be corrected, that is what being responsible to the people means.

FOOLS RUSH IN

Harold Wright, number one fool in Pittsburgh, rushed out of here and into Baltimore.

HAROLD WRIGHT, FOOL

The National Committee to Combat Fascism has no time for crazy dumb fools who run around pimping off the people's just struggle for freedom and self-determination This modern day mad man can't seem to find himself or anything else for that matter. He started out, helping to put this office together and after a long train of was put out. Harold didn't like this and started to hang around our office trying to give the community the impression that he was still a member of the revolutionary ranks of Babylon.

After a few days of the breakfast program, his wife Michelle decided that she loved Harold more than the people and went with him.

We say goodbye to the Wright family and other love birds (like the Johnson's) who can't deal for the people.

So let this be heard, Harold and Michelle Wright are not members of the National Committe to Combat Fascism nor will these fools ever be.

Although posters, pamphlets, recordings, and a singing group called "The Lumpen" are among propaganda vehicles used by the Black Panther Party, the main channel to the public is through their official organ, *The Black Panther*. Funds permitting, it is published weekly in Oakland, California. It includes editorials by Party leaders and spokesmen; provocative slogans; inflammatory articles; revolutionary art," comprising cartoons; and an international news section.

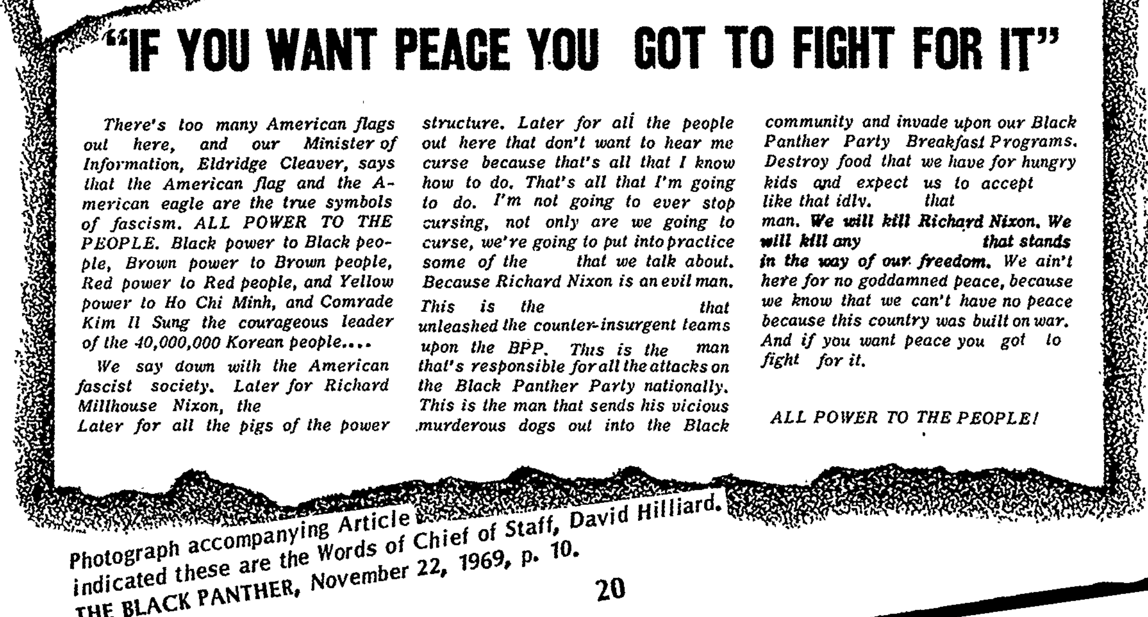
TO MY BLACK BROTHERS IN VIET NAM

I'm writing this on January 4, 1970. We are starting out a new year. On August 31, I'll be 35 years old. I'm married, and I have one child with another one on the way. I am in love with my wife and I would like to enjoy a happy life raising a family. But I am not free to live the type of life that I would like. Pigs--the racist fascist rulers of the United States--won't let me....

We appeal to you Brothers to come to the aid of your people. Either quit the army, now, or start destroying it from the inside. Anything else is a compromise and a form of treason against your own people. Stop killing the Vietnamese people. You need to start killing the racist pigs who are over there with you giving you orders. Kill General Abrahms and his staff, all his officers. Sabotage supplies and equipment, or turn them over to the Vietnamese people. Talk to the other Brothers and wake them up. You should start now weeding out the traitors amongst you. It is better to do it now than to allow them to return home to help the pigs wipe us out. Especially the Uncle Tom officers should be dealt with now, because the pigs will use them as effective tools against our people. When you can no longer take care of business inside the army, then turn yourself over to the Vietnamese people and tell them you want to join the Black Panther Party to fight for the freedom and liberation of your own people. If you do cross over, you don't have to worry about the Vietnamese people abusing you. They will be glad to see you drop out of the army because what they want most in life is to stop the fighting in their land. You have a duty to humanity as well as to your own people not to be used as murderous tools by racist pigs to oppress the people.



"IF YOU WANT PEACE YOU GOT TO FIGHT FOR IT"

There's too many American flags out here, and our Minister of Information, Eldridge Cleaver, says that the American flag and the American eagle are the true symbols of fascism. ALL POWER TO THE PEOPLE. Black power to Black people, Brown power to Brown people, Red power to Red people, and Yellow power to Ho Chi Minh, and Comrade Kim Il Sung the courageous leader of the 40,000,000 Korean people....

We say down with the American fascist society. Later for Richard Millhouse Nixon, the Later for all the pigs of the power structure. Later for all the people out here that don't want to hear me curse because that's all that I know how to do. That's all that I'm going to do. I'm not going to ever stop cursing, not only are we going to curse, we're going to put into practice some of the that we talk about. Because Richard Nixon is an evil man. This is the that unleashed the counter-insurgent teams upon the BPP. This is the man that's responsible for all the attacks on the Black Panther Party nationally. This is the man that sends his vicious murderous dogs out into the Black community and invade upon our Black Panther Party Breakfast Programs. Destroy food that we have for hungry kids and expect us to accept like that idly. that man. ***We will kill Richard Nixon. We will kill any that stands in the way of our freedom.*** *We ain't here for no goddamned peace, because we know that we can't have no peace because this country was built on war. And if you want peace you got to fight for it.*

STATEMENT BY HUEY P. NEWTON, MINISTER OF DEFENSE OF THE BLACK PANTHER PARTY AND SUPREME SERVANT OF THE PEOPLE, ON THE OCCASION OF REVOLUTIONARY INTERCOMMUNAL DAY OF SOLIDARITY-MARCH 5, 1971

Power to the People, Brothers and Sisters,

First of all I would like to thank all of you for my very presence here, because if it weren't for the Power of the People, I wouldn't be here tonight. I'm not here because of the Black Panther Party; I'm not here because of any group, I'm not here because of a group of kamakazis. I'm here because of the Power of the People.

We must remember that Revolution is a process. It's not a conclusion; because once we conclude, then we become counter-revolutionary. And that means even with the gun in our hands, because fascism also has a gun. And I would like to say tonight that the Black Panther Party stands against all forms of fascism, including sexual fascism. That we are against all kinds of chauvinism, including racial chauvinism; we're against sexual chauvinism, national chauvinism. We're intercommunalists. Before I went to prison, most of you know, you are aware, that I never made any speeches, you see, because I'm not a very eloquent man. I'm better known by the actions. And the Party was built upon the actions. And the action itself is a process. And we're not ever fixated. We haven't accepted any dogma. And we will not.

And I would like to say this, that from now on the Party itself will be better known by its contributions to the People, for the simple reason that some people around us seem to want to be known through the Media. But the Party can only judge itself through establishing certain survival programs, pending Revolution. Because remember, you make the Revolution. We can't free political prisoners, only the people can free political prisoners. And a people who are not free cannot free their prisoners, cannot free the prisoners that fascism makes. So I would like to say that we must work very hard in order to lift the consciousness of the people. We must free our Chairman Bobby Seale, Angela Davis, Ruchell Magee, the Soledad Brothers, the seven and the three, and all other political prisoners. Randy. We have to free all of them.

But we must remember that we must exhaust every possible tactic. And we must let it be known that never broadcast military tactics for military reasons. It's perfectly correct to broadcast military tactics for political reasons. That's what Uncle Ho said, and I agree with him. So we would like for the people to know that there are many things that we will not discuss in public. But what you can do is watch the fruits of our work. And we would like to say that our Party became an intercommunal Party upon its actions. And I think that's very good. So I'm asking you in order to free all political prisoners, free the people, free the woman and also the man, that we have to get together in unity by substituting verbal expressions for action. The final test of the pie is the action. We'll stand on the Black Panther Party. The Black Panther Party from 1966 when it was formed will stand on its record, will stand on the action. We won't claim to be ultra-leftists; we won't claim to be infantile leftists. What we'll do is act in accordance with the particular set of conditions and the particular problem that we have at a time. So please judge us upon our actions and we will develop like that. We will not develop with lip service coming from anyone. And sometimes I'm very thankful that I don't talk too well, because that's only one way of communication. We say that a picture is worth a thousand words, but action is supreme.

But what kind of action you take will depend upon the particular set of conditions. And I say all of this, because you know the Party and the world today is under turmoil. And this is very good. We always have welcomed all forms of contradictions. Because without the contradiction there is no transformation. So from the contradiction that has developed now in the world and in the Party, we hope to have a qualitative leap. If this leap eliminates some of us, then, of course, we'll weep for that. But we must not stop the Revolution. I will not stop the Revolution. You should not stop it. And, for all that it's worth, we know that words will never stop it. Words will not start the Revolution either. Only action. 'Sixty-six kicked off the armed manifestation of Revolution in this country, because it focused upon the need for the People not only to defend themselves, but also to develop a consciousness necessary to perform and to act to be able to fight in a protracted war. And that is why it is necessary for us to develop the correct ideology, which is a system of thinking. And we must not rely upon and conclude with the philosophy, which isn't necessarily a conclusion.

So we're ideologically revolutionists. We're in a constant state of change. And we fight with all people who want to change, because we know change will offer our hope. So after all of this, we must pay more attention to what is happening. The news media has attempted to discredit the Party by saying that it's over, because they don't see anyone. I think our programs are better than the Party. The communities are involved in forty-four cities. We must support these; we must expand them. Because I read an article, recently, a few months ago, where Che had some problems in Bolivia, because the peasants were so unconscious until he could not rally them even with the "focos". They did not understand why the military, the regular military was dropping. So what did he do. He attempted to form certain programs that he called survival programs. He attempted to form a free health program in order to get the peasants inside, to help them, and also to provide things for his focos. He also took to form a free breakfast program, a free shoe factory, and a sporting good store (for obvious reasons). So programs are good. Because an act that might be revolutionary might be counter-revolutionary, if the correct preparations are not made.

So to be a serious revolutionist, we must know that we are involved in a process, and not a set of principles or conclusions that are of face-value revolutionary. I do not know one thing that is revolutionary in itself. And all things might be revolutionary in context. In other words, capitalism was revolutionary when it kicked out feudalism. And now we have a situation where the capitalists have become the imperialists, and the people of the world, of the communities of the world will have to kick them out. So in order to free Angela, Bobby, Ruchell Magee and all other political prisoners, we must kick the fascists out. And we cannot do it with lip service.

POWER TO THE PEOPLE

BOBBY SEALE: "I AM THE CHAIRMAN OF ONLY ONE PARTY."

March, 1971

This is Brother Bobby Seale, from the New Haven Courthouse, back in jail, back here. And I just wanted to say to the people, the masses of people, to all the brothers and sisters, Women's Liberation Movement, Black brothers and sisters, Chicano brothers, the Puerto Rican brothers, the young revolutionary White youth in America, and especially, all the Black brothers and sisters in the Black community, that I've seen a lot of things happening; and I've took time to analyse what's happening. And I see presently that there're some divisionary , counter-revolutionary actions going on. Now the Party accepts constructive criticism. Constructive criticism! But the divisionary, counter-revolutionary actions and jive tactics of Eldridge Cleaver is doing nothing but aiding the pig power structure. Aiding the pig power structure in their attempt to put in gas chambers and jails over 130 political prisoners, who are presently, like myself and Ericka, caught up in these jails, and are being railroaded to the gas chamber, where we're fighting for our lives in these trials. And this is the only thing that Eldridge's actions are doing. This is the only thing that I can see that is going on. And my analysis shows this.

There is no split in the Black Panther Party, at all. But the main thing that we want to get across, I want to get across, to the people is that the Party is based on Survival Programs to serve the people, and these survival programs - from Breakfast for Children to the recent programs that I'm designing right here in jail, in my time that I'm not in court, which is a decent housing fit for shelter of human beings program - these are survival programs - and this program and all other programs that all other revolutionary organizations have are survival programs, that must sustain the people so the people can wage a revolutionary struggle.

And Eldridge Cleaver, who's denouncing these types of programs and carrying on with all those other divisionary jive tactics, is negating the real meaning of a People's revolutionary struggle. That's why the Black Panther Party belongs to the people, because the survival programs come forth, and we set up the survival programs to sustain the people's revolutionary struggle. Even the Vietnamese people, if one would check it out, have their survival programs; they have their cooperative, functional survival programs throughout their land, amongst their people. The people just don't have guns alone fighting their battle. The people over there have actual everyday, functional, constructive survival programs. In their countries, in their lands, and in their everyday operations in fighting the capitalist pigs who occupy their country, they have survival programs. And those survival programs sustain the revolutionary struggle there. Of course, our survival programs will be directly related to here in America. But I, myself, send solidarity and support to all the socialistic, revolutionary peoples of the world, and the socialistic countries and lands - and the different war zones, where the people, the masses in those lands, are fighting against the capitalistic, imperialistic ruling class circles.

And Eldridge Cleaver - who negates the very survival programs that the Party is trying to set forth, that the Central Committee is trying to set forth, and all the real dedicated, hard-working brothers in the Party are trying to set forth to educate the people and serve the people, these survival programs (that) sustain the people's

to the gas chambers. He's aiding the power structure and causing us to be in the prisons, because the political prisoners are the ones who really initiate and work hard to maintain the survival programs for the revolution, the people's revolutionary struggle.

Only the masses of the people can really free political prisoners. And the people must see the value and the validity of the survival programs. And getting on down to it, so the people can understand where it's at, so that the people, even the supporters that we have all over Europe, all the solidarity committees that are in Europe, that're in Sweden, that are in Denmark, and other countries over there, who support the freedom of political prisoners in this country, who support the survival programs of the poor oppressed people in this country, and the revolutionary movement (who are initiating these programs), I am trying myself to get people to understand, that we are beautifully behind them and we are glad and send greetings to them and praise the people who are in the solidarity committees in other countries, and in fact here in America, here in Ameri-KKK-a. I think that the people really have to understand who and what the Black Panther Party is, so that these reactionary, counter-revolutionary, divisionary tactics will not be misunderstood. The Party is not falling apart. It's just that Eldridge Cleaver has personally defected his own self from the Party. He defected from the Party.

And I, Bobby Seale, am the Chairman of only one Party. And that Party is the Party that Brother Huey P. Newton is the Minister of Defense of and one of the supreme, top servants of the people; that Brother David Hilliard is the Chief of Staff of; that Brother June Hilliard is the Assistant Chief of Staff of; that Bobby Hutton was a member of, before the pigs murdered him. I am the Chairman of only one Party, that Brother Fred Hampton, who loved the survival programs for the people, was Deputy Chairman of. I'm the Chairman of only one Party, who Brothers Jonathan Jackson and George Jackson are members of. I'm the Chairman of only one Party, of the Central Committee of the Black Panther Party, with Huey, David, and the rest of the brothers and sisters on the Central Committee, where the Central Headquarters happens to be located on Peralta Street in Oakland, (California). So All Power to the People. Right On. And we're going to stick together. We ain't coming up with no jive. We have to free Brothers Ruchell Magee, George Jackson; we have to free Sister Angela Davis; we have to free these brothers and sisters. I am the Chairman of only one Party, the Party that Brother Huey is the Minister of Defense, with David Hilliard, June Hilliard, etc. And we're going to free political prisoners; and, we're going to keep these survival programs going; and, we're going to wage a People's revolutionary struggle, and not no jive, individualistic, defecting actions, by some individual who wants to play power games. I am the Chairman of the Party of which the San Quentin Cadre is apart and parcel of the same Party. The San Quentin Cadre of the Black Panther Party.

So all I have to say to the people is that you know where it's at. We're going to stick in solidarity. There're a bunch of jive renegades and jack-a-napes around. But later for that. Just later for that. Let that ride, cause we got survival to get on with, and a People's revolution to mobilize. And we got political prisoners to free all over this land.

RACIST-MAD PIGS SIC K9 POLICE DOG ON BROTHER

On Friday night, March 27, 1970, 14 yr. old Brother John (Little Hot-Rod) Hargrove became the victim of a brutal attack inflicted by a K9 Police dog. This brother along with two other bloods were playfully chasing each other along the sidewalk in the area of Sixth and Snyder Streets. When the brothers approached the corner, one brother ran past brushing against a lady standing at the corner. When this happened the lady immediately grabbed the brother. The two other bloods kept running. Soon after the pig grabbed the brother, a light colored station wagon appeared. In the station wagon were two plain clothes pigs. These pigs immediately proceeded to hand-cuff the blood, beat him in the face, and unleash a vicious police dog that ripped the flesh off the brother's body. As the brother tried to escape the blows of the pig beating him in the face, the K9 proceeded to bite him all over his body. While the brother was being beaten by the pig, and attacked by the dog, the other pigs who came along proceeded to chase the other two bloods. The pigs fired a shot barely missing the fore-head of one of the brothers.

Little Hot-Rod, handcuffed, face badly beaten and suffering from dog bites all over his body, was taken to the local police station where he was booked on suspicion of pick-pocketing. He did not receive any medical attention until several hours later at the Philadelphia General Hospital; there they gave him one tetnus shot and put a bandage on each leg. The pig who created the vicious attack was later identified as one of Rizzo's faggot law and order boys of the GRANNY PATROL. The Granny Patrol is a special segment of piggery which employs pigs to dress up as women so that they can arrest suspected pick-pockets.

The party conducted an interview with the bloods who were fortunate enough to get away, we also spoke with the brother's parents, and were able to visit the brother, at the Youth Study Center. We also spoke with the people in the community who witnessed the horrid incident!

Following are excerpts from the tapes which describe the incident. We cannot use names here of the bloods because it has been passed down that the pigs are trying to round up the other brothers.

The racist pigs approached the brothers by shouting "Get them niggers, get them niggers" They chased the bloods with butcher knives, and what appeared to be an ax. One brother was hit with a pipe in the stomach.

People in the community responded to the arrest and attack angrily. When several people in the community demanded that the pigs call off the dog, they were met with racist remarks from the pigs.

The attack was so vicious, the dog ate the underwear on the brothers body. In addition to bites on the brothers hands, legs and waist the dog also bit the brother in the back and rectum. The brother suffered from severe beatings by the pigs, in the face.

When Little Hot-Rod was visited on Sunday at the Youth Study Center, his body was not healing properly. He related that the nurse only applies mercurochrome on the bites. He is suffering from soreness. He is sleeping on hard cots in the over-crowded center. The bites on his body are swollen and inflamed. The brother's first remarks to his family were, "Tell my probation officer to get me out of here, this place is like Byberry" .

Just less than two weeks ago, the brother was beaten in a cell Division. This pig beat him so bad that Methodist Hospital complained to the Police Department. His eyes were badly damaged. The pig's name who inflicted that beating was Juvenile Aid Officer, Charles Kora. Hot-Rod identified Kora as his assailant and since then, he has been harrassed in his neighborhood by every pig who comes through.

At 14, John Hargrove is a marked victim of Frank Rizzo's fascists, like so many other Black youths in this city. Pigs are on the loose to inflict more physical harm to our people. It is high time that we escalate our war on the pigs and drive them out of our communities.

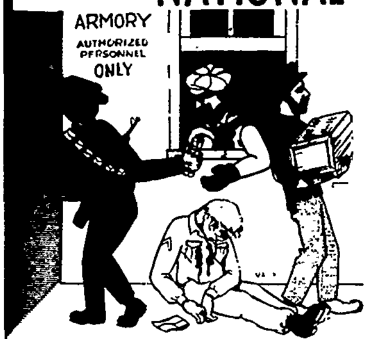
NATIONAL GUARD ARMORY BOMBED, HEROES SUCCESSFULLY ESCAPE



Newburyport, Mass. is a small residental New England town basically composed of people from the White working class. Until last Saturday, September 19, Newburyport's only claim to fame was that it is one of the many small towns surrounding Boston which are strongholds for groups like the Minutemen and other right-wing fascist reactionaries. Last Saturday, however, at 6:00 a.m. in the morning a National Guard Armory was bombed, hundreds of rounds of ammunition ripped off, military personnel records taken and to top it off, they left the scene in a one ton army pick-up truck. They (the bombers) attempted to open the vault holding the weapons of the pig army, M-1 rifles, .45 caliber pistols and .30 caliber sniper carbines, but were not able to do so. The act was accomplished in one fast motion, and the heroes escaped capture and one week later, "law enforcement officials" are still scratching their heads in wonderment.

And although the weapons, themselves, tools of our liberation were not liberated from the oppressor, the success of this action cannot be denied.

As has been the case in liberation movements all over the world, the guns and arms made by and for the oppressor eventually ends up in the hands of the oppressed. More important, the unknown people who accomplished this act, obtained hundreds of rounds of desperately needed ammunition. Again, past experiences has shown that while the guns themselves can be obtained in ample supply, the ammunition, the bullets, that actually inflicts death upon our enemy, becomes very scarce. One of the necessities of our struggle is our ability to liberate, stockpile, and then accurately use the ammunition of our oppressor upon our oppressor.

As for the military personnel records, they can obviously be put to good use. Our oppressors must be harassed and intimidated day and night. They must not sleep, nor rest, these are the devils who plot the genocide of Black people. The National Guard Armory in the small town of Newburyport, like other small time towns surrounding the Black colony in Boston is designed to be used against us in the fascist genocidal plot devised by the treacherous minds of the Nixon-Agnew-Mitchell clique. It is to be carried out by those men whose names and addresses are now in the hands of the people. Unknown members of the fascist majority now appear before the people's tribunal and will be judged according to their actions.

This action is just one of many blows which will be dealt out to the oppressor. If this action was intended to help and serve the people, we welcome their help to our just liberation struggle against the Babylonian Empire.

ORGANIZING SELF-DEFENSE GROUPS HOW TO COMBAT C.M.I.

Part 5

The principal of Juche (Self-Reliance) clarified by Eldridge Cleaver, the Minister of Information of the Black Panther Party, is "Use what you got to get what you need." To answer the question of how do you combat the pigs' *C.M.I. (communication, mobility* and information), we must first determine what we have going for ourselves. Checking out the practice of self-defense groups, we see that we have the power to determine what is to happen, when it is to happen and how it is supposed *to go down. What, When* and How (W.W.H.)- the element of surprise. The pigs have C.M.I. and self-defense groups have W. W. H.

To consider a self-defense operation successful is not to just *plan and execute but to plan, execute* AND escape. There have been too many instances where members of self-defense groups have planned and executed righteous blows against this racist system only to be captured, wounded or *killed. These are the consequences* for revolutionary activity, however we must keep casualties within an acceptable minimun. The *slogan must be Maximum Damage* to the Enemy, Minimun Damage to Us. Practice has shown that when planning W.W.H. if it is done with knowledge and an understanding of C.M.I. casualties will be kept within an acceptable minimum. *Too often, much attention* is given to a plan up to the point of execution without giving the same attention to evasion and escape, that phase of the operation that determines success. This is a subjective approach, a onesided *approach. W.W.H. is only one side* of the coin, C.M.I. is the other side. Because self-defense groups use W.W.H., the pigs' C.M.I. does not go into operation until a self-defense group commits itself by actually executing some type of *self-defense activity.*

All of us should be aware that once C.M.I. is activated pigs start showing on the set from 30 seconds to 1 minute maximum in every *major city in Babylon, therefore* the success or failure of a defense operation is dependent upon the attention given to C.M.I. and the planning of evasion and escape. As I see it, learning to deal with the pigs' C.M.I. is the number one military problem facing revolutionary forces in Babylon today. It is time for all who have something to teach, by example, to step forward. And remember, to die honorably, one does not need company.

ORGANIZING SELF-DEFENSE GROUPS

Part 6 ON REVOLVERS

Parts 1, 2, 3, 4 and 5 have been in previous issues of the Black Community News Service. This article is on revolvers, it gives a basic run down on the use of revolvers. Check out all of the photographs and notes to help you understand better the functioning of a revolver.

SAFETY PRECAUTIONS:

1. Check to see if gun is loaded. You do this on a revolver by swinging out the cylinder. Pull back on the cylinder latch and gently push *out on the cylinder. (see unloading* a revolver photo #2)

2. Keep your finger off the trigger unless practicing trigger squeeze or firing.

3. Point your gun away from where someone may be shot-Point at the ceiling or to the floor, but wherever you point, make sure no one is in the way and can be harmed.

4. Never leave the hammer cocked on a revolver. (Explanation later on cocking a revolver.)

KINDS OF REVOLVERS:

.38 Snubnose - This gun has only a 2" barrel and shoots 38's. It is very easy to conceal.

.38 Special - Has a 4" barrel and shoots 38's.

.357 Magnum - This is the type of handgun the pig carries. The ammo for this is .357 magnum. Metal piercing bullets will pierce an engine block. This is the best type of revolver to have.

.41 and .44 Magnums - Have more knock down power than a .357 Magnum. The Highway Patrol carries these to shoot through car doors, but a .357 will go through a car door also and .357 ammunition is more plentiful.

UNLOADING:

Holding gun in left hand (pointed in safe direction) release cylinder latch with right hand. (#3). Push out cylinder with the fingers of left hand (#2). Now that you *have swung out the cylinder* and the bullets are visible you gently push down on the extractor and let bullets drop out into your right hand (#4).

LOADING:

To load, simply follow the same steps in unlatching the cylinder. Then drop bullets into the chambers of your cylinder. Gently push cylinder closed, and you are ready to fire. DO NOT SLAM CYLINDER CLOSED, this causes *extra wear on your gun.*

COCKING A REVOLVER:

Put the tip of your thumb on the hammer holding revolver steady in the palm of your hand. Do not put your finger in the trigger. Pull straight back steadily on your hammer spur until your hammer locks back. You gun is ready to *fire, do not put your finger in* the trigger until you are ready to fire. After cocking hammer, place your thumb directly on the frame beside the hammer, resting the tip of your thumb on the cylinder latch. (Photo #4) *Your forefinger should be placed* on the other side of the gun straight out just above the trigger guard until ready to fire. Everytime you cock the hammer before firing, this is called single action firing.

PHOTO # 2

UNCOCKING A REVOLVER (LOADED):

Keep your finger off the trigger! With gun already cocked, place your thumb on the hammer firmly. Now with the gun firmly in your hand, pointed in a safe direction, *and* thumb firmly on the hammer (still cocked) squeeze the trigger slowly until you can feel the hammer releasing. IMMEDIATE-

URBAN GUERILLAS

America's complexity will be her downfall, for complex power, communications and transportation networks are unprotected. These systems are the life lines of the industrial and military might of U.S.A. fascism. The source of America's strength is its vulnerable Achilles heel-therefore urban guerrillas, utilizing and relying on information divulged by sympathetic workers, can halt or severely cripple every industry in the nation, and bring fascism crashing to its knees. The dams, power stations, substations and power lines are vulnerable. Highly sophisticated communications networks are used by our enemies for carrying out routine business, and are an extremely important factor, in the fascist reaction to guerilla strikes. The neutralization of the fascist communications lie within the capabilities of urban guerillas.

The disruption of this system would hamper and cripple not only the fascist military but would also effect all industrial outputs. The fascist ruling clique realizes the vunerability of their transportation networks, yet all fascist military forces and industry utilize the railways, the state and interstate highway systems and the airports. Urban guerillas can cut and constantly harass these important links.

Urban guerilla teams highly motivated have already begun to put their theory into practice. Lists are being compiled and are constantly updated on fascist and all enemies of our people, because the location and identification of the enemy is an extremely vital task of urban guerillas. This basic intelligence is necessary for planning retaliatory strikes against our enemies. Where their killer groups, for the most, will be unable to locate guerillas, urban guerillas will, in every attack hit the fascist squarely on the chin. Urban guerillas, being one with the people, must attack like skilled brain surgeons--cutting out the diseased tissue while perserving the good. Their dual purpose is that of destroying all fascist forces and their lackeys, while protecting and serving our people. The fascist ruling clique fears this. They know the Party is preparing to fight until the last of our enemies bites the dust. The Party has dared to take the vanguard role in the struggle and will surely defeat U.S A. fascism no matter what the odds, no matter how great the sacrifice. The Party is aware that the fascists will never lay down their arms of their own accord. And also aware of the direction that U.S.A. fascism is taking in order to survive as long as possible.

In Brazil, the guerilla forces found through social practice that they could best achieve the goal of liberating their people from the strong-hold imposed by the fascist Brazilian oligarchy by waging urban guerilla warfare. Brazil's development as an industrial fascist nation and the economic and social backwardness of the indigenous peasants made the revolutionary forces adapt the strategy of urban guerrilla warfare. The urban guerrillas moved to mobilize the workers, and implement urban guerrilla warfare within the context of their historical experiences with the working class and the fascist ruling class oligarchy. The revolutionary forces have implemented this type of struggle which invariably catches the fascists with their pants down. The type of warfare which turns the asphalt concrete and steel of cities into jungles; into cemeteries for the fascist highly mechanized units and turns his weapons of mass slaughter into paper tigers; into urban jungles where the revolutionary forces can plunge the blade into the hilt in the vunerable life lines of even fascist U S.A In this country as well as in Brazil the fascists tremble with dread at the thought of nationwide attacks by urban guerrilla forces.

In the Pentagon and select centers scattered throughout the U S A., gigantic multimillion dollar computers are manned by hoards of the military. Technicians wrestle with fascism's nightmare-the problem of dealing with urban guerrillas. These machines can only reach an hypothesis drawn from information fed into them. In order for the fascists to test the solutions offered by the computer. they must first circumvent

the frail facade of the constitution and the bill of rights. The fascists realize that if these two pieces of paper were implemented they would be in their graves tonight because the constitution and the bill of rights contain the moral impetus necessary to bring this foul evil economic and social system to its doom.

U S.A. fascists have compiled and are still evaluating information received from South American satellite states who are being beset by courageous urban guerrillas waging relentless struggle with amazing(to fascists)and stunning success. Eldridge Cleaver, Minister of Information of the Black Panther Party, has said that we still have a little time left because the U.S.A fascist ruling clique hasn't programmed all of the people to accept the genocide of the Party and our people yet. For at least a year now, there have appeared in every major newspaper, seemingly innocent space fillers. Articles from UPI-API dealing with the deployment of fascist death squads against the revolutionary forces in South America.

These fillers had the sinister purpose of preparing America for the advent of death squads now in operation in every major urban center. These articles were to prepare the people to accept the first overt actions of the Chicago foul fascist gestapo killer unit. Their predawn kill all--destroy all mission was launched as a pilot, an experimental operation with a two fold objective. One was to put counter-revolutionary theory into practice in America --to bring into the streets the fascist ruling clique's solution to the Party--to test and evaluate the techniques of counter-insurgency urban warfare. The second important objective was to evaluate the response of the people to above ground counter-insurgency killer groups--to see if the people were conditioned to accept the outright fascist terror tactics directed officially by the fascist ruling clique.

REVOLUTIONARY HANDIWORK OF THE URBAN GUERILLA

Our Party has been and is still the main target of a national dehumanizing campaign. The fascist controlled news media has consistently maligned, viciously attacked and branded our Party as a racist band of blood-thirsty murderers out for their own personal gain. The fascist news media seeks to justify the fascist's program of destroying our people's first line of defense, the Party, and all other organizations which refuse to be either bought off with blood money or intimidated by the repressive fascist forces. The fascist attempts to isolate our Party from the people has been a dismal failure. The liquidation of Deputy Chairman Fred Hampton and Mark Clark had top priority on the fascist's pig list. However, neither the people nor our Party were cowed or intimidated by the bestial slaying of these two revlutionaries. The fascist ruling clique made a grave error in underestimating the will of the people and our Party. People from all walks of life and every progressive organization saw through the fascist attempts to isolate and destroy their Party. The people mobilized and rallied mass support for the Party and soundly condemned the actions of Chicago's fascist killer groups.

Make trouble, fail, make trouble, fail again until their doom. This is the logic of fascists the world over. In Chicago, they refused to acknowledge the bankruptcy of their counter-insurgency campaign. In December, in Los Angeles, Southern California, Chapter of our Party, came under attack by fascist killer groups. Although outnumbered and using inferior weapons, our Party repelled and held at bay the fascist shock troops and sounded the end of Chicago type operations in a fuselage of bullets. We learned valuable lessons paid for with the blood of our revolutionary comrades. The fascist ruling clique has seen the support, that their homicidal raids have generated for the Party. They now know that if conditions are favorable, they will receive tit for tat and then some. They now know that Black and all progressive people will not sit idly by and pacify the action of above ground killer groups Fascists have tried to rally the support of the American people to their avowed aims and failed.

Now begins the phase of underground, clandestine operation of fascist directed killer groups. This is all part of the nature of the fascist ruling clique. The fascists will no doubt expand the techniques of their South American lackeys who operate unrestricted, unswayed by either democratic institutions or public opinion. As the tempo of the struggle increases so will the fascist acts of reactionary terror and violence increase. The primary target of forming clandestine kill groups will be both our people and our Party. If we are to survive as a people, this next phase of attacks, and pave the way to victory, it is imperative that our people be armed with the ideology of the Party. For only then will our people be able to cope with, both, ideological and physical attacks initiated by the insane fascist ruling clique. Huey P. Newton, Minister of Defense, said that our Party must be a living shield that stands between our people and the fascist pigs and that our paper should serve to educate our people so that they will survive.

As the attacks against the Party escalate, so must the awareness of our people be channelled toward acceptance and even more, active participation in urban guerrilla warfare. Phase two of the fascist plans will surely and soundly be defeated. The fascists will awake to find themselves bogged down on that last front. They will be swallowed up in the morass of a people's war. Their graves will be dug by revolutionary urban guerrilla forces amidst the asphalt, concrete and steel of the cities.

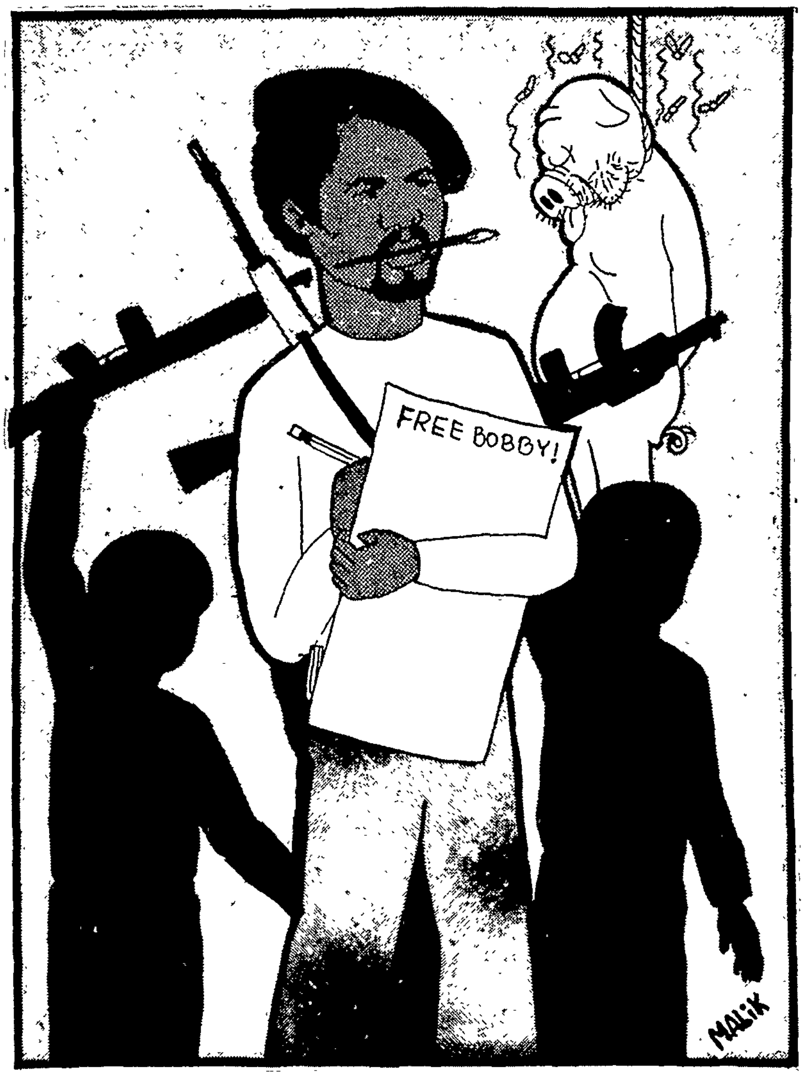
''Revolutionary Art''

The most prominent artist on *The Black Panther* staff is Minister of Culture Emory Douglas. Although he prepares a large number of cartoons, other Panther artists are also represented. These cartoons characterize the Government and local law enforcement as ''pigs'' and call for the overthrow of the Government and the killing of Government officials, as well as police officers.



THE REVOLUTIONARY ARTIST

When the Black revolutionary artist starts a still life painting, he doesn't see a beautiful vase, or a dish of tasty fruit, against a soft velvet backdrop...he sees only a tattered curtain, rusty cans, a broken dish--empty.

As he seeks out a beautiful landscape to paint, he sees not fertile fields with dancing flowers, and lovely maidens bathing in the sun, but decaying houses, and streets covered with debris, and a Black woman in ragged clothes with tear-stained cheeks.

The Black revolutionary artist knows only oppression, and that his art must relate to his surroundings, and his people, and most of all, his art cannot be abstract and unrelated to his revolutionary people. So he seeks, and finds what our Minister of Defense Huey P. Newton calls "the spirit of the people." As he moves on that, he shows what *Revolutionary Artist* and Minister of Culture, Emory Douglas shows--"the oppressor *hanging by his heels.*"

The revolutionary artist gives his art to his oppressed people.

So with his gun and his brush he shows the spirit of the people moving to crush the oppressor, and this is the essence of revolutionary art. His art then becomes part of the people's revolution.

He knows that only because of the urine covered walls and trash-littered alleys the people's desire for freedom will be replaced with *the BLOOD OF THE OPPRESSOR.*

International News

Panthers profess to believe that American Negroes comprise isolated "colonies" in the heart of the "mother" country, and are part of the Third World, defined as the nonwhite, undeveloped, and underdeveloped countries of the world. The 10-Point Program of the Black Panther Party includes, as a major political objective, a United-Nations-supervised plebiscite to be held throughout the black colony to determine the national destiny of American Negroes.

To internationalize their Party and enlarge their importance, Panther leaders have sought acceptance, support, and funds from sources abroad. They have made numerous trips to foreign countries, including Canada, Mexico, Cuba, Palestine, Germany, France, England, Denmark, Sweden, Norway, Soviet Union, North Korea, North Vietnam, and the Chinese Mainland.

Both at home and abroad, Panther leaders loudly proclaim anti-American sentiments and align themselves politically with the aims and tactics of enemy lands. The international contacts most important to the Panthers are made with revolutionary groups and communist countries, especially those that more closely follow Maoist thinking. The international news section of *The Black Panther* reflects attempts by the Black Panther Party to attract such attention, support, and aid.

TELEGRAM TO COMRADE KIM IL SUNG

KIM IL SUNG
PREMIER OF THE CABINET
DEMOCRATIC PEOPLES REPUBLIC OF KOREA

June 25th marks the 20th anniversary of the U.S. imperialist aggressive invasion of the DPRK in 1950.

The Black Panther Party takes this occasion to salute the DPRK and the wise and brave leader of the 40 million Korean people, Comrade Kim Il Sung.

We recognize and respect the long history of resistance and victory that Comrade Kim Il Sung and the 40 million Korean people have contributed to the world wide struggle against imperialism and fascism; the shining examples of socialist construction while under severe conditions of U.S. provocation and aggression, the many brilliant ideological contributions you have made to the socialist camp and in particular the concept of "Juche".

Because of our historical experience in America; because we are faced with no alternatives but genocide or liberation we understand the criminal nature and gangster logic of the U.S. ruling class. Black people are increasingly the victims of overt military aggression and U.S. plots to subvert our struggle for national salvation. Under these conditions we have an increasing awareness that the expulsion of the U.S. imperialist burglars from Korean soil and the reunification of Korea will be a victory for the Korean people and a victory for oppressed people the world over.

We see clearly that the reunification of Korea is not seperate from the salvation of Black and other oppressed people in fascist America. As gang boss Nixon and his mob of criminals intensify their attempts to loot Asia they are intensifying their murderous repression of Black people in America. These attacks will be met with revolutionary solidarity manifested in action, both around the world and in the gangsters lair, and with one-beat-a-hundred fighters in Africa, Asia, Latin America, and North America; the U.S.A. will surely be brought to the peoples JUSTICE.

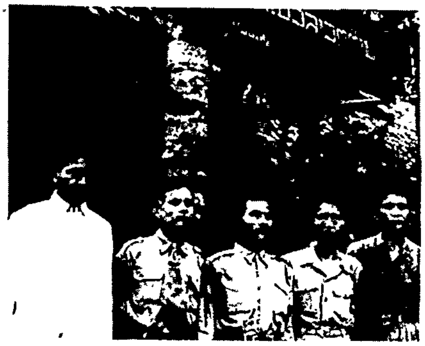
MEMORANDUM OF THE CENTRAL COMMITTEE OF THE LAO PATRIOTIC FRONT ON THE ESCALATION OF THE U.S. WAR OF AGGRESSION IN LAOS AND THE SETTLEMENT OF THE LAO PROBLEM

PART II

Application Of The Nixon Doctrine And Escalation Of The War Of Aggression In Laos By The Nixon Administration

UNDER PRESSURE FROM PUBLIC OPINION, NIXON ON MARCH 6, 1970 HAD TO ACKNOWLEDGE THE PRESENCE OF U.S. MILITARY PERSONNEL, THE LOGISTIC AND AIR SUPPORT AND "OTHER ACTIVITIES" OF THE U.S. IN LAOS. He also admitted an increase in the U.S. military activities in Laos. But he tried to argue that those activities were "limited" and of a purely "defensive" character aimed at protecting American lives in South Viet Nam.

But public opinion in the United States and in the world immediately pointed out that that was the first time the highest executive in the United States made an open acknowledgement of the violation of the 1962 Geneva Agreements on Laos by the U.S. On March 7, Senator Albert Gore declared that Nixon in fact had conceded that "we (the U.S.) have violated the Geneva Agreements". Public opinion has condemned Nixon's allegations as "queer" and "selfcontradictory" (the Japanese paper "Asahi Shimbun" March 9. "Nixon's allegations were misleading. They mentioned only some facts and not everything and showed no sign of any change of policy." (Senators Scranton and Fulbright, March 6 and 9, 1970).



The Resistance government formed in 1950 against the French Colonialists.

Obivously, Nixon cannot dupe public opinion which bases its judgement not merely on the words but also on the deeds of the Nixon administration during the recent past.

After Nixon came to power, the so-called "Nixon doctrine on Asia" saw the light which consists in providing more U.S. advisers, weapons and firepower to the Asians, while the latter contribute more mercenaries for the U.S. The formula of this doctrine is "native soldiers plus U.S. advisers and maximum logistic and air support" This is in fact a more elaborate and more refined form of U.S. neo-colonialism's wicked policy of making Asians fight Asians, and natives fight natives.

The active application of that doctrine in Laos finds a concrete expression in the steps of escalation taken by the Nixon administration in its aggressive war in Laos during the past 18 months, escalation in the logistic supply, in the supply of U.S. military personnel and in the use of U.S. combat troops in the "special war".

Under the Nixon administration, the amount of U.S. aid to Laos and military personnel introduced into this country have increased at almost the same rate. Compared with the 140 million dollars in 1967, U.S. aid in 1969 rose to 250 million dollars of which only the economic and technical aid accounting for less than 60 million was announced, while the rest was almost exclusively used for military purposes. Thus, military aid - about 190 million dollars a year, - is more than treble the economic aid and makes up 80 per cent of the total aid. This figure is approximately the same as estimated by Senator A.J. Allender in a censured report on the scale of American involvement in the war in Laos (AFP, Jan. 22 1970). It is necessary to note that what is described as "economic and technical" has also been used for secret activities of a military character. On June 7, 1970, J.A. Hanna, Director of the U.S. Agency for International Development, disclosed that the U.S. aid program also covers the CIA activities in Laos. At present, according to a statement of Senator M. Mansfield on September 21, 1969, U.S. aid in Laos had exceeded 300 million dollars a year and continued to increase.

Obviously, the Nixon administration is squandering in Laos more and more money of the American people, while serious social problems in the United States are yet unsettled, because enormous sums are being spent for unjust wars in Laos and in Indochina as a whole.

On March 6, 1970, Nixon said there were 643 advisers and military personnel out of the 1,040 Americans operating in Laos and denied the presence of any U.S. combat troops in Laos. That is not true. Compared with the 5,000 U.S. military personnel in Laos under the Johnson administration, the figure rose to 12,000 U.S. military personnel, with or without military uniform in the first period of the Nixon administration. Of them, there were at least 2,000 air force advisers, or 800 more than in 1967. The number of U.S. advisers assigned to the "special forces" training centres and regular units of the puppet army increased from 150 to 1,000 (according to a British source, the figure might be 2,000). The U.S. "special forces" operating in southern Laos are estimated at about 1,200 men. Thus there is one U.S. military adviser for every six Laos puppet soldiers (compared to the 70,000 men of the Vientiane army). In addition according to a statement of Senator R. Ottinger on April 24, 1970, at least half of the 45,000 U.S. air force personnel in Thailand (i.e. 24,000) are now directly participating in air activities in Laos. All told, the number of U.S. military men now taking part in military activities in Laos on the ground and in the air has run into tens of thousands at least equal to half of the total effectives of the Laos puppet army.

The running of the U.S. colossal war machine in Laos remains an affair of the U.S. embassy, Nixon's ambassador to Vientiane remains a military proconsul. The paper "France Soir", on March 3, 1970 said everything in Laos is controlled from the building of the U.S. embassy which houses the brain of the war machine. The number of army and air force military attaches of the U.S. embassy exceeds 200, an unusual figure for a foreign diplomatic mission in a country like Laos. The USAID agency in Laos is also operating within the framework of the U.S. diplomatic mission in Vientiane and is working for the CIA. On June 7, 1970, J.A. Hanna acknowledged that Laos is the only place where such things happened [illegible] did not approve it.

Of late some 1,5[illegible] U.S. "green berets" were introduced into Laos, whose command [illegible] (Thailand). U.S. Senator [illegible] on February 27, 1970 said the number of U.S. "green berets" in Laos had exceeded that of U.S. military advisers in South Viet Nam. In the past [illegible] 1969 and early 1970, U.S. combat troops took part in ground attacks on the Plain of Jars area, Meng Khouang province. The U.S. magazine "Newsweek" on April 6, 1970 affirmed that the CIA office in [illegible] Viet Nam [illegible] weekly [illegible].

Without [illegible], there have been more [illegible] participating in the fighting [illegible]. On March 6, 1970, Senator Mansfield [illegible] that Americans are fighting [illegible]. "The fact that some of them do not wear uniforms does not change this one bit. The fact [illegible] American combat troops [illegible] uniform have been fighting in Laos."

ON CHAIRMAN MAO TSE TUNG'S DECLARATION OF 20 MAY, 1970

In this declaration, Chairman Mao Tse Tung has set forth a brilliant and timely analysis of the qualitatively new situation that exists in the world as a result of the treacherous new acts of aggression launched by the fascist, imperialist Nixon-

Chinesepeoples.

This declaration pulls together into clear focus the revolutionary struggles and the liberation struggles of the people of the whole world, including the revolutionary struggle of the American people themselves.

Speaking specifically for the Black Panther Party, but reflecting the sentiments of millions of oppressed people inside the United States, it has become crystal clear to us that rampant imperialist aggression on the international scale and vicious fascist repression on the domestic scale are the two faces of the criminal government of the United States and the calculated policy of the American ruling circles. For 400 years now, Black people inside the United States have been the long-suffering victims of fascist violence and repression. But under the Nixon-Pentagon clique, this reactionary violence and repression has been escalated to new heights of barbaric cruelty. At the same time, in order to put down the already gigantic and still growing mass movement among White Americans against the wreckless and sanguinary policies and imperialist adventures of the U.S. government, the cowardly Nixon-Pentagon clique has unleashed a bloodbath against the American people as a whole, creating for itself new enemies who have joined hands with those who were already determined to carry out a struggle to the bitter end against an economic, political, and social system that is dominated by the madmen in the Pentagon and that is responsible for the misery and bloodshed all over the world today.

Chairman Mao Tse Tung captures the truth of the situation when he points out the unprecedented isolation of the Nixon-Pentagon clique. Never before have these criminals been so exposed and isolated as they are today. And never before has it been so clear that this criminality can only be ended by the people rising up to seize their own destiny from the handfull of willful exploiters and murderers that now have the power in their hands.

Coupling a revolutionary call to arms with revolutionary optimism in the assurance of victory, Chairman Mao Tse Tung, the great leader of the Chinese Revolution, hero and teacher of the revolutionary people of the world, has performed an invaluable service to all mankind by stepping forward at this time to renew the people's indictment of the common enemy of us all--U.S. Fascism and Imperialist Aggression. These courageous words of Chairman Mao Tse Tung will give new heart to the peoples in their lonely anddifficult struggles to throw off the shackles and chains of oppression now being held in place by U.S. Fascism and Imperialism.

Lastly, we wish to point out that only the enemies of the people and those who shirk their revolutionary duties and who are afraid of their own shadows will find fault with Chairman Mao Tse Tung's declaration. For our part, we welcome it, because we have learned, by shedding our blood, that only through relentless struggle, by resorting to arms inside the very house of U.S. Fascism and Imperialism itself, can we gain our freedom and liberation. This is what our experience has taught us and this is the faith that will sustain us as we push forward our struggle..

This is to advise of a meeting with representatives of the Senate Select Committee (SSC) on 6/12/75 in my office in accordance with the request set out in Legal Counsel to Mr. J. B. Adams memorandum dated 6/4/75.

IS-1 Section Chief J. G. Deegan, Number One Man William H. Atkinson, Unit Chiefs Homer A. Newman, Jr., David Ryan, Garnett T. Tunstall, and Special Agent Paul Daly of the Legal Counsel Division met with Jack Smith and Lester B. Seidel of the SSC staff.

At the outset Mr. Seidel indicated that SSC would do case studies on various organizations against which the COINTELPRO was directed. Black Panther Party (BPP) had been chosen for the start because many BPP members had been involved in and convicted of criminal activity. He distributed copies of a document (a copy of which is attached) outlining the purpose of the meeting and setting out requests that will be made of the Bureau through appropriate channels in connection with this case study. Included in this document, along with requests for various Bureau documents regarding COINTELPRO as it pertains to the BPP, were requests for a list of all local police departments and personnel contacted, a list of all media persons contacted and a list of all FBI personnel connected with this program and their present locations.

The investigative responsibilities of the Bureau, as relates to the BPP, were described generally to Messrs. Seidel and Smith highlighting the origin of this violence-prone organization and the series of violent confrontations in which it participated in the late 1960s. Mr. Seidel stated that he was specifically interested in ascertaining the extent of COINTELPRO and how it related to the investigation of the BPP in San Francisco - Oakland and Los Angeles. COINTELPRO was stressed only as a procedure which could have been followed in the course of our investigation. No specific

instances of institution of counterintelligence activities were discussed, and it was indicated that these activities were minor as far as the overall BPP investigation was concerned.

In connection with COINTELPRO, the Bureau letter to SAC, San Francisco dated 5/11/70 captioned "Counterintelligence and Special Operations" was discussed. Basically, this letter suggests San Francisco consider a proposal that through the use of documents subtly incorporating false information, attempt to give the BPP the impression that the documents were stolen by a disgruntled police employee who is sympathetic to the Panthers. This document was presented to the House of Representatives Committee on Internal Security in 1974 and was included in their publication of hearings conducted by that Committee. Messrs. Seidel and Smith wanted to know if the activities outlined in this letter had been implemented by the San Francisco or Los Angeles Offices. He was advised that this letter was not implemented as it had requested comments and recommendations of the San Francisco Office, and that Office had recommended against the proposals contained therein.

Mr. Seidel asked the identity of the SAC who recommended against this proposal and was advised that the SAC there, at that time, would not necessarily have had personal knowledge of the matter. He then asked identity of supervisor who recommended against proposal and was advised this information was available in the field office. Concerning COINTELPRO in general, he inquired as to specific techniques used against the BPP and whether forgery and wiretaps had been a part of the program. He was advised that we were unable to furnish that information without extensive file review.

Mr. Seidel attempted to discuss Special Operations but he was advised that the matter was not within the purview of the current meeting.

Mr. Seidel explained that they would be traveling to San Francisco and intended to interrogate personnel in that Office as well as unspecified outsiders who may have been involved in COINTELPRO. Mr. Seidel stated that he had asked for the meeting with Bureau personnel to obtain background data to aid them in these

interrogations. Both Messrs. Seidel and Smith expressed appreciation for the assistance given them at this meeting and both additionally expressed their feeling that the Bureau had done a good and proper job in its investigation.

During the course of this meeting a monograph on the BPP prepared by the Bureau in March of 1971 was used for background data. Mr. Seidel expressed a desire to have a copy of this document. This document, which is prepared from public source data, was compiled for public distribution and, if you approve, a copy will be furnished to Mr. Seidel.

For your information and if you approve, one copy of attached document entitled "Black Panther Party"* will be sent to Mr. Seidel.

SUBJECT: SENSTUDY 75

The purpose of this memorandum is to advise that a representative of captioned Committee requested to be given a briefing concerning counterintelligence programs as applied to our investigation of the Black Panther Party in San Francisco.

Lester Seidel, staff member of captioned Committee who is assigned the area of COINTELPROS, advised that the Committee is preparing what he termed case studies on COINTELPROS in four separate areas. He defined these areas as the Black Panther Party in San Francisco, White Knights of the Ku Klux Klan of Mississippi, the Professor Morris J. Starsky incident, and the Fred Hampton case (Black Panther Party leader in Chicago who was killed during a police raid in Chicago, Illinois).

Seidel previously had requested the Bureau arrange interviews of various Bureau personnel whom he considered familiar with the San Francisco Black Panther Party investigation, and at that time stated he intended to interview these individuals in two or three weeks. Mr. Seidel requested that prior to conducting interviews concerning this particular area, he desired to be briefed during the week of June 8 concerning the Bureau's general overall investigation of the Black Panther Party in San Francisco, along with the use of counterintelligence proposals against that organization. In this regard he desired that someone knowledgeable in this aspect be made available to brief him concerning this matter.

Dear Mr. Elder:

Further to our conversation regarding formal requests for documents and records, I attach a list of supplemental document requests.

What I would propose is that you and I discuss this list to insure that we have properly identified the requested documents.

In addition to the attached list I would like to review studies in the historical series: (1)"Maritime Operations in Indonesian Operations -- 1957-1958;" "Overthrow of a Government, November 1952-1953;" and any studies prepared that trace the CIA's activities in relation to the overthrow of the government of Guatamala in 1954.

Dear Mr. Halperin:

Reference is made to my letter to you dated April 6th, regarding your request for the "Delimination Agreement of 1948."

Coordination of this matter with the Central Intelligence Agency (CIA) has disclosed three documents which are pertinent to your request. It is my understanding that two of the three documents have been released to you by that agency, and I am enclosing with this letter, the third document. You will find this letter dated October 2, 1948, from former FBI Director J. Edgar Hoover to Mr. Frank G. Wisner, then the Assistant Director for Policy Coordination, CIA, contains certain deletions. The material deleted refers to the same material excised in one of the two documents furnished to you by CIA, and concerning which CIA asserted exemption provisions found in Title 5, United States Code, Section 552 (b)(1) and (b)(3). These provisions relate to matters that warrant classification and those which are specifically exempted from disclosure by statute. It is considered appropriate for the same exemption provisions to be cited by this Bureau in connection with the deleted portion.

You have thirty days from receipt of this letter to appeal to the Attorney General from any denial contained herein. Appeals should be directed in writing to the Attorney General (Attention Freedom of Information Appeals Unit), Washington, D. C. 20530.

Senstudy -75

This is to receive approval for submission of copies of documents requested by the U. S. Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. By letter dated 5/14/75 Senator Frank Church, Chairman of the above Committee, requested the Attorney General furnish documents including "all memoranda and other materials in the possession of the FBI pertaining to the activities of the IEC." (Appendix C, I, 14).

Mr. Kevin Maroney, Deputy Assistant Attorney General, Department of Justice, advised Supervisor Garnett T. Included in this material are work papers and final estimates prepared by IEC as well as communications between IEC and the Bureau. The only information remaining in Bureau files not already made available to the Committee consists of in-office memoranda. These memoranda fall into three general categories:
1. Those dealing with the origin and staffing of IEC,
2. Memoranda setting out requests from IEC for information from the Bureau and requests for approval to send such data to IEC and
3. Memoranda transmitting estimates and work papers of IEC which was the result of information furnished by the Bureau and other participating agencies.

These memoranda, without exception, show that the Bureau's participation in IEC was at the instruction of the Attorney General, its activities were legal and that the Bureau's contribution was substantial. It should be noted that the memorandum M. A. Jones to Mr. Bishop dated 11/25/70 captioned

SUBJECT: SENATE SELECT COMMITTEE

On 6/9/75, Mr. K. William O'Connor telephonically advised me that the Committee is interested in information concerning certain electronic surveillance coverage instituted at the request of the White House concerning seventeen individuals. Mr. O'Connor said that he understands that a letter was addressed to the White House by the Bureau furnishing copies of documents that summarized the information available to the Bureau concerning the alleged seventeen wiretaps. Mr. O'Connor requested that he be briefed concerning this matter in order for him to discuss the Committee's requests.

It appears that Mr. O'Connor may be referring to a letter dated July 23, 1974, that was addressed to Mr. George P. Williams, Associate Counsel to the President, at the White House. A memorandum was addressed to the Attorney General also dated July 23, 1974, captioned "Electronic Coverage Placed At The Request of the White House," which advised the Department that pursuant to the authorization of the Deputy Attorney General certain documents had been furnished to Mr. Williams at the White House.

RECOMMENDATION:

That the Intelligence Division identify the materials involved in Mr. O'Connor's request and provide him with an appropriate briefing.

ON INTELLIGENCE ACTIVITIES

Attached herewith in 14 bound volumes are excised copies of Exhibits A through E of the Department report of FBI Counterintelligence Program (Cointelpro) activities, prepared by the committee chaired by former Assistant Attorney General Henry E. Petersen.

These exhibits are individual write-ups prepared by the FBI of each proposed action in the Communist Party, Socialist Workers Party, White Hate, Black Extremist, and New Left Cointelpros.

In my letter to you dated April 21, 1975, I recommended against release of these exhibits to the Senate Select Committee as they are internal work papers which were prepared as a part of the deliberative process for an in-house Department investigation. I strongly object to the release of these exhibits. In the event you deem it necessary to release these exhibits to the Senate Select Committee, I request the enclosed copies, which have been excised in an attempt to avoid intrusions upon individuals' right of privacy and compromise of sensitive investigative techniques and sources, be made available.

SUBJECT: INTERVIEW OF MRS. DOROTHY SKILLMAN
6/4/75
SENSTUDY 75

On 6/4/75, Mrs. Dorothy Skillman, former Executive Assistant to Mr. Clyde Tolson, was interviewed by Mr. Mark H. Gittenstein and Miss Mary Deoreo of the Senate Select Committee Staff. Mrs. Skillman was escorted to the interview by former Assistant to the Director John P. Mohr who remained outside the interview room during the interview. Prior to the interview, Mrs. Skillman was met by SA L. F. Schwartz at which time she advised that she had been advised by Mr. John Hotis, Office of Legal Counsel, that the interview was to be concerning Mr. Hoover's Official and Confidential (OC) files and that if questions came up during the interview on other matters which might impinge on sensitive sources and methods, current Bureau investigations, etc., she was free to request an interruption of the interview to consult with Mr. Schwartz.

The interview of Mrs. Skillman commenced at 2:30 p.m., and it was terminated at approximately 4:30 p.m. On only one occasion toward the end of the interview, Mrs. Skillman asked to consult with Mr. Mohr and Mr. Schwartz. She advised that the interviewers had asked her concerning her knowledge of what might have been in certain cartons which were reportedly stored in the recreation room area of the late Director's residence. Mrs. Skillman stated that she thought these cartons contained many of the gifts and mementos that had been collected by Mr. Hoover over a period of years. After consulting with Mr. Mohr, she realized that she knew this only from comments that had been made to her by Mr. Mohr and had no firsthand knowledge of the contents of the cartons. On Mr. Mohr's advice, she advised the interviewers that she had no firsthand knowledge of what was in the cartons but that she knew that Mr. Mohr was aware of what was in them because he was present when the appraisers of Mr. Tolson's estate inventoried the entire house including these cartons. At the conclusion of the interview, Mr. Gittenstein commented to Mr. Mohr that he might have further questions to ask him concerning the contents of the cartons but would probably handle that by a telephone call to Mr. Mohr.

After the completion of the interview, Mrs. Skillman advised Mr. Mohr and Mr. Schwartz that the interviewers had asked her a great number of questions concerning her knowledge of the OC files which she said was very limited, the layout of Mr. Hoover's house and the work that Mrs. Skillman and Miss Gandy had done at the residence subsequent to Mr. Hoover's death. She stated that the interviewers were quite courteous and in no way antagonistic. Mr. Mohr requested Mrs. Skillman to type up an informal memorandum concerning the interview and he indicated that when this was done, he would provide a copy to the Bureau.

WASHINGTON, D.C. 20510

COMMISSIONER
MAY 15 1975
INTERNAL REVENUE

Hon. Donald C. Alexander
Commissioner, Internal Revenue Service
Internal Revenue Building
1111 Constitution Avenue
Washington, D. C. 20224

Dear Commissioner Alexander:

The Committee appreciates your letter pledging the full cooperation and assistance of the Internal Revenue Service in the work of the Senate Select Committee on Governmental Operations With Respect to Intelligence Activities. We also appreciate your forwarding the draft resolution which would authorize the Committee to review any "tax-related information" which may fall within the purview of its responsibilities. Such a resolution is being put forward.

In an effort to expedite the Committee's inquiry into the intelligence functions of the Internal Revenue Service, the Committee asks your cooperation and assistance in furnishing the material and information sought in the enclosed "First Request for Documents from the Internal Revenue Service" and "First Interrogatories to the Internal Revenue Service". It is the Committee's desire that most of the material and information requested be provided by May 30 and the remainder very shortly thereafter. We also request that you provide the answers and documents as they are compiled rather than holding those which are initially compiled until May 30.

In the near future, the Committee's Chief Counsel will be in touch with your General Counsel to work out the mechanics of delivering the requested documents and interrogatory answers and to arrange for close liaison between the Committee's staff and the Internal Revenue Service personnel with whom the staff will wish to meet.

While we recognize that the enclosed requests are substantial, they reflect the broad mandate given to the Committee by the Senate. We believe that it is in the national interest that we perform our

ENCLOSURE 62-116395-541

work under that mandate both expeditiously and thoroughly. Of course, for us to proceed expeditiously, it is necessary to obtain prompt cooperation from the Executive agencies involved. We are hopeful that with your continued cooperation the end result of our joint efforts will meet the Committee's responsibilities to the Congress and to the American people.

Sincerely yours,

Frank Church

HOUSTUDY 75

By memorandum F. B. Griffith to Mr. Bassett captioned "Senstudy 75" dated 2/6/75, you were advised that "Senstudy 75" is the code word for the control file (62-116395) containing all communications relating to the Senate Select Committee's (SSC) investigation and study of Governmental operations with respect to intelligence activities.

In mid-February, 1975, the House of Representatives created a Select Committee on Intelligence Activities which will have virtually the same jurisdiction and responsibilities as the above SSC. To date, practically all our work has been related to the SSC and only very recently has the House Select Committee (HSC) made any efforts to commence staffing.

As it appears, we can expect in the near future requests from the HSC similar to that already received from the SSC and in order to facilitate the administrative handling and retrieval, where necessary, of HSC requests and this Bureau's response to same, the code word "Houstudy 75" is being assigned to the control file (62-116464) containing all communications pertaining to the HSC and related matters.

SUBJECT: SENSTUDY 75

The purpose of this memorandum is to advise that the Bureau has been requested to again make available Newark office secretaries, Mary Ann Massa and M. Ann Mierzejewski for interview by captioned Committee and that the Department and White House had instructed that they not be made available until such time as the Committee decides to allow Bureau representatives to be present during interview.

By way of background, you will recall that these employees were released from the Employment Agreement and were made available for interview on May 20, 1975, by captioned Committee. However, the Department in objection stated that they were desirous that a Bureau representative be present during the interview. The topic of the interview was to have been their duties and responsibilities during the period of July to September, 1964, in connection with the Democratic National Convention, Atlantic City, New Jersey. Ultimately, neither the Department nor the White House could reach agreement concerning the interviews and the employees did not submit to interview.

On June 3, 1975, Michael Epstein, staff member of captioned Committee again requested these employees be made available for interview on June 5, 1975, at 10:00 a.m. The scope of the interview would be the responsibilities and duties performed during the period of July to September, 1964, in connection with the Democratic National Convention in Atlantic City, New Jersey.

Memo from Legal Counsel to Mr. Adams
SENSTUDY 75

Mr. Epstein classified the interview as an "abuse" type and agreed to allow agents to be available but not present during interview.

On June 3, 1975, K. William O'Conner, Special Counsel to the Deputy Attorney General for Intelligence Coordination, was advised of the request and of the fact that an agent could not be present during interview. He stated that the Department's position was that unless the Committee consented to allow Bureau personnel to be present, the interview would not go forth, and that he would advise Epstein and F. A. O. Schwar~~t~~z, Chief Counsel of the Committee, of this decision.

Mr. O'Conner telephonically recontacted Special Agent Daly and advised that he discussed the matter with assistant to the Counsel ~~of~~ to the President, James A. Wilderotter. Wilderotter told O'Conner it was the White House position that these girls should not be made available for interview unless the Committee allows Bureau personnel to be present. Wilderotter stated these two employees had been cited as examples wherein the White House felt interviews should not be conducted without representatives of the particular agency or Bureau being present as they are service personnel. According to Wilderotter, Schwar~~t~~z agreed to this position.

O'Conner telephonically contacted Special Agent Daly on June 4, 1975, at which time he advised that he had discussed the interview with Schwar~~t~~z, Epstein, and staff member Mark Gitenstein, and they would hold in abeyance the request to interview the employees pending a review of documents the Bureau is making available concerning 1964 Atlantic City Convention as stated in the Committee's request of ~~June~~ May 14, 1975.

SUBJECT: HENRY B. MONTAGUE
FORMER CHIEF POSTAL INSPECTOR,
U. S. POSTAL SERVICE
SCHEDULED APPEARANCE BEFORE SENATE
SELECT COMMITTEE 6/12/75

This memorandum is to advise of the scheduled appearance, under oath, of former Chief Postal Inspector Henry B. Montague before the full Senate Select Committee (SSC) in Washington, D. C., on 6/12/75.

On 6/4/75 Mr. Ron L. Jackson, Assistant Chief Inspector, U. S. Postal Service, advised Liaison Agent L.A. Crescioli that he was contacted this date by Mr. Montague who informed Jackson that he, Montague, was scheduled to appear before the full SSC on Thursday, 6/12/75. According to Jackson, Mr. Montague appeared to be very concerned about his appearance before this Committee. In fact, Montague requested that Jackson alert FBI Director Kelley to the fact that Montague will appear before this Committee. Montague did not indicate any specifics to Jackson as to why he was so concerned over his scheduled testimony before the Committee.

In the way of background, Montague was the Chief Postal Inspector from 1961 to the Spring of 1969, on which latter date Mr. William J. Cotter assumed the position of Chief Postal Inspector. Prior to 1961 Montague was the Inspector-in-Charge of the New York Division of the Postal Service. In the opinion of Mr. Jackson, Montague is a man of the highest integrity and most certainly is not involved in any wrongdoing. Jackson confidentially advised the Liaison Agent that it is his belief that Montague is so concerned about his appearance before the Committee because he may have to reveal certain agreements that prevailed in the past between the Bureau and the Postal Service concerning mail covers that have not been made public to date.

Jackson added that he personally has no knowledge of what agreements or understandings between the Bureau and the Postal Service that may be divulged by Montague. He emphasized that Montague did not divulge such data to him.

In conclusion, Jackson stated that Montague is in a retired status and has just returned from an extended vacation in the Mediterranean area. Montague did inform Jackson that the Committee has authorized Montague to be accompanied before the Committee by personal counsel; however, Montague has decided that he will testify alone and without personal counsel.

Dear Mr. Jones:

As you are aware, I have been concerned for some time about the nature of the Bureau's involvement in local law enforcement affairs. This concern has been heightened by my appointment to the House Select Committee to Investigate the U. S. Intelligence Community. In this light, I am requesting answers to the following questions concerning FBI activity in Berkeley:

1. What is the size of the contingent of agents in the Berkeley field office?
2. What are the functional responsibilities in the field office, and what are the percentages of agents involved in each, i.e., political, drug abuse, criminal, etc.?
3. What are the titles of the agents, and how do these relate to their involvement in category two?
4. What is the ethnic and sexual breakdown of the staff and agents in the Berkeley field office?
5. What are the interactions and working relationships between the field office, the Berkeley Police Department, the University of California Police Department, private security agencies and informers? How many informers are utilized by the field office?
6. Recent disclosures have raised serious questions regarding the Bureau's involvement in political surveillance activities of organizations and individuals over the past several years. What actions has the local field office taken to correct the abuses of these actions, and what political surveillance is being undertaken?

House of Representatives
Washington, D. C. 20515

Dear Congressman Dellums:

This is in response to your letter dated May 28, 1975, sent to the Senior Resident Agent of the Berkeley, California, FBI Resident Agency.

To clarify your inquiries, it should be noted the Resident Agency at Berkeley, California, operates under the general supervision of the FBI's San Francisco Office.

There are currently nineteen Special Agents assigned to the Berkeley Resident Agency. All are white males. The function of a resident agency is to handle all FBI matters within its specific geographical territory. This includes criminal, security and applicant investigations. The FBI does not have primary jurisdiction regarding drug matters and does not conduct "political" investigations.

MAILED 7
JUL 15 1975
FBI

As a matter of policy, the FBI advises other governmental law enforcement agencies of matters coming to our attention which are within the investigative jurisdiction of those agencies. In some cases there is concurrent jurisdiction and a joint investigation may be conducted; however, local law enforcement agencies do not have access to FBI files. Representatives of private security agencies may be contacted from time to time in the course of discharging our official responsibilities just as any other citizens may be contacted. The FBI also utilizes the services of informants to develop information concerning matters within this Bureau's investigative jurisdiction; however, it would be inappropriate for me to discuss more specifically the number of such informants or the manner in which they are utilized.

Honorable Ronald V. Dellums

As I have already indicated, the FBI does not conduct "political" investigations, nor do we conduct "political surveillances." We do, of course, have a responsibility for conducting domestic intelligence investigations authorized under legislative enactments, Presidential Directives and instructions of the Attorney General. These matters relate to espionage, sabotage, treason, sedition, and other activities involving the internal security of the United States. The policies relating to such investigations are not made on an ad hoc basis by individual Agents or individual offices, but conform with broad policy applicable to all offices.

The FBI offers a variety of courses of instruction for law enforcement personnel throughout the United States, including such subjects as anti-sniper and survival training and special weapons and tactics, commonly known as "SWAT". The basic purpose of this training is to provide well prepared teams capable of resolving highly dangerous situations with a minimum of risk to innocent bystanders, the law enforcement personnel involved and the subjects of the investigation.

Enclosed is a newsclipping describing some of the training of our own personnel in this field. The article appeared on June 1, 1975, in the "Washington Star News."

Sincerely yours,

C. M. Kelley

Memorandum W. R. Wannall to Mr. J. A. Mintz 4/11/75 recommended that a draft of the proposed Memorandum of Understanding concerning clearance procedures for Staff Members of the captioned Committees be coordinated with Central Intelligence Agency (CIA) and other appropriate members of the intelligence community.

On 6/2/75 the draft Memorandum of Understanding was discussed by SA L. F. Schwartz with Mr. John M. Clarke, Associate Deputy, Intelligence Community Staff, and Mr. Donald E. Moore, Chairman, Security Committee, U. S. Intelligence Board, who advised that the draft had been reviewed by CIA and by the Security Committee on behalf of the intelligence community. They requested that the draft be revised in order to recognize the need for certain Staff Members to be cleared for access to compartmented information (a procedure already being followed by the Church Committee) and the desire of the Director of Central Intelligence (DCI) that it be made clear that the DCI will only offer his advice upon the request of the Committee Chairman and that in all cases the final determination as to clearance is the responsibility of the Committee Chairman.

UNRECORDED COPY FILED IN

Attached is a revised draft of the Memorandum of Understanding incorporating the changes proposed by Mr. Clarke and Mr. Moore which changes are underscored. Both Mr. Clarke and Mr. Moore were of the opinion that since Senator Church's Committee was already following the procedures outlined in the Memorandum of Understanding, and had completed the Committee Staff, it would be inappropriate to furnish a copy of the Memorandum of Understanding to Senator Church.

Reference is made to Legal Counsel memorandum to Mr. J. B. Adams, 3/12/75, and my memorandum, 3/25/75, both captioned as above.

By referenced memorandum dated 3/12/75, Legal Counsel recommended that the Intelligence Division (INTD) discuss with representatives of the Central Intelligence Agency (CIA) and other members of the intelligence community procedures for clearing staff members of captioned committees for access to classified information when questions as to the individual's trustworthiness have arisen in the course of the FBI's background investigation. Following such discussions, Legal Counsel recommended that a Memorandum of Understanding concerning these matters be prepared by the INTD which might be used by both Senate and House Committees.

By memorandum 3/25/75, the INTD submitted for approval a draft of a proposed Memorandum of Understanding concerning clearance procedures for staff members of captioned committees. Special Investigative Division disagreed with several features of our draft memorandum and has prepared a revised memorandum, which is attached for approval.

The INTD has coordinated this matter with the Special Investigative Division and interposes no objection to the text of the revised memorandum; however, it is suggested that consideration be given to adding the words "by the FBI" at the end of paragraph five on page one. Paragraph five, thus modified, would read: "Where there is a question of trustworthiness for access to classified information, the Committee Chairman will have the summary memorandum furnished to the Director of Central Intelligence (DCI) by the FBI."

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Mr. Adams memorandum to Mr. Callahan dated 3/7/75, captioned as above, copy attached, reported our conversation with Senator Church and Congressman Nedzi.

As indicated in Mr. Adams' memorandum, Congressman Nedzi asked that we prepare a memorandum of understanding to be approved by CIA, FBI, and the House Committee concerning investigative and clearance procedures for members of the Committee's staff. It appeared appropriate to us to coordinate a memorandum of understanding to be drafted for the House Committee with that to be drafted for the Senate Committee. Therefore, following our return from the meeting with Senator Church and Congressman Nedzi, I called Bill Miller and advised him of the request made by Congressman Nedzi for us to prepare a proposed memorandum of understanding. I asked him whether it would be possible for us to coordinate the language of that memorandum with the understanding that it will be drafted for use by the CIA, other members of the intelligence community, and the Church Committee. Mr. Miller said that the proposal to coordinate the memorandum was completely acceptable to him and he requested that the draft memorandum being prepared for Congressman Nedzi be furnished him for review and possible adoption as the memorandum to be used by the Senate Committee.

RECOMMENDATION:

That the Intelligence Division discuss this matter with representatives of CIA and other appropriate members of the intelligence community and prepare a draft memorandum of understanding that may be used by both House and Senate committees.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

On 3/7/75 Mr. Mintz and I called on Senator Church and his staff director, Bill Miller, to further discuss the procedures for investigating and clearing staff employees of the Committee, particularly where information might be developed raising a question as to the propriety of a clearance. It had previously been approved that the FBI would conduct the background investigations, furnishing the results to Senator Church, and after his determination that the individuals met the required criteria for access to classified information he would notify CIA of his determination and intent to employ the individual involved, at which time CIA would grant the necessary clearance based on the certification by Senator Church.

In discussions between CIA and FBI representatives, we raised the question as to whether CIA would review the results of the investigation prior to granting clearances and CIA representatives indicated they did not intend to and were reluctant to inquire of Senator Church as to whether they could be furnished the results of any investigations involving derogatory information.

In discussing this matter with Senator Church, I inquired whether he had any objection to our bringing to the attention of CIA any questionable cases in order that CIA representatives, who have the responsibility of granting the actual clearances, would be in a position to advise and counsel with Senator Church on those individual cases. He had absolutely no objection to this and, in fact, felt there should be an open communication between FBI, CIA and his Committee to insure that no one was appointed and cleared who did not measure up in every respect from a security standpoint.

I discussed with him the particular case of Stanley Rawson Sloan, the results of which I had brought for delivery to Senator Church. Sloan was

formerly employed by CIA and resigned in December, 1974, after his clearance for sensitive compartmented information had been lifted as a result of his marrying an alien. This marriage would not preclude him from clearance for access to lesser degrees of sensitive material but only for the more sophisticated clearances. Mr. Miller advised that Sloan had not been appointed and was not going to be appointed because of other reasons unrelated to a security clearance.

Senator Church indicated that he felt it would be wise to prepare a memorandum outlining our security clearance procedures and his staff would be glad to prepare such a document.

Following the meeting with Senator Church, Mr. Mintz and I dropped by to see Congressman Nedzi, Chairman of the House Committee, and delivered to him Mr. Kelley's letter congratulating him and offering him our complete cooperation. Chairman Nedzi stated that he was very appreciative of this offer and would consider Mr. Kelley's request to confer with him as an open invitation and as soon as things had shaken down he would be in touch with us.

We discussed with him the investigative and clearance procedures we were following with the Senate Committee and Chairman Nedzi agreed the same procedures should be followed with his Committee, including our making available to CIA any derogatory information which might be pertinent to a clearance determination. At first, he suggested that we send the results of our investigations to CIA before coming to the Committee but then concluded that it would be more appropriate for them to come to him first since some of the applicants under consideration would probably not be appointed. He specifically asked that we prepare a memorandum of understanding to be approved by CIA, FBI and himself.

I asked Mr. Nedzi whether he felt the formulation of his Committee would serve to trim down the number of requests for information being received from various House committees and it was his opinion that it would help in some instances; however, in others committee chairmen would pursue their own inquiries. He personally did not feel he had the clout nor the desire to try to preempt this area entirely for his Committee. He also stated he felt that CIA's problems had in the main been fully exposed and would soon be

of less concern, whereas the concern over domestic security policies of the FBI would undoubtedly be greater in the future. He expressed his appreciation for our cooperation and indicated he was striving for a responsible approach to the inquiry.

Following the meeting with Mr. Nedzi, Mr. Mintz and I agreed that it would be best for us to prepare a proposed memorandum of understanding concerning the investigative and clearance procedures for both Committees in order to try to insure uniformity, and Mr. Mintz will get in touch with Bill Miller to seek his concurrence in that regard. Our efforts will be coordinated with CIA and the proposed memorandum as drawn up will be submitted for the Director's approval.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

By memorandum dated 5-22-75 you were advised that former SA Robert Nichols had been contacted by Lester B. Seidel, staff member of captioned Committee, at which time Seidel attempted to arrange an interview of Nichols. Nichols was advised by Deputy Assistant Director Jack E. Herington of the provisions of Attorney General Order 501-73 pertaining to Departmental approval prior to furnishing information from Bureau files. He was also reminded that he had signed an employee agreement with the Bureau agreeing to maintain confidentiality of the information contained in Bureau files. He was advised if he requested, the Bureau would make available a representative to accompany him should he be interviewed by the Committee.

Former SA Nichols telephonically contacted SA Paul V. Daly of this Division on 5-28-75 and advised he had been recontacted by Mr. Seidel. Seidel requested and Nichols agreed to travel to Washington, D. C., on the morning of 5-30-75 for an interview at the Committee's offices. Nichols stated that Seidel indicated the scope of the interview would be concerning Martin Luther King, Stanley David Levinson, and related matters. Nichols was unable to advise whether this was to be a staff interview or an appearance for testimony purposes before an executive session of the Committee. He stated he was not told by Seidel that his appearance would be pursuant to a subpoena. Nichols requested that the Bureau make available a representative so ~~that Nichols may~~ consult with him during the interview if need be.

sensitive investigative technique, divulge information furnished the Bureau by other Government agencies and/or foreign intelligence sources or adversely affecting an ongoing investigation. It was pointed out to Mr. Nichols that if he so desires, he could, of course, obtain the services of private counsel. He indicated it was his intention to arrive in Washington Thursday night, 5-29-75. He was requested to appear in the Office of Legal Analysis, Room 4513, at approximately 8:15 a.m. on the morning of 5-30-75 so that arrangements might be made to brief him by the Office of Legal Analysis and subsequently by the Intelligence Division. Nichols stated he would do so.

The Office of Legal Analysis is attempting to obtain from Committee representatives further information as to the circumstances and exact time of interview of Nichols.

RECOMMENDATIONS:

1) Intelligence Division representative be made available to accompany Nichols to his interview with captioned Committee.

2) That Nichols be released from his employment agreement to respond to questions concerning our investigation of Martin Luther King, Stanley David Levinson, and related matters.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Hotis

On May 27, 1975, James A. Wilderotter, Associate Counsel to the President, requested me and representatives of other agencies interested in the arrangements concerning interviews of witnesses by the Senate Select Committee to confer with him and Roderick Hills at 2:30 p.m. that date at the White House. Mr. K. William O'Connor, Deputy Assistant Attorney General, Inspector John B. Hotis and I represented the Department and the FBI. Roderick Hills and James A. Wilderotter represented the President's counsel; Bob Andrews represented the Defense Department; John Warner, General Counsel, CIA; Roy Banner, General Counsel of NSA, and Mr. Hyland from State Department as well as John Clark, Deputy to the Director of CIA, attended.

The purpose of the meeting was to discuss the latest version of proposed procedures to be followed by the Committee staff investigators during interviews of former and current employees. Roderick Hills presented a document (copy attached) which he described as a counteroffer by Frederick Schwarz, Counsel to the Committee. He called for general discussion of the document after indicating that he had discussed this matter with Mr. Schwarz at lunch on May 27th and felt that it was a workable document. I pointed out to Mr. Hills that the document provides that there would be notice to the agencies of the identity of witnesses at reasonable time prior to interviews or taking of sworn testimony except where "the committee or its appropriate delegee" determines that prior notice should not be given. I told him that I was concerned that that provision would be used by the Committee staff to permit individual staff investigators to make that determination and I was confident they would do so.

Mr. Hills was reluctant to seek a modification of the language indicating that he had an understanding with Mr. Schwarz that the authority would be limited to the senior counsel and to members of the Committee. I told Mr. Hills I would request that the language be modified in writing so that the authority would be conferred on specific representatives of the Committee to avoid having staff authority which I thought would be abused. Mr. Hills finally agreed that the language would be modified so that the authority would be available only to both Committee senior counsel and/or a combination of senior counsel and a Committee member. Further, the language would be modified to require that the determination that an agency would not be given prior notice of a pending witness interview would be recorded in writing for the Committee's records.

I asked Mr. Wilderotter and Mr. Hills whether this agreement was to be made between the staff and the agencies or whether it in fact would be accepted by the Committee. After some discussion, we were advised by Mr. Hills and Mr. Wilderotter that the document would be submitted to the full Committee for their approval and incorporated into the Committee's records.

I pointed out that I believed it was necessary for the understanding to be made between the Committee and the Executive in order for there to be some basis for restraining Committee staff investigators who may not be inclined to follow the rules.

Other proposed changes discussed would require the Committee representative to furnish to a witness a copy of the Committee's rules which includes advice concerning the right to counsel and a copy of the proposed guidelines for witness interviews.

I recommended that the guidelines be expanded to address the problem of existing secrecy agreements with former and present employees and the procedural problem involved in Attorney General Order 501-73 which requires prior Departmental approval in order for a witness to respond to a subpoena. As a result, Mr. Wilderotter advised on the morning of May 28, 1975, that he would recommend the addition of a sentence in the opening paragraph that would indicate the guidelines would not be understood to impair the constitutional rights of individual witnesses, agency agreements with employees or former employees, existing Departmental orders or the Committee's own rules.

Memorandum to Mr. Adams
Re: Senate Select Committee, etc.

Other minor changes were considered and an effort will be made to correct the language so that the agencies will be obliged to make reasonable efforts to comply with all Committee requests instead of being required to furnish "all information" absolutely.

Mr. Wilderotter advised on the morning of May 28th that the comments described above will be discussed with Frederick Schwarz in an effort to finally resolve this matter.

RECOMMENDATION:

OUTLINE FOR INQUIRY PROCEDURES

It is hoped that these voluntary guidelines will permit the Select Committee investigation to proceed without undue delay, but it is also recognized that these guidelines do not cover all points or anticipate all problems and that, therefore, either the Select Committee or some agency under investigation may have reason not to follow these suggested guidelines.

Also, it is recognized that this outline is without prejudice to the respective legal positions of the agencies and the Select Committee as to the production of specific information by way of documents or testimony. Not to impair Const. rights of ind witness, agency rules or agreements, comm rules.

A. Classification of Interviews/Preliminary Testimony

The parties to this investigation by the Select Committee recognize that interviews/preliminary testimony to be conducted by the Committee staff will generally be of two separate and distinct natures.

(1) Those primarily seeking information concerning (A) the overall structure and functions of any agency or its relationship with other agencies or the Executive branch; (B) the substantive work being done by the agency, including the legal bases relied upon and the requisite approval levels for authorization; and (C) the capacities of each agency and the responsibilities to provide information for other governmental entities.

(2) Those primarily concerning specific allegations of agency or Executive branch abuses or other controversial specific matters where there is reason to believe improprieties may have occurred.

An agency representative will be present, as a general rule, at interviews/preliminary testimony in the first category for the purpose of assisting the Committee's investigation and facilitating the protection of information important to the national interest which is pertinent to the investigation. Similarly, as a general rule, agency representatives will not be present at interviews/preliminary testimony in the second category. The parties recognize, however, that for special reasons exceptions can be made in either case: i.e., when good reason exists, endorsed by the Select Committee, agency representatives may not be present for interviews/preliminary testimony falling under the first category, and for good and sufficient reason the agency may [seek to] have a representative present in the second category subject to the approval, of course, of the Select Committee.

B. Procedures to be Employed in Category (2).

When the Select Committee has identified a specific subject as a potential abuse or impropriety and has so notified the agency involved of its designation, that agency will, subject to the second sentence hereof, make [every effort] to provide the Select Committee

with all information and materials that it has on the subject. There will be a mutual effort by the Committee and the agencies to provide special handling techniques to convey or secure any particularly sensitive information or materials as appropriate.

In abuse or impropriety interviews/preliminary testimony, the following procedures will prevail.

(1) Witnesses will be identified to the agency a reasonable time prior to interviews or taking sworn testimony. This general rule includes current employees, former employees or others who have or have had a relationship with the agency.

Exceptions

~~Written record~~ [illegible]

A. Where the Committee or its appropriate delegee ~~by written doc~~ stet believes that prior identification of a witness could adversely affect the witness' willingness to be interviewed or to be forthcoming, or could otherwise hinder the investigation, such prior notice ~~by written authorization~~ will not be given, but in such cases the agency shall be given a general indication of the points or areas to be covered to the extent that is feasible without undercutting the reason for not providing prior notice in the first instance. Delegees shall consist of both Comm. senior counsel or a comb of senior counsel and committee member.

B. In certain cases, the Committee might notify the agency, if the agency agrees not to contact the witness before his appearance. The agency could identify for the Committee special security matters concerning prospective witnesses and provide information on how to locate a witness.

(2) When the Committee contacts a witness, it will explain the security and other arrangements between the Committee and the agency, as well as serve the witness a copy of these ground rules and a copy of the Committee rules. If the witness wishes to consult with the agency prior to his appearance, the Committee will not discourage or seek to interfere with that desire in any way and will help the witness contact the agency representative.

(3) Whenever they are not present at interviews or the taking of sworn statements, agency representatives will be available for consultations regarding the handling of special security matters.

(4) Whether or not an agency has notice of an interview or sworn statement, the Committee will inform the agency of the general substantive points covered as soon as possible thereafter, unless disclosure of the substance of a particular interview would make discernible the identity of a confidential source. In such cases, the Committee shall, to the extent feasible without undercutting that decision, notify the agency in general terms of the points or areas covered, and the fact that it has interviewed a witness on such matters.

(5) Whenever an agency receives prior notice of a particular interview or taking of a sworn statement, it will also be notified

of the general subject areas and periods of employment in which the Committee is primarily interested. The agency will then check the subject's personnel history file and advise the Committee of any exceptionally sensitive aspects of the subject's employment or activity which require special handling.

(6) If because of concern about security of sensitive information, a witness feels unable to give a responsive answer to a particular question, the witness shall so indicate to the interviewer. The questioner and witness may then consult with the agency representative with respect to an appropriate response which will facilitate the provision of pertinent information and its protection. These matters should be worked out forthwith and ordinarilv before the close of the interview/testimony session.

(7) The Committee is responsible for providing special handling of interview notes and other working notes in a manner which will protect sensitive material. At the conclusion of the Committee's inquiry, the Committee will consult with the agencies concerned regarding the appropriate disposition of any such notes which have not been destroyed following the preparation of finished Committee documents. The agencies will indicate which of these notes it feels are too sensitive to be stored under the Archives

arrangement being established for the general disposition of the Committee's working papers and non-public reports.

ADDENDUM: J. B. ADAMS 3/31/75 JBA:ams

On 3/28/75 Mr. Wannall and I met with Mr. Buchen and Mr. Hills at the White House. The purpose of the meeting was to review the role of The White House in coordinating the responses of the various intelligence agencies to the Senate Committee to insure that there was uniformity in complying with Committee requests in that any restrictions on the furnishing of information were uniform.

It was determined that there is a unanimity of opinion that access to raw files would not be granted Committee members or staff as a matter of practice, although it is not inconceivable that some particular horrendous event might arise which is of such significance that access to the files on that matter might be granted to the Committee Chairman or a select number of Senators.

We discussed items which we felt were particularly sensitive such as identities of informants, sources and cooperative citizens as well as information received from foreign sources. The sensitivity of specific details on confidential expenditures was pointed out although we had no objection to discussing or making available the gross figures.

JFK(1)(B)

(S) We discussed the various means of electronic exploitation in the foreign intelligence field including the Orkid program and similar programs, electronic wiretaps, microphones, Telex, and electronic penetration of communications equipment. We pointed out that there were varying degrees of sensitivity involved and each type of surveillance would have to be individually considered as to the degree of disclosure which could be made to the Committee. (S)

We briefly discussed activities which had previously taken place yet which might be subject of current interest because of newspaper publicity and allegations. We were reminded on more than one occasion that it was absolutely imperative that the White House not be surprised without being forewarned of any earthshaking incidents which might come to light. In this context, we mentioned the Anagram program, the various mail and pouch intercepts, the Karot and related cases, surreptitious entries in connection with CP, Klan and such investigations. (S)

(S) Cointelpro was mentioned as well as the [redacted] project which was a joint FBI-CIA microphone penetration of the [redacted]y in July, 1971. Mr. Buchen inquired about exploitation of unavailable Government records and we mentioned Bureau Source 4, Social Security records, as an example. STATE JFK(1)(C)

SYNOPSIS:

The purpose of this memorandum is to summarize information in FBI files concerning [Israeli intelligence collection capabilities] (S) in the United States. James J. Angleton, former Chief, Counterintelligence Operations, Central Intelligence Agency (CIA), [advised the FBI on 6/26/75 that he appeared before the Senate Select Committee (SSC) and in response to questions advised SSC he only had secondhand and fragmentary information concerning [Israeli capabilities to conduct intelligence collection] (S) in the United States, including [nuclear information.] (S) He advised the SSC that questions concerning this matter might more properly be directed to the FBI. [Sensitive technical source coverage by the FBI of the [redacted] between February, 1969, and October, 1972, developed information showing that Angleton, during this period in his official capacity at CIA, had frequent personal liaison contacts with the [redacted] Israeli Intelligence Service (IIS) representatives involving the exchange of extremely sensitive information. Currently the FBI has no pending investigation involving Israeli intelligence collection capabilities in the United States. The most current information in FBI files concerning this matter involved the investigation based on CIA information dated 11/14/68 concerning the establishment at the Embassy of Israel, Washington, D. C., of an Israeli technical intelligence network. Also under investigation during this period at New York City was an IIS attempt to penetrate United Nations and official Arab establishments by the use of live sources. FBI files also reflect that IIS representatives periodically have operated in the United States since 1948.]

Memorandum to Mr. W. R. Wannall
Re: Senstudy 75

DETAILS:

According to referenced memorandum, James Angleton, former Chief, Counterintelligence Operations, CIA, advised the FBI on 6/26/75 that he had recently testified under oath without counsel before three Senators and staff members of the Senate Select Committee (SSC). He was questioned concerning his knowledge of [Israeli capabilities to conduct intelligence collection] in the United States, including [nuclear information.] Angleton stated he avoided any direct answers, advising that any knowledge he might have would be secondhand and fragmentary. He informed the SSC that questions concerning this matter might more properly be directed to the FBI. (S) (S)

Sensitive technical source coverage by the FBI of the Embassy of Israel, Washington, D. C., between February, 1969, and October, 1972, determined that Angleton, in his official capacity at CIA, had frequent personal liaison contacts with Israeli Intelligence Service (IIS) representatives at the Embassy of Israel, Washington, D. C., involving the exchange of extremely sensitive information. This special relationship was confirmed by Angleton and other CIA officials during a meeting with an FBI representative on 4/3/69. At this meeting CIA representatives stated that this liaison with IIS was known by the White House and the U. S. State Department. (S) JFK(1)(B)

STATE JFK(1)(4)

At the present time the FBI has no pending investigation involving Israeli intelligence collection capabilities in the United States. (S)

The most current information in FBI files concerning this matter involved the investigation based on CIA information dated 11/14/68 concerning the establishment at the Embassy of Israel, Washington, D. C., of an Israeli technical intelligence network directed by Avraham Hermoni, Scientific Counselor. Hermoni, prior to his assignment as Scientific Counselor in Washington, D. C., was involved in the Israeli nuclear weapons program. The activities and contacts of Hermoni and colleagues at the Embassy were investigated through 1972. The investigations of these individuals were discontinued as no specific information was developed to indicate that they had acted unlawfully or outside the scope of their official duties. (S) JFK(1)(B)

Memorandum to Mr. W. R. Wannall
Re: Senstudy 75

During the period of these investigations it was determined that Embassy of Israel officials recruited U. S. scientists for employment in Israel, and extensive liaison was established with individuals within U. S. scientific, political, academic and industrial communities. As an example, Hermoni developed close contact with Dr. Zalman Mordecai Shapiro, Director of Nuclear Materials and Equipment Corporation, Apollo, Pennsylvania, a firm which processes uranium 235 for nuclear reactors. (S)

The basis of the discontinuation of the sensitive technical source coverage on the Israeli Embassy in 1972 was a U. S. State Department directive. (S)

STATE
JFK(1)(c)

During this period it was also determined that the IIS was attempting to penetrate the United Nations (UN) and Arab diplomatic establishments in New York City. An informant of the New York Office, who previously engaged in intelligence activities in the Middle East for the Israelis between 1955 and 1960 while working at the UN, was recontacted by Israeli intelligence in August, 1968, while visiting Israel. This informant had access at the UN to extremely sensitive information from the office of the Secretary General. Israeli intelligence had directed him to obtain and furnish, through a mail drop in Belgium, interoffice communications between the Secretary General of the UN and his undersecretaries, and information regarding the Middle East, particularly relating to Arab matters. (S)

In May, 1968, another informant of the New York Office, who previously resided in the Middle East and was active in the Egyptian intelligence service, addressed a personal letter to General Dayan of Israel in which he expressed his opinion the Israelis should force the Egyptians to surrender and sign a peace treaty. Informant was subsequently contacted in New York City by an Israeli intelligence agent who furnished his name as "Michael" who showed informant a copy of his letter to Dayan. "Michael" subsequently "recruited" informant and furnished him a mail drop in Italy. "Michael" instructed informant to obtain employment at an Arab diplomatic establishment in New York City in order to (S)

furnish Israeli intelligence information on Arab moves in the Middle East crisis. During a meet in October, 1969, "Michael" was surveilled to the Israeli Consulate where he met Paul Korem, IIS representative. The informant subsequently received instructions that in the event of an emergency he should call a specific telephone number and ask for "Paul." This telephone number was identified as being a private line located at the Israeli Consulate. (S)

Neither of the above-described operations is currently active at New York. (S)

Korem, during his assignment at the Israeli Consulate in New York, initiated liaison contact with the New York Office of the FBI. (S)

FBIHQ currently has liaison with Menachem Navoth, IIS representative at the Embassy of Israel, Washington, D. C. During July, 1956, through December, 1956, while attending American University, Washington, D. C., and employed part time as a guard at the Embassy of Israel, Navoth was engaged in intelligence activities in the United States. Navoth met with an FBI double agent who was an employee of the U. S. State Department on several occasions and paid the double agent $250.00 for cooperating with the Israelis. (S)

New York currently has liaison with the Israeli Consulate. (S)

FBI files also reflect that IIS representatives have periodically conducted operations in the United States similar to those described herein since 1948. (S)

Alan G. Sentinella

May 21, 1975

The following represents the writer's recollection of testimony given this date before the Senate Select Committee (SSC) pursuant to subpoena. The session commenced at 10 a.m. 5/21/75 in Room 607, former Caroll Arms Hotel. Present was Senator Robert Morgan (North Carolina); Lester B. Seidel, Staff Member; Mr. Jack Smith, Staff Member; Mr. John Bailey, Assistant Minority Counsel, and a male reporter. Senator Morgan placed the writer under oath. Approximately four or five minutes later Senator Morgan excused himself with a general statement to the effect he had other pressing matters. The entire proceedings with only two exceptions were conducted by Lester B. Seidel.

Seidel explained the writer was entitled to counsel, had the privilege of invoking provisions of the Fifth Amendment, and would have the privilege of making an opening and closing statement. Seidel inquired whether the writer understood his rights and the Committee's rules and regulations, a copy of which he had made available.

The writer acknowledged receipt of the Committee's rules and regulations as furnished by Seidel at 9:31 a.m. 5/21/75. He also acknowledged he had been informed of the right to counsel but inasmuch as this Committee was not understood

to constitute a grand jury and in the absence of any charges or allegations of a violation of law on his part, he did not insist on the presence of counsel.

Seidel was advised that as a former Special Agent the writer had contacted the Bureau's Legal Counsel Division and as of this date had been advised by Mr. Paul Daly thereof that he had been cleared by the Attorney General (AG) to testify to matters relating to investigation of Martin Luther King, Jr., Southern Christian Leadership Conference (SCLC), and Stanley Levison.

Seidel was advised that during his interview of the writer in Atlanta, Georgia, on 5/12/75 he had asked a question as to how long after the assassination of King did the telephone surveillance continue on the King residence. On 5/12/75 the writer responded it was his recollection this coverage continued until a short time subsequent to the assassination. Following that interview, the writer recalled that either shortly before or shortly after that case was assigned to the writer, the King family had moved from one residence to another and that continuation of the telephone surveillance from the former residence to the latter one was not authorized. Secondly, Seidel on 5/12/75 had asked when the King and SCLC cases were

assigned to the writer, the writer recalled such assignment was in the early part of 1965; that it was now the writer's recollection this assignment was made in May, 1965.

"Set forth below are questions asked by Seidel (unless otherwise indicated) and the writer's answers. These questions and answers are not set forth chronologically.

"Q. Why was continuance of the telephone surveillance not continued to the Kings' new residence?

"A. Continuance was not authorized by the AG.

"Q. What telephone surveillance was there conducted by Atlanta of Stanley Levison?

"A. There was no such coverage per se only such as afforded by contacts made of King or members of the SCLC staff by Levison.

"Q. Was there telephone surveillance of Levison in New York?

"A. Any contacts of King by Levison while in New York would have been covered.

"Q. Did the New York Office maintain telephone surveillance of Levison?

"A. I do not directly know.

"Q. During the Atlanta interview you indicated you had read New York reports concerning Levison. Is that correct?

A. Yes.

Q. During Atlanta interview you indicated you presumed these reports set forth information concerning Levison from a telephone surveillance. Is that correct?

A. Yes.

Q. What was the basis for your presumption?

A. The appropriate administrative portion of such report would have so indicated.

Q. What evidence of CP connections did your investigation develop concerning Levison?

A. None.

Q. What information did you have establishing CP connection re Levison?

A. Such information as was set forth in what was then referred to as a characterization of Levison. Such characterization was a part of each report submitted to the Bureau.

Q. What was the nature of this characterization?

A. I do not remember the precise language. It is my recollection the statement was brief and set forth information establishing past and/or present CP affiliation by Levison.

Q. Where did you obtain this characterization?

A. A characterization of an individual or organization at that time was prepared by the field office concerned, submitted

to Bureau Headquarters for its approval, and such was made available to offices having a need-to-know this information.

See attached pages ITEM II

Q. What was the source of this information regarding Levison.

A. I do not recall that I was ever, apprised thereof. A characterization would not indicate the source of the information, unless public source information was utilized, otherwise the reliability or lack thereof of the source or sources would be indicated but not their identity.

Q. What prompted you today to amend your answer on May the 12th '75 as to how long telephone surveillance continued on the King residence? Did you seek the advice or an answer from someone?

A. Only to the extent that subsequent to May the 12th I conferred with a former Agent, Charles Harding. Prior thereto ~~to that time which~~ it had concerned me, that my initial answer to that question for some reason did not impress me as being completely correct. I mentioned this to Harding and he informed me that my answer was incorrect and mentioned the change in the King residence and the fact coverage had not been thereafter authorized. When he informed me of this I immediately recalled the change in residence which previously had escaped my memory.

Q. Why would Harding know this information?

A. For a period of time he was in a supervisory capacity.

Q. Was he in a supervisory capacity when the change in residence was made?

A. He was in a relief supervisory capacity at that time.

Q. Why did you rely on Harding's recollection? Is his recollection better than yours?

A. I am not suggesting his recollection is better or worse than mine. What he said to me merely served to jog my memory upon which I based my earlier statement today.

Q. You recall when I interviewed you in Atlanta most of my questions were taken from prepared notes?

A. Yes.

Q. You recall that I told you that I would make notes during the interview in order that I might later refresh my recollection as to your testimony?

A. Yes, and Mr. Seidel, you recall that I did not take any notes (to which he answered in the affirmative).

Q. Did you make any recording of that interview at the time?

A. I did not.

Q. Did you make any subsequent written recording of the interview?

A. Yes, I did so for my personal information.

Q. Is such writing available to this Committee?

A. I consider it a personal item for my personal use. I realize that you have the perogative of subpoenaing it. In the absence thereof, I prefer not to make it available.

Q. How long after King's assassination did the telephone surveillance of SCLC continue?

A. I cannot be certain. It continued for a period of time which may have been one, two, possibly three months. I simply do not remember.

Q. Who handled SCLC and Levison case after you left the Bureau?

A. Richard Hamilton.

Q. When did he assume these cases?

A. I cannot recall precisely. I am not even sure whether they had been administratively reassigned to him prior to my departure.

Q. Who else besides Stanley Levison was in contact with King who you understood to have some type of CP connections?

A. There was Hunter Pitts O'Dell, Bayard Rustin, and Harry Wachtel.

Q. Hunter Pitts O'Dell, the same as Jack O'Dell?

A. Yes, he was.

Q. What evidence of CP connections or domination by Moscow of O'Dell, Rustin, Wachtel, did your investigation develop?

A. It did not develop any such information.

Q. How did you know of whate~~ver~~ their CP affiliation may have been?

A. In the same manner as in regard to Levison.

Q. What investigation did Atlanta conduct of O'Dell, Rustin, and Wachtel?

A. There was no active ongoing investigation conducted of these individuals other than during such periods when they were in contact with King or members of SCLC.

Q. Was Coretta King ever the target of an electronic surveillance?

A. Not to my knowledge beyond such coverage as might have occurred from the telephone surveillance when it applied to the King residence or on such occasions when she might have been present in SCLC headquarters.

Q. Do you know when the telephone surveillance of King and SCLC were initiated?

A. I did not have the cases at that time.

Q. Did you not learn of such information while you had these cases?

A. Yes.

Q. How?

A. From information in the appropriate file.

Q. What communication transpired between the Bureau and Atlanta relative to the initiation of these telephone surveillances,

airtels, letters, memoranda?

A. I am certain there were airtels, letters, possibly teletypes in the file.

Q. What was the ~~j~~gist of such communications?

A. Advisement that such installation had been authorized, instructions to initiate the coverage.

Q. Who installed the surveillances, Al Miller; was he not a technician, a wireman?

A. Your answer to that question is not entirely correct. Alden Miller was an Atlanta Agent who had certain technical ability. It is my recollection the surveillance was installed by an Agent who was not from the Atlanta Office. I do not remember his name.

Q. Did you monitor any of these surveillances?

A. No.

Q. Did you monitor any such surveillance during this period of time?

A. Yes. I recall on two occasions filling in for another employee in connection with telephone surveillance of the headquarters of the Student Nonviolent Coordinating Committee. I did not monitor the King or SCLC telephone surveillance.

Q. What was the nature of the investigation of SNCC?

A. To determine communist influence of that organization.

Q. What is your recollection of the Bureau's efforts to influence any political campaign.

A. I have no such recollection.

Q. What about efforts to disrupt the political campaign of Senator Andrew Young?

A. I do not know of any such efforts. It's my recollection that Andrew Young did not become actively involved in politics during the period of time with which we are concerned. ← SEE ITEM I. of attached pages

Q. Did a former Bureau official William Sullivan visit Atlanta during this period?

A. There were two Sullivans in an official capacity with the Bureau.

Q. William Sullivan, who was formerly connected with intelligence matters at the Bureau. Did you ever meet him?

A. Yes. I met him on several occasions during the 1950s. I do not recall any contact with him during the period with which we are presently concerned.

Q. After you received the King, SCLC, and Levison cases, what did Mr. Bob Nichols do?

A. Shortly thereafter he was transferred as a Resident Agent to Valdosta, Georgia.

Q. Can you give an example of such reference?

A. There is only one particular conversation that comes to mind at the moment and I have no recollection with whom the conversation was held; during which reference was made to a wonderful sermon they had preached together on somebody's kitchen floor.

Q. Kitchen floor?

A. Yes.

Q. What surreptitious entry was made in respect to the King residence or SCLC headquarters?

A. During the period I was concerned with these cases there was none.

Q. Supposing an Agent wanted some item from either location to use against King or SCLC. Would he not have made a surreptitious entry to obtain it?

A. No such entry was made at any time to my knowledge. I say this very firmly because the Bureau policy before the late 1950s concerning such a technique had changed.

Q. (By Jack Smith) What do you mean by saying this policy had changed?

A. During my period with the Bureau, from the beginning, such activity had to be approved by the Bureau, With reference to the period of time when the policy ~~had~~ changed it changed to the extent that obtaining authority therefore was virtually impossible.

Q. Prior to 1965 in what way were you involved in any surreptitious entry?

A. Mr. Seidel, as I stated earlier I have been informed that I was released by the AG to testify before this Committee concerning King, SCLC, Stanley Levison, and matters related thereto.

Q. Did you develop any information establishing CP connection on the part of King?

A. Not beyond his affiliation with Levison and the other individuals previously mentioned.

Q. What was the objective of the investigation of King and SCLC?

A. To determine possible communist influence of King and SCLC.

Q. If, as you state, you did not develop information that King was a communist, was not this investigation in vain?

A. Not in my opinion. It is correct it did not establish that King was a CP member. It did establish that he was in contact with individuals then having past or present CP affiliation which was the objective of the investigation. See ITEM III of attached pages.

Q. Do you remember during 1963 King alleged that Bureau Agents were not responsive to civil rights ~~complications~~ Complaints in the vicinity of Albany, Georgia, and other South Georgia locations?

A. Yes, I recall news media information concerning such allegations.

Q. In response to these allegations by King, do you remember that Mr. Hoover became very concerned with King's allegations?

A. Yes. I definitely remember the news media indicating that Mr. Hoover was extremely upset.

Q. You have stated you were assigned to King and SCLC case in May, 1965, is that correct?

A. Yes.

Q. You previously stated these cases were initiated 12 months or perhaps a little longer prior to your receiving them. Is that correct?

A. Yes.

Q. Was there not then a connection between Director Hoover's concern with King's statements in 1963 regarding lack of attention to civil rights matters in South Georgia by the Bureau and the initiation of the investigation of King and SCLC?

See ~~[illegible]~~ ITEM IV of attached pages

A. ~~Yes.~~ I did not discuss that matter with Mr. Hoover or with any Bureau official.

Q. Do you deny there was any such connection?

A. I cannot deny that there might have been such a connection. This was a situation in which I recall the news media on more than one occasion suggested such to be the case.

Q. From 1965 until 1971 was there any electronic surveillance of any other individual or organization in addition to King, SCLC, and SNCC?

A. To the best of my recollection there were none except as may have pertained to some strictly criminal investigations with which I had no connection.

Q. What about prior to 1965?

A. There was one concerning an individual or individuals having KLAN ~~King~~ connections believed to have been involved in an earlier church bombing, I believe in Birmingham, involving the death of several children.

Q. During our interview in Atlanta you stated you did not have any contact with members of the news media or clergy regarding King or SCLC. Is that correct?

A. Yes, I did not have any such contact.

Q. What discussion was had with members of the Atlanta Police Department concerning King, SCLC, and Levison, and what was the extent of their electronic coverage regarding these matters?

A. During the period of time I was concerned with King, SCLC, Levison, I had no discussion with any member of the Atlanta Police Department concerning these matters. Bureau instructions regarding these matters were ~~or~~ that any discussion was on a strictly need-to-know basis and I have absolutely no recollection that members of the Atlanta Police Department fitted into this category.

I do not have any knowledge as to what electronic surveillance may ever have been conducted by the Atlanta Police Department.

Q. While in Atlanta you were assigned to what was referred to as the Security and Racial Squad, is that correct?

A. That is correct.

Q. Essentially this squad was concerned with security matters, racial matters, is that correct?

A. Yes and it was also concerned with civil rights violations and election law violations.

Q. In regard to civil rights and election law matters, did you ever develop any information pertinent to the CP?

A. No.

Q. What Agents do you remember were assigned to that squad? Charles Harding, Arthur Murtagh?

A. Yes. Those two, Alden Miller, Richard Hamilton, Richard Davis, Donald Burgess, Randall McGough, Timothy Dorsch, Charles Haynes.

Q. Who monitored the King and SCLC surveillance?

A. A number of different gentlemen, some of whom were periodically transferred.

Q. Who were some of those?

A. Donald Burgess, Richard Davis, Brian O'Shea, now deceased.

Q. Who served in a supervisory capacity before Charles Harding?

A. Henry Rouse.

Q. Where is he now?

A. I understand he retired, I do not know where he is located.

Q. What was your involvement with the Bureau's program referred to as COINTELPRO?

A. Mr. Seidel, as I endeavored to explain on May 12, your use of that particular terminology did not register with me at all.

Q. Recently testimony was given be one or more Bureau officials indicating this program began during the late 1950s and continued to a fairly recent date. Did not your reports regarding King, SCLC, or Levison include in their caption COINTELPRO?

A. It is not my recollection that they did.

Q. What about a Klan organization?

A. I did at various times handle investigations concerning individual Klan members. I did not handle the Klan as an organizational matter. It is my recollection that in reporting on the activities of an individual Klan member the character of the case would have been indicated as Ku Klux Klan - Racial Matter.

I feel compelled to apologize if I appear particularly dense as to the utilization of this phrase COINTELPRO. If it was a program operating over a period of years the only explanation I can offer at this moment is that conceiably some field offices other than Atlanta were initially involved therein. If this was the case, Atlanta may well have been included therein subsequent to my departure.

Q. (John Bailey) When the telephone surveillance was discontinued on the King residence and on SCLC who took care of that.

A. I do not know.

THIS WOULD READ BETTER IF MOVED TO PAGE 19

It should be noted the Committee took a five minute break approximately 12:05 to 12:10 p.m. after which questioning continued.

Following a few very general concluding comments by Seidel, the writer was given the opportunity to make a statement. At this point Seidel was advised it was the writer's understanding that the procedures of this Committee provided for a witness to subsequently have opportunity to review the transcript thereof, and that the writer would like to avail himself of this opportunity. Inquiry was made as to whether this could be accomplished via registered or certified mail to preclude unnecessary expense to the Government.

Seidel responded at some length referring to (Section 6b?) of the Committee's rules and regulations which permitted

such review in the Committee's office. Any expense thereof to be borne by the witness. He explained it was not his perogative to amend the Committee's rules and regulations.

The writer apologized for asking the question and assured Mr. Seidel he was not asking him to make any changes.

He submitted that had he been furnished a copy of the Committee's rules and regulations for a period of time no longer than 29 minutes before this Committee convened, it would not have been necessary to have asked the question.

Had such been furnished at an earlier date

The aforementioned session terminated shortly past 1 p.m.

"A. None.

"Q. What information did you have establishing CP connection re Levison?

"A. Such information as was set forth in what was then referred to as a characterization of Levison. Such characterization was a part of each report submitted to the Bureau.

"Q. What was the nature of this characterization?

"A. I do not remember the precise language. It is my recollection the statement was brief and set forth information establishing past and/or present CP affiliation by Levison.

"Q. Where did you obtain this characterization?

"A. A characterization of an individual or organization at that time was prepared by the field office concerned, submitted to Bureau Headquarters for its approval, and such was made available to offices having a need-to-know this information.

"Q. What was the source of this information regarding Levison?

"A. I do not recall that I was ever apprised thereof. A characterization would not indicate the source of the information, unless public source information was utilized, otherwise the reliability or lack thereof of the source or sources would be indicated but not their identity.

"Q. What prompted you today to amend your answer on May the 12th '75 as to how long telephone surveillance continued on the King residence? Did you seek the advice or an answer from someone?

~~DENTIAL~~

"A. Only to the extent that subsequent to May the 12th I conferred with a former Agent, Charles Harding. Prior thereto it had concerned me, that my initial answer to that question for some reason did not impress me as being completely correct. I mentioned this to Harding and he informed me that my answer was incorrect and mentioned the change in the King residence and the fact coverage had not been thereafter authorized. When he informed me of this I immediately recalled the change in residence which previously had escaped my memory.

"Q. Why would Harding know this information?

"A. For a period of time he was in a supervisory capacity.

"Q. Was he in a supervisory capacity when the change in residence was made?

"A. He was in a relief supervisory capacity at that time.

"Q. Why did you rely on Harding's recollection? Is his recollection better than yours?

"A. I am not suggesting his recollection is better or worse than mine. What he said to me merely served to jog my memory upon which I based my earlier statement today.

"Q. You recall when I interviewed you in Atlanta most of my questions were taken from prepared notes?

"A. Yes.

"Q. You recall that I told you that I would make notes during the interview in order that I might later refresh my recollection as to your testimony?

"A. Yes, and Mr. Seidel, you recall that I did not take any notes (to which he answered in the affirmative).

"Q. Did you make any recording of that interview at the time?

"A. I did not.

~~NTIAL~~

"Q. Did you make any subsequent written recording of the interview?

"A. Yes, I did so for my personal information.

"Q. Is such writing available to this Committee?

"A. I consider it a personal item for my personal use. I realize that you have the perogative of subpoenaing it. In the absence thereof, I prefer not to make it available.

"Q. How long after King's assassination did the telephone surveillance of SCLC continue?

"A. I cannot be certain. It continued for a period of time which may have been one, two, possibly three months. I simply do not remember.

"Q. Who handled SCLC and Levison case after you left the Bureau?

"A. Richard Hamilton.

"Q. When did he assume these cases?

"A. I cannot recall precisely. I am not even sure whether they had been administratively reassigned to him prior to my departure.

"Q. Who else besides Stanley Levison was in contact with King who you understood to have some type of CP connections?

"A. There was Hunter Pitts O'Dell, Bayard Rustin, and Harry Wachtel.

"Q. Hunter Pitts O'Dell, the same as Jack O'Dell?

"A. Yes, he was.

"Q. What evidence of CP connections or domination by Moscow of O'Dell, Rustin, Wachtel, did your investigation develop?

"A. It did not develop any such information.

"Q. How did you know of what their CP affiliation may have been?

"A. In the same manner as in regard to Levison.

"Q. What investigation did Atlanta conduct of O'Dell, Rustin, and Wachtel?

"A. There was no active ongoing investigation conducted of these individuals other than during such periods when they were in contact with King or members of SCLC.

"Q. Was Coretta King ever the target of an electronic surveillance?

"A. Not to my knowledge beyond such coverage as might have occurred from the telephone surveillance when it applied to the King residence or on such occasions when she might have been present in SCLC headquarters.

"Q. Do you know when the telephone surveillance of King and SCLC were initiated?

"A. I did not have the cases at that time.

"Q. Did you not learn of such information while you had these cases?

"A. Yes.

"Q. How?

"A. From information in the appropriate file.

"Q. What communication transpired between the Bureau and Atlanta relative to the initiation of these telephone surveillances, airtels, letters, memoranda?

"A. I am certain there were airtels, letters, possibly teletypes in the file.

"Q. What was the gist of such communications?

"A. Advisement that such installation had been authorized, instructions to initiate the coverage.

"Q. Who installed the surveillances, Al Miller; was he not a technician, a wireman?

"A. Your answer to that question is not entirely correct. Alden Miller was an Atlanta Agent who had certain technical ability. It is my recollection the surveillance was installed by an Agent who was not from the Atlanta Office. I do not remember his name.

"Q. Did you monitor any of these surveillances?

"A. No.

"Q. Did you monitor any such surveillance during this period of time?

"A. Yes. I recall on two occasions filling in for another employee in connection with telephone surveillance of the headquarters of the Student Nonviolent Coordinating Committee. I did not monitor the King or SCLC telephone surveillance.

"Q. What was the nature of the investigation of SNCC?

"A. To determine communist influence of that organization.

"Q. What is your recollection of the Bureau's efforts to influence any political campaign?

"A. I have no such recollection.

"Q. What about efforts to disrupt the political campaign of Senator Andrew Young?

"A. I do not know of any such efforts. It's my recollection that Andrew Young did not become actively involved in politics during the period of time with which we are concerned.

"Q. What about Julian Bond's campaign? Any effort to influence that?

"A. No. As I recall Bond was already a member of the Georgia legislature by 1964 or 1965.

"Q. What electronic surveillance was conducted of Bond?

"A. None to my knowledge beyond such coverage as may have resulted from coverage of SNCC with which Bond was affiliated.

"Q. In same manner a question was asked re other members of the Georgia legislature. My answer was that my only concern had been with former Governor Lester Maddox and my handling of the Civil Rights Act of 1964(?) case involving Maddox and his operation of the Pickrick restaurant.

"Q. Did a former Bureau official William Sullivan visit Atlanta during this period?

"A. There were two Sullivans in an official capacity with the Bureau.

"Q. William Sullivan, whowas formerly connected with intelligence matters at the Bureau. Did you ever meet him?

"A. Yes. I met him on several occasions during the 1950s. I do not recall any contact with him during the period with which we are presently concerned.

"Q. After you received the King, SCLC, and Levison cases, what did Mr. Bob Nichols do?

"A. Shortly thereafter he was transferred as a Resident Agent to Valdosta, Georgia.

"Q. Was King given a nickname in the Atlanta Office?

"A. Yes.

"Q. What was it?

"A. "Zorro."

"Q. How did that come about?

"A. I believe that began with Mr. Nichols and just passed on down.

"Q. Why was that name selected?

"A. I do not know precisely.

"Q. Don't you have any idea?

"A. Yes.

"Q. What was the basis for it?

"A. As I remember, "Zorro" was either a television or movie character who carried a sword and therefore could be referred to as a swordsman.

"Q. What connection had this with King?

"A. The Reverend King participated in a number of extra-marital relations and therefore it seemed fitting that in the vernacular the reference swordsman applied to him.

"Q. What extra-marital activities were there?

"A. There were several women involved.

"Q. How do you know this?

"A. It was indicated on occasions by conversations.

"Q. How?

"A. By reference to a previous escapade with an individual or to one pending.

"Q. Can you give an example of such reference?

"A. There is only one particular conversation that comes to mind at the moment and I have no recollection with whom the conversation was held; during which reference was made to a wonderful sermon they had preached together on somebody's kitchen floor.

"Q. Kitchen floor?

"A. Yes.

"Q. What surreptitious entry was made in respect to the King residence or SCLC headquarters?

"A. During the period I was concerned with these cases there was none.

"Q. Supposing an Agent wanted some item from either location to use against King or SCLC. Would he not have made a surreptitious entry to obtain it?

"A. No such entry was made at any time to my knowledge. I say this very firmly because the Bureau policy before the late 1950s concerning such a technique had changed.

"Q. (By Jack Smith) What do you mean by saying this policy had changed?

"A. During my period with the Bureau, from the beginning, such activity had to be approved by the Bureau. With reference to the period of time when the policy changed, it changed to the extent that obtaining authority therefore was virtually impossible.

"Q. Prior to 1965 in what way were you involved in any surreptitious entry?

"A. Mr. Seidel, as I stated earlier I have been informed that I was released by the AG to testify before this Committee concerning King, SCLC, Stanley Levison, and matters related thereto.

"Q. Did you develop any information establishing CP connection on the part of King?

"A. Not beyond his affiliation with Levison and the other individuals previously mentioned.

"Q. What was the objective of the investigation of King and SCLC?

"A. To determine possible communist influence of King and SCLC.

"Q. If, as you state, you did not develop information that King was a communist, was not this investigation in vain?

"A. Not in my opinion. It is correct it did not establish that King was a CP member. It did establish that he was in contact with individuals then having past or present CP affiliation which was the objective of the investigation.

"I cannot be certain - I may have briefly indicated here that it did not appear King was necessarily aware of the past or present CP connections of these persons.

"Q. Do you remember during 1963 King alleged that Bureau Agents were not responsive to civil rights complaints in the vicinity of Albany, Georgia, and other South Georgia locations?

"A. Yes, I recall news media information concerning such allegations.

"Q. In response to these allegations by King, do you remember that Mr. Hoover became very concerned with King's allegations?

"A. Yes. I definitely remember the news media indicating that Mr. Hoover was extremely upset.

"Q. You have stated you were assigned to King and SCLC case in May, 1965, is that correct?

"A. Yes.

"Q. You previously stated these cases were initiated 12 months or perhaps a little longer prior to your receiving them. Is that correct?

"A. Yes.

"Q. Was there not then a connection between Director Hoover's concern with King's statements in 1963 regarding lack of attention to civil rights matters in South Georgia by the Bureau and the initiation of the investigation of King and SCLC?

"A. I did not discuss that matter with Mr. Hoover or with any Bureau official.

"Q. Do you deny there was any such connection?

"A. I cannot deny that there might have been such a connection. This was a situation in which I recall the news media on more than one occasion suggested such to be the case.

"Q. From 1965 until 1971 was there any electronic surveillance of any other individual or organization in addition to King, SCLC, and SNCC?

"A. To the best of my recollection there were none except as may have pertained to some strictly criminal investigations with which I had no connection.

"Q. What about prior to 1965?

"A. There was one concerning an individual or individuals having Klan connections believed to have been involved in an earlier church bombing, I believe in Birmingham, involving the death of several children.

"Q. During our interview in Atlanta you stated you did not have any contact with members of the news media or clergy regarding King or SCLC. Is that correct?

"A. Yes. I did not have any such contact.

"Q. What discussion was had with members of the Atlanta Police Department concerning King, SCLC, and Levison, and what was the extent of their electronic coverage regarding these matters?

"A. During the period of time I was concerned with King, SCLC, Levison, I had no discussion with any member of the Atlanta Police Department concerning these matters. Bureau instructions regarding these matters were that any discussion was on a strictly need-to-know basis and I have absolutely no recollection that members of the Atlanta Police Department fitted into this category. I do not have any knowledge as to what electronic surveillance may ever have been conducted by the Atlanta Police Department.

"Q. While in Atlanta you were assigned to what was referred to as the Security and Racial Squad, is that correct?

"A. That is correct.

"Q. Essentially this squad was concerned with security matters, racial matters, is that correct?

"A. Yes and it was also concerned with civil rights violations and election law violations.

"Q. In regard to civil rights and election law matters, did you ever develop any information pertinent to the CP?

"A. No.

"Q. What Agents do you remember were assigned to that squad? Charles Harding, Arthur Murtagh?

"A. Yes. Those two, Alden Miller, Richard Hamilton, Richard Davis, Donald Burgess, Randall McGough, Timothy Dorsch, Charles Haynes.

"Q. Who monitored the King and SCLC surveillance?

"A. A number of different gentlemen, some of them were periodically transferred.

"Q. Who were some of those?

"A. Donald Burgess, Richard Davis, Brian O'Shea, now deceased.

"Q. Who served in a supervisory capacity before Charles Harding?

"A. Henry Rouse.

"Q. Where is he now?

"A. I understand he retired, I do not know where he is located.

"Q. What was your involvement with the Bureau's program referred to as COINTELPRO?

"A. Mr. Seidel, as I endeavored to explain on May 12, your use of that particular terminology did not register with me at all.

"Q. Recently testimony was given by one or more Bureau officials indicating this program began during the late 1950s and continued to a fairly recent date. Did not your reports regarding King, SCLC, or Levison include in their caption COINTELPRO?

"A. It is not my recollection that they did.

"Q. What about a Klan organization?

CONFIDENTIAL

"A. I did at various times handle investigations concerning individual Klan members. I did not handle the Klan as an organizational matter. It is my recollection that in reporting on the activities of an individual Klan member the character of the case would have been indicated as Ku Klux Klan - Racial Matter.

"I feel compelled to apologize if I appear particularly dense as to the utilization of this phrase COINTELPRO. If it was a program operating over a period of years the only explanation I can offer at this moment is that conceivably some field offices other than Atlanta were initially involved therein. If this was the case, Atlanta may well have been included therein subsequent to my departure.

"Q. (John Bailey) When the telephone surveillance was discontinued on the King residence and on SCLC who took care of that.

"A. I do not know.

"Following a few very general concluding comments by Seidel, the writer was given the opportunity to make a statement. At this point Seidel was advised it was the writer's understanding that the procedures of this Committee provided for a witness to subsequently have opportunity to review the transcript thereof, and that the writer would like to avail himself of this opportunity. Inquiry was made as to whether this could be accomplished via registered or certified mail to preclude unnecessary expense to the Government.

"Seidel responded at some length referring to (Section 6b?) of the Committee's rules and regulations which permitted such review in the Committee's office. Any expense thereof to be borne by the witness. He explained it was not his perogative to amend the Committee's rules and regulations.

"The writer apologized for asking the question and assured Mr. Seidel he was not asking him to make any changes.

CONFIDENTIAL

CONFIDENTIAL

He submitted that had he been furnished a copy of the Committee's rules and regulations for a period of time no longer than 29 minutes before this Committee convened. Had such been furnished at an earlier date it would not have been necessary to have asked the question.

"The aforementioned session terminated shortly past 1 p.m.

"It should be noted the Committee took a five minute break approximately 12:05 to 12:10 p.m. after which questioning continued."

On June 4, 1975, Sentinella advised the FBI of the following additional information concerning this matter.

Sentinella received a telephone call that day from Seidel who advised him that the transcript of Sentinella's testimony was near completion and that Sentinella would receive a letter advising him it was ready for Sentinella's review, but only in SSC space.

Seidel sought from Sentinella and was furnished names of some FBI personnel who had monitored technical surveillance on King during the pertinent period. Seidel sought information concerning who supervised the King investigation at FBI Headquarters, to which Sentinella replied that he did not know any specifics. Seidel referred back to information from Sentinella both during the original interview and during Sentinella's testimony and Seidel asked why Sentinella had discussed the matter with former FBI Agent Harding. It was Sentinella's reply that he sought Harding's help in order to rectify what he thought was a wrong answer given to Seidel during the initial interview.

NOTE: Original and one copy to the AG, copy for forwarding to James A. Wilderotter, Associate Counsel to the President. Information herein taken from Sentintella's verbatim statement which he voluntarily mailed to S. F. Phillips of the Senstudy 75 Project. The additional information Sentinella furnished 6/4/75 was telephoned by him to Phillips. On that occasion Sentinella also advised that Seidel had inquired of him that day as to whether he had discussed with Phillips the King case after arriving in Washington, D.C., and prior to testifying. Sentinella stated that he had not.

Reference is made to SSC letter dated May 14, 1975, with attached appendices, requesting certain documents and other information from the FBI.

Appendix C, Part I, Item number 7, requested all memoranda and other materials relating to the 1969 disappearance of Associate Professor Thomas Riha, University of Colorado, insofar as such memoranda and materials related to: (a) efforts of the FBI to ascertain the identity of confidential sources of the Central Intelligence Agency; and (b) inspections and administrative inquiries relating to the disclosure of information to Dr. Joseph R. Smiley, then President of the University of Colorado. Item number 8, requested all memoranda and other materials relating to actions by the Director or any other official of the FBI severing liaison (formal, informal, or other) or terminating contact (formal, informal, or other) between personnel of the FBI and personnel of the Central Intelligence Agency. Pursuant to these requests there are enclosed copies of 13 FBI communications.

In connection with your request for memoranda pertaining to inspections and administrative inquiries relating to the disclosure of information to Dr. Joseph R. HUSTON PLAN AND RELATED DEVELOPMENTS

With reference to the information furnished by Dr. Joseph R. Smiley contained in the communication from the Special Agent in Charge, El Paso, to the Director of the FBI, dated May 8, 1970, your specific attention is directed to the restrictions placed by Dr. Smiley on the information furnished by him. On June 4, 1975, Dr. Smiley was recontacted, at which time he advised that under no circumstances would he testify in public to the information which he originally furnished to the FBI on a confidential basis. He further advised that under no circumstances would he reveal the identity of his contact in the Central Intelligence Agency referred to in the May 8, 1970, communication. He agreed to the release of the information in the May 8, 1970, communication to the SSC on a strictly confidential basis, for its use only and not for any further dissemination. Dr. Smiley stated he has no information other than that in the May 8, 1970, communication.

O : DIRECTOR, F.B.I.

February 12, 1970

ROM : SAC, DENVER

UBJECT: THOMAS RIHA

On the late afternoon of February 10, 1970, I was called by MIKE TODOROVICH, who is in charge of the CIA office here in Denver. TODOROVICH stated he has instructions from his Washington Office to contact Denver District Attorney JAMES MC KEVITT and tell MC KEVITT that CIA Agent JOHN D. FRITZ who is stationed in Boulder, Colorado, had told Dr. JOSEPH SMILEY, former President of the University of Colorado, that FRITZ had been told that THOMAS RIHA's disappearance was merely a marital matter and that RIHA was, in fact, all right. TODOROVICH then told me that FRITZ got this information from an FBI Agent in Boulder.

I told TODOROVICH to give me the name of the FBI Agent and he stated he would not do so. He then stated the FBI Agent told him, TODOROVICH the same thing. I again requested the name of the Agent. He again declined to give it to me. I very emphatically told TODOROVICH that until he gave me the name of the Agent who supposedly gave him and FRITZ this information, that I would not believe that either he or FRITZ had been given any information such as this by any Agent of this Bureau and this was based on the fact that no Agent would have any reason whatsoever to make such a statement since we had not conducted any investigation in this matter nor did we have any information concerning RIHA and, therefore, we would not be in a position to make such a statement as to whether or not RIHA was all right.

I then also pointed out to Mr. TODOROVICH that if he gave the information to Mr. MC KEVITT and advised Mr. MC KEVITT the information had come from an FBI Agent and if Mr. MC KEVITT contacted me I would certainly advise him that the information did not come from anyone in the FBI for the same reasons as set forth above.

I am enclosing, for the Bureau's information, an article which appeared in the February 11, 1970, issue of The Rocky Mountain News, a Denver newspaper. The article is captioned "Boulder housewife sure she talked to Riha."

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

Towards the end of the article it reports that MC KEVITT had received an official denial from "a Washington source" that any of the official agencies which have been named in connection with the RIHA case actually had any knowledge of where RIHA is now. The source, according to the article which MC KEVITT refused to identify, also said RIHA was not involved in espionage of any sort and that none of these agencies have ever told anyone in Boulder, Denver, or elsewhere that RIHA was alive and well.

The article points out the most frequently mentioned agencies have been the FBI, CIA, Military Intelligence agencies and the U. S. INS.

Also enclosed is an article which appeared in the Rocky Mountain News for February 12, 1970. This article is captioned "Riha case investigators' theories might be altered."

For the information of the Bureau, we only have two resident agents in Boulder, Colorado, and I have personally contacted each of them and each has assured me both verbally and by memorandum that they have not made such statements as were attributed to them by TODOROVICH. Not only that, neither of the two has ever had any contact personally or otherwise with JOHN D. FRITZ, the CIA representative in Boulder.

This information is being forwarded to the Bureau only for information in view of CIA's actions in connection with this matter.

1. Protests to CIA re Todorovich's actions
2. Commends SAC re his handling of Todorovich.

Riha case investigators' theories might be altered

By ALAN CUNNINGHAM
Rocky Mountain News Writer

A Boulder woman's belief that she talked to Thomas Riha last March 17, as revealed Wednesday by the Rocky Mountain News, may have altered investigators' theories about what happened to the missing history professor and when it may have happened.

While avoiding specifics about their theories, Boulder police investigators expressed interest Wednesday in knowing more about the housewife's recollection that she telephoned Riha and carried on a 10-minute conversation with him shortly before noon that Monday, the day when he first failed to show up for his classes at the University of Colorado.

When told this by the News Wednesday, the woman said she would telephone the police department and volunteer her information.

Apparently, the woman's story proved startling to the two investigators who have been assigned fulltime to the Riha case, just as it did to many friends and neighbors of the professor, most of whom have said their last contacts with Riha were no later than the previous Thursday or Friday.

Phone survey

There has been speculation that whatever happened to him happened as early as that Friday night.

But the Boulder housewife, who was making a telephone survey at the time, told the News she is certain she talked to Riha on Monday, March 17.

She further insisted he seemed calm, relaxed and cheerful at the time.

If the woman is correct, police investigators conceded, it could well force them to revise their current theories about the case.

CIA agent

In another development, a Denver-based agent of the Central Intelligence Agency insisted the CIA has never been involved in any way with the case since Riha disappeared.

The agent, Michael M. Todorovich, insisted it hadn't been he who gave assurances to former CU president Joseph Smiley, Denver police chief George Seaton or other officials last spring that Riha was alive and well.

Such reported assurances, coupled with great reluctance on the part of these officials to elaborate on how they got them, have become the center of a major mystery in the strange case.

Todorovich further denied having discussed the matter with anyone, and stated emphatically that it "is entirely out of our jurisdiction."

Nevertheless, at least one official in the area is known reliably to have received his assurances from Todorovich himself.

Boulder housewife sure she talked to Riha

By ALAN CUNNINGHAM
Rocky Mountain News Writer

A Boulder housewife is certain she talked to Thomas ha on the telephone last March 17, the day he first led to show up for his history classes at the Univer- y of Colorado.

What is even more remarka- than this, in the opinion of se who have been trying to down the exact date of ha's disappearance, is the man's insistence that Riha s cheerful, relaxed and inter- ted in chatting about a local litical issue.

The woman, who asks that she t be identified by name, has ld the News she was in the ocess of telephoning a list of ulder citizens last March, eking support for a proposed ection on whether the city ould take over its public utili- es.

While she had been involved the issue for several weeks, e is sure it was on Monday, arch 17, that she attempted to ach a dozen people whose mes began with the letters P" and "R." Among the three four whom she was able to ach that day, she insists, was homas Riha. She says he an- vered the telephone at his me at 11:30 a.m.

The professor seemed calm, leasant and quite interested in e municipal issue, according the Boulder housewife. In ct, she explained, his name as on the list because he had arlier sent in a reader survey ballot" from a Boulder news- aper which related to the issue.

As a result, Riha struck her as more informed on it than most others she had talked to in her telephone inquiries, and she believes the conversation lasted about 10 minutes, making it the longest in which she took part that day.

The date, if the Boulder housewife is correct, is significant, ince Riha reportedly missed a inner party to which he was invited the previous night, and ould not be reached on Saturlay, March 15, by a friend who ried to telephone him repeatdly.

Many people interested in the case have speculated that Riha eft Boulder, was kidnaped or died as early as that Friday or Saturday. And the wife of a CU professor who was rumored to have seen Riha on Sunday, the 16th, vigorously dismissed this rumor as untrue when asked about it Tuesday.

But the Boulder housewife who made the series of telephone calls is equally adamant about the date when she talked to Riha. She says she didn't know the man, but recognized his name when a colleague of Riha's started discussing his disappearance at her home the following weekend. She checked, found his name on her calling list, and recalled details of their conversation.

While she didn't write down the date when she made her telephone calls, the woman says she has made detailed inquiries since then — some as recently as this week — to tie in the dates of related events with that of the crucial telephone call.

In Denver Tuesday, Dist. Atty. James D. "Mike" McKevitt told the News he had received an official denial from a Washington source that any of the official agencies which have been named in connection with the case actually had any knowledge of where Riha is now.

The source, which he declined to identify, insisted further that Riha never was involved in espionage of any sort, and that none of these agencies had ever told anyone in Boulder, Denver or elsewhere that Riha was alvie and well.

Most frequently mentioned agencies have been the FBI, the CIA, military intelligence agencies and the U.S. Immigration and Naturalization Service.

McKevitt also reported no reply yet from former CU President Joseph Smiley in his request that Smiley divulge to McKevitt the exact source of a report to him last spring that Riha was alive.

SUBJECT: THOMAS RIHA
INTERNAL SECURITY - CZECHOSLOVAKIA

On 2/10/70, SAC Werner, Denver, demanded that Mike Todorovich, Central Intelligence Agency (CIA) representative, Denver, identify Bureau Agent who allegedly told a CIA officer that the subject's disappearance was merely a marital matter and that subject, in fact, was alright. Todorovich refused to do so. The Director instructed that we protest to CIA regarding Todorovich's actions.

On 2-17-70, Liaison Agent Papich vigorously protested Todorovich's actions to CIA, charging the Agency with impeding our inquiry. He pointed out that Todorovich's stubborn refusal to divulge the identity of the Bureau Agent involved was unacceptable because we had no information to support the statement attributed to our Agent. As a result of Papich's protest, a CIA official telephoned Todorovich and demanded that he divulge the identity of the Agent. Todorovich refused and stated that he considered this a matter of personal honor and that unless there was reason to believe Bureau operations were being adversely effected, he would not make the identification. CIA officials subsequently advised the Liaison Agent that they had reviewed the entire case and learned that District Attorney McKevitt publicly stated on 2-14-70 that the statement attributed to Dr. Smiley (which allegedly came to him via Todorovich from our Agent) was based on an "honest mistake" and that McKevitt felt this cleared the air and no further clarification was needed.

SUBJECT: THOMAS RIHA
INTERNAL SECURITY - CZECHOSLOVAKIA

Reference is made to memorandum dated 2-18-70 from D. J. Brennan to Sullivan. The Director stated that he wants the name of the FBI Agent who had furnished certain information to Mike Todorovich, Central Intelligence Agency (CIA) representative, Denver. The Liaison Agent met with Richard Helms, Director, CIA, on 2-20-70, repeating the background of this matter and reiterated the protest made earlier by the Bureau and asked that CIA obtain the identity of the FBI Agent.

Helms advised that he considered this a most serious development and fully recognizes the gravity of the situation since it has such a significant bearing on relations between the two agencies and the highly important work of both organizations. He stated that he does not have the identity of the FBI Agent and so far Todorovich has refused to disclose same. Helms advised that he is requesting Todorovich to proceed to Washington, D. C., immediately at which time he will be interviewed in detail by Helms. In the meantime, the CIA Director is requesting his subordinates to prepare for him a complete report covering all information in possession of CIA regarding the subject. He stated that he will communicate with the Bureau immediately after talking to Todorovich. He stated that it was absolutely necessary that he make certain that he has all the relevant facts so that he can accurately respond to the Director and take the proper and necessary administrative action within his own organization.

CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D.C. 20505

OFFICE OF THE DIRECTOR

26 February 1970

Personal and Confidential

The Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D.C.

Dear Mr. Hoover:

Mr. Papich has orally informed me that you wish to have the identity of the FBI agent who was the source of certain information communicated to an employee of this Agency, Mr. Michael Todorovich. This information regarding the disappearance of one Thomas Riha was in turn passed to Dr. Joseph Smiley, then President of Colorado University, Boulder, Colorado, now President of a university in El Paso, Texas, and to the District Attorney of Denver, Mr. James McKevitt. In view of your personal interest in this matter, I instructed Mr. Todorovich to report to me in person.

I have reviewed this complicated case in detail with Mr. Todorovich and have requested him to reveal the identity of his source. As a point of honor and personal integrity, Mr. Todorovich was adamant that he could not disclose the identity of his source. Under further pressure from me, Mr. Todorovich maintained his position, stating that in defense of it he was prepared to submit his resignation immediately.

Mr. Todorovich explained that the Riha/Galya Tannenbaum cases had been given extensive news coverage, much of it being sensational in nature. He stressed that there was embarrassing public speculation as to the possible involvement of the CIA and the FBI in Riha's disappearance.

The purpose of Mr. Todorovich's conference with the District Attorney of Denver was to solicit his good offices to remove pressures and the possible serving of a subpoena on Dr. Joseph Smiley. He also sought to orient the District Attorney properly so that he would not continue to have an erroneous impression of the roles of the CIA and the FBI, thereby eliminating further adverse publicity.

Mr. Todorovich affirms that before going to District Attorney McKevitt he called upon the FBI Special Agent in Charge, Mr. Scott Werner, and sought to coordinate with him our respective interests. He also solicited Mr. Werner to accompany him to the District Attorney.

Werner acted properly. H

Mr. Todorovich states that Mr. Werner refused absolutely to cooperate in this matter. Instead, Mr. Werner engaged in an oral exchange during which he remarked that our representative in Boulder was "lying" and then proceeded to challenge the veracity of Mr. Todorovich. Subsequently, Mr. Todorovich conferred with the District Attorney alone. He was successful in persuading the District Attorney to make a favorable public statement which had the effect of putting this issue regarding Dr. Smiley and other rumors to rest as far as the public was concerned.

I have carefully reviewed the statements of Mr. Todorovich. I feel that poor judgment was employed in passing the information in question to Dr. Smiley and later to the District Attorney. This should only have been done with specific FBI approval. I wish to assure you that I do not condone violations of the third agency rule, and I am taking steps to impress once again this elementary fact upon all Agency officials.

With regard to Mr. Todorovich, I have no reason to doubt that he has acted honestly. I believe that he has reported to me in good faith. He is sincerely interested in preserving a sound working relationship between the CIA and the FBI. Nevertheless, because a situation of this sort adversely affects the relationship between the two agencies, I am taking administrative action in this matter with regard to Mr. Todorovich.

I do not agree. Todorovich violated the third agency rule & refused to identify the alleged FBI agent [illegible]
[illegible]

While the following is not pertinent to your request, my review of this case suggests the advisability of a re-examination of Riha's disappearance and past activities and, necessarily, the Tannenbaum case. Briefly, since 1958 we have communicated to your Bureau significant information which relates to Riha's involvement with Czech and Soviet intelligence services, when he was behind the Iron Curtain. I attach for your information and convenience copies of pertinent reports regarding this aspect of the case.

I hope sincerely that this recent incident will not impair our mutual efforts in making certain that we have not overlooked factors possibly having a significant bearing on U. S. intelligence and internal security interests. I shall pursue this matter through our respective liaison offices.

In closing, Mr. Hoover, I wish to state that this Agency can only fully perform its duties in the furtherance of the national security when it has the closest coordination and teamwork with the Federal Bureau of Investigation. Furthermore, it is necessary that we continue to conduct our business in an atmosphere of mutual respect. I trust that we can coordinate closely any future developments or actions in these cases, in order to prevent the airing in public of conflicts or differences between the two agencies. I feel strongly that there are representatives of the news media who are eager to exploit alleged differences on a national scale. Disturbing as this experience has been, I wish to thank you in the interests of our common cause for having communicated with me in such a forthright and candid manner.

Helms forgets CIA is a two way street. H

Sincerely,

Richard Helms

Richard Helms
Director

This is not satisfactory. I want our Denver Office to have absolutely no contacts with CIA. I want direct liaison here with CIA to be terminated & any contacts with CIA in field to be by letter only. H

SUBJECT: RIHA, Thomas

1. The January 1970 receipt of information from your Bureau that Mrs. Ruth Ann COOK, Thomas RIHA's mother, had mentioned rumors of her son's work for CIA in letters to the SAC, Denver, caused us to verify the fact RIHA has never been employed or used operationally by this Agency.

2. In 1958 and 1959 you were provided information that RIHA, when transitting Prague en route to Moscow, was contacted by Czech Intelligence and asked to remain in the CSR. Later in 1958 Czech Intelligence introduced RIHA to the KGB in Moscow and our source reported RIHA accepted certain privileges from the KGB while asserting he would not become a spy for the Soviets. Details reported by our source about RIHA's KGB contacts did not emerge during a 1960 FBI interview of RIHA.

3. This indication that RIHA may not have been truthful in 1960, when added to our current knowledge about KGB interest in recruiting American exchange students and RIHA's 1968 trip to the USSR, suggests the circumstances of RIHA's disappearance might be re-evaluated. This Agency is reopening its file on this case in view of the information disclosed in the attachments.

MEMORANDUM FOR: Director, Office of Security
Department of State

SUBJECT : RIHA, Thomas

1. The following report concerning an attempt by a member of Czech Intelligence to effect the repatriation of Subject, a naturalized American East-West Exchange student, to his country of origin was recently submitted by a source of this office.

2. Source first became acquainted with Subject during the past year at The Russian Research Center, Harvard University. On 10 September 1958 he ran into Subject by chance at the SAS office in Vienna as the two boarded a SAS flight to Copenhagen via Duesseldorf. During the trip Subject disclosed the following to source which has been supplemented from information from our files.

3. RIHA, who was born in Prague, Czechoslovakia 17 April 1929, is one of the twenty American students selected for the East-West Exchange Program and will be studying in the USSR for the 1958-59 academic year. Files in this Agency indicate that RIHA arrived in the U. S. on 15 July 1947 and became a citizen in 1952.

4. Our source informed ~~us that RIHA~~ had gone to Prague, June of this year, to see his father and other relatives. His father and mother are divorced and according to information in our files, his mother is listed as Mrs. Ruth A. COOK. address: 2023 Etna Street, Berkeley 4, California.

5. RIHA told our source that when he arrived in Prague he was put into a Government hotel for three days before he was allowed to stay with his relatives and friends. During this time, and perhaps later, RIHA was accompanied through the city by a guide whom he described as a "Government Official" name unknown, who attempted to effect Subject's repatriation to Czechoslovakia. RIHA told our source that this man has set up an appointment (date and address unknown) to meet him in Moscow to talk further.

6. Subject told our source that this "Government Official" did not mention Czech Intelligence or Security Forces as such and that he (RIHA) is not too worried concerning this contact. RIHA apparently feels that it is the price he must pay in order to study in the Soviet Union and once he gets deeply into his studies in Moscow he feels that he can plead that he is too busy with his academic work to have contact with any officials. Our source also stated that RIHA is in some kind of correspondence with the Czech official. We have no description or name for the Czech official.

7. It is requested that no further dissemination be made of this information without prior clearance from this office, and that our source be fully protected in the event that contact is made with RIHA.

MEMORANDUM FOR: Director
Federal Bureau of Investigation

SUBJECT : RIHA, Thomas

1. Reference is made to our CS CI 3/751,690 of 27 October 1958 concerning an attempt by a member of Czech Intelligence to effect Subject's repatriation while the latter was in Prague in June of 1958 visiting relatives en route to study in Moscow during 1958-59 as an East-West Exchange Student. The following report describes further action taken by the KGB in Moscow to cultivate Subject, and was recently submitted by a sensitive and reliable source.

2. Sometime in December 1958, Subject again met the Czech Official who had tried to have Subject repatriate to the CSR in Prague last summer. According to our source, it was apparently an accidental meeting at a Moscow railroad station as the Czech was returning to Prague. The Czech was delighted to see Subject, and introduced him to a Soviet official. This Soviet identified himself only by a first name and a telephone number, both unknown to our source. The Soviet described his work as being in the American Section of the MVD.

3. This Soviet Official has been cultivating Subject (trying to see him as often as possible, sometimes twice a week) since their introduction in December, by offering such blandishments as trips in a chauffered private limousine into forbidden areas outside Moscow, tickets to any entertainment, access to material from previously inaccessible archives, the use of private country villas and all the "beautiful, interesting and intelligent girls" he might want. Subject has further been promised the opportunity of returning to the Soviet Union for as long as he wants at any future date. He would have to pay only his way over there; his expenses and return trip to the US would be paid by the Soviets.

NATIONAL SECURITY INFORMATION

SECRET

4. Subject has taken advantage of this offer to take several trips for sightseeing into forbidden areas around Moscow in a private car with the Soviet Official, and has also taken up a few offers for entertainment. Subject visited one of these villas, but refused the girls on the ground that he wants a woman to like him for himself, and not because she has been told to do so. The Soviet answered that "some of them will really learn to like you for yourself, as well as work for us," but Subject still declined to get involved. However, Subject has recently been taken up by a Soviet girl who had previously tried to seduce another American student and subsequently blurted out that she was put onto the latter American by the MVD, which she has also told Subject. Subject is reported to be responding warmly to her approaches although he has flatly told her he doesn't trust her nor any Russian completely. He claims he enjoys her company but will not have a serious affair with her, and suspects she may be tied up with the other women offered him by the Soviet Official.

5. In his relationship with the Soviet Official, Subject is reportedly aware that he is playing a risky game, and is only utilizing the situation for the comfort and convenience it brings him. He has told the Soviet frankly that he cannot be wom over ideologically. Subject says he feels that the Soviets' interest in him is to cultivate him as a scholar of possible future importance to insure that he will always be sympathetic to the Soviet Union. Subject has reportedly told several other American students of his relationship with the Soviet Official in order to cover himself "in case anything happened".

6. This Soviet Official has evinced an interest to Subject in many of the American Exchange students, with the explanation that some would undoubtedly be back in Moscow within two years as Diplomats and that since this is his area of responsibility, he wants to know as much as possible about them. The Soviet indicated that he was quite aware of the pattern of the American Exchange students' trips to the US Embassy and what they do in the university buildings, but is not so sure of their activities around the city. To demonstrate to Subject his knowledge about the American students, the Soviet Official mentioned an affair going on within the American group of which Subject had been unaware. The Soviet's information turned out to be true.

7. Subject was described by a reliable source, who knows him from group social gatherings at Harvard, as mature and socially vivacious with a warm personality. Subject is a clever and humorous conversationalist who likes to be surrounded by people, make new acquaintances, and develop friendships. Subject's patriotic motivation was not known to our source, but the latter felt that Subject was completely "Americanized" in manners and interests. Our source would guess that Subject has courage.

8. It is requested that no further dissemination be made of this information without prior clearance from this office. It is further requested that such clearance be obtained if Subject is to be contacted by you either before or after his return to the United States.

SUBJECT: RIHA, Thomas

1. Reference is made to our CSCI 3/751,690 of 27 October 1958, and our CSCI 3/754,303 of 14 April 1959 in which are reported the attempt by Czech Intelligence to induce Subject, a Czech-born naturalized American, to repatriate to Czechoslovakia, and the further cultivation of Subject by the KGB in Moscow where Subject is an Exchange Student during 1958-59. The following report describes further action by the KGB to recruit Subject, and his adamant refusal of any such offer. This latest information was recently received from RIHA by a sensitive and reliable source.

2. During April 1959, the Soviet Official who said he was from the American Section of the MVD (sic) and who had been cultivating Subject, allegedly asked the latter to make complete and regular reports on Michael Martin LUTHER, one of the other American Exchange Students at Moscow University. Subject was asked to spend as much time as possible with LUTHER, and to report where he goes, what he does and with whom he associates. If Subject were to do this reporting, the Soviet Official said he would make available certain material from Archives which Subject has been unable to get permission to use although research in this material is vital to his having a successful year academically in Moscow.

3. Subject alleges he flatly refused this "deal", saying that if he ever got mixed up in such a dirty business, it would be for his own side and not for the Communists. The Soviet Official then told Subject he should engage in such observation and reporting to the Soviets to lose some "naivete" about how the United States is exploiting the Cultural Exchange Program for intelligence purposes. To back up this assertion, the Soviet Official told Subject about a "spy nest where spies deposit things for one another" which he said had recently been uncovered near a university entrance frequented by still another American student, Walter CLEMENS, who, the Soviet implied, was not engaged in academic work only while studying at Moscow University.

Subject reportedly again adamantly refused to cooperate with the Soviet Official.

4. In paragraph 4 of CSCI 3/754,303, reference was made to a Soviet girl who had become interested in Subject, and whom Subject viewed with suspicion although continuing to see her for her companionship. Her name is Lida (Y)EGOROVA. Subject has now reportedly been alienated by her undependable personality and has pretty well broken up with her. This girl may have left, or soon be leaving, for Prague to join her husband.

5. It is requested that no further dissemination of this information be made without prior clearance from this office. It is further requested that such clearance be obtained if Subject is to be contacted by you.

MISCELLANEOUS - INFORMATION CONCERNING

At 4:35 p.m., today I telephonically contacted ASAC Morley, Denver, and advised him that an article concerning the Riha case had appeared in the Sunday News (New York) 4-3-70. This article was a general rehashing of the Riha case.

I told him that the Bureau desired that SAC Werner contact the District Attorney to determine the developments of his investigation in this case and also determine what conclusions had been reached. Morley said this would be done.

Morley was asked if Denver had information concerning a professor who had gone to El Paso, Texas, or New Orleans, Louisiana, and he advised this probably referred to Dr. Joseph Smiley, former President at Colorado University who was there when Riha disappeared. He said that Smiley is now President of the University of Texas, at El Paso, Texas. He said Denver had no information that Dr. Smiley has any current information concerning this matter.

SAC Werner called at 5:30 p.m., today to advise that he had been unable to get in touch with the District Attorney but also was following up on this and would contact the District Attorney today and get in a teletype tonight.

DENVER DISTRICT ATTORNEY JAMES MC KEVITT, GENERALLY KNOWN AS MIKE MC KEVITT, ADVISED TODAY THAT THE INVESTIGATION BY HIS OFFICE CONCERNING THE DISAPPEARANCE OF PROFESSOR RIHA IS AT A STANDSTILL SINCE ALL LEADS HAVE BEEN EXHAUSTED. MC KEVITT STATES THAT HE FEELS GALYA TANNENBAUM, FORMER CLOSE ASSOCIATE OF RIHA, MAY HAVE KILLED HIM IN VIEW OF FACT THAT MC KEVITT'S INVESTIGATION INDICATES THERE WAS A VERY BAD FEELING BETWEEN RIHA AND TANNENBAUM JUST PRIOR TO HIS DISAPPEARANCE DUE TO THE FACT THAT TANNENBAUM WAS FORGING CHECKS ON RIHA'S ACCOUNT.

IN ANY EVENT MC KEVITT STATES IT IS HIS OPINION THAT RIHA IS DEAD SINCE HIS INVESTIGATION ALSO REVEALS RIHA WAS VERY ATTACHED TO HIS FRIENDS AND MC KEVITT FEELS THAT HE WOULD GET IN TOUCH WITH HIS FRIENDS IF HE WERE ALIVE. MC KEVITT ALSO ADVISES THAT INVESTIGATION BY HIS OFFICE INDICATES RIHA WAS VERY ABNORMAL IN HIS SEXUAL DESIRES AND PURSUITS AND THAT THIS WAS HIS GREAT WEAKNESS; THAT HE COULD NOT LEAVE WOMEN ALONE AND THERE IS A POSSIBILITY THAT ONE OF THESE INVOLVEMENTS MAY HAVE RESULTED IN HIS DEATH.

SUBJECT: THOMAS RIHA
MISCELLANEOUS - INFORMATION CONCERNING

Pursuant to Director's request Denver District Attorney James "Mike" McKevitt interviewed 5/5/70 as to investigation of Riha, Czechoslovak-born, naturalized, former professor of Russian history at Colorado University, who departed Denver area 3/69 without notifying friends, associates or estranged wife. His disappearance has been glamorized and spiced up in newspaper articles by references to Galya Tannenbaum, his paramour. McKevitt stated investigation at standstill, all leads being exhausted. He feels Tannenbaum may have killed subject since bad feeling developed between them prior to his disappearance due to her forging checks on his account. Further, Tannenbaum probably a nymphomaniac who had constant sexual affairs with Riha and used this as a club over his head to prevent disclosure of forgeries. In McKevitt's opinion Riha is dead since he was close to his friends and if alive would contact them. Investigation indicates Riha abnormal in his sexual desires and could not leave women alone. Possibility exists one of these involvements may have resulted in his death.

Dr. Joseph Smiley, former President, Colorado University, where subject employed, is now President, University of Texas, El Paso, Texas. Smiley after subject's disappearance stated subject was alive and well. When challenged by McKevitt to disclose basis for statement he refused and appealed to CIA, his source, for help. Bureau vigorously refuted CIA's claim that Bureau Agent was original source for statement. As result McKevitt publicly announced statement was not true and resulted from "honest mistake." No indication Smiley has any facts to contribute concerning subject's current whereabouts or basis for his disappearance. Since Bureau has conducted no investigation into Riha's disappearance, interview of Smiley could result in impression Bureau entering case. However, if Director so desires, El Paso will be instructed to interview Dr. Smiley. Bureau files show subject attended Moscow University 9/58-9/59. Our files show CIA gave Riha a short briefing prior to his entry into USSR in 1958. In 1958-59 CIA advised Czech intelligence attempted to persuade Riha to repatriate and later introduced Riha to Soviet intelligence which attempted his recruitment. After subject's return to US in 1959 no information was developed as to continued interest in him by Soviet intelligence.

Reference memorandum A. W. Gray to Mr. W. C. Sullivan 5/6/70, same caption, by which the Director instructed that Dr. Joseph Smiley, President, University of Texas at El Paso, Texas, be interviewed as to any knowledge he possessed concerning Riha's disappearance or current whereabouts.

Dr. Smiley was interviewed 5/7/70 and was most cooperative. Smiley stated since leaving the University of Colorado in 6/69 his knowledge of developments in this case has been derived from articles he has read in "The Denver Post." He speculated Riha may have been involved in intelligence work and based this comment on Riha's being a "loner" and having married a Czech girl. He said he had no evidence to support this speculation. He said that he was aware that one Mrs. Tannenbaum, a woman indicted in Colorado for a number of frauds and a suspect in two arsenic poisonings, is considered a suspect in the disappearance of Riha. He concluded that he had no further information concerning either Riha's disappearance or his whereabouts.

ReButel call to EP, 5/7/70;
EP tel call to Bureau, 5/7/70.

In accordance with the request of the Director, SA FRANCIS J. PRASEK interviewed Dr. JOSEPH SMILEY, President of UTEP. Dr. SMILEY was advised that the FBI has no jurisdiction in this matter, nor is it conducting any active investigation regarding RIJA, and that we were simply desirous of being advised of any new information he may have received regarding RIJA's disappearance and/or present whereabouts.

Dr. SMILEY, who was most gracious and pleasant, stated that he left the University of Colorado, Boulder Colorado, in 6/69, and has since that time followed the investigation of RIJA and his disappearance which is being conducted by the newspaper "The Denver Post".

SMILEY, in 4/69, approximately three weeks after the disappearance of RIJA, contacted RIJA's attorney for the purpose of determining whether the attorney had any information regarding RIJA, since it was necessary for SMILEY to know whether RIJA was alive and whether he intended to return to the University for the fall semester of 1969 to resume teaching in the History Department. SMILEY, who cannot now recall the name of the attorney, was furnished an address for RIJA in Montreal, Canada, and a letter was directed to this address by the History Department seeking information regarding RIJA and his intentions.

② Bureau (RAM)
1-El Paso

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

After leaving Boulder, SMILEY was advised by Dean WILLIAM E. BRIGGS, College of Arts and Sciences, University of Colorado, Boulder, that a letter was received by the University purportedly written by RIJA in which he stated that he would not be returning to the University. BRIGGS advised SMILEY that in his opinion, the letter was a forgery, since the signature did not compare with that of RIJA.

After the disappearance, SMILEY began receiving a great many inquiries from the news media and he was pressed for a statement regarding his knowledge of RIJA and whether or not he was alive.

THE FOLLOWING WAS FURNISHED BY DR. SMILEY IN THE STRICTEST OF CONFIDENCE WITH THE UNDERSTANDING THAT IT WAS FOR THE INFORMATION OF THE FBI AND NOT FOR DISSEMINATION TO ANY OUTSIDE AGENCY SINCE HE WAS BREAKING A CONFIDENCE WITH AN ASSOCIATE IN THE DENVER OFFICE OF THE CENTRAL INTELLIGENCE AGENCY:

Being hounded by the press for a statement, he contacted a source in the CIA Office at Denver since he, SMILEY, was formerly a member of the Office of Naval Intelligence, thinking that perhaps that agency could assist him off the record with any information it might possess. SMILEY was aware that the CIA had interviewed RIJA following a trip by RIJA to the Soviet Union. The CIA source subsequently told Dr. SMILEY to merely advise the press that he had information to the effect that RIJA was "alive and well". This information was subsequently released by Dr. SMILEY to the student press at the University of Colorado, and it appeared in print.

When the Office of the District Attorney in Denver instituted investigation into the disappearance of RIJA, SMILEY was contacted by the DA's Office regarding the source of his statement. Dr. SMILEY again contacted the Denver CIA Office source and was advised that he was to state nothing and that he would be recontacted.

Some days later, the CIA source recontacted him and told him that he would be receiving an inquiry from the Office of the DA in the form of a statement, and that he should agree with the statement even though it "was not quite the truth". SMILEY did not question

these instructions, since he felt that CIA knew what should be done in this type of case. He received a telephone call from the DA's Office and a statement was read to him to the effect that the information which he had received and made public to the effect that RIJA was alive and well was in error. SMILEY told the caller that he agreed with the statement and nothing further came of this.

Dr. SMILEY does not know what part, if any, the CIA has in this case, but since he, SMILEY, is himself a former intelligence agent he did not feel that he had the right to question something which might be of vital importance to his country.

DR. SMILEY REQUESTED THAT NO HINT OR INFERENCE BE GIVEN TO THE CIA WHICH WOULD INDICATE THAT HE HAS REVEALED TO THE FBI HIS CONTACTS REGARDING THIS MATTER WITH THE DENVER OFFICE OF THE CIA.

He stated that though he has no evidence to substantiate his belief, he cannot get it out of his mind that RIJA may have been a double agent for the Soviets or the Czechoslovaks. He is aware that one Mrs. TANNENBAUM, a woman indicted for a number of frauds and a suspect in two arsenic poisonings, is considered a suspect in the disappearance of RIJA. He never knew RIJA to be associated with any such woman, but stated that he was not acquainted with the personal life of RIJA who was somewhat of a "loner".

RIJA, when he joined the staff of the University of Colorado, was single but in 8/68, an individual came to visit RIJA ostensibly for the purpose of arranging a marriage between RIJA and the man's sister. The intended bride was a Czechoslovakian girl who was born in Prague, Czechoslovakia, and this "brother-in-law" was entertained by a member and colleague of RIJA in the History Department. This individual indicated to SMILEY that although the "brother-in-law" supposedly did not speak any English, and had RIJA translate every statement into Czech, it was apparent from the gestures and expressions of the "brother-in-law" that he understood more than he let on. Three weeks after the visit of this man, the woman who became Mrs. RIJA came to Boulder, Colorado, where she and RIJA were married. The marriage resulted in divorce a short time later and the girl reportedly returned to the East Coast from whence she came.

Dr. SMILEY indicated that he has no further information regarding this matter, but that Dean WILLIAM E. BRIGGS, College of Arts and Sciences, University of Colorado, Boulder, should be in possession of the letter purportedly written from Canada by RIJA, and may be in a position to assist in answering any question the Bureau might have regarding RIJA's association with the University of Colorado, since BRIGGS would have possession of these records. He stated BRIGGS is a trusted confidant of his and Dr. SMILEY's name should be used as an introduction should the Bureau desire any information of BRIGGS.

With regard to the effort made to obtain an Executive Order establishing the FBI's authority in security matters, Mr. Armstrong advised the SSC representative that in May, 1972, one of the principal questions raised by Mr. Gray was concerning the jurisdictional authority of the FBI to conduct intelligence or security investigations. He commented that in May, 1972, a conference was held at Quantico, Virginia, involving a number of Bureau executives and that during this conference the question of jurisdictional authority was discussed. Following the conference, a special team was set up to discuss this subject, including Mr. Armstrong and former Special Agent Thomas Smith of the Intelligence Division. According to Mr. Armstrong, it was felt that it would be appropriate to develop a new set of guidelines and not to rely on prior statutes and Presidential orders. Armstrong recalled that after several meetings of this group, Thomas Smith prepared a document consisting of 43 pages which was completed approximately six weeks after the group was created. Armstrong recalled that the document was received in the Acting Director's office and was discussed at one of the regular afternoon staff conferences. At that time it was agreed that the document was good but that the timing was not thought to be appropriate. The thought was expressed that it would be held in abeyance until after the coming elections. It was Mr. Armstrong's belief that the matter might have been discussed between Attorney General Kleindienst and Mr. Gray, and it was decided not to push the matter until after the elections. Mr. Armstrong recalled advising Mr. Smith of the location of the document and the fact that it was being held in abeyance until after the elections.

The matter of the above document did not come up again until shortly before the confirmation hearings concerning Mr. Gray. At that time it was Mr. Armstrong's belief that the Bureau should not push for the Executive Order until after a

permanent Director of the Bureau had been confirmed. Mr. Armstrong advised that to the best of his knowledge the document was not given to the Department of Justice while Mr. Gray and his staff were in the Bureau.

Concerning files that were allegedly maintained in Mr. Hoover's office, Mr. Armstrong stated that shortly after Mr. Gray's arrival in the Bureau he made a statement to the effect that there were no secret files maintained by Mr. Hoover. Mr. Armstrong commented that he doubted the wisdom of making such a broad statement.

Shortly after Mr. Gray's statement was made, information came to Mr. Armstrong's attention which caused him to prepare a memorandum to Mr. Gray indicating the possibility of the existence of files in Mr. Hoover's office. Armstrong could not recall Mr. Gray's response to his memorandum but he believed that the original of the memorandum was returned to him and that he placed the original and the carbon in his desk along with other memoranda that he had prepared for Mr. Gray.

Mr. Armstrong stated that it was his theory that the files in Mr. Hoover's office were in two categories; the first being files containing information possibly detrimental to prominent persons in the Government and the other category being tidbits of information received in personal correspondence from various Special Agents in Charge concerning persons of possible interest to Mr. Hoover.

Mr. Armstrong advised further that at one of his daily conferences, Mr. Gray mentioned that he had talked to former Acting Associate Director Mark Felt concerning files which may have been maintained in Mr. Hoover's office and which he said were then in a safe in the custody of Mr. Felt.

Mr. Armstrong could not recall whether Mr. Gray and Mr. Felt were to go through the safe together or whether Mr. Felt was to do it alone and advise Mr. Gray of his findings.

With regard to the present location of such files, Mr. Armstrong had no specific knowledge but speculated that if they existed they might have been destroyed before Mr. Gray arrived in the office, they might have been retained in Mr. Felt's safe or they might have been removed to the custody of Mr. Clyde Tolson or Miss Helen Gandy at Mr. Hoover's house.

Mr. Armstrong advised that on April 27, 1973, prior to his departure from the Bureau, he destroyed all of the memoranda he had retained in his desk and he is certain that among them was his memorandum concerning files in Mr. Hoover's office.

With regard to the increase in the number of Legal Attaches, Armstrong advised that he recalled that shortly before Mr. Gray came to the Bureau there had been an expansion in the number of Legal Attaches. He understood that traditionally the role of the Legal Attache had been to function as a liaison representative to foreign police agencies but that with the expansion in the number of Legal Attaches they were given additional responsibilities in the field of foreign intelligence collection, exactly to what extent he did not recall. He recalled that the expansion was at the initiation of the White House and may have been because the White House was not satisfied with the intelligence collected by the Central Intelligence Agency (CIA). Armstrong stated that he saw a potential for friction with CIA and speculated that this might have been a factor in the breach of liaison between the FBI and CIA. He recalled writing a memorandum for Mr. Gray expressing doubts as to whether the training of Special Agents of the FBI equipped them for the collection of foreign intelligence and some subsequent discussion that

perhaps the Legal Attaches should be brought home for such training, but that this idea was concluded to be impractical or unnecessary.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Attached is a proposed memorandum to the Attorney General with a letterhead memorandum attached enclosing a copy of a memorandum J. H. Gale to Mr. Tolson dated July 30, 1964, captioned "Investigation of Ku Klux Klan and other Hate Groups." It appears that we are proposing to give the copy of the Gale memorandum to the Senate Select Committee in response to their request by letter dated May 14, 1975, for a memorandum prepared by Gale relative to the subject matter of the 1964 memorandum.

My reading of the memorandum revealed that it is a purely deliberative document which quotes personal views of Mr. Sullivan, Mr. Rosen, Mr. Belmont, and Mr. Gale. I am concerned that the release of such a memorandum containing not only the personal views of Bureau officials, but also identifying them by name could have an impact on individuals in the future who may be asked to furnish their opinions concerning policy matters in the FBI. As indicated by the Attorney General in his speech in New York, it is essential that the Executive Branch have a degree of privacy concerning policy discussions and expressions of personal views by officials in order for the Executive to function properly.

I do recognize that we may not be able to resist giving the Committee access to material documents that bear on particular issues under investigation, however, I do recommend that when we are required to produce deliberative documents, the names and other identifying data relating to individuals furnishing views be deleted.

SUBJECT: SENSTUDY 75

Former Special Agent Richard H. Davis of the Atlanta Office telephonically contacted SA Paul V. Daly of this Division on 6-4-75 at which time he explained that he had been contacted by Michael Epstein of captioned Committee at which time Epstein requested that Davis make himself available for interview in either Atlanta, Georgia, or travel to Washington, D. C. Davis informed Epstein that he would have to obtain Bureau approval prior to submitting to interview inasmuch as he had to obtain a release from his employment secrecy agreement.

Mr. Davis informed SA Daly that he was reluctant to agree to being interviewed by captioned Committee concerning his activities as an Agent. It was pointed out to Mr. Davis that the decision as to whether to agree to interview was his, but he was advised that captioned Committee has subpoena power and might attempt to force him to furnish information through the use of a subpoena. He was informed that the Bureau was cooperating with captioned Committee and their inquiry into FBI operations.

It was explained to Mr. Davis that if he desired to allow himself to be interviewed, the Bureau would make available an employee at his request to be available but not present during interview. He was also advised that this Agent would not represent him as private counsel. Mr. Davis was advised that the Bureau's concern was not of matters of historical fact but rather testimony might be required which could impair the Bureau's efforts to discharge its responsibilities. It was also explained that the Bureau representative would assist him in making determination whether his response to a particular question would identify confidential informants, impair ongoing investigations, divulge information derived from other Government agencies or foreign sources or expose sensitive investigative techniques and, therefore, a response should not be given.

Mr. Davis indicated that he desired a Bureau representative be made available during his interview and would request the interview take place in Atlanta, Georgia. Mr. Davis stated he would recontact FBI Headquarters as soon as a date and place of interview had been determined. He indicated he would set the date for interview so that the Bureau would have ample opportunity to have an Agent available. Reference is made to Bureau letter to The Attorney General 6/20/75 captioned "United States Senate Select Committee on Intelligence Activities (SSC)," forwarding letterhead memorandum for approval and forwarding to SSC.

The Director asked if we have any amplification of this instruction (to submit items with unusual twist or concerning prominent personalities for dissemination to the President under the INLET Program) or do we know of any submission responsive to this which illustrates interpretation?

There has been no amplification of this instruction, nor any submission under INLET of an item on prominent personalities that would show the interpretation of this point.

With respect to the observation that this matter should cause a congressional furor, it is noted that INLET has already been afforded considerable publicity, beginning in February, 1973, after an office memorandum on the subject reached the news media. This publicity is why the Senate Committee asked for documents on INLET. The White House and Senator Bob Packwood inquired about the Program. A detailed defense of INLET appeared in the Congressional Record.

By way of background, the INLET instruction that has received the most publicity--items with an unusual twist or concerning prominent personalities--was recalled by the author of the INLET Program initiating letter as having been specifically dictated by then Assistant Director W. C. Sullivan.

While we cannot say exactly what former Assistant Director W. C. Sullivan had in mind when he added the instruction about items with an unusual twist, we can speculate with a hypothetical example.

If we learned that a trusted assistant to an important government official--an official who had taken a "hard line" with respect to dealings with the Soviet Union, for example--was under development by Soviet intelligence, this would be an unusual twist to an item of intelligence interest to the President involving a prominent person.

In such a hypothetical case, we would, of course, advise the government official involved, and The Attorney General and the President. We would have done this under INLET and we would still disseminate this type of data. INLET was only a vehicle for special dissemination.

SUBJECT: SENSTUDY 75

John Elliff of captioned Committee's task force on Domestic Intelligence Activities advised on 6-9-75, that the Committee is planning to have a Bureau representative testify concerning the FBI's authority to conduct investigations in the domestic and counterintelligence areas in late June or early July. Mr. Elliff stated that this testimony would be before the Senators and will be a general exploration of jurisdictional authority. Mr. Elliff also volunteered that he had told K. William O'Connor, Special Counsel for Intelligence Coordination of the Department, that the Committee wanted to be furnished a copy of the T. J. Smith Memorandum dated 7-31-72 concerning FBI's investigative jurisdiction in domestic and counterintelligence matters. Elliff stated that at this point, a summary of such documents would not be an acceptable substitute. Elliff desired such a document be made available to the Committee prior to the aforementioned testimony. With regards to testimony, Elliff indicated that it would not necessarily have to be the Director giving a testimony.

Elliff stated as he finalizes his plans concerning the testimony concerning FBI investigative jurisdiction, he would recontact SA Paul V. Daly of this Division and give more details concerning this matter.

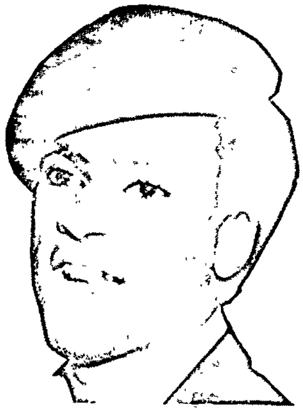
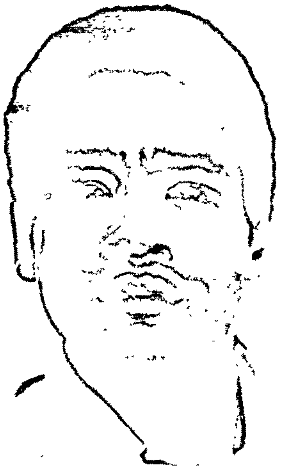
AND THE INVINCIBLE THOUGHTS OF
HUEY P. NEWTON
MINISTER OF DEFENSE OF THE BLACK PANTHER PARTY
AND SUPREME SERVANT OF THE PEOPLE.

I. FOUNDING



HUEY PERCY NEWTON



BOBBY GEORGE SEALE

The Black Panther Party, with headquarters in Oakland, California, was founded in 1966 by two Oakland Negroes – Huey Percy Newton and Bobby George Seale – both at that time at Merritt College in Oakland. The name and symbol of the new party were taken from the Lowndes County Freedom Organization, an Alabama political party known informally in 1965 as the Black Panther Party.

From the writings of communists, revolutionaries, and black militants, Newton and Seale allegedly selected ideas around which they could build a revolutionary frame that suited the needs of their party. Influential writings included those of Mao Tse-tung, Chinese Communist leader; Frantz Fanon , West Indian psychiatrist who advocated violence for Algerian nationalists; Ernesto "Che" Guevara, one-time lieutenant of Cuba's Fidel Castro and a principal architect of 20th century guerrilla warfare; Malcolm X, American black nationalist who advocated violence to obtain Negro "freedom"; and W. E. B. DuBois, Negro educator who became a member of the Communist Party, USA, at the age of 93.

The organization was at first called the Black Panther Party for Self-Defense; however, the "Self-Defense" was removed in 1968 in an effort to project a more politically oriented image to prospective sympathizers and supporters.

As head of the new Black Panther Party, Newton assumed the title Minister of Defense, and Seale was named Chairman. When questioned about the membership of their organization, Newton and Seale gave the since oft-repeated reply: "Those who know don't say. Those who say don't know." The militancy of the group, however, had an immediate appeal to the discontented, restless youth of Oakland's ghettos.

II. BLACK PANTHER OBJECTIVES

The Black Panther Party "Platform and Program" is repeated in each issue of the official Party publication, The Black Panther.

October 1966

Black Panther Party Platform and Program

What We Want What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

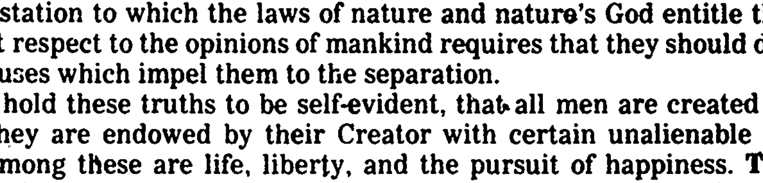
9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. **That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness.** Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. **But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.**



III. RISE OF BLACK PANTHER PARTY

Proclaiming a legal right to bear arms, the Panthers by early 1967 had begun to appear in public wearing black leather jackets and black berets, openly carrying shotguns, rifles, or pistols, and shouldering bandoliers of ammunition.

Calling the police "pigs," the Panthers began a buildup in Negro areas of the idea that police departments, especially that in Oakland, were dedicated to the brutalization and harassment of minority groups, and, acting as an appendage of white government authority, were working toward the eventual annihilation (genocide) of the Negro race.

Invasion of California State Legislature

The first incident that brought national attention to this group occurred on May 2, 1967, as the California Legislature was in session in Sacramento. Approximately 40 members of the Black Panther Party, carrying loaded rifles, pistols, and shotguns, and some wearing bandoliers of ammunition about their waists or draped over their shoulders, burst into the Chamber. They were protesting a bill being introduced on that date outlawing the carrying of loaded weapons in public and were proclaiming their right to bear arms and criticize the police. Before they were arrested, they passed out mimeographed leaflets calling on all Negroes to end the "terrorist" oppression of colored races by white America and referring to the preparation of concentration camps in the United States as a beginning of genocide.

Police Officer Meets Panthers--and Death

The Panthers became more militant with the passing of time. At 5:00 a.m., October 28, 1967, two Oakland, California, patrol officers, John F. Frey and Herbert C. Heanes, made a routine traffic violation car stop. While the officers were awaiting the results of the car registration check by radio, the driver, Huey Newton, got out of the car. Suddenly, shooting broke out. Officer Frey was killed; Officer Heanes was wounded critically; and Newton received a stomach wound. He stopped a passing automobile and had the driver take him to a hospital where he was taken into custody and hospitalized. After a state trial, which began July 15, 1968, Newton was sentenced on September 27, 1968, to serve from 2 to 15 years on a charge of voluntary manslaughter.*

"Free Huey" Campaign

Two days after Patrolman Frey's death, the Huey Newton Defense Fund was established at a meeting of a section of the Negro community of Oakland.

The cry of "Free Huey" became a clarion call. The imprisoned Newton was built up in the public eye as "black and bold in defense of his people." Each

bringing its own axe to grind, such organizations as the anarchist New Left group named Students for a Democratic Society; the Trotskyist Socialist Workers Party and its youth group, the Young Socialist Alliance; the Communist Chinese-oriented Progressive Labor Party; the Communist Party, USA, and its youth affiliate, the W. E. B. DuBois Clubs of America; and militant campus groups, black and white, began to gather in support of the Panthers, who were willing not only to defy the establishment, but to destroy it.

LEROY ELDRIDGE CLEAVER

Enter Leroy Eldridge Cleaver

Early in 1967, the Panthers were joined by a recent parolee from the California prison system, author of a best-selling autobiography, *Soul On Ice*, staff writer for the magazine *Ramparts*, and admitted Marxist – Leroy Eldridge Cleaver.

In *Soul On Ice*, Cleaver wrote: "I sought out his (Marx's) books...It was like taking medicine for me to find that, indeed, American Capitalism deserved all the hatred and contempt that I felt for it in my heart...."

After Newton was jailed, although he remained the undisputed leader, it soon became apparent that Cleaver, designated Minister of Information, was projecting a major leadership image. The Party began to further widen its publicity, nationally and internationally, and enlarge its radical support and revolutionary intent.

As an example of this spreading influence of the Panther Party, the 1968 National Election ticket of the Peace and Freedom Party, a coalition of radical groups, included Cleaver as candidate for the Presidential nomination; Newton as candidate for the 7th Congressional District of Alameda County, California; Kathleen Cleaver, 18th Assembly District, California State Legislature; Bobby Seale, 17th Assembly District, California State Legislature. Cleaver received a national total of almost 200,000 votes. Only a small percentage of the California electorate cast their votes for Newton, Seale, and Kathleen Cleaver.

On the evening of April 6, 1968, Cleaver and several Panthers became involved in a shoot-out with Oakland police officers. The incident resulted in the death of a Panther, the wounding of two police officers, and the wounding and arrest of Cleaver. Cleaver's parole was revoked immediately and he was returned to prison. After much publicity, he was later released on bail by a Superior Court Judge who ruled that the jeopardy of his parole status stemmed "from his undue eloquence in pursuing political goals...offensive to many of his contemporaries." This decision was overruled by the District Court of Appeals and upheld by the California Court of Appeals. Cleaver was ordered to return to prison by November 27, 1968. Electing to become a Federal fugitive, he disappeared in late November, 1968, going first to Havana, Cuba, and later to Algiers, where he has established residence.

International Committee to Defend Eldridge Cleaver

Soon after Cleaver's arrest in the spring of 1968, approximately 150 prominent individuals sponsored the establishment of an International Committee to Defend Eldridge Cleaver. The committee intended to dispatch a team to Europe to gain

international support and arrange for a European edition of Cleaver's book, *Soul On Ice*.

Rise of the Black Panther Party

In May, 1968, the hard-core membership of the Black Panther Party was estimated at only 125, and Panther activity was confined largely to the San Francisco-Oakland, California, area. However, because of the dramatic shoot-outs, the "Free Huey" Campaign, the funds established for the defense of both Newton and Cleaver, the widespread publicity, and the support given readily by white radical groups and individual sympathizers, the Black Panther Party began to grow rapidly, not only in membership but in militancy and influence. Chapters began to appear in major cities throughout the country. By the end of 1968, the membership had reached nearly 2,000, with additional thousands of sympathizers and supporters.

IV. LEADERSHIP

Organizationally, the Black Panther Party is set up to be under a Central Committee composed of the following positions:

- Minister of Defense and Supreme Commander, held by Huey Newton
- Chairman, held by Bobby George Seale
- Minister of Information, formerly held by Leroy Eldridge Cleaver
- Chief of Staff, held by David Hilliard
- Minister of Education, held by Raymond (Masai) Hewitt
- Communications Secretary, formerly held by Cleaver's wife, Kathleen
- Minister of Culture, held by Emory Douglas
- Field Marshal, formerly held by Donald Lee Cox

The position of Assistant Chief of Staff, not included among the Central Committee, is occupied by Roosevelt (June) Hilliard.

Under the Central Committee, the chain of command extends to leaders and officers of local chapters.

National Committee to Combat Fascism

Set up to coexist with Black Panther Party branches in various cities in the United States are chapters of another organization called National Committee to Combat Fascism. In actuality, there is little difference between the two. This group, a Panther Party front, was set up as the result of a revolutionary conference, called National Conference for a United Front Against Fascism, held in Oakland, California, in July, 1969. The conference, sponsored by the Black Panther Party and assisted by the anarchist Students for a Democratic Society and the Communist Party, USA, was called to form a coalition of black and white radicals, described as "oppressed people."

The National Committee to Combat Fascism is considered by Party leaders to be the "political organizing bureau" of the Black Panther Party. Its specific task allegedly is to raise the political level of the people and educate them against the system.

International Section

On September 13, 1970, the International Section of the Black Panther Party officially opened in Algiers. Joining Cleaver on the staff were his wife, Kathleen, and Field Marshal Donald Lee Cox, a fugitive from justice. Cox faces charges of unlawful flight to avoid prosecution for conspiracy to commit murder, based on a warrant issued on April 20, 1970, at Baltimore, Maryland. He also failed to appear on May 14, 1970, in San Francisco, to answer Federal firearms charges.

This section, in its entirety, was expelled from the Black Panther Party by Huey Newton on February 27, 1971. The expulsion resulted from tensions and differences between Party hierarchy which led to disruptive factionalism.

V. FUNDS

The money by which the Black Panther Party operates comes from a number of sources. There are substantial private contributions; fees for public appearances, such as campus speeches, radio, and television appearances; payments for magazine articles; collections for trials and bail funds in this country and abroad; subscriptions and individual sales of the Party's official organ, *The Black Panther;* fund-raising activities sponsored by sympathizers and supporters; sales of recordings of interviews and speeches; and financial aid from radicals and extremists.

According to the press, there is reason to believe that the Panthers, to obtain additional funds, are engaging in criminal activities, such as burglaries and robberies.

VI. "SOCIALISTIC" PROGRAMS

Panther Party leaders insist their primary aim is to serve the "people," meaning ghetto blacks. To establish good intent, Party officials have set up a series of community services aimed at recruiting members and sympathizers and building Party influence in ghetto areas. These programs, described by the Panthers as "socialistic" programs, are supposed to be carried out by all Party branches and include: "liberation schools" to give "our people a knowledge of self"; free health clinics, with money, medical supplies and professional services donated by laymen and professionals in the community; free clothing programs, with clothing donated by the community; Community Information Centers, to "answer the basic needs of the people"; and a monthly free shuttle bus service for families of blacks in prison. Few of these programs actually are carried out, and those that have been attempted have been mostly unsuccessful.

The program that has received the most publicity is the "breakfast program," devised as a further means of indoctrinating Negro youth in Panther teachings of racism and rebellion. As expressed in *The Black Panther,* June 14, 1969, "The youth we are feeding will surely feed the revolution." Breakfasts are held for ghetto children either at churches, housing projects, Panther Community Information Centers, or other space that can be obtained free of charge. Panthers usually ask local businessmen to donate food or money to this program, boycotting stores that refuse to participate. At these functions, children have been known to sing such chants as: "I am a revolutionary. I am a revolutionary. There's going to be some barbecue if Huey's not set free. Power to the people."

In 1969, Panther "Coloring Books" were printed and given out at these breakfasts. The books contained 22 pages of drawings teaching the children to distrust, hate, and kill police officers.

HE SAYS, "WE INTEND TO CHANGE ALL THAT. BUT IN ORDER TO CHANGE IT, THERE MUST BE TOTAL TRANSFORMATION. BUT UNTIL SUCH TIME THAT WE CAN ACHIEVE THAT TOTAL TRANSFORMATION, WE MUST EXIST. IN ORDER TO EXIST, WE MUST SURVIVE; SO THEREFORE WE NEED A SURVIVAL KIT." SO THAT WE CAN GROW UP HEALTHY WITH A MIND THAT CAN BE FUNCTIONAL AND CREATIVE.

VII. TACTICS

The Black Panther Party is a violent revolutionary group whose members provoke confrontations with law enforcement officers and whose leaders incite racial hatred and preach urban guerrilla warfare.

Target: Police

Panthers claim that black communities are occupied by the police in the same way and for the same purpose that foreign troops occupy conquered territory and that these forces, operating under "establishment" orders, are engaged in gradual annihilation of the black race. Blacks, according to the Panthers, must, through urban guerrilla warfare, use guns to liberate themselves from the ever-present repressive enemy. Children in Panther "schools" do their exercises to the rhythm of: "There is a pig upon the hill – if you don't kill him the Panthers will."

Numerous claims have been made that the Black Panther Party is an innocent victim of police persecution and genocide. This charge is rendered absurd by fact. During 1970, 6 police officers were killed and 22 wounded through acts of violence traced to the Panthers. One officer, in 1969, was killed by a Panther with a shotgun blast at point-blank range as the officer lay wounded and helpless on the ground.

Out of 20 members named by the Panther Party as "killed in cold blood" by the police, four were killed by members of a rival black extremist group on the west coast; one died of barbiturate intoxication; one was shot and killed by a store owner during a robbery attempt; one was killed by his wife over a love affair he was having with a female Black Panther; and another was allegedly tortured and killed by Panther Party members. Of the remaining twelve, two were found dead on the street, the victims of unknown assailants, and ten were involved in shoot-outs with police officers.

Attacks on Others

Panther attacks have not been limited to the police. While claiming their intent to protect the black community, Panthers have assaulted and threatened citizens who have tried to assist the police.

Neighborhood stores have been forced to "contribute" food supplies and money under fear of Panther violence. Many other persons have also been victimized, as shown by the fact that in 1969 alone 348 Panther members were arrested for serious crimes, including murder, armed robbery, rape, bank robbery, and burglary.

On April 21, 1969, 21 members of the Black Panther Party were charged in New York in a 30-count indictment with conspiring to bomb public places and murder policemen and with possessing dangerous weapons.

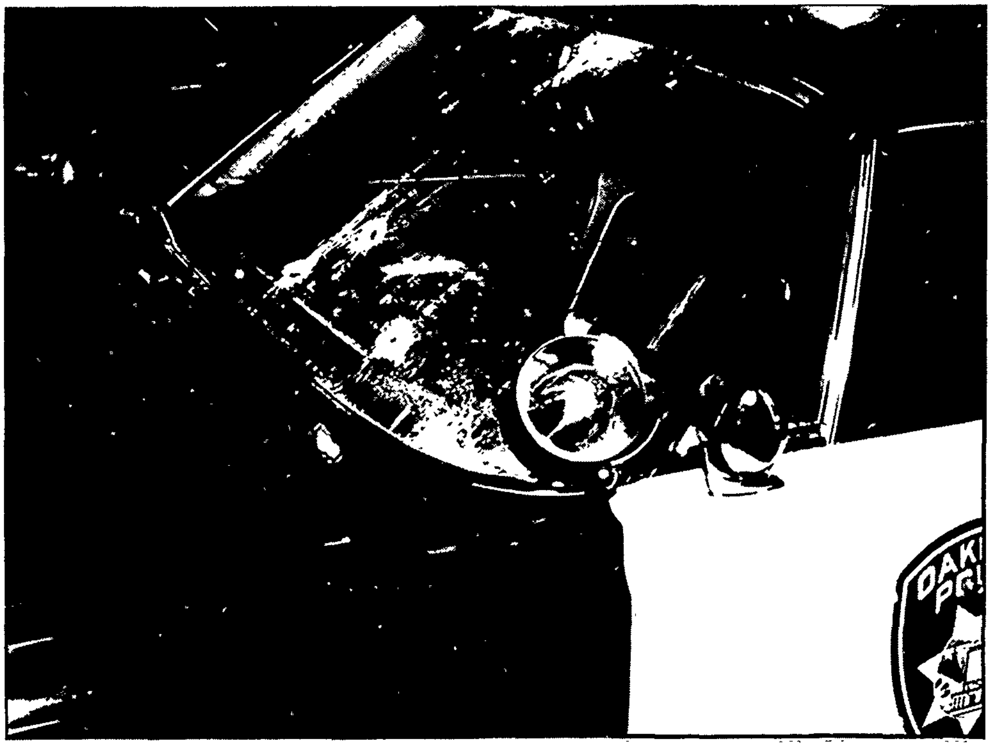
Weapons Caches

Stockpiles of machine guns, sawed-off shotguns, rifles, hand grenades, thousands of rounds of ammunition, Molotov cocktails, gunpowder, and accumulations of bayonets, swords, and machetes have been confiscated from Panther offices.

"Revolutionary Suicide"

On August 7, 1970, Superior Court Judge Harold Haley, the Deputy District Attorney, and three other persons were tied together with piano wire and dragged from a San Rafael, California, courtroom and taken as hostages by three armed Negro convicts, one of whom was standing trial for stabbing a San Quentin prison guard. The escapees were assisted by the defendant's 17-year-old brother who supplied them with weapons for the escapade. Judge Haley, who had a sawed-off shotgun taped to his neck, and the other hostages were forced into a waiting van. When the authorities tried to stop the kidnappers, the judge was brutally murdered; the Deputy District Attorney was injured seriously; and another hostage was slightly wounded. Three Negroes were slain and one was wounded.

Immediately thereafter, Huey Newton declared the killing of Judge Haley as being of "historical" importance to the Black Panther Party. This declaration was based on the Panther belief that all black prisoners, regardless of their crimes, are political prisoners and should be released.



OAKLAND, CALIFORNIA, POLICE DEPARTMENT CRUISER INVOLVED IN THE APRIL 6, 1968, GUNBATTLE WITH MEMBERS OF THE BLACK PANTHER PARTY.

CONFISCATED PANTHER WEAPONS

The perpetrators of the courtroom incident were lauded by the Panthers as setting another "revolutionary example for black people." In commenting further, *The Black Panther* of August 15, 1970, stated:

> *"The example that these brothers have set will be followed by many and many will rise to choose revolutionary suicide rather than reactionary suicide. Black people will unleash in great numbers the Black kamakazi..."*

In his eulogy at services for the slain Negroes, Newton said: "Our comrades have taught us all a revolutionary lesson. They have intensified the struggle and placed it on a higher level."

Panther "Justice"

Recalcitrant members of the Black Panther Party are sometimes victims of Panther "justice." As one example, Panther Chairman Bobby Seale was brought to trial in New Haven, Connecticut, for the torture-murder of Panther Alex Rackley. Rackley, a Panther suspected of being an informant, was scalded, murdered, and dumped in a swamp.

For a variety of reasons, many members have been purged from the Party. These incidents are usually written up in *The Black Panther* in special articles accompanied by photographs.

EXPELLED

So let this be heard throughout the black community, of Atlantic City, New Jersey. That Leonard Weeks is no longer a servant of the people. That he is no longer the breakfast coordinator for this community center, or for that matter no center ran by the Black Panther Party. He has become slip-shod in his duties as a servant to the people, many times he has been warned by his comrades, about his work, and about his duty to the people's children. He deserted the children of the black community, there were days he would not attend the breakfast program, because he said that he was tired or that he overslept. Well we cannot adhear to this because as revolutionaries we must prepare ourselves to be a match for a hundred. We must prepare to run ourselves to death if need be, so that the people shall be served, and to see to it that they truly have a right to the best. And we have no time for slip-shod niggers. We must hold ourselves responsible to the people. Every word, every act, and every policy must confirm to the people's interest, and if mistakes occur, they must be corrected, that is what being responsible to the people means.

HAROLD WRIGHT, FOOL

The National Committee to Combat Fascism has no time for crazy dumb fools who run around pimping off the people's just struggle for freedom and self-determination This modern day mad man can't seem to find himself or anything else for that matter. He started out, helping to put this office together and after a long train of was put out. Harold didn't like this and started to hang around our office trying to give the community the impression that he was still a member of the revolutionary ranks of Babylon.

After a few days of the breakfast program, his wife Michelle decided that she loved Harold more than the people and went with him.

We say goodbye to the Wright family and other love birds (like the Johnson's) who can't deal for the people.

So let this be heard, Harold and Michelle Wright are not members of the National Committe to Combat Fascism nor will these fools ever be.

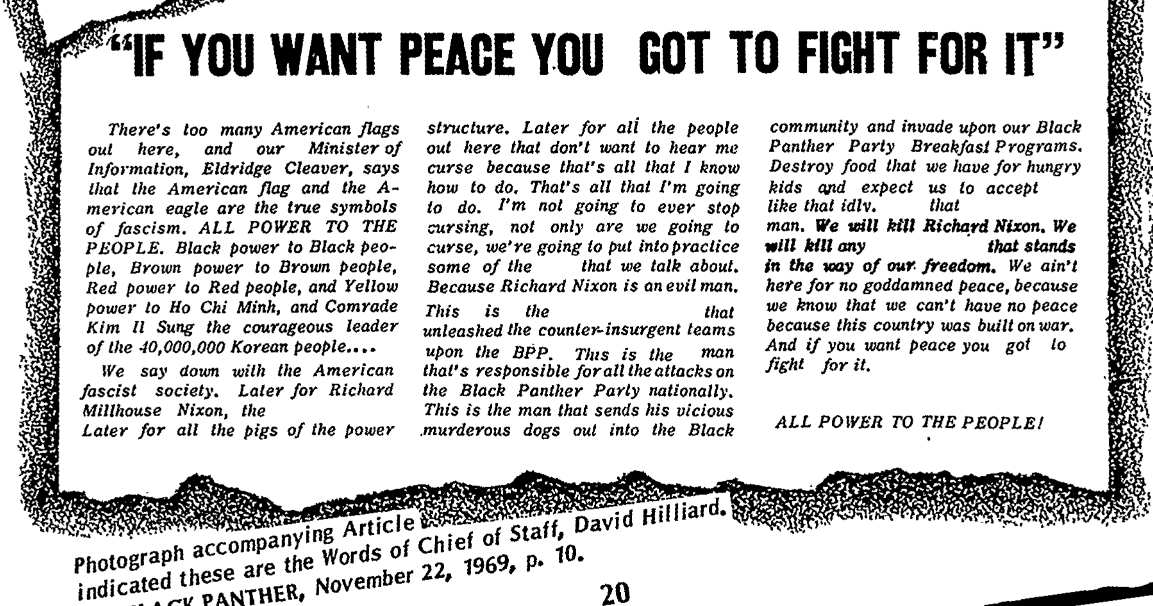
TO MY BLACK BROTHERS IN VIET NAM

I'm writing this on January 4, 1970. We are starting out a new year. On August 31, I'll be 35 years old. I'm married, and I have one child with another one on the way. I am in love with my wife and I would like to enjoy a happy life raising a family. But I am not free to live the type of life that I would like. Pigs--the racist fascist rulers of the United States--won't let me....

We appeal to you Brothers to come to the aid of your people. Either quit the army, now, or start destroying it from the inside. Anything else is a compromise and a form of treason against your own people. Stop killing the Vietnamese people. You need to start killing the racist pigs who are over there with you giving you orders. Kill General Abrahms and his staff, all his officers. Sabotage supplies and equipment, or turn them over to the Vietnamese people. Talk to the other Brothers and wake them up. You should start now weeding out the traitors amongst you. It is better to do it now than to allow them to return home to help the pigs wipe us out. Especially the Uncle Tom officers should be dealt with now, because the pigs will use them as effective tools against our people. When you can no longer take care of business inside the army, then turn yourself over to the Vietnamese people and tell them you want to join the Black Panther Party to fight for the freedom and liberation of your own people. If you do cross over, you don't have to worry about the Vietnamese people abusing you. They will be glad to see you drop out of the army because what they want most in life is to stop the fighting in their land. You have a duty to humanity as well as to your own people not to be used as murderous tools by racist pigs to oppress the people.



"IF YOU WANT PEACE YOU GOT TO FIGHT FOR IT"

There's too many American flags out here, and our Minister of Information, Eldridge Cleaver, says that the American flag and the American eagle are the true symbols of fascism. ALL POWER TO THE PEOPLE. Black power to Black people, Brown power to Brown people, Red power to Red people, and Yellow power to Ho Chi Minh, and Comrade Kim Il Sung the courageous leader of the 40,000,000 Korean people....

We say down with the American fascist society. Later for Richard Millhouse Nixon, the Later for all the pigs of the power structure. Later for all the people out here that don't want to hear me curse because that's all that I know how to do. That's all that I'm going to do. I'm not going to ever stop cursing, not only are we going to curse, we're going to put into practice some of the that we talk about. Because Richard Nixon is an evil man. This is the that unleashed the counter-insurgent teams upon the BPP. This is the man that's responsible for all the attacks on the Black Panther Party nationally. This is the man that sends his vicious murderous dogs out into the Black community and invade upon our Black Panther Party Breakfast Programs. Destroy food that we have for hungry kids and expect us to accept like that idly. that man. ***We will kill Richard Nixon. We will kill any that stands in the way of our freedom.*** *We ain't here for no goddamned peace, because we know that we can't have no peace because this country was built on war. And if you want peace you got to fight for it.*

STATEMENT BY HUEY P. NEWTON, MINISTER OF DEFENSE OF THE BLACK PANTHER PARTY AND SUPREME SERVANT OF THE PEOPLE, ON THE OCCASION OF REVOLUTIONARY INTERCOMMUNAL DAY OF SOLIDARITY- MARCH 5, 1971

Power to the People, Brothers and Sisters,

First of all I would like to thank all of you for my very presence here, because if it weren't for the Power of the People, I wouldn't be here tonight. I'm not here because of the Black Panther Party; I'm not here because of any group, I'm not here because of a group of kamakazis. I'm here because of the Power of the People.

We must remember that Revolution is a process. It's not a conclusion; because once we conclude, then we become counter-revolutionary. And that means even with the gun in our hands, because fascism also has a gun. And I would like to say tonight that the Black Panther Party stands against all forms of fascism, including sexual fascism. That we are against all kinds of chauvinism, including racial chauvinism; we're against sexual chauvinism, national chauvinism. We're intercommunalists. Before I went to prison, most of you know, you are aware, that I never made any speeches, you see, because I'm not a very eloquent man. I'm better known by the actions. And the Party was built upon the actions. And the action itself is a process. And we're not ever fixated. We haven't accepted any dogma. And we will not.

And I would like to say this, that from now on the Party itself will be better known by its contributions to the People, for the simple reason that some people around us seem to want to be known through the Media. But the Party can only judge itself through establishing certain survival programs, pending Revolution. Because remember, you make the Revolution. We can't free political prisoners, only the people can free political prisoners. And a people who are not free cannot free their prisoners, cannot free the prisoners that fascism makes. So I would like to say that we must work very hard in order to lift the consciousness of the people. We must free our Chairman Bobby Seale, Angela Davis, Ruchell Magee, the Soledad Brothers, the seven and the three, and all other political prisoners. Randy. We have to free all of them.

But we must remember that we must exhaust every possible tactic. And we must let it be known that never broadcast military tactics for military reasons. It's perfectly correct to broadcast military tactics for political reasons. That's what Uncle Ho said, and I agree with him. So we would like for the people to know that there are many things that we will not discuss in public. But what you can do is watch the fruits of our work. And we would like to say that our Party became an intercommunal Party upon its actions. And I think that's very good. So I'm asking you in order to free all political prisoners, free the people, free the woman and also the man, that we have to get together in unity by substituting verbal expressions for action. The final test of the pie is the action. We'll stand on the Black Panther Party. The Black Panther Party from 1966 when it was formed will stand on its record, will stand on the action. We won't claim to be ultra-leftists; we won't claim to be infantile leftists. What we'll do is act in accordance with the particular set of conditions and the particular problem that we have at a time. So please judge us upon our actions and we will develop like that. We will not develop with lip service coming from anyone. And sometimes I'm very thankful that I don't talk too well, because that's only one way of communication. We say that a picture is worth a thousand words, but action is supreme.

But what kind of action you take will depend upon the particular set of conditions. And I say all of this, because you know the Party and the world today is under turmoil. And this is very good. We always have welcomed all forms of contradictions. Because without the contradiction there is no transformation. So from the contradiction that has developed now in the world and in the Party, we hope to have a qualitative leap. If this leap eliminates some of us, then, of course, we'll weep for that. But we must not stop the Revolution. I will not stop the Revolution. You should not stop it. And, for all that it's worth, we know that words will never stop it. Words will not start the Revolution either. Only action. 'Sixty-six kicked off the armed manifestation of Revolution in this country, because it focused upon the need for the People not only to defend themselves, but also to develop a consciousness necessary to perform and to act to be able to fight in a protracted war. And that is why it is necessary for us to develop the correct ideology, which is a system of thinking. And we must not rely upon and conclude with the philosophy, which isn't necessarily a conclusion.

So we're ideologically revolutionists. We're in a constant state of change. And we fight with all people who want to change, because we know change will offer our hope. So after all of this, we must pay more attention to what is happening. The news media has attempted to discredit the Party by saying that it's over, because they don't see anyone. I think our programs are better than the Party. The communities are involved in forty-four cities. We must support these; we must expand them. Because I read an article, recently, a few months ago, where Che had some problems in Bolivia, because the peasants were so unconscious until he could not rally them even with the "focos". They did not understand why the military, the regular military was dropping. So what did he do. He attempted to form certain programs that he called survival programs. He attempted to form a free health program in order to get the peasants inside, to help them, and also to provide things for his focos. He also took to form a free breakfast program, a free shoe factory, and a sporting good store (for obvious reasons). So programs are good. Because an act that might be revolutionary might be counter-revolutionary, if the correct preparations are not made.

So to be a serious revolutionist, we must know that we are involved in a process, and not a set of principles or conclusions that are of face-value revolutionary. I do not know one thing that is revolutionary in itself. And all things might be revolutionary in context. In other words, capitalism was revolutionary when it kicked out feudalism. And now we have a situation where the capitalists have become the imperialists, and the people of the world, of the communities of the world will have to kick them out. So in order to free Angela, Bobby, Ruchell Magee and all other political prisoners, we must kick the fascists out. And we cannot do it with lip service.

POWER TO THE PEOPLE

THE BLACK PANTHER, SATURDAY, APRIL 3, 1971 PAGE 2

BOBBY SEALE: "I AM THE CHAIRMAN OF ONLY ONE PARTY."

March, 1971

This is Brother Bobby Seale, from the New Haven Courthouse, back in jail, back here. And I just wanted to say to the people, the masses of people, to all the brothers and sisters, Women's Liberation Movement, Black brothers and sisters, Chicano brothers, the Puerto Rican brothers, the young revolutionary White youth in America, and especially, all the Black brothers and sisters in the Black community, that I've seen a lot of things happening; and I've took time to analyse what's happening. And I see presently that there're some divisionary, counter-revolutionary actions going on. Now the Party accepts constructive criticism. Constructive criticism! But the divisionary, counter-revolutionary actions and jive tactics of Eldridge Cleaver is doing nothing but aiding the pig power structure. Aiding the pig power structure in their attempt to put in gas chambers and jails over 130 political prisoners, who are presently, like myself and Ericka, caught up in these jails, and are being railroaded to the gas chamber, where we're fighting for our lives in these trials. And this is the only thing that Eldridge's actions are doing. This is the only thing that I can see that is going on. And my analysis shows this.

There is no split in the Black Panther Party, at all. But the main thing that we want to get across, I want to get across, to the people is that the Party is based on Survival Programs to serve the people, and these survival programs - from Breakfast for Children to the recent programs that I'm designing right here in jail, in my time that I'm not in court, which is a decent housing fit for shelter of human beings program - these are survival programs - and this program and all other programs that all other revolutionary organizations have are survival programs, that must sustain the people so the people can wage a revolutionary struggle.

And Eldridge Cleaver, who's denouncing these types of programs and carrying on with all those other divisionary jive tactics, is negating the real meaning of a People's revolutionary struggle. That's why the Black Panther Party belongs to the people, because the survival programs come forth, and we set up the survival programs to sustain the people's revolutionary struggle. Even the Vietnamese people, if one would check it out, have their survival programs; they have their cooperative, functional survival programs throughout their land, amongst their people. The people just don't have guns alone fighting their battle. The people over there have actual everyday, functional, constructive survival programs. In their countries, in their lands, and in their everyday operations in fighting the capitalist pigs who occupy their country, they have survival programs. And those survival programs sustain the revolutionary struggle there. Of course, our survival programs will be directly related to here in America. But I, myself, send solidarity and support to all the socialistic, revolutionary peoples of the world, and the socialistic countries and lands - and the different war zones, where the people, the masses in those lands, are fighting against the capitalistic, imperialistic ruling class circles.

And Eldridge Cleaver - who negates the very survival programs that the Party is trying to set forth, that the Central Committee is trying to set forth, and all the real dedicated, hard-working brothers in the Party are trying to set forth to educate the people and serve the people, these survival programs (that) sustain the people's

to the gas chambers. He's aiding the power structure and causing us to be in the prisons, because the political prisoners are the ones who really initiate and work hard to maintain the survival programs for the revolution, the people's revolutionary struggle.

Only the masses of the people can really free political prisoners. And the people must see the value and the validity of the survival programs. And getting on down to it, so the people can understand where it's at, so that the people, even the supporters that we have all over Europe, all the solidarity committees that are in Europe, that're in Sweden, that are in Denmark, and other countries over there, who support the freedom of political prisoners in this country, who support the survival programs of the poor oppressed people in this country, and the revolutionary movement (who are initiating these programs), I am trying myself to get people to understand, that we are beautifully behind them and we are glad and send greetings to them and praise the people who are in the solidarity committees in other countries, and in fact here in America, here in Ameri-KKK-a. I think that the people really have to understand who and what the Black Panther Party is, so that these reactionary, counter-revolutionary, divisionary tactics will not be misunderstood. The Party is not falling apart. It's just that Eldridge Cleaver has personally defected his own self from the Party. He defected from the Party.

And I, Bobby Seale, am the Chairman of only one Party. And that Party is the Party that Brother Huey P. Newton is the Minister of Defense of and one of the supreme, top servants of the people; that Brother David Hilliard is the Chief of Staff of; that Brother June Hilliard is the Assistant Chief of Staff of; that Bobby Hutton was a member of, before the pigs murdered him. I am the Chairman of only one Party, that Brother Fred Hampton, who loved the survival programs for the people, was Deputy Chairman of. I'm the Chairman of only one Party, who Brothers Jonathan Jackson and George Jackson are members of. I'm the Chairman of only one Party, of the Central Committee of the Black Panther Party, with Huey, David, and the rest of the brothers and sisters on the Central Committee, where the Central Headquarters happens to be located on Peralta Street in Oakland, (California). So All Power to the People. Right On. And we're going to stick together. We ain't coming up with no jive. We have to free Brothers Ruchell Magee, George Jackson; we have to free Sister Angela Davis; we have to free these brothers and sisters. I am the Chairman of only one Party, the Party that Brother Huey is the Minister of Defense, with David Hilliard, June Hilliard, etc. And we're going to free political prisoners; and, we're going to keep these survival programs going; and, we're going to wage a People's revolutionary struggle, and not no jive, individualistic, defecting actions, by some individual who wants to play power games. I am the Chairman of the Party of which the San Quentin Cadre is apart and parcel of the same Party. The San Quentin Cadre of the Black Panther Party.

So all I have to say to the people is that you know where it's at. We're going to stick in solidarity. There're a bunch of jive renegades and jack-a-napes around. But later for that. Just later for that. Let that ride, cause we got survival to get on with, and a People's revolution to mobilize. And we got political prisoners to free all over this land.

RACIST-MAD PIGS SIC K9 POLICE DOG ON BROTHER

On Friday night, March 27, 1970, 14 yr. old Brother John (Little Hot-Rod) Hargrove became the victim of a brutal attack inflicted by a K9 Police dog. This brother along with two other bloods were playfully chasing each other along the sidewalk in the area of Sixth and Snyder Streets. When the brothers approached the corner, one brother ran past brushing against a lady standing at the corner. When this happened the lady immediately grabbed the brother. The two other bloods kept running. Soon after the pig grabbed the brother, a light colored station wagon appeared. In the station wagon were two plain clothes pigs. These pigs immediately proceeded to hand-cuff the blood, beat him in the face, and unleash a vicious police dog that ripped the flesh off the brother'sbody. As the brother tried to escape the blows of the pig beating him in the face, the K9 proceeded to bite him all over his body. While the brother was being beaten by the pig, and attacked by the dog, the other pigs who came along proceeded to chase the other two bloods. The pigs fired a shot barely missing the fore-head of one of the brothers.

Little Hot-Rod, handcuffed, face badly beaten and suffering from dog bites all over his body, was taken to the local police station where he was booked on suspicion of pick-pocketing. He did not receive any medical attention until several hours later at the Philadelphia General Hospital; there they gave him one tetnus shot and put a bandage on each leg. The pig who created the vicious attack was later identified as one of Rizzo's faggot law and order boys of the GRANNY PATROL. The Granny Patrol is a special segment of piggery which employs pigs to dress up as women so that they can arrest suspected pick-pockets.

The party conducted an interview with the bloods who were fortunate enough to get away, we also spoke withthe brother's parents, and were able to visit the brother, at the Youth Study Center. We also spoke with the people in the community who witnessed the horrid incident!

Following are excerpts from the tapes which describe the incident. We cannot use names here of the bloods because it has been passed down that the pigs are trying to round up the other brothers.

The racist pigs approached the brothers by shouting “Get them niggers, get them niggers” They chased the bloods with butcher knives, and what appeared to be an ax. One brother was hit with a pipe in the stomach.

People in the community responded to the arrest and attack angrily. When several people in the community demanded that the pigs call off the dog, they were met with racist remarks from the pigs.

The attack was so vicious, the dog ate the underwear on the brothers body. In addition to bites on the brothers hands, legs and waist the dog also bit the brother in the back and rectum. The brother suffered from severe beatings by the pigs, in the face.

When Little Hot-Rod was visited on Sunday at the Youth Study Center, his body was not healing properly. He related that the nurse only appliesmercurochrome on the bites. He is suffering from soreness. He is sleeping on hard cots in the over-crowded center. The bites on his body are swollen and inflamed. The brother's first remarks to his family were, “Tell my probation officer to get me out of here, this place is like Byberry’ .

Just less than two weeks ago, the brother was beaten in a cell Division. This pig beat him so bad that Methodist Hospital complained to the Police Department. His eyes were badly damaged. The pig's name who inflicted that beating was Juvenile Aid Officer, Charles Kora. Hot-Rod identified Kora as his assailant and since then, he has been harrassed in his neighborhood by every pig who comes through.

At 14, John Hargrove is a marked victim of Frank Rizzo's fascists, like so many other Blackyouths in this city. Pigs are on the loose to inflict more physical harm to our people. It is high time that we escalate our war on the pigs and drive them out of our communities.

Seize The Time people of Philadelphia, Rizzo and all of his racist paper tigers can be rightously blown away.

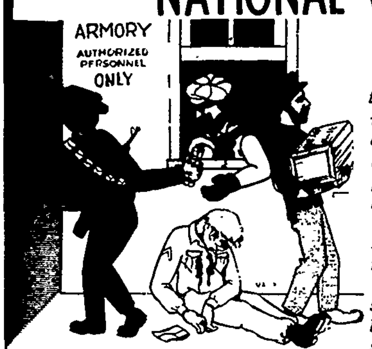
NATIONAL GUARD ARMORY BOMBED, HEROES SUCCESSFULLY ESCAPE



Newburyport, Mass. is a small residental New England town basically composed of people from the White working class. Until last Saturday, September 19, Newburyport's only claim to fame was that it is one of the many small towns surrounding Boston which are strongholds for groups like the Minutemen and other right-wing fascist reactionaries. Last Saturday, however, at 6:00 a.m. in the morning a National Guard Armory was bombed, hundreds of rounds of ammunition ripped off, military personnel records taken and to top it off, they left the scene in a one ton army pick-up truck. They (the bombers) attempted to open the vault holding the weapons of the pig army, M-1 rifles, .45 caliber pistols and .30 caliber sniper carbines, but were not able to do so. The act was accomplished in one fast motion, and the heroes escaped capture and one week later, "law enforcement officials" are still scratching their heads in wonderment.

And although the weapons, themselves, tools of our liberation were not liberated from the oppressor, the success of this action cannot be denied.

As has been the case in liberation movements all over the world, the guns and arms made by and for the oppressor eventually ends up in the hands of the oppressed. More important, the unknown people who accomplished this act, obtained hundreds of rounds of desperately needed ammunition. Again, past experiences has shown that while the guns themselves can be obtained in ample supply, the ammunition, the bullets, that actually inflicts death upon our enemy, becomes very scarce. One of the necessities of our struggle is our ability to liberate, stockpile, and then accurately use the ammunition of our oppressor upon our oppressor.

As for the military personnel records, they can obviously be put to good use. Our oppressors must be harassed and intimidated day and night. They must not sleep, nor rest, these are the devils who plot the genocide of Black people. The National Guard Armory in the small town of Newburyport, like other small time towns surrounding the Black colony in Boston is designed to be used against us in the fascist genocidal plot devised by the treacherous minds of the Nixon-Agnew-Mitchell clique. It is to be carried out by those men whose names and addresses are now in the hands of the people. Unknown members of the fascist majority now appear before the people's tribunal and will be judged according to their actions.

This action is just one of many blows which will be dealt out to the oppressor. If this action was intended to help and serve the people, we welcome their help to our just liberation struggle against the Babylonian Empire.

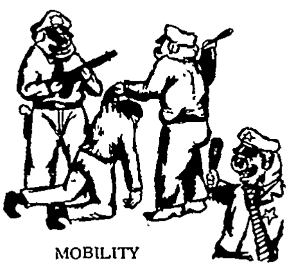
ORGANIZING SELF-DEFENSE GROUPS HOW TO COMBAT C.M.I.

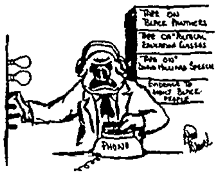
Part 5

The *principal of Juche (Self-Reliance)* clarified by Eldridge Cleaver, the Minister of Information of the Black Panther Party, is "Use what you got to get what you need." To answer the question of how do you combat the pigs' *C.M.I. (communication, mobility* and information), we must first determine what we have going for ourselves. Checking out the practice of self-defense groups, we see that we have the power to determine what is to happen, when it is to happen and how it is supposed *to go down. What, When* and How (W.W.H.)- the element of surprise. The pigs have C.M.I. and self-defense groups have W. W. H.

COMMUNICATION



MOBILITY



INFORMATION

To consider a self-defense operation successful is not to just *plan and execute but to plan,* execute AND escape. There have been too many instances where members of self-defense groups have planned and executed righteous blows against this racist system only to be captured, wounded or killed. *These are the consequences* for revolutionary activity, however we must keep casualties within an acceptable minimun. The *slogan must be Maximum Damage* to the Enemy, Minimun Damage to Us. Practice has shown that when planning W.W.H. if it is done with knowledge and an understanding of C.M.I. casualties will be kept within an acceptable minimum. *Too often, much attention* is given to a plan up to the point of execution without giving the same attention to evasion and escape, that phase of the operation that determines success. This is a subjective approach, a onesided *approach. W.W.H. is only* one side of the coin, C.M.I. is the other side. Because self-defense groups use W.W.H., the pigs' C.M.I. does not go into operation until a self-defense group commits itself by actually executing some type of *self-defense activity.*

All of us should be aware that once C.M.I. is activated pigs start showing on the set from 30 seconds to 1 minute maximum in every *major city in Babylon, therefore* the success or failure of a defense operation is dependent upon the attention given to C.M.I. and the planning of evasion and escape. As I see it, learning to deal with the pigs' C.M.I. is the number one *military problem* facing revolutionary forces in Babylon today. It is time for all who have something to teach, by example, to step forward. And remember, to die honorably, one does not need company.

ORGANIZING SELF-DEFENSE GROUPS

Part 6 ON REVOLVERS

Parts 1, 2, 3, 4 and 5 have been in previous issues of the Black Community News Service. This article is on revolvers, it gives a basic run down on the use of revolvers. Check out all of the photographs and notes to help you understand better the functioning of a revolver.

SAFETY PRECAUTIONS:

1. Check to see if gun is loaded. You do this on a revolver by swinging out the cylinder. Pull back on the cylinder latch and gently push *out on the cylinder. (see unloading* a revolver photo #2)

2. Keep your finger off the trigger unless practicing trigger squeeze or firing.

3. Point your gun away from where someone may be shot-Point at the ceiling or to the floor, but wherever you point, make sure no one is in the way and can be harmed.

4. Never leave the hammer cocked on a revolver. (Explanation later on cocking a revolver.)

KINDS OF REVOLVERS:

.38 Snubnose - This gun has only a 2" barrel and shoots 38's. It is very easy to conceal.

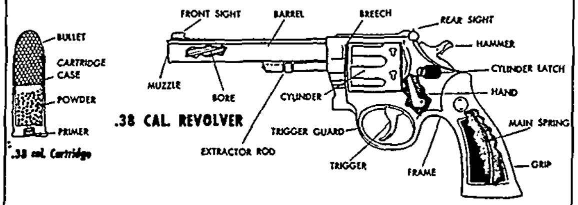
.38 Special - Has a 4" barrel and shoots 38's.

.357 Magnum - This is the type of handgun the pig carries. The ammo for this is .357 magnum. Metal piercing bullets will pierce an engine block. This is the best type of revolver to have.

.41 and .44 Magnums - Have more knock down power than a .357 Magnum. The Highway Patrol carries these to shoot through car doors, but a .357 will go through a car door also and .357 ammunition is more plentiful.

PARTS OF A REVOLVER: PHOTO # 1

REVOLVER TERMS



UNLOADING:

Holding gun in left hand (pointed in safe direction) release cylinder latch with right hand. (#3). Push out cylinder with the fingers of left hand (#2). Now that you *have swung out the cylinder* and the bullets are visible you gently push down on the extractor and let bullets drop out into your right hand (#4).

LOADING:

To load, simply follow the same steps in unlatching the cylinder. Then drop bullets into the chambers of your cylinder. Gently push cylinder closed, and you are ready to fire. DO NOT SLAM CYLINDER CLOSED, this causes *extra wear on your gun.*

COCKING A REVOLVER:

Put the tip of your thumb on the hammer holding revolver steady in the palm of your hand. Do not put your finger in the trigger. Pull straight back steadily on your hammer spur until your hammer locks back. You gun is ready to *fire, do not put your finger in* the trigger until you are ready to fire. After cocking hammer, place your thumb directly on the frame beside the hammer, resting the tip of your thumb on the cylinder latch. (Photo #4) *Your forefinger should be placed* on the other side of the gun straight out just above the trigger guard until ready to fire. Everytime you cock the hammer before firing, this is called single action firing.

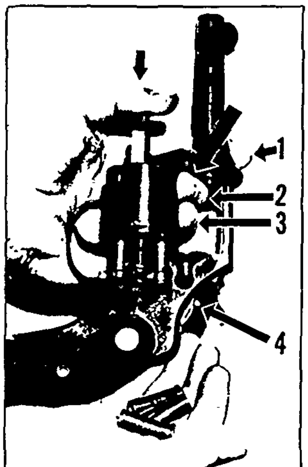


PHOTO # 2

UNCOCKING A REVOLVER (LOADED):

Keep your finger off the trigger! With gun already cocked, place your thumb on the hammer firmly. Now with the gun firmly in your hand, pointed in a safe direction, *and* thumb firmly on the hammer (still cocked) squeeze the trigger slowly until you can feel the hammer releasing. IMMEDIATE-

URBAN GUERILLAS

America's complexity will be her downfall, for complex power, communications and transportation networks are unprotected. These systems are the life lines of the industrial and military might of U.S.A. fascism. The source of America's strength is its vulnerable Achilles heel-therefore urban guerrillas, utilizing and relying on information divulged by sympathetic workers, can halt or severely cripple every industry in the nation, and bring fascism crashing to its knees. The dams, power stations, substations and power lines are vulnerable. Highly sophisticated communications networks are used by our enemies for carrying out routine business, and are an extremely important factor, in the fascist reaction to guerilla strikes. The neutralization of the fascist communications lie within the capabilities of urban guerillas.

The disruption of this system would hamper and cripple not only the fascist military but would also effect all industrial outputs. The fascist ruling clique realizes the vunerability of their transportation networks, yet all fascist military forces and industry utilize the railways, the state and interstate highway systems and the airports. Urban guerillas can cut and constantly harass these important links.

Urban guerilla teams highly motivated have already begun to put their theory into practice. Lists are being compiled and are constantly updated on fascist and all enemies of our people, because the location and identification of the enemy is an extremely vital task of urban guerillas. This basic intelligence is necessary for planning retaliatory strikes against our enemies. Where their killer groups, for the most, will be unable to locate guerillas, urban guerillas will, in every attack hit the fascist squarely on the chin. Urban guerillas, being one with the people, must attack like skilled brain surgeons--cutting out the diseased tissue while perserving the good. Their dual purpose is that of destroying all fascist forces and their lackeys, while protecting and serving our people. The fascist ruling clique fears this. They know the Party is preparing to fight until the last of our enemies bites the dust. The Party has dared to take the vanguard role in the struggle and will surely defeat U.S A. fascism no matter what the odds, no matter how great the sacrifice. The Party is aware that the fascists will never lay down their arms of their own accord. And also aware of the direction that U.S.A. fascism is taking in order to survive as long as possible.

In Brazil, the guerilla forces found through social practice that they could best achieve the goal of liberating their people from the strong-hold imposed by the fascist Brazilian oligarchy by waging urban guerilla warfare. Brazil's development as an industrial fascist nation and the economic and social backwardness of the indigenous peasants made the revolutionary forces adapt the strategy of urban guerrilla warfare. The urban guerrillas moved to mobilize the workers, and implement urban guerrilla warfare within the context of their historical experiences with the working class and the fascist ruling class oligarchy. The revolutionary forces have implemented this type of struggle which invariably catches the fascists with their pants down. The type of warfare which turns the asphalt concrete and steel of cities into jungles; into cemeteries for the fascist highly mechanized units and turns his weapons of mass slaughter into paper tigers; into urban jungles where the revolutionary forces can plunge the blade into the hilt in the vunerable life lines of even fascist U S.A In this country as well as in Brazil the fascists tremble with dread at the thought of nationwide attacks by urban guerrilla forces.

In the Pentagon and select centers scattered throughout the U S A., gigantic multimillion dollar computers are manned by hoards of the military. Technicians wrestle with fascism's nightmare-the problem of dealing with urban guerrillas. These machines can only reach an hypothesis drawn from information fed into them. In order for the fascists to test the solutions offered by the computer. they must first circumvent

the frail facade of the constitution and the bill of rights. The fascists realize that if these two pieces of paper were implemented they would be in their graves tonight because the constitution and the bill of rights contain the moral impetus necessary to bring this foul evil economic and social system to its doom.

U S.A. fascists have compiled and are still evaluating information received from South American satellite states who are being beset by courageous urban guerrillas waging relentless struggle with amazing(to fascists)and stunning success. Eldridge Cleaver, Minister of Information of the Black Panther Party, has said that we still have a little time left because the U.S.A fascist ruling clique hasn't programmed all of the people to accept the genocide of the Party and our people yet. For at least a year now, there have appeared in every major newspaper, seemingly innocent space fillers. Articles from UPI-API dealing with the deployment of fascist death squads against the revolutionary forces in South America.

These fillers had the sinister purpose of preparing America for the advent of death squads now in operation in every major urban center. These articles were to prepare the people to accept the first overt actions of the Chicago foul fascist gestapo killer unit. Their predawn kill all--destroy all mission was launched as a pilot, an experimental operation with a two fold objective. One was to put counter-revolutionary theory into practice in America --to bring into the streets the fascist ruling clique's solution to the Party--to test and evaluate the techniques of counter-insurgency urban warfare. The second important objective was to evaluate the response of the people to above ground counter-insurgency killer groups--to see if the people were conditioned to accept the outright fascist terror tactics directed officially by the fascist ruling clique.

REVOLUTIONARY HANDIWORK OF THE URBAN GUERILLA

Our Party has been and is still the main target of a national dehumanizing campaign. The fascist controlled news media has consistently maligned, viciously attacked and branded our Party as a racist band of blood-thirsty murderers out for their own personal gain. The fascist news media seeks to justify the fascist's program of destroying our people's first line of defense, the Party, and all other organizations which refuse to be either bought off with blood money or intimidated by the repressive fascist forces. The fascist attempts to isolate our Party from the people has been a dismal failure. The liquidation of Deputy Chairman Fred Hampton and Mark Clark had top priority on the fascist's pig list. However, neither the people nor our Party were cowed or intimidated by the bestial slaying of these two revlutionaries. The fascist ruling clique made a grave error in underestimating the will of the people and our Party. People from all walks of life and every progressive organization saw through the fascist attempts to isolate and destroy their Party. The people mobilized and rallied mass support for the Party and soundly condemned the actions of Chicago's fascist killer groups.

Make trouble, fail, make trouble, fail again until their doom. This is the logic of fascists the world over. In Chicago, they refused to acknowledge the bankruptcy of their counter-insurgency campaign. In December, in Los Angeles, Southern California, Chapter of our Party, came under attack by fascist killer groups. Although outnumbered and using inferior weapons, our Party repelled and held at bay the fascist shock troops and sounded the end of Chicago type operations in a fuselage of bullets. We learned valuable lessons paid for with the blood of our revolutionary comrades. The fascist ruling clique has seen the support, that their homicidal raids have generated for the Party. They now know that if conditions are favorable, they will receive tit for tat and then some. They now know that Black and all progressive people will not sit idly by and pacify the action of above ground killer groups Fascists have tried to rally the support of the American people to their avowed aims and failed.

Now begins the phase of underground, clandestine operation of fascist directed killer groups. This is all part of the nature of the fascist ruling clique. The fascists will no doubt expand the techniques of their South American lackeys who operate unrestricted, unswayed by either democratic institutions or public opinion. As the tempo of the struggle increases so will the fascist acts of reactionary terror and violence increase. The primary target of forming clandestine kill groups will be both our people and our Party. If we are to survive as a people, this next phase of attacks, and pave the way to victory, it is imperative that our people be armed with the ideology of the Party. For only then will our people be able to cope with, both, ideological and physical attacks initiated by the insane fascist ruling clique. Huey P. Newton, Minister of Defense, said that our Party must be a living shield that stands between our people and the fascist pigs and that our paper should serve to educate our people so that they will survive.

As the attacks against the Party escalate, so must the awareness of our people be channelled toward acceptance and even more, active participation in urban guerrilla warfare. Phase two of the fascist plans will surely and soundly be defeated. The fascists will awake to find themselves bogged down on that last front. They will be swallowed up in the morass of a people's war. Their graves will be dug by revolutionary urban guerrilla forces amidst the asphalt, concrete and steel of the cities.

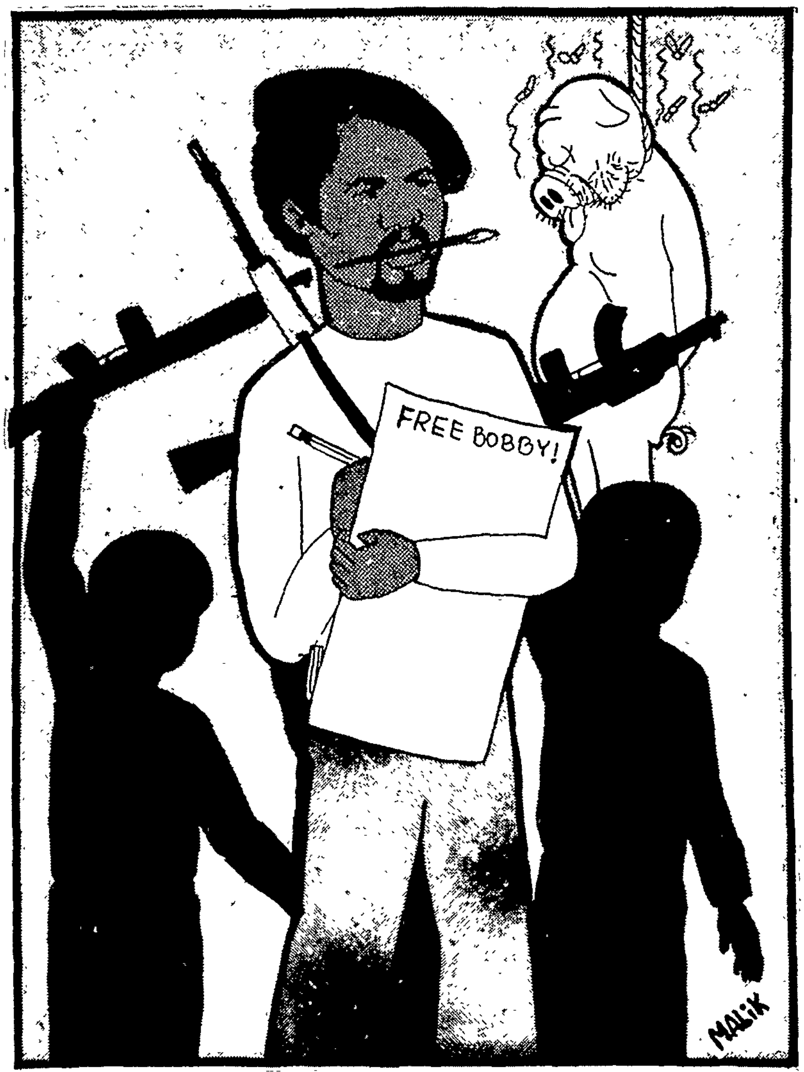
"Revolutionary Art"

The most prominent artist on *The Black Panther* staff is Minister of Culture Emory Douglas. Although he prepares a large number of cartoons, other Panther artists are also represented. These cartoons characterize the Government and local law enforcement as "pigs" and call for the overthrow of the Government and the killing of Government officials, as well as police officers.



THE REVOLUTIONARY ARTIST

When the Black revolutionary artist starts a still life painting, he doesn't see a beautiful vase, or a dish of tasty fruit, against a soft velvet backdrop...he sees only a tattered curtain, rusty cans, a broken dish--empty.

As he seeks out a beautiful landscape to paint, he sees not fertile fields with dancing flowers, and lovely maidens bathing in the sun, but decaying houses, and streets covered with debris, and a Black woman in ragged clothes with tear-stained cheeks.

The Black revolutionary artist knows only oppression, and that his art must relate to his surroundings, and his people, and most of all, his art cannot be abstract and unrelated to his revolutionary people. So he seeks, and finds what our Minister of Defense Huey P. Newton calls "the spirit of the people." As he moves on that, he shows what Revolutionary Artist and Minister of Culture, Emory Douglas shows--"the oppressor *hanging by his heels.*"

The revolutionary artist gives his art to his oppressed people. So with his gun and his brush he shows the spirit of the people moving to crush the oppressor, and this is the essence of revolutionary art. His art then becomes part of the people's revolution.

He knows that only because of the urine covered walls and trash-littered alleys the people's desire for freedom will be replaced with *the BLOOD OF THE OPPRESSOR.*

I would like to take this time to express on behalf of the Black Panther Party our warmest thanks to all revolutionary artists who have given their talents and thoughts to the people through revolutionary art. We would like to say that every artist's work that has appeared in the Black Panther Newspaper this past year has been a great contribution of visual interpretation of the ideology of the Black Panther Party and of the oppressed people of the world.

Panthers profess to believe that American Negroes comprise isolated "colonies" in the heart of the "mother" country, and are part of the Third World, defined as the nonwhite, undeveloped, and underdeveloped countries of the world. The 10-Point Program of the Black Panther Party includes, as a major political objective, a United-Nations-supervised plebiscite to be held throughout the black colony to determine the national destiny of American Negroes.

To internationalize their Party and enlarge their importance, Panther leaders have sought acceptance, support, and funds from sources abroad. They have made numerous trips to foreign countries, including Canada, Mexico, Cuba, Palestine, Germany, France, England, Denmark, Sweden, Norway, Soviet Union, North Korea, North Vietnam, and the Chinese Mainland.

Both at home and abroad, Panther leaders loudly proclaim anti-American sentiments and align themselves politically with the aims and tactics of enemy lands. The international contacts most important to the Panthers are made with revolutionary groups and communist countries, especially those that more closely follow Maoist thinking. The international news section of *The Black Panther* reflects attempts by the Black Panther Party to attract such attention, support, and aid.

TELEGRAM TO COMRADE KIM IL SUNG

KIM IL SUNG
PREMIER OF THE CABINET
DEMOCRATIC PEOPLES REPUBLIC OF KOREA

June 25th marks the 20th anniversary of the U.S. imperialist aggressive invasion of the DPRK in 1950.

The Black Panther Party takes this occasion to salute the DPRK and the wise and brave leader of the 40 million Korean people, Comrade Kim Il Sung.

We recognize and respect the long history of resistance and victory that Comrade Kim Il Sung and the 40 million Korean people have contributed to the world wide struggle against imperialism and fascism; the shining examples of socialist construction while under severe conditions of U.S. provocation and aggression, the many brilliant ideological contributions you have made to the socialist camp and in particular the concept of "Juche".

Because of our historical experience in America; because we are faced with no alternatives but genocide or liberation we understand the criminal nature and gangster logic of the U.S. ruling class. Black people are increasingly the victims of overt military aggression and U.S. plots to subvert our struggle for national salvation. Under these conditions we have an increasing awareness that the expulsion of the U.S. imperialist burglars from Korean soil and the reunification of Korea will be a victory for the Korean people and a victory for oppressed people the world over.

We see clearly that the reunification of Korea is not seperate from the salvation of Black and other oppressed people in fascist America. As gang boss Nixon and his mob of criminals intensify their attempts to loot Asia they are intensifying their murderous repression of Black people in America. These attacks will be met with revolutionary solidarity manifested in action, both around the world and in the gangsters lair, and with one-beat-a-hundred fighters in Africa, Asia, Latin America, and North America; the U.S.A. will surely be brought to the peoples JUSTICE.

MEMORANDUM OF THE CENTRAL COMMITTEE OF THE LAO PATRIOTIC FRONT ON THE ESCALATION OF THE U.S. WAR OF AGGRESSION IN LAOS AND THE SETTLEMENT OF THE LAO PROBLEM

PART II

Application Of The Nixon Doctrine And Escalation Of The War Of Aggression In Laos By The Nixon Administration

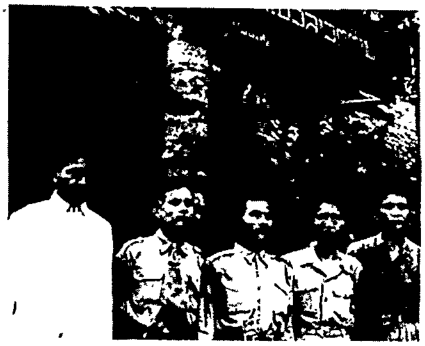
UNDER PRESSURE FROM PUBLIC OPINION, NIXON ON MARCH 6, 1970 HAD TO ACKNOWLEDGE THE PRESENCE OF U.S. MILITARY PERSONNEL, THE LOGISTIC AND AIR SUPPORT AND "OTHER ACTIVITIES" OF THE U.S. IN LAOS. He also admitted an increase in the U.S. military activities in Laos. But he tried to argue that those activities were "limited" and of a purely "defensive" character aimed at protecting American lives in South Viet Nam.

But public opinion in the United States and in the world immediately pointed out that that was the first time the highest executive in the United States made an open acknowledgement of the violation of the 1962 Geneva Agreements on Laos by the U.S. On March 7, Senator Albert Gore declared that Nixon in fact had conceded that "we (the U.S.) have violated the Geneva Agreements". Public opinion has condemned Nixon's allegations as "queer" and "selfcontradictory" (the Japanese paper "Asahi Shimbun" March 9. "Nixon's allegations were misleading. They mentioned only some facts and not everything and showed no sign of any charge of policy." (Senators Scranton and Fulbright, March 6 and 9, 1970).

Obivously, Nixon cannot dupe public opinion which bases its judgement not merely on the words but also on the deeds of the Nixon administration during the recent past.

After Nixon came to power, the so-called "Nixon doctrine on Asia" saw the light which consists in providing more U.S. advisers, weapons and firepower to the Asians, while the latter contribute more mercenaries for the U.S. The formula of this doctrine is "native soldiers plus U.S. advisers and maximum logistic and air support" This is in fact a more elaborate and more refined form of U.S. neo-colonialism's wicked policy of making Asians fight Asians, and natives fight natives.

The active application of that doctrine in Laos finds a concrete expression in the steps of escalation taken by the Nixon administration in its aggressive war in Laos during the past 18 months, escalation in the logistic supply, in the supply of U.S. military personnel and in the use of U.S. combat troops in the "special war".



The Resistance government formed in 1950 against the French Colonialists.

Under the Nixon administration, the amount of U.S. aid to Laos and military personnel introduced into this country have increased at almost the same rate. Compared with the 140 million dollars in 1967, U.S. aid in 1969 rose to 250 million dollars of which only the economic and technical aid accounting for less than 60 million was announced, while the rest was almost exclusively used for military purposes. Thus, military aid - about 190 million dollars a year, - is more than treble the economic aid and makes up 80 per cent of the total aid. This figure is approximately the same as estimated by Senator A.J. Allender in a censured report on the scale of American involvement in the war in Laos (AF, Jan. 22 1970). It is necessary to note that what is described as "economic and technical" has also been used for secret activities of a military character. On June 7, 1970, J.A. Hanna, Director of the U.S. Agency for International Development, disclosed that the U.S. aid program also covers the CIA activities in Laos. At present, according to a statement of Senator M. Mansfield on September 21, 1969, U.S. aid in Laos had exceeded 300 million dollars a year and continued to increase.

Obviously, the Nixon administration is squandering in Laos more and more money of the American people, while serious social problems in the United States are yet unsettled, because enormous sums are being spent for unjust wars in Laos and in Indochina as a whole.

On March 6, 1970, Nixon said there were 643 advisers and military personnel out of the 1,040 Americans operating in Laos and denied the presence of any U.S. combat troops in Laos. That is not true. Compared with the 5,000 U.S. military personnel in Laos under the Johnson administration, the figure rose to 12,000 U.S. military personnel, with or without military uniform in the first period of the Nixon administration. Of them, there were at least 2,000 air force advisers, or 800 more than in 1967. The number of U.S. advisers assigned to the "special forces" training centres and regular units of the puppet army increased from 150 to 1,000 (according to a British source, the figure might be 2,000). The U.S. "special forces" operating in southern Laos are estimated at about 1,200 men. Thus there is one U.S. military adviser for every six Laos puppet soldiers (compared to the 70,000 men of the Vientiane army). In addition according to a statement of Senator R. Ottinger on April 24, 1970, at least half of the 45,000 U.S. air force personnel in Thailand (i.e. 24,000) are now directly participating in air activities in Laos. All told, the number of U.S. military men now taking part in military activities in Laos on the ground and in the air has run into tens of thousands at least equal to half of the total effectives of the Laos puppet army.

The running of the U.S. colossal war machine in Laos remains an affair of the U.S. embassy, Nixon's ambassador to Vientiane remains a military proconsul. The paper "France Soir", on March 3, 1970 said everything in Laos is controlled from the building of the U.S. embassy which houses the brain of the war machine. The number of army and air force military attaches of the U.S. embassy exceeds 200, an unusual figure for a foreign diplomatic mission in a country like Laos. The USAID agency in Laos is also operating within the framework of the U.S. diplomatic mission in Vientiane and is working for the CIA. On June 7, 1970, J.A. Hann[illegible] acknowledged that Laos is the only place where such things [illegible] did not approve it.

Of late some 1,5[illegible] U.S. "green berets" were introduced into Laos, whose command [illegible] (Thailand). U.S. Senator [illegible] on February 27, 197[illegible] [illegible] number of U.S. "green berets" in Laos had exceeded that of U.S. military adviser [illegible] South Viet Nam in the past. With [illegible] there have been more [illegible] participating in the fighting [illegible]. On March 6, 1970, Senator [illegible] Americans are fighting [illegible]. ON CHAIRMAN MAO TSE TUNG'S DECLARATION OF 20 MAY, 1970

In this declaration, Chairman Mao Tse Tung has set forth a brilliant and timely analysis of the qualitatively new situation that exists in the world as a result of the treacherous new acts of aggression launched by the fascist, imperialist Nixon-Chinese peoples.

This declaration pulls together into clear focus the revolutionary struggles and the liberation struggles of the people of the whole world, including the revolutionary struggle of the American people themselves.

Speaking specifically for the Black Panther Party, but reflecting the sentiments of millions of oppressed people inside the United States, it has become crystal clear to us that rampant imperialist aggression on the international scale and vicious fascist repression on the domestic scale are the two faces of the criminal government of the United States and the calculated policy of the American ruling circles. For 400 years now, Black people inside the United States have been the long-suffering victims of fascist violence and repression. But under the Nixon-Pentagon clique, this reactionary violence and repression has been escalated to new heights of barbaric cruelty. At the same time, in order to put down the already gigantic and still growing mass movement among White Americans against the wreckless and sanguinary policies and imperialist adventures of the U.S. government, the cowardly Nixon-Pentagon clique has unleashed a bloodbath against the American people as a whole, creating for itself new enemies who have joined hands with those who were already determined to carry out a struggle to the bitter end against an economic, political, and social system that is dominated by the madmen in the Pentagon and that is responsible for the misery and bloodshed all over the world today.

Chairman Mao Tse Tung captures the truth of the situation when he points out the unprecedented isolation of the Nixon-Pentagon clique. Never before have these criminals been so exposed and isolated as they are today. And never before has it been so clear that this criminality can only be ended by the people rising up to seize their own destiny from the handfull of willful exploiters and murderers that now have the power in their hands.

Coupling a revolutionary call to arms with revolutionary optimism in the assurance of victory, Chairman Mao Tse Tung, the great leader of the Chinese Revolution, hero and teacher of the revolutionary people of the world, has performed an invaluable service to all mankind by stepping forward at this time to renew the people's indictment of the common enemy of us all--U.S. Fascism and Imperialist Aggression. These courageous words of Chairman Mao Tse Tung will give new heart to the peoples in their lonely and difficult struggles to throw off the shackles and chains of oppression now being held in place by U.S. Fascism and Imperialism.

Lastly, we wish to point out that only the enemies of the people and those who shirk their revolutionary duties and who are afraid of their own shadows will find fault with Chairman Mao Tse Tung's declaration. For our part, we welcome it, because we have learned, by shedding our blood, that only through relentless struggle, by resorting to arms inside the very house of U.S. Fascism and Imperialism itself, can we gain our freedom and liberation. This is what our experience has taught us and this is the faith that will sustain us as we push forward our struggle..

LONG LIVE CHAIRMAN MAO TSE TUNG!

SUBJECT: SENSTUDY 75

This is to advise of a meeting with representatives of the Senate Select Committee (SSC) on 6/12/75 in my office in accordance with the request set out in Legal Counsel to Mr. J. B. Adams memorandum dated 6/4/75.

IS-1 Section Chief J. G. Deegan, Number One Man William H. Atkinson, Unit Chiefs Homer A. Newman, Jr., David Ryan, Garnett T. Tunstall, and Special Agent Paul Daly of the Legal Counsel Division met with Jack Smith and Lester B. Seidel of the SSC staff.

At the outset Mr. Seidel indicated that SSC would do case studies on various organizations against which the COINTELPRO was directed. Black Panther Party (BPP) had been chosen for the start because many BPP members had been involved in and convicted of criminal activity. He distributed copies of a document (a copy of which is attached) outlining the purpose of the meeting and setting out requests that will be made of the Bureau through appropriate channels in connection with this case study. Included in this document, along with requests for various Bureau documents regarding COINTELPRO as it pertains to the BPP, were requests for a list of all local police departments and personnel contacted, a list of all media persons contacted and a list of all FBI personnel connected with this program and their present locations.

The investigative responsibilities of the Bureau, as relates to the BPP, were described generally to Messrs. Seidel and Smith highlighting the origin of this violence-prone organization and the series of violent confrontations in which it participated in the late 1960s. Mr. Seidel stated that he was specifically interested in ascertaining the extent of COINTELPRO and how it related to the investigation of the BPP in San Francisco - Oakland and Los Angeles. COINTELPRO was stressed only as a procedure which could have been followed in the course of our investigation. No specific

instances of institution of counterintelligence activities were discussed, and it was indicated that these activities were minor as far as the overall BPP investigation was concerned.

In connection with COINTELPRO, the Bureau letter to SAC, San Francisco dated 5/11/70 captioned "Counterintelligence and Special Operations" was discussed. Basically, this letter suggests San Francisco consider a proposal that through the use of documents subtly incorporating false information, attempt to give the BPP the impression that the documents were stolen by a disgruntled police employee who is sympathetic to the Panthers. This document was presented to the House of Representatives Committee on Internal Security in 1974 and was included in their publication of hearings conducted by that Committee. Messrs. Seidel and Smith wanted to know if the activities outlined in this letter had been implemented by the San Francisco or Los Angeles Offices. He was advised that this letter was not implemented as it had requested comments and recommendations of the San Francisco Office, and that Office had recommended against the proposals contained therein.

Mr. Seidel asked the identity of the SAC who recommended against this proposal and was advised that the SAC there, at that time, would not necessarily have had personal knowledge of the matter. He then asked identity of supervisor who recommended against proposal and was advised this information was available in the field office. Concerning COINTELPRO in general, he inquired as to specific techniques used against the BPP and whether forgery and wiretaps had been a part of the program. He was advised that we were unable to furnish that information without extensive file review.

Mr. Seidel attempted to discuss Special Operations but he was advised that the matter was not within the purview of the current meeting.

Mr. Seidel explained that they would be traveling to San Francisco and intended to interrogate personnel in that Office as well as unspecified outsiders who may have been involved in COINTELPRO. Mr. Seidel stated that he had asked for the meeting with Bureau personnel to obtain background data to aid them in these

interrogations. Both Messrs. Seidel and Smith expressed appreciation for the assistance given them at this meeting and both additionally expressed their feeling that the Bureau had done a good and proper job in its investigation.

During the course of this meeting a monograph on the BPP prepared by the Bureau in March of 1971 was used for background data. Mr. Seidel expressed a desire to have a copy of this document. This document, which is prepared from public source data, was compiled for public distribution and, if you approve, a copy will be furnished to Mr. Seidel.

ACTION:

For your information and if you approve, one copy of attached document entitled "Black Panther Party"* will be sent to Mr. Seidel.

SUBJECT: SENSTUDY 75

The purpose of this memorandum is to advise that a representative of captioned Committee requested to be given a briefing concerning counterintelligence programs as applied to our investigation of the Black Panther Party in San Francisco.

Lester Seidel, staff member of captioned Committee who is assigned the area of COINTELPROS, advised that the Committee is preparing what he termed case studies on COINTELPROS in four separate areas. He defined these areas as the Black Panther Party in San Francisco, White Knights of the Ku Klux Klan of Mississippi, the Professor Morris J. Starsky incident, and the Fred Hampton case (Black Panther Party leader in Chicago who was killed during a police raid in Chicago, Illinois).

Seidel previously had requested the Bureau arrange interviews of various Bureau personnel whom he considered familiar with the San Francisco Black Panther Party investigation, and at that time stated he intended to interview these individuals in two or three weeks. Mr. Seidel requested that prior to conducting interviews concerning this particular area, he desired to be briefed during the week of June 8 concerning the Bureau's general overall investigation of the Black Panther Party in San Francisco, along with the use of counterintelligence proposals against that organization. In this regard he desired that someone knowledgeable in this aspect be made available to brief him concerning this matter.

Mr. Seidel also stated that he was submitting a written request to the Bureau for certain Bureau documents pertaining to the COINTELPRO operations in the San Francisco Office and specifically mentioned requesting the quarterly status letters from that office on COINTELPRO.

RECOMMENDATIONS:

1) The Intelligence Division advise if a briefing can be arranged and the date and time of such a briefing.

2) Legal Counsel Division will advise Mr. Seidel of the Bureau's decision in this regard.

Dear Mr. Elder:

Further to our conversation regarding formal requests for documents and records, I attach a list of supplemental document requests.

What I would propose is that you and I discuss this list to insure that we have properly identified the requested documents.

In addition to the attached list I would like to review studies in the historical series: (1)"Maritime Operations in Indonesian Operations -- 1957-1958;" "Overthrow of a Government, November 1952-1953;" and any studies prepared that trace the CIA's activities in relation to the overthrow of the government of Guatamala in 1954.

Sincerely,

Dear Mr. Halperin:

Reference is made to my letter to you dated April 8th, regarding your request for the "Delimination Agreement of 1948."

Coordination of this matter with the Central Intelligence Agency (CIA) has disclosed three documents which are pertinent to your request. It is my understanding that two of the three documents have been released to you by that agency, and I am enclosing with this letter, the third document. You will find this letter dated October 2, 1948, from former FBI Director J. Edgar Hoover to Mr. Frank G. Wisner, then the Assistant Director for Policy Coordination, CIA, contains certain deletions. The material deleted refers to the same material excised in one of the two documents furnished to you by CIA, and concerning which CIA asserted exemption provisions found in Title 5, United States Code, Section 552 (b)(1) and (b)(3). These provisions relate to matters that warrant classification and those which are specifically exempted from disclosure by statute. It is considered appropriate for the same exemption provisions to be cited by this Bureau in connection with the deleted portion.

You have thirty days from receipt of this letter to appeal to the Attorney General from any denial contained herein. Appeals should be directed in writing to the Attorney General (Attention Freedom of Information Appeals Unit), Washington, D. C. 20530.

INTERNAL SECURITY, MISCELLANEOUS

Senstudy -75

This is to receive approval for submission of copies of documents requested by the U. S. Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. By letter dated 5/14/75 Senator Frank Church, Chairman of the above Committee, requested the Attorney General furnish documents including "all memoranda and other materials in the possession of the FBI pertaining to the activities of the IEC." (Appendix C, I, 14).

Mr. Kevin Maroney, Deputy Assistant Attorney General, Department of Justice, advised Supervisor Garnett T. Tunstall on 5/29/75 that the Department has made available to Senator Church's Committee all data contained in Departmental files on the IEC. Included in this material are work papers and final estimates prepared by IEC as well as communications between IEC and the Bureau. The only information remaining in Bureau files not already made available to the Committee consists of in-office memoranda. These memoranda fall into three general categories:
1. Those dealing with the origin and staffing of IEC,
2. Memoranda setting out requests from IEC for information from the Bureau and requests for approval to send such data to IEC and
3. Memoranda transmitting estimates and work papers of IEC which was the result of information furnished by the Bureau and other participating agencies.

These memoranda, without exception, show that the Bureau's participation in IEC was at the instruction of the Attorney General, its activities were legal and that the Bureau's contribution was substantial. It should be noted that the memorandum M. A. Jones to Mr. Bishop dated 11/25/70 captioned

FROM : Legal Counsel

SUBJECT: SENATE SELECT COMMITTEE

On 6/9/75, Mr. K. William O'Connor telephonically advised me that the Committee is interested in information concerning certain electronic surveillance coverage instituted at the request of the White House concerning seventeen individuals. Mr. O'Connor said that he understands that a letter was addressed to the White House by the Bureau furnishing copies of documents that summarized the information available to the Bureau concerning the alleged seventeen wiretaps. Mr. O'Connor requested that he be briefed concerning this matter in order for him to discuss the Committee's requests.

It appears that Mr. O'Connor may be referring to a letter dated July 23, 1974, that was addressed to Mr. George P. Williams, Associate Counsel to the President, at the White House. A memorandum was addressed to the Attorney General also dated July 23, 1974, captioned "Electronic Coverage Placed At The Request of the White House," which advised the Department that pursuant to the authorization of the Deputy Attorney General certain documents had been furnished to Mr. Williams at the White House.

RECOMMENDATION:

That the Intelligence Division identify the materials involved in Mr. O'Connor's request and provide him with an appropriate briefing.

ON INTELLIGENCE ACTIVITIES

Attached herewith in 14 bound volumes are excised copies of Exhibits A through E of the Department report of FBI Counterintelligence Program (Cointelpro) activities, prepared by the committee chaired by former Assistant Attorney General Henry E. Petersen.

These exhibits are individual write-ups prepared by the FBI of each proposed action in the Communist Party, Socialist Workers Party, White Hate, Black Extremist, and New Left Cointelpros.

In my letter to you dated April 21, 1975, I recommended against release of these exhibits to the Senate Select Committee as they are internal work papers which were prepared as a part of the deliberative process for an in-house Department investigation. I strongly object to the release of these exhibits. In the event you deem it necessary to release these exhibits to the Senate Select Committee, I request the enclosed copies, which have been excised in an attempt to avoid intrusions upon individuals' right of privacy and compromise of sensitive investigative techniques and sources, be made available.

SUBJECT: INTERVIEW OF MRS. DOROTHY SKILLMAN
6/4/75
SENSTUDY 75

On 6/4/75, Mrs. Dorothy Skillman, former Executive Assistant to Mr. Clyde Tolson, was interviewed by Mr. Mark H. Gittenstein and Miss Mary Deoreo of the Senate Select Committee Staff. Mrs. Skillman was escorted to the interview by former Assistant to the Director John P. Mohr who remained outside the interview room during the interview. Prior to the interview, Mrs. Skillman was met by SA L. F. Schwartz at which time she advised that she had been advised by Mr. John Hotis, Office of Legal Counsel, that the interview was to be concerning Mr. Hoover's Official and Confidential (OC) files and that if questions came up during the interview on other matters which might impinge on sensitive sources and methods, current Bureau investigations, etc., she was free to request an interruption of the interview to consult with Mr. Schwartz.

The interview of Mrs. Skillman commenced at 2:30 p.m., and it was terminated at approximately 4:30 p.m. On only one occasion toward the end of the interview, Mrs. Skillman asked to consult with Mr. Mohr and Mr. Schwartz. She advised that the interviewers had asked her concerning her knowledge of what might have been in certain cartons which were reportedly stored in the recreation room area of the late Director's residence. Mrs. Skillman stated that she thought these cartons contained many of the gifts and mementos that had been collected by Mr. Hoover over a period of years. After consulting with Mr. Mohr, she realized that she knew this only from comments that had been made to her by Mr. Mohr and had no firsthand knowledge of the contents of the cartons. On Mr. Mohr's advice, she advised the interviewers that she had no firsthand knowledge of what was in the cartons but that she knew that Mr. Mohr was aware of what was in them because he was present when the appraisers of Mr. Tolson's estate inventoried the entire house including these cartons. At the conclusion of the interview, Mr. Gittenstein commented to Mr. Mohr that he might have further questions to ask him concerning the contents of the cartons but would probably handle that by a telephone call to Mr. Mohr.

After the completion of the interview, Mrs. Skillman advised Mr. Mohr and Mr. Schwartz that the interviewers had asked her a great number of questions concerning her knowledge of the OC files which she said was very limited, the layout of Mr. Hoover's house and the work that Mrs. Skillman and Miss Gandy had done at the residence subsequent to Mr. Hoover's death. She stated that the interviewers were quite courteous and in no way antagonistic. Mr. Mohr requested Mrs. Skillman to type up an informal memorandum concerning the interview and he indicated that when this was done, he would provide a copy to the Bureau.

Forwarded is a copy of the Senate Select Committee's first request to the Internal Revenue Service for documents and explanations. As I stated yesterday at the Ad Hoc Committee meeting there have been some discussions with the Committee staff since this letter was received and the staff has indicated that they plan to revise the questions considerably. In these circumstances you may wish to hold distribution of this document to other members of the Ad Hoc Committee until we receive the revised document. The one exception to this might be the Justice Department since some of the questions will involve matters of interest to them.

COMMISSIONER

INTERNAL REVENUE

Hon. Donald C. Alexander
Commissioner, Internal Revenue Service
Internal Revenue Building
1111 Constitution Avenue
Washington, D. C. 20224

Dear Commissioner Alexander:

The Committee appreciates your letter pledging the full cooperation and assistance of the Internal Revenue Service in the work of the Senate Select Committee on Governmental Operations With Respect to Intelligence Activities. We also appreciate your forwarding the draft resolution which would authorize the Committee to review any "tax-related information" which may fall within the purview of its responsibilities. Such a resolution is being put forward.

In an effort to expedite the Committee's inquiry into the intelligence functions of the Internal Revenue Service, the Committee asks your cooperation and assistance in furnishing the material and information sought in the enclosed "First Request for Documents from the Internal Revenue Service" and "First Interrogatories to the Internal Revenue Service". It is the Committee's desire that most of the material and information requested be provided by May 30 and the remainder very shortly thereafter. We also request that you provide the answers and documents as they are compiled rather than holding those which are initially compiled until May 30.

In the near future, the Committee's Chief Counsel will be in touch with your General Counsel to work out the mechanics of delivering the requested documents and interrogatory answers and to arrange for close liaison between the Committee's staff and the Internal Revenue Service personnel with whom the staff will wish to meet.

While we recognize that the enclosed requests are substantial, they reflect the broad mandate given to the Committee by the Senate. We believe that it is in the national interest that we perform our

ENCLOSURE 62-116395-241

work under that mandate both expeditiously and thoroughly. Of course, for us to proceed expeditiously, it is necessary to obtain prompt cooperation from the Executive agencies involved. We are hopeful that with your continued cooperation the end result of our joint efforts will meet the Committee's responsibilities to the Congress and to the American people.

Sincerely yours,

Frank Church

HOUSTUDY 75

By memorandum F. B. Griffith to Mr. Bassett captioned "Senstudy 75" dated 2/6/75, you were advised that "Senstudy 75" is the code word for the control file (62-116395) containing all communications relating to the Senate Select Committee's (SSC) investigation and study of Governmental operations with respect to intelligence activities.

In mid-February, 1975, the House of Representatives created a Select Committee on Intelligence Activities which will have virtually the same jurisdiction and responsibilities as the above SSC. To date, practically all our work has been related to the SSC and only very recently has the House Select Committee (HSC) made any efforts to commence staffing.

As it appears, we can expect in the near future requests from the HSC similar to that already received from the SSC and in order to facilitate the administrative handling and retrieval, where necessary, of HSC requests and this Bureau's response to same, the code word "Houstudy 75" is being assigned to the control file (62-116464) containing all communications pertaining to the HSC and related matters.

SUBJECT: SENSTUDY 75

The purpose of this memorandum is to advise that the Bureau has been requested to again make available Newark office secretaries, Mary Ann Massa and M. Ann Mierzejewski for interview by captioned Committee and that the Department and White House had instructed that they not be made available until such time as the Committee decides to allow Bureau representatives to be present during interview.

By way of background, you will recall that these employees were released from the Employment Agreement and were made available for interview on May 20, 1975, by captioned Committee. However, the Department in objection stated that they were desirous that a Bureau representative be present during the interview. The topic of the interview was to have been their duties and responsibilities during the period of July to September, 1964, in connection with the Democratic National Convention, Atlantic City, New Jersey. Ultimately, neither the Department nor the White House could reach agreement concerning the interviews and the employees did not submit to interview.

On June 3, 1975, Michael Epstein, staff member of captioned Committee again requested these employees be made available for interview on June 5, 1975, at 10:00 a.m. The scope of the interview would be the responsibilities and duties performed during the period of July to September, 1964, in connection with the Democratic National Convention in Atlantic City, New Jersey.

Memo from Legal Counsel to Mr. Adams
SENSTUDY 75

Mr. Epstein classified the interview as an "abuse" type and agreed to allow agents to be available but not present during interview.

On June 3, 1975, K. William O'Connor, Special Counsel to the Deputy Attorney General for Intelligence Coordination, was advised of the request and of the fact that an agent could not be present during interview. He stated that the Department's position was that unless the Committee consented to allow Bureau personnel to be present, the interview would not go forth, and that he would advise Epstein and F. A. O. Schwarz, Chief Counsel of the Committee, of this decision.

Mr. O'Connor telephonically recontacted Special Agent Daly and advised that he discussed the matter with assistant to the Counsel to the President, James A. Wilderotter. Wilderotter told O'Connor it was the White House position that these girls should not be made available for interview unless the Committee allows Bureau personnel to be present. Wilderotter stated these two employees had been cited as examples wherein the White House felt interviews should not be conducted without representatives of the particular agency or Bureau being present as they are service personnel. According to Wilderotter, Schwarz agreed to this position.

O'Connor telephonically contacted Special Agent Daly on June 4, 1975, at which time he advised that he had discussed the interview with Schwarz, Epstein, and staff member Mark Gitenstein, and they would hold in abeyance the request to interview the employees pending a review of documents the Bureau is making available concerning 1964 Atlantic City Convention as stated in the Committee's request of ~~June~~ May 14, 1975.

SUBJECT: HENRY B. MONTAGUE
FORMER CHIEF POSTAL INSPECTOR,
U. S. POSTAL SERVICE
SCHEDULED APPEARANCE BEFORE SENATE
SELECT COMMITTEE 6/12/75

This memorandum is to advise of the scheduled appearance, under oath, of former Chief Postal Inspector Henry B. Montague before the full Senate Select Committee (SSC) in Washington, D. C., on 6/12/75.

On 6/4/75 Mr. Ron L. Jackson, Assistant Chief Inspector, U. S. Postal Service, advised Liaison Agent L.A. Crescioli that he was contacted this date by Mr. Montague who informed Jackson that he, Montague, was scheduled to appear before the full SSC on Thursday, 6/12/75. According to Jackson, Mr. Montague appeared to be very concerned about his appearance before this Committee. In fact, Montague requested that Jackson alert FBI Director Kelley to the fact that Montague will appear before this Committee. Montague did not indicate any specifics to Jackson as to why he was so concerned over his scheduled testimony before the Committee.

In the way of background, Montague was the Chief Postal Inspector from 1961 to the Spring of 1969, on which latter date Mr. William J. Cotter assumed the position of Chief Postal Inspector. Prior to 1961 Montague was the Inspector-in-Charge of the New York Division of the Postal Service. In the opinion of Mr. Jackson, Montague is a man of the highest integrity and most certainly is not involved in any wrongdoing. Jackson confidentially advised the Liaison Agent that it is his belief that Montague is so concerned about his appearance before the Committee because he may have to reveal certain agreements that prevailed in the past between the Bureau and the Postal Service concerning mail covers that have not been made public to date.

Jackson added that he personally has no knowledge of what agreements or understandings between the Bureau and the Postal Service that may be divulged by Montague. He emphasized that Montague did not divulge such data to him.

In conclusion, Jackson stated that Montague is in a retired status and has just returned from an extended vacation in the Mediterranean area. Montague did inform Jackson that the Committee has authorized Montague to be accompanied before the Committee by personal counsel; however, Montague has decided that he will testify alone and without personal counsel.

Dear Mr. Jones:

As you are aware, I have been concerned for some time about the nature of the Bureau's involvement in local law enforcement affairs. This concern has been heightened by my appointment to the House Select Committee to Investigate the U. S. Intelligence Community. In this light, I am requesting answers to the following questions concerning FBI activity in Berkeley:

1. What is the size of the contingent of agents in the Berkeley field office?
2. What are the functional responsibilities in the field office, and what are the percentages of agents involved in each, i.e., political, drug abuse, criminal, etc.?
3. What are the titles of the agents, and how do these relate to their involvement in category two?
4. What is the ethnic and sexual breakdown of the staff and agents in the Berkeley field office?
5. What are the interactions and working relationships between the field office, the Berkeley Police Department, the University of California Police Department, private security agencies and informers? How many informers are utilized by the field office?
6. Recent disclosures have raised serious questions regarding the Bureau's involvement in political surveillance activities of organizations and individuals over the past several years. What actions has the local field office taken to correct the abuses of these actions, and what political surveillance is being undertaken?

I would appreciate your forwarding to me a description of the activities undertaken in this course, and the relationship of UCPD and BPD to the course. Dear Congressman Dellums:

This is in response to your letter dated May 28, 1975, sent to the Senior Resident Agent of the Berkeley, California, FBI Resident Agency.

To clarify your inquiries, it should be noted the Resident Agency at Berkeley, California, operates under the general supervision of the FBI's San Francisco Office.

There are currently nineteen Special Agents assigned to the Berkeley Resident Agency. All are white males. The function of a resident agency is to handle all FBI matters within its specific geographical territory. This includes criminal, security and applicant investigations. The FBI does not have primary jurisdiction regarding drug matters and does not conduct "political" investigations.

MAILED 7
JUL 15 1975
FBI

As a matter of policy, the FBI advises other governmental law enforcement agencies of matters coming to our attention which are within the investigative jurisdiction of those agencies. In some cases there is concurrent jurisdiction and a joint investigation may be conducted; however, local law enforcement agencies do not have access to FBI files. Representatives of private security agencies may be contacted from time to time in the course of discharging our official responsibilities just as any other citizens may be contacted. The FBI also utilizes the services of informants to develop information concerning matters within this Bureau's investigative jurisdiction; however, it would be inappropriate for me to discuss more specifically the number of such informants or the manner in which they are utilized.

Honorable Ronald V. Dellums

As I have already indicated, the FBI does not conduct "political" investigations, nor do we conduct "political surveillances." We do, of course, have a responsibility for conducting domestic intelligence investigations authorized under legislative enactments, Presidential Directives and instructions of the Attorney General. These matters relate to espionage, sabotage, treason, sedition, and other activities involving the internal security of the United States. The policies relating to such investigations are not made on an ad hoc basis by individual Agents or individual offices, but conform with broad policy applicable to all offices.

The FBI offers a variety of courses of instruction for law enforcement personnel throughout the United States, including such subjects as anti-sniper and survival training and special weapons and tactics, commonly known as "SWAT". The basic purpose of this training is to provide well prepared teams capable of resolving highly dangerous situations with a minimum of risk to innocent bystanders, the law enforcement personnel involved and the subjects of the investigation.

Enclosed is a newsclipping describing some of the training of our own personnel in this field. The article appeared on June 1, 1975, in the "Washington Star News."

Sincerely yours,

C. M. Kelley

Memorandum W. R. Wannall to Mr. J. A. Mintz 4/11/75 recommended that a draft of the proposed Memorandum of Understanding concerning clearance procedures for Staff Members of the captioned Committees be coordinated with Central Intelligence Agency (CIA) and other appropriate members of the intelligence community.

On 6/2/75 the draft Memorandum of Understanding was discussed by SA L. F. Schwartz with Mr. John M. Clarke, Associate Deputy, Intelligence Community Staff, and Mr. Donald E. Moore, Chairman, Security Committee, U. S. Intelligence Board, who advised that the draft had been reviewed by CIA and by the Security Committee on behalf of the intelligence community. They requested that the draft be revised in order to recognize the need for certain Staff Members to be cleared for access to compartmented information (a procedure already being followed by the Church Committee) and the desire of the Director of Central Intelligence (DCI) that it be made clear that the DCI will only offer his advice upon the request of the Committee Chairman and that in all cases the final determination as to clearance is the responsibility of the Committee Chairman.

Attached is a revised draft of the Memorandum of Understanding incorporating the changes proposed by Mr. Clarke and Mr. Moore which changes are underscored. Both Mr. Clarke and Mr. Moore were of the opinion that since Senator Church's Committee was already following the procedures outlined in the Memorandum of Understanding, and had completed the Committee Staff, it would be inappropriate to furnish a copy of the Memorandum of Understanding to Senator Church.

Reference is made to Legal Counsel memorandum to Mr. J. B. Adams, 3/12/75, and my memorandum, 3/25/75, both captioned as above.

By referenced memorandum dated 3/12/75, Legal Counsel recommended that the Intelligence Division (INTD) discuss with representatives of the Central Intelligence Agency (CIA) and other members of the intelligence community procedures for clearing staff members of captioned committees for access to classified information when questions as to the individual's trustworthiness have arisen in the course of the FBI's background investigation. Following such discussions, Legal Counsel recommended that a Memorandum of Understanding concerning these matters be prepared by the INTD which might be used by both Senate and House Committees.

By memorandum 3/25/75, the INTD submitted for approval a draft of a proposed Memorandum of Understanding concerning clearance procedures for staff members of captioned committees. Special Investigative Division disagreed with several features of our draft memorandum and has prepared a revised memorandum, which is attached for approval.

The INTD has coordinated this matter with the Special Investigative Division and interposes no objection to the text of the revised memorandum; however, it is suggested that consideration be given to adding the words "by the FBI" at the end of paragraph five on page one. Paragraph five, thus modified, would read: "Where there is a question of trustworthiness for access to classified information, the Committee Chairman will have the summary memorandum furnished to the Director of Central Intelligence (DCI) by the FBI."

Mr. Adams memorandum to Mr. Callahan dated 3/7/75, captioned as above, copy attached, reported our conversation with Senator Church and Congressman Nedzi.

As indicated in Mr. Adams' memorandum, Congressman Nedzi asked that we prepare a memorandum of understanding to be approved by CIA, FBI, and the House Committee concerning investigative and clearance procedures for members of the Committee's staff. It appeared appropriate to us to coordinate a memorandum of understanding to be drafted for the House Committee with that to be drafted for the Senate Committee. Therefore, following our return from the meeting with Senator Church and Congressman Nedzi, I called Bill Miller and advised him of the request made by Congressman Nedzi for us to prepare a proposed memorandum of understanding. I asked him whether it would be possible for us to coordinate the language of that memorandum with the understanding that it will be drafted for use by the CIA, other members of the intelligence community, and the Church Committee. Mr. Miller said that the proposal to coordinate the memorandum was completely acceptable to him and he requested that the draft memorandum being prepared for Congressman Nedzi be furnished him for review and possible adoption as the memorandum to be used by the Senate Committee.

RECOMMENDATION:

That the Intelligence Division discuss this matter with representatives of CIA and other appropriate members of the intelligence community and prepare a draft memorandum of understanding that may be used by both House and Senate committees.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

On 3/7/75 Mr. Mintz and I called on Senator Church and his staff director, Bill Miller, to further discuss the procedures for investigating and clearing staff employees of the Committee, particularly where information might be developed raising a question as to the propriety of a clearance. It had previously been approved that the FBI would conduct the background investigations, furnishing the results to Senator Church, and after his determination that the individuals met the required criteria for access to classified information he would notify CIA of his determination and intent to employ the individual involved, at which time CIA would grant the necessary clearance based on the certification by Senator Church.

In discussions between CIA and FBI representatives, we raised the question as to whether CIA would review the results of the investigation prior to granting clearances and CIA representatives indicated they did not intend to and were reluctant to inquire of Senator Church as to whether they could be furnished the results of any investigations involving derogatory information.

In discussing this matter with Senator Church, I inquired whether he had any objection to our bringing to the attention of CIA any questionable cases in order that CIA representatives, who have the responsibility of granting the actual clearances, would be in a position to advise and counsel with Senator Church on those individual cases. He had absolutely no objection to this and, in fact, felt there should be an open communication between FBI, CIA and his Committee to insure that no one was appointed and cleared who did not measure up in every respect from a security standpoint.

I discussed with him the particular case of Stanley Rawson Sloan, the results of which I had brought for delivery to Senator Church. Sloan was

formerly employed by CIA and resigned in December, 1974, after his clearance for sensitive compartmented information had been lifted as a result of his marrying an alien. This marriage would not preclude him from clearance for access to lesser degrees of sensitive material but only for the more sophisticated clearances. Mr. Miller advised that Sloan had not been appointed and was not going to be appointed because of other reasons unrelated to a security clearance.

Senator Church indicated that he felt it would be wise to prepare a memorandum outlining our security clearance procedures and his staff would be glad to prepare such a document.

Following the meeting with Senator Church, Mr. Mintz and I dropped by to see Congressman Nedzi, Chairman of the House Committee, and delivered to him Mr. Kelley's letter congratulating him and offering him our complete cooperation. Chairman Nedzi stated that he was very appreciative of this offer and would consider Mr. Kelley's request to confer with him as an open invitation and as soon as things had shaken down he would be in touch with us.

We discussed with him the investigative and clearance procedures we were following with the Senate Committee and Chairman Nedzi agreed the same procedures should be followed with his Committee, including our making available to CIA any derogatory information which might be pertinent to a clearance determination. At first, he suggested that we send the results of our investigations to CIA before coming to the Committee but then concluded that it would be more appropriate for them to come to him first since some of the applicants under consideration would probably not be appointed. He specifically asked that we prepare a memorandum of understanding to be approved by CIA, FBI and himself.

I asked Mr. Nedzi whether he felt the formulation of his Committee would serve to trim down the number of requests for information being received from various House committees and it was his opinion that it would help in some instances; however, in others committee chairmen would pursue their own inquiries. He personally did not feel he had the clout nor the desire to try to preempt this area entirely for his Committee. He also stated he felt that CIA's problems had in the main been fully exposed and would soon be

of less concern, whereas the concern over domestic security policies of the FBI would undoubtedly be greater in the future. He expressed his appreciation for our cooperation and indicated he was striving for a responsible approach to the inquiry.

Following the meeting with Mr. Nedzi, Mr. Mintz and I agreed that it would be best for us to prepare a proposed memorandum of understanding concerning the investigative and clearance procedures for both Committees in order to try to insure uniformity, and Mr. Mintz will get in touch with Bill Miller to seek his concurrence in that regard. Our efforts will be coordinated with CIA and the proposed memorandum as drawn up will be submitted for the Director's approval.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

By memorandum dated 5-22-75 you were advised that former SA Robert Nichols had been contacted by Lester B. Seidel, staff member of captioned Committee, at which time Seidel attempted to arrange an interview of Nichols. Nichols was advised by Deputy Assistant Director Jack E. Herington of the provisions of Attorney General Order 501-73 pertaining to Departmental approval prior to furnishing information from Bureau files. He was also reminded that he had signed an employee agreement with the Bureau agreeing to maintain confidentiality of the information contained in Bureau files. He was advised if he requested, the Bureau would make available a representative to accompany him should he be interviewed by the Committee.

Former SA Nichols telephonically contacted SA Paul V. Daly of this Division on 5-28-75 and advised he had been recontacted by Mr. Seidel. Seidel requested and Nichols agreed to travel to Washington, D. C., on the morning of 5-30-75 for an interview at the Committee's offices. Nichols stated that Seidel indicated the scope of the interview would be concerning Martin Luther King, Stanley David Levinson, and related matters. Nichols was unable to advise whether this was to be a staff interview or an appearance for testimony purposes before an executive session of the Committee. He stated he was not told by Seidel that his appearance would be pursuant to a subpoena. Nichols requested that the Bureau make available a representative so ~~that Nichols may~~ consult with him during the interview if need be.

sensitive investigative technique, divulge information furnished the Bureau by other Government agencies and/or foreign intelligence sources or adversely affecting an ongoing investigation. It was pointed out to Mr. Nichols that if he so desires, he could, of course, obtain the services of private counsel. He indicated it was his intention to arrive in Washington Thursday night, 5-29-75. He was requested to appear in the Office of Legal Analysis, Room 4513, at approximately 8:15 a.m. on the morning of 5-30-75 so that arrangements might be made to brief him by the Office of Legal Analysis and subsequently by the Intelligence Division. Nichols stated he would do so.

The Office of Legal Analysis is attempting to obtain from Committee representatives further information as to the circumstances and exact time of interview of Nichols.

RECOMMENDATIONS:

1) Intelligence Division representative be made available to accompany Nichols to his interview with captioned Committee.

2) That Nichols be released from his employment agreement to respond to questions concerning our investigation of Martin Luther King, Stanley David Levinson, and related matters.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Hotis

On May 27, 1975, James A. Wilderotter, Associate Counsel to the President, requested me and representatives of other agencies interested in the arrangements concerning interviews of witnesses by the Senate Select Committee to confer with him and Roderick Hills at 2:30 p.m. that date at the White House. Mr. K. William O'Connor, Deputy Assistant Attorney General, Inspector John B. Hotis and I represented the Department and the FBI. Roderick Hills and James A. Wilderotter represented the President's counsel; Bob Andrews represented the Defense Department; John Warner, General Counsel, CIA; Roy Banner, General Counsel of NSA, and Mr. Hyland from State Department as well as John Clark, Deputy to the Director of CIA, attended.

The purpose of the meeting was to discuss the latest version of proposed procedures to be followed by the Committee staff investigators during interviews of former and current employees. Roderick Hills presented a document (copy attached) which he described as a counteroffer by Frederick Schwarz, Counsel to the Committee. He called for general discussion of the document after indicating that he had discussed this matter with Mr. Schwarz at lunch on May 27th and felt that it was a workable document. I pointed out to Mr. Hills that the document provides that there would be notice to the agencies of the identity of witnesses at reasonable time prior to interviews or taking of sworn testimony except where "the committee or its appropriate delegee" determines that prior notice should not be given. I told him that I was concerned that that provision would be used by the Committee staff to permit individual staff investigators to make that determination and I was confident they would do so.

Mr. Hills was reluctant to seek a modification of the language indicating that he had an understanding with Mr. Schwarz that the authority would be limited to the senior counsel and to members of the Committee. I told Mr. Hills I would request that the language be modified in writing so that the authority would be conferred on specific representatives of the Committee to avoid having staff authority which I thought would be abused. Mr. Hills finally agreed that the language would be modified so that the authority would be available only to both Committee senior counsel and/or a combination of senior counsel and a Committee member. Further, the language would be modified to require that the determination that an agency would not be given prior notice of a pending witness interview would be recorded in writing for the Committee's records.

I asked Mr. Wilderotter and Mr. Hills whether this agreement was to be made between the staff and the agencies or whether it in fact would be accepted by the Committee. After some discussion, we were advised by Mr. Hills and Mr. Wilderotter that the document would be submitted to the full Committee for their approval and incorporated into the Committee's records.

I pointed out that I believed it was necessary for the understanding to be made between the Committee and the Executive in order for there to be some basis for restraining Committee staff investigators who may not be inclined to follow the rules.

Other proposed changes discussed would require the Committee representative to furnish to a witness a copy of the Committee's rules which includes advice concerning the right to counsel and a copy of the proposed guidelines for witness interviews.

I recommended that the guidelines be expanded to address the problem of existing secrecy agreements with former and present employees and the procedural problem involved in Attorney General Order 501-73 which requires prior Departmental approval in order for a witness to respond to a subpoena. As a result, Mr. Wilderotter advised on the morning of May 28, 1975, that he would recommend the addition of a sentence in the opening paragraph that would indicate the guidelines would not be understood to impair the constitutional rights of individual witnesses, agency agreements with employees or former employees, existing Departmental orders or the Committee's own rules.

Memorandum to Mr. Adams
Re: Senate Select Committee, etc.

Other minor changes were considered and an effort will be made to correct the language so that the agencies will be obliged to make reasonable efforts to comply with all Committee requests instead of being required to furnish "all information" absolutely.

Mr. Wilderotter advised on the morning of May 28th that the comments described above will be discussed with Frederick Schwarz in an effort to finally resolve this matter.

RECOMMENDATION:

OUTLINE FOR INQUIRY PROCEDURES

It is hoped that these voluntary guidelines will permit the Select Committee investigation to proceed without undue delay, but it is also recognized that these guidelines do not cover all points or anticipate all problems and that, therefore, either the Select Committee or some agency under investigation may have reason not to follow these suggested guidelines.

Also, it is recognized that this outline is without prejudice to the respective legal positions of the agencies and the Select Committee as to the production of specific information by way of documents or testimony. Not to impair Const. rights of ind. witness, agency rules or agreements, comm. rules.

A. Classification of Interviews/Preliminary Testimony

The parties to this investigation by the Select Committee recognize that interviews/preliminary testimony to be conducted by the Committee staff will generally be of two separate and distinct natures.

(1) Those primarily seeking information concerning (A) the overall structure and functions of any agency or its relationship with other agencies or the Executive branch; (B) the substantive work being done by the agency, including the legal bases relied upon and the requisite approval levels for authorization; and (C) the capacities of each agency and the responsibilities to provide information for other governmental entities.

(2) Those primarily concerning specific allegations of agency or Executive branch abuses or other controversial specific matters where there is reason to believe improprieties may have occurred.

An agency representative will be present, as a general rule, at interviews/preliminary testimony in the first category for the purpose of assisting the Committee's investigation and facilitating the protection of information important to the national interest which is pertinent to the investigation. Similarly, as a general rule, agency representatives will not be present at interviews/preliminary testimony in the second category. The parties recognize, however, that for special reasons exceptions can be made in either case: i.e., when good reason exists, endorsed by the Select Committee, agency representatives may not be present for interviews/preliminary testimony falling under the first category, and for good and sufficient reason the agency may [seek to] have a representative present in the second category subject to the approval, of course, of the Select Committee.

B. Procedures to be Employed in Category (2).

When the Select Committee has identified a specific subject as a potential abuse or impropriety and has so notified the agency involved of its designation, that agency will, subject to the second sentence hereof, make [every effort] to provide the Select Committee

with all information and materials that it has on the subject. There will be a mutual effort by the Committee and the agencies to provide special handling techniques to convey or secure any particularly sensitive information or materials as appropriate.

In abuse or impropriety interviews/preliminary testimony, the following procedures will prevail.

(1) Witnesses will be identified to the agency a reasonable time prior to interviews or taking sworn testimony. This general rule includes current employees, former employees or others who have or have had a relationship with the agency.

Exceptions

~~Written record~~
of decision

A. Where the Committee or its appropriate delegee ~~by written doc~~ stet believes that prior identification of a witness could adversely affect the witness' willingness to be interviewed or to be forthcoming, or could otherwise hinder the investigation, such prior notice ~~by written authorization~~ will not be given, but in such cases the agency shall be given a general indication of the points or areas to be covered to the extent that is feasible without undercutting the reason for not providing prior notice in the first instance. Delegees shall consist of both Comm. senior counsel or a comb of senior counsel and committee member.

B. In certain cases, the Committee might notify the agency, if the agency agrees not to contact the witness before his appearance. The agency could identify for the Committee special security matters concerning prospective witnesses and provide information on how to locate a witness.

(2) When the Committee contacts a witness, it will explain the security and other arrangements between the Committee and the agency, as well as serve the witness a copy of these ground rules and a copy of the Committee rules. If the witness wishes to consult with the agency prior to his appearance, the Committee will not discourage or seek to interfere with that desire in any way and will help the witness contact the agency representative.

(3) Whenever they are not present at interviews or the taking of sworn statements, agency representatives will be available for consultations regarding the handling of special security matters.

(4) Whether or not an agency has notice of an interview or sworn statement, the Committee will inform the agency of the general substantive points covered as soon as possible thereafter, unless disclosure of the substance of a particular interview would make discernible the identity of a confidential source. In such cases, the Committee shall, to the extent feasible without undercutting that decision, notify the agency in general terms of the points or areas covered, and the fact that it has interviewed a witness on such matters.

(5) Whenever an agency receives prior notice of a particular interview or taking of a sworn statement, it will also be notified

of the general subject areas and periods of employment in which the Committee is primarily interested. The agency will then check the subject's personnel history file and advise the Committee of any exceptionally sensitive aspects of the subject's employment or activity which require special handling.

(6) If because of concern about security of sensitive information, a witness feels unable to give a responsive answer to a particular question, the witness shall so indicate to the interviewer. The questioner and witness may then consult with the agency representative with respect to an appropriate response which will facilitate the provision of pertinent information and its protection. These matters should be worked out forthwith and ordinarily before the close of the interview/testimony session.

(7) The Committee is responsible for providing special handling of interview notes and other working notes in a manner which will protect sensitive material. At the conclusion of the Committee's inquiry, the Committee will consult with the agencies concerned regarding the appropriate disposition of any such notes which have not been destroyed following the preparation of finished Committee documents. The agencies will indicate which of these notes it feels are too sensitive to be stored under the Archives

arrangement being established for the general disposition of the Committee's working papers and non-public reports.

May 21, 1975

The following represents the writer's recollection of testimony given this date before the Senate Select Committee (SSC) pursuant to subpoena. The session commenced at 10 a.m. 5/21/75 in Room 607, former Caroll Arms Hotel. Present was Senator Robert Morgan (North Carolina); Lester B. Seidel, Staff Member; Mr. Jack Smith, Staff Member; Mr. John Bailey, Assistant Minority Counsel, and a male reporter. Senator Morgan placed the writer under oath. Approximately four or five minutes later Senator Morgan excused himself with a general statement to the effect he had other pressing matters. The entire proceedings with only two exceptions were conducted by Lester B. Seidel.

Seidel explained the writer was entitled to counsel, had the privilege of invoking provisions of the Fifth Amendment, and would have the privilege of making an opening and closing statement. Seidel inquired whether the writer understood his rights and the Committee's rules and regulations, a copy of which he had made available.

The writer acknowledged receipt of the Committee's rules and regulations as furnished by Seidel at 9:31 a.m. 5/21/75. He also acknowledged he had been informed of the right to counsel but inasmuch as this Committee was not understood

to constitute a grand jury and in the absence of any charges or allegations of a violation of law on his part, he did not insist on the presence of counsel.

Seidel was advised that as a former Special Agent the writer had contacted the Bureau's Legal Counsel Division and as of this date had been advised by Mr. Paul Daly thereof that he had been cleared by the Attorney General (AG) to testify to matters relating to investigation of Martin Luther King, Jr., Southern Christian Leadership Conference (SCLC), and Stanley Levison.

Seidel was advised that during his interview of the writer in Atlanta, Georgia, on 5/12/75 he had asked a question as to how long after the assassination of King did the telephone surveillance continue on the King residence. On 5/12/75 the writer responded it was his recollection this coverage continued until a short time subsequent to the assassination. Following that interview, the writer recalled that either shortly before or shortly after that case was assigned to the writer, the King family had moved from one residence to another and that continuation of the telephone surveillance from the former residence to the latter one was not authorized. Secondly, Seidel on 5/12/75 had asked when the King and SCLC cases were

assigned to the writer, the writer recalled such assignment was in the early part of 1965; that it was now the writer's recollection this assignment was made in May, 1965.

"Set forth below are questions asked by Seidel (unless otherwise indicated) and the writer's answers. These questions and answers are not set forth chronologically.

"Q. Why was continuance of the telephone surveillance not continued to the Kings' new residence?

"A. Continuance was not authorized by the AG.

"Q. What telephone surveillance was there conducted by Atlanta of Stanley Levison?

"A. There was no such coverage per se only such as afforded by contacts made of King or members of the SCLC staff by Levison.

"Q. Was there telephone surveillance of Levison in New York?

"A. Any contacts of King by Levison while in New York would have been covered.

"Q. Did the New York Office maintain telephone surveillance of Levison?

"A. I do not directly know.

"Q. During the Atlanta interview you indicated you had read New York reports concerning Levison. Is that correct?

A. Yes.

Q. During Atlanta interview you indicated you presumed these reports set forth information concerning Levison from a telephone surveillance. Is that correct?

A. Yes.

Q. What was the basis for your presumption?

A. The appropriate administrative portion of such report would have so indicated.

Q. What evidence of CP connections did your investigation develop concerning Levison?

A. None.

Q. What information did you have establishing CP connection re Levison?

A. Such information as was set forth in what was then referred to as a characterization of Levison. Such characterization was a part of each report submitted to the Bureau.

Q. What was the nature of this characterization?

A. I do not remember the precise language. It is my recollection the statement was brief and set forth information establishing past and/or present CP affiliation by Levison.

Q. Where did you obtain this characterization?

A. A characterization of an individual or organization at that time was prepared by the field office concerned, submitted

to Bureau Headquarters for its approval, and such was made available to offices having a need-to-know this information.

See attached pages ITEM II

Q. What was the source of this information regarding Levison.

A. I do not recall that I was ever apprised thereof. A characterization would not indicate the source of the information, unless public source information was utilized, otherwise the reliability or lack thereof of the source or sources would be indicated but not their identity.

Q. What prompted you today to amend your answer on May the 12th '75 as to how long telephone surveillance continued on the King residence? Did you seek the advice or an answer from someone?

A. Only to the extent that subsequent to May the 12th I conferred with a former Agent, Charles Harding. Prior thereto ~~to that time which~~ it had concerned me, that my initial answer to that question for some reason did not impress me as being completely correct. I mentioned this to Harding and he informed me that my answer was incorrect and mentioned the change in the King residence and the fact coverage had not been thereafter authorized. When he informed me of this I immediately recalled the change in residence which previously had escaped my memory.

Q. Why would Harding know this information?

A. For a period of time he was in a supervisory capacity.

Q. Was he in a supervisory capacity when the change in residence was made?

A. He was in a relief supervisory capacity at that time.

Q. Why did you rely on Harding's recollection? Is his recollection better than yours?

A. I am not suggesting his recollection is better or worse than mine. What he said to me merely served to jog my memory upon which I based my earlier statement today.

Q. You recall when I interviewed you in Atlanta most of my questions were taken from prepared notes?

A. Yes.

Q. You recall that I told you that I would make notes during the interview in order that I might later refresh my recollection as to your testimony?

A. Yes, and Mr. Seidel, you recall that I did not take any notes (to which he answered in the affirmative).

Q. Did you make any recording of that interview at the time?

A. I did not.

Q. Did you make any subsequent written recording of the interview?

A. Yes, I did so for my personal information.

Q. Is such writing available to this Committee?

A. I consider it a personal item for my personal use. I realize that you have the perogative of subpoenaing it. In the absence thereof, I prefer not to make it available.

Q. How long after King's assassination did the telephone surveillance of SCLC continue?

A. I cannot be certain. It continued for a period of time which may have been one, two, possibly three months. I simply do not remember.

Q. Who handled SCLC and Levison case after you left the Bureau?

A. Richard Hamilton.

Q. When did he assume these cases?

A. I cannot recall precisely. I am not even sure whether they had been administratively reassigned to him prior to my departure.

Q. Who else besides Stanley Levison was in contact with King who you understood to have some type of CP connections?

A. There was Hunter Pitts O'Dell, Bayard Rustin, and Harry Wachtel.

Q. Hunter Pitts O'Dell, the same as Jack O'Dell?

A. Yes, he was.

Q. What evidence of CP connections or domination by Moscow of O'Dell, Rustin, Wachtel, did your investigation develop?

A. It did not develop any such information.

Q. How did you know of what~~ever~~ their CP affiliation may have been?

A. In the same manner as in regard to Levison.

Q. What investigation did Atlanta conduct of O'Dell, Rustin, and Wachtel?

A. There was no active ongoing investigation conducted of these individuals other than during such periods when they were in contact with King or members of SCLC.

Q. Was Coretta King ever the target of an electronic surveillance?

A. Not to my knowledge beyond such coverage as might have occurred from the telephone surveillance when it applied to the King residence or on such occasions when she might have been present in SCLC headquarters.

Q. Do you know when the telephone surveillance of King and SCLC were initiated?

A. I did not have the cases at that time.

Q. Did you not learn of such information while you had these cases?

A. Yes.

Q. How?

A. From information in the appropriate file.

Q. What communication transpired between the Bureau and Atlanta relative to the initiation of these telephone surveillances,

airtels, letters, memoranda?

A. I am certain there were airtels, letters, possibly teletypes in the file.

Q. What was the ~~j~~gist of such communications?

A. Advisement that such installation had been authorized, instructions to initiate the coverage.

Q. Who installed the surveillances, Al Miller; was he not a technician, a wireman?

A. Your answer to that question is not entirely correct. Alden Miller was an Atlanta Agent who had certain technical ability. It is my recollection the surveillance was installed by an Agent who was not from the Atlanta Office. I do not remember his name.

Q. Did you monitor any of these surveillances?

A. No.

Q. Did you monitor any such surveillance during this period of time?

A. Yes. I recall on two occasions filling in for another employee in connection with telephone surveillance of the headquarters of the Student Nonviolent Coordinating Committee. I did not monitor the King or SCLC telephone surveillance.

Q. What was the nature of the investigation of SNCC?

A. To determine communist influence of that organization.

Q. What is your recollection of the Bureau's efforts to influence any political campaign.

A. I have no such recollection.

Q. What about efforts to disrupt the political campaign of Senator Andrew Young?

A. I do not know of any such efforts. It's my recollection that Andrew Young did not become actively involved in politics during the period of time with which we are concerned. ← SEE ITEM I. of attached pages

Q. Did a former Bureau official William Sullivan visit Atlanta during this period?

A. There were two Sullivans in an official capacity with the Bureau.

Q. William Sullivan, who was formerly connected with intelligence matters at the Bureau. Did you ever meet him?

A. Yes. I met him on several occasions during the 1950s. I do not recall any contact with him during the period with which we are presently concerned.

Q. After you received the King, SCLC, and Levison cases, what did Mr. Bob Nichols do?

A. Shortly thereafter he was transferred as a Resident Agent to Valdosta, Georgia.

A. There is only one particular conversation that comes to mind at the moment and I have no recollection with whom the conversation was held; during which reference was made to a wonderful sermon they had preached together on somebody's kitchen floor.

Q. Kitchen floor?

A. Yes.

Q. What surreptitious entry was made in respect to the King residence or SCLC headquarters?

A. During the period I was concerned with these cases there was none.

Q. Supposing an Agent wanted some item from either location to use against King or SCLC. Would he not have made a surreptitious entry to obtain it?

A. No such entry was made at any time to my knowledge. I say this very firmly because the Bureau policy before the late 1950s concerning such a technique had changed.

Q. (By Jack Smith) What do you mean by saying this policy had changed?

A. During my period with the Bureau, from the beginning, such activity had to be approved by the Bureau. With reference to the period of time when the policy ~~had~~ changed it changed to the extent that obtaining authority therefore was virtually impossible.

Q. Prior to 1965 in what way were you involved in any surreptitious entry?

A. Mr. Seidel, as I stated earlier I have been informed that I was released by the AG to testify before this Committee concerning King, SCLC, Stanley Levison, and matters related thereto.

Q. Did you develop any information establishing CP connection on the part of King?

A. Not beyond his affiliation with Levison and the other individuals previously mentioned.

Q. What was the objective of the investigation of King and SCLC?

A. To determine possible communist influence of King and SCLC.

Q. If, as you state, you did not develop information that King was a communist, was not this investigation in vain?

A. Not in my opinion. It is correct it did not establish that King was a CP member. It did establish that he was in contact with individuals then having past or present CP affiliation which was the objective of the investigation. See ITEM III of attached pages.

Q. Do you remember during 1963 King alleged that Bureau Agents were not responsive to civil rights ~~complications~~ Complaints in the vicinity of Albany, Georgia, and other South Georgia locations?

A. Yes, I recall news media information concerning such allegations.

Q. In response to these allegations by King, do you remember that Mr. Hoover became very concerned with King's allegations?

A. Yes. I definitely remember the news media indicating that Mr. Hoover was extremely upset.

Q. You have stated you were assigned to King and SCLC case in May, 1965, is that correct?

A. Yes.

Q. You previously stated these cases were initiated 12 months or perhaps a little longer prior to your receiving them. Is that correct?

A. Yes.

Q. Was there not then a connection between Director Hoover's concern with King's statements in 1963 regarding lack of attention to civil rights matters in South Georgia by the Bureau and the initiation of the investigation of King and SCLC?

See ITEM IV of attached pages

A. ~~Yes.~~ I did not discuss that matter with Mr. Hoover or with any Bureau official.

Q. Do you deny there was any such connection?

A. I cannot deny that there might have been such a connection. This was a situation in which I recall the news media on more than one occasion suggested such to be the case.

Q. From 1965 until 1971 was there any electronic surveillance of any other individual or organization in addition to King, SCLC, and SNCC?

A. To the best of my recollection there were none except as may have pertained to some strictly criminal investigations with which I had no connection.

Q. What about prior to 1965?

A. There was one concerning an individual or individuals having KLAN ~~King~~ connections believed to have been involved in an earlier church bombing, I believe in Birmingham, involving the death of several children.

Q. During our interview in Atlanta you stated you did not have any contact with members of the news media or clergy regarding King or SCLC. Is that correct?

A. Yes, I did not have any such contact.

Q. What discussion was had with members of the Atlanta Police Department concerning King, SCLC, and Levison, and what was the extent of their electronic coverage regarding these matters?

A. During the period of time I was concerned with King, SCLC, Levison, I had no discussion with any member of the Atlanta Police Department concerning these matters. Bureau instructions regarding these matters were ~~or~~ that any discussion was on a strictly need-to-know basis and I have absolutely no recollection that members of the Atlanta Police Department fitted into this category.

I do not have any knowledge as to what electronic surveillance may ever have been conducted by the Atlanta Police Department.

Q. While in Atlanta you were assigned to what was referred to as the Security and Racial Squad, is that correct?

A. That is correct.

Q. Essentially this squad was concerned with security matters, racial matters, is that correct?

A. Yes and it was also concerned with civil rights violations and election law violations.

Q. In regard to civil rights and election law matters, did you ever develop any information pertinent to the CP?

A. No.

Q. What Agents do you remember were assigned to that squad? Charles Harding, Arthur Murtagh?

A. Yes. Those two, Alden Miller, Richard Hamilton, Richard Davis, Donald Burgess, Randall McGough, Timothy Dorsch, Charles Haynes.

Q. Who monitored the King and SCLC surveillance?

A. A number of different gentlemen, some of whom were periodically transferred.

Q. Who were some of those?

A. Donald Burgess, Richard Davis, Brian O'Shea, now deceased.

Q. Who served in a supervisory capacity before Charles Harding?

A. Henry Rouse.

Q. Where is he now?

A. I understand he retired, I do not know where he is located.

Q. What was your involvement with the Bureau's program referred to as COINTELPRO?

A. Mr. Seidel, as I endeavored to explain on May 12, your use of that particular terminology did not register with me at all.

Q. Recently testimony was given be one or more Bureau officials indicating this program began during the late 1950s and continued to a fairly recent date. Did not your reports regarding King, SCLC, or Levison include in their caption COINTELPRO?

A. It is not my recollection that they did.

Q. What about a Klan organization?

A. I did at various times handle investigations concerning individual Klan members. I did not handle the Klan as an organizational matter. It is my recollection that in reporting on the activities of an individual Klan member the character of the case would have been indicated as Ku Klux Klan - Racial Matter.

I feel compelled to apologize if I appear particularly dense as to the utilization of this phrase COINTELPRO. If it was a program operating over a period of years the only explanation I can offer at this moment is that conceiably some field offices other than Atlanta were initially involved therein. If this was the case, Atlanta may well have been included therein subsequent to my departure.

Q. (John Bailey) When the telephone surveillance was discontinued on the King residence and on SCLC who took care of that.

A. I do not know.

THIS WOULD READ BETTER IF MOVED TO PAGE 19

It should be noted the Committee took a five minute break approximately 12:05 to 12:10 p.m. after which questioning continued.

Following a few very general concluding comments by Seidel, the writer was given the opportunity to make a statement. At this point Seidel was advised it was the writer's understanding that the procedures of this Committee provided for a witness to subsequently have opportunity to review the transcript thereof, and that the writer would like to avail himself of this opportunity. Inquiry was made as to whether this could be accomplished via registered or certified mail to preclude unnecessary expense to the Government.

Seidel responded at some length referring to (Section 6b?) of the Committee's rules and regulations which permitted

such review in the Committee's office. Any expense thereof to be borne by the witness. He explained it was not his perogative to amend the Committee's rules and regulations.

The writer apologized for asking the question and assured Mr. Siedel he was not asking him to make any changes. He submitted that had he been furnished a copy of the Committee's rules and regulations for a period of time no longer than 29 minutes before this Committee convened, Had such been furnished at an earlier date it would not have been necessary to have asked the question.

The aforementioned session terminated shortly past 1 p.m.

"Seidel explained the writer was entitled to counsel, had the privilege of invoking provisions of the Fifth Amendment, and would have the privilege of making an opening and closing statement. Seidel inquired whether the writer understood his rights and the Committee's rules and regulations, a copy of which he had made available.

'The writer acknowledged receipt of the Committee's rules and regulations as furnished by Seidel at 9:31 a.m. 5/21/75. He also acknowledged he had been informed of the right to counsel but inasmuch as this Committee was not understood to constitute a grand jury and in the absence of any charges or allegations of a violation of law on his part, he did not insist on the presence of counsel.

"Seidel was advised that as a former Special Agent the writer had contacted the Bureau's Legal Counsel Division and as of this date had been advised by Mr. Paul Daly thereof that he had been cleared by the Attorney General (AG) to testify to matters relating to investigation of Martin Luther King, Jr., Southern Christian Leadership Conference (SCLC), and Stanley Levison.

'Seidel was advised that during his interview of the writer in Atlanta, Georgia, on 5/12/75 he had asked a question as to how long after the assassination of King did the telephone surveillance continue on the King residence. On 5/12/75 the writer responded it was his recollection this coverage continued until a short time subsequent to the assassination. Following that interview, the writer recalled that either shortly before or shortly after that case was assigned to the writer, the King family had moved from one residence to another and that continuation of the telephone surveillance from the former residence to the latter one was not authorized. Secondly, Seidel on 5/12/75 had asked when the King and SCLC cases were assigned to the writer, the writer recalled such assignment was in the early part of 1965; that it was now the writer's recollection this assignment was made in May, 1965.

~~CONFIDENTIAL~~

CONFIDENTIAL

"Set forth below are questions asked by Seidel (unless otherwise indicated) and the writer's answers. These questions and answers are not set forth chronologically.

"Q. Why was continuance of the telephone surveillance not continued to the Kings' new residence?

"A. Continuance was not authorized by the AG.

"Q. What telephone surveillance was there conducted by Atlanta of Stanley Levison?

"A. There was no such coverage per se only such as afforded by contacts made of King or members of the SCLC staff by Levison.

"Q. Was there telephone surveillance of Levison in New York?

"A. Any contacts of King by Levison while in New York would have been covered.

"Q. Did the New York Office maintain telephone surveillance of Levison?

"A. I do not directly know.

"Q. During the Atlanta interview you indicated you had read New York reports concerning Levison. Is that correct?

"A. Yes.

"Q. During Atlanta interview you indicated you presumed these reports set forth information concerning Levison from a telephone surveillance. Is that correct?

"A. Yes.

"Q. What was the basis for your presumption?

CONFIDENTIAL

"A. The appropriate administrative portion of such report would have so indicated.

"Q. What evidence of CP connections did your investigation develop concerning Levison?

"A. None.

"Q. What information did you have establishing CP connection re Levison?

"A. Such information as was set forth in what was then referred to as a characterization of Levison. Such characterization was a part of each report submitted to the Bureau.

"Q. What was the nature of this characterization?

"A. I do not remember the precise language. It is my recollection the statement was brief and set forth information establishing past and/or present CP affiliation by Levison.

"Q. Where did you obtain this characterization?

"A. A characterization of an individual or organization at that time was prepared by the field office concerned, submitted to Bureau Headquarters for its approval, and such was made available to offices having a need-to-know this information.

"Q. What was the source of this information regarding Levison?

"A. I do not recall that I was ever apprised thereof. A characterization would not indicate the source of the information, unless public source information was utilized, otherwise the reliability or lack thereof of the source or sources would be indicated but not their identity.

"Q. What prompted you today to amend your answer on May the 12th '75 as to how long telephone surveillance continued on the King residence? Did you seek the advice or an answer from someone?

~~IDENTIAL~~

"A. Only to the extent that subsequent to May the 12th I conferred with a former Agent, Charles Harding. Prior thereto it had concerned me, that my initial answer to that question for some reason did not impress me as being completely correct. I mentioned this to Harding and he informed me that my answer was incorrect and mentioned the change in the King residence and the fact coverage had not been thereafter authorized. When he informed me of this I immediately recalled the change in residence which previously had escaped my memory.

"Q. Why would Harding know this information?

"A. For a period of time he was in a supervisory capacity.

"Q. Was he in a supervisory capacity when the change in residence was made?

"A. He was in a relief supervisory capacity at that time.

"Q. Why did you rely on Harding's recollection? Is his recollection better than yours?

"A. I am not suggesting his recollection is better or worse than mine. What he said to me merely served to jog my memory upon which I based my earlier statement today.

"Q. You recall when I interviewed you in Atlanta most of my questions were taken from prepared notes?

"A. Yes.

"Q. You recall that I told you that I would make notes during the interview in order that I might later refresh my recollection as to your testimony?

"A. Yes, and Mr. Seidel, you recall that I did not take any notes (to which he answered in the affirmative).

"Q. Did you make any recording of that interview at the time?

"A. I did not.

"Q. Did you make any subsequent written recording of the interview?

"A. Yes, I did so for my personal information.

"Q. Is such writing available to this Committee?

"A. I consider it a personal item for my personal use. I realize that you have the perogative of subpoenaing it. In the absence thereof, I prefer not to make it available.

"Q. How long after King's assassination did the telephone surveillance of SCLC continue?

"A. I cannot be certain. It continued for a period of time which may have been one, two, possibly three months. I simply do not remember.

"Q. Who handled SCLC and Levison case after you left the Bureau?

"A. Richard Hamilton.

"Q. When did he assume these cases?

"A. I cannot recall precisely. I am not even sure whether they had been administratively reassigned to him prior to my departure.

"Q. Who else besides Stanley Levison was in contact with King who you understood to have some type of CP connections?

"A. There was Hunter Pitts O'Dell, Bayard Rustin, and Harry Wachtel.

"Q. Hunter Pitts O'Dell, the same as Jack O'Dell?

"A. Yes, he was.

"Q. What evidence of CP connections or domination by Moscow of O'Dell, Rustin, Wachtel, did your investigation develop?

"A. It did not develop any such information.

"Q. How did you know of what their CP affiliation may have been?

"A. In the same manner as in regard to Levison.

"Q. What investigation did Atlanta conduct of O'Dell, Rustin, and Wachtel?

"A. There was no active ongoing investigation conducted of these individuals other than during such periods when they were in contact with King or members of SCLC.

"Q. Was Coretta King ever the target of an electronic surveillance?

"A. Not to my knowledge beyond such coverage as might have occurred from the telephone surveillance when it applied to the King residence or on such occasions when she might have been present in SCLC headquarters.

"Q. Do you know when the telephone surveillance of King and SCLC were initiated?

"A. I did not have the cases at that time.

"Q. Did you not learn of such information while you had these cases?

"A. Yes.

"Q. How?

"A. From information in the appropriate file.

"Q. What communication transpired between the Bureau and Atlanta relative to the initiation of these telephone surveillances, airtels, letters, memoranda?

"A. I am certain there were airtels, letters, possibly teletypes in the file.

"Q. What was the gist of such communications?

"A. Advisement that such installation had been authorized, instructions to initiate the coverage.

"Q. Who installed the surveillances, Al Miller; was he not a technician, a wireman?

"A. Your answer to that question is not entirely correct. Alden Miller was an Atlanta Agent who had certain technical ability. It is my recollection the surveillance was installed by an Agent who was not from the Atlanta Office. I do not remember his name.

"Q. Did you monitor any of these surveillances?

"A. No.

"Q. Did you monitor any such surveillance during this period of time?

"A. Yes. I recall on two occasions filling in for another employee in connection with telephone surveillance of the headquarters of the Student Nonviolent Coordinating Committee. I did not monitor the King or SCLC telephone surveillance.

"Q. What was the nature of the investigation of SNCC?

"A. To determine communist influence of that organization.

"Q. What is your recollection of the Bureau's efforts to influence any political campaign?

"A. I have no such recollection.

"Q. What about efforts to disrupt the political campaign of Senator Andrew Young?

"A. I do not know of any such efforts. It's my recollection that Andrew Young did not become actively involved in politics during the period of time with which we are concerned.

"Q. What about Julian Bond's campaign? Any effort to influence that?

"A. No. As I recall Bond was already a member of the Georgia legislature by 1964 or 1965.

"Q. What electronic surveillance was conducted of Bond?

"A. None to my knowledge beyond such coverage as may have resulted from coverage of SNCC with which Bond was affiliated.

"Q. In same manner a question was asked re other members of the Georgia legislature. My answer was that my only concern had been with former Governor Lester Maddox and my handling of the Civil Rights Act of 1964(?) case involving Maddox and his operation of the Pickrick restaurant.

"Q. Did a former Bureau official William Sullivan visit Atlanta during this period?

"A. There were two Sullivans in an official capacity with the Bureau.

"Q. William Sullivan, whowas formerly connected with intelligence matters at the Bureau. Did you ever meet him?

"A. Yes. I met him on several occasions during the 1950s. I do not recall any contact with him during the period with which we are presently concerned.

"Q. After you received the King, SCLC, and Levison cases, what did Mr. Bob Nichols do?

"A. Shortly thereafter he was transferred as a Resident Agent to Valdosta, Georgia.

"Q. Was King given a nickname in the Atlanta Office?

"A. Yes.

"Q. What was it?

"A. "Zorro."

"Q. How did that come about?

"A. I believe that began with Mr. Nichols and just passed on down.

"Q. Why was that name selected?

"A. I do not know precisely.

"Q. Don't you have any idea?

"A. Yes.

"Q. What was the basis for it?

"A. As I remember, "Zorro" was either a television or movie character who carried a sword and therefore could be referred to as a swordsman.

"Q. What connection had this with King?

"A. The Reverend King participated in a number of extra-marital relations and therefore it seemed fitting that in the vernacular the reference swordsman applied to him.

"Q. What extra-marital activities were there?

"A. There were several women involved.

"Q. How do you know this?

"A. It was indicated on occasions by conversations.

"Q. How?

"A. By reference to a previous escapade with an individual or to one pending.

"Q. Can you give an example of such reference?

"A. There is only one particular conversation that comes to mind at the moment and I have no recollection with whom the conversation was held; during which reference was made to a wonderful sermon they had preached together on somebody's kitchen floor.

"Q. Kitchen floor?

"A. Yes.

"Q. What surreptitious entry was made in respect to the King residence or SCLC headquarters?

"A. During the period I was concerned with these cases there was none.

"Q. Supposing an Agent wanted some item from either location to use against King or SCLC. Would he not have made a surreptitious entry to obtain it?

"A. No such entry was made at any time to my knowledge. I say this very firmly because the Bureau policy before the late 1950s concerning such a technique had changed.

"Q. (By Jack Smith) What do you mean by saying this policy had changed?

"A. During my period with the Bureau, from the beginning, such activity had to be approved by the Bureau. With reference to the period of time when the policy changed, it changed to the extent that obtaining authority therefore was virtually impossible.

"Q. Prior to 1965 in what way were you involved in any surreptitious entry?

"A. Mr. Seidel, as I stated earlier I have been informed that I was released by the AG to testify before this Committee concerning King, SCLC, Stanley Levison, and matters related thereto.

"Q. Did you develop any information establishing CP connection on the part of King?

"A. Not beyond his affiliation with Levison and the other individuals previously mentioned.

"Q. What was the objective of the investigation of King and SCLC?

"A. To determine possible communist influence of King and SCLC.

"Q. If, as you state, you did not develop information that King was a communist, was not this investigation in vain?

"A. Not in my opinion. It is correct it did not establish that King was a CP member. It did establish that he was in contact with individuals then having past or present CP affiliation which was the objective of the investigation.

"I cannot be certain - I may have briefly indicated here that it did not appear King was necessarily aware of the past or present CP connections of these persons.

"Q. Do you remember during 1963 King alleged that Bureau Agents were not responsive to civil rights complaints in the vicinity of Albany, Georgia, and other South Georgia locations?

"A. Yes, I recall news media information concerning such allegations.

~~CONFIDENTIAL~~

"Q. In response to these allegations by King, do you remember that Mr. Hoover became very concerned with King's allegations?

"The aforementioned session terminated shortly past 1 p.m.

"It should be noted the Committee took a five minute break approximately 12:05 to 12:10 p.m. after which questioning continued."

On June 4, 1975, Sentinella advised the FBI of the following additional information concerning this matter.

Sentinella received a telephone call that day from Seidel who advised him that the transcript of Sentinella's testimony was near completion and that Sentinella would receive a letter advising him it was ready for Sentinella's review, but only in SSC space.

Seidel sought from Sentinella and was furnished names of some FBI personnel who had monitored technical surveillance on King during the pertinent period. Seidel sought information concerning who supervised the King investigation at FBI Headquarters, to which Sentinella replied that he did not know any specifics. Seidel referred back to information from Sentinella both during the original interview and during Sentinella's testimony and Seidel asked why Sentinella had discussed the matter with former FBI Agent Harding. It was Sentinella's reply that he sought Harding's help in order to rectify what he thought was a wrong answer given to Seidel during the initial interview.

NOTE: Original and one copy to the AG, copy for forwarding to James A. Wilderotter, Associate Counsel to the President. Information herein taken from Sentintella's verbatim statement which he voluntarily mailed to S. F. Phillips of the Senstudy 75 Project. The additional information Sentinella furnished 6/4/75 was telephoned by him to Phillips. On that occasion Sentinella also advised that Seidel had inquired of him that day as to whether he had discussed with Phillips the King case after arriving in Washington, D.C., and prior to testifying. Sentinella stated that he had not.

Appendix C, Part I, Item number 7, requested all memoranda and other materials relating to the 1969 disappearance of Associate Professor Thomas Riha, University of Colorado, insofar as such memoranda and materials related to: (a) efforts of the FBI to ascertain the identity of confidential sources of the Central Intelligence Agency; and (b) inspections and administrative inquiries relating to the disclosure of information to Dr. Joseph R. O : DIRECTOR, F.B.I. February 12, 1970

ROM : SAC, DENVER

UBJECT: THOMAS RIHA

On the late afternoon of February 10, 1970, I was called by MIKE TODOROVICH, who is in charge of the CIA office here in Denver. TODOROVICH stated he has instructions from his Washington Office to contact Denver District Attorney JAMES MC KEVITT and tell MC KEVITT that CIA Agent JOHN D. FRITZ who is stationed in Boulder, Colorado, had told Dr. JOSEPH SMILEY, former President of the University of Colorado, that FRITZ had been told that THOMAS RIHA's disappearance was merely a marital matter and that RIHA was, in fact, all right. TODOROVICH then told me that FRITZ got this information from an FBI Agent in Boulder.

I told TODOROVICH to give me the name of the FBI Agent and he stated he would not do so. He then stated the FBI Agent told him, TODOROVICH the same thing. I again requested the name of the Agent. He again declined to give it to me. I very emphatically told TODOROVICH that until he gave me the name of the Agent who supposedly gave him and FRITZ this information, that I would not believe that either he or FRITZ had been given any information such as this by any Agent of this Bureau and this was based on the fact that no Agent would have any reason whatsoever to make such a statement since we had not conducted any investigation in this matter nor did we have any information concerning RIHA and, therefore, we would not be in a position to make such a statement as to whether or not RIHA was all right.

I then also pointed out to Mr. TODOROVICH that if he gave the information to Mr. MC KEVITT and advised Mr. MC KEVITT the information had come from an FBI Agent and if Mr. MC KEVITT contacted me I would certainly advise him that the information did not come from anyone in the FBI for the same reasons as set forth above.

I am enclosing, for the Bureau's information, an article which appeared in the February 11, 1970, issue of The Rocky Mountain News, a Denver newspaper. The article is captioned "Boulder housewife sure she talked to Riha."

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

Towards the end of the article it reports that MC KEVITT had received an official denial from "a Washington source" that any of the official agencies which have been named in connection with the RIHA case actually had any knowledge of where RIHA is now. The source, according to the article which MC KEVITT refused to identify, also said RIHA was not involved in espionage of any sort and that none of these agencies have ever told anyone in Boulder, Denver, or elsewhere that RIHA was alive and well.

The article points out the most frequently mentioned agencies have been the FBI, CIA, Military Intelligence agencies and the U. S. INS.

Also enclosed is an article which appeared in the Rocky Mountain News for February 12, 1970. This article is captioned "Riha case investigators' theories might be altered."

For the information of the Bureau, we only have two resident agents in Boulder, Colorado, and I have personally contacted each of them and each has assured me both verbally and by memorandum that they have not made such statements as were attributed to them by TODOROVICH. Not only that, neither of the two has ever had any contact personally or otherwise with JOHN D. FRITZ, the CIA representative in Boulder.

This information is being forwarded to the Bureau only for information in view of CIA's actions in connection with this matter.

1. Protest to CIA re Todorovich's actions
2. Commend SAC re his handling of Todorovich.

Riha case investigators' theories might be altered

By ALAN CUNNINGHAM

Rocky Mountain News Writer

A Boulder woman's belief that she talked to Thomas Riha last March 17, as revealed Wednesday by the Rocky Mountain News, may have altered investigators' theories about what happened to the missing history professor and when it may have happened.

While avoiding specifics about their theories, Boulder police investigators expressed interest Wednesday in knowing more about the housewife's recollection that she telephoned Riha and carried on a 10-minute conversation with him shortly before noon that Monday, the day when he first failed to show up for his classes at the University of Colorado.

When told this by the News Wednesday, the woman said she would telephone the police department and volunteer her information.

Apparently, the woman's story proved startling to the two investigators who have been assigned fulltime to the Riha case, just as it did to many friends and neighbors of the professor, most of whom have said their last contacts with Riha were no later than the previous Thursday or Friday.

Phone survey

There has been speculation that whatever happened to him happened as early as that Friday night.

But the Boulder housewife, who was making a telephone survey at the time, told the News she is certain she talked to Riha on Monday, March 17.

She further insisted he seemed calm, relaxed and cheerful at the time.

If the woman is correct, police investigators conceded, it could well force them to revise their current theories about the case.

CIA agent

In another development, a Denver-based agent of the Central Intelligence Agency insisted the CIA has never been involved in any way with the case since Riha disappeared.

The agent, Michael M. Todorovich, insisted it hadn't been he who gave assurances to former CU president Joseph Smiley, Denver police chief George Seaton or other officials last spring that Riha was alive and well.

Such reported assurances, coupled with great reluctance on the part of these officials to elaborate on how they got them, have become the center of a major mystery in the strange case.

Todorovich further denied having discussed the matter with anyone, and stated emphatically that it "is entirely out of our jurisdiction."

Nevertheless, at least one official in the area is known reliably to have received his assurances from Todorovich himself.

Boulder housewife sure she talked to Riha

By ALAN CUNNINGHAM

Rocky Mountain News Writer

A Boulder housewife is certain she talked to Thomas ha on the telephone last March 17, the day he first led to show up for his history classes at the Univer-y of Colorado.

What is even more remarka-e than this, in the opinion of ose who have been trying to down the exact date of ba's disappearance, is the man's insistence that Riha s cheerful, relaxed and inter-ted in chatting about a local litical issue.

The woman, who asks that she t be identified by name, has ld the News she was in the ocess of telephoning a list of ulder citizens last March, eking support for a proposed ection on whether the city ould take over its public utili-es.

While she had been involved the issue for several weeks, e is sure it was on Monday, arch 17, that she attempted to ach a dozen people whose mes began with the letters P" and "R." Among the three four whom she was able to ach that day, she insists, was homas Riha. She says he an-vered the telephone at his ome at 11:30 a.m.

The professor seemed calm, leasant and quite interested in e municipal issue, according the Boulder housewife. In ct, she explained, his name as on the list because he had arlier sent in a reader survey ballot" from a Boulder news-aper which related to the issue.

As a result, Riha struck her as more informed on it than most others she had talked to in her telephone inquiries, and she believes the conversation lasted about 10 minutes, making it the longest in which she took part that day.

The date, if the Boulder house-vife is correct, is significant, ince Riha reportedly missed a linner party to which he was in-vited the previous night, and ould not be reached on Satur-lay, March 15, by a friend who ried to telephone him repeat-dly.

Many people interested in the case have speculated that Riha eft Boulder, was kidnaped or lied as early as that Friday or Saturday. And the wife of a CU professor who was rumored to have seen Riha on Sunday, the 16th, vigorously dismissed this rumor as untrue when asked about it Tuesday.

But the Boulder housewife who made the series of telephone calls is equally adamant about the date when she talked to Riha. She says she didn't know the man, but recognized his name when a colleague of Riha's started discussing his disappearance at her home the following weekend. She checked, found his name on her calling list, and recalled details of their conversation.

While she didn't write down the date when she made her telephone calls, the woman says she has made detailed inquiries since then — some as recently as this week — to tie in the dates of related events with that of the crucial telephone call.

In Denver Tuesday, Dist. Atty. James D. "Mike" McKevitt told the News he had received an official denial from a Washington source that any of the official agencies which have been named in connection with the case actually had any knowledge of where Riha is now.

The source, which he declined to identify, insisted further that Riha never was involved in espionage of any sort, and that none of these agencies had ever told anyone in Boulder, Denver or elsewhere that Riha was alvie and well.

Most frequently mentioned agencies have been the FBI, the CIA, military intelligence agencies and the U.S. Immigration and Naturalization Service.

McKevitt also reported no reply yet from former CU President Joseph Smiley in his request that Smiley divulge to McKevitt the exact source of a report to him last spring that Riha was alive.

SUBJECT: THOMAS RIHA
INTERNAL SECURITY - CZECHOSLOVAKIA

On 2/10/70, SAC Werner, Denver, demanded that Mike Todorovich, Central Intelligence Agency (CIA) representative, Denver, identify Bureau Agent who allegedly told a CIA officer that the subject's disappearance was merely a marital matter and that subject, in fact, was alright. Todorovich refused to do so. The Director instructed that we protest to CIA regarding Todorovich's actions.

On 2-17-70, Liaison Agent Papich vigorously protested Todorovich's actions to CIA, charging the Agency with impeding our inquiry. He pointed out that Todorovich's stubborn refusal to divulge the identity of the Bureau Agent involved was unacceptable because we had no information to support the statement attributed to our Agent. As a result of Papich's protest, a CIA official telephoned Todorovich and demanded that he divulge the identity of the Agent. Todorovich refused and stated that he considered this a matter of personal honor and that unless there was reason to believe Bureau operations were being adversely effected, he would not make the identification. CIA officials subsequently advised the Liaison Agent that they had reviewed the entire case and learned that District Attorney McKevitt publicly stated on 2-14-70 that the statement attributed to Dr. Smiley (which allegedly came to him via Todorovich from our Agent) was based on an "honest mistake" and that McKevitt felt this cleared the air and no further clarification was needed.

INTERNAL SECURITY - CZECHOSLOVAKIA

Reference is made to memorandum dated 2-18-70 from D. J. Brennan to Sullivan. The Director stated that he wants the name of the FBI Agent who had furnished certain information to Mike Todorovich, Central Intelligence Agency (CIA) representative, Denver. The Liaison Agent met with Richard Helms, Director, CIA, on 2-20-70, repeating the background of this matter and reiterated the protest made earlier by the Bureau and asked that CIA obtain the identity of the FBI Agent.

Helms advised that he considered this a most serious development and fully recognizes the gravity of the situation since it has such a significant bearing on relations between the two agencies and the highly important work of both organizations. He stated that he does not have the identity of the FBI Agent and so far Todorovich has refused to disclose same. Helms advised that he is requesting Todorovich to proceed to Washington, D. C., immediately at which time he will be interviewed in detail by Helms. In the meantime, the CIA Director is requesting his subordinates to prepare for him a complete report covering all information in possession of CIA regarding the subject. He stated that he will communicate with the Bureau immediately after talking to Todorovich. He stated that it was absolutely necessary that he make certain that he has all the relevant facts so that he can accurately respond to the Director and take the proper and necessary administrative action within his own organization.

Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

Mr. Papich has orally informed me that you wish to have the identity of the FBI agent who was the source of certain information communicated to an employee of this Agency, Mr. Michael Todorovich. This information regarding the disappearance of one Thomas Riha was in turn passed to Dr. Joseph Smiley, then President of Colorado University, Boulder, Colorado, now President of a university in El Paso, Texas, and to the District Attorney of Denver, Mr. James McKevitt. In view of your personal interest in this matter, I instructed Mr. Todorovich to report to me in person.

I have reviewed this complicated case in detail with Mr. Todorovich and have requested him to reveal the identity of his source. As a point of honor and personal integrity, Mr. Todorovich was adamant that he could not disclose the identity of his source. Under further pressure from me, Mr. Todorovich maintained his position, stating that in defense of it he was prepared to submit his resignation immediately.

Mr. Todorovich explained that the Riha/Galya Tannenbaum cases had been given extensive news coverage, much of it being sensational in nature. He stressed that there was embarrassing public speculation as to the possible involvement of the CIA and the FBI in Riha's disappearance.

The purpose of Mr. Todorovich's conference with the District Attorney of Denver was to solicit his good offices to remove pressures and the possible serving of a subpoena on Dr. Joseph Smiley. He also sought to orient the District Attorney properly so that he would not continue to have an erroneous impression of the roles of the CIA and the FBI, thereby eliminating further adverse publicity.

Mr. Todorovich affirms that before going to District Attorney McKevitt he called upon the FBI Special Agent in Charge, Mr. Scott Werner, and sought to coordinate with him our respective interests. He also solicited Mr. Werner to accompany him to the District Attorney.

Werner acted properly. H

Mr. Todorovich states that Mr. Werner refused absolutely to cooperate in this matter. Instead, Mr. Werner engaged in an oral exchange during which he remarked that our representative in Boulder was "lying" and then proceeded to challenge the veracity of Mr. Todorovich. Subsequently, Mr. Todorovich conferred with the District Attorney alone. He was successful in persuading the District Attorney to make a favorable public statement which had the effect of putting this issue regarding Dr. Smiley and other rumors to rest as far as the public was concerned.

I have carefully reviewed the statements of Mr. Todorovich. I feel that poor judgment was employed in passing the information in question to Dr. Smiley and later to the District Attorney. This should only have been done with specific FBI approval. I wish to assure you that I do not condone violations of the third agency rule, and I am taking steps to impress once again this elementary fact upon all Agency officials.

With regard to Mr. Todorovich, I have no reason to doubt that he has acted honestly. I believe that he has reported to me in good faith. He is sincerely interested in preserving a sound working relationship between the CIA and the FBI. Nevertheless, because a situation of this sort adversely affects the relationship between the two agencies, I am taking administrative action in this matter with regard to Mr. Todorovich.

~~SECRET~~

I do not agree. Todorovich violated the third agency rule & refused to identify the alleged FBI agent [illegible] [illegible]

While the following is not pertinent to your request, my review of this case suggests the advisability of a re-examination of Riha's disappearance and past activities and, necessarily, the Tannenbaum case. Briefly, since 1958 we have communicated to your Bureau significant information which relates to Riha's involvement with Czech and Soviet intelligence services, when he was behind the Iron Curtain. I attach for your information and convenience copies of pertinent reports regarding this aspect of the case.

I hope sincerely that this recent incident will not impair our mutual efforts in making certain that we have not overlooked factors possibly having a significant bearing on U.S. intelligence and internal security interests. I shall pursue this matter through our respective liaison offices.

In closing, Mr. Hoover, I wish to state that this Agency can only fully perform its duties in the furtherance of the national security when it has the closest coordination and teamwork with the Federal Bureau of Investigation. Furthermore, it is necessary that we continue to conduct our business in an atmosphere of mutual respect. I trust that we can coordinate closely any future developments or actions in these cases, in order to prevent the airing in public of conflicts or differences between the two agencies. I feel strongly that there are representatives of the news media who are eager to exploit alleged differences on a national scale. Disturbing as this experience has been, I wish to thank you in the interests of our common cause for having communicated with me in such a forthright and candid manner.

Helms forgets Riha is a two way street. H

Sincerely,

Richard Helms

This is not satisfactory. I want our Denver Office to have absolutely no contacts with CIA. I want direct liaison here with CIA to be terminated & any contacts with CIA in Washington to be handled strictly by letter. H

SUBJECT: RIHA, Thomas

1. The January 1970 receipt of information from your Bureau that Mrs. Ruth Ann COOK, Thomas RIHA's mother, had mentioned rumors of her son's work for CIA in letters to the SAC, Denver, caused us to verify the fact RIHA has never been employed or used operationally by this Agency.

2. In 1958 and 1959 you were provided information that RIHA, when transitting Prague en route to Moscow, was contacted by Czech Intelligence and asked to remain in the CSR. Later in 1958 Czech Intelligence introduced RIHA to the KGB in Moscow and our source reported RIHA accepted certain privileges from the KGB while asserting he would not become a spy for the Soviets. Details reported by our source about RIHA's KGB contacts did not emerge during a 1960 FBI interview of RIHA.

3. This indication that RIHA may not have been truthful in 1960, when added to our current knowledge about KGB interest in recruiting American exchange students and RIHA's 1968 trip to the USSR, suggests the circumstances of RIHA's disappearance might be re-evaluated. This Agency is reopening its file on this case in view of the information disclosed in the attachments.

MEMORANDUM FOR: Director, Office of Security
Department of State

SUBJECT : RIHA, Thomas

1. The following report concerning an attempt by a member of Czech Intelligence to effect the repatriation of Subject, a naturalized American East-West Exchange student, to his country of origin was recently submitted by a source of this office.

2. Source first became acquainted with Subject during the past year at The Russian Research Center, Harvard University. On 10 September 1958 he ran into Subject by chance at the SAS office in Vienna as the two boarded a SAS flight to Copenhagen via Duesseldorf. During the trip Subject disclosed the following to source which has been supplemented from information from our files.

3. RIHA, who was born in Prague, Czechoslovakia 17 April 1929, is one of the twenty American students selected for the East-West Exchange Program and will be studying in the USSR for the 1958-59 academic year. Files in this Agency indicate that RIHA arrived in the U. S. on 15 July 1947 and became a citizen in 1952.

4. Our source informed us that RIHA had gone to Prague, June of this year, to see his father and other relatives. His father and mother are divorced and according to information in our files, his mother is listed as Mrs. Ruth A. COOK. address: 2023 Etna Street, Berkeley 4, California.

5. RIHA told our source that when he arrived in Prague he was put into a Government hotel for three days before he was allowed to stay with his relatives and friends. During this time, and perhaps later, RIHA was accompanied through the city by a guide whom he described as a "Government Official" name unknown, who attempted to effect Subject's repatriation to Czechoslovakia. RIHA told our source that this man has set up an appointment (date and address unknown) to meet him in Moscow to talk further.

6. Subject told our source that this "Government Official" did not mention Czech Intelligence or Security Forces as such and that he (RIHA) is not too worried concerning this contact. RIHA apparently feels that it is the price he must pay in order to study in the Soviet Union and once he gets deeply into his studies in Moscow he feels that he can plead that he is too busy with his academic work to have contact with any officials. Our source also stated that RIHA is in some kind of correspondence with the Czech official. We have no description or name for the Czech official.

7. It is requested that no further dissemination be made of this information without prior clearance from this office, and that our source be fully protected in the event that contact is made with RIHA.

MEMORANDUM FOR: Director
Federal Bureau of Investigation

SUBJECT : RIHA, Thomas

1. Reference is made to our CS CI 3/751,690 of 27 October 1958 concerning an attempt by a member of Czech Intelligence to effect Subject's repatriation while the latter was in Prague in June of 1958 visiting relatives en route to study in Moscow during 1958-59 as an East-West Exchange Student. The following report describes further action taken by the KGB in Moscow to cultivate Subject, and was recently submitted by a sensitive and reliable source.

2. Sometime in December 1958, Subject again met the Czech Official who had tried to have Subject repatriate to the CSR in Prague last summer. According to our source, it was apparently an accidental meeting at a Moscow railroad station as the Czech was returning to Prague. The Czech was delighted to see Subject, and introduced him to a Soviet official. This Soviet identified himself only by a first name and a telephone number, both unknown to our source. The Soviet described his work as being in the American Section of the MVD.

3. This Soviet Official has been cultivating Subject (trying to see him as often as possible, sometimes twice a week) since their introduction in December, by offering such blandishments as trips in a chauffered private limousine into forbidden areas outside Moscow, tickets to any entertainment, access to material from previously inaccessible archives, the use of private country villas and all the "beautiful, interesting and intelligent girls" he might want. Subject has further been promised the opportunity of returning to the Soviet Union for as long as he wants at any future date. He would have to pay only his way over there; his expenses and return trip to the US would be paid by the Soviets.

4. Subject has taken advantage of this offer to take several trips for sightseeing into forbidden areas around Moscow in a private car with the Soviet Official, and has also taken up a few offers for entertainment. Subject visited one of these villas, but refused the girls on the ground that he wants a woman to like him for himself, and not because she has been told to do so. The Soviet answered that "some of them will really learn to like you for yourself, as well as work for us," but Subject still declined to get involved. However, Subject has recently been taken up by a Soviet girl who had previously tried to seduce another American student and subsequently blurted out that she was put onto the latter American by the MVD, which she has also told Subject. Subject is reported to be responding warmly to her approaches although he has flatly told her he doesn't trust her nor any Russian completely. He claims he enjoys her company but will not have a serious affair with her, and suspects she may be tied up with the other women offered him by the Soviet Official.

5. In his relationship with the Soviet Official, Subject is reportedly aware that he is playing a risky game, and is only utilizing the situation for the comfort and convenience it brings him. He has told the Soviet frankly that he cannot be wom over ideologically. Subject says he feels that the Soviets' interest in him is to cultivate him as a scholar of possible future importance to insure that he will always be sympathetic to the Soviet Union. Subject has reportedly told several other American students of his relationship with the Soviet Official in order to cover himself "in case anything happened".

6. This Soviet Official has evinced an interest to Subject in many of the American Exchange students, with the explanation that some would undoubtedly be back in Moscow within two years as Diplomats and that since this is his area of responsibility, he wants to know as much as possible about them. The Soviet indicated that he was quite aware of the pattern of the American Exchange students' trips to the US Embassy and what they do in the university buildings, but is not so sure of their activities around the city. To demonstrate to Subject his knowledge about the American students, the Soviet Official mentioned an affair going on within the American group of which Subject had been unaware. The Soviet's information turned out to be true.

7. Subject was described by a reliable source, who knows him from group social gatherings at Harvard, as mature and socially vivacious with a warm personality. Subject is a clever and humorous conversationalist who likes to be surrounded by people, make new acquaintances, and develop friendships. Subject's patriotic motivation was not known to our source, but the latter felt that Subject was completely "Americanized" in manners and interests. Our source would guess that Subject has courage.

8. It is requested that no further dissemination be made of this information without prior clearance from this office. It is further requested that such clearance be obtained if Subject is to be contacted by you either before or after his return to the United States.

SUBJECT: RIHA, Thomas

1. Reference is made to our CSCI 3/751,690 of 27 October 1958, and our CSCI 3/754,303 of 14 April 1959 in which are reported the attempt by Czech Intelligence to induce Subject, a Czech-born naturalized American, to repatriate to Czechoslovakia, and the further cultivation of Subject by the KGB in Moscow where Subject is an Exchange Student during 1958-59. The following report describes further action by the KGB to recruit Subject, and his adamant refusal of any such offer. This latest information was recently received from RIHA by a sensitive and reliable source.

2. During April 1959, the Soviet Official ~~who said he~~ was from the American Section of the MVD (sic) and who had been cultivating Subject, allegedly asked the latter to make complete and regular reports on Michael Martin LUTHER, one of the other American Exchange Students at Moscow University. Subject was asked to spend as much time as possible with LUTHER, and to report where he goes, what he does and with whom he associates. If Subject were to do this reporting, the Soviet Official said he would make available certain material from Archives which Subject has been unable to get permission to use although research in this material is vital to his having a successful year academically in Moscow.

3. Subject alleges he flatly refused this "deal", saying that if he ever got mixed up in such a dirty business, it would be for his own side and not for the Communists. The Soviet Official then told Subject he should engage in such observation and reporting to the Soviets to lose some "naivete" about how the United States is exploiting the Cultural Exchange Program for intelligence purposes. To back up this assertion, the Soviet Official told Subject about a "spy nest where spies deposit things for one another" which he said had recently been uncovered near a university entrance frequented by still another American student, Walter CLEMENS, who, the Soviet implied, was not engaged in academic work only while studying at Moscow University.

Subject reportedly again adamantly refused to cooperate with the Soviet Official.

4. In paragraph 4 of CSCI 3/754,303, reference was made to a Soviet girl who had become interested in Subject, and whom Subject viewed with suspicion although continuing to see her for her companionship. Her name is Lida (Y)EGOROVA. Subject has now reportedly been alienated by her undependable personality and has pretty well broken up with her. This girl may have left, or soon be leaving, for Prague to join her husband.

5. It is requested that no further dissemination of this information be made without prior clearance from this office. It is further requested that such clearance be obtained if Subject is to be contacted by you.

MISCELLANEOUS - INFORMATION CONCERNING

At 4:35 p.m., today I telephonically contacted ASAC Morley, Denver, and advised him that an article concerning the Riha case had appeared in the Sunday News (New York) 4-3-70. This article was a general rehashing of the Riha case.

I told him that the Bureau desired that SAC Werner contact the District Attorney to determine the developments of his investigation in this case and also determine what conclusions had been reached. Morley said this would be done.

Morley was asked if Denver had information concerning a professor who had gone to El Paso, Texas, or New Orleans, Louisiana, and he advised this probably referred to Dr. Joseph Smiley, former President at Colorado University who was there when Riha disappeared. He said that Smiley is now President of the University of Texas, at El Paso, Texas. He said Denver had no information that Dr. Smiley has any current information concerning this matter.

SAC Werner called at 5:30 p.m., today to advise that he had been unable to get in touch with the District Attorney but also was following up on this and would contact the District Attorney today and get in a teletype tonight.

SUBJECT: THOMAS RIHA
MISCELLANEOUS - INFORMATION CONCERNING

Pursuant to Director's request Denver District Attorney James "Mike" McKevitt interviewed 5/5/70 as to investigation of Riha, Czechoslovak-born, naturalized, former professor of Russian history at Colorado University, who departed Denver area 3/69 without notifying friends, associates or estranged wife. His disappearance has been glamorized and spiced up in newspaper articles by references to Galya Tannenbaum, his paramour. McKevitt stated investigation at standstill, all leads being exhausted. He feels Tannenbaum may have killed subject since bad feeling developed between them prior to his disappearance due to her forging checks on his account. Further, Tannenbaum probably a nymphomaniac who had constant sexual affairs with Riha and used this as a club over his head to prevent disclosure of forgeries. In McKevitt's opinion Riha is dead since he was close to his friends and if alive would contact them. Investigation indicates Riha abnormal in his sexual desires and could not leave women alone. Possibility exists one of these involvements may have resulted in his death.

Dr. Joseph Smiley, former President, Colorado University, where subject employed, is now President, University of Texas, El Paso, Texas. Smiley after subject's disappearance stated subject was alive and well. When challenged by McKevitt to disclose basis for statement he refused and appealed to CIA, his source, for help. Bureau vigorously refuted CIA's claim that Bureau Agent was original source for statement. As result McKevitt publicly announced statement was not true and resulted from "honest mistake." No indication Smiley has any facts to contribute concerning subject's current whereabouts or basis for his disappearance. Since Bureau has conducted no investigation into Riha's disappearance, interview of Smiley could result in impression Bureau entering case. However, if Director so desires, El Paso will be instructed to interview Dr. Smiley. Bureau files show subject attended Moscow University 9/58-9/59. Our files show CIA gave Riha a short briefing prior to his entry into USSR in 1958. In 1958-59 CIA advised Czech intelligence attempted to persuade Riha to repatriate and later introduced Riha to Soviet intelligence which attempted his recruitment. After subject's return to US in 1959 no information was developed as to continued interest in him by Soviet intelligence.

Dr. Smiley was interviewed 5/7/70 and was most cooperative. Smiley stated since leaving the University of Colorado in 6/69 his knowledge of developments in this case has been derived from articles he has read in "The Denver Post." He speculated Riha may have been involved in intelligence work and based this comment on Riha's being a "loner" and having married a Czech girl. He said that he was aware that one Mrs. Tannenbaum, a woman indicted in Colorado for a number of frauds and a suspect in two arsenic poisonings, is considered a suspect in the disappearance of Riha. In accordance with the request of the Director, SA FRANCIS J. PRASEK interviewed Dr. JOSEPH SMILEY, President of UTEP. Dr. SMILEY was advised that the FBI has no jurisdiction in this matter, nor is it conducting any active investigation regarding RIJA, and that we were simply desirous of being advised of any new information he may have received regarding RIJA's disappearance and/or present whereabouts.

Dr. SMILEY, who was most gracious and pleasant, stated that he left the University of Colorado, Boulder Colorado, in 6/69, and has since that time followed the investigation of RIJA and his disappearance which is being conducted by the newspaper "The Denver Post".

SMILEY, in 4/69, approximately three weeks after the disappearance of RIJA, contacted RIJA's attorney for the purpose of determining whether the attorney had any information regarding RIJA, since it was necessary for SMILEY to know whether RIJA was alive and whether he intended to return to the University for the fall semester of 1969 to resume teaching in the History Department. SMILEY, who cannot now recall the name of the attorney, was furnished an address for RIJA in Montreal, Canada, and a letter was directed to this address by the History Department seeking information regarding RIJA and his intentions.

② Bureau (RAM)
1-El Paso

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

After leaving Boulder, SMILEY was advised by Dean WILLIAM E. BRIGGS, College of Arts and Sciences, University of Colorado, Boulder, that a letter was received by the University purportedly written by RIJA in which he stated that he would not be returning to the University. BRIGGS advised SMILEY that in his opinion, the letter was a forgery, since the signature did not compare with that of RIJA.

After the disappearance, SMILEY began receiving a great many inquiries from the news media and he was pressed for a statement regarding his knowledge of RIJA and whether or not he was alive.

THE FOLLOWING WAS FURNISHED BY DR. SMILEY IN THE STRICTEST OF CONFIDENCE WITH THE UNDERSTANDING THAT IT WAS FOR THE INFORMATION OF THE FBI AND NOT FOR DISSEMINATION TO ANY OUTSIDE AGENCY SINCE HE WAS BREAKING A CONFIDENCE WITH AN ASSOCIATE IN THE DENVER OFFICE OF THE CENTRAL INTELLIGENCE AGENCY:

Being hounded by the press for a statement, he contacted a source in the CIA Office at Denver since he, SMILEY, was formerly a member of the Office of Naval Intelligence, thinking that perhaps that agency could assist him off the record with any information it might possess. SMILEY was aware that the CIA had interviewed RIJA following a trip by RIJA to the Soviet Union. The CIA source subsequently told Dr. SMILEY to merely advise the press that he had information to the effect that RIJA was "alive and well". This information was subsequently released by Dr. SMILEY to the student press at the University of Colorado, and it appeared in print.

When the Office of the District Attorney in Denver instituted investigation into the disappearance of RIJA, SMILEY was contacted by the DA's Office regarding the source of his statement. Dr. SMILEY again contacted the Denver CIA Office source and was advised that he was to state nothing and that he would be recontacted.

Some days later, the CIA source recontacted him and told him that he would be receiving an inquiry from the Office of the DA in the form of a statement, and that he should agree with the statement even though it "was not quite the truth". SMILEY did not question

these instructions, since he felt that CIA knew what should be done in this type of case. He received a telephone call from the DA's Office and a statement was read to him to the effect that the information which he had received and made public to the effect that RIJA was alive and well was in error. SMILEY told the caller that he agreed with the statement and nothing further came of this.

Dr. SMILEY does not know what part, if any, the CIA has in this case, but since he, SMILEY, is himself a former intelligence agent he did not feel that he had the right to question something which might be of vital importance to his country.

DR. SMILEY REQUESTED THAT NO HINT OR INFERENCE BE GIVEN TO THE CIA WHICH WOULD INDICATE THAT HE HAS REVEALED TO THE FBI HIS CONTACTS REGARDING THIS MATTER WITH THE DENVER OFFICE OF THE CIA.

He stated that though he has no evidence to substantiate his belief, he cannot get it out of his mind that RIJA may have been a double agent for the Soviets or the Czechoslovaks. He is aware that one Mrs. TANNENBAUM, a woman indicted for a number of frauds and a suspect in two arsenic poisonings, is considered a suspect in the disappearance of RIJA. He never knew RIJA to be associated with any such woman, but stated that he was not acquainted with the personal life of RIJA who was somewhat of a "loner".

RIJA, when he joined the staff of the University of Colorado, was single but in 8/68, an individual came to visit RIJA ostensibly for the purpose of arranging a marriage between RIJA and the man's sister. The intended bride was a Czechoslovakian girl who was born in Prague, Czechoslovakia, and this "brother-in-law" was entertained by a member and colleague of RIJA in the History Department. This individual indicated to SMILEY that although the "brother-in-law" supposedly did not speak any English, and had RIJA translate every statement into Czech, it was apparent from the gestures and expressions of the "brother-in-law" that he understood more than he let on. Three weeks after the visit of this man, the woman who became Mrs. RIJA came to Boulder, Colorado, where she and RIJA were married. The marriage resulted in divorce a short time later and the girl reportedly returned to the East Coast from whence she came.

Dr. SMILEY indicated that he has no further information regarding this matter, but that Dean WILLIAM E. BRIGGS, College of Arts and Sciences, University of Colorado, Boulder, should be in possession of the letter purportedly written from Canada by RIJA, and may be in a position to assist in answering any question the Bureau might have regarding RIJA's association with the University of Colorado, since BRIGGS would have possession of these records. He stated BRIGGS is a trusted confidant of his and Dr. SMILEY's name should be used as an introduction should the Bureau desire any information of BRIGGS.

Mr. Armstrong advised that the interview covered the following areas:

1. The general activities of the FBI's Intelligence Division, particularly Mr. Armstrong's knowledge concerning research conducted in the Intelligence Division concerning the possibility of obtaining an Executive Order establishing the FBI's authority in security matters;

2. The alleged existence of files in former Director Hoover's office;

3. Mr. Armstrong's knowledge concerning the increase in the number of FBI representatives assigned abroad as Legal Attaches.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITY (SSC)

RE: INTERVIEW OF FORMER FBI EMPLOYEE BY SSC

With regard to the effort made to obtain an Executive Order establishing the FBI's authority in security matters, Mr. Armstrong advised the SSC representative that in May, 1972, one of the principal questions raised by Mr. Gray was concerning the jurisdictional authority of the FBI to conduct intelligence or security investigations. He commented that in May, 1972, a conference was held at Quantico, Virginia, involving a number of Bureau executives and that during this conference the question of jurisdictional authority was discussed. Following the conference, a special team was set up to discuss this subject, including Mr. Armstrong and former Special Agent Thomas Smith of the Intelligence Division. According to Mr. Armstrong, it was felt that it would be appropriate to develop a new set of guidelines and not to rely on prior statutes and Presidential orders. Armstrong recalled that after several meetings of this group, Thomas Smith prepared a document consisting of 43 pages which was completed approximately six weeks after the group was created. Armstrong recalled that the document was received in the Acting Director's office and was discussed at one of the regular afternoon staff conferences. At that time it was agreed that the document was good but that the timing was not thought to be appropriate. The thought was expressed that it would be held in abeyance until after the coming elections. It was Mr. Armstrong's belief that the matter might have been discussed between Attorney General Kleindienst and Mr. Gray, and it was decided not to push the matter until after the elections. Mr. Armstrong recalled advising Mr. Smith of the location of the document and the fact that it was being held in abeyance until after the elections.

The matter of the above document did not come up again until shortly before the confirmation hearings concerning Mr. Gray. At that time it was Mr. Armstrong's belief that the Bureau should not push for the Executive Order until after a

permanent Director of the Bureau had been confirmed. Mr. Armstrong advised that to the best of his knowledge the document was not given to the Department of Justice while Mr. Gray and his staff were in the Bureau.

Concerning files that were allegedly maintained in Mr. Hoover's office, Mr. Armstrong stated that shortly after Mr. Gray's arrival in the Bureau he made a statement to the effect that there were no secret files maintained by Mr. Hoover. Mr. Armstrong commented that he doubted the wisdom of making such a broad statement.

Shortly after Mr. Gray's statement was made, information came to Mr. Armstrong's attention which caused him to prepare a memorandum to Mr. Gray indicating the possibility of the existence of files in Mr. Hoover's office. Armstrong could not recall Mr. Gray's response to his memorandum but he believed that the original of the memorandum was returned to him and that he placed the original and the carbon in his desk along with other memoranda that he had prepared for Mr. Gray.

Mr. Armstrong stated that it was his theory that the files in Mr. Hoover's office were in two categories; the first being files containing information possibly detrimental to prominent persons in the Government and the other category being tidbits of information received in personal correspondence from various Special Agents in Charge concerning persons of possible interest to Mr. Hoover.

Mr. Armstrong advised further that at one of his daily conferences, Mr. Gray mentioned that he had talked to former Acting Associate Director Mark Felt concerning files which may have been maintained in Mr. Hoover's office and which he said were then in a safe in the custody of Mr. Felt.

Mr. Armstrong could not recall whether Mr. Gray and Mr. Felt were to go through the safe together or whether Mr. Felt was to do it alone and advise Mr. Gray of his findings.

With regard to the present location of such files, Mr. Armstrong had no specific knowledge but speculated that if they existed they might have been destroyed before Mr. Gray arrived in the office, they might have been retained in Mr. Felt's safe or they might have been removed to the custody of Mr. Clyde Tolson or Miss Helen Gandy at Mr. Hoover's house.

Mr. Armstrong advised that on April 27, 1973, prior to his departure from the Bureau, he destroyed all of the memoranda he had retained in his desk and he is certain that among them was his memorandum concerning files in Mr. Hoover's office.

With regard to the increase in the number of Legal Attaches, Armstrong advised that he recalled that shortly before Mr. Gray came to the Bureau there had been an expansion in the number of Legal Attaches. He understood that traditionally the role of the Legal Attache had been to function as a liaison representative to foreign police agencies but that with the expansion in the number of Legal Attaches they were given additional responsibilities in the field of foreign intelligence collection, exactly to what extent he did not recall. He recalled that the expansion was at the initiation of the White House and may have been because the White House was not satisfied with the intelligence collected by the Central Intelligence Agency (CIA). Armstrong stated that he saw a potential for friction with CIA and speculated that this might have been a factor in the breach of liaison between the FBI and CIA. He recalled writing a memorandum for Mr. Gray expressing doubts as to whether the training of Special Agents of the FBI equipped them for the collection of foreign intelligence and some subsequent discussion that

perhaps the Legal Attaches should be brought home for such training, but that this idea was concluded to be impractical or unnecessary.

SUBJECT: SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

Attached is a proposed memorandum to the Attorney General with a letterhead memorandum attached enclosing a copy of a memorandum J. H. Gale to Mr. Tolson dated July 30, 1964, captioned "Investigation of Ku Klux Klan and other Hate Groups." It appears that we are proposing to give the copy of the Gale memorandum to the Senate Select Committee in response to their request by letter dated May 14, 1975, for a memorandum prepared by Gale relative to the subject matter of the 1964 memorandum.

My reading of the memorandum revealed that it is a purely deliberative document which quotes personal views of Mr. Sullivan, Mr. Rosen, Mr. Belmont, and Mr. Gale. I am concerned that the release of such a memorandum containing not only the personal views of Bureau officials, but also identifying them by name could have an impact on individuals in the future who may be asked to furnish their opinions concerning policy matters in the FBI. As indicated by the Attorney General in his speech in New York, it is essential that the Executive Branch have a degree of privacy concerning policy discussions and expressions of personal views by officials in order for the Executive to function properly.

I do recognize that we may not be able to resist giving the Committee access to material documents that bear on particular issues under investigation, however, I do recommend that when we are required to produce deliberative documents, the names and other identifying data relating to individuals furnishing views be deleted.

SUBJECT: SENSTUDY 75

Former Special Agent Richard H. Davis of the Atlanta Office telephonically contacted SA Paul V. Daly of this Division on 6-4-75 at which time he explained that he had been contacted by Michael Epstein of captioned Committee at which time Epstein requested that Davis make himself available for interview in either Atlanta, Georgia, or travel to Washington, D. C. Davis informed Epstein that he would have to obtain Bureau approval prior to submitting to interview inasmuch as he had to obtain a release from his employment secrecy agreement.

Mr. Davis informed SA Daly that he was reluctant to agree to being interviewed by captioned Committee concerning his activities as an Agent. It was pointed out to Mr. Davis that the decision as to whether to agree to interview was his, but he was advised that captioned Committee has subpoena power and might attempt to force him to furnish information through the use of a subpoena. He was informed that the Bureau was cooperating with captioned Committee and their inquiry into FBI operations.

It was explained to Mr. Davis that if he desired to allow himself to be interviewed, the Bureau would make available an employee at his request to be available but not present during interview. He was also advised that this Agent would not represent him as private counsel. Mr. Davis was advised that the Bureau's concern was not of matters of historical fact but rather testimony might be required which could impair the Bureau's efforts to discharge its responsibilities. It was also explained that the Bureau representative would assist him in making determination whether his response to a particular question would identify confidential informants, impair on-going investigations, divulge information derived from other Government agencies or foreign sources or expose sensitive investigative techniques and, therefore, a response should not be given.

Legal Counsel to Adams Memorandum
Re: SENSTUDY 75

Mr. Davis indicated that he desired a Bureau representative be made available during his interview and would request the interview take place in Atlanta, Georgia. Additionally, he stated Epstein had indicated that the topic of discussion in the interview would be the Bureau's investigation of Martin Luther King, Stanley David Levison, and the Southern Christian Leadership Conference. Mr. Davis stated he would recontact FBI Headquarters as soon as a date and place of interview had been determined. He indicated he would set the date for interview so that the Bureau would have ample opportunity to have an Agent available. We have separately requested Bureau approval for the release of Davis from his employment agreement for purposes of this interview.

SUBJECT: SENSTUDY

Reference is made to Bureau letter to The Attorney General 6/20/75 captioned "United States Senate Select Committee on Intelligence Activities (SSC)," forwarding letterhead memorandum for approval and forwarding to SSC.

The Director asked if we have any amplification of this instruction (to submit items with unusual twist or concerning prominent personalities for dissemination to the President under the INLET Program) or do we know of any submission responsive to this which illustrates interpretation?

There has been no amplification of this instruction, nor any submission under INLET of an item on prominent personalities that would show the interpretation of this point.

With respect to the observation that this matter should cause a congressional furor, it is noted that INLET has already been afforded considerable publicity, beginning in February, 1973, after an office memorandum on the subject reached the news media. This publicity is why the Senate Committee asked for documents on INLET. The White House and Senator Bob Packwood inquired about the Program. A detailed defense of INLET appeared in the Congressional Record.

By way of background, the INLET instruction that has received the most publicity--items with an unusual twist or concerning prominent personalities--was recalled by the author of the INLET Program initiating letter as having been specifically dictated by then Assistant Director W. C. Sullivan.

While we cannot say exactly what former Assistant Director W. C. Sullivan had in mind when he added the instruction about items with an unusual twist, we can speculate with a hypothetical example.

If we learned that a trusted assistant to an important government official--an official who had taken a "hard line" with respect to dealings with the Soviet Union, for example--was under development by Soviet intelligence, this would be an unusual twist to an item of intelligence interest to the President involving a prominent person.

In such a hypothetical case, we would, of course, advise the government official involved, and The Attorney General and the President. We would have done this under INLET and we would still disseminate this type of data. INLET was only a vehicle for special dissemination.

SUBJECT: SENSTUDY 75

John Elliff of captioned Committee's task force on Domestic Intelligence Activities advised on 6-9-75, that the Committee is planning to have a Bureau representative testify concerning the FBI's authority to conduct investigations in the domestic and counterintelligence areas in late June or early July. Mr. Elliff stated that this testimony would be before the Senators and will be a general exploration of jurisdictional authority. Mr. Elliff also volunteered that he had told K. William O'Connor, Special Counsel for Intelligence Coordination of the Department, that the Committee wanted to be furnished a copy of the T. J. Smith Memorandum dated 7-31-72 concerning FBI's investigative jurisdiction in domestic and counterintelligence matters. Elliff stated that at this point, a summary of such documents would not be an acceptable substitute. Elliff desired such a document be made available to the Committee prior to the aforementioned testimony. With regards to testimony, Elliff indicated that it would not necessarily have to be the Director giving a testimony.

Elliff stated as he finalizes his plans concerning the testimony concerning FBI investigative jurisdiction, he would recontact SA Paul V. Daly of this Division and give more details concerning this matter.

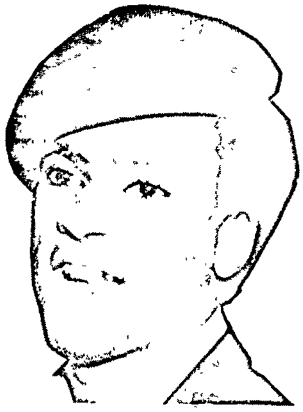
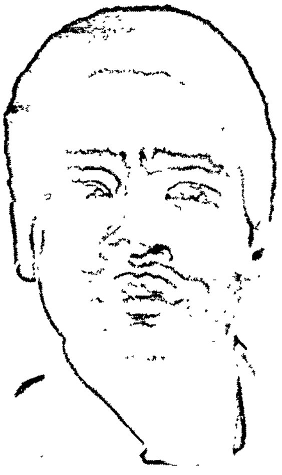
AND THE INVINCIBLE THOUGHTS OF
HUEY P. NEWTON
MINISTER OF DEFENSE OF THE BLACK PANTHER PARTY
AND SUPREME SERVANT OF THE PEOPLE.

I. FOUNDING



HUEY PERCY NEWTON



BOBBY GEORGE SEALE

The Black Panther Party, with headquarters in Oakland, California, was founded in 1966 by two Oakland Negroes – Huey Percy Newton and Bobby George Seale – both at that time at Merritt College in Oakland. The name and symbol of the new party were taken from the Lowndes County Freedom Organization, an Alabama political party known informally in 1965 as the Black Panther Party.

From the writings of communists, revolutionaries, and black militants, Newton and Seale allegedly selected ideas around which they could build a revolutionary frame that suited the needs of their party. Influential writings included those of Mao Tse-tung, Chinese Communist leader; Frantz Fanon, West Indian psychiatrist who advocated violence for Algerian nationalists; Ernesto "Che" Guevara, one-time lieutenant of Cuba's Fidel Castro and a principal architect of 20th century guerrilla warfare; Malcolm X, American black nationalist who advocated violence to obtain Negro "freedom"; and W. E. B. DuBois, Negro educator who became a member of the Communist Party, USA, at the age of 93.

The organization was at first called the Black Panther Party for Self-Defense; however, the "Self-Defense" was removed in 1968 in an effort to project a more politically oriented image to prospective sympathizers and supporters.

As head of the new Black Panther Party, Newton assumed the title Minister of Defense, and Seale was named Chairman. When questioned about the membership of their organization, Newton and Seale gave the since oft-repeated reply: "Those who know don't say. Those who say don't know." The militancy of the group, however, had an immediate appeal to the discontented, restless youth of Oakland's ghettos.

II. BLACK PANTHER OBJECTIVES

The Black Panther Party "Platform and Program" is repeated in each issue of the official Party publication, The Black Panther.

October 1966

Black Panther Party Platform and Program

What We Want What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

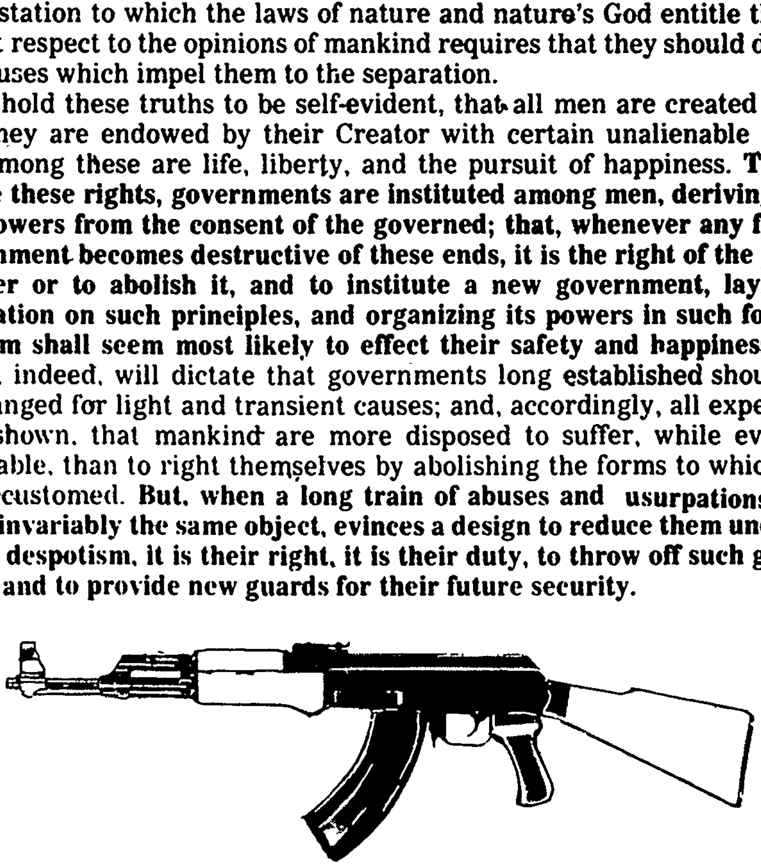
9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. **That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness.** Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. **But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.**



III. RISE OF BLACK PANTHER PARTY

Proclaiming a legal right to bear arms, the Panthers by early 1967 had begun to appear in public wearing black leather jackets and black berets, openly carrying shotguns, rifles, or pistols, and shouldering bandoliers of ammunition.

Calling the police "pigs," the Panthers began a buildup in Negro areas of the idea that police departments, especially that in Oakland, were dedicated to the brutalization and harassment of minority groups, and, acting as an appendage of white government authority, were working toward the eventual annihilation (genocide) of the Negro race.

Invasion of California State Legislature

The first incident that brought national attention to this group occurred on May 2, 1967, as the California Legislature was in session in Sacramento. Approximately 40 members of the Black Panther Party, carrying loaded rifles, pistols, and shotguns, and some wearing bandoliers of ammunition about their waists or draped over their shoulders, burst into the Chamber. They were protesting a bill being introduced on that date outlawing the carrying of loaded weapons in public and were proclaiming their right to bear arms and criticize the police. Before they were arrested, they passed out mimeographed leaflets calling on all Negroes to end the "terrorist" oppression of colored races by white America and referring to the preparation of concentration camps in the United States as a beginning of genocide.

Police Officer Meets Panthers--and Death

The Panthers became more militant with the passing of time. At 5:00 a.m., October 28, 1967, two Oakland, California, patrol officers, John F. Frey and Herbert C. Heanes, made a routine traffic violation car stop. While the officers were awaiting the results of the car registration check by radio, the driver, Huey Newton, got out of the car. Suddenly, shooting broke out. Officer Frey was killed; Officer Heanes was wounded critically; and Newton received a stomach wound. He stopped a passing automobile and had the driver take him to a hospital where he was taken into custody and hospitalized. After a state trial, which began July 15, 1968, Newton was sentenced on September 27, 1968, to serve from 2 to 15 years on a charge of voluntary manslaughter.*

"Free Huey" Campaign

Two days after Patrolman Frey's death, the Huey Newton Defense Fund was established at a meeting of a section of the Negro community of Oakland.

The cry of "Free Huey" became a clarion call. The imprisoned Newton was built up in the public eye as "black and bold in defense of his people." Each

bringing its own axe to grind, such organizations as the anarchist New Left group named Students for a Democratic Society; the Trotskyist Socialist Workers Party and its youth group, the Young Socialist Alliance; the Communist Chinese-oriented Progressive Labor Party; the Communist Party, USA, and its youth affiliate, the W. E. B. DuBois Clubs of America; and militant campus groups, black and white, began to gather in support of the Panthers, who were willing not only to defy the establishment, but to destroy it.

LEROY ELDRIDGE CLEAVER

Enter Leroy Eldridge Cleaver

Early in 1967, the Panthers were joined by a recent parolee from the California prison system, author of a best-selling autobiography, *Soul On Ice*, staff writer for the magazine *Ramparts*, and admitted Marxist – Leroy Eldridge Cleaver.

In *Soul On Ice*, Cleaver wrote: "I sought out his (Marx's) books...It was like taking medicine for me to find that, indeed, American Capitalism deserved all the hatred and contempt that I felt for it in my heart...."

After Newton was jailed, although he remained the undisputed leader, it soon became apparent that Cleaver, designated Minister of Information, was projecting a major leadership image. The Party began to further widen its publicity, nationally and internationally, and enlarge its radical support and revolutionary intent.

As an example of this spreading influence of the Panther Party, the 1968 National Election ticket of the Peace and Freedom Party, a coalition of radical groups, included Cleaver as candidate for the Presidential nomination; Newton as candidate for the 7th Congressional District of Alameda County, California; Kathleen Cleaver, 18th Assembly District, California State Legislature; Bobby Seale, 17th Assembly District, California State Legislature. Cleaver received a national total of almost 200,000 votes. Only a small percentage of the California electorate cast their votes for Newton, Seale, and Kathleen Cleaver.

On the evening of April 6, 1968, Cleaver and several Panthers became involved in a shoot-out with Oakland police officers. The incident resulted in the death of a Panther, the wounding of two police officers, and the wounding and arrest of Cleaver. Cleaver's parole was revoked immediately and he was returned to prison. After much publicity, he was later released on bail by a Superior Court Judge who ruled that the jeopardy of his parole status stemmed "from his undue eloquence in pursuing political goals...offensive to many of his contemporaries." This decision was overruled by the District Court of Appeals and upheld by the California Court of Appeals. Cleaver was ordered to return to prison by November 27, 1968. Electing to become a Federal fugitive, he disappeared in late November, 1968, going first to Havana, Cuba, and later to Algiers, where he has established residence.

International Committee to Defend Eldridge Cleaver

Soon after Cleaver's arrest in the spring of 1968, approximately 150 prominent individuals sponsored the establishment of an International Committee to Defend Eldridge Cleaver. The committee intended to dispatch a team to Europe to gain

international support and arrange for a European edition of Cleaver's book, *Soul On Ice*.

Rise of the Black Panther Party

In May, 1968, the hard-core membership of the Black Panther Party was estimated at only 125, and Panther activity was confined largely to the San Francisco-Oakland, California, area. However, because of the dramatic shoot-outs, the "Free Huey" Campaign, the funds established for the defense of both Newton and Cleaver, the widespread publicity, and the support given readily by white radical groups and individual sympathizers, the Black Panther Party began to grow rapidly, not only in membership but in militancy and influence. Chapters began to appear in major cities throughout the country. By the end of 1968, the membership had reached nearly 2,000, with additional thousands of sympathizers and supporters.

National Committee to Combat Fascism

Set up to coexist with Black Panther Party branches in various cities in the United States are chapters of another organization called National Committee to Combat Fascism. In actuality, there is little difference between the two. This group, a Panther Party front, was set up as the result of a revolutionary conference, called National Conference for a United Front Against Fascism, held in Oakland, California, in July, 1969. The conference, sponsored by the Black Panther Party and assisted by the anarchist Students for a Democratic Society and the Communist Party, USA, was called to form a coalition of black and white radicals, described as "oppressed people."

The National Committee to Combat Fascism is considered by Party leaders to be the "political organizing bureau" of the Black Panther Party. Its specific task allegedly is to raise the political level of the people and educate them against the system.

International Section

On September 13, 1970, the International Section of the Black Panther Party officially opened in Algiers. Joining Cleaver on the staff were his wife, Kathleen, and Field Marshal Donald Lee Cox, a fugitive from justice. Cox faces charges of unlawful flight to avoid prosecution for conspiracy to commit murder, based on a warrant issued on April 20, 1970, at Baltimore, Maryland. He also failed to appear on May 14, 1970, in San Francisco, to answer Federal firearms charges.

This section, in its entirety, was expelled from the Black Panther Party by Huey Newton on February 27, 1971. The expulsion resulted from tensions and differences between Party hierarchy which led to disruptive factionalism.

V. FUNDS

The money by which the Black Panther Party operates comes from a number of sources. There are substantial private contributions; fees for public appearances, such as campus speeches, radio, and television appearances; payments for magazine articles; collections for trials and bail funds in this country and abroad; subscriptions and individual sales of the Party's official organ, *The Black Panther;* fund-raising activities sponsored by sympathizers and supporters; sales of recordings of interviews and speeches; and financial aid from radicals and extremists.

According to the press, there is reason to believe that the Panthers, to obtain additional funds, are engaging in criminal activities, such as burglaries and robberies.

VI. "SOCIALISTIC" PROGRAMS

Panther Party leaders insist their primary aim is to serve the "people," meaning ghetto blacks. To establish good intent, Party officials have set up a series of community services aimed at recruiting members and sympathizers and building Party influence in ghetto areas. These programs, described by the Panthers as "socialistic" programs, are supposed to be carried out by all Party branches and include: "liberation schools" to give "our people a knowledge of self"; free health clinics, with money, medical supplies and professional services donated by laymen and professionals in the community; free clothing programs, with clothing donated by the community; Community Information Centers, to "answer the basic needs of the people"; and a monthly free shuttle bus service for families of blacks in prison. Few of these programs actually are carried out, and those that have been attempted have been mostly unsuccessful.

The program that has received the most publicity is the "breakfast program," devised as a further means of indoctrinating Negro youth in Panther teachings of racism and rebellion. As expressed in *The Black Panther*, June 14, 1969, "The youth we are feeding will surely feed the revolution." Breakfasts are held for ghetto children either at churches, housing projects, Panther Community Information Centers, or other space that can be obtained free of charge. Panthers usually ask local businessmen to donate food or money to this program, boycotting stores that refuse to participate. At these functions, children have been known to sing such chants as: "I am a revolutionary. I am a revolutionary. There's going to be some barbecue if Huey's not set free. Power to the people."

In 1969, Panther "Coloring Books" were printed and given out at these breakfasts. The books contained 22 pages of drawings teaching the children to distrust, hate, and kill police officers.

HE SAYS, "WE INTEND TO CHANGE ALL THAT. BUT IN ORDER TO CHANGE IT, THERE MUST BE TOTAL TRANSFORMATION. BUT UNTIL SUCH TIME THAT WE CAN ACHIEVE THAT TOTAL TRANSFORMATION, WE MUST EXIST. IN ORDER TO EXIST, WE MUST SURVIVE; SO THEREFORE WE NEED A SURVIVAL KIT." SO THAT WE CAN GROW UP HEALTHY WITH A MIND THAT CAN BE FUNCTIONAL AND CREATIVE.

VII. TACTICS

The Black Panther Party is a violent revolutionary group whose members provoke confrontations with law enforcement officers and whose leaders incite racial hatred and preach urban guerrilla warfare.

Target: Police

Panthers claim that black communities are occupied by the police in the same way and for the same purpose that foreign troops occupy conquered territory and that these forces, operating under "establishment" orders, are engaged in gradual annihilation of the black race. Blacks, according to the Panthers, must, through urban guerrilla warfare, use guns to liberate themselves from the ever-present repressive enemy. Children in Panther "schools" do their exercises to the rhythm of: "There is a pig upon the hill – if you don't kill him the Panthers will."

Numerous claims have been made that the Black Panther Party is an innocent victim of police persecution and genocide. This charge is rendered absurd by fact. During 1970, 6 police officers were killed and 22 wounded through acts of violence traced to the Panthers. One officer, in 1969, was killed by a Panther with a shotgun blast at point-blank range as the officer lay wounded and helpless on the ground.

Out of 20 members named by the Panther Party as "killed in cold blood" by the police, four were killed by members of a rival black extremist group on the west coast; one died of barbiturate intoxication; one was shot and killed by a store owner during a robbery attempt; one was killed by his wife over a love affair he was having with a female Black Panther; and another was allegedly tortured and killed by Panther Party members. Of the remaining twelve, two were found dead on the street, the victims of unknown assailants, and ten were involved in shoot-outs with police officers.

Attacks on Others

Panther attacks have not been limited to the police. While claiming their intent to protect the black community, Panthers have assaulted and threatened citizens who have tried to assist the police.

Neighborhood stores have been forced to "contribute" food supplies and money under fear of Panther violence. Many other persons have also been victimized, as shown by the fact that in 1969 alone 348 Panther members were arrested for serious crimes, including murder, armed robbery, rape, bank robbery, and burglary.

On April 21, 1969, 21 members of the Black Panther Party were charged in New York in a 30-count indictment with conspiring to bomb public places and murder policemen and with possessing dangerous weapons.

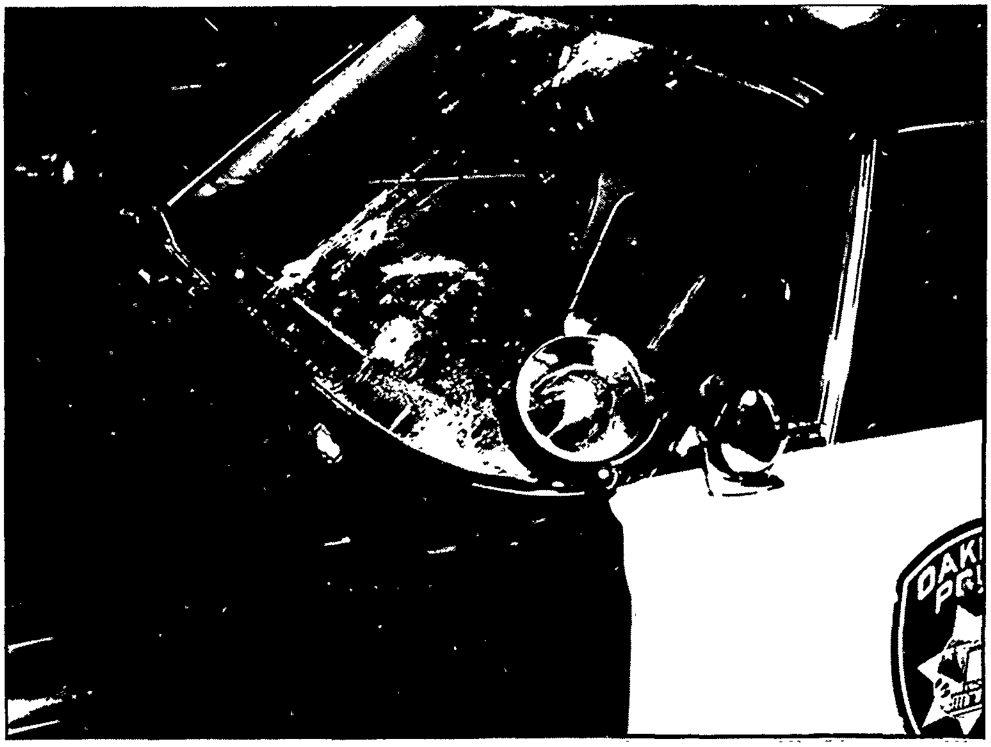
Weapons Caches

Stockpiles of machine guns, sawed-off shotguns, rifles, hand grenades, thousands of rounds of ammunition, Molotov cocktails, gunpowder, and accumulations of bayonets, swords, and machetes have been confiscated from Panther offices.

''Revolutionary Suicide''

On August 7, 1970, Superior Court Judge Harold Haley, the Deputy District Attorney, and three other persons were tied together with piano wire and dragged from a San Rafael, California, courtroom and taken as hostages by three armed Negro convicts, one of whom was standing trial for stabbing a San Quentin prison guard. The escapees were assisted by the defendant's 17-year-old brother who supplied them with weapons for the escapade. Judge Haley, who had a sawed-off shotgun taped to his neck, and the other hostages were forced into a waiting van. When the authorities tried to stop the kidnappers, the judge was brutally murdered; the Deputy District Attorney was injured seriously; and another hostage was slightly wounded. Three Negroes were slain and one was wounded.

Immediately thereafter, Huey Newton declared the killing of Judge Haley as being of ''historical'' importance to the Black Panther Party. This declaration was based on the Panther belief that all black prisoners, regardless of their crimes, are political prisoners and should be released.



OAKLAND, CALIFORNIA, POLICE DEPARTMENT CRUISER INVOLVED IN THE APRIL 6, 1968, GUNBATTLE WITH MEMBERS OF THE BLACK PANTHER PARTY.

CONFISCATED PANTHER WEAPONS

The perpetrators of the courtroom incident were lauded by the Panthers as setting another "revolutionary example for black people." In commenting further, *The Black Panther* of August 15, 1970, stated:

> *"The example that these brothers have set will be followed by many and many will rise to choose revolutionary suicide rather than reactionary suicide. Black people will unleash in great numbers the Black kamakazi..."*

In his eulogy at services for the slain Negroes, Newton said: "Our comrades have taught us all a revolutionary lesson. They have intensified the struggle and placed it on a higher level."

Panther "Justice"

Recalcitrant members of the Black Panther Party are sometimes victims of Panther "justice." As one example, Panther Chairman Bobby Seale was brought to trial in New Haven, Connecticut, for the torture-murder of Panther Alex Rackley. Rackley, a Panther suspected of being an informant, was scalded, murdered, and dumped in a swamp.

For a variety of reasons, many members have been purged from the Party. These incidents are usually written up in *The Black Panther* in special articles accompanied by photographs.

EXPELLED

So let this be heard throughout the black community, of Atlantic City, New Jersey. That Leonard Weeks is no longer a servant of the people. That he is no longer the breakfast coordinator for this community center, or for that matter no center ran by the Black Panther Party. He has become slip-shod in his duties as a servant to the people, many times he has been warned by his comrades, about his work, and about his duty to the people's children. He deserted the children of the black community, there were days he would not attend the breakfast program, because he said that he was tired or that he overslept. Well we cannot adhear to this because as revolutionaries we must prepare ourselves to be a match for a hundred. We must prepare to run ourselves to death if need be, so that the people shall be served, and to see to it that they truly have a right to the best. And we have no time for slip-shod niggers. We must hold ourselves responsible to the people. Every word, every act, and every policy must confirm to the people's interest, and if mistakes occur, they must be corrected, that is what being responsible to the people means.

HAROLD WRIGHT, FOOL

The National Committee to Combat Fascism has no time for crazy dumb fools who run around pimping off the people's just struggle for freedom and self-determination This modern day mad man can't seem to find himself or anything else for that matter. He started out, helping to put this office together and after a long train of was put out. Harold didn't like this and started to hang around our office trying to give the community the impression that he was still a member of the revolutionary ranks of Babylon.

After a few days of the breakfast program, his wife Michelle decided that she loved Harold more than the people and went with him.

We say goodbye to the Wright family and other love birds (like the Johnson's) who can't deal for the people.

So let this be heard, Harold and Michelle Wright are not members of the National Committe to Combat Fascism nor will these fools ever be.

VIII. PROPAGANDA

Although posters, pamphlets, recordings, and a singing group called "The Lumpen" are among propaganda vehicles used by the Black Panther Party, the main channel to the public is through their official organ, *The Black Panther*. Funds permitting, it is published weekly in Oakland, California. It includes editorials by Party leaders and spokesmen; provocative slogans; inflammatory articles; revolutionary art," comprising cartoons; and an international news section.

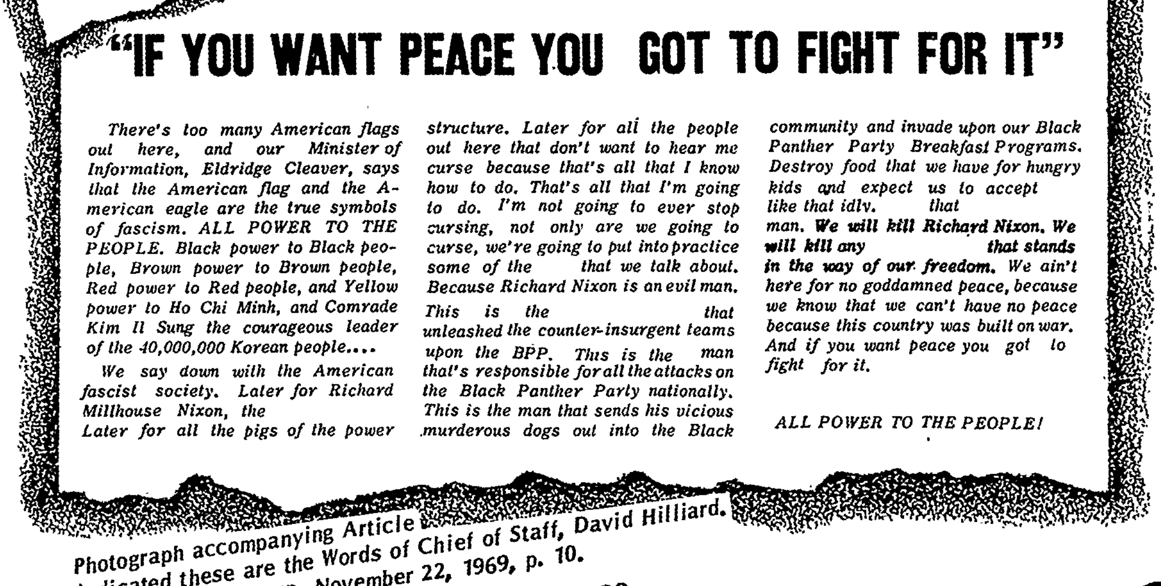
THE BLACK PANTHER, SATURDAY, MARCH 22, 1970 PAGE 4

TO MY BLACK BROTHERS IN VIET NAM

I'm writing this on January 4, 1970. We are starting out a new year. On August 31, I'll be 35 years old. I'm married, and I have one child with another one on the way. I am in love with my wife and I would like to enjoy a happy life raising a family. But I am not free to live the type of life that I would like. Pigs--the racist fascist rulers of the United States--won't let me....

We appeal to you Brothers to come to the aid of your people. Either quit the army, now, or start destroying it from the inside. Anything else is a compromise and a form of treason against your own people. Stop killing the Vietnamese people. You need to start killing the racist pigs who are over there with you giving you orders. Kill General Abrahms and his staff, all his officers. Sabotage supplies and equipment, or turn them over to the Vietnamese people. Talk to the other Brothers and wake them up. You should start now weeding out the traitors amongst you. It is better to do it now than to allow them to return home to help the pigs wipe us out. Especially the Uncle Tom officers should be dealt with now, because the pigs will use them as effective tools against our people. When you can no longer take care of business inside the army, then turn yourself over to the Vietnamese people and tell them you want to join the Black Panther Party to fight for the freedom and liberation of your own people. If you do cross over, you don't have to worry about the Vietnamese people abusing you. They will be glad to see you drop out of the army because what they want most in life is to stop the fighting in their land. You have a duty to humanity as well as to your own people not to be used as murderous tools by racist pigs to oppress the people.



"IF YOU WANT PEACE YOU GOT TO FIGHT FOR IT"

There's too many American flags out here, and our Minister of Information, Eldridge Cleaver, says that the American flag and the American eagle are the true symbols of fascism. ALL POWER TO THE PEOPLE. Black power to Black people, Brown power to Brown people, Red power to Red people, and Yellow power to Ho Chi Minh, and Comrade Kim Il Sung the courageous leader of the 40,000,000 Korean people....

We say down with the American fascist society. Later for Richard Millhouse Nixon, the Later for all the pigs of the power structure. Later for all the people out here that don't want to hear me curse because that's all that I know how to do. That's all that I'm going to do. I'm not going to ever stop cursing, not only are we going to curse, we're going to put into practice some of the that we talk about. Because Richard Nixon is an evil man. This is the that unleashed the counter-insurgent teams upon the BPP. This is the man that's responsible for all the attacks on the Black Panther Party nationally. This is the man that sends his vicious murderous dogs out into the Black community and invade upon our Black Panther Party Breakfast Programs. Destroy food that we have for hungry kids and expect us to accept like that idly. that man. ***We will kill Richard Nixon. We will kill any that stands in the way of our freedom.*** *We ain't here for no goddamned peace, because we know that we can't have no peace because this country was built on war. And if you want peace you got to fight for it.*

STATEMENT BY HUEY P. NEWTON, MINISTER OF DEFENSE OF THE BLACK PANTHER PARTY AND SUPREME SERVANT OF THE PEOPLE, ON THE OCCASION OF REVOLUTIONARY INTERCOMMUNAL DAY OF SOLIDARITY-

MARCH 5, 1971

Power to the People, Brothers and Sisters,

First of all I would like to thank all of you for my very presence here, because if it weren't for the Power of the People, I wouldn't be here tonight. I'm not here because of the Black Panther Party; I'm not here because of any group, I'm not here because of a group of kamakazis. I'm here because of the Power of the People.

We must remember that Revolution is a process. It's not a conclusion; because once we conclude, then we become counter-revolutionary. And that means even with the gun in our hands, because fascism also has a gun. And I would like to say tonight that the Black Panther Party stands against all forms of fascism, including sexual fascism. That we are against all kinds of chauvinism, including racial chauvinism; we're against sexual chauvinism, national chauvinism. We're intercommunalists. Before I went to prison, most of you know, you are aware, that I never made any speeches, you see, because I'm not a very eloquent man. I'm better known by the actions. And the Party was built upon the actions. And the action itself is a process. And we're not ever fixated. We haven't accepted any dogma. And we will not.

And I would like to say this, that from now on the Party itself will be better known by its contributions to the People, for the simple reason that some people around us seem to want to be known through the Media. But the Party can only judge itself through establishing certain survival programs, pending Revolution. Because remember, you make the Revolution. We can't free political prisoners, only the people can free political prisoners. And a people who are not free cannot free their prisoners, cannot free the prisoners that fascism makes. So I would like to say that we must work very hard in order to lift the consciousness of the people. We must free our Chairman Bobby Seale, Angela Davis, Ruchell Magee, the Soledad Brothers, the seven and the three, and all other political prisoners. Randy. We have to free all of them.

But we must remember that we must exhaust every possible tactic. And we must let it be known that never broadcast military tactics for military reasons. It's perfectly correct to broadcast military tactics for political reasons. That's what Uncle Ho said, and I agree with him. So we would like for the people to know that there are many things that we will not discuss in public. But what you can do is watch the fruits of our work. And we would like to say that our Party became an intercommunal Party upon its actions. And I think that's very good. So I'm asking you in order to free all political prisoners, free the people, free the woman and also the man, that we have to get together in unity by substituting verbal expressions for action. The final test of the pie is the action. We'll stand on the Black Panther Party. The Black Panther Party from 1966 when it was formed will stand on its record, will stand on the action. We won't claim to be ultra-leftists; we won't claim to be infantile leftists. What we'll do is act in accordance with the particular set of conditions and the particular problem that we have at a time. So please judge us upon our actions and we will develop like that. We will not develop with lip service coming from anyone. And sometimes I'm very thankful that I don't talk too well, because that's only one way of communication. We say that a picture is worth a thousand words, but action is supreme.

But what kind of action you take will depend upon the particular set of conditions. And I say all of this, because you know the Party and the world today is under turmoil. And this is very good. We always have welcomed all forms of contradictions. Because without the contradiction there is no transformation. So from the contradiction that has developed now in the world and in the Party, we hope to have a qualitative leap. If this leap eliminates some of us, then, of course, we'll weep for that. But we must not stop the Revolution. I will not stop the Revolution. You should not stop it. And, for all that it's worth, we know that words will never stop it. Words will not start the Revolution either. Only action. 'Sixty-six kicked off the armed manifestation of Revolution in this country, because it focused upon the need for the People not only to defend themselves, but also to develop a consciousness necessary to perform and to act to be able to fight in a protracted war. And that is why it is necessary for us to develop the correct ideology, which is a system of thinking. And we must not rely upon and conclude with the philosophy, which isn't necessarily a conclusion.

So we're ideologically revolutionists. We're in a constant state of change. And we fight with all people who want to change, because we know change will offer our hope. So after all of this, we must pay more attention to what is happening. The news media has attempted to discredit the Party by saying that it's over, because they don't see anyone. I think our programs are better than the Party. The communities are involved in forty-four cities. We must support these; we must expand them. Because I read an article, recently, a few months ago, where Che had some problems in Bolivia, because the peasants were so unconscious until he could not rally them even with the "focos". They did not understand why the military, the regular military was dropping. So what did he do. He attempted to form certain programs that he called survival programs. He attempted to form a free health program in order to get the peasants inside, to help them, and also to provide things for his focos. He also took to form a free breakfast program, a free shoe factory, and a sporting good store (for obvious reasons). So programs are good. Because an act that might be revolutionary might be counter-revolutionary, if the correct preparations are not made.

So to be a serious revolutionist, we must know that we are involved in a process, and not a set of principles or conclusions that are of face-value revolutionary. I do not know one thing that is revolutionary in itself. And all things might be revolutionary in context. In other words, capitalism was revolutionary when it kicked out feudalism. And now we have a situation where the capitalists have become the imperialists, and the people of the world, of the communities of the world will have to kick them out. So in order to free Angela, Bobby, Ruchell Magee and all other political prisoners, we must kick the fascists out. And we cannot do it with lip service.

POWER TO THE PEOPLE

BOBBY SEALE: "I AM THE CHAIRMAN OF ONLY ONE PARTY."

March, 1971

This is Brother Bobby Seale, from the New Haven Courthouse, back in jail, back here. And I just wanted to say to the people, the masses of people, to all the brothers and sisters, Women's Liberation Movement, Black brothers and sisters, Chicano brothers, the Puerto Rican brothers, the young revolutionary White youth in America, and especially, all the Black brothers and sisters in the Black community, that I've seen a lot of things happening; and I've took time to analyse what's happening. And I see presently that there're some divisionary, counter-revolutionary actions going on. Now the Party accepts constructive criticism. Constructive criticism! But the divisionary, counter-revolutionary actions and jive tactics of Eldridge Cleaver is doing nothing but aiding the pig power structure. Aiding the pig power structure in their attempt to put in gas chambers and jails over 130 political prisoners, who are presently, like myself and Ericka, caught up in these jails, and are being railroaded to the gas chamber, where we're fighting for our lives in these trials. And this is the only thing that Eldridge's actions are doing. This is the only thing that I can see that is going on. And my analysis shows this.

There is no split in the Black Panther Party, at all. But the main thing that we want to get across, I want to get across, to the people is that the Party is based on Survival Programs to serve the people, and these survival programs - from Breakfast for Children to the recent programs that I'm designing right here in jail, in my time that I'm not in court, which is a decent housing fit for shelter of human beings program - these are survival programs - and this program and all other programs that all other revolutionary organizations have are survival programs, that must sustain the people so the people can wage a revolutionary struggle.

And Eldridge Cleaver, who's denouncing these types of programs and carrying on with all those other divisionary jive tactics, is negating the real meaning of a People's revolutionary struggle. That's why the Black Panther Party belongs to the people, because the survival programs come forth, and we set up the survival programs to sustain the people's revolutionary struggle. Even the Vietnamese people, if one would check it out, have their survival programs; they have their cooperative, functional survival programs throughout their land, amongst their people. The people just don't have guns alone fighting their battle. The people over there have actual everyday, functional, constructive survival programs. In their countries, in their lands, and in their everyday operations in fighting the capitalist pigs who occupy their country, they have survival programs. And those survival programs sustain the revolutionary struggle there. Of course, our survival programs will be directly related to here in America. But I, myself, send solidarity and support to all the socialistic, revolutionary peoples of the world, and the socialistic countries and lands - and the different war zones, where the people, the masses in those lands, are fighting against the capitalistic, imperialistic ruling class circles.

And Eldridge Cleaver - who negates the very survival programs that the Party is trying to set forth, that the Central Committee is trying to set forth, and all the real dedicated, hard-working brothers in the Party are trying to set forth to educate the people and serve the people, these survival programs (that) sustain the people's

to the gas chambers. He's aiding the power structure and causing us to be in the prisons, because the political prisoners are the ones who really initiate and work hard to maintain the survival programs for the revolution, the people's revolutionary struggle.

Only the masses of the people can really free political prisoners. And the people must see the value and the validity of the survival programs. And getting on down to it, so the people can understand where it's at, so that the people, even the supporters that we have all over Europe, all the solidarity committees that are in Europe, that're in Sweden, that are in Denmark, and other countries over there, who support the freedom of political prisoners in this country, who support the survival programs of the poor oppressed people in this country, and the revolutionary movement (who are initiating these programs), I am trying myself to get people to understand, that we are beautifully behind them and we are glad and send greetings to them and praise the people who are in the solidarity committees in other countries, and in fact here in America, here in Ameri-KKK-a. I think that the people really have to understand who and what the Black Panther Party is, so that these reactionary, counter-revolutionary, divisionary tactics will not be misunderstood. The Party is not falling apart. It's just that Eldridge Cleaver has personally defected his own self from the Party. He defected from the Party.

And I, Bobby Seale, am the Chairman of only one Party. And that Party is the Party that Brother Huey P. Newton is the Minister of Defense of and one of the supreme, top servants of the people; that Brother David Hilliard is the Chief of Staff of; that Brother June Hilliard is the Assistant Chief of Staff of; that Bobby Hutton was a member of, before the pigs murdered him. I am the Chairman of only one Party, that Brother Fred Hampton, who loved the survival programs for the people, was Deputy Chairman of. I'm the Chairman of only one Party, who Brothers Jonathan Jackson and George Jackson are members of. I'm the Chairman of only one Party, of the Central Committee of the Black Panther Party, with Huey, David, and the rest of the brothers and sisters on the Central Committee, where the Central Headquarters happens to be located on Peralta Street in Oakland, (California). So All Power to the People. Right On. And we're going to stick together. We ain't coming up with no jive. We have to free Brothers Ruchell Magee, George Jackson; we have to free Sister Angela Davis; we have to free these brothers and sisters. I am the Chairman of only one Party, the Party that Brother Huey is the Minister of Defense, with David Hilliard, June Hilliard, etc. And we're going to free political prisoners; and, we're going to keep these survival programs going; and, we're going to wage a People's revolutionary struggle, and not no jive, individualistic, defecting actions, by some individual who wants to play power games. I am the Chairman of the Party of which the San Quentin Cadre is apart and parcel of the same Party. The San Quentin Cadre of the Black Panther Party.

So all I have to say to the people is that you know where it's at. We're going to stick in solidarity. There're a bunch of jive renegades and jack-a-napes around. But later for that. RACIST-MAD PIGS SIC K9 POLICE DOG ON BROTHER

On Friday night, March 27, 1970, 14 yr. old Brother John (Little Hot-Rod) Hargrove became the victim of a brutal attack inflicted by a K9 Police dog. This brother along with two other bloods were playfully chasing each other along the sidewalk in the area of Sixth and Snyder Streets. When the brothers approached the corner, one brother ran past brushing against a lady standing at the corner. When this happened the lady immediately grabbed the brother. The two other bloods kept running. Soon after the pig grabbed the brother, a light colored station wagon appeared. In the station wagon were two plain clothes pigs. These pigs immediately proceeded to hand-cuff the blood, beat him in the face, and unleash a vicious police dog that ripped the flesh off the brother's body. As the brother tried to escape the blows of the pig beating him in the face, the K9 proceeded to bite him all over his body. While the brother was being beaten by the pig, and attacked by the dog, the other pigs who came along proceeded to chase the other two bloods. The pigs fired a shot barely missing the fore-head of one of the brothers.

Little Hot-Rod, handcuffed, face badly beaten and suffering from dog bites all over his body, was taken to the local police station where he was booked on suspicion of pick-pocketing. He did not receive any medical attention until several hours later at the Philadelphia General Hospital; there they gave him one tetnus shot and put a bandage on each leg. The pig who created the vicious attack was later identified as one of Rizzo's faggot law and order boys of the GRANNY PATROL. The Granny Patrol is a special segment of piggery which employs pigs to dress up as women so that they can arrest suspected pick-pockets.

The party conducted an interview with the bloods who were fortunate enough to get away, we also spoke with the brother's parents, and were able to visit the brother, at the Youth Study Center. We also spoke with the people in the community who witnessed the horrid incident!

Following are excerpts from the tapes which describe the incident. We cannot use names here of the bloods because it has been passed down that the pigs are trying to round up the other brothers.

The racist pigs approached the brothers by shouting "Get them niggers, get them niggers" They chased the bloods with butcher knives, and what appeared to be an ax. One brother was hit with a pipe in the stomach.

People in the community responded to the arrest and attack angrily. When several people in the community demanded that the pigs call off the dog, they were met with racist remarks from the pigs.

The attack was so vicious, the dog ate the underwear on the brothers body. In addition to bites on the brothers hands, legs and waist the dog also bit the brother in the back and rectum. The brother suffered from severe beatings by the pigs, in the face.

When Little Hot-Rod was visited on Sunday at the Youth Study Center, his body was not healing properly. He related that the nurse only applies mercurochrome on the bites. He is suffering from soreness. He is sleeping on hard cots in the over-crowded center. The bites on his body are swollen and inflamed. The brother's first remarks to his family were, "Tell my probation officer to get me out of here, this place is like Byberry" .

Just less than two weeks ago, the brother was beaten in a cell Division. This pig beat him so bad that Methodist Hospital complained to the Police Department. His eyes were badly damaged. The pig's name who inflicted that beating was Juvenile Aid Officer, Charles Kora. Hot-Rod identified Kora as his assailant and since then, he has been harrassed in his neighborhood by every pig who comes through.

At 14, John Hargrove is a marked victim of Frank Rizzo's fascists, like so many other Black youths in this city. Pigs are on the loose to inflict more physical harm to our people. It is high time that we escalate our war on the pigs and drive them out of our communities.

Seize The Time people of Philadelphia, Rizzo and all of his racist paper tigers can be rightously blown away.

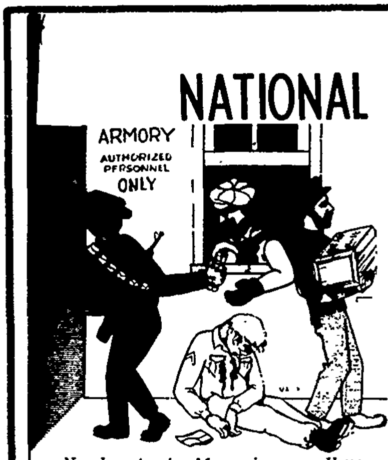
NATIONAL GUARD ARMORY BOMBED, HEROES SUCCESSFULLY ESCAPE



Newburyport, Mass. is a small residental New England town basically composed of people from the White working class. Until last Saturday, September 19, Newburyport's only claim to fame was that it is one of the many small towns surrounding Boston which are strongholds for groups like the Minutemen and other right-wing fascist reactionaries. Last Saturday, however, at 6:00 a.m. in the morning a National Guard Armory was bombed, hundreds of rounds of amimunition ripped off, military personnel records taken and to top it off, they left the scene in a one ton army pick-up truck. They (the bombers) attempted to open the vault holding the weapons of the pig army, M-1 rifles, .45 caliber pistols and .30 caliber sniper carbines, but were not able to do so. The act was accomplished in one fast motion, and the heroes escaped capture and one week later, "law enforcement officials" are still scratching their heads in wonderment.

And although the weapons, themselves, tools of our liberation were not liberated from the oppressor, the success of this action cannot be denied.

As has been the case in liberation movements all over the world, the guns and arms made by and for the oppressor eventually ends up in the hands of the oppressed. More important, the unknown people who accomplished this act, obtained hundreds of rounds of desperately needed ammunition. Again, past experiences has shown that while the guns themselves can be obtained in ample supply, the ammunition, the bullets, that actually inflicts death upon our enemy, becomes very scarce. One of the necessities of our struggle is our ability to liberate, stockpile, and then accurately use the ammunition of our oppressor upon our oppressor.

As for the military personnel records, they can obviously be put to good use. Our oppressors must be harassed and intimidated day and night. They must not sleep, nor rest, these are the devils who plot the genocide of Black people. The National Guard Armory in the small town of Newburyport, like other small time towns surrounding the Black colony in Boston is designed to be used against us in the fascist genocidal plot devised by the treacherous minds of the Nixon-Agnew-Mitchell clique. It is to be carried out by those men whose names and addresses are now in the hands of the people. Unknown members of the fascist majority now appear before the people's tribunal and will be judged according to their actions.

This action is just one of many blows which will be dealt out to the oppressor. If this action was intended to help and serve the people, we welcome their help to our just liberation struggle against the Babylonian Empire.

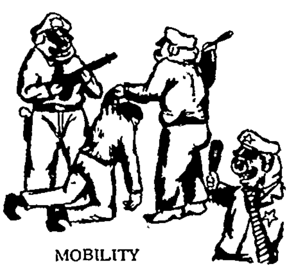
ORGANIZING SELF-DEFENSE GROUPS HOW TO COMBAT C.M.I.

Part 5

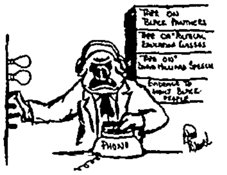
The principal of Juche (Self-Reliance) clarified by Eldridge Cleaver, the Minister of Information of the Black Panther Party, is "Use what you got to get what you need." To answer the question of how do you combat the pigs' *C.M.I. (communication, mobility* and information), we must first determine what we have going for ourselves. Checking out the practice of self-defense groups, we see that we have the power to determine what is to happen, when it is to happen and how it is supposed *to go down. What, When* and How (W.W.H.)- the element of surprise. The pigs have C.M.I. and self-defense groups have W. W. H.

To consider a self-defense operation successful is not to just *plan and execute but to plan, execute* AND escape. There have been too many instances where members of self-defense groups have planned and executed righteous blows against this racist system only to be captured, wounded or killed. *These are the consequences* for revolutionary activity, however we must keep casualties within an acceptable minimun. The *slogan must be Maximum Damage* to the Enemy, Minimun Damage to Us. Practice has shown that when planning W.W.H. if it is done with knowledge and an understanding of C.M.I. casualties will be kept within an acceptable minimum. *Too often, much attention* is given to a plan up to the point of execution without giving the same attention to evasion and escape, that phase of the operation that determines success. This is a subjective approach, a onesided *approach. W.W.H. is only one side* of the coin, C.M.I. is the other side. Because self-defense groups use W.W.H., the pigs' C.M.I. does not go into operation until a self-defense group commits itself by actually executing some type of *self-defense activity.*

COMMUNICATION



MOBILITY



INFORMATION

All of us should be aware that once C.M.I. is activated pigs start showing on the set from 30 seconds to 1 minute maximum in every *major city in Babylon, therefore* the success or failure of a defense operation is dependent upon the attention given to C.M.I. and the planning of evasion and escape. As I see it, learning to deal with the pigs' C.M.I. is the number one *military* problem facing revolutionary forces in Babylon today. It is time for all who have something to teach, by example, to step forward. And remember, to die honorably, one does not need company.

Part 6 ON REVOLVERS

Parts 1, 2, 3, 4 and 5 have been in previous issues of the Black Community News Service. This article is on revolvers, it gives a basic run down on the use of revolvers. Check out all of the photographs and notes to help you understand better the functioning of a revolver.

SAFETY PRECAUTIONS:

1. Check to see if gun is loaded. You do this on a revolver by swinging out the cylinder. Pull back on the cylinder latch and gently push *out on the cylinder. (see unloading* a revolver photo #2)

2. Keep your finger off the trigger unless practicing trigger squeeze or firing.

3. Point your gun away from where someone may be shot-Point at the ceiling or to the floor, but wherever you point, make sure no one is in the way and can be harmed.

4. Never leave the hammer cocked on a revolver. (Explanation later on cocking a revolver.)

KINDS OF REVOLVERS:

.38 Snubnose - This gun has only a 2" barrel and shoots 38's. It is very easy to conceal.

.38 Special - Has a 4" barrel and shoots 38's.

.357 Magnum - This is the type of handgun the pig carries. The ammo for this is .357 magnum. Metal piercing bullets will pierce an engine block. This is the best type of revolver to have.

.41 and .44 Magnums - Have more knock down power than a .357 Magnum. The Highway Patrol carries these to shoot through car doors, but a .357 will go through a car door also and .357 ammunition is more plentiful.

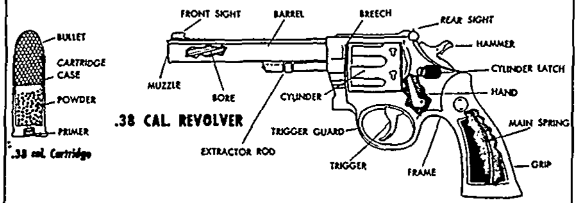
REVOLVER TERMS



UNLOADING:

Holding gun in left hand (pointed in safe direction) release cylinder latch with right hand. (#3). Push out cylinder with the fingers of left hand (#2). Now that you *have swung out the cylinder* and the bullets are visible you gently push down on the extractor and let bullets drop out into your right hand (#4).

LOADING:

To load, simply follow the same steps in unlatching the cylinder. Then drop bullets into the chambers of your cylinder. Gently push cylinder closed, and you are ready to fire. DO NOT SLAM CYLINDER CLOSED, this causes *extra wear on your gun.*

COCKING A REVOLVER:

Put the tip of your thumb on the hammer holding revolver steady in the palm of your hand. Do not put your finger in the trigger. Pull straight back steadily on your hammer spur until your hammer locks back. You gun is ready to *fire, do not put your finger in* the trigger until you are ready to fire. After cocking hammer, place your thumb directly on the frame beside the hammer, resting the tip of your thumb on the cylinder latch. (Photo #4) *Your forefinger should be placed* on the other side of the gun straight out just above the trigger guard until ready to fire. Everytime you cock the hammer before firing, this is called single action firing.

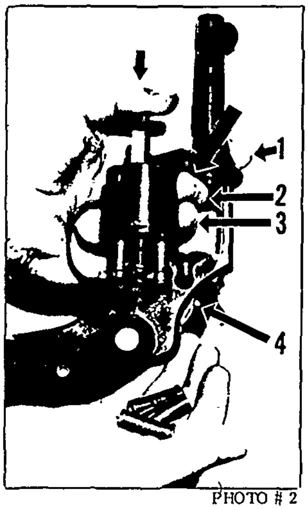


PHOTO # 2

UNCOCKING A REVOLVER (LOADED):

Keep your finger off the trigger! With gun already cocked, place your thumb on the hammer firmly. Now with the gun firmly in your hand, pointed in a safe direction, and thumb firmly on the hammer (still cocked) squeeze the trigger slowly until you can feel the hammer releasing. IMMEDIATE-

URBAN GUERILLAS

America's complexity will be her downfall, for complex power, communications and transportation networks are unprotected. These systems are the life lines of the industrial and military might of U.S.A. fascism. The source of America's strength is its vulnerable Achilles heel-therefore urban guerrillas, utilizing and relying on information divulged by sympathetic workers, can halt or severely cripple every industry in the nation, and bring fascism crashing to its knees. The dams, power stations, substations and power lines are vulnerable. Highly sophisticated communications networks are used by our enemies for carrying out routine business, and are an extremely important factor, in the fascist reaction to guerilla strikes. The neutralization of the fascist communications lie within the capabilities of urban guerillas.

The disruption of this system would hamper and cripple not only the fascist military but would also effect all industrial outputs. The fascist ruling clique realizes the vunerability of their transportation networks, yet all fascist military forces and industry utilize the railways, the state and interstate highway systems and the airports. Urban guerillas can cut and constantly harass these important links.

Urban guerilla teams highly motivated have already begun to put their theory into practice. Lists are being compiled and are constantly updated on fascist and all enemies of our people, because the location and identification of the enemy is an extremely vital task of urban guerillas. This basic intelligence is necessary for planning retaliatory strikes against our enemies. Where their killer groups, for the most, will be unable to locate guerillas, urban guerillas will, in every attack hit the fascist squarely on the chin. Urban guerillas, being one with the people, must attack like skilled brain surgeons--cutting out the diseased tissue while perserving the good. Their dual purpose is that of destroying all fascist forces and their lackeys, while protecting and serving our people. The fascist ruling clique fears this. They know the Party is preparing to fight until the last of our enemies bites the dust. The Party has dared to take the vanguard role in the struggle and will surely defeat U.S A. fascism no matter what the odds, no matter how great the sacrifice. The Party is aware that the fascists will never lay down their arms of their own accord. And also aware of the direction that U.S.A. fascism is taking in order to survive as long as possible.

In Brazil, the guerilla forces found through social practice that they could best achieve the goal of liberating their people from the strong-hold imposed by the fascist Brazilian oligarchy by waging urban guerilla warfare. Brazil's development as an industrial fascist nation and the economic and social backwardness of the indigenous peasants made the revolutionary forces adapt the strategy of urban guerrilla warfare. The urban guerrillas moved to mobilize the workers, and implement urban guerrilla warfare within the context of their historical experiences with the working class and the fascist ruling class oligarchy. The revolutionary forces have implemented this type of struggle which invariably catches the fascists with their pants down. The type of warfare which turns the asphalt concrete and steel of cities into jungles; into cemeteries for the fascist highly mechanized units and turns his weapons of mass slaughter into paper tigers; into urban jungles where the revolutionary forces can plunge the blade into the hilt in the vunerable life lines of even fascist U S.A In this country as well as in Brazil the fascists tremble with dread at the thought of nationwide attacks by urban guerrilla forces.

In the Pentagon and select centers scattered throughout the U S A., gigantic multimillion dollar computers are manned by hoards of the military. Technicians wrestle with fascism's nightmare-the problem of dealing with urban guerrillas. These machines can only reach an hypothesis drawn from information fed into them. In order for the fascists to test the solutions offered by the computer. they must first circumvent

the frail facade of the constitution and the bill of rights. The fascists realize that if these two pieces of paper were implemented they would be in their graves tonight because the constitution and the bill of rights contain the moral impetus necessary to bring this foul evil economic and social system to its doom.

U S.A. fascists have compiled and are still evaluating information received from South American satellite states who are being beset by courageous urban guerrillas waging relentless struggle with amazing(to fascists)and stunning success. Eldridge Cleaver, Minister of Information of the Black Panther Party, has said that we still have a little time left because the U.S.A fascist ruling clique hasn't programmed all of the people to accept the genocide of the Party and our people yet. For at least a year now, there have appeared in every major newspaper, seemingly innocent space fillers. Articles from UPI-API dealing with the deployment of fascist death squads against the revolutionary forces in South America.

These fillers had the sinister purpose of preparing America for the advent of death squads now in operation in every major urban center. These articles were to prepare the people to accept the first overt actions of the Chicago foul fascist gestapo killer unit. Their predawn kill all--destroy all mission was launched as a pilot, an experimental operation with a two fold objective. One was to put counter-revolutionary theory into practice in America --to bring into the streets the fascist ruling clique's solution to the Party--to test and evaluate the techniques of counter-insurgency urban warfare. The second important objective was to evaluate the response of the people to above ground counter-insurgency killer groups--to see if the people were conditioned to accept the outright fascist terror tactics directed officially by the fascist ruling clique.

Our Party has been and is still the main target of a national dehumanizing campaign. The fascist controlled news media has consistently maligned, viciously attacked and branded our Party as a racist band of blood-thirsty murderers out for their own personal gain. The fascist news media seeks to justify the fascist's program of destroying our people's first line of defense, the Party, and all other organizations which refuse to be either bought off with blood money or intimidated by the repressive fascist forces. The fascist attempts to isolate our Party from the people has been a dismal failure. The liquidation of Deputy Chairman Fred Hampton and Mark Clark had top priority on the fascist's pig list. However, neither the people nor our Party were cowed or intimidated by the bestial slaying of these two revolutionaries. The fascist ruling clique made a grave error in under estimating the will of the people and our Party. People from all walks of life and every progressive organization saw through the fascist attempts to isolate and destroy their Party. The people mobilized and rallied mass support for the Party and soundly condemned the actions of Chicago's fascist killer groups.

Make trouble, fail, make trouble, fail again until their doom. This is the logic of fascists the world over. In Chicago, they refused to acknowledge the bankruptcy of their counter-insurgency campaign. In December, in Los Angeles, Southern California, Chapter of our Party, came under attack by fascist killer groups. Although outnumbered and using inferior weapons, our Party repelled and held at bay the fascist shock troops and sounded the end of Chicago type operations in a fuselage of bullets. We learned valuable lessons paid for with the blood of our revolutionary comrades. The fascist ruling clique has seen the support, that their homicidal raids have generated for the Party. They now know that if conditions are favorable, they will receive tit for tat and then some. They now know that Black and all progressive people will not sit idly by and pacify the action of above ground killer groups Fascists have tried to rally the support of the American people to their avowed aims and failed.

Now begins the phase of underground, clandestine operation of fascist directed killer groups. This is all part of the nature of the fascist ruling clique. The fascists will no doubt expand the techniques of their South American lackeys who operate unrestricted, unswayed by either democratic institutions or public opinion. As the tempo of the struggle increases so will the fascist acts of reactionary terror and violence increase. The primary target of forming clandestine kill groups will be both our people and our Party. If we are to survive as a people, this next phase of attacks, and pave the way to victory, it is imperative that our people be armed with the ideology of the Party. For only then will our people be able to cope with, both, ideological and physical attacks initiated by the insane fascist ruling clique. Huey P. Newton, Minister of Defense, said that our Party must be a living shield that stands between our people and the fascist pigs and that our paper should serve to educate our people so that they will survive.

As the attacks against the Party escalate, so must the awareness of our people be channelled toward acceptance and even more, active participation in urban guerrilla warfare. Phase two of the fascist plans will surely and soundly be defeated. The fascists will awake to find themselves bogged down on that last front. They will be swallowed up in the morass of a people's war. Their graves will be dug by revolutionary urban guerrilla forces amidst the asphalt, concrete and steel of the cities.

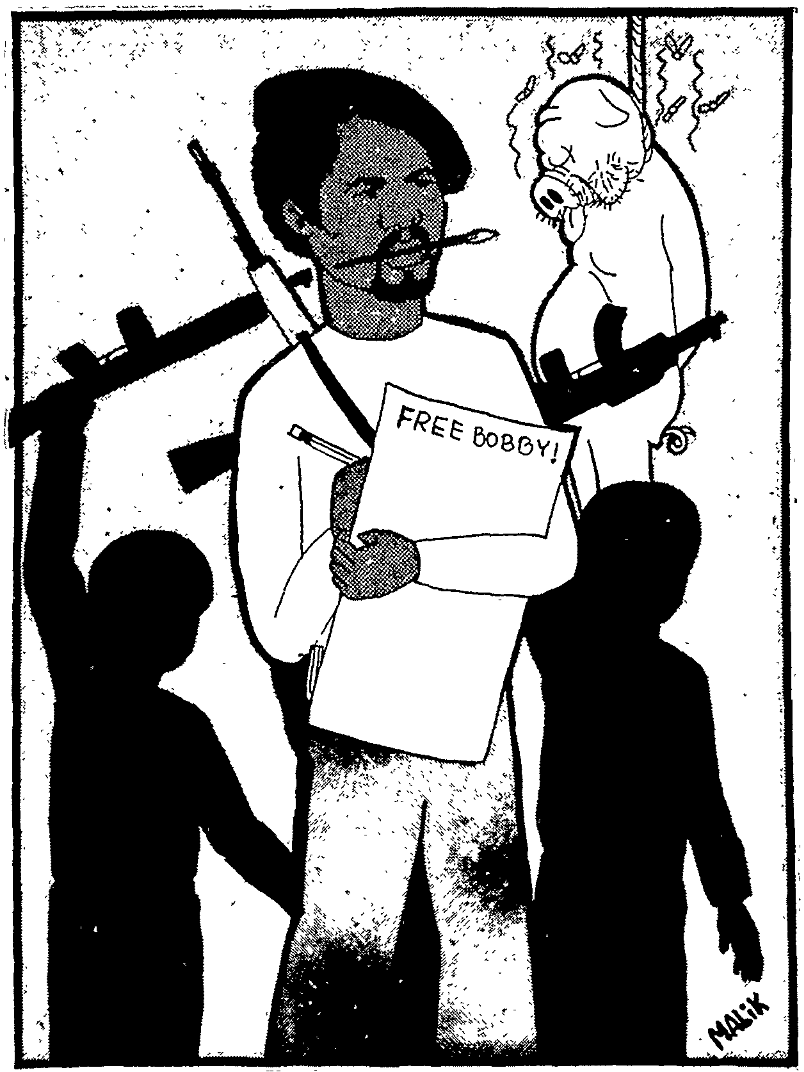
"Revolutionary Art"

The most prominent artist on *The Black Panther* staff is Minister of Culture Emory Douglas. Although he prepares a large number of cartoons, other Panther artists are also represented. These cartoons characterize the Government and local law enforcement as "pigs" and call for the overthrow of the Government and the killing of Government officials, as well as police officers.

The Black Panther; May 9, 1970; page 18



THE REVOLUTIONARY ARTIST

When the Black revolutionary artist starts a still life painting, he doesn't see a beautiful vase, or a dish of tasty fruit, against a soft velvet backdrop...he sees only a tattered curtain, rusty cans, a broken dish--empty.

As he seeks out a beautiful landscape to paint, he sees not fertile fields with dancing flowers, and lovely maidens bathing in the sun, but decaying houses, and streets covered with debris, and a Black woman in ragged clothes with tear-stained cheeks.

The Black revolutionary artist knows only oppression, and that his art must relate to his surroundings, and his people, and most of all, his art cannot be abstract and unrelated to his revolutionary people. So he seeks, and finds what our Minister of Defense Huey P. Newton calls "the spirit of the people." As he moves on that, he shows what *Revolutionary Artist* and Minister of Culture, Emory Douglas shows--"the oppressor *hanging by his heels.*"

The revolutionary artist gives his art to his oppressed people. So with his gun and his brush he shows the spirit of the people moving to crush the oppressor, and this is the essence of revolutionary art. His art then becomes part of the people's revolution.

He knows that only because of the urine covered walls and trash-littered alleys the people's desire for freedom will be replaced with *the BLOOD OF THE OPPRESSOR.*

Panthers profess to believe that American Negroes comprise isolated "colonies" in the heart of the "mother" country, and are part of the Third World, defined as the nonwhite, undeveloped, and underdeveloped countries of the world. The 10-Point Program of the Black Panther Party includes, as a major political objective, a United-Nations-supervised plebiscite to be held throughout the black colony to determine the national destiny of American Negroes.

To internationalize their Party and enlarge their importance, Panther leaders have sought acceptance, support, and funds from sources abroad. They have made numerous trips to foreign countries, including Canada, Mexico, Cuba, Palestine, Germany, France, England, Denmark, Sweden, Norway, Soviet Union, North Korea, North Vietnam, and the Chinese Mainland.

Both at home and abroad, Panther leaders loudly proclaim anti-American sentiments and align themselves politically with the aims and tactics of enemy lands. The international contacts most important to the Panthers are made with revolutionary groups and communist countries, especially those that more closely follow Maoist thinking. The international news section of *The Black Panther* reflects attempts by the Black Panther Party to attract such attention, support, and aid.

TELEGRAM TO COMRADE KIM IL SUNG

KIM IL SUNG
PREMIER OF THE CABINET
DEMOCRATIC PEOPLES REPUBLIC OF KOREA

June 25th marks the 20th anniversary of the U.S. imperialist aggressive invasion of the DPRK in 1950.

The Black Panther Party takes this occasion to salute the DPRK and the wise and brave leader of the 40 million Korean people, Comrade Kim Il Sung.

We recognize and respect the long history of resistance and victory that Comrade Kim Il Sung and the 40 million Korean people have contributed to the world wide struggle against imperialism and fascism; the shining examples of socialist construction while under severe conditions of U.S. provocation and aggression, the many brilliant ideological contributions you have made to the socialist camp and in particular the concept of "Juche".

Because of our historical experience in America; because we are faced with no alternatives but genocide or liberation we understand the criminal nature and gangster logic of the U.S. ruling class. Black people are increasingly the victims of overt military aggression and U.S. plots to subvert our struggle for national salvation. Under these conditions we have an increasing awareness that the expulsion of the U.S. imperialist burglars from Korean soil and the reunification of Korea will be a victory for the Korean people and a victory for oppressed people the world over.

We see clearly that the reunification of Korea is not seperate from the salvation of Black and other oppressed people in fascist America. As gang boss Nixon and his mob of criminals intensify their attempts to loot Asia they are intensifying their murderous repression of Black people in America. These attacks will be met with revolutionary solidarity manifested in action, both around the world and in the gangsters lair, and with one-beat-a-hundred fighters in Africa, Asia, Latin America, and North America; the U.S.A. will surely be brought to the peoples JUSTICE.

MEMORANDUM OF THE CENTRAL COMMITTEE OF THE LAO PATRIOTIC FRONT ON THE ESCALATION OF THE U.S. WAR OF AGGRESSION IN LAOS AND THE SETTLEMENT OF THE LAO PROBLEM

PART II

Application Of The Nixon Doctrine And Escalation Of The War Of Aggression In Laos By The Nixon Administration

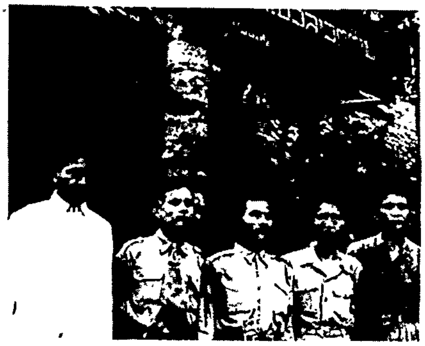
UNDER PRESSURE FROM PUBLIC OPINION, NIXON ON MARCH 6, 1970 HAD TO ACKNOWLEDGE THE PRESENCE OF U.S. MILITARY PERSONNEL, THE LOGISTIC AND AIR SUPPORT AND "OTHER ACTIVITIES" OF THE U.S. IN LAOS. He also admitted an increase in the U.S. military activities in Laos. But he tried to argue that those activities were "limited" and of a purely "defensive" character aimed at protecting American lives in South Viet Nam.

But public opinion in the United States and in the world immediately pointed out that that was the first time the highest executive in the United States made an open acknowledgement of the violation of the 1962 Geneva Agreements on Laos by the U.S. On March 7, Senator Albert Gore declared that Nixon in fact had conceded that "we (the U.S.) have violated the Geneva Agreements". Public opinion has condemned Nixon's allegations as "queer" and "selfcontradictory" (the Japanese paper "Asahi Shimbun" March 9. "Nixon's allegations were misleading. They mentioned only some facts and not everything and showed no sign of any change of policy." (Senators Scranton and Fulbright, March 6 and 9, 1970).

Obivously, Nixon cannot dupe public opinion which bases its judgement not merely on the words but also on the deeds of the Nixon administration during the recent past.

After Nixon came to power, the so-called "Nixon doctrine on Asia" saw the light which consists in providing more U.S. advisers, weapons and firepower to the Asians, while the latter contribute more mercenaries for the U.S. The formula of this doctrine is "native soldiers plus U.S. advisers and maximum logistic and air support" This is in fact a more elaborate and more refined form of U.S. neo-colonialism's wicked policy of making Asians fight Asians, and natives fight natives.

The active application of that doctrine in Laos finds a concrete expression in the steps of escalation taken by the Nixon administration in its aggressive war in Lao. during the past 18 months, escalation in the logistic supply, in the supply of U.S. military personnel and in the use of U.S. combat troops in the "special war".



The Resistance government formed in 1950 against the French Colonialists.

Under the Nixon administration, the amount of U.S. aid to Laos and military personnel introduced into this country have increased at almost the same rate. Compared with the 140million dollars in 1967, U.S. aid in 1969 rose to 250 million dollars of which only the economic and technical aid accounting for less than 60 million was announced, while the rest was almost exclusively used for military purposes. Thus, military aid - about 190 million dollars a year, - is more than treble the economic aid and makes up [illegible] per cent of the total aid. This figure is approximately the same as estimated by Senator A.J. Allender in a censured report on the scale of American involvement in the war in Laos (AF, Jan. 22 1970). It is necessary to note that what is described as "economic and technical" has also been used for secret activities of a military character. On June 7, 1970, J. A. Hanna, Director of the U.S. Agency for International Development, disclosed that the U.S. aid program also covers the CIA activities in Laos. At present, according to a statement of Senator M. Mansfield on September 21, 1969, U.S. aid in Laos had exceeded [illegible] million dollars a year and continued to increase.

Obviously, the Nixon administration is squandering in Laos more and more money of the American people, while serious social problems in the United States are yet unsettled, because enormous sums are being spent for unjust wars in Laos and in Indochina as a whole.

On March 6, 1970, Nixon said there were 643 advisers and military personnel out of the 1,040 Americans operating in Laos and denied the presence of any U.S. combat troops in Laos. That is not true. Compared with the 5,000 U.S. military personnel in Laos under the Johnson administration, the figure rose to 12,000 U.S. military personnel, with or without military uniform in the first period of the Nixon administration. Of them, there were at least 2,000 air force advisers, or 800 more than in 1967. The number of U.S. advisers assigned to the "special forces" training centres and regular units of the puppet army increased from 150 to 1,000 (according to a British source, the figure might be 2,000). The U.S. "special forces" operating in southern Laos are estimated at about 1,200 men. Thus there is one U.S. military adviser for every six Laos puppet soldiers (compared to the 70,000 men of the Vientiane army). In addition according to a statement of Senator R. Ottinger on April 24, 1970, at least half of the 48,000 U.S. air force personnel in Thailand (i.e. 24,000) are now directly participating in air activities in Laos. All told, the number of U.S. military men now taking part in military activities in Laos on the ground and in the air has run into tens of thousands at least equal to half of the total effectives of the Laos puppet army.

The running of the U.S. colossal war machine in Laos remains an affair of the U.S. embassy, Nixon's ambassador to Vietiane remains a military proconsul. The paper "France Soir", on March 3, 1970 said everything in Laos is controlled from the building of the U.S. embassy which houses the brain of the war machine. The number of army and air force military attaches of the U.S. embassy exceeds 200, an unusual figure for a foreign diplomatic mission in a country like Laos. The USAID agency in Laos is also operating within the framework of the U.S. diplomatic mission in Vientiane and is working for the CIA. [illegible] 1970, J.A. ON CHAIRMAN MAO TSE TUNG'S DECLARATION OF 20 MAY, 1970

In this declaration, Chairman Mao Tse Tung has set forth a brilliant and timely analysis of the qualitatively new situation that exists in the world as a result of the treacherous new acts of aggression launched by the fascist, imperialist Nixon-Chinesepeoples.

This declaration pulls together into clear focus the revolutionary struggles and the liberation struggles ofthepeople of the whole world, including the revolutionary struggle oftheAmerican people themselves.

Speaking specifically for the Black Panther Party, but reflecting the sentiments of millions of oppressed people inside the United States, it has become crystal clear to us that rampant imperialist aggression onthe international scale and vicious fascist repression on the domestic scale are the two faces of the criminal government of the United States and the calculated policy of the American ruling circles. For 400 years now, Black people inside the United States have been the long-suffering victims of fascist violence and repression. But under the Nixon-Pentagon clique, this reactionary violence and repression has been escalated to newheights of barbaric cruelty. At the same time, in order to put down the already gigantic and still growing mass movement among White Americans against the wreckless and sanguinary policies and imperialist adventures of the U.S. government, the cowardly Nixon-Pentagon clique has unleashed a bloodbath against the Americanpeople as a whole, creating for itself new enemies who have joined hands with those who were already determined to carry out a struggle to the bitter end against an economic, political, and social system that is dominated by the madmen in the Pentagon and that is responsible for the misery and bloodshed all over the world today.

Chairman Mao Tse Tung captures the truth of the situation when he points out the unprecedented isolation of the Nixon-Pentagon clique. Never before have these criminals been so exposed and isolated as they are today. And never before has it been so clear that this criminality can only be ended by the people rising up to seize their own destiny from the handfull of willful exploiters and murderers that now have the power in their hands.

Coupling a revolutionary call to arms with revolutionary optimism in the assurance of victory, Chairman Mao Tse Tung, the great leader of the Chinese Revolution, hero and teacher of the revolutionary people of the world, has performed an invaluable service to all mankind by stepping forward at this time to renew the people's indictment of the common enemy of us all--U.S. Fascism and Imperialist Aggression. These courageous words of Chairman Mao Tse Tung will give new heart to the peoples in their lonely anddifficult struggles to throw off the shackles and chains of oppression now being held in place by U.S. Fascism and Imperialism.

Lastly, we wish to point out that only the enemies of the people and those who shirk their revolutionary duties and who are afraid of their own shadows will findfault with Chairman Mao Tse Tung's declaration. For our part, we welcome it, because we have learned, by shedding our blood, that only through relentless struggle, by resorting to arms inside the very house of U.S. Fascism and Imperialism itself, can we gain our freedom and liberation. This is what our experience has taught us and this is the faith that will sustain us as we push forward our struggle..

LONG LIVE CHAIRMAN MAOTSETUNG!
LONG LIVE THE VICTORY OF THE PEOPLES' WAR!
DEATH TO THE U.S. FASCISM AND IMPERIALIST AGGRESSION!

This is to advise of a meeting with representatives of the Senate Select Committee (SSC) on 6/12/75 in my office in accordance with the request set out in Legal Counsel to Mr. J. B. Adams memorandum dated 6/4/75.

IS-1 Section Chief J. G. Deegan, Number One Man William H. Atkinson, Unit Chiefs Homer A. Newman, Jr., David Ryan, Garnett T. Tunstall, and Special Agent Paul Daly of the Legal Counsel Division met with Jack Smith and Lester B. Seidel of the SSC staff.

At the outset Mr. Seidel indicated that SSC would do case studies on various organizations against which the COINTELPRO was directed. Black Panther Party (BPP) had been chosen for the start because many BPP members had been involved in and convicted of criminal activity. He distributed copies of a document (a copy of which is attached) outlining the purpose of the meeting and setting out requests that will be made of the Bureau through appropriate channels in connection with this case study. Included in this document, along with requests for various Bureau documents regarding COINTELPRO as it pertains to the BPP, were requests for a list of all local police departments and personnel contacted, a list of all media persons contacted and a list of all FBI personnel connected with this program and their present locations.

The investigative responsibilities of the Bureau, as relates to the BPP, were described generally to Messrs. Seidel and Smith highlighting the origin of this violence-prone organization and the series of violent confrontations in which it participated in the late 1960s. Mr. Seidel stated that he was specifically interested in ascertaining the extent of COINTELPRO and how it related to the investigation of the BPP in San Francisco - Oakland and Los Angeles. COINTELPRO was stressed only as a procedure which could have been followed in the course of our investigation. ~~No specific~~

instances of institution of counterintelligence activities were discussed, and it was indicated that these activities were minor as far as the overall BPP investigation was concerned.

In connection with COINTELPRO, the Bureau letter to SAC, San Francisco dated 5/11/70 captioned "Counterintelligence and Special Operations" was discussed. Basically, this letter suggests San Francisco consider a proposal that through the use of documents subtly incorporating false information, attempt to give the BPP the impression that the documents were stolen by a disgruntled police employee who is sympathetic to the Panthers. This document was presented to the House of Representatives Committee on Internal Security in 1974 and was included in their publication of hearings conducted by that Committee. Messrs. Seidel and Smith wanted to know if the activities outlined in this letter had been implemented by the San Francisco or Los Angeles Offices. He was advised that this letter was not implemented as it had requested comments and recommendations of the San Francisco Office, and that Office had recommended against the proposals contained therein.

Mr. Seidel asked the identity of the SAC who recommended against this proposal and was advised that the SAC there, at that time, would not necessarily have had personal knowledge of the matter. He then asked identity of supervisor who recommended against proposal and was advised this information was available in the field office. Concerning COINTELPRO in general, he inquired as to specific techniques used against the BPP and whether forgery and wiretaps had been a part of the program. He was advised that we were unable to furnish that information without extensive file review.

Mr. Seidel attempted to discuss Special Operations but he was advised that the matter was not within the purview of the current meeting.

Mr. Seidel explained that they would be traveling to San Francisco and intended to interrogate personnel in that Office as well as unspecified outsiders who may have been involved in COINTELPRO. Mr. Seidel stated that he had asked for the meeting with Bureau personnel to obtain background data to aid them in these

interrogations. Both Messrs. Seidel and Smith expressed appreciation for the assistance given them at this meeting and both additionally expressed their feeling that the Bureau had done a good and proper job in its investigation.

During the course of this meeting a monograph on the BPP prepared by the Bureau in March of 1971 was used for background data. Mr. Seidel expressed a desire to have a copy of this document. This document, which is prepared from public source data, was compiled for public distribution and, if you approve, a copy will be furnished to Mr. Seidel.

ACTION:

For your information and if you approve, one copy of attached document entitled "Black Panther Party"* will be sent to Mr. Seidel.

SUBJECT: SENSTUDY 75

The purpose of this memorandum is to advise that a representative of captioned Committee requested to be given a briefing concerning counterintelligence programs as applied to our investigation of the Black Panther Party in San Francisco.

Lester Seidel, staff member of captioned Committee who is assigned the area of COINTELPROS, advised that the Committee is preparing what he termed case studies on COINTELPROS in four separate areas. He defined these areas as the Black Panther Party in San Francisco, White Knights of the Ku Klux Klan of Mississippi, the Professor Morris J. Starsky incident, and the Fred Hampton case (Black Panther Party leader in Chicago who was killed during a police raid in Chicago, Illinois).

Seidel previously had requested the Bureau arrange interviews of various Bureau personnel whom he considered familiar with the San Francisco Black Panther Party investigation, and at that time stated he intended to interview these individuals in two or three weeks. Mr. Seidel requested that prior to conducting interviews concerning this particular area, he desired to be briefed during the week of June 8 concerning the Bureau's general overall investigation of the Black Panther Party in San Francisco, along with the use of counterintelligence proposals against that organization. In this regard he desired that someone knowledgeable in this aspect be made available to brief him concerning this matter.

Dear Mr. Halperin:

Reference is made to my letter to you dated April 8th, regarding your request for the "Delimination Agreement of 1948."

Coordination of this matter with the Central Intelligence Agency (CIA) has disclosed three documents which are pertinent to your request. It is my understanding that two of the three documents have been released to you by that agency, and I am enclosing with this letter, the third document. You will find this letter dated October 2, 1948, from former FBI Director J. Edgar Hoover to Mr. Frank G. Wisner, then the Assistant Director for Policy Coordination, CIA, contains certain deletions. The material deleted refers to the same material excised in one of the two documents furnished to you by CIA, and concerning which CIA asserted exemption provisions found in Title 5, United States Code, Section 552 (b)(1) and (b)(3). These provisions relate to matters that warrant classification and those which are specifically exempted from disclosure by statute. It is considered appropriate for the same exemption provisions to be cited by this Bureau in connection with the deleted portion.

You have thirty days from receipt of this letter to appeal to the Attorney General from any denial contained herein. Appeals should be directed in writing to the Attorney General (Attention: Freedom of Information Appeals Unit), Washington, D. C. 20530.

INTELLIGENCE EVALUATION COMMITTEE (IEC)
INTERNAL SECURITY, MISCELLANEOUS

Senstudy -75

This is to receive approval for submission of copies of documents requested by the U. S. Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. By letter dated 5/14/75 Senator Frank Church, Chairman of the above Committee, requested the Attorney General furnish documents including "all memoranda and other materials in the possession of the FBI pertaining to the activities of the IEC." (Appendix C, I, 14).

Mr. Kevin Maroney, Deputy Assistant Attorney General, Department of Justice, advised Supervisor Garnett T. Tunstall on 5/29/75 that the Department has made available to Senator Church's Committee all data contained in Departmental files on the IEC. Included in this material are work papers and final estimates prepared by IEC as well as communications between IEC and the Bureau. The only information remaining in Bureau files not already made available to the Committee consists of in-office memoranda. These memoranda fall into three general categories:
1. Those dealing with the origin and staffing of IEC,
2. Memoranda setting out requests from IEC for information from the Bureau and requests for approval to send such data to IEC and
3. Memoranda transmitting estimates and work papers of IEC which was the result of information furnished by the Bureau and other participating agencies.

These memoranda, without exception, show that the Bureau's participation in IEC was at the instruction of the Attorney General, its activities were legal and that the Bureau's contribution was substantial. It should be noted that the memorandum M. A. Jones to Mr. Bishop dated 11/25/70 captioned

SUBJECT: SENATE SELECT COMMITTEE

On 6/9/75, Mr. K. William O'Connor telephonically advised me that the Committee is interested in information concerning certain electronic surveillance coverage instituted at the request of the White House concerning seventeen individuals. Mr. O'Connor said that he understands that a letter was addressed to the White House by the Bureau furnishing copies of documents that summarized the information available to the Bureau concerning the alleged seventeen wiretaps. Mr. O'Connor requested that he be briefed concerning this matter in order for him to discuss the Committee's requests.

It appears that Mr. O'Connor may be referring to a letter dated July 23, 1974, that was addressed to Mr. George P. Williams, Associate Counsel to the President, at the White House. A memorandum was addressed to the Attorney General also dated July 23, 1974, captioned "Electronic Coverage Placed At The Request of the White House," which advised the Department that pursuant to the authorization of the Deputy Attorney General certain documents had been furnished to Mr. Williams at the White House.

RECOMMENDATION:

That the Intelligence Division identify the materials involved in Mr. O'Connor's request and provide him with an appropriate briefing.

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

Attached herewith in 14 bound volumes are excised copies of Exhibits A through E of the Department report of FBI Counterintelligence Program (Cointelpro) activities, prepared by the committee chaired by former Assistant Attorney General Henry E. Petersen.

These exhibits are individual write-ups prepared by the FBI of each proposed action in the Communist Party, Socialist Workers Party, White Hate, Black Extremist, and New Left Cointelpros.

In my letter to you dated April 21, 1975, I recommended against release of these exhibits to the Senate Select Committee as they are internal work papers which were prepared as a part of the deliberative process for an in-house Department investigation. I strongly object to the release of these exhibits. In the event you deem it necessary to release these exhibits to the Senate Select Committee, I request the enclosed copies, which have been excised in an attempt to avoid intrusions upon individuals' right of privacy and compromise of sensitive investigative techniques and sources, be made available.

On 6/4/75, Mrs. Dorothy Skillman, former Executive Assistant to Mr. Clyde Tolson, was interviewed by Mr. Mark H. Gittenstein and Miss Mary Deoreo of the Senate Select Committee Staff. Mrs. Skillman was escorted to the interview by former Assistant to the Director John P. Mohr who remained outside the interview room during the interview. Prior to the interview, Mrs. Skillman was met by SA L. F. Schwartz at which time she advised that she had been advised by Mr. John Hotis, Office of Legal Counsel, that the interview was to be concerning Mr. Hoover's Official and Confidential (OC) files and that if questions came up during the interview on other matters which might impinge on sensitive sources and methods, current Bureau investigations, etc., she was free to request an interruption of the interview to consult with Mr. Schwartz.

The interview of Mrs. Skillman commenced at 2:30 p.m., and it was terminated at approximately 4:30 p.m. On only one occasion toward the end of the interview, Mrs. Skillman asked to consult with Mr. Mohr and Mr. Schwartz. She advised that the interviewers had asked her concerning her knowledge of what might have been in certain cartons which were reportedly stored in the recreation room area of the late Director's residence. Mrs. Skillman stated that she thought these cartons contained many of the gifts and mementos that had been collected by Mr. Hoover over a period of years. After consulting with Mr. Mohr, she realized that she knew this only from comments that had been made to her by Mr. Mohr and had no firsthand knowledge of the contents of the cartons. On Mr. Mohr's advice, she advised the interviewers that she had no firsthand knowledge of what was in the cartons but that she knew that Mr. Mohr was aware of what was in them because he was present when the appraisers of Mr. Tolson's estate inventoried the entire house including these cartons. At the conclusion of the interview, Mr. Gittenstein commented to Mr. Mohr that he might have further questions to ask him concerning the contents of the cartons but would probably handle that by a telephone call to Mr. Mohr.

After the completion of the interview, Mrs. Skillman advised Mr. Mohr and Mr. Schwartz that the interviewers had asked her a great number of questions concerning her knowledge of the OC files which she said was very limited, the layout of Mr. Hoover's house and the work that Mrs. Skillman and Miss Gandy had done at the residence subsequent to Mr. Hoover's death. She stated that the interviewers were quite courteous and in no way antagonistic. Mr. Mohr requested Mrs. Skillman to type up an informal memorandum concerning the interview and he indicated that when this was done, he would provide a copy to the Bureau.

INTERNAL REVENUE

Hon. Donald C. Alexander
Commissioner, Internal Revenue Service
Internal Revenue Building
1111 Constitution Avenue
Washington, D. C. 20224

Dear Commissioner Alexander:

The Committee appreciates your letter pledging the full cooperation and assistance of the Internal Revenue Service in the work of the Senate Select Committee on Governmental Operations With Respect to Intelligence Activities. We also appreciate your forwarding the draft resolution which would authorize the Committee to review any "tax-related information" which may fall within the purview of its responsibilities. Such a resolution is being put forward.

In an effort to expedite the Committee's inquiry into the intelligence functions of the Internal Revenue Service, the Committee asks your cooperation and assistance in furnishing the material and information sought in the enclosed "First Request for Documents from the Internal Revenue Service" and "First Interrogatories to the Internal Revenue Service". It is the Committee's desire that most of the material and information requested be provided by May 30 and the remainder very shortly thereafter. We also request that you provide the answers and documents as they are compiled rather than holding those which are initially compiled until May 30.

In the near future, the Committee's Chief Counsel will be in touch with your General Counsel to work out the mechanics of delivering the requested documents and interrogatory answers and to arrange for close liaison between the Committee's staff and the Internal Revenue Service personnel with whom the staff will wish to meet.

While we recognize that the enclosed requests are substantial, they reflect the broad mandate given to the Committee by the Senate. We believe that it is in the national interest that we perform our

ENCLOSURE 62-116395-541

work under that mandate both expeditiously and thoroughly. Of course, for us to proceed expeditiously, it is necessary to obtain prompt cooperation from the Executive agencies involved. We are hopeful that with your continued cooperation the end result of our joint efforts will meet the Committee's responsibilities to the Congress and to the American people.

Sincerely yours,

Frank Church

HOUSTUDY 75

By memorandum F. B. Griffith to Mr. Bassett captioned "Senstudy 75" dated 2/6/75, you were advised that "Senstudy 75" is the code word for the control file (62-116395) containing all communications relating to the Senate Select Committee's (SSC) investigation and study of Governmental operations with respect to intelligence activities.

In mid-February, 1975, the House of Representatives created a Select Committee on Intelligence Activities which will have virtually the same jurisdiction and responsibilities as the above SSC. To date, practically all our work has been related to the SSC and only very recently has the House Select Committee (HSC) made any efforts to commence staffing.

As it appears, we can expect in the near future requests from the HSC similar to that already received from the SSC and in order to facilitate the administrative handling and retrieval, where necessary, of HSC requests and this Bureau's response to same, the code word "Houstudy 75" is being assigned to the control file (62-116464) containing all communications pertaining to the HSC and related matters.

SUBJECT: SENSTUDY 75

The purpose of this memorandum is to advise that the Bureau has been requested to again make available Newark office secretaries, Mary Ann Massa and M. Ann Mierzejewski for interview by captioned Committee and that the Department and White House had instructed that they not be made available until such time as the Committee decides to allow Bureau representatives to be present during interview.

By way of background, you will recall that these employees were released from the Employment Agreement and were made available for interview on May 20, 1975, by captioned Committee. However, the Department in objection stated that they were desirous that a Bureau representative be present during the interview. The topic of the interview was to have been their duties and responsibilities during the period of July to September, 1964, in connection with the Democratic National Convention, Atlantic City, New Jersey. Ultimately, neither the Department nor the White House could reach agreement concerning the interviews and the employees did not submit to interview.

On June 3, 1975, Michael Epstein, staff member of captioned Committee again requested these employees be made available for interview on June 5, 1975, at 10:00 a.m. The scope of the interview would be the responsibilities and duties performed during the period of July to September, 1964, in connection with the Democratic National Convention in Atlantic City, New Jersey.

Memo from Legal Counsel to Mr. Adams
SENSTUDY 75

Mr. Epstein classified the interview as an "abuse" type and agreed to allow agents to be available but not present during interview.

On June 3, 1975, K. William O'Connor, Special Counsel to the Deputy Attorney General for Intelligence Coordination, was advised of the request and of the fact that an agent could not be present during interview. He stated that the Department's position was that unless the Committee consented to allow Bureau personnel to be present, the interview would not go forth, and that he would advise Epstein and F. A. O. Schwarz, Chief Counsel of the Committee, of this decision.

Mr. O'Connor telephonically recontacted Special Agent Daly and advised that he discussed the matter with assistant to the Counsel to the President, James A. Wilderotter. Wilderotter told O'Connor it was the White House position that these girls should not be made available for interview unless the Committee allows Bureau personnel to be present. Wilderotter stated these two employees had been cited as examples wherein the White House felt interviews should not be conducted without representatives of the particular agency or Bureau being present as they are service personnel. According to Wilderotter, Schwarz agreed to this position.

O'Connor telephonically contacted Special Agent Daly on June 4, 1975, at which time he advised that he had discussed the interview with Schwarz, Epstein, and staff member Mark Gitenstein, and they would hold in abeyance the request to interview the employees pending a review of documents the Bureau is making available concerning 1964 Atlantic City Convention as stated in the Committee's request of ~~June~~ May 14, 1975.

This memorandum is to advise of the scheduled appearance, under oath, of former Chief Postal Inspector Henry B. Montague before the full Senate Select Committee (SSC) in Washington, D. C., on 6/12/75.

On 6/4/75 Mr. Ron L. Jackson, Assistant Chief Inspector, U. S. Postal Service, advised Liaison Agent L.A. Crescioli that he was contacted this date by Mr. Montague who informed Jackson that he, Montague, was scheduled to appear before the full SSC on Thursday, 6/12/75. According to Jackson, Mr. Montague appeared to be very concerned about his appearance before this Committee. In fact, Montague requested that Jackson alert FBI Director Kelley to the fact that Montague will appear before this Committee. Montague did not indicate any specifics to Jackson as to why he was so concerned over his scheduled testimony before the Committee.

In the way of background, Montague was the Chief Postal Inspector from 1961 to the Spring of 1969, on which latter date Mr. William J. Cotter assumed the position of Chief Postal Inspector. Prior to 1961 Montague was the Inspector-in-Charge of the New York Division of the Postal Service. In the opinion of Mr. Jackson, Montague is a man of the highest integrity and most certainly is not involved in any wrongdoing. Jackson confidentially advised the Liaison Agent that it is his belief that Montague is so concerned about his appearance before the Committee because he may have to reveal certain agreements that prevailed in the past between the Bureau and the Postal Service concerning mail covers that have not been made public to date.

Jackson added that he personally has no knowledge of what agreements or understandings between the Bureau and the Postal Service that may be divulged by Montague. He emphasized that Montague did not divulge such data to him.

In conclusion, Jackson stated that Montague is in a retired status and has just returned from an extended vacation in the Mediterranean area. Montague did inform Jackson that the Committee has authorized Montague to be accompanied before the Committee by personal counsel; however, Montague has decided that he will testify alone and without personal counsel.

Dear Mr. Jones:

As you are aware, I have been concerned for some time about the nature of the Bureau's involvement in local law enforcement affairs. This concern has been heightened by my appointment to the House Select Committee to Investigate the U. S. Intelligence Community. In this light, I am requesting answers to the following questions concerning FBI activity in Berkeley:

1. What is the size of the contingent of agents in the Berkeley field office?
2. What are the functional responsibilities in the field office, and what are the percentages of agents involved in each, i.e., political, drug abuse, criminal, etc.?
3. What are the titles of the agents, and how do these relate to their involvement in category two?
4. What is the ethnic and sexual breakdown of the staff and agents in the Berkeley field office?
5. What are the interactions and working relationships between the field office, the Berkeley Police Department, the University of California Police Department, private security agencies and informers? How many informers are utilized by the field office?
6. Recent disclosures have raised serious questions regarding the Bureau's involvement in political surveillance activities of organizations and individuals over the past several years. What actions has the local field office taken to correct the abuses of these actions, and what political surveillance is being undertaken?

Honorable Ronald V. Dellums
House of Representatives
Washington, D. C. 20515

Dear Congressman Dellums:

This is in response to your letter dated May 28, 1975, sent to the Senior Resident Agent of the Berkeley, California, FBI Resident Agency.

To clarify your inquiries, it should be noted the Resident Agency at Berkeley, California, operates under the general supervision of the FBI's San Francisco Office.

There are currently nineteen Special Agents assigned to the Berkeley Resident Agency. All are white males. The function of a resident agency is to handle all FBI matters within its specific geographical territory. This includes criminal, security and applicant investigations. The FBI does not have primary jurisdiction regarding drug matters and does not conduct "political" investigations.

MAILED 7
JUL 15 1975
FBI

As a matter of policy, the FBI advises other governmental law enforcement agencies of matters coming to our attention which are within the investigative jurisdiction of those agencies. In some cases there is concurrent jurisdiction and a joint investigation may be conducted; however, local law enforcement agencies do not have access to FBI files. Representatives of private security agencies may be contacted from time to time in the course of discharging our official responsibilities just as any other citizens may be contacted. The FBI also utilizes the services of informants to develop information concerning matters within this Bureau's investigative jurisdiction; however, it would be inappropriate for me to discuss more specifically the number of such informants or the manner in which they are utilized.

Honorable Ronald V. Dellums

As I have already indicated, the FBI does not conduct "political" investigations, nor do we conduct "political surveillances." We do, of course, have a responsibility for conducting domestic intelligence investigations authorized under legislative enactments, Presidential Directives and instructions of the Attorney General. These matters relate to espionage, sabotage, treason, sedition, and other activities involving the internal security of the United States. The policies relating to such investigations are not made on an ad hoc basis by individual Agents or individual offices, but conform with broad policy applicable to all offices.

The FBI offers a variety of courses of instruction for law enforcement personnel throughout the United States, including such subjects as anti-sniper and survival training and special weapons and tactics, commonly known as "SWAT". The basic purpose of this training is to provide well prepared teams capable of resolving highly dangerous situations with a minimum of risk to innocent bystanders, the law enforcement personnel involved and the subjects of the investigation.

Enclosed is a newsclipping describing some of the training of our own personnel in this field. The article appeared on June 1, 1975, in the "Washington Star News."

Sincerely yours,

C. M. Kelley

Memorandum W. R. Wannall to Mr. J. A. Mintz 4/11/75 recommended that a draft of the proposed Memorandum of Understanding concerning clearance procedures for Staff Members of the captioned Committees be coordinated with Central Intelligence Agency (CIA) and other appropriate members of the intelligence community.

On 6/2/75 the draft Memorandum of Understanding was discussed by SA L. F. Schwartz with Mr. John M. Clarke, Associate Deputy, Intelligence Community Staff, and Mr. Donald E. Moore, Chairman, Security Committee, U. S. Intelligence Board, who advised that the draft had been reviewed by CIA and by the Security Committee on behalf of the intelligence community. They requested that the draft be revised in order to recognize the need for certain Staff Members to be cleared for access to compartmented information (a procedure already being followed by the Church Committee) and the desire of the Director of Central Intelligence (DCI) that it be made clear that the DCI will only offer his advice upon the request of the Committee Chairman and that in all cases the final determination as to clearance is the responsibility of the Committee Chairman.

UNRECORDED COPY FILED IN

Attached is a revised draft of the Memorandum of Understanding incorporating the changes proposed by Mr. Clarke and Mr. Moore which changes are underscored. Both Mr. Clarke and Mr. Moore were of the opinion that since Senator Church's Committee was already following the procedures outlined in the Memorandum of Understanding, and had completed the Committee Staff, it would be inappropriate to furnish a copy of the Memorandum of Understanding to Senator Church.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Reference is made to Legal Counsel memorandum to Mr. J. B. Adams, 3/12/75, and my memorandum, 3/25/75, both captioned as above.

By referenced memorandum dated 3/12/75, Legal Counsel recommended that the Intelligence Division (INTD) discuss with representatives of the Central Intelligence Agency (CIA) and other members of the intelligence community procedures for clearing staff members of captioned committees for access to classified information when questions as to the individual's trustworthiness have arisen in the course of the FBI's background investigation. Following such discussions, Legal Counsel recommended that a Memorandum of Understanding concerning these matters be prepared by the INTD which might be used by both Senate and House Committees.

By memorandum 3/25/75, the INTD submitted for approval a draft of a proposed Memorandum of Understanding concerning clearance procedures for staff members of captioned committees. Special Investigative Division disagreed with several features of our draft memorandum and has prepared a revised memorandum, which is attached for approval.

The INTD has coordinated this matter with the Special Investigative Division and interposes no objection to the text of the revised memorandum; however, it is suggested that consideration be given to adding the words "by the FBI" at the end of paragraph five on page one. Paragraph five, thus modified, would read: "Where there is a question of trustworthiness for access to classified information, the Committee Chairman will have the summary memorandum furnished to the Director of Central Intelligence (DCI) by the FBI."

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Mr. Adams memorandum to Mr. Callahan dated 3/7/75, captioned as above, copy attached, reported our conversation with Senator Church and Congressman Nedzi.

As indicated in Mr. Adams' memorandum, Congressman Nedzi asked that we prepare a memorandum of understanding to be approved by CIA, FBI, and the House Committee concerning investigative and clearance procedures for members of the Committee's staff. It appeared appropriate to us to coordinate a memorandum of understanding to be drafted for the House Committee with that to be drafted for the Senate Committee. Therefore, following our return from the meeting with Senator Church and Congressman Nedzi, I called Bill Miller and advised him of the request made by Congressman Nedzi for us to prepare a proposed memorandum of understanding. I asked him whether it would be possible for us to coordinate the language of that memorandum with the understanding that it will be drafted for use by the CIA, other members of the intelligence community, and the Church Committee. Mr. Miller said that the proposal to coordinate the memorandum was completely acceptable to him and he requested that the draft memorandum being prepared for Congressman Nedzi be furnished him for review and possible adoption as the memorandum to be used by the Senate Committee.

RECOMMENDATION:

That the Intelligence Division discuss this matter with representatives of CIA and other appropriate members of the intelligence community and prepare a draft memorandum of understanding that may be used by both House and Senate committees.

FROM : J. B. ADAMS

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

On 3/7/75 Mr. Mintz and I called on Senator Church and his staff director, Bill Miller, to further discuss the procedures for investigating and clearing staff employees of the Committee, particularly where information might be developed raising a question as to the propriety of a clearance. It had previously been approved that the FBI would conduct the background investigations, furnishing the results to Senator Church, and after his determination that the individuals met the required criteria for access to classified information he would notify CIA of his determination and intent to employ the individual involved, at which time CIA would grant the necessary clearance based on the certification by Senator Church.

In discussions between CIA and FBI representatives, we raised the question as to whether CIA would review the results of the investigation prior to granting clearances and CIA representatives indicated they did not intend to and were reluctant to inquire of Senator Church as to whether they could be furnished the results of any investigations involving derogatory information.

In discussing this matter with Senator Church, I inquired whether he had any objection to our bringing to the attention of CIA any questionable cases in order that CIA representatives, who have the responsibility of granting the actual clearances, would be in a position to advise and counsel with Senator Church on those individual cases. He had absolutely no objection to this and, in fact, felt there should be an open communication between FBI, CIA and his Committee to insure that no one was appointed and cleared who did not measure up in every respect from a security standpoint.

I discussed with him the particular case of Stanley Rawson Sloan, the results of which I had brought for delivery to Senator Church. Sloan was

formerly employed by CIA and resigned in December, 1974, after his clearance for sensitive compartmented information had been lifted as a result of his marrying an alien. This marriage would not preclude him from clearance for access to lesser degrees of sensitive material but only for the more sophisticated clearances. Mr. Miller advised that Sloan had not been appointed and was not going to be appointed because of other reasons unrelated to a security clearance.

Senator Church indicated that he felt it would be wise to prepare a memorandum outlining our security clearance procedures and his staff would be glad to prepare such a document.

Following the meeting with Senator Church, Mr. Mintz and I dropped by to see Congressman Nedzi, Chairman of the House Committee, and delivered to him Mr. Kelley's letter congratulating him and offering him our complete cooperation. Chairman Nedzi stated that he was very appreciative of this offer and would consider Mr. Kelley's request to confer with him as an open invitation and as soon as things had shaken down he would be in touch with us.

We discussed with him the investigative and clearance procedures we were following with the Senate Committee and Chairman Nedzi agreed the same procedures should be followed with his Committee, including our making available to CIA any derogatory information which might be pertinent to a clearance determination. At first, he suggested that we send the results of our investigations to CIA before coming to the Committee but then concluded that it would be more appropriate for them to come to him first since some of the applicants under consideration would probably not be appointed. He specifically asked that we prepare a memorandum of understanding to be approved by CIA, FBI and himself.

I asked Mr. Nedzi whether he felt the formulation of his Committee would serve to trim down the number of requests for information being received from various House committees and it was his opinion that it would help in some instances; however, in others committee chairmen would pursue their own inquiries. He personally did not feel he had the clout nor the desire to try to preempt this area entirely for his Committee. He also stated he felt that CIA's problems had in the main been fully exposed and would soon be

of less concern, whereas the concern over domestic security policies of the FBI would undoubtedly be greater in the future. He expressed his appreciation for our cooperation and indicated he was striving for a responsible approach to the inquiry.

Following the meeting with Mr. Nedzi, Mr. Mintz and I agreed that it would be best for us to prepare a proposed memorandum of understanding concerning the investigative and clearance procedures for both Committees in order to try to insure uniformity, and Mr. Mintz will get in touch with Bill Miller to seek his concurrence in that regard. Our efforts will be coordinated with CIA and the proposed memorandum as drawn up will be submitted for the Director's approval.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

By memorandum dated 5-22-75 you were advised that former SA Robert Nichols had been contacted by Lester B. Seidel, staff member of captioned Committee, at which time Seidel attempted to arrange an interview of Nichols. Nichols was advised by Deputy Assistant Director Jack E. Herington of the provisions of Attorney General Order 501-73 pertaining to Departmental approval prior to furnishing information from Bureau files. He was also reminded that he had signed an employee agreement with the Bureau agreeing to maintain confidentiality of the information contained in Bureau files. He was advised if he requested, the Bureau would make available a representative to accompany him should he be interviewed by the Committee.

Former SA Nichols telephonically contacted SA Paul V. Daly of this Division on 5-28-75 and advised he had been recontacted by Mr. Seidel. Seidel requested and Nichols agreed to travel to Washington, D. C., on the morning of 5-30-75 for an interview at the Committee's offices. Nichols stated that Seidel indicated the scope of the interview would be concerning Martin Luther King, Stanley David Levinson, and related matters. Nichols was unable to advise whether this was to be a staff interview or an appearance for testimony purposes before an executive session of the Committee. He stated he was not told by Seidel that his appearance would be pursuant to a subpoena. Nichols requested that the Bureau make available a representative so that Nichols may consult with him during the interview if need be.

62-116395-232

EX-105 REC-20 7 JUN 6 1975

Mr. Nichols was informed that the presence of a Bureau representative should not be interpreted by Nichols as being his private counsel but that the Agent would assist Nichols in making determination whether a specific question should be responded to or whether a response could properly be declined because an answer might compromise a source,

sensitive investigative technique, divulge information furnished the Bureau by other Government agencies and/or foreign intelligence sources or adversely affecting an ongoing investigation. It was pointed out to Mr. Nichols that if he so desires, he could, of course, obtain the services of private counsel. He indicated it was his intention to arrive in Washington Thursday night, 5-29-75. He was requested to appear in the Office of Legal Analysis, Room 4513, at approximately 8:15 a.m. on the morning of 5-30-75 so that arrangements might be made to brief him by the Office of Legal Analysis and subsequently by the Intelligence Division. Nichols stated he would do so.

The Office of Legal Analysis is attempting to obtain from Committee representatives further information as to the circumstances and exact time of interview of Nichols.

RECOMMENDATIONS:

1) Intelligence Division representative be made available to accompany Nichols to his interview with captioned Committee.

2) That Nichols be released from his employment agreement to respond to questions concerning our investigation of Martin Luther King, Stanley David Levinson, and related matters.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Hotis

On May 27, 1975, James A. Wilderotter, Associate Counsel to the President, requested me and representatives of other agencies interested in the arrangements concerning interviews of witnesses by the Senate Select Committee to confer with him and Roderick Hills at 2:30 p.m. that date at the White House. Mr. K. William O'Connor, Deputy Assistant Attorney General, Inspector John B. Hotis and I represented the Department and the FBI. Roderick Hills and James A. Wilderotter represented the President's counsel; Bob Andrews represented the Defense Department; John Warner, General Counsel, CIA; Roy Banner, General Counsel of NSA, and Mr. Hyland from State Department as well as John Clark, Deputy to the Director of CIA, attended.

The purpose of the meeting was to discuss the latest version of proposed procedures to be followed by the Committee staff investigators during interviews of former and current employees. Roderick Hills presented a document (copy attached) which he described as a counteroffer by Frederick Schwarz, Counsel to the Committee. He called for general discussion of the document after indicating that he had discussed this matter with Mr. Schwarz at lunch on May 27th and felt that it was a workable document. I pointed out to Mr. Hills that the document provides that there would be notice to the agencies of the identity of witnesses at reasonable time prior to interviews or taking of sworn testimony except where "the committee or its appropriate delegee" determines that prior notice should not be given. I told him that I was concerned that that provision would be used by the Committee staff to permit individual staff investigators to make that determination and I was confident they would do so.

Mr. Hills was reluctant to seek a modification of the language indicating that he had an understanding with Mr. Schwarz that the authority would be limited to the senior counsel and to members of the Committee. I told Mr. Hills I would request that the language be modified in writing so that the authority would be conferred on specific representatives of the Committee to avoid having staff authority which I thought would be abused. Mr. Hills finally agreed that the language would be modified so that the authority would be available only to both Committee senior counsel and/or a combination of senior counsel and a Committee member. Further, the language would be modified to require that the determination that an agency would not be given prior notice of a pending witness interview would be recorded in writing for the Committee's records.

I asked Mr. Wilderotter and Mr. Hills whether this agreement was to be made between the staff and the agencies or whether it in fact would be accepted by the Committee. After some discussion, we were advised by Mr. Hills and Mr. Wilderotter that the document would be submitted to the full Committee for their approval and incorporated into the Committee's records.

I pointed out that I believed it was necessary for the understanding to be made between the Committee and the Executive in order for there to be some basis for restraining Committee staff investigators who may not be inclined to follow the rules.

Other proposed changes discussed would require the Committee representative to furnish to a witness a copy of the Committee's rules which includes advice concerning the right to counsel and a copy of the proposed guidelines for witness interviews.

I recommended that the guidelines be expanded to address the problem of existing secrecy agreements with former and present employees and the procedural problem involved in Attorney General Order 501-73 which requires prior Departmental approval in order for a witness to respond to a subpoena. As a result, Mr. Wilderotter advised on the morning of May 28, 1975, that he would recommend the addition of a sentence in the opening paragraph that would indicate the guidelines would not be understood to impair the constitutional rights of individual witnesses, agency agreements with employees or former employees, existing Departmental orders or the Committee's own rules.

Memorandum to Mr. Adams
Re: Senate Select Committee, etc.

Other minor changes were considered and an effort will be made to correct the language so that the agencies will be obliged to make reasonable efforts to comply with all Committee requests instead of being required to furnish "all information" absolutely.

Mr. Wilderotter advised on the morning of May 28th that the comments described above will be discussed with Frederick Schwarz in an effort to finally resolve this matter.

RECOMMENDATION:

OUTLINE FOR INQUIRY PROCEDURES

It is hoped that these voluntary guidelines will permit the Select Committee investigation to proceed without undue delay, but it is also recognized that these guidelines do not cover all points or anticipate all problems and that, therefore, either the Select Committee or some agency under investigation may have reason not to follow these suggested guidelines.

Also, it is recognized that this outline is without prejudice to the respective legal positions of the agencies and the Select Committee as to the production of specific information by way of documents or testimony. Not to impair Const. rights of ind. witness, agency rules or agreements, common law.

A. Classification of Interviews/Preliminary Testimony

The parties to this investigation by the Select Committee recognize that interviews/preliminary testimony to be conducted by the Committee staff will generally be of two separate and distinct natures.

(1) Those primarily seeking information concerning (A) the overall structure and functions of any agency or its relationship with other agencies or the Executive branch; (B) the substantive work being done by the agency, including the legal bases relied upon and the requisite approval levels for authorization; and (C) the capacities of each agency and the responsibilities to provide information for other governmental entities.

(2) Those primarily concerning specific allegations of agency or Executive branch abuses or other controversial specific matters where there is reason to believe improprieties may have occurred.

An agency representative will be present, as a general rule, at interviews/preliminary testimony in the first category for the purpose of assisting the Committee's investigation and facilitating the protection of information important to the national interest which is pertinent to the investigation. Similarly, as a general rule, agency representatives will not be present at interviews/preliminary testimony in the second category. The parties recognize, however, that for special reasons exceptions can be made in either case: i.e., when good reason exists, endorsed by the Select Committee, agency representatives may not be present for interviews/preliminary testimony falling under the first category, and for good and sufficient reason the agency may [seek to] have a representative present in the second category subject to the approval, of course, of the Select Committee.

B. Procedures to be Employed in Category (2).

When the Select Committee has identified a specific subject as a potential abuse or impropriety and has so notified the agency involved of its designation, that agency will, subject to the second sentence hereof, make [every effort] to provide the Select Committee

with all information and materials that it has on the subject. There will be a mutual effort by the Committee and the agencies to provide special handling techniques to convey or secure any particularly sensitive information or materials as appropriate.

In abuse or impropriety interviews/preliminary testimony, the following procedures will prevail.

(1) Witnesses will be identified to the agency a reasonable time prior to interviews or taking sworn testimony. This general rule includes current employees, former employees or others who have or have had a relationship with the agency.

Exceptions

~~Written record~~ [illegible]

A. Where the Committee or its appropriate delegee ~~by written doc~~ stet believes that prior identification of a witness could adversely affect the witness' willingness to be interviewed or to be forthcoming, or could otherwise hinder the investigation, such prior notice ~~by written authorization~~ will not be given, but in such cases the agency shall be given a general indication of the points or areas to be covered to the extent that is feasible without undercutting the reason for not providing prior notice in the first instance. Delegees shall consist of both Comm. senior counsel or a comb of senior counsel and committee member.

B. In certain cases, the Committee might notify the agency, if the agency agrees not to contact the witness before his appearance. The agency could identify for the Committee special security matters concerning prospective witnesses and provide information on how to locate a witness.

(2) When the Committee contacts a witness, it will explain the security and other arrangements between the Committee and the agency, as well as serve the witness a copy of these ground rules and a copy of the Committee rules. If the witness wishes to consult with the agency prior to his appearance, the Committee will not discourage or seek to interfere with that desire in any way and will help the witness contact the agency representative.

(3) Whenever they are not present at interviews or the taking of sworn statements, agency representatives will be available for consultations regarding the handling of special security matters.

(4) Whether or not an agency has notice of an interview or sworn statement, the Committee will inform the agency of the general substantive points covered as soon as possible thereafter, unless disclosure of the substance of a particular interview would make discernible the identity of a confidential source. In such cases, the Committee shall, to the extent feasible without undercutting that decision, notify the agency in general terms of the points or areas covered, and the fact that it has interviewed a witness on such matters.

(5) Whenever an agency receives prior notice of a particular interview or taking of a sworn statement, it will also be notified

of the general subject areas and periods of employment in which the Committee is primarily interested. The agency will then check the subject's personnel history file and advise the Committee of any exceptionally sensitive aspects of the subject's employment or activity which require special handling.

(6) If because of concern about security of sensitive information, a witness feels unable to give a responsive answer to a particular question, the witness shall so indicate to the interviewer. The questioner and witness may then consult with the agency representative with respect to an appropriate response which will facilitate the provision of pertinent information and its protection. These matters should be worked out forthwith and ordinarily before the close of the interview/testimony session.

(7) The Committee is responsible for providing special handling of interview notes and other working notes in a manner which will protect sensitive material. At the conclusion of the Committee's inquiry, the Committee will consult with the agencies concerned regarding the appropriate disposition of any such notes which have not been destroyed following the preparation of finished Committee documents. The agencies will indicate which of these notes it feels are too sensitive to be stored under the Archives

arrangement being established for the general disposition of the Committee's working papers and non-public reports.

Subject advised that Nina and Ed Stevens do a lot of entertaining but he had never attended any of their parties. Subject stated that he would not trust Nina Stevens as far as he could throw an elephant. Subject stated that he had no proof but believed Nina to be a Soviet informant.

Fusia

Subject advised that Aline Mosby was a newspaperwoman in Schapiro's office. Mosby, during the past year, had been in the hospital on several occasions and one didn't see too much of her. Subject also advised that Mosby stuck mostly to the foreign circuit rather than the Embassy circuit. Subject stated that one of the reasons Mosby was in the hospital on one occasion was the fact that she had an abortion, according to gossip.

Subject stated that another newspaperwoman in Moscow was Priscilla Johnson. Subject advised that Johnson had the reputation of being a fairly good reporter and one whom the Soviets kept on a month to month visa basis. Subject indicated that it was highly possible the Soviets had attempted to recruit Johnson as she spent a lot of time with Soviet nationals.

Subject was queried as to whether he had ever made an unauthorized disclosure of classified information in the Soviet Union, to which he replied that he had not disclosed classified information as such. He stated that his cover, which he had used for the period in between [State Department] (S) assignments, was that he was a [consultant of the AEC, particularly to the Joint Atomic Energy Intelligence Committee, composed of AEC, CIA, State, NSA, Joint Chiefs, and the Armed Services.] (S) Subject stated that he had indicated to individuals, when questioned, that he had done economic research and analysis in the Soviet field and that he had done this ever since he had first become a [State Department] (S) employee. Subject stated that among others he had discussed this with [Ray Hutchins, his counterpart in the British Embassy.] (S)

Subject was asked for his itinerary on his return trip to the United States. Subject stated that he had long planned to come home via the Far East and it was a well publicized plan. He stated that when he left Moscow he stayed over in Delhi for a week to see if there were any objections from Headquarters as to his itinerary. He stated that when he received no instructions to the contrary, he returned to the United States via his previously announced plans and the differences in fares being borne by him.

Cuban Exile Activities

On January 28, 1960, PSI MIGUEL ANDRES DE LEON ROJAS reported that responsible Cuban exile groups in Mexico City and the United States, who have supported Dr. EMILIO NUNEZ PORTUONDO, are convinced that General JOSE ELEUTERIO PEDRAZA CABRERA, who commands a group of Cuban military exiles in the Dominican Republic, would not be a wise selection as the military leader of the attempt to overthrow the CASTRO government. The PSI further advised that these Cuban exile groups believe that PEDRO LUIS DIAZ LANZ, former Chief of the Cuban Air Force, would be a much better military leader. (S)(S)(U)

The PSI also advised that information received from sources within Cuba reflected that FIDEL CASTRO had prepared a decree ordering the United States to vacate the Guantanamo Naval Base. According to this information, the decree was originally prepared in late November, 1959, but had not yet been signed for issuance. (S)(S)(U)

The PSI further reported that he had heard reports in Miami, Florida, of an invasion attempt which allegedly would be made by supporters of ROLANDO MASFERRER, a Cuban exile who resides in Miami. The PSI stated that MASFERRER, ROBERTO FERNANDEZ MIRANDA, NORMAN ROTHMAN, and their associates form a group which is not regarded in a favorable light by responsible Cuban exiles or by responsible elements within Cuba. The PSI stated that from the information available to him in Miami he doubted very much that MASFERRER would be able to make an attempt at invading Cuba or, if an attempt were made, that it would be successful. (S)(U)

Nicaragua

PSI DE LEON also advised on January 28 that he had received information from within Cuba that ERNESTO "CHE" GUEVARA has not abandoned his project to utilize pro-Communist Nicaraguan exiles and Cuban "volunteers" in an attempt to invade Nicaragua. This source advised that approximately 400 guerrillas have been trained to make up the invasion force. The PSI stated he had received no information as to the timing of such an attempt, but expressed doubt that it would occur in the immediate future in view of the concern of the Cuban Government over a possible early invasion attempt by Cuban exiles. (S)(U)

age and is disposed to follow an international policy that will not only benefit Mexico but its sister Latin American countries who are bound together not only by historical ties but by the same economic and social conditions and identical perspectives. In apparent reference to DAVID ALFARO SIQUEIROS, leading PCM figure, he stated that some people, who are unable to understand national and international politics although they expound them daily, have been critical of President LOPEZ MATEOS' trip. During the course of the President's trip SIQUEIROS made a statement to the press wherein he criticized the President for not accepting a bid to visit Cuba and stated that President LOPEZ MATEOS was merely laying the ground work for a subsequent visit by President EISENHOWER. LOMBARDO was critical of President LOPEZ MATEOS in certain respects, particularly in connection with the imprisonment of the railroad strike agitators and PCM and POCM leaders.

As soon as a photograph of [BAKULIN] became available, it was [S] shown to MEX-[87] (S) who immediately and positively identified him as [his principal "VALENTIN."] (S)

On [January 11] 1960, MEX-[87] returned to Mexico City [S] from a trip to Los Angeles. He thereafter kept a prearranged meeting with [BAKULIN] (S) on [January 18,] 1960, and (S) turned over to [S] him a [report of his activities in Los Angeles] (S) as well as a [map] (S) and newspaper clippings gathered by [LA 4199-S.] [BAKULIN] [S] instructed MEX-[87] to pick up a [Soviet message on January 21,] [S] 1960, from [the dead drop at Pilares and Pestalozzi] (S) Streets. The [message] was to contain questions regarding MEX-[87]'s [S] [report on his] trip to Los Angeles. [BAKULIN] also set up a [S] personal meeting for [February 15,] 1960. (S)

[MEX-[87 retrieved Soviet Message No. 22] on [January 21] (S)

The Soviets (S) inquired how and where LA 4199-S keeps the notes of his observations and the newspaper clippings, among what type of (S) people does the Los Angeles informant initiate his contacts, (S) what his expenses have been, the manner in which the data on (S) the displacement of a ship seen by the informants was obtained, (S) the intensity of traffic noted in the vicinity of the places (S) visited, the possibility of taking photographs, the security of the objectives, how LA 4199-S explains his trips to his (S) family, and the identity of the objectives on which data can be more easily secured. (S)

MEX-87 deposited his Message No. 22 in the established (S) dead drop on January 25, 1960, and generally answered the questions posed in the prior Soviet message. (S)

Soviet Message No. 23 was retrieved by MEX-87 on (S) February 8, 1960. It changed the personal meeting between (S) BAKULIN and MEX-87 from the third Monday of the month to the (S) last Monday of the month at the same time and place. (S)

Remylet 10/11/63.

It is noted that CUBELA is a Cuban Government official whose desire to defect was made known by MM 761-S in June, 1962. [Thereafter, CIA apparently made contact with CUBELA in Europe through [CARLOS TEPEDINO, 9819 64th Avenue, Rego Park, Queens, New York,] a Cuban exile and long-time friend of MM 761-S, who frequently travels in Europe.] ~~(S)~~ (U)

MM 761-S advised that on July 15, 1964, he was visited by [CARLOS TEPEDINO,] at which time he confided ~~(S)~~ (U) certain information concerning CUBELA. He cautioned the informant to say nothing concerning their conversation which would permit the information to reach CIA or any other source through which it might become public, inasmuch as to do so might result in the death of persons in Cuba, as well as [TEPEDINO himself.] ~~(S)~~ (U)

[TEPEDINO] thereupon confided that he has been ~~(S)~~ (U) acting as the contact man between CIA and CUBELA. CUBELA is also in contact with [the Cuban Ambassador in Paris named CARRILLO,] who reportedly is anti-CASTRO. [CARRILLO] (S) has been assisting both CUBELA and [TEPEDINO.] ~~(S)~~ (U)

According to [TEPEDINO,] CUBELA has been constantly ~~(S)~~ (U) complaining to him that CIA refuses to furnish him with certain necessary equipment with which he could take some

effective action in Cuba. According to [TEPEDINO,] CUBELA desires some sort of compact equipment with which he can possibly eliminate CASTRO; however, CIA keeps offering him only large, bulky, unserviceable material. (~~S~~)(u)

According to [TEPEDINO,] there is now under discussion some plan to kill FIDEL CASTRO, in which CUBELA will figure. CIA allegedly was formerly in favor of such a plan; however, inasmuch as Attorney General ROBERT KENNEDY would have no part of it, it was shelved. Now the plan has allegedly been brought up again for consideration. President JOHNSON allegedly is aware of it, and has not ruled against it. If set in motion, it will be scheduled to occur sometime before the elections in November. (~~S~~)(u)

[TEPEDINO] told the informant he has not been able to learn much more concerning this plan, other than that CUBELA is supposed to participate, that it is to be accomplished by men in Cuba, and possibly someone from Europe. (~~S~~)(u)

The informant advised [TEPEDINO] did not specifically indicate how he had acquired this information; however, the informant presumed from his manner of speaking that he had obtained it from CUBELA. (~~S~~)(u)

The above is for the information of the Bureau, and is not being submitted in form suitable for dissemination since both [TEPEDINO] and CUBELA are apparently of operational interest to CIA. Dissemination would also lead to the disclosure of MM 761-S. Although questioned closely, MM 761-S was not able to furnish any further details. (~~S~~)(u)

PSI Elio Quintero (protect identity) (97-4313), 153 N.E. 44th Street, Miami, advised on 7/29/60 that he had been serving in a liaison capacity with the MRR and prospective defectee pilots of Cuban airlines. His operations were directed by Dr. Manuel Artime Buesa, an ex-Lieutenant of the Cuban Revolutionary Army who now was serving as Secretary General of the MRR. Quintero was in daily telephonic contact with Salvador Aldereguia and Antonio Bascaro, two members of the Cuban Revolutionary Army who were in exile in the Dutch West Indies, and through Artime was attempting to arrange for their admission into the US. ~~(C)~~ (U)

[In July, 1960 there was dissension in the MRR leadership which consisted of Ricardo Lorie, Higinio "Nino" Diaz, Antonio Michel Yabor and Manuel Artime Buesa. Artime, who represented the MRR on the FRD Executive Committee, reportedly was aligned with the political group of Manuel Antonio de Varona, Aurelio Sanchez Arango and Justo Carrillo. The dissident group, Lorie, Diaz and Yabor, who were not accepted by the FRD, aligned themselves with the Liberation Alliance which was formed in Miami on 8/7/60, and claimed they were the true MRR organization. A paid political announcement in the 8/2/60 issue of the "Diario Las Americas" stated that Jose Ignacio Rasco Bermudez, a secretary of the FRD Executive Committee, certified that the only MRR duly accredited representative of that organization to the FRD was Manuel Artime. The National Board of the MRR in Cuba, backed by the FRD, reportedly approved the reorganization of the MRR and Artime's expulsion of Lorie, Diaz and Yabor. Cajigas had told Fernandez that Father Medina, Rector of Villanueva University, Havana, arrived in Miami from Havana, on 9/5/60, for the purpose of contacting Cajigas and offering him the help and resources of the Catholic Church in Cuba in his fight against Castro. Fernandez said that, according to Cajigas, Father Medina advised that the Catholic Church in Cuba was opposed to Manuel Antonio Varona of the FRD. At that time, Varona was to discuss what assistance this group might expect from the US and he also would provide the identity of various anti-Castro groups known to him. Among persons under consideration by Sterling, Varona, and others, for inclusion in this unified organization was Artime Buesa. The MRR, an underground movement formed in Cuba in mid-1959, was composed primarily of three larger groups: (1) the ACU, under Manuel F. Artime Buesa; (2) a military group under Major Ricardo de la Lorie Valls; and (3) an air group, without planes, of 13 experienced pilots under Major Antonio Michel Yabor. The ACU was in existence prior to the Castro regime as the Cuban Catholic University (CACU) students organization. In November, 1959, under Artime's leadership, the majority of the CACU membership joined with the Rebel Army Officer group to become the MRR. In February, 1950, a coordinated movement of anti-Castro exiles outside Cuba was formed in Mexico and named the MRR. Artime and Lorie were joint heads of this newly formed group. About the middle of 1960, Artime, who was in the US, reportedly began to act without authority from the MRR Directorate, which resulted in formation of the MRR splinter group,

On 12/29/62, President John F. Kennedy visited the Orange Bowl Stadium, Miami, where he reviewed the returned prisoners of Brigade 2506. He was accompanied by Jose Miro Cardona and Manuel Artime, both of whom were on the speakers' stand with President Kennedy. [(MM 639-S).] (u)

After Artime's return to the US, he used his influence with the US Government to obtain an interview with President Kennedy in Palm Beach, Florida. He was to continue as head of the MRR. Artime made a good appearance, spoke English, and had charmed US Government officials who were in charge of government policy between the US and Cuba. He was extremely ambitious and would like to be the head of the CRC and probably the future President of Cuba. (Higinio "Nino" Diaz, supra, 1/4/63). u

As a result of nationwide press, radio, and television coverage of President Kennedy's 12/29/62 activities at the Orange Bowl, which coverage prominently mentioned Artime's name, Artime now was better known and his position in the anti-Fidel Castro movement was greatly increased. Generally among Cuban exiles Artime was considered young, immature, and highly ambitious, and many felt that he would be the victim of his own publicity. u [(MM 639-S, 1/5/63).] (u)

This related to boycott by Cuban Brigade 2506 (105-117331) prisoners of President Kennedy's 12/29/62 appearance at the Orange Bowl to welcome the returned prisoners. The article stated that Enrique Llaca, Jr., recently released from Castro's prisons, singled out Manuel Artime and Dr. Jose Miro Cardona, head of the CRC, for criticism, declaring they were using the Brigade for their personal benefits. Both Artime and Miro Cardona denied this. The Brigade, under the leadership of Artime and a joint chiefs of staff, had set up headquarters in Miami. u

[In May, 1961 Fidel Castro offered to exchange a number of Cuban prisoners taken during the 4/17/61 invasion attempt, for US tractors and spare parts for same. Eliminated from the proposed tractor exchange deal were the three leaders of the invasion - Manuel Artime, Jose San Roman and Rafael Bolivar Fuentes. The Cuban Government proposed the exchange of Artime for Francisco "The Hook" Molina, a pro-Castro Cuban who had been convicted of second-degree murder in NYC. However, this proposed exchange failed to materialize and in late March - early April 1962, in Havana, Cuba, the prisoners were tried before a 5-man military tribunal and convicted. The verdict involved heavy ransoms with the ransom for Artime set at $500,000. Subsequently, the US carried out negotiations for release of the prisoners and on 12/23-24/62 they all were airlifted to Miami. Artime, the civil representative of the CRC, reportedly had emerged as a focal figure in the exile community. At a press conference on 12/25/62, he emphasized that all the returned prisoners regarded themselves as the "troops of the Revolutionary Council." Miami Office report dated 4/30/63, set out information indicating that during January, 1963, some MRR (97-4133) functionaries participated in unity discussions with other Cuban revolutionary organizations. The MRR problem was complicated by the recent return to the US from imprisonment in Cuba, of Manuel Artime Buesa, MRR leader who had participated in the April, 1961 invasion attempt. In late January, 1963, Jose Miro Cardona, head of the CRC, tried to overthrow the MRR leadership of Artime. On 2/22/63, at a meeting held by the Enrique Oviedo Leon faction of the MRR (place not indicated), Artime was expelled and Oviedo was named MRR Secretary General. It was reported on 1/22/64 that no further conversations between former Nicaraguan President Luis Somoza and former Cuban President Carlos Prio Socarras were known to have taken place concerning "Operacion Centroamericana"*. This project continued to be at a standstill and activities of Manuel Artime, MRR leader, apparently were not connected with it, although no open break with Prio had been made. Miami report dated 3/19/64, set out activities of Manuel Artime Buesa as head of the MRR. This included Artime's travels between the US and Nicaragua and Costa Rica; his recruiting activities in behalf of his anti-Castro training program and including a number of Cuban exiles recruited out of the US Army for service with his group; the alleged grand style of living of Artime and his followers; and his operation of training camps in Nicaragua where he reportedly had more than five million dollars worth of military equipment. It was alleged that Artime was being officially sponsored and subsidized and that he made a living out of the revolution. On 5/20/65, Nilo Messer, 27 N.W. 47th Street, Miami, advised that he had been Manuel Artime Buesa's secretary and as such traveled thousands of miles with Artime in the US, South America and Europe. He said that he was planning to leave this secretarial position and had obtained another job. U

On 7/23/65, PSI Angel Yerga (protect identity), a Cuban exile who traveled frequently in Central America, advised that Artime continued as head of the MRR (97-4133). About two weeks previously both Yerga and Artime were in Nicaragua. However, the MRR then had no offices or operations in that country. Yerga heard from Cuban exiles in Nicaragua that the MRR reportedly had two unidentified airplanes available to them in Panama. However, there was no indication that the MRR planned any raids against Cuba either by using these planes or an operation by sea. (~~C~~)(U)

General Luis Somoza in Nicaragua told Yerga that Artime's operations there had been eliminated almost completely because of the US Government's attitude toward the MRR. (~~C~~) (U)

During the first days of the Castro regime, she had dated Jose Machado Ventura, who served as Castro's Minister of Public Health in Cuba. At one time (date not indicated) Fernandez also dated Manuel Artime of the famed Brigade 2506 which had invaded Cuba during April of 1961. WF [1683]-S was aware that Artime had [S] traveled to Washington, DC for the sole purpose of visiting Fernandez at her residence (address not given). Documents furnished by OACSI-Army included a G-2 USARSOUTHCOM report advising that an unnamed source who was Chief of the Presidential Guard, Republic of Panama (RP), indicated on 8/16/65, that source had been visited in his home, on both the preceding Friday and Saturday, by Cuban revolutionary Manuel Artimes. Source said that Artimes was a friend of General Somoza, Chief Director of the Nicaraguan National Guard, and of source's sister-in-law, Mrs. Yolanda de Corrales; also, that Artimes knew source's brother-in-law, Lt. Gumberto Corrales, Assistant to General Somoza. Artimes, who had been unable to contact President Robles, asked source to confidentially inform the President that a conspiracy was being planned for the purpose of assassinating the Presidents of Nicaragua, Costa Rica and the RP. Files of the 470th INTC Group, Fort Amador, Canal Zone, revealed background data on Manuel F. Artimes Buesa, born 1/29/32, Camaguey Province, Cuba. His father was shown as Manuel Artimes F. and his mother as Otilla B. de Artimes. It was suspected that Artimes wanted to meet President Robles to obtain from him a letter of introduction, for unknown reasons, to Jack Vaughan, former US Ambassador to RP and present US Assistant Secretary of State.

PSI Cira Olga Montano Lezcano (134-14424) was interviewed on 11/12/65, at Opa-locka Processing Center, Opa-locka, Florida. Montano indicated that she came to Miami from New York in about mid-1962. It was in Miami that she met her second husband, Ernesto Martinez Dominguez, where they both were active in the anti-Castro group of Manuel Artime Buesa who was a personal friend of hers. At the meetings of this group, she gave first aid classes for a period of two weeks in 1963. In October, 1965, Montano and her husband made a trip to Cuba in an effort to bring relatives out of Cuba. While there, she was approached by the Cuban Government to engage in intelligence activities in the US on behalf of Cubans. Included with information she was expected to report was any information concerning Artime and his activities. In Cuba, she was introduced to a man named "Orlando" whom she recognized as a man who was in Miami during 1962 and 1963, working with Artime's group. Prior to receipt of the above information as furnished by MM T-1 on October 9, 1959, the following

MM T-2, [on October 24, 1959,](S) advised that ALBERTO BAYO, JR., director of Air Fumigation, Marianao, Havana, Cuba, revealed [in early August, 1959] that "Nene"(S) MENDIZABAL, subsequently identified as MARIA JOSEFA MENDIZABAL ARVIER, was sent on a delicate mission to Miami, and that in fifteen days, there would be an announcement in the press about PEREZ JIMENEZ. MM T-2 advised that he observed the subject [in the office of ALBERTO BAYO, JR. on three occasions](S)

The following information was obtained in connection with investigation concerning another matter:

On October 29, 1959, MARIA JOSEFA MENDIZABAL ARVIER was interviewed at Miami, Florida, by Special Agents CHARLES W. EDMISTON and JOHN R. BARRON.

MARIA JOSEFA MENDIZABAL ARVIER, 1951 Park Avenue, Apartment 11, Miami Beach, Florida, after being advised of her right to be represented by counsel, that anything she might say could be used against her in a court of law, stated that she was born on November 26, 1916, at Havana, Cuba.

MENDIZABAL stated that she arrived in the United States on August 15, 1959, aboard Cubana Airlines, which departed Havana, Cuba, at approximately 5:30 p.m. on August 15, 1959. She stated that upon her arrival at the Miami International Airport, she was met by Dr. CARLOS SISO and INES DAVILA, as well as a friend of Dr. SISO, introduced to her as CARLOS ~~PULIDO~~. FLA

MENDIZABAL advised that prior to her arrival in Miami, she had received a letter from INES DAVILA in the early part of August, 1959, wherein DAVILA advised her that PEREZ JIMENEZ, ex-Venezuelan President, was seeking the services of a reliable and competent secretary. Enclosed are 11 copies of a letterhead memorandum concerning an alleged plot by the subject to kill ESTEBAN VENTURA NOVO. The source of the information in enclosed memo is [ANA ROSA GUERRA, who contacted this office on 10/24/59 and advised she works for BERNARD L. BARKER, in an undercover capacity in Cuba, where she is employed as secretary to (S) ALBERTO BAYO COSGAYA, Chief of Air Fumigation-Technical, Cuban Air Force. BAYO has been described as a key figure in the Cuban Air Force and [was described by GUERRA] (S) as definitely a Communist. BARKER advised SA JOHN R. BARRON on 10/7/59 that he works for CIA in an undercover capacity in Cuba. This memorandum is classified confidential to protect the identity [of GUERRA] (S) who apparently is a CIA source. [GUERRA returned to Cuba on 10/26/59] (S)

Information concerning the alleged plot against VENTURA has been furnished to the Miami Police Department and the Dade County Department of Public Safety. ESTEBAN VENTURA will be advised that there is possibly a plot to kill him but that no protection can be given him by this Bureau.

1978 VISIT OF PRESIDENT JIMMY CARTER. ALTHOUGH THERE IS A TENDENCY TO BLAME THE UNITED STATES FOR VENEZUELA'S CURRENT FINANCIAL PROBLEMS, IT IS DOUBTFUL THAT DEMONSTRATIONS WHICH MIGHT TAKE PLACE WOULD BE AIMED AT PRESIDENT CARTER, BUT RATHER THEY WOULD BE STAGED DURING THE PRESIDENT'S VISIT TO EITHER EMBARRASS THE CURRENT VENEZUELAN GOVERNMENT OR TO FURTHER DRAMATIZE THE CAUSE BEING ADVOCATED. (SOURCE : A STAFF OFFICER OF THIS AGENCY.)

3. THE VENEZUELAN SECURITY SERVICES RECOGNIZE THIS SITUATION AND EXPECT THAT THERE WILL BE UNPLEASANT, ANTI-VENEZUELAN GOVERNMENT INCIDENTS DURING PRESIDENT CARTER'S CARACAS VISIT. VENEZUELAN AUTHORITIES BELIEVE THESE INCIDENTS WILL DEAL WITH CHARGES OF HUMAN RIGHTS VIOLATIONS AND GOVERNMENT CORRUPTION. THE SECURITY FORCES WILL BE ABLE TO CONTROL ANY SITUATION THAT ARISES, THE AUTHORITIES BELIEVE. (SOURCE: [AN OFFICIAL VENEZUELAN SERVICE.)] (S)

5. VENEZUELAN EXTREME LEFTIST GROUPS INCLUDE THE BANDERA ROJA (BR); THE BANDERA ROJA-MARXIST/LENINIST (BR/MLLN ALSO KNOWN AS THE ANTONIO JOSE DE SCURE GUERRILLA FRONT: THE ARMED FORCES OF NATIONAL LIBERATION (FALN),AND THE ORGANIZATION OF REVOLUTIONARIES (OR). THESE GROUPS HAVE BEEN OPERATING IN THE EASTERN VENEZUELAN STATES, PARTICULARLY MONAGAS, ANZOATEGUI, SUCRE AND BOLIVAR. THEY HAVE CARRIED OUT NUMEROUS RAIDS ON MILITARY POSTS, HAVE TAKEN OVER SMALL TOWNS FOR A LIMITED PERIOD OF TIME DURING WHICH THEY LECTURED THE TOWNS PEOPLE ON ANTI-GOVERNMENT POLITICAL THEMES, AND IN GENERAL HAVE HARRASSED AND EMBARRASSED THE GOVERNMENT FOR SEVERAL MONTHS. (SOURCE: [A VENEZUELAN GOVERNMENT EMPLOYEE WITH ACCESS TO OFFICIAL REPORTS] AND]WHOSE REPORTING IS GENERALLY RELIABLE.) (S)

6. DESPITE A LARGE-SCALE VENEZUELAN MILITARY COMMITMENT IN THE EASTERN STATES, THE GUERRILLAS REMAIN

(8)

VIRTUALLY UNTOUCHED THEY MOVE ABOUT THE TOWNS AND CITIES OF THE AREA RELATIVELY FREELY AND GENERALLY ENJOY THE SUPPORT OF THE LOCAL CITIZENS. FOR THE MOST PART, THEY ARE NATIVES OF THE AREA, OR THROUGH THE YEARS HAVE SPENT A GOOD DEAL OF TIME THERE, HAVE MUCH IN COMMON WITH THE LOCAL PEOPLE, AND, IN SHORT, ARE MORE FRIENDLY AND THUS MORE WELCOME THAN THE GOVERNMENT SECURITY AND MILITARY PEOPLE. ESTIMATES OF THEIR STRENGTH RANGE FROM 50 TO 150 INDIVIDUALS. (SOURCE: [A VENEZUELAN GOVERNMENT EMPLOYEE WITH ACCESS TO OFFICIAL REPORTS AND] WHOSE (S) REPORTING IS GENERALLY RELIABLE.)

7. THE GOVERNMENT'S OWN HEAVY HANDED METHODS IN DEALING WITH THE LOCAL POPULATION, HAVE, IN TURN, HARMED THE GOVERNMENT'S IMAGE IN THE AREA FAR MORE THAN THE GUERRILLAS COULD HAVE HOPED TO DO WITH THEIR OPERATIONS. ALTHOUGH THE GOVERNMENT PUBLICLY CLAIMS TO HAVE CAPTURED SEVERAL GUERRILLA LEADERS RECENTLY, THE PRISONERS ARE ILLITERATE FARM WORKERS WHO CLEARLY ARE NOT TRAINED GUERRILLA FIGHTERS. THOSE WHO FEEL THAT THEY HAVE BEEN VICTIMIZED BY THE SECURITY FORCES, TURN AWAY FROM THE GOVERNMENT AND TOWARD THE GUERRILLAS. MANY OF THOSE WHO ARE NOT

DIRECTLY AFFECTED ALSO LOSE RESPECT FOR THEIR GOVERNMENT WHICH, WHILE MISTREATING THE CITIZENRY, FAILS TO ERADICATE THE GUERRILLAS. INVESTIGATIONS INTO THE GOVERNMENT'S ANTI-GUERRILLA ACTIVITIES IN THE AREA ARE CURRENTLY UNDERWAY. (SOURCE: A VENEZUELAN PROFESSIONAL MAN WITH GOOD CONTACTS IN [SECURITY AND JUDICIAL] (S) CIRCLES AND WHOSE REPORTING IS GENERALLY RELIABLE.)

8. DURING THE PAST TWO TO THREE MONTHS THE GUERRILLAS HAVE BEEN RELATIVELY INACTIVE. VENEZUELAN AUTHORITIES HADBELIEVED THAT AFTER SPENDING AN ENJOYABLE HOLIDAY SEASON, THE GUERRILLAS WOULD RESUME THEIR CAMPAIGN IN FEBRUARY. THIS HAS NOT MATERIALIZED AND SECURITY OFFICIALS ARE NOW ATTEMPTING TO DISCOVER WHETHER THE GUERRILLAS HAVE TAKEN COVER AS A RESULT OF THE GOVERNMENT'S EFFORTS IN THE EASTERN STATES OR ARE REGROUPING AND PLANNING TO RENEW THEIR ACTIVITIES SOON. (SOURCE: [AN OFFICIAL VENEZUELAN SERVICE.)] (S)

9. IN LATE FEBRUARY, HOWEVER, VENEZUELAN OFFICIALS RECEIVED INFORMATION THAT BR LEADER GABRIEL PUERTA APONTE AND SEVERAL OTHER GUERRILLA LEADERS WERE IN CARACAS.

PUERTA AND THE OTHERS ARE BELIEVED TO BE IN CONTACT WITH UNSPECIFIED EXTREME LEFTIST ELEMENTS AND PLANS FOR THE SHIFTING OF THE GUERRILLA CAMPAIGN TO THE URBAN AREAS ARE BEING MADE. (SOURCE: A VENEZUELAN BUSINESSMAN WITH CONTACTS AMONG [SECURITY OFFICIALS] AND WHOSE REPORTING IS GENERALLY RELIABLE.) (S)

10. THE VENEZUELAN GOVERNMENT STILL BELIEVES THAT THE 26 FEBRUARY 1976 KIDNAPPING OF UNITED STATES BUSINESSMAN WILLIAM F. NIEHOUS WAS CARRIED OUT BY THE BR, FALN AND THE OR WORKING JOINTLY. WHILE THE GOVRNMENT HAS IMPRISONED SEVERAL INDIVIDUALS FOR THEIR SUPPOSED INVOLVEMENT IN THE KIDNAPPING, THE CASE REMAINS UNRESOLVED AND NIEHOUS' WHEREABOUTS UNKNOWN. (SOURCE: [AN OFFICIAL VENEZUELAN SERVICE.] (S)

11. IN ADDITION TO THEIR RURAL MILITARY APPARATS, THE BR, OR AND FALN MAINTAIN QUASI- LEGAL FRONT GROUPS WHICH ARE ACTIVE IN THE URBAN AREAS. THE BR HAS NUMEROUS CIVIC

AWARENESS GROUPS SUCH AS THE COMMITTEE AGAINST THE HIGH COST OF LIVING, THE STUDENT'S COMMITTEE FOR THE POPULAR STRUGGLE (CLEP), ETC. THE OR MAINTAINS A FRONT GROUP KNOWN AS THE SOCIALIST LEAGUE (LS, WHICH, IN TURN HAS ORGANIZED THE UNITED POPULAR STUDENT MOVMENT (MEUP). THE FALN'S LESS SUCCESSFUL FRONT IS RUPTURA . CLEP, MEUP AND RUPTURA HAVE WORKED TOGETHER TO ORGANIZE THE RECENT STUDENT DISTURBANCES WHICH BEGAN IN MID-FEBRUARY. FURTHERMORE, WHILE THERE IS NO PROOF, VENEZUELAN OFFICIALS BELIEVE THAT THE FRONT GROUPS ARE NOW RECEIVING SUPPORT AND DIRECTION FROM ABROAD. VENEZUELAN OFFICIALS EXPECT THESE DISTURBANCES TO CONTINUE AND INDEED INCREASE UNTIL AFTER THE DECEMBER ELECTION. (SOURCE: [AN OFFICIAL VENEZUELAN SERVICE.)] (S)

12. IN DISCUSSING THE STUDENT DISTURBANCES, RETIRED GENERAL RAUL GIMÉNEZ GAINZA, HEAD OF THE DIRECTORATE FOR THE SERVICES OF INTELLIGENCE AND PREVENTION (DISIP), SAID THAT HE FULLY EXPECTS THE DEMONSTRATIONS TO CONTINUE FOR SOMETIME. FURTHERMORE, HE OPINED THAT THE POLICE HAVE AS YET NOT REALLY BEEN CALLED OUT IN FORCE TO HANDLE THE

HAVE NOT ENGAGED IN LOOTING. SHOULD THIS OCCUR, HE PREDICTED, THE NATIONAL GUARD WOULD QUICKLY BE CALLED OUT IN FORCE, SUCH A MOVE, HOWEVER, COULD POSSIBLY RESULT IN SERIOUS INJURIES AND A DETERIORATION OF THE SITUATION. (SOURCE: A PROFESSIONAL MAN WITH CONTACTS AMONG VENEZUELAN [SECURITY OFFICIALS] AND WHOSE (S) REPORTING IS GENERALLY RELIABLE.)

II. CUBAN EXILES

13. THE CUBAN EXILE COMMUNITY IS LARGE, WELL-ESTABLISHED AND INFLUENTIAL. FURTHERMORE, IT CURRENTLY FEELS BETRAYED AND REJECTED BY BOTH THE USG AND THE VENEZUELAN GOVERNMENT. IN THE FORMER CASE, THE CUBAN EXILE COMMUNITY IS CONCERNED BY THE USG'S EXPANDED FRIENDLY RELATIONS WITH THE CUBAN GOVERNMENT. WITH REGARD TO THE GOV, THE EXILES HAVE COME TO DISTRUST THE PEREZ ADMINISTRATION WHICH THEY FEEL HAS UNJUSTLY HARRASSED THE COMMUNITY SINCE THE 6 OCOBER 1976 BOMBING OF A CUBANA AIRLINE, SUPPOSEDLY BY CUBAN EXILE EXTREMISTS. THE FAIRLY RECENT INSTANCE IN WHICH THE GOV REVOKED THE VENEZUELAN CITIZENSHIP OF A WELL-KNOWN CUBAN PHYSICIAN IN RETALIATION

(14)

BOTH THE GOV AND THE EXILE COMMUNITY FEAR THAT, SHOULD HE DIE, EXILE EXTREMISTS WILL MOVE SWIFTLY AND STRONGLY AGAINST PRESIDENT PEREZ. BOSCH HIMSELF HAS SAID THAT PRESIDENT PEREZ WILL BE HELD PERSONALLY ACCOUNTABLE FOR HIS DEATH. (SEE [HVC]7858, (S) TDFIRDB-315/02855-78.) (SOURCE: A VENEZUELAN BUSINESSMAN WITH CONTACTS AMONG CUBAN EXILES AND WHOSE REPORTING IS GENERALLY RELIABLE.)

CUBA-VENEZUELA

16. A RELATIVELY LARGE NUMBER OF FORMER CUBAN CITIZENS HOLD INFLUENTIAL POSITIONS WITHIN THE VENEZUELAN SECURITY SERVICES. AMONG THESE ARE ORLANDO GARCIA, DISIP'S CHIEF OF OPERATIONS, AND RICARDO MORALES, A FORMER DISIP SECTION CHIEF AND A CLOSE ASSOCIATE OF GARCIA. MORALES HAS IN THE PAST INDICATED HIS BELIEF THAT THE USG IS IN SOME MEASURE RESPONSIBLE FOR HIS CURRENT PROBLEMS AND ON SEVERAL OCCASIONS HAS MADE THREATENING REMARKS TOWARD USG PERSONNEL IN VENEZUELA. WHILE MORALES NO LONGER HOLDS AN OFFICIAL POSITION IN DISIP, HE DOES MAINTAIN SOME DISIP CONNECTIONS. MORALES TRAVELS ABROAD FREQUENTLY AND IS CURRENTLY BELIEVED TO BE OUTSIDE THE COUNTRY. (SOURCE:

A VENEZUELAN BUSINESSMAN WITH GOOD CONTACTS AMONG VENEZUELAN SECURITY OFFICIALS AND WHOSE REPORTING IS GENERALLY RELIABLE.)

(S)

17. THE CUBAN EXILE COMMUNITY HAS RECEIVED INFORMATION THAT MORALES RECENTLY THREATENED THE LIFE OF DIEGO ARRIA, VENEZUELAN MINISTER OF INFORMATION AND TOURISM, WHILE ARRIA WAS TRAVELLING ABROAD. THE COMMUNITY HAS IN THE PAST SUSPECTED MORALES TO BE AN AGENT OF THE CUBAN GOVERNMENT. SINCE THEY FEEL THAT ARRIA IS A RATHER UNLIKELY TARGET FOR CUBAN EXTREMISTS, THE COMMUNITY BELIEVES THAT MORALES' THREAT, IF INDEED MADE, IS POSSIBLY A CUBAN GOVERNMENT ATTEMPT TO FURTHER DISCREDIT THE EXILE COMMUNITY IN VENEZUELA. (SOURCE: A VENEZUELAN BUSINESSMAN WITH CONTACTS AMONG CUBAN EXILES AND WHOSE REPORTING IS GENERALLY RELIABLE.)

19. JOHNY KHOURI, LATIN AMERICAN HEAD OF THE POPULAR FRONT FOR THE LIBERATION OF PALESTINE (PFLP), RESIDES IN THE PORT CITY OF LA GUAIRA IN THE CARACAS FEDERAL DISTRICT. THE GOV IS AWARE OF KHOURI'S PRESENCE IN VENEZUELA AND HAS AGREED TO ALLOW HIM TO REMAIN IN THE COUNTRY WITH HIS FAMILY AS LONG AS HE DOES NOT BECOME INVOLVED IN PFLP OR ILLEGAL ACTIVITIES IN VENEZUELA. IN AN EFFORT TO ENSURE KHOURI'S COMPLIANCE, THE GOV OCCASIONALLY MONITORS HIS ACTIVITIES. AS IN THE PAST, DISIP WILL UNDOUBTEDLY PLACE KHOURI UNDER "PREVENTIVE DETENTION" DURING PRESIDENT CARTER'S VISIT. (SOURCE: A STAFF OFFICER OF THIS AGENCY.)

IV. THE VENEZUELAN SECURITY SERVICES

21. THE VENEZUELAN SECURITY SERVICES, ESPECIALLY DISIP, HAVE BEEN HARD HIT BY PERSONAL RIVALRIES AMONG THEIR TOP OFFICIALS. PART OF DISIP'S DIFFICULTIES ARISE FROM CHARGES OF MISCONDUCT IN THE HANDLING OF THE ANTI-GUERRILLA CAMPAIGN IN THE EASTERN STATES. ANOTHER PART STEMS FROM MUTUAL DISTRUST AND BACKBITING AMONG ITS LEADERS. DISIP'S EFFICIENCY, WHICH UNDER NORMAL CONDITIONS IS NONE TOO GOOD, IS NOT UP TO ITS USUAL STANDARD. DISIP DIRECTOR GIMENEZ HAS VOICED HIS LACK OF FAITH IN THE YOUNGER GENERATION OF DISIP OFFICERS AND HAS EXPRESSED HIS DESIRE FOR A RETURN TO THE OLDER, MORE EXPERIENCED OFFICIALS. (SOURCE: [A VENEZUELAN PROFESSIONAL MAN] WITH CONTACTS (S) AMONG VENEZUELAN [SECURITY OFFICIALS] AND WHOSE REPORTING IS (S) GENERALLY RELIABLE.)

22. SINCE THE BEGINNING OF THE YEAR BOTH DISIP AND THE TECHNICAL JUDICIAL POLICE (PTJ) HAVE EXPERIENCED FUNDING

SECRET

PROBLEMS WHICH, ACCORDING TO DISIP DIRECTOR GIMENEZ, ARE DUE TO THE GOV'S CURRENT BUDGET PROBLEMS COUPLED WITH POOR ADMINISTRATION. DURING JANUARY AND FEBRUARY BOTH AGENCIES WERE FORCED TO BORROW FROM FEDERAL BANKING INSTITUTIONS TO MEET THEIR PAYROLLS. EVEN SO, PAYROLL DISBURSEMENTS HAVE BEEN MADE LATE. AS A RESULT, MORALE AMONG THE OFFICERS AND MEN OF THESE AGENCIES IS LOWER THAN USUAL. (SOURCE: [A PROFESSIONAL MAN] WITH CONTACTS AMONG (S) VENEZUELAN [SECURITY OFFICIALS] AND WHOSE REPORTING IS GENERALLY (S) RELIABLE.)

23. THE DIRECTORATE OF MILITARY INTELLIGENCE (DIM) HAS NOT BEEN INVOLVED IN RECENT REORGANIZATION AND PERSONNEL PROBLEMS AND IS GENERALLY STAFFED WITH CAREER MILITARY OFFICERS ON ROTATIONAL TOURS. DIM'S OPERATIONS IN THE EASTERN STATES ARE CURRENTLY UNDER INVESTIGATION WHICH MAY, HOWEVER, CAUSE THIS SERVICE SOME PROBLEMS IN THE WEEKS AND MONTHS TO COME. (SOURCE: A STAFF OFFICER OF THIS AGENCY.)

24. VENEZUELAN SECURITY OFFICIALS HAVE NOT YET BEGUN TO DO ANY SUBSTANTIAL PLANNING FOR PRESIDENT CARTER'S VISIT, BELIEVING

SECRET

SECRET

IT IS TOO EARLY TO DO SO. PRELIMINARY THOUGHT, HOWEVER, HAS BEEN GIVEN TO ESTABLISHING A JOINT SPECIAL SECURITY COMMAND TO COORDINATE MILITARY, POLICE AND SECURITY UNITS ASSIGNED TO SAFEGUARDING PRESIDENT CARTER AND HIS PARTY. (SOURCE: [AN OFFICIAL VENEZUELAN SERVICE.)](S)

25. IN GENERAL, THE INTERNAL DIFFICULTIES OF THE SERVICES TEND TO MAKE BOTH DIM AND DISIP LESS FORTHCOMING WITH AND TRUSTFUL OF OUTSIDERS. FURTHERMORE, THEY ARE SUSPICIOUS OF EACH OTHER AND MUTUAL COOPERATION IS LIMITED. DESPITE THESE LIMITATIONS, THE VENEZUELAN SECURITY SERVICES ARE WELL DISPOSED TO AND CAN BE EXPECTED TO PROVIDE THE NECESSARY PROTECTION FOR AND COOPERATION WITH PRESIDENT CARTER AND HIS PARTY. A FILE ON BOSCH AT THE REQUEST OF ADMIRAL PATRICIO Chile CARVAJAL, MINISTER OF FOREIGN AFFAIRS. THE FILE CONSISTS MAINLY OF EXCHANGES OF CORRESPONDENCE BETWEEN THE CHILEAN EMBASSY IN SAN JOSE, COSTA RICA, AND THE FOREIGN MINISTRY CONCERNING BOSCH'S ARREST IN SAN JOSE IN MARCH 1976, AND THE FACT THAT HE HAD CHILEAN IDENTITY DOCUMENTS IN HIS POSSESSION.

4. THE DOCUMENTS INCLUDED A BIRTH CERTIFICATE, IDENTITY CARD, TAX IDENTIFICATION CARD AND PASSPORT, ALL IN THE NAME OF RICARDO RAMON DAVANZO CERUTI. THE PASSPORT WAS ISSUED IN CHILE IN 1966, AND HAD NEVER BEEN RENEWED. (SOURCE COMMENT: CHILEAN PASSPORTS NORMALLY REQUIRE RENEWAL EVERY TWO YEARS.) THE PASSPORT CONTAINED ONE CHILEAN EXIT STAMP, DATED 1966, AND NO INDICATION THAT IT HAD SUBSEQUENTLY BEEN USED TO ENTER OR EXIT CHILE. IT CONTAINED MANY EXIT AND ENTRY STAMPS INDICATING EXTENSIVE TRAVEL BY ITS BEARER IN CENTRAL AMERICA AND PANAMA, BETWEEN 1966 AND MARCH 1976. THE PASSPORT AND OTHER DOCUMENTATION WAS SHOWN TO CHILEAN EMBASSY OFFICIALS IN SAN JOSE BY COSTA RICAN OFFICIALS; HOWEVER, THE COSTA RICANS DID NOT GIVE THE DOCUMENTS TO THE EMBASSY OFFICIALS.

5. SOURCE OF PARAGRAPHS 6-7: AN OFFICIAL CHILEAN SERVICE. (S)

6. IN MID-APRIL 1976, THE DIRECTORATE OF NATIONAL INTELLIGENCE (DINA) RECEIVED INFORMATION THAT BOSCH HAD JUST ARRIVED IN CHILE WITH A CONTRACT TO ASSASSINATE A HIGH LEVEL CHILEAN GOVERNMENT OFFICIAL (UNIDENTIFIED). ACCORDING TO DINA, BOSCH EVADED AN ARREST ACTION ON 10 APRIL, ESCAPING BY A MATTER OF MINUTES BUT LEAVING BEHIND ALL HIS CLOTHES AND TWO PASSPORTS.

7. ON 29 APRIL, DINA, HOWEVER, SUCCESSFULLY APPREHENDED ROLANDO OTERO HERNANDEZ, AN Chile ASSOCIATE OF BOSCH, WHO ALONG WITH THE LATTER WAS WANTED AS A FEDERAL FUGITIVE IN THE UNITED STATES. IN EARLY MAY, DINA INFORMED THE FEDERAL BUREAU OF INVESTIGATION (FBI) OF OTERO'S ARREST, AND SUBSEQUENTLY TURNED OTERO OVER TO FBI AGENTS FOR RETURN AND PROCESSING IN THE UNITED STATES. Bureau Source 6 in communication classified "Top [S] Secret" advised that on 3/18/60 the Cuban Embassy in Mexico [TS] reported to its headquarters that Diaz Lanz was possibly in Mexico trying to buy an airplane. According to Bureau Source [S] 6, he was trying to contact the pilot, Cesar Gomez, who was dusting crops. Under no circumstances should Bureau Source 6 [S] data be set forth in reports. (TS)

Miami will advise by return airtel whether Pedro Diaz Lanz is in Mexico and, if not, whether the Diaz Lanz mentioned above could be either his brother, Marcos Diaz Lanz, or any other member of his family.

In view of the likelihood that a Federal grand jury will be convened in the immediate future in the Rundquist-Shergalis matter and the possibility that the subject may be called as a witness, Bureau desires that a current report be submitted. This report must reach the Bureau by April 11, 1960.

NOTE:

Central Intelligence Agency (CIA) previously checked the names of Pratt, Jackson, and Smedley through Bureau files. CIA has advised that Pratt had reportedly attempted to get people out of Vietnam into Laos where these people could be trained and shipped to the United States to assist in the "Black Movement." By memorandum dated 3/10/70, CIA furnished additional identifying information concerning Jackson and Smedley and requested copies of fingerprint records. CIA requested to be advised if those records could be provided to [official Thai] sources in (S) order to facilitate checking certain [Thai] records which would otherwise be unavailable. (S)

BETANCOURT indicated that he had been the General Coordinator of the 30th of November anti-Castro organization in Cuba during 1959, 1960 and the first part of 1961. He arrived in the United States at Miami on June 29, 1961, via small boat. Upon his arrival in the United States, he assumed leadership of the 30th of November movement in Miami until approximately October, 1962, when he entered the U. S. Army under the Cuban recruitment program at Fort Jackson, S. C. Subsequent to this, he has been affiliated with the 30th of November movement in Chicago for approximately two years, 1963-1965, and in Miami, 1965 to date.

BETANCOURT is currently employed as a security guard for the National Patrol Detective Agency and the National Industrial Security Corporation (affiliates), 590 S. W. 27th Avenue, Miami, Florida. In connection with this employment, he is a guard at the Cuban Refugee Processing Center of the Department of Health, Education and Welfare (HEW) three days a week. The Processing Center is located in Buildings T-90 and T-94 which are utilized by the U. S. Immigration and Naturalization Service (INS) in processing, fingerprinting and photographing Cuban refugees upon their arrival in the United States. (CIA under the guise of INS interviewers interrogates (S) these arrivals at this location). (S)

BETANCOURT related he met ROBLEJO around the first of January, 1967, when ROBLEJO reportedly returned from Mexico City where he had been attempting to seek the release of Cuban political prisoners in Cuba. He met ROBLEJO through ANGEL ESTEVEZ, a coworker of BETANCOURT at the Hotel Fontainebleau where both were employed as waiters at that time. At the request of ESTEVEZ, BETANCOURT furnished ROBLEJO a table gratis at the Frank Sinatra show at the Fontainebleau Hotel, for which ROBLEJO was apparently grateful. As a result of this, ROBLEJO sought BETANCOURT's assistance in attempting to obtain the release of political prisoners and recently BETANCOURT was made a member of the Executive Committee of the CPLLC.

In this connection, BETANCOURT accompanied ROBLEJO to San Juan, Puerto Rico, the first week of June, 1967. BETANCOURT by this time had the impression ROBLEJO was actually anti-United States and he considered ROBLEJO a "leftist-socialist." While in Puerto Rico, they met with MANOLO RAY and RUFO LOPEZ FRESQUET. ROBLEJO discussed the possibility of RAY and LOPEZ FRESQUET becoming active in seeking the release of Cuban political prisoners. However, no definite agreement or conclusion was reached.

BETANCOURT stated that on or about June 15, 1967, he and ROBLEJO, while temporarily staying at 2930 Loiza, Santurce, Puerto Rico, were having a general conversation and ROBLEJO changed the topic to BETANCOURT's current work as a security guard at the Miami Airport where the Cuban refugees are processed. ROBLEJO asked detailed questions concerning the nature of the activities at this location, to which BETANCOURT explained that Cuban refugees upon their arrival in the United States are processed here, including having their photographs taken, being fingerprinted, and being interrogated. ROBLEJO asked BETANCOURT if the FBI was there, which BETANCOURT acknowledged in the affirmative, and ROBLEJO asked, "What do they do there?" BETANCOURT answered, "They investigate and clear all of the refugees arriving from Cuba in the United States." ROBLEJO was interested in knowing if BETANCOURT saw "those papers" and BETANCOURT stated he had seen them. (BETANCOURT indicated this was entirely fictitious, but since he did not trust ROBLEJO, he felt he might be in a position to be of possible assistance to the U. S. Government). ROBLEJO asked BETANCOURT if he could "photograph...take a picture of the documents or the people the FBI investigates." BETANCOURT asked ROBLEJO if he was "crazy," stating that if he did something like that, he could be put in the "electric chair." ROBLEJO indicated that with the use of a small camera, this could be accomplished very easily. Almost immediately, the topic was changed and BETANCOURT indicated to ROBLEJO he had to leave San Juan immediately because his child had just broken his collar bone. BETANCOURT also indicated to ROBLEJO that his, BETANCOURT's, wife had called and said she did not have any money in the house to buy food, etc. At this point, ROBLEJO gave BETANCOURT a check in the amount of $300.00, drawn on the First National Bank of Miami, on the account of the Committee of Relatives of the One Hundred. ROBLEJO made out this check in BETANCOURT's presence and requested $50.00 be given to ROBLEJO's mother. Immediately, BETANCOURT cashed the check and sent a money order to his wife, ERMITAS RAMON ARIAS.

BETANCOURT stated ROBLEJO had given him $50.00 in cash prior to their departure for Puerto Rico.

BETANCOURT advised he returned to Miami from Puerto Rico on June 18, 1967, and ROBLEJO remained in San Juan until June 28, 1967. He recalled ROBLEJO attempted to have him stay in Puerto Rico and was "mad" at BETANCOURT for leaving early.

On June 30, 1967, ROBLEJO telephonically contacted BETANCOURT, during which conversation ROBLEJO indicated he

planned to go to Venezuela, Panama and Ottawa, Canada, and would see BETANCOURT upon his return. ROBLEJO is interested in obtaining a Mexican visa in order to go to Cuba to possibly converse with FIDEL CASTRO or other important leaders in the communist government of Cuba in connection with the possible release of Cuban political prisoners.

Local stops have been placed with INS in order to be notified of ROBLEJO's return to the United States.

Miami plans to locate and possibly monitor the bank account of the Committee of Relatives of the One Hundred and any other accounts where ROBLEJO is the authorized signature of an account.

The Bureau is being requested in a separate communication captioned "SERGIO OSWALDO BETANCOURT COLLAZO, aka "Ariel," PSI - CUBA," to grant authority to contact him in order to follow up in connection with ROBLEJO's request as mentioned above in the event ROBLEJO attempts to pursue this matter further.

The Bureau will be kept advised. **LHM incorporating pertinent data regarding subject's activities will be promptly furnished to the Bureau.**

Files of Legat, Bern, have been reviewed for individuals residing in Switzerland and Austria considered to be a possible threat to the President, and no one was found to fit this category.

In addition, discreet inquiry was made of the following sources, all of whom had no knowledge of individuals who might be considered threats:

In this regard, however, Bureau attention is called to the case entitled PAUL GEORGE ANDERSON, aka, IS-X (Buf[illegible]e 100-415051). ANDERSON has been reported to be of interest to the Secret Service (Legat, Paris, letter dated 10/16/64). CENTRAL INTELLIGENCE AGENCY

DIRECTOR'S MEETING WITH J. J. ~~MC~~ CONE

John A

Although Mr. McCone has indicated he will not be raising any problems or issues, the Director may find the following of assistance:

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED EXCEPT WHERE SHOWN OTHERWISE.

STATUS OF RELATIONS WITH CIA

To say that the two agencies work in complete harmony is not true. Conflicts of past years have had their influences. Fortunately we have been successful in establishing very effective working relations with several key figures in the agency who have been very cooperative and who are sincerely interested in getting the job done. Without this existing framework our relations with CIA could degenerate into a chaotic state.

With regard to differences with CIA, there were two situations during the past year which had a significant bearing on the relations between the two agencies. Approximately a year ago we learned that CIA had established contact with a Cuban exile who had come into the U.S. and who had confessed to the agency that he had been trained as a Cuban Intelligence Agent. CIA had this information for nearly a month before notifying the Bureau. We lodged very vigorous protest (re: Alwin Odio Tamayo). (S) The other event which led to a heated conflict arose from information which we disseminated to the President's Foreign Intelligence Advisory Board concerning Bureau's technical coverage of diplomatic establishments in this country. On May 15, 1963, McCone informed Mr. Belmont that a letter which the Bureau had sent to the aforementioned Board should be retracted because the communication included statements which incorrectly were attributed to him, the CIA Director. Mr. Belmont adamantly refused to retract the letter and after McCone asked for an apology, Mr. Belmont again made it clear that no apology was coming from him. The Bureau never retracted the letter because statements disseminated by us were predicated on information which had been given to us by two top CIA officials. The conflict was eventually resolved by McCone writing a letter to the Board and admitting that two of his subordinates had erroneously briefed the Bureau on a particular matter.

STATURE OF MC CONE IN THE PRESENT ADMINISTRATION

McCone obviously enjoys acquiring and using power. He considers himself not only the head of a particular government agency but also "the Director of Central Intelligence" and in

ENCLOSURE

fiasco, we have not seen any evidence of high-grade intelligence being developed by CIA in Cuba since McCone became Director of the agency. To show impressive results, McCone must fall back on intelligence information developed through high-altitude photography and the use of other sophisticated technical equipment being used to photograph targets and to intercept communications. Much of this is, of course, being done in collaboration with other U. S. agencies such as the Air Force.

FBI COOPERATION WITH CIA

During the past year there have been numerous instances of excellent cooperation rendered by the Bureau to CIA. Set forth are some outstanding examples:

INFORMATION FROM SENSITIVE SOURCE SOLO

We have furnished CIA information from our sensitive Communist Party source who has traveled to Russia and has been in contact with Soviet leaders. This information has been most valuable to CIA in following developments particularly the differences between Red China and Russia.

TOPHAT

Our sensitive penetration of the Soviet Military Intelligence Service (GRU) has produced highly valuable information of use to CIA.

GIMME (S)

This is a highly sensitive penetration of the Czech Intelligence Service. His information [S] has significantly assisted CIA in obtaining a current picture of the Czech intelligence organization. [S]

BUREAU FURNISHES CIA A VALUABLE SOURCE

Our sensitive Czech source, Gimme, is [S] scheduled to return to Czechoslovakia. Arrangements [S] have been made to make him available to CIA.

FEDORA

Through this sensitive KGB penetration, we have furnished CIA leads pertaining to Soviet intelligence operations abroad. In addition, we have given the agency data pertaining to the organization and functions of KGB.

SOVIET MAIL DROPS OUTSIDE OF THE UNITED STATES

Through our investigations in this country, we have identified Soviet mail drops in other areas and we have given this valuable information to CIA.

CIA APPROACHES OF THE SOVIET AND SATELLITE NATIONALS IN THE UNITED STATES

Under agreed-to restrictions we have permitted CIA to contact Soviet and Satellite visitors in this country for the purpose of assessing their potential as sources when they return to their native countries.

CUBAN SOURCES

We have afforded CIA the opportunity to brief Bureau sources before such sources made trips to Cuba.

SENSITIVE CUBAN ESPIONAGE OPERATIONS

Both FBI and CIA have had access to intercepted radio communications being utilized by Cuban Intelligence. The Bureau has been far ahead of CIA in identifying agents mentioned in the communications and has furnished pertinent information to CIA.

TECHNICAL DATA TO CIA

The Bureau has been very successful in identifying Soviet and Cuban secret writing techniques. We have made this knowledge available to CIA.

CIA COOPERATION WITH BUREAU

TOPHAT

CIA did an excellent job of servicing drops in Moscow in this very sensitive case. This was done at considerable risk and was productive for us. [S]

DOUBLE AGENTS FOR BUREAU

There have been a number of instances where CIA operated Soviet double agents outside of the U.S. and then made these individuals available to the Bureau for use in the U.S. In this connection it is also noted that in our development of the sensitive sources, Fedora (KGB penetration) and Gimme (penetration of Czech Intelligence Service) CIA furnished valuable assistance. [S]

VLADIMIR ROMASHKIN CASE

Several weeks ago, CIA advised us that one of its employees had been contacted by the Soviets. With CIA's cooperation, we conducted investigation which led to the ouster of a Soviet official and very favorable publicity for the Bureau.

COVERAGE IN MEXICO [S]

Through surveillances and surreptitious entry, CIA produced valuable information in our investigation of Franz Froehlich, a GRU Agent whom we since have doubled. [S]

AVAILABILITY OF DEFECTORS

CIA has been most cooperative in making defectors available to the Bureau for interviews.

COOPERATION WITH LABORATORY

From time to time CIA has made certain documents and equipment available to the Bureau's Laboratory. For example, a few weeks ago CIA made available to our Laboratory, at no cost, a portable unit designed for making radiographs (X-rays) of papers recording such characteristics as watermarks, printing, etc.

ASSISTANCE IN DEVELOPING A KEY CRIMINAL INFORMANT

Through assistance afforded by CIA, we gained access to an individual who subsequently became a valuable informant in the labor rackets field (NY 3936-C).

FRENCH ACTIVITIES (S)

SECRET

Information provided by a sensitive CIA source has been very useful in following the activities of French agents in the U. S. (S)

POSSIBLE TOPICS WHICH MC CONE MAY REFER TO

JACK EDWARD DUNLAP

This is the National Security Agency employee who supplied information to the Soviets and who committed suicide in July of this year. We recently received information from our sensitive source Tophat in Moscow confirming that Dunlap worked for the Soviets. Tophat's information was furnished to McCone last week. McCone is particularly concerned about the possibility that Dunlap may have furnished the Soviets information which led to the compromise of Oleg Penkovsky, a sensitive CIA source in Russia.

PERSONNEL SECURITY

The Dunlap Case has been raising questions concerning the effectiveness of security within U.S. agencies. McCone anticipates that Congress eventually may initiate some inquiry and he already has been informed that the President's Foreign Intelligence Advisory Board is looking into the matter. Last week Mr. McCone asked Mr. Belmont for his views on personnel security. McCone, at that time, was briefed concerning our careful screening of applicants and our strong administrative controls including inspections. It was emphasized that the Bureau always resolved security problems in favor of the FBI rather than the individual involved. Mr. McCone was told that the key to the situation appeared to be tight screening and control procedures and the willingness to take prompt action.

COVERAGE OF NON-SOVIET BLOC DIPLOMATIC ESTABLISHMENTS IN THE U. S.

In the Spring of this year, McCone brought up this matter before the President's Foreign Intelligence Advisory Board and he subsequently

SECRET

SECRET

had a discussion with Mr. Belmont. Essentially, McCone is most interested in technical coverage of individuals and installations of non-Soviet Bloc countries. He has left the impression that in his opinion such coverage could be expanded in the U.S. and thereby produce more intelligence and more sources. Our coverage in this field at the present time is quite extensive. With regard to CIA, we have the understanding that if the agency desires particular technical coverage, we will give each request the necessary consideration.

FRENCH ACTIVITIES (S)

In the early part of this year, we initiated extensive investigation of the alleged French (S) agents in this country on the basis of data furnished to us by a sensitive CIA source. This source has informed CIA that De Gaulle has (S) embarked on an extensive espionage program in the U.S. primarily designed to collect scientific data which will enable France to hasten its (S) development of a nuclear capability. We have disseminated the results of our investigation to CIA and we are continuing the handling of numerous leads. The information developed by us so far has failed to disclose any evidence that the French are stealing any classified (S) secrets in the U.S. The French appear to be (S) obtaining voluminous information available to the French through normal contacts between (S) French officials and their counterparts in the (S) U. S.

TOPHAT

A CIA agent recently obtained the message which our sensitive source Tophat secreted in a drop in Moscow. (S) The message included information concerning Soviet activities in France, Germany and Austria. We have given this data to CIA. In addition, McCone was told that Tophat identified Dunlap as a Soviet agent. We have told CIA that Tophat may have loaded the drop as early as June, 1963. The delay in obtaining the communication prevented us from getting into the Dunlap Case well before the subject committed suicide.

SECRET

CIA did not service the drop because our informant did not exhibit an agreed-to signal. He apparently did not use the signal in order to fully protect himself. On the other hand, CIA was unable to service the drop until August because State Department adamantly refused to give CIA clearance to conduct any activity in Moscow. This position was taken by State because it felt that any operational activity might jeopardize the test ban talks. (S)

ANATOLI GOLITZYN AKA ANATOLI KLIMOV

This is the Soviet KGB defector who came to the U. S. under CIA control, feuded with the agency, left for England under British Intelligence control and very recently returned to the U.S. Since his return, he has met with the Attorney General and with McCone. He has been extremely critical of the U.S. position toward Russia. Although a prima donna, Golitzyn has been the source of extremely valuable information for all U.S. agencies including the Bureau. Since his return, he has indicated to the Attorney General and CIA that he will contact appropriate agencies when he sees fit. In the past, Golitzyn has asked to meet with the Director. The Director has made it very clear that he will not see Golitzyn.

MICHAL GOLENIEWSKI

The subject is a former high-ranking official of the Polish Security Service who defected in January, 1961, and in recent weeks has been an embarrassing problem for CIA because of his many complaints. He has communicated with the President, the Attorney General and has been in contact with a Congressman. He is slated to testify before the Senate Internal Security Sub-Committee in the near future. He has accused CIA of dishonesty and over-all failure to comply with his needs. We have had access to Goleniewski who has been a valuable source of information. However, we have been most careful not to become involved in the feud between him and CIA. We have cooperated to the extent of furnishing CIA any information received from Goleniewski which might be of assistance to the agency.

PRESIDENT'S FOREIGN INTELLIGENCE ADVISORY BOARD

For your information, McCone has found this Board to be a constant irritant. This Board was established several years ago by the Eisenhower administration then continued by President Kennedy. It is designed to periodically review foreign intelligence and counterintelligence activities. The present chairman of the committee is Clark Clifford and the staff director is J. Patrick Coyne. Apparently, McCone does not like a group such as this Board looking into his operations. There is some indication that his irritation arises from personal differences with Coyne.

WENNERSTROM CASE

Colonel Stig Wennerstrom, the Swedish Military Attache who, a few weeks ago, admitted to his government that he had been working for the Soviets. Wennerstrom was in the U. S. from 1952 until 1957 and was collaborating with the Russians while he was here. Recently, McCone indicated that a "damage report" should be prepared on this case and he expressed the opinion that this should be the responsibility of the Bureau. With regard to damage, he was referring to an evaluation of all information which Wennerstrom may have gained from the U. S. We have taken the position that we will not prepare such a damage report and if one is needed the work should be done by each interested agency.

UNKNOWN SUBJECT; KGB AGENT KNOWN AS "SASHA"

This is a Bureau investigation predicated on information furnished to us by Anatoli Golitzyn, the KGB defector who advised that CIA had been penetrated by KGB. We have been endeavoring to identify the unknown Soviet agent. We do have a suspect, [John S. [S] Barescu] who was born in Russia and who has been working for CIA for several years. McCone may not mention this matter but he is very much concerned about the situation. We have been keeping CIA advised of all pertinent developments.

Intelligence division. Angleton handles special cases of a various nature and he is usually given considerable freedom and leeway in directing the operations of his unit. In general, he is responsible only to the Director of CIA. [He has numerous foreign sources and channels for developing information. The primary source is the [Israeli Intelligence Service.] (S) In addition to this, he is in contact with (S) [Jay Lovestone,] who periodically makes available to Angleton copies of reports which [Lovestone] has received from [American Federation of (S) Labor] representatives throughout the world. [These representatives (S) are associated with the Free Trade Union Committee, which is subsidized by the CIA. Angleton also has independent sources in the intelligence services of France, Italy, Greece, and Great Britain. On occasion he utilizes sources in the Vatican. Some of the men under his control are on various foreign assignments in Europe and are responsible only to him. Most of them are traveling under commercial cover.] ~~(S)~~

During the past several months Angleton has been very cooperative with the Bureau. He has volunteered voluminous information of interest to the Bureau and he has followed Bureau leads in an effective manner. Much of the information which Angleton has furnished appears in the raw form, that is, it consists of the actual reports received from Angleton's sources. This has been of advantage because the Bureau has been in a position to better evaluate the information instead of waiting for the delay and processing through normal channels in the CIA. In addition to information regarding security matters furnished by Angleton, he has also been of valuable assistance by keeping the Liaison Agent apprised of administrative changes and reorganization within the CIA. Angleton is thoroughly informed regarding the foreign intelligence activities of his agency and he frequently clarifies matters which the CIA sometimes camouflages with some of its cloak and dagger techniques. ~~(S)~~ (U)

For your information, Angleton was instructed by General Walter Bedell Smith, while he was still Director of the CIA, [to cooperate fully with the Liaison Agent and was told that he, Angleton, could disseminate any information he saw fit.] This policy has continued under Allen Dulles. (U) ~~(S)~~

Since the volume of information received from Angleton has increased the Liaison Agent has endeavored to encourage Angleton to establish some uniformity in the dissemination of information to (U) ~~(S)~~

the Bureau, particularly with regard to that information which he receives from [the Israeli Intelligence Service.](S) Angleton is now furnishing the Liaison Agent blank memoranda which are dated, captioned, and which carry a control number; for example, "SP-1." This number will serve as a ready reference when some question comes up within the Bureau or the CIA. The Liaison Agent will make an appropriate notation on each memorandum indicating that the documents emanate from Angleton. It is believed advisable to set up a control file containing a copy of each document furnished by Angleton. This can be done in a manner similar to the arrangement effected in handling reports received from [Stott.] (S)

In view of the above, Angleton more or less falls into the category of a Confidential Informant. He furnishes information of a sensitive nature and it is, therefore, believed that when disseminating his data, he should be protected as a source. Up to date Supervisors have been handling this information in a secure manner; however, since the volume of data received from Angleton has increased, it is believed desirable to alert all Section Chiefs regarding the handling of information received from Angleton. As you know, the captioned individual has been providing the Bureau with considerable information, much of it being of a very sensitive nature. It has been noted that in transmitting communications to Angleton some memoranda have been sent to the Director of CIA, Attention: James Angleton, in care of [E. F. Hall.] (S) Other memoranda dealing with [Israeli Intelligence] matters have (S) been directed to James Angleton, in care of [E. F. Hall] (S)

In order that the Bureau would have a uniform procedure in transmitting mail to Angleton, the Liaison Agent discussed the matter with Angleton on March 5, 1954. Angleton requested that in the future mail being directed to him be transmitted to the Director of CIA, "Attention: James Angleton." Angleton stated that the above request was being made with the approval of Allen Dulles, the Director of CIA. He further indicated that he desired the above method of designation in connection with correspondence dealing with [Israeli Intelligence matters.] (S) With regard to Bureau (S) reports concerning [Israeli matters,] Angleton advised that such (S) material is being retained under his personal supervision and control.

Angleton also asked when the Bureau found it necessary to disseminate information to him and other agencies, that his identity not be revealed to the other agencies. As you are aware, James Angleton of CIA frequently turns over to the Bureau on a highly confidential basis information which has been developed through operations headed by Angleton. In many instances the information is given to the Bureau without clearing through regular CIA channels. In almost all instances it is given to us with the clear understanding that if included in a report or other communication prepared for dissemination outside the Bureau the information will be so set forth that it cannot be traced back to either Angleton or CIA. (S) In such instances where the information relates to [Israeli] matters, it has been the practice of [Israeli] (S) supervisors to clear with Angleton before disseminating information from him outside the Bureau. (S)

In taking up such a matter with Angleton last week it was determined that he objected to attributing information which he had furnished to "Confidential Informant T-2, an Agency of the Government which conducts personnel and intelligence investigations." He pointed out that by describing T-2 as an agency of the Government which conducts personnel and intelligence investigations the Bureau was revealing to outside agencies that the material did in fact come from another Government agency. (S) Since the material related to an individual who now resides in [Israel,] Angleton stated that, (S) in his opinion, recipient agencies could logically conclude that the information had originated with CIA since such an individual would be under CIA jurisdiction insofar as investigations abroad are concerned. Angleton requested that the information merely be attributed to Confidential Informant T-2, who, in this instance, could be described as being of known reliability.

It is suggested that it would materially assist in the handling of information received from Angleton in the future if the Liaison Section could work out a procedure whereby Angleton might be referred to as a Bureau informant. This would permit the Supervisors receiving the Angleton material firsthand to transmit it to the field and advise the field that the information in any report should be attributed to an informant with a temporary symbol number, which informant could be evaluated as having furnished information of a reliable nature in the past. On the informant page the temporary symbol number could be identified by the regular Bureau symbol assigned to Angleton. ~~(S)~~ (U)

In 1954, a procedure was approved whereby we could attribute certain information received from James Angleton, CIA, under the symbol "Bureau Informant 100." This information, for the most part, emanated from a liaison arrangement which CIA maintained with (S)[the Israeli Intelligence Service] and from other sources under the control of Angleton. Much of the information developed by Angleton was not disseminated within CIA but he felt that the data should be passed on to the Bureau. Allen Dulles gave him authorization to handle dissemination in this matter. We continue to receive information of value on a regular basis. ~~(S)~~

By SAC Letter 54-27 dated 5/25/54, we informed the field regarding Bureau Informant 100 and issued instructions that information from this source be described under an appropriate T symbol and characterization. Because of the passage of time and since some offices have had rare occasion to receive Bureau Informant 100 information, it is believed desirable to reiterate instructions to the field. This should be done since the Informant has been developing information in recent months regarding the travel of U. S. citizens (S)[to Russia via Israel.] Such travelers come from various parts of the U. S. ~~(S)~~

SUBJECT: CENTRAL INTELLIGENCE AGENCY (CIA)
INFORMATION RECEIVED FROM JAMES ANGLETON

In 1953 we created a separate control file (62-99724) under the caption, "CIA - James Angleton," for the purpose of retaining copies of certain types of memoranda disseminated to us by James Angleton, Chief, Counterintelligence Staff, CIA. We believe that it is no longer necessary to maintain this control file.

In the way of background, the control file was created to give us the opportunity of closely monitoring our liaison with Angleton on a variety of matters which were not reported through normal CIA channels. CIA Directors permitted Angleton to run several intelligence projects, many of them with [the Israeli Intelligence Service.] (S) He was given authority by CIA to handle these projects and report only to the Director, CIA. He was given authority to disseminate to the FBI on all matters of interest to us. In 1953 we worked out an agreement where Angleton disseminated to us, and we attributed the information to Bureau Informant 100. The field was given appropriate instructions regarding the handling and reporting of the information. This procedure is still in existence and is operating satisfactorily. (S)

NOTE:

In 1954 a procedure was approved whereby we could attribute certain information received from CIA under the symbol "Bureau Informant 100." CIA forwards this information utilizing an SP (Special Projects) number. They are asking our concurrence in a method of addressing and forwarding this material. They also suggested forwarding [SCOPE] material (S) (sensitive information concerning [Israeli intelligence activities] (S) in the same manner. They proposed to forward this material by courier in sealed envelopes to be delivered to Liaison Section Supervisor D. J. Brennan, Jr. It is felt this is the best way in which this highly sensitive material can be handled. (X)

ReNYlet to Bureau dated 3/29/62.

MICHAEL J. P. MALONE, Vice-President, Czarnikow-Rionda Company, 106 Wall St., NYC, who is also employed by ROBERT KLEBERG of the King Ranch, Kingsville, Texas, advised on 3/30/62, that he had memoranda of his recent conversations in Washington, D.C., which he furnished the NYO. The memoranda of MALONE were written for ROBERT KLEBERG as a result of KLEBERG's meeting with Vice President LYNDON B. JOHNSON on 3/15/62.

In connection with MALONE's conversation with (U) ~~(S)~~ [Mr. HERBERT of the CIA,] who was described as an assistant to Colonel KING, ~~(S)~~ (U) MALONE wrote that [HERBERT] had informed ~~(S)~~ (U) him that [CIA] had separated the section in [CIA] which (U) deals solely with Cuban matters. MALONE wrote in his memorandum that [HERBERT] ~~(S)~~ (U) reported to him that he, [HERBERT,] ~~(S)~~ (U) did not agree with the general opinion of Vice President LYNDON JOHNSON relative to the lack ~~(S)~~ (U) of plans by President KENNEDY relative to Cuba. [HERBERT] told MALONE that he believed that President JOHN F. KENNEDY would act in the event of a crisis in Cuba and he believed that the opinion expressed by LYNDON B. JOHNSON with ROBERT KLEBERG on 3/15/62, was true as of many months ago.

(U) ~~(S)~~ MALONE wrote in his memorandum to KLEBERG that [HERBERT] was of the opinion that within the next two to three months, a favorable and appropriate climate will be created inside Cuba which would be favorable to some type of activity to overthrow the CASTRO Government.

MALONE in the same memorandum wrote that [HERBERT] ~~(S)~~ (U) expressed the opinion that the US Government should not loan Chile 385 million dollars as proposed by TEODORO MOSCOSO of the Alliance For Progress Program. [HERBERT] stated ~~(S)~~ (U) that he is very familiar with Chile and did not believe that they were in a position to intelligently utilize such a large sum of money and expressed an opinion that at the Foreign Ministers meeting at Punte del Este, Uruguay, in January, 1962, Chile was against the US's

position. [HERBERT] (X)(U) expressed the opinion that the US should give more encouragement to Colombia and Argentina, who have already drawn up programs for social reform within the countries.

MALONE also wrote in his memorandum that [HERBERT] (X)(U) expressed the opinion that MALONE and his associates should attempt to discuss the Cuban question with Attorney General ROBERT F. KENNEDY as he believes the Attorney General was a very strong minded individual and if he made a decision, would carry it out. (U) [HERBERT] also stated that he believed MALONE and his associates should also talk with Senators HUMPHREY and MC CARTHY, both members of the "New Frontier", who are also individuals who can make a tremendous impression on President KENNEDY. [HERBERT] (X)(U) stated that he would furnish MALONE some ideas relative to contacting Senator HUMPHREY.

MALONE, on 3/30/62, furnished a second memo which he had written to ROBERT KLEBERG relative to his conversation with a CIA contact, [CHARLES MAECHIN] (ph). (S) MALONE wrote that [MAECHIN] had informed him that the section within [CIA] handling Cuba has been separated from the rest of [CIA] and now functions as an individual unit and has its counterpart in the Departments of Defense and State.

MALONE wrote that he had discussed with [MAECHIN] (S) Vice President JOHNSON's opinion that President KENNEDY would not act in Cuba or commit US troops in Cuba, and (S) [MAECHIN] stated that he did not exactly agree with this opinion of Vice President JOHNSON's, but believed that if President KENNEDY was confronted with a situation, he would act with firmness despite possible repercussions in Berlin and Viet Nam.

(U)~~(S)~~ MALONE stated that [MAECHIN](S) indicated that there was a [CIA] plan in the formative stage relative to Cuba, and that he was hopeful that they would have something to work on soon which would give [CIA]~~(S)~~(U) more authority on which to operate. [MAECHIN](S) also indicated to MALONE that a military build-up can be expected in the Florida area, and that a minor one is already taking place at the present time at the US Naval Base at Guantanamo, Oriente Province, Cuba. (S)[MAECHIN] stressed that out of necessity future operations against Cuba would have to take place from an off-shore area because of security of the operation. MALONE also wrote in his memo that [MAECHIN](S) told him to tell ALBERTO FERNANDEZ of Key Biscayne, Florida, to be patient and that before long, [CIA] would fully utilize his abilities and equipment. ~~(S)~~(U)

MALONE also furnished on 3/30/62, a copy of his memo to ROBERT KLEBERG relative to MALONE's conversation on 3/15/62, with SERAFINO ROMUALDI of the Latin American Section of the AFL-CIO. In this memo to KLEBERG, MALONE wrote that ROMUALDI stated that President KENNEDY was still being pushed and pulled by the "Intelligentia," who were identified as ARTHUR SCHLESINGER and ADLAI STEVENSON, toward following a soft line relative to Cuba. ROMUALDI told MALONE that RICHARD N. GOODWIN of the US Department of State apparently was waking up to the fact that the future of President KENNEDY depends upon a strong, firm policy and the elinination of CASTRO and Communism in Cuba immediately. ROMUALDI told MALONE that his opinion of GOODWIN's present thinking was gathered from individuals who dealt directly with GOODWIN concerning Cuba.

MALONE wrote to KLEBERG that ROMUALDI also recommended that he, MALONE, and his associates attempt to get an appointment with Attorney General ROBERT F. KENNEDY relative to Cuba as ROBERT KENNEDY is the strong influence on the President and has been pressuring the President to get rid of what he calls the "featherheads"

Re NYlet to Director, dated 3/14/62.

MICHAEL J. P. MALONE, Vice-President, Czarnikow-Rionda Company, 106 Wall Street, NYC, who is also employed by the King Ranch of Kingsville, Texas, advised on 3/20/62, that he had accompanied ROBERT KLEBERG of the King Ranch to Washington, DC, on 3/15/62, for KLEBERG's meeting with Vice-President LYNDON B. JOHNSON at 4:00 p.m. on that date.

MALONE advised that he did not accompany KLEBERG to the meeting with Vice-President JOHNSON, but KLEBERG informed him that they discussed the Cuban problem and what course of action the US was going to follow in this matter. KLEBERG, according to MALONE, was advised by Vice-President JOHNSON, that President JOHN F. KENNEDY has no contemplated plans at the present time for any large scale movement against Cuba, and there are no plans for the use of US troops in Cuba.

MALONE advised that KLEBERG told him that Vice-President JOHNSON stated that President KENNEDY was much concerned about the world situation, and is devoting most of his time to the problems relative to Berlin, Laos and South Vietnam.

MALONE advised that KLEBERG stated that from his conversation with Vice-President JOHNSON, it was clear to him that the present administration has no intention of using US military force in the Cuban

problem, and that the Cuban problemhas taken 4th place in the order of importance as far as President KENNEDY is concerned.

MALONE further advised on March 20, 1962, that while in Washington, DC, he had made arrangements to contact [Mr. HERBERT, who was described as the assistant to Colonel KING of the CIA.] (~~S~~)(U) MALONE stated that in conversation with [HERBERT,] the question of United States (~~S~~)(U) action in Cuba was discussed, and [HERBERT] stated that (~~S~~)(U) he did not agree with the opinion expressed by Vice-President LYNDON B. JOHNSON. [HERBERT] told (~~S~~)(U) MALONE that he and his associates should get together with Senators in Washington who are close to perfect agreement with the "New Frontier" such as Senator HUBERT HUMPHREY of Minnesota, and bring pressure to bear on them since these Senators exert a certain degree of influence over the President.

MALONE stated on 3/20/62 that he also had a meeting on 3/15/62 with his CIA contact, [CHARLES MAECHIN.] (S) MALONE stated that [MAECHIN] gave him the definite (S) impression that he thought that President KENNEDY and the US would at some time make a move in Cuba. (S) [MAECHIN] stated that the CIA continues to operate but not with the complete authority with which they would like to carry out their plans. [MAECHIN] suggested (S) to MALONE that MALONE and his associates attempt to see Attorney General ROBERT F. KENNEDY and see if some pressure could not be brought to bear on the Cuban matter from Attorney General KENNEDY.

MALONE advised that from his conversations with CIA on 3/15/62, and from the conversation of ROBERT KLEBERG with Vice-President JOHNSON, he definitely was confused as to whether or not the US had any definite plans for participation in an attempt to overthrow the present Cuban regime. MALONE stated that from conversations with other individuals in Washington, he got the impression that the Cuban Revolutionary Council was falling apart, and that Dr. JOSE MIRO CARDONA had very little influence over the Cuban exiles in the Miami area.

In view of the relative inactivity of subject at this time insofar as Cuban revolutionary matters are concerned, no further investigation is being conducted, and this case is being closed. Should subject subsequently emerge as an active leader in anti-CASTRO activities, his case will be re-opened, and investigation conducted concerning his activities, and the Bureau will be advised.

On August 1, 1961, WILLIAM HERRINGTON, (C) CIA covert representative, Miami, Florida, informed that CIA had an operational interest in subject during the Cuban invasion in April, 1961. HERRINGTON (C) said that while there is no interest in subject at the present time, CIA still has an operational interest in subject's son, whom he identified as SANTIAGO ALVAREZ. (C) ~~(S)~~ (C)

(C) HERRINGTON indicated that CIA did have considerable operational interest in subject's yacht, the "Alisan", but that there is no interest at the present time. (C) HERRINGTON indicated he would advise the FBI at Miami if CIA develops any further interest in subject. (C) ~~(S)~~ (C)

Miami indices contained a communication from JUSTIN F. GLEICHAUF, CIA representative, under date of February 7, 1961, which, among other things, identified subject as a former Cuban senator who had collaborated on matters relating to the publication from time to time called "Esbirros". This information, according to CIA, came from a usually reliable source. Communication was classified "secret". (U) ~~(S)~~ (U)

An investigation by the Miami Office of "Esbirros" disclosed it was a two or three-page mimeographed "scandal sheet" directed against the Frente Revolucionario Democratico (FRD), as well as all other groups and individuals both pro and anti-FIDEL CASTRO, according to MM 492-S. It was noted that many individuals, anti-CASTRO and anti-communist, had accused many other individuals of printing "Esbirros", which had resulted in the paper not being printed or published in January, 1961. This paper received very limited distribution, and it was not believed it had been printed in December, 1960. (U)

V. RESULTS OF POLYGRAPH EXAMINATION.........................250

I. PREFACE

A. Purpose of Paper

This paper has been prepared to compare the results of the 1967-68 interrogations of YURI NOSENKO with a CIA paper dated February, 1968, entitled "The Examination of the Bona Fides of a KGB Defector." This CIA paper was based on previous interrogations of NOSENKO and concluded that NOSENKO is not a bona fide defector. ~~(S)~~ (u)

According to the paper, in arriving at this conclusion the lengthy interrogations of NOSENKO, analysis of KGB operations which he related and comparison of his assertions with collateral information from other sources were considered. ~~(S)~~ (u)

B. Background

For convenience in assessing these papers, the following chronology of events is set forth: ~~(S)~~ (u)

NOSENKO first made contact with CIA in Geneva in June, 1962. After several meetings he returned to Russia and was not again in contact with CIA until his return to Geneva in January, 1964. On his return to Geneva he indicated ~~(S)~~ (u)

~~GROUP 1~~
~~Excluded from automatic downgrading and declassification~~

Significant inaccuracies were detected in the CIA paper regarding the [KEYZERS, MORONE] (S) and ABIDIAN cases. Contrary to statements in the paper, [KEYZERS] (S) was not interviewed about homosexual activities before he left Moscow; [MORONE] (S) did have contact with a girl at American House posing as a West German journalist; the Soviet maid TATYANA FEDOROVICH did have access to ABIDIAN's living quarters within six months after his arrival in Moscow. ~~TS~~

COMMENT: A number of previous CIA conclusions regarding this period were based on deficient interrogations of NOSENKO and inadequate collateral inquiries. These conclusions have been invalidated by current interrogation and collateral inquiries and there is no substantial basis for doubting NOSENKO's basic claims regarding this period. ~~TS~~ (U)

[F. 1962-64 Period] ~~TS~~ (U)

It is concluded in the CIA paper that NOSENKO's claims of being Chief of the American-British Commonwealth ~~S~~ (U) is alleged that NOSENKO did not indicate the sources from which he obtained the information regarding the cases. ~~(TS)~~ (u)

During current interrogation NOSENKO provided sources or logical explanation for his knowledge in sixteen of the nineteen cases referred to above. He also provided adequate clarification regarding three of the other five cases which were subjects of CIA criticism. In addition a current review of his notes by NOSENKO provided the translation "ECTOR", instead of "ACTOR" or ["PROCTOR"] (S) previously obtained, as the name of an agent. Collateral investigation has developed a logical suspect by this name. (Logical suspects named "ACTOR" or ["PROCTOR"] (S) were not previously identified.) ~~(S)~~

COMMENT: Previous interrogations of NOSENKO in which information was not obtained regarding the sources for these cases were obviously inadequate. Current interrogations have provided significant clarifying information. ~~(S)~~ (u)

I. New Cases and New Information

The current interrogations of NOSENKO have developed six new cases involving nine people which were previously not uncovered during his interrogations. Collateral investigation has identified six of these persons and one [(DOMENICO CANALA)] (S) has been interviewed and admitted the allegations. This case is considered significant corroboration of NOSENKO. ~~S~~

Additional significant data was developed on three cases previously mentioned by NOSENKO. Data in one case (the Brussels case) may assist in the identification of a KGB agent who supplied NATO codes. ~~S~~ (U)

Considerable interesting, new and confirmatory data was obtained during the current interrogations. Twelve examples are cited. ~~S~~ ~~S~~ (U)

COMMENT: The new cases, new information and confirmatory data obtained in the current interrogations and collateral inquiries also clearly establish that the previous interrogations were deficient and collateral inquiries inadequate. Failure to acknowledge significance of NOSENKO's personnel identifications and organizational data denotes lack of objectivity in CIA paper. ~~S~~ (U) appear reluctant in the past. One was his [extra-marital affair] (S) with a friend of INGA KARLAMOVA and the other was his arrest in 1954 when he used a KGB cover document to obtain [treatment for venereal disease.] (S) As a result he was removed as Komsomol Secretary. In addition the "Characteristic" which was prepared on him in early 1955 was critical of him and his mother had interceded with PETR FEDOTOV, Chief of SCD, who transferred NOSENKO to the 7th Department. This intercession possibly prevented his dismissal from KGB. ~~S~~ C

[2. Assignment Against Correspondents] ~~S~~ ~~C~~ (U)

Pages 76-80 relate to NOSENKO's assignment to operations against American correspondents. It was stated that although NOSENKO could give a breakdown of the network of agents used against correspondents in terms of number and type of agents, he had forgotten their true names and could not provide personality information on any of them. ~~S~~ ~~C~~ (U) necessary and they were suitable for use in a case.) NOSENKO had files on both of these agents which he turned over to PHILLIP VASILYEVICH KISLITSYN when NOSENKO began work on military attaches. He had no opportunity to use "RAKETA" in 1953. "RAKETA" was an agent for some officer of Section II, 1st Department in 1960 or 1961. ~~(S)~~(U)

5. [Colonel EARL L. MICKELSON] (S)

On page 88 it is stated that [Colonel EARL L. MICKELSON] (S) was involved in at least two incidents inside the Soviet Union which NOSENKO did not report. ~~(S)~~

COMMENT: During interrogation of NOSENKO he could not recall specifically the arrest of [MICKELSON] (S) but stated that there were many "akts" against U. S. military attache personnel in which they were detained and written descriptions of their so-called "violations" were prepared. He indicated that the attache personnel, of course, in most instances refused to sign such documents, but nevertheless ~~(S)~~

they were prepared ~~(S)~~ (U)

6. [IRA B. RICHARDS] (S)

On pages 89 and 90 the paper indicates that NOSENKO correctly identified [IRA B. RICHARDS] (S) as an Assistant Army Attache and named his maid MARIYA NEVEROVA as an agent reporting on him. It was stated, however, that NOSENKO referred to LUDMILA GROMAKOVA in connection with another matter as a KGB agent during 1960-62 but did not relate her to [RICHARDS] (S) or to the 1953-55 period. GROMAKOVA gave [RICHARDS] (S) Russian language lessons. It was also stated that NOSENKO did not know of VOLODYA who was [RICHARDS'] (S) driver and therefore should have been NOSENKO's agent.

COMMENT: On December 11, 1967, (N-64), NOSENKO, in response to a request, furnished a handwritten list of his agents. For the period 1953-54 he listed as an agent a teacher of the Russian language who was giving lessons to correspondent CLARK. He also listed for the period 1954-55 drivers of the military attache and his officers, indicated there were five or six and ~~(S)~~ (U) furnished the name of one as "SHNIREV." (NIKOLAY VASILYEVICH SHNYRYEV). NOSENKO was not specifically questioned concerning VOLODYA and GROMAKOVA's connections with [RICHARDS] (S)

7. [HOWARD I. FELCHLIN] (S)

Pages 90-93 of the paper relate to Assistant Army Attache [HOWARD I. FELCHLIN.] (S) It was indicated that NOSENKO correctly identified [FELCHLIN] (S) but knew nothing of his background, did not recall names of agents specifically targeted against him, did not recall a newspaper article in March, 1954, falsely accusing [FELCHLIN] (S) and his companion, did not recall any unusual circumstances involving the expulsion of [FELCHLIN] (S) and [MC KINNEY] (S) in 1954 and when told that the expulsion took place in that year stated this was not the correct date. It was also indicated NOSENKO did not recognize the name of [FELCHLIN's] (S) maid, FEDEROVA.

COMMENT: On April 18, 1968, (N-182), NOSENKO stated that he had a file on [FELCHLIN] (S) and utilized a chambermaid NEFEDOVA against him as well as drivers for the military attache's office. He described the chambermaid and furnished her code name as "SHEVEDOVA". When shown the name FEDEROVA he indicated that this was the name of [FELCHLIN's] (S) maid rather than NEFEDOVA. He also said that her first name was probably MARIYA but recognized DORA as the first name when it was mentioned to him. He stated that a driver for the military attache office was "SHNYREV" and accurately furnished his first name as NIKOLAY. He said there were several "akts" on [FELCHLIN] (S) during his travel in the USSR which [FELCHLIN] (S) refused to sign. He recalled that [FELCHLIN] (S) was arrested with another officer while NOSENKO and his wife were at Kubienka during the summer of 1954. He said that this occurred on the 8th or 9th of the month, probably July, and had appeared in the newspapers on those dates. He stated that he had been on vacation and his wife had given birth to a baby in August, 1954. (Actually the arrest took place on July 4, or July 5, 1954, and may well not have appeared in the Soviet newspapers until the 8th or 9th) ~~(S)~~

NOSENKO also pointed out that KGB obtained considerable information from microphones concerning operations and plans of the Military Attache personnel including their discussions before trips, their plans for visiting various cities and points of interest and their conversations after their trips. In addition KGB knew how much money they had each year for operations, the reactions of the officers to each other, etc. Excerpts of information were given to the Disinformation Department of KGB. ~~(S)~~ (U)

8. Expulsion of [BENSON, MULE] (S) and [STROUD] (S) ~~(S)~~

Pages 95 and 96 deal with the expulsion from the Soviet Union of Assistant U. S. Army Attaches [BENSON, MULE] (S) and [STROUD] (S) This expulsion resulted from seizure of equipment carried by these officers on May 5, 1955, and they were declared personae non gratae. It was stated that NOSENKO claimed that this incident had occurred after he was transferred to the 7th Department; however, when the May 7 date was given to him ~~(S)~~

he had turned the 1st Section files over to VALERIY BUDYLDIN who had worked for a short period but was later fired from KGB and the files were then transferred to VICTOR RASSADIN. (U)

? not very strong

It appears that NOSENKO's failure to recall details of this incident could be due to his hospitalization at the time it occurred. (U)

9. [GEORGE VAN LAETHEM] (S)

Pages 97 and 98 relate to [GEORGE VAN LAETHEM], (S) Assistant Army Attache, at the American Embassy from March, 1951, to March, 1953. NOSENKO had reported that ALLA LARIONOVA was placed on a train going from Berlin to Moscow with an assignment to strike up an acquaintance with [VAN LAETHEM.] (S) She succeeded in meeting him and gave him her address and telephone number; however, he did not call her. NOSENKO heard about this from PANKRATOV and knew of no other KGB interest in [VAN LAETHEM.] (S) It was pointed out that [VAN LAETHEM] (S) denied any meeting with LARIONOVA as alleged by NOSENKO and further [VAN LAETHEM] (S) was again in Moscow from March 19 to May 19, 1955, while NOSENKO was still the case officer responsible for Army Attaches. He was reported to the Russians as an Assistant Army Attache on permanent assignment although it was actually a temporary assignment.

COMMENT: As indicated above NOSENKO stated on April 16, 1968, (N-181), that he was in the hospital for 30 or 40 days just prior to transfer to the 7th Department and would have been in the hospital during April, 1955. When told that [VAN LAETHEM] (S) returned to the USSR on March 19, 1955, NOSENKO said that he did not remember it.

[10. EDWARD ELLIS SMITH] (U)

On page 99 the paper points out that NOSENKO claimed to have personally participated in the KGB operation against EDWARD ELLIS SMITH in 1954-55 but the incident described by NOSENKO in which SMITH was approached occurred in June, 1956, after NOSENKO had been transferred to the 7th Department for about a year. (U)

11. "ANDREY" (U)

On page 99 it is also indicated that if NOSENKO served in the Embassy Section (1st Section, 1st Department) during 1953-55, "It is difficult to perceive how he could have remained unaware of 'ANDREY'S' identity." NOSENKO claimed that "ANDREY" was spotted by ROY RHODES and was recruited prior to NOSENKO's connection with KGB in March, 1953. "ANDREY" was a crypto-repairman and the direct subordinate of the Army Attache cryptographic security officer, Captain WALTER MULE, (S) who was NOSENKO's target.

COMMENT: NOSENKO has consistently stated that "ANDREY" was being handled by KOVSHUK, assisted by BORODIN, and that he obtained information regarding "ANDREY" through conversations with KOVSHUK and BORODIN. Inasmuch as NOSENKO did not enter the KGB until 1953, it does not seem inconsistent for officers in his section not to reveal to him the identity of an important agent who was furnishing important information on a current (U) their duties and in addition noted that there were 2 FCD officers who were assigned to the Section "in practice" (for training purposes). He named one of these officers. On the same date he listed his special targets among the correspondents and military officers during this period and discussed the actions against them. He indicated that he had operated agents against officers of the Military Attache's office but was not responsible for the officers of the Navy and Air Force. In addition he said that the Sergeants of all of the services were the responsibility of another officer in the section. He stated that the main objectives against the Sergeants were to ascertain their weaknesses and place girls in contact with them. Normally KGB officers were not sent with foreign Attaches when they traveled in the USSR except to look for electronic gear. He described a search of the luggage of the Military Attache [FILLMORE K. MEARNS](S) in which he participated with

IONOV and KARETNIKOV of OTU whom he had known since 1953. (~~S~~) ~~C~~ (~~U~~)

When shown a list of Soviets employed by the U. S. Embassy in 1954 he selected the names of eleven as agents of the 1st Section. On February 8, 1968, (N-125), photographs of 18 Soviet employees of American House were displayed to him. He identified an old woman known as BABUSHKA as an agent who had worked at American House before 1953 and who had retired about 1960. In another group he recognized the photograph of TAMARA ANTUFEVA as an agent utilized in the [FREDERICK R. MC MAHON] (S) case who was sent to Berlin to contact him but was unsuccessful. He did not recognize the photograph of GALINA G. MOROZOVA and said he never saw her but Officer RAKOVSKIY, who worked against American House and the Sergeants, had an agent named MOROZOVA in 1953 or 1954. He recognized the photograph of RAISA TROFIMOVA and furnished her name as an agent of RAKOVSKIY. (~~S~~) ~~C~~

that CIA warned BELITSKIY against SHULGINA. The paper noted that CIA did not warn BELITSKIY against SHULGINA but BELITSKIY had reported to CIA that SHULGINA was a KGB agent. SHULGINA was for two years a Secretary-Correspondent of NBC Correspondent IRVING R. LEVINE and according to BELITSKIY was involved in the sexual entrapment and KGB recruitment of [British MP TOM DRIBERG.](S) It was stated that NOSENKO's apparent ignorance of SHULGINA's involvement with LEVINE and other Americans belied his claim that she was his agent during the 1955-58 period. It was also noted that in 1964 he failed to recognize her photograph; when shown her name he identified her not as his former agent but as an SCD agent involved with BELITSKIY. ~~(S)~~(U)

COMMENT: On December 11, 1967, (N-64), NOSENKO listed SHULGINA as one of his agents and indicated that in 1960 she left Intourist and worked in the Radio Committee. On January 24, 1968, (N-109), he stated that she was an agent of GEORGIY IVANOVICH RASTRUSIN before she was turned over to NOSENKO with whom she ~~(S)~~(U) or have been her case officer in the 1955-57 period. It was further noted that KUNGAROVA, who [had married an American tourist, PHILIP NIELSEN,](S) was interviewed by the FBI and denied collaboration with the KGB; that KUNGAROVA had died in 1965. ~~TS~~

COMMENT: On December 6, 1967, (N-57), the name VIKTOR KOPEYKIN was displayed to NOSENKO who identified him as a Lieutenant Colonel working as a Senior Case Officer in the 2nd Section of the 1st Department in 1960-62. He stated that KOPEYKIN "was keeping my former agent VERA" who [married PHILIP NIELSEN.](S) He stated that she had left Russia with [NIELSEN](S) but was coming back to Russia and KGB was also studying the question of whether [NIELSEN](S) was connected with American Intelligence. ~~S~~

On December 11, 1967, (N-64), NOSENKO listed TAMARA KUNGAROVA among his agents for the 1955-59 period. On January 11, 1968, (N-93), NOSENKO stated that she was "in close relations" ~~S~~(U) with a representative of the Belgian airlines and was trying to marry a foreigner to go abroad. X(U)

On January 30, 1968, (N-114), NOSENKO in writing about KGB operations against the British stated that in 1954-56 TAMARA KUNGAROVA and MARIANNA ZHETVINA were agents of the 2nd Department of SCD and were working in the British Embassy. Both knew the English language and were later turned over to NOSENKO by ALEKSEY SUNTSOV. NOSENKO understood that they had been "in close relations" with employees of the British Embassy. NOSENKO identified the photograph of MARIANNA ZHETVINA and on March 18, 1968, (N-165), identified the photograph of TAMARA KUNGAROVA. At that time he stated that she had worked for him two or three years but in 1959 he had discontinued working with her. She had been "in close relations" with Americans on her own initiative, some of which she did not report. He recognized the name of [JOHN MEANS THOMPSON] (S) as one of the Americans with whom she was in contact. She was also an interpreter for the [Forrestal](S) group.

On August 24, 1968, (n-217), NOSENKO stated that he had seen the name [PARSONS](S) which reminded him of a 2nd Department, SCD operation against a man by that name. He believed that TAMARA KUNGAROVA worked against this man. This happened prior to the time KUNGAROVA worked for him (NOSENKO) and probably while she was working against the British; however, NOSENKO was not sure that [PARSONS](S) was of British nationality.

4. YEVGENIYA DANKO

On page 109 the paper refers to YEVGENIYA DANKO who worked for [ARSENE FRIPPEL at the American Express Company](S) office in Moscow and later for [FRIPPEL's](S) successor, [MICHAEL JELISAVCIC.](S) It was indicated NOSENKO stated that he took DANKO over from another 7th Department case officer during the period 1955-57 and she was used to report on both [FRIPPEL](S) and [JELISAVCIC.](S) The paper noted that [FRIPPEL](S) left Moscow in 1961 by which time NOSENKO had transferred from the 7th Department.

COMMENT: On November 4, 1967, (N-11), while discussing [FRIPPEL,](S) NOSENKO stated that the true name of Agent "OKSANA" was EVGENIA VASILIEVNA DENKO. On December 11, 1967, (N-64), he listed among his agents EVGENIA DANKO who was a translator at the permanent exhibition of agriculture and industry in Moscow and from 1957 worked as a translator for [the American Express Company](S) representative in Moscow. On April 18, 1968, (N-182), NOSENKO stated that DANKO was a former Agent of IVAN ALEKSEYEVICH KONSTANTINOV and NOSENKO received her file in 1957 when KONSTANTINOV retired. At that time she was working at the permanent exhibition of agriculture as indicated above. Later, however, she was assigned to [FRIPPEL](S) when he inquired concerning an interpreter. After [FRIPPEL](S) left [in 1961](S) she continued working in the [American Express](S) office.

[5. VOLKOV and YEFREMOV] (U)

On pages 112 and 113 the paper refers to NOSENKO's Agents VOLKOV and YEFREMOV. It was noted that he was unfamiliar (U) with their background and could not say where they lived or how he got in touch with them when he required their service. It was noted that they were involved with one Dutch and five American visitors, including three CIA Agents, in the Soviet Union which was apparently unknown to NOSENKO. In addition they were involved with two other Americans in 1959 while he was their case officer but he learned about it only at the time he retired their files in 1962-63. ~~TS~~ (U)

COMMENT: On July 3, 1968, (N-207), NOSENKO described in detail his relations with the agents VOLKOV and YEFREMOV. He stated that as a result of the [MALIA](S) case the "Chiefs" of the 7th Department decided that a homosexual agent was needed. NOSENKO recruited the young fellow who was connected with [MALIA](S) and through him tried to get others. Then he visited the Moscow Investigation Department of the Militia (called Criminal Investigation Directorate of Moscow) for help. He was shown cards of Militia agents among which was the card for ANATOLIY VOLKOV, a former agent of the

Americans who were suspected by KGB of being CIA agents would likely be handled by KGB elements other than the 1st Section of the 7th Department where NOSENKO was assigned. (U)

6. MARTIN MALIA S

Pages 114 and 115 of the paper discuss the MARTIN MALIA (S) case. MALIA, (S) according to NOSENKO, was observed in contact with homosexuals in Moscow but was not approached by KGB for recruitment. It was noted that although MALIA (S) had not been interviewed in connection with NOSENKO's information, he had, in 1963, prior to receipt of NOSENKO's information, denied any involvement with homosexuals in the Soviet Union.

COMMENT: MALIA (S) has still not been interviewed concerning NOSENKO's allegations but it is noted that in September, 1963, SPENCER ROBERTS, (S) an admitted homosexual, advised that he observed MALIA (S) in Zurich, (S) Switzerland, (S) in July, 1963, and saw and overheard him proposition a young male for homosexual activities. On May 16, 1968, [ROBERTS] (S) changed his story but stated that he attended [Navy Language School] (S) with [MALIA] (S) in 1944-45 and suspected that he was a homosexual. In 1963 he saw him in [Cannes, France,] (S) in a group of homosexuals on a beach frequented almost exclusively by homosexuals.

In addition, information was reported to the American Embassy in Rome, Italy, in 1966 regarding a close association between [MALIA] (S) and a young German, [JORG B. MARUSCZCZYK] (S) who according to a physician appeared to be a homosexual.

The above information effectively supports NOSENKO's allegation that [MALIA] (S) was involved with homosexuals.

On November 7, 1967, February 6, March 8, and April 10, 1968, (N-14, 121, 125, 178), NOSENKO furnished detailed information regarding the [MALIA] (S) case which indicated he had a personal knowledge of that case. He said he had no doubt that [MALIA] (S) was connected with American Intelligence. This conclusion was based on

[MALIA's] (S) behavior, his manner of studying people and obtaining information from some of them. NOSENKO believed that [MALIA] (S) could have been recruited by KGB and said that PERFILEYEV later regretted that he did not permit an approach to [MALIA.] S

7. [RICHARD BURGHI] S

Pages 115-121 relate to the [RICHARD BURGHI] (S) case. On page 120 it is stated that NOSENKO is unfamiliar with the mechanics of KGB tracing procedures. ~~(S)~~

COMMENT: On January 26, 1968, (N-111), NOSENKO stated that the KGB has a rule that when the KGB Archives are checked for information on foreigners, both the FCD Archives and the Archives of the KGB must be checked. On this date he discussed in detail the handling of files pertaining to tourists and the transfer of the files to FCD when the tourists leave the Soviet ~~(S)~~ (U)

Union. Information furnished by NOSENKO on this date and on other dates indicates that he does have adequate knowledge of KGB tracing and filing procedures. (U)

8. [ARSENE FRIPPEL] (S)

Pages 137-143 relate to the recruitment and operation of [ARSENE FRIPPEL, American Express Company representative] (S) in Moscow. It is noted that the versions of NOSENKO and [FRIPPEL] (S) of the latter's recruitment and operation agree with some exceptions. It is stated that NOSENKO and [FRIPPEL] (S) agree that, with one exception, (when [FRIPPEL] (S) was queried regarding [BOWDEN] (U) and WINTERS), [FRIPPEL] (S) was not used to report on American Embassy employees. It is also stated that [FRIPPEL,] (S) while acknowledging that NOSENKO participated in all meetings with him, stated that CHELNOKOV was in charge of the entire operation. It is further stated that [FRIPPEL] (S) claims he saw NOSENKO on three occasions, twice in Odessa while visiting the USSR in 1962 and 1963 whereas NOSENKO insisted that he met [FRIPPEL] (S) but once in Odessa and once in Moscow in that period.

COMMENT: A review of the results of FBI interviews of [FRIPPEL] (S) during 1964 disclosed that [FRIPPEL] (S) described the initial recruiting contact of "NIKOLAEV" and "GRIBOV". He identified a photograph of NOSENKO as "NIKOLAEV" and stated that "NIKOLAEV" displayed photographs to him and carried out the interrogation. He stated that "NIKOLAEV" conducted almost all of the interrogations during their meetings; however, "Colonel GRIBOV" was in charge of the entire operation. (S)

This appears to agree with NOSENKO's account; he said that he was the case officer and was accompanied by Colonel V. D. CHELNOKOV, Deputy Chief of the 7th Department. When CHELNOKOV's photograph was displayed to [FRIPPEL] (S) he indicated that it resembled "GRIBOV" but would not make a definite identification. (S)

[FRIPPEL] (S) admitted having approximately six meetings through December, 1960, during which "NIKOLAEV" asked his observations of "various American Embassy officials." He specifically requested on one occasion information concerning [BOWDEN] (~~S~~)(U) and information regarding an economist at the Embassy whom [FRIPPEL] (S) presumed was GEORGE WINTERS. This also is consistent with NOSENKO's account who stated that he questioned [FRIPPEL] (S) about the Embassy and about Embassy officers [BOWDEN] (~~S~~)(U) and WINTERS. ~~(S)~~ ~~X~~

With regard to meetings in 1962 and 1963, [FRIPPEL] (S) said he visited the USSR in February, 1962, and went to Odessa for one day where he was met by "NIKOLAEV" and "GRIBOV." At that time they asked if any American Naval personnel were abroad the ["Olympia", Greek vessel] (S) on which he was traveling. Again in the summer of 1962 he accompanied a group of newspaper editors to the USSR at which time he was contacted by "NIKOLAEV" at [FRIPPEL's] (S) Moscow hotel room. He next visited the USSR in February, 1963, and again was approached by "NIKOLAEV" in Odessa. ~~(S)~~ ~~X~~

On November 4, 1967, (N-11), NOSENKO, in writing about the [FRIPPEL](S) case, stated that [FRIPPEL](S) returned to the USSR in the summer of 1962 with a group of correspondents and he saw him twice. In March, 1963, [FRIPPEL](S) was on [the "Olympia"](S) in Odessa "where I flew and have seen him." ~~(S)~~

There does not appear to be any substantial discrepancy between [FRIPPEL's](S) and NOSENKO's accounts and no basis to suspect that NOSENKO is lying. ~~(S)~~ (U)

[9. NOSENKO Not CI Officer] ~~(S)~~ (U)

On page 145, in discussing NOSENKO's operational activities during the 1955-60 period, it is stated that the evidence suggests that NOSENKO was an English speaking specialist in sexual entrapment and not a counterintelligence officer. Further that NOSENKO furnished no information which indicated that there was any material change in his duties and responsibilities after he was allegedly promoted to Deputy Chief of the American-British Commonwealth Section. ~~(TS)~~

COMMENT: The statement of [FRIPPEL] (S) that "NIKOLAEV" (NOSENKO) conducted almost all of the interrogations strongly suggests that NOSENKO was a counterintelligence officer rather than just an "English speaking specialist in sexual entrapment." A number of other cases, all summarized in the CIA paper, establishes this fact beyond reasonable doubt. [RICHARD BURGHI's] (S) (pages 115-120) description of his recruitment is one such case. He described his meeting with a Russian, "ANATOLI," [on June 18, 1956,] (S) who introduced him to "VIKTOR" and "YURI IVANOVICH" in a Moscow restaurant on [June 20, 1956.] (S) He identified the photograph of YURI IVANOVICH NOSENKO as "YURI IVANOVICH" and said he left after about twenty minutes. On [June 23, 1956,] (S) [BURGHI] (S) traveled to [Kiev] (S) where he was met at the airport by "YURI IVANOVICH" and "VLADIMIR STEPANOVICH" who took him to an apartment and introduced him to "ANATOLI SERGEEVICH" (undoubtedly ANATOLI SERGEEVICH KOZLOV, Deputy Chief of the 7th Department who ~~TS~~

NOSENKO said accompanied him to [Kiev] (S) and participated in the approach to [BURGHI). (S) [Burghi] (S) said "ANATOLI SERGEEVICH" was the ranking officer, referred to as Colonel, and he and "YURI IVANOVICH" had come from Moscow. "VLADIMIR STEPANOVICH" was assigned [to Kiev.] (S) "ANATOLI SERGEEVICH" led the questioning and there was no doubt he was in charge. However, "YURI IVANOVICH" appeared to give orders to "VLADIMIR STEPANOVICH" and also appeared to be in charge during the brief encounter with "ANATOLI" and "VIKTOR" in the restaurant in Moscow before he went to [Kiev.] (S) ~~TS~~

It is submitted that a mere "English speaking specialist in sexual entrapment" would not be taken to [Kiev] (S) by the Deputy Chief of 7th Department after only a twenty-minute encounter with [BURGHI] (S) in Moscow. Further, such a "specialist" would not give orders to a KGB officer stationed in [Kiev.] (S) This is clearly the role of a case officer and [BURGHI's] (S) description confirms NOSENKO's account. (~~TS~~)

Four other cases cited in the CIA paper support NOSENKO's contention that he was a case officer. The subjects confirmed NOSENKO's accounts of their recruitments (~~S~~)(~~TS~~)(U)

[GIZELLA HARRIS] (S) (page 128) identified NOSENKO as one of the two men involved in her recruitment and said he "was definitely the man in charge" while the other "was merely present and listened." (~~TS~~)

[GEORGE DREW] (S) (pages 130-131) identified NOSENKO's photograph as his interrogator and said it was clear that he was the man in charge. (~~TS~~)

[DAVID TAYLOR] (S) (132-133) identified NOSENKO as the "Colonel SERGEYEV" who recruited him and said the mere sight of NOSENKO's photograph "sent shivers down his back." (~~TS~~)

[GERARD MERTENS] (S) stated the photograph of NOSENKO might be the "GEORGE PETERSON" who recruited him. (~~TS~~)

have had access to information concerning all of them while Deputy Chief of the Section in 1958-59. [FISK](S) was there in 1959; [GINSBERG](S) was there in 1956 but had subsequent trips; [KANTOR]~~(S)~~(U) is believed to have visited relatives (As indicated above, such cases would probably not have come to NOSENKO's attention); [KARLOV](S) was a [Swede](S) rather than American (NOSENKO's section may have had an interest if he was a part of the [Yale Chorus)](S); [PECHTER](S) was there in late 1959; (S)[PRESSMAN] was there in 1957 but did not go as a tourist; (S) (S)[SEVERN] probably did not visit the Soviet Union as a tourist; [SHATTAUR](S) had previously been recruited [in Poland](S) in 1946-47 and was re-recruited in 1962; [TARASKA](S) also visited relatives. References to all of these cases could, of course, have been in the 7th Department files reviewed by NOSENKO when he became Deputy Chief of the Department. Three of them [RUFE, SHATTAUR](S) and [KANTOR]~~(S)~~(U) were in notes prepared for the BOBKOV list referred to above. Therefore, it does not appear that his retention and delivery of notes regarding these cases should be given serious consideration as an indication he is not bona fide. His knowledge of the cases is consistent with his plausible explanations regarding his possession of the notes.

[11. American Intelligence Use of Tourists] (U)

Pages 146-150 relate to NOSENKO's awareness of what the KGB knew concerning the use of tourists by foreign intelligence services. It was noted that he claimed to have prepared a report for SCD Chief GRIBANOV in 1959, but could not remember the content, any examples included therein or the conclusions regarding American-British tourist intelligence operations. It is stated that he claimed no agents were definitely identified among American tourists and no tourists had been caught in the act of mailing letters, servicing dead drops, or contacting agents with one exception. This exception he named [as MC GUIRE who mailed a letter in Minsk in 1959.] (S) It was noted that this case as described by NOSENKO actually related to [EDWARD MC GOWAN, a CIA tourist agent who was detected by KGB mailing an operational letter in Minsk in August, 1958;] (S) however, [one ROBERT ALAN MC GUIRE] (S) visited the Soviet Union in April-May, 1959, and was the target of KGB provocations although he had no intelligence connections. It was stated that interrogation did not resolve how NOSENKO knew the name [MC GUIRE,] (S) but not the background of his case and knew the background of [MC GOWAN's] (S) case but not his name. ~~TS~~

The CIA paper also relates that the KGB agent GEORGE BLAKE furnished to KGB in 1959 a 19 page document covering a conference held in London between British and CIA representatives outlining British and American use of tourists for intelligence purposes. The KGB was therefore fully aware of the use of tourists and it was stated that the substance of this information, if not the document itself, would have been brought to the attention of the Deputy Chief of the American-British Commonwealth Section. ~~TS~~ (U) tourists for intelligence. The 1st Department of SCD wrote the final report about overall American Intelligence operations against the USSR, but NOSENKO's portion regarding use of tourists was considered good and was accepted as written. (U)

NOSENKO stated that there was an analysis each year regarding use of tourists for intelligence and even in 1955 there were some indications of tourist use by Americans including "little facts" - how the tourists acted, trying to get military information, trying to find drops, studying candidates for recruitment, etc. Each year they had good examples for the analysis including the use of other nationalities by the Americans. NOSENKO, however, could not remember any of the specific examples used in the analysis. (U)

On April 1, 1968, (N-175), when questioned concerning a case involving ["MC GUIRE] (S) or something like that", who was mentioned as mailing a letter, NOSENKO stated that this case, at the beginning, was a task for the 7th Department. ["MC GUIRE"](S) was an "aspirant" (student) "and he arrived in Russia having several tours and had about 30 or 40 days." He was young and alone and although there was no information on him in the Archives he was suspected because of his "legend" (stated reason for coming to the USSR). He, therefore, was the subject of coverage which detected his mailing of a letter in Minsk. This was reported to Moscow by KGB in Minsk, apparently directed to GRIBANOV, who turned the case over to the First (American) Department which thereafter handled the investigation. This happened in the late 1950's but NOSENKO could not recall the year. NOSENKO stated that the letter mailed by this ["MC GOWAN - MC GUIRE"](S) was going to a Russian. (The transfer of this case from the 7th to the 1st Department suggests that the Russian to whom the letter was mailed was being used in an operational game by the 2nd Section of the 1st Department.)

It should be noted that the [MC GOWAN] (S) case is mentioned in the KGB document acquired by CIA in 1961 which, as noted below, NOSENKO reviewed after the defection of ANATOLIY GOLITZYN. His knowledge of this case obviously could have been acquired at that time, although it might well have been acquired when KGB, Minsk, was covering him under 7th Department guidance. (~~S~~)(U)

On March 7, 1968, (N-159), in response to a question, NOSENKO said he saw very little information which emanated from the FCD regarding American use of tourists for intelligence; however, he had seen passages from a document which was in possession of SCD and which related to discussions in London between American, British, and Canadian representatives regarding use of tourists for intelligence. He could not specifically recall when the conference took place but believed it was in 1958. This document had come from FCD and he had (~~S~~)(U) (damage assessment). He said the document contained the names of foreigners against whom KGB was working or planned to work. The document was prepared in 1960-61. NOSENKO participated in discussions of the content of the document after GOLITZYN's defection and some cases mentioned therein were considered compromised and "x'd out." He did not believe the document contained the names of any persons who had been recruited but mostly related to suspects. He volunteered the name [BARTHELEMY](S) as the only name that he could recall in the document. However, on March 7, 1968, (N-159), he was shown a list of 26 names which were contained in the document and selected the names of three as names he recalled. ~~(S)~~ ~~C~~

It is considered significant that NOSENKO is aware of the document pertaining to tourists purloined by GOLITZYN. A review of this document indicates that most of the cases referred to therein as having occurred in 1958 and 1959, are such that ~~(S)~~

NOSENKO would not normally have come into possession of information regarding them while he was Deputy Chief of the American-British Commonwealth Section. Of the 19 cases mentioned therein only seven occurred before 1960 and only one appears to have been the type of case which would have been handled by the American-British Commonwealth Section. [THOMAS BARTHELEMY] (S) went to Russia in 1959 as the representative of a tourist firm; [JUDITH GROUS] (S) was an exchange student in 1959-60; [MORRIS ETTENBERG] (S) apparently visited the USSR as a member of a group; [EDWARD MC GOWAN,] (S) discussed above, was brought to the attention of the American Department and was handled by that Department; [LIONEL SIMARD] (S) who visited in August, 1959, was introduced to a KGB agent employed at the American Embassy and may well have been handled by the 1st Department;

WILLIAM BESTOR (S) visited in 1959 with the Yale Chorus (S) and not as an individual tourist. WHITMORE GRAY (S) visited during November, 1959. He was an Assistant Professor at Michigan (S) University and a CIA Agent. (S) He was apprehended in Stalingrad November 13, 1959, (S) while attempting to photograph a factory. His is the only case among those in the document which logically should have come to the attention of NOSENKO while he was in the American-British Commonwealth Section prior to 1960. Thus his lack of knowledge does not appear to be suspect.

E. NOSENKO's Assignment to 1st Section, 1st Department, January, 1960 - January, 1962 (U)

Pages 151-261 of the CIA paper relate to the period January, 1960, to January, 1962, when NOSENKO claims to have been the Deputy Chief of the American Embassy Section (1st Section) of the American Department (1st Department). It is related that according to NOSENKO, he was supervisor of all (U) operations against code clerks and for some months against service attaches; case officer for the Embassy security officer, JOHN V. ABIDIAN; custodian of the Embassy Security file; and reviewer of all information obtained from microphones. It is stated that a comparison of his assertions with collateral information indicates that "he was none of these." ~~TS~~ (U)

It was also asserted that NOSENKO claimed complete knowledge of KGB recruitments and recruitment attempts against U. S. Embassy personnel, knowledge of CIA personnel on the Embassy Staff identified by KGB and status of the KGB cryptologic attack on Embassy communications. It is stated that his apparent ignorance of KOVSHUK's relationship with [MORELLI] (S) and KOSOLAPOV's connection with [GARLAND] (S) refute his contention about knowledge of all recruitment attempts and, contrary to his claim, he does not know of CIA personnel on the Embassy staff identified by KGB. It is also stated that his information on the cryptologic attack on Embassy communications is superficial and in error. It was concluded that NOSENKO was neither Deputy ~~TS~~

included (1) The Agent net of the 1st Section,

(2) Knowledge that ROY RHODES furnished the original information on American use of electronic apparatus.

(3) Knowledge of attempts to obtain permission of the Chairman of KGB to put microphones in a wing of the American Embassy.

(4) Trips and aims of the trips of GRYAZNOV to Berlin in 1960, and KOSOLAPOV to Helsinki in 1960 and Copenhagen in 1961.

(5) Knowledge of foreign agents obtained from conversations with leaders of other departments.

(6) Planning for technical counterintelligence from a building opposite American Embassy.

(7) Overdraft of operative money made by KOVSHUK.

(8) Facts about the 2nd Section's cases pertaining to BELITSKIY, BARRETT (S) and others and the trip of the Chief of 2nd Section, PETROV, to Frankfort in 1961.

2. KOVSHUK's Acquaintance with Americans ~~S~~ (U)

On page 158 it is stated that NOSENKO said KOVSHUK had personal contact with some American Embassy Officers but NOSENKO could identify only WINTERS. On page 159 it is indicated that NOSENKO did not know that WILLIAM N. MORELL (S) was identified formally by the American Embassy to the Soviet Government as a CIA employee; he was also not aware that KOVSHUK was in personal contact with MORELL. (S) ~~S~~

COMMENT: On March 5, 1968, (N-155), NOSENKO stated that KOVSHUK had social meetings with LEWIS W. BOWDEN. ~~S~~ (U) On April 26, 1968, (N-186), NOSENKO stated that he believed KOVSHUK also knew JAMES ALEXANDER RAMSEY (S) and ROBERT OWEN (S) ~~S~~

3. GOLITZYN's Information Re Recruitments ~~S~~ (U)

On pages 162 and 163 information is set forth which was obtained from GOLITZYN pertaining to recruitments or possible recruitments of American personnel. It was reported that GOLITZYN visited the Embassy Section in the Spring of 1960 and learned ~~S~~ (U)

It is considered probable that the 1961 communication referred to by GOLITZYN is identical with, or related to, data furnished by SHAMROCK in (S) 1967 which indicated KGB was emphasizing operations against code clerks in 1961. The contents of the document made available by SHAMROCK undoubtedly (S) emanated from JOHN DISCOE SMITH, a former State Department code clerk and crypto technician who resigned in December, 1959, left the United States in May or June, 1960, and whose whereabouts thereafter were unknown until he was publicized as a defector by the Soviets in the Fall of 1967. ~~S~~ (U)

In this connection it is not clear how GRYAZNOV of the SCD would have knowledge of SMITH in the Spring of 1960. If SMITH was an agent prior to that time he would have been an agent of FCD. NOSENKO has reported, however, that another friend of GRYAZNOV's, NIKOLAY SKVORTSOV of FCD was handling "ZHARI" (believed to be the crytonym of SMITH) in 1961 and later "ZHARI" was being handled by ARTEMEV of the SCD. ~~S (S)~~ (U)

The possibility exists that GOLITZYN obtained information regarding the "real agent" from SKVORTSOV rather than GRYAZNOV. SMITH could have arrived in Moscow or otherwise have been in contact with SKVORTSOV during the period April - July, 1960, which GOLITZYN indicates in the period he talked to GRYAZNOV. At any rate, there is no certainty that an American code clerk assigned to Moscow in the Spring of 1960 had been recruited by KGB as alleged. ~~S~~ ~~C~~ (U)

~~4.~~ [JAMES STORSBERG - Military Code Clerk] (S)

Page 163 also sets forth information obtained from GOLITZYN who said that in the Spring of 1960 he was told by GRYAZNOV that the latter had developed an operation against an Embassy [military code clerk.] (S) KGB was 99 percent sure that [this code clerk] (S) would be recruited. ~~TS~~

In January, 1961, GOLITZYN learned from KOVSHUK that [JOHANNES PREISFREUND,] (S) then a KGB agent, had recently been used ~~TS~~

in the successful recruitment of an employee of the American Embassy. (It should be noted that when GOLITZYN was interviewed by FBI concerning this matter GOLITZYN related that he had inquired concerning his possible use of [PREISFREUND](S) but had been denied permission because he had been used in another operation. GOLITZYN could not be sure that the operation had been successful and presumed that it was against an employee of the American Embassy. From KOVSHUK's comments he assumed that the operation was successful.) ~~TS~~(U)

The comments of GRYAZNOV and KOVSHUK undoubtedly refer to KGB efforts to recruit [the military code clerk JAMES STORSBERG.](S) Information furnished by NOSENKO concerning this operation is set forth on pages 166-177 of CIA paper. It is noted therein that GOLITZYN's information concerning the use of [PREISFREUND](S) in the attempted recruitment of [STORSBERG](S) dates the incident at the end of [1960.](S) NOSENKO claimed that the approach took place about [June, 1961,](S) and [STORSBERG](S) claimed that it took place in October, 1961. It was concluded that GOLITZYN's timing was more plausible and therefore the operation against [STORSBERG](S) took place more than six months prior to the time claimed by NOSENKO and [STORSBERG.](S) ~~TS~~

It was stated that such an inaccuracy by NOSENKO concerning an event which took place less than a year before he described it to CIA in June, 1962, undermines his claim to the role he played and his claim to have been Deputy Chief of Section 1 and Supervisor of code clerk operations.

COMMENT: It is noted that [STORSBERG](S) when interviewed substantially confirmed NOSENKO's version of the approach except for the date. He also related that in the middle of [October, 1961,](S) on the evening of the KGB recruitment attempt against him, he saw "MICHAUD" (SKVORTSOV), [JOSEPH MORONE](S) and an unidentified female sitting together in the American House Club. (Note that [MORONE](S) actually left Moscow in [August, 1961.](S)

[MORONE](S) was interviewed by FBI Agents on May 22, 1968, and readily identified the photograph of SKVORTSOV as MARCEL MICHAUD whom he had seen on one occasion at American House. He related that he had visited American House Club one evening during the(S) middle of the week and observed several people sitting at a table. He probably recognized someone at the table (he cannot recall specifically) but approached the table and asked one of the two females at the table to dance. While dancing she said she was a "journalist" from West Germany, that she was with MICHAUD (who posed as a French businessman, a furrier) but he was bothering her and she did not want to stay with him. After dancing with this girl he met MICHAUD who praised the French female's ability to make love. [MORONE] (S) described the girl as age 24, attractive, dark hair, five feet two inches. He did not recall her name.

[MORONE] (S) stated that [STORSBERG] (S) could have been at the table but he could not recall specifically seeing [STORSBERG] (S) on this occasion. He was positive, however, that this was the only occasion that he had seen MICHAUD at American House.

Later in the evening the West German girl went to his room for a drink. He arranged to see her again (U) at which time he visited Red Square with her and recalls seeing a puppet show. Thereafter she returned (u) to his room and performed a perverted sex act on him.

[MORONE] (S) could not recall the date of this incident but believed that it occurred approximately the beginning of [February, 1961.] (S) He was certain that it did not occur before his vacation trip to [Helsinki] (S) the last week of [January, 1961.] (S) He was also certain that it occurred in cold weather because the female wore winter clothing when they visited Red Square and he recalled the wheather was very cold. He stated that the incident definitely occurred before the first week of [May, 1961] (S) because during that week he went to [Oslo and did not return until mid-July, 1961.] (S) At the time of his return there was a letter waiting for him from this West German girl. He left Moscow permanently in [August, 1961] S/

(S) [STORSBERG] was interviewed on August 15, 1968, by FBI Agents in an attempt to fix as accurately as possible the date on which KGB made the recruitment approach to him. (It is noted he stated on September 28, 1964, that on the evening he was approached, prior to leaving American House, he had seen [JOSEPH MORONE](S) dancing with a girl who accompanied MARCEL MICHAUD (SKVORTSOV) to American House. It is also noted that [MORONE](S) in interview on May 22, 1968, recalled seeing MICHAUD on one occasion only. He was certain this took place prior to the first week of [May, 1961,](S) when he left Moscow for [Oslo](S) returning [in mid-July, 1961.](S) ~~C~~

[STORSBERG](S) recalled seeing [MORONE](S) with MICHAUD on one occasion which he believed was either the evening of the recruitment approach to him or the date of the prior visit to MICHAUD's apartment about ten days earlier. He also recalled that the weather was very cold at the time of the approach. On the first visit to MICHAUD's hotel it was snowing and on the night of the approach it was very cold because he wore a heavy coat and a hat. ~~(S)~~ ~~C~~

[STORSBERG] (S) at first stated that the approach was about four months before he left Moscow and then stated it was about one and one-half months and not more than two months. He claimed that he did not have long to go until the end of his tour of duty. He is certain that his replacement [(ZUJUS)] (S) had not arrived at the time of the incident. [(ZUJUS] (S) arrived in Moscow in September, 1961.) He also stated the incident occurred after he saw the message which pertained to [KEYZER's] (S) homosexual activities. He believed the incident occurred quite sometime after the Ice Capades people were in Moscow because he had a good time when they were there and he did not have a good time after the approach. He stated that he did not believe he could have "sweated it out" for as long as six months; that regardless of how it may appear, his recollection is that the incident could not have happened more than two months before his departure.

Despite [STORSBERG's] (S) contentions, it is noted that both he and NOSENKO have indicated that MICHAUD did not visit the American House over an extended period of time; that [STORSBERG](S) recalls [MORONE](S) with MICHAUD just prior to his visit to MICHAUD's hotel; that [MORONE](S) dates the incident when he saw MICHAUD as prior to May, 1961; and that both [MORONE](S) and [STORSBERG](S) refer to the cold weather. [MORONE](S) left Moscow in [August, 1961,](S) and [ZUJUS](S) arrived in [September, 1961.](S) (Both probably before very cold weather.) These factors together with NOSENKO's assertion that [STORSBERG](S) was approached before [KEYZER's](S) departure on [June 16, 1961,](S) strongly indicate that [STORSBERG](S) was approached sometime before May, 1961, and that NOSENKO's version of the date of the approach is more accurate than GOLITZYN's version. ~~(S)~~

5. [JAMES KEYZERS] (S)

Pages 178-181 relate to the KGB attempt to defect [JAMES KEYZERS, a U. S. Army specialist](S) who served in Moscow from December, 1960, to June 16, 1961. The paper raises a number of questions concerning NOSENKO's version of this incident. ~~(S)~~

It is stated that no KGB officer directly connected with the case could regard [KEYZERS](S) as a replacement for [STORSBERG.](S) It was noted that [KEYZERS](S) did not identify the photograph of NOSENKO as the individual who approached him at the airport and his description of this person did not fit that of NOSENKO. It was stated that [KEYZERS,](S) prior to his departure from Moscow, acknowledged to his superiors that he had homosexual tendencies and admitted being involved in three homosexual incidents at American House. (It is noted that NOSENKO claimed that KGB knew from the microphone coverage that his homosexual activities were not discussed with [KEYZERS](S) prior to his departure and hoped to induce his defection by sending him a letter which would suggest he was in trouble because of these activities.)

The paper also concluded that KGB would have learned from microphone coverage, contrary to NOSENKO's assertion, that (S)[KEYZERS] did report the receipt of the KGB defection letter to his superiors.

COMMENT: The fact that [KEYZERS] (S) was trained for a period of time by [STORSBERG] (S) in the [military code room] (S) could well suggest to the KGB that he was to be the replacement for [STORSBERG] (S) The U. S. Army intelligence file was reviewed by FBI representatives on July 10, 1968, and contained no indication that [KEYZERS'] (S) homosexual activities were discussed with him before he left Moscow on June 16, 1961. On the contrary a memorandum prepared by his superior, [Colonel PETER L. URBAN,] (S) the U. S. Army Attache dated June 16, 1961, which summarized [KEYZERS'] (S) activities, mentioned derogatory comments which had been received about his relations with members of the American Ice Capades who were known or suspected homosexuals and noted that [KEYZERS] (S) had been informed of the reasons for his transfer from Moscow, "except that he was not informed of the allegations of homosexuality in order not to aggravate the possibility of a rash act by him while within the Soviet Union." ~~(S)~~

This memorandum clearly supports NOSENKO's version of this incident. (U)

With regard to KEYZERS (S) failure to identify NOSENKO it is pointed out that he saw the individual who approached him only momentarily, but it is recognized that his description of the individual is not close to that of NOSENKO.

6. MATTHEW PETER ZUJUS (S)

Pages 181-184 relate to the KGB operation against U. S. Army (S) Sergeant MATTHEW PETER ZUJUS (S) who arrived in Moscow in September, 1961, to assume the code clerk (S) duties of STORSBERG (S) and to remain there until January, 1963. On page 183 it was stated that ZUJUS (S) admitted to U. S. Army authorities in 1963 that in the summer of 1962 he had been intimate with an Austrian woman "LILLIAN" who had visited American House with someone from the United Arab Republic and returned alone a few days later. The American House manager interviewed her and learned that she claimed to be from Vienna and was traveling with her employer, a Czech. The Embassy security officer learned that she had no Austrian passport and asked her for her passport. She left and never returned to Americn House. It was stated that NOSENKO described this incident in connection with KGB attempts to entrap [JOSEPH MORONE](S) in [1960,](S) not [ZUJUS](S) in [1962;](S) that interrogation of NOSENKO never resolved how he knew of this incident. ~~S~~

Also with regard to the [ZUJUS](S) case, it is stated that NOSENKO identified ELLA UMANETS as a KGB agent employed at American House but never related her to [ZUJUS.] ~~S~~ (S)

COMMENT: On March 20, 1968, (N-167), NOSENKO related that in 1960 GRYAZNOV had gone to East Germany and brought to Moscow two girls who were to be targeted against American House. One of these girls, possibly known as "HANNAH", described by NOSENKO as a fat blonde in her mid thirties, posed as a correspondent from West Germany. This girl was introduced into American House with the help of [PREISFREUND] ~~S~~ (S)

NOSENKO stated that another woman had been documented as an Austrian but had not been successful ~~S~~ (U) as an agent against American House. He said this woman had some difficulty at American House regarding her passport. (U)

From information set forth above obtained from [MORONE] (S) it appears clear that NOSENKO did not confuse the use of a female agent in the [MORONE] (S) case with that in the [ZUJUS] (S) case. [MORONE] (S) confirmed that he had contact with a West German "journalist" at American House. The "LILLIAN" described by [ZUJUS] (S) could be the girl documented as an Austrian as related by NOSENKO or could be still a third female.

The discrepancy between NOSENKO's description of the "journalist" and that by [MORONE] (S) is not considered particularly significant although NOSENKO appears to be in error. He probably confused the "West German" with the "Austrian."

~~7.~~ [PAUL JENNER] (S) [JOHN GARLAND] (S)

Pages 185-192 relate to KOSOLAPOV's trips to Helsinki and the [PAUL JENNER] (S) and [JOHN GARLAND] (S) cases. It is stated therein that NOSENKO claimed KOSOLAPOV traveled to Helsinki in early 1960 for a double purpose (1) to probe for a new way to get in touch with American code clerks and (2) to make contact with PAUL JENNER (S) who was to come to Moscow via Helsinki. NOSENKO claimed to have read KOSOLAPOV's report indicating that he had made contact with JENNER (S) on the train trip from Helsinki to Moscow. It was noted that in fact JENNER's (S) name is listed on the train manifest for March 31, (S) 1960, and the alias used by KOSOLAPOV is listed on the manifest for April 2, (S) 1960. Thus KOSOLAPOV could not have contacted JENNER (S) on the train. ~~(S)~~ [redacted]

It was concluded that the discrepancies indicated NOSENKO was neither KOSOLAPOV's supervisor nor supervisor over all KGB operations against code clerks. This conclusion was strengthened by the fact that NOSENKO could not recall a trip by KOSOLAPOV to Helsinki in November, (S) 1960, at which time he apparently returned to Moscow on the same train with JOHN GARLAND. (S) NOSENKO emphatically denied that KOSOLAPOV had traveled to Helsinki except in connection with the JENNER (S) case. It was concluded that (S) this denial is fatal to his claims that he was KOSOLAPOV's supervisor and supervised all operations against American code clerks. [illegible](X)

COMMENT: On November 6, 1967, (N-13), NOSENKO submitted comments concerning KOSOLAPOV's trip to Helsinki similar to that information previously furnished by him. On June 1, 1968, (N-200), he insisted KOSOLAPOV made contact with [JENNER](S) on the train trip to Moscow and wrote a report to this effect when he returned. This discrepancy has not been clarified. (~~S~~)[illegible](U)

With regard to KOSOLAPOV's second trip to Helsinki it is noted that it took place at about the same time NOSENKO traveled to Cuba. It is also noted that [GARLAND](S) denied that he was contacted on the train by any Russian, despite the fact that KOSOLAPOV apparently rode the same train. Since there was no approach to [GARLAND](S) and nothing "important" happened on the train, it is not considered (X) inconceivable that NOSENKO just never was advised of KOSOLAPOV's trip. There appears to be nothing sinister about his denial of knowledge of this trip.(S)

~~8.~~ [JOSEPH MORONE] (~~C~~)(S)

Pages 193-199 relate to the KGB operation against [JOSEPH MORONE.](S) It is stated that NOSENKO is apparently unaware of [MORONE's](S) sexual involvement with friends of KGB agent SVETLANA IVANOVA at the apartment of SARWAT EL SHAZLY, his illicit currency dealing with PIETRO CECCHI and his relationship with ELLA UMANETS. It was also stated that NOSENKO erred in relating the East German female agent sent to the American House to [MORONE;](S) that this incident occurred later. It was concluded that this case indicates NOSENKO was not supervisor of all KGB operations against American code clerks.(~~S~~) [redacted]

COMMENT: As indicated above [MORONE](S) has furnished information regarding his relationship with a West German journalist who is undoubtedly one of the East German girls brought to Moscow by GRYAZNOV, one of whom posed as a West German correspondent as related by NOSENKO.(~~S~~)

On January 11, 1968, (N-92), NOSENKO gave a written summary of the [MORONE](S) case which was basically the same as his previous information but added that [MORONE](S) and a U. S. Marine in 1961 met out in the city of Moscow, a female agent who worked at American House, and her girl friend. They went to a restaurant and about one or two o'clock in the morning returned to the American Embassy (or American House) where the girls remained until morning. He also related that [MORONE](S) was not approached by KGB primarily because [STORSBERG](S) was considered more important and KGB did not want to prejudice that case. ~~C~~

On April 6, 1968, (N-177), NOSENKO stated that he believed that the Marine who went to the restaurant with [MORONE](S) was [BEGGS,](S) further that SARWAT EL SHAZLY also reported something about [MORONE](S) but he could not recall what it was. (~~S~~ ~~C~~

On May 7, 1968, (N-190), NOSENKO stated that girls working in the American House were reporting on [MORONE] (S) and he was particularly friendly with SVETLANA IVANOVA. He said PIETRO CECCHI also reported "pieces of information" about [MORONE] (S) but NOSENKO did not know of any black market dealings between CECCHI and [MORONE] (S) He stated that the photographs of [MORONE] (S) with the Polish girl were considered insufficient to compromise him and KGB wanted to create something more, possibly photographs with Russian girls. IVANOVA was considered as a prospect in this connection and she and her girl friend had met [MORONE] (S) and a Marine in a restaurant and thereafter spent the night in the "flat" of one of the Marines. At this time he stated that the Marine with [MORONE] (S) on this occasion was possibly [GARCIA] (S)

It is noted that when [MORONE] (S) was interviewed on October 16, 1962, he furnished information regarding his intimacy with the friend of SVETLANA IVANOVA in the apartment of [MORRIS ZWANG]. (S)

He stated that [GARCIA] (S) was also present and presumably was intimate with SVETLANA. He related that he and [ZWANG] (S) had also met three Russian girls in SARWAT's apartment but were not intimate with them. (This is inconsistent with data set forth on page 198 of the CIA paper.) ~~(S)~~ C

[MORONE] (S) admitted exchanging currency with PIETRO CECCHI but claimed that these exchanges did not exceed $200 or $300. ~~(S)~~ C

Thus, contrary to the CIA paper, NOSENKO is aware of [MORONE's] (S) sexual involvements and the East German girl was involved with [MORONE.] (S) NOSENKO's information seems adequate for a supervisor. ~~(S)~~ C

9. [JOSEPH GAFFEY](S)

Pages 203 and 204 relate to [JOSEPH GAFFEY, a military enlisted man](S) in Moscow who was a target of KGB. KGB attempted to lure him into downtown Moscow using SVETLANA IVANOVA. It was related that NOSENKO stated [GAFFEY](S) had refused her invitations and KGB had no derogatory information regarding him. It was also noted that during a State Department security interview [GAFFEY](S) admitted being intimate with IVANOVA at the American House and at her apartment; that she had told him that she was pregnant and asked for money for an abortion.

COMMENT: [GAFFEY](S) was discussed with NOSENKO on January 27, (N-113), and April 6, 1968, (N-177), but he could furnish no additional information. It is noted, however, that [GAFFEY](S) during State Department interview on July 27, 1962, stated that he was first intimate with IVANOVA in his room on December 27, 1961, and was intimate with her in her apartment on approximately three occasions thereafter.

She told him she was pregnant about May 1, 1962, and he was transferred from Moscow during that month. NOSENKO transferred from the American Embassy Section in early January, 1962, and thus would logically not have knowledge of [GAFFEY's](S) intimacy with IVANOVA.[~~S~~(U))

[10. JOHN ABIDIAN]~~(S)~~(U))

Pages 205-220 relate to the Security Officer JOHN ABIDIAN and the KGB operations against him. NOSENKO had furnished detailed information regarding this case which included data indicating that a female KGB agent TATYANA FEDOROVICH was used to place "metka" (an odorless substance) on ABIDIAN's clothing. Later this substance was found on letters mailed by ABIDIAN and traced to him. It is stated that ABIDIAN had no maid until 16 months after his arrival in Moscow and FEDOROVICH did not become employed by him until July, 1961. It was concluded therefore that FEDOROVICH could not have applied metka as claimed by NOSENKO which resulted in the interception of the letter mailed by ABIDIAN on April 1, (U) ~~(S)~~

1961, and probably she was not yet employed at the time of his mailing of a letter on July 2, 1961 ~~(S)~~ [redacted] (U)

The CIA paper also takes issue with NOSENKO's statements regarding ABIDIAN's visit to a dead drop site on December 30, 1961. NOSENKO claimed to have read the initial surveillance report covering this visit, to have visited the site himself and to have reviewed reports covering observation of the site for approximately three months. It was concluded that NOSENKO was not ABIDIAN's case officer. [redacted] (~~S~~(U)

COMMENT: NOSENKO was interviewed concerning ABIDIAN on May 1, 1968, (N-187), and stated that KGB knew that [MYRA KEMMER] (S) a female employee of the American Embassy, was ABIDIAN's mistress. TATYANA FEDOROVICH was [KEMMER's] (S) maid and was sent to ABIDIAN's apartment by [KEMMER] (S) to clean his apartment. This agent placed "metka" on his clothing as early as 1960. ~~(S)~~

ABIDIAN was subsequently interviewed by a representative of CIA and confirmed that this maid ~~(S)~~ (U) disclosed that the name following number 33 was [LUBIN,] (S) that following 34 was [SMITH,] (S) that following 35 was [WILL BURTIN] (S) and that following 36 was [CIPE] (S) [BURTIN.] (S) The other two names were of KGB case officers who NOSENKO stated were undoubtedly the case officers of [LUBIN] (S) and [SMITH.] (S) NOSENKO stated that these were four individuals of interest to PETROV and the 2nd Section was interested in placing microphones against them. (This is discussed later in this paper under New Information and as indicated therein, [LUBIN] (S) and the [BURTINS] (S) have been identified. They were in the USSR in 1961 [in connection with USIA exhibition] (S) and had been in contact with components of CIA.) ~~S~~ ~~S~~

The above information would appear to be a plausible explanation as to how NOSENKO came into possession of the list of microphones. ~~S~~ (U) the Embassy. He furnished information possibly pertinent to this matter on March 22, 1968, (N-168). He stated that in 1961 the First Department had initiated planning in connection with the establishment of an apartment across the street from the American Embassy which was to contain some special equipment. This equipment was to be provided by the Department of Defense which would supply experts to operate it. This operation was discussed with officers of OTU and reference was made to checking on waves or short waves. The planning resulted from coordination of the coverage of all western attaches under YEVGENIY NIKOLAYEVICH ALESHIN, Deputy Chief of the 1st Department who was supervising it. KOVSHUK, Chief of the 1st Section did not handle it. In the late 1950's or early 1960's the [1st Section] (S) of the 2nd Department had found out [that the [British] (S) were monitoring GRU radio transmissions.] (S) The monitoring was done from the [British Embassy] (S) and a cottage owned (S) by the [British.] (S) In 1961 discussions were held regarding checking of the [American cottage as well as the American Embassy.] ~~S~~(U)

NOSENKO also stated that the Ministry of Defense had a permanent post behind the American Embassy which was not related to the above matter. When NOSENKO went with VENYAMIN KOSLOV to visit surveillance posts of the 1st Department, 7th Directorate, located around the American Embassy, KOSLOV pointed out the building where the Ministry of Defense monitoring post was located. This post had been set up prior to 1961. ~~S~~ (U)

On March 26, 1968, (N-169), NOSENKO expressed the opinion that the new installation which was planned in 1961 was not related to either the [British] (S) monitoring or the permanent post of the Ministry of Defense, but was a different kind of technique. ~~S~~

[14. NOSENKO's Knowledge of CIA Personnel] ~~TS~~ (U)

Pages 240-248 relate to NOSENKO's knowledge of CIA personnel within the American Embassy. It was noted that NOSENKO claimed that he would necessarily know whom the KGB knew or suspected as CIA officers. NOSENKO had stated that [BORIS KLOSSON] (S) was considered to be the CIA resident. [(KLOSSON] (S) had no connection with CIA.) ABIDIAN was considered a CIA officer on the basis of his conduct. (He was a State Department officer who was utilized by CIA and was, in effect, the CIA resident.) [STEVE WASHENKO] (S) was correctly identified as being connected with CIA. [LEWIS BOWDEN,] (~~S~~)(U) who according to NOSENKO was suspected of being a CIA officer, had no affiliation with CIA. The same was true of RICHARD FUNKHAUSER. WILLIAM HORBALY was correctly identified by NOSENKO as being connected with CIA, as was GEORGE WINTERS. ~~TS~~

According to NOSENKO, STANLEY BROWN, [WILLIAM MORELL,] (S) [EUGENE MAHONEY] (S) and PAUL GARBLER were not suspected by KGB. (They were CIA employees.) The paper noted that both [MORELL] (S) and GARBLER were known to KGB as CIA officers although this was apparently unknown to NOSENKO. GARBLER was known as a CIA officer to GEORGE BLAKE. ~~TS~~

COMMENT: On January 27, 1968, (N-113), NOSENKO was shown a list of names including some American and Soviet employees of the American Embassy. He recognized the name of RICHARD FUNKHAUSER, stated he was suspected of connections with American intelligence and VYACHESLAV ALEKSANDROVICH KUSKOV was working against him. Concerning the name [STEVE WASHENKO] (S) he stated that [WASHENKO] (S) was an [Agriculture Attache] (S) in the American Embassy and "mailed letters" and was considered to be connected with American intelligence.

In connection with NOSENKO's statements regarding [KLOSSON,] (S) it is suggested that the fact he replaced [DAVID MARK] (S) who had been regarded by KGB as the CIA resident, would be sufficient for KGB to consider that [KLOSSON] (S) was connected with CIA despite the fact coverage of his activities disclosed no clandestine operations.

It is also noted that PAUL GARBLER did not arrive in Moscow until November 29, 1961. Information identifying him as an American intelligence officer would undoubtedly have been in possession of FCD but there is no assurance that it would have come to NOSENKO's attention prior to his departure from the 1st Section, 1st Department, SCD in January, 1962. It is suggested that FCD would have been very careful in disseminating information received from FCD agent GEORGE BLAKE prior to BLAKE's apprehension by the British. ~~(S)~~

15. [ROBERT BARRETT] (S)

On page 248 it is stated that NOSENKO did not know of [ROBERT BARRETT's] (S) contacts with homosexual agents VOLKOV and YEFREMOV in 1961 although NOSENKO claimed to have been their case officer at that time. ~~(S)~~

COMMENT: Elsewhere in this paper NOSENKO's relations with these two agents is set forth in some detail. NOSENKO stated that he possibly did not know of all contacts these homosexuals made with Americans. On November 14, 1967, (N-22b), NOSENKO described in some detail the [BARRETT] (S) case indicating that these ~~(S)~~

two agents were used in [1959] (S) to get compromising photographs of [BARRETT] (S) The compromising materials were furnished to the 2nd Section of the 1st Department which recruited him when he returned to the USSR in [1960 or 1961.] (S) PETROV, Chief of the 2nd Section, told NOSENKO that [BARRETT] (S) had admitted connections with American Intelligence; that his task was to find Russians for future recruitment. The 2nd Section was preparing some individuals (to serve as double agents). The case officer was VADIM UDILOV ~~(S)~~

The fact that the 2nd Section was handling the case in 1961 may well explain why NOSENKO would not be aware of [BARRETT's 1961] (S) contacts with these two homosexual agents.

[16. NOSENKO's Travel to Cuba] (U)

On page 254 it is stated that NOSENKO's planned trip to the United States and his travel to Cuba damaged his claim that he was supervising operations against Embassy code clerks in 1960. It was indicated that with active operations going he (U)

COMMENT: On November 4, 1967, (N-10a), NOSENKO furnished basically the same information concerning the Bulgarian trip set forth in the CIA paper. The fact that there was no apparent necessity for the Bulgarian Minister of Interior to request a KGB officer for consultation is not a reasonable basis for judging this account to be untrue. ~~S~~ (U)

[18. Transfer to 7th Department] ~~S~~ (U)

On page 260 it is stated that NOSENKO dated his transfer to the 7th Department from the 1st Department as occurring before the defection of GOLITZYN which he dated as mid-January, 1962, despite being advised that the correct date was December 16, 1961. ~~(S)~~ (U)

COMMENT: NOSENKO during interview on March 6, 1968, (N-157), recalled that KGB had sent a cable to Helsinki after GOLITZYN's defection instructing that the residency make contact with [FREISFREUND](S) to warn him. NOSENKO and KOVSHUK contacted TARABRIN of FCD to arrange for the cable to be sent. KOVSHUK ~~S~~

and NOSENKO were Chief and Deputy Chief of 1st Section, 1st Department. It appears that his previous recollection of transfer before GOLITZYN's defection was in error. (U)

19. NOSENKO's Knowledge of [MORELL] and [GARLAND] (S)

On page 261 it is stated that NOSENKO's apparent ignorance of KOVSHUK's relationship with [MORELL] (S) and KOSOLAPOV's connection with [GARLAND] (S) refute his contention that he would have known of all KGB recruitment attempts.

COMMENT: During the April 10, 1968, (N-178), interview, NOSENKO stated that KUSKOV had the file on [MORELL] (S) who was the [Economic] (S) Advisor at the Embassy. He advised he never heard anything particular about [MORELL]. (S)

With regard to [GARLAND,] (S) NOSENKO on April 6, 1968, (N-177), stated KOSOLAPOV had his file; however, NOSENKO insisted that he had no knowledge of KOSOLAPOV's trip to Helsinki in connection with [GARLAND] (S) and he would have known about it if anything important developed. It is noted that [GARLAND] (S) denies any recruitment approach.

On April 22, 1968, (N-184), NOSENKO stated that he could not make a flat statement that he would have known of any recruitments in the American Embassy during the 1955-59 period but believed he would have heard of them. He would have known of any such recruitments in 1960-61. He believed he would also have known of any recruitments in the 1962-63 period because he saw GRYAZNOV frequently and GRYAZNOV talked freely because NOSENKO helped him advance from Senior Case Officer in January, 1962, to Deputy Chief of Section 1, then Chief of Section 1, and then Deputy Chief of Department 1 about August or September, 1963. (~~S~~) *(U)

In view of NOSENKO's stated knowledge of [MORELL] (S) and [GARLAND] (S) and the officers who had their cases and since there is no evidence that either was the subject of a recruitment approach or other important development, it is submitted that his lack of knowledge (~~S~~

of KOVSHUK's relationship with [MOREIL] (S) and of KOSOLAPOV's trip to Helsinki does not refute his contention that he would have known of all important developments pertaining to the 1st Section, 1st Department in 1960-61. ~~(S)~~

[F. Assignment to the 7th Department January, 1962 - January, 1964] ~~(S)~~ (u)

Pages 263-333 pertain to NOSENKO's claims of assignment to the 7th Department during 1962-64, first as Section Chief of the American-British Commonwealth Section to July, 1962, and thereafter as Deputy Chief of the 7th Department until his defection. It was concluded his claims are not credible. ~~(S)~~ (u)

[1. NOSENKO's Substitute as Chief] ~~(S)~~ (u)

On page 265 it is stated that NOSENKO claimed he had no Deputy Section Chief and did not indicate who was assigned his duties in his absence. ~~(S)~~ (u)

COMMENT: On July 3, 1968, (N-207), NOSENKO specifically stated that V. G. DERA was the officer whom he designated (u) ~~(S)~~

to act as Section Chief during his absence. He also utilized NOSKOV in this capacity on occasion~~(S)~~ (U) [redacted]

~~2~~. NOSENKO's Contacts with FRIPPEL (S)

On page 266 in discussing the ARSENE FRIPPEL (S) case it is stated that FRIPPEL (S) asserted he met NOSENKO in Odessa in February, 1962, which NOSENKO flatly denies. [redacted] ~~(S)~~

COMMENT: On November 4, 1967, (N-10b), NOSENKO wrote concerning the FRIPPEL (S) case that FRIPPEL (S) returned to the USSR in 1962 with a group of correspondents and "I have seen him twice. In March, 1963, 'Artur' (FRIPPEL) on the ship 'Olympia' was (S) in Odessa, where I flew and have seen him." Whether NOSENKO saw him in Odessa in February, 1962, has not been clarified (S ~~(S)~~

~~3~~. VOLKOV and WILLIAM J. ZUBON (S)

On page 267 it is stated that NOSENKO is apparently uninformed regarding the use of VOLKOV in a KGB entrapment operation against American tourist WILLIAM J. ZUBON (S) in July, 1962. ~~(S)~~ [redacted]

COMMENT: This has not been clarified but as indicated above, NOSENKO stated that VOLKOV and YEFREMOV may have had contacts with Americans without advising him. On July 27, 1968, (N-212), [ZUBON's] (S) name was included in a list displayed to NOSENKO. He failed to recognize it. ~~(S)~~

[4. MARINA RYTOVA] ~~(S)~~ (U)

On page 268 it is stated that NOSENKO claims that he was officially registered as the case officer of MARINA RYTOVA until his defection in 1964 although she had obtained a job at the Communist Party Central Committee school and had ceased all agent work. ~~(S)~~ (U)

COMMENT: On September 2, 1968, (N-218), NOSENKO stated that although RYTOVA was no longer being used, her file had not been retired and he was still considered the case officer until his defection. ~~(S)~~ (U)

5. W. E. JOHNSON (S)

Pages 268-272 relate to the KGB entrapment of W. E. JOHNSON. (S) It is stated on page 272 that although JOHNSON (S) apparently confirmed NOSENKO's role, NOSENKO's version of the case is incompatible with what must have been the actual time frame. It was pointed out that according to his version, within five days of JOHNSON's (S) arrival KGB would have discovered he was a homosexual, concluded he was a threat, after intercepting his letters, and arranged his entrapment. The rapid pace of events suggests that his homosexuality was already known to KGB. Therefore, NOSENKO's participation contradicts his assertions about the timing of his transfer from the American Department. (S) [redacted]

COMMENT: On November 7, 1967, and March 6 and 7, 1968, (N-15, N-157, N-159), NOSENKO discussed the JOHNSON (S) case, furnishing basically the same information previously furnished. He added that DERA was the case officer for this case and DERA had posed as the Administrator of the hotel in which JOHNSON (S) was registered. (S) took the "akt" from him and then brought him to NOSENKO who obtained the agreement not to criticize the Soviet Union. ~~(S)~~ [redacted]

On September 2, 1968, (N-218), NOSENKO stated that the homosexual agents YEFREMOV and VOLKOV spotted [JOHNSON] (S) soon after his arrival. At about the same time his letters were intercepted. KGB had no advance information concerning his homosexuality. ~~(S)~~

Considering NOSENKO's limited role in this matter and his claimed position as Chief of Section, it seems that his recall of this matter is adequate. With regard to the rapid pace of the operation, it is believed that KGB is certainly capable of moving rapidly when necessary. NOSENKO's account does not appear implausible. [redacted] ~~(S)~~ (U)

6. [WILLIAM CARROLL JONES] (S) [redacted]

On pages 272-273 the [WILLIAM CARROLL JONES] (S) case is discussed. It is stated that NOSENKO's ignorance of [JONES'] (S) Bible smuggling and the fact that his activities had been ~~(S)~~

publicized in the Soviet press indicates that he had no intimate connection with this case ~~(S)~~ [redacted]

COMMENT: On May 25, 1968, (N-198), NOSENKO related that when he returned to the 7th Department as Chief of Section 1 he was shown, at his request, materials on Section 1 cases which included the [JONES](S) case. [JONES](S) was suspected of intelligence connections; however, NOSENKO disagreed with this conclusion. Although [JONES](S) was involved with a girl he carefully turned off the lights during intimacies and was not successfully photographed; he drank with her in restaurants and gave gifts to Baptists; he had indicated he would return to the USSR and consideration was given to covering him again at that time. ~~(S)~~ ~~(S)~~

NOSENKO identified the photograph which was supplied by [JONES](S) of the girl with whom he was involved, LUDMILA BUGAEVA, and said he had seen her a couple of times. ~~(S)~~

Considering NOSENKO's position and connection with this case, his recall appears adequate. (~~S~~)(U)

[7. KGB Officers in Geneva] (~~S~~) (U)

Pages 279-280 discuss NOSENKO's comments regarding KGB officers within the Soviet delegation to Geneva in 1962. It was noted he identified only OLEG GRINEVSKIY as having a connection with KGB although he described A. K. KISLOV and V. G. FILATOV. It was stated that CIA tentatively identified all three of these Soviets as KGB officers. KISLOV was observed in KGB operational activity in Washington and Moscow; FILATOV served as an alternate contact in France with the KGB agent GEORGE PAQUES. [British intelligence] (S) reported that GRINEVSKIY handled a [British double agent.] (S) On page 280 it is noted that NOSENKO reported in 1964 for the first time that KISLOV had been a KGB operational contact in the U. S. and had been introduced to NOSENKO by a KGB officer in Moscow prior to their departure for Geneva in 1962. ~~S~~

65-68530-449

was a Section 2 case, but as a part of his duties in Geneva as a counterintelligence officer he was to direct BELITSKIY only if the Americans should make contact with him. It was stated that ARTEMEV, contrary to NOSENKO's claims, was not inexperienced and had been involved with a series of CIA American tourist agents in the Soviet Union of which NOSENKO was unaware although it occurred in 1958-59. It was also stated that NOSENKO had limited knowledge of the BELITSKIY case and it was concluded that he did not exercise any supervisory functions. ~~TS~~ (U)

COMMENT: One of the CIA tourist agents involved with ARTEMEV was [EDWARD MC GOWAN](S) who was in Russia in 1958. NOSENKO has advised that coverage of [MC GOWAN](S) was started by 7th Department but 1st Department took the case over after [MC GOWAN](S) was observed to mail a letter. Since NOSENKO was in 7th and ARTEMEV in the 1st, it is not unreasonable NOSENKO did not know of ARTEMEV's connection. ~~(S)~~ X

Another CIA tourist agent involved with ARTEMEV traveled on a diplomatic passport. It is X(U)

NOSENKO stated he was thankful at the time to the Americans for continuing the BELITSKIY operation although he had exposed it in 1962.~~(S)~~ ~~S~~ (u)

On August 1, 1968, (N-213), NOSENKO stated ARTEMEV was selected as Security Officer for the delegation because he knew English and French. The 2nd Section did not have anyone with language capabilities. This may explain why an officer of the 1st Section, would have been given the task of directing BELITSKIY in Geneva rather than an officer of the 2nd Section which handled the case. It is also noted that BELITSKIY was the subject of investigation. However, NOSENKO in the current interviews does not claim that ARTEMEV was inexperienced or that he (NOSENKO) exercised any supervisory functions of ARTEMEV's handling of BELITSKIY. ~~S~~ (u)

9. HORST BRAUNS (S)

On page 290 it is stated that NOSENKO was unaware that HORST BRAUNS (S) had corresponded with a girl friend in Leningrad and that she had spent a week with [BRAUNS] (S) in Moscow during which the recruitment attempt was made by KGB ~~(S)~~ [redacted]

COMMENT: On September 2, 1968, (N-218), NOSENKO stated that he did not know about the girl friend of [BRAUNS.] (S) He said this was probably known to KRUPNOV, his subordinate, who was the case officer. Considering NOSENKO's limited participation in the case, his lack of knowledge of the girl friend does not seem unusual. ~~(S)~~

[10. PAVEL FEDOROVICH SHAKHOV] ~~(S)~~ (U)

On page 291 it is concluded that NOSENKO did not direct the investigation of PAVEL FEDOROVICH SHAKHOV in Geneva in 1962. The SHAKHOV case is discussed on pages 276-278 and it is noted therein that NOSENKO claimed SHAKHOV was not and never had been a KGB officer. It was stated that RASTVOROV had identified him as a KGB officer, PETROV and DERYABIN reported that his photograph was familiar, BOURBON identified him as an "employee" of KGB, an FBI source said he was a pure diplomat and [SHAMROCK] (S) said he was still under suspicion. ~~S~~ (U)

(It is noted that [SHAMROCK] (S) described SHAKHOV as an agent rather than an officer of KGB.) ~~(S)~~(u)

COMMENT: NOSENKO was interviewed concerning SHAKHOV on February 24, 1968, (N-108), and related that he was a diplomat in the Ministry of Foreign Affairs from the 1930's and before that had worked for the Young Communist League in Leningrad. In the 1940's he had worked for the Soviet "Embassy" in the USA and was an FCD agent with the code name "RICHARD". In the 1950's KGB stopped work with him as an agent and put his file in the archives. He participated in many meetings and conferences relating to disarmament. In the late 1950's KGB started a "checking file" on him because he was suspected of connections with American Intelligence and there was a "signal" indicating a connection with the American diplomat [MARK.] (S) Because of these suspicions, in 1962 a plan was prepared to check him and NOSENKO was sent to Geneva as security ~~(S)~~

This suspicious behavior was somehow connected with [DAVID MARK] (S) who had worked in Moscow and who was known as an active intelligence officer. KGB decided SHAKHOV must be an agent or contact of [MARK] (S)

In addition, SHAKHOV was close to one (S) [EPSTEIN] (possibly [WILLIAM EPSTEIN, Canadian] (S) employed by the United Nations) who was suspected of connection with American, British, and Israeli Intelligence and was also at one time connected with Soviet Intelligence. Investigation of SHAKHOV had been initiated before 1962, possibly 1960 or 1961. After NOSENKO's 1962 report regarding coverage in Geneva, PETR IVANOVICH MASSYA was later sent to Geneva with a delegation and also checked SHAKHOV negatively. ~~S~~

NOSENKO commented that, although the file was closed, any KGB officer who would be present at any conference attended by SHAKHOV would be told to keep an eye on him. Also SHAKHOV would never be trusted. (~~S~~ (U) and would not be reinstated as an agent of KGB. ~~S~~(U)

With regard to the identification of SHAKHOV by the defectors mentioned above it is noted that only [SHAMROCK](S) and NOSENKO were in a position to have accurate knowledge of his connection with KGB and both identified him as a former agent rather than an officer. ~~S~~(U)

11. [JOHN SHUBIN](S)

On page 296-297 the [JOHN SHUBIN](S) case is discussed. NOSENKO claimed that [SHUBIN](S) visited the Soviet Union in 1958-59, was placed under KGB surveillance, was observed in a Ministry of Defense automobile and GRU later admitted to KGB he was of interest to GRU. Subsequently in 1962 while NOSENKO was reviewing a list of foreign visitors he noted [SHUBIN's](S) name and prohibited additional KGB investigation because of GRU's interest. The paper asserted that [SHUBIN](S) had no valid U. S. passport between 1940 and June, 1961, and if he visited the Soviet Union during that period it was not as an American tourist under his true name. Consequently he could not then have been the tourist target of the ~~(S)~~

7th Department as NOSENKO claimed. If NOSENKO was mistaken and was referring to [SHUBIN's] (S) 1961 visit he could not have noticed his name while reviewing tourist lists because NOSENKO was in the American Department at that time. ~~TS~~

COMMENT: This case has not been clarified but no ulterior motive is seen in NOSENKO's insistence that the first incident occurred in 1958-59, if it were not true. His insistence can only raise questions concerning the accuracy of his recollections. ~~TS~~ (U)

12. LEE HARVEY OSWALD u

On page 309 it is stated that NOSENKO's apparent ignorance of LEE HARVEY OSWALD's communications with the Soviet Embassy in Washington (in efforts to return to the USSR in 1963) discredits his claim to complete knowledge of all aspects of the KGB relationship with OSWALD. ~~TS~~ (U)

COMMENT: This matter has not been completely clarified although NOSENKO's lack of cognizance of this matter would not appear to seriously discredit him. OSWALD's ~~S~~ (U)

With further reference to the 1957-59 cases, NOSENKO stated on July 27, 1968, (N-212) that there was no time limitation put on BOBKOV's request. He wanted a list of recruitments and the list was prepared from available files, recollections of officers etc. without reference to year of recruitment. ~~S~~(u)

[15. Recall Telegram] ~~S~~(u)

Pages 324 and 325 relate to the recall telegram and it is noted that NOSENKO alleged that a telegram had been received by the KGB Residency in Geneva on February 4, 1964, ordering NOSENKO to return to Moscow. Eventually NOSENKO retracted this assertion and stated that there was no recall telegram; that he invented the telegram to hasten his defection. It is stated that [special intelligence](s) does not confirm the existence of the recall telegram but SCOTCH reported on February 20, 1964, that the KGB resident in New York had advised members of the Residency on February 18 or 19, 1964, concerning the content of telegrams received from KGB ~~TS~~

other officers of 7th Department examined the document to assess the effect its disclosure to the Americans by GOLITZYN would have on 7th Department cases.(~~S~~)(U)

NOSENKO described the document as ten or twelve pages in length and stated it contained the names of several foreigners against whom 7th Department was working or planned to work. He volunteered that the name [BARTHELEMY](S) was one of the names in the document and stated he did not think it contained the names of any recruited agents but only suspects or those 7th Department was interested in recruiting in the future. ~~S~~

It is clear from the above that NOSENKO not only had knowledge of data received from FCD regarding use of tourists by American Intelligence, but he also ~~S~~(U) document for [treatment of venereal disease.] (S) However, he continued as a member of the Komsomol until the year was up and kept the card for some period after his birthday. ~~S~~

NOSENKO described the Komsomol unit as very small, consisting of approximately 17 people. The Secretaries of most of the Departments were females. Dues were collected every month and there was some type of meeting every month. NOSENKO did not remember the name of the Secretary of the KGB Komsomol but stated that he dealt with MARAT SOKOLOV, a member of the Collegium of the Komsomol Bureau who was supervising the Komsomol organization in the SCD. (~~S~~) (U)

On April 22, 1968, (N-184), NOSENKO stated he was chosen as Secretary of the SCD Komsomol Unit at a meeting in September. ~~S~~ (U) previously failed to acknowledge that he knew some of these individuals. NOSENKO's current reactions to their names or photographs are set forth below(~~S~~)(U)

[A.A. LEBEDEV](S) [redacted]
Page 362

On December 2, 1967, (N-52), NOSENKO was shown a list of names which included [A.A. LEBEDEV.](S) He said he knew [LEV LEBEDEV](S) who was a Deputy to the Chief of the Special Section, SCD but he did not know [A.A. LEBEDEV.](S) [redacted]

[V.A. ZAYTSEV](~~S~~)(U)
Page 364 [redacted]

On February 15, 1968, (N-135), NOSENKO said he knew of some ZAYTESEVs but did not know this one whose photograph was shown.(~~S~~) (U)

[N.P. KULEBYAKIN](S)
Page 370 [redacted]

On April 26, 1968, (N-186), NOSENKO said [KULEBYAKIN](S) was well known but he did not know him personally. (~~S~~)

[(FIRST NAME UNKNOWN) KUROCHKIN](S)
Page 372 [redacted]

NOSENKO made no comment when this name was mentioned to him on November 14 (N-23), and December 2, 1967, (N-51)(~~S~~) (U)

O.D. KALUGIN
Page 373 ~~TS~~ (S)

NOSENKO made no comment regarding this name on October 31, (N-3), and November 20 (N-33). ~~(S)~~ (U)

VLADIMIR TULAYEV
Page 373 ~~(S)~~ (U)

On December 21, 1967, (N-77), NOSENKO did not recognize this name but leter recalled there was an Intourist translator by the name of TULAYEV. ~~(S)~~ (U)

YU. V. LYSOV (S)
Page 375

On February 14, 1968, (N-133), NOSENKO, when shown this photograph stated he had seen this person once or twice. He did not recall his name but said he was a young officer of FCD who took English examinations with NOSENKO. ~~S~~ ~~(S)~~ (U)

YU. N. PERFILEV
Page 379 ~~TS~~ (S)

On December 15, 1967, (N-73), NOSENKO did not recognize the photograph of this individual. He said he knew his father and knew there was a son but he had never seen him. (U) ~~(S)~~

ANATOLIY GOLITZYN
Page 383 ~~(S)~~ (U)

On November 6, 1967, (N-13), NOSENKO stated that he was not acquainted with GOLITZYN and did not talk to him. ~~(S)~~ (U)

GOLITZYN did talk to various other SCD officers. ~~S~~(u)

[V. D. AVDEYEV](S)
Page 389 X [redacted]

On July 20, 1968, (N-211), although he had not previously recognized [AVDEYEV's](S) photograph when displayed to him, NOSENKO stated he thought this photograph was familiar. It is considered possible that he recalled the photograph from it's previous showing to him. ~~S~~

[8. KGB Dining Rooms] ~~S~~ (u)

On page 375 (in Annex A) it is noted SCOTCH stated that NOSENKO knew many of the Chiefs and Deputies of KGB Directorates and Departments and would have knowledge of KGB hierarchy by reason of access to a dining room reserved for Chiefs and Deputies of Departments. The paper stated that NOSENKO never referred to the dining rooms until January - March, 1965, when he volunteered that he had eaten occasionally in the Chief's dining room. ~~TS~~(u)

COMMENT: On November 24, 1967, (N-39), while discussing VASILIY ROMANOVICH SITNIKOV whose (~~S~~)(u) current interrogations have clarified practically all of these cases. ~~(S)~~ [illegible] (U)

1. Actor [Proctor] S

Page 399 refers to a case involving ACTOR (or [PROCTOR]). (S) It indicates that NOSENKO said he was a valuable FCD agent who traveled overtly to Western Europe and thereafter clandestinely to the USSR. ~~TS~~

COMMENT: This case was referred to in notes brought out by NOSENKO in 1964. FBI translated the name in these notes as "EKTER." On December 8, 1967, (N-60), NOSENKO translated the name "ECTOR" but acknowledged it could be "ACTOR." He related that he had noted this name when a representative of the FCD had complained to the 7th Department, SCD, that this name had been included in a communication sent by Intourist through the open mails to various Soviet stations abroad. FCD was afraid its valuable agent would be compromised. This protest took place in 1963. ~~S~~ (U)

NOSENKO believed the agent had travelled to the USSR just prior to the protest. ~~S~~(U)

The translation of the name as "ECTOR" by NOSENKO has produced a more likely suspect than VERNON W. PROCTOR, (S) referred to in the CIA paper. This individual is JOSEPH FORTE ECTOR, JR. (S) born January 25, 1936, at Houston, (S) Texas. (S) He was a communications technician with the United States Air Force in Germany from April, 1957, to March, 1961. GABRIELLE HAMMERSTEIN (S) reported that a Soviet officer with whom she was in contact requested that she obtain biographic data concerning various individuals in West Berlin, one of whom was JOSEPH FORTE ECTOR, JR. (S) It appears that this request was made of HAMMERSTEIN (S) about February, 1961. Investigation disclosed that he is currently an employee of NSA but no record of travel since his return to the United States in March, 1961, has been located. ~~(S)~~

[2. [ROBERT ARMSTRONG] (S)

On page 402 it is indicated that NOSENKO provided no source for his information regarding [ROBERT ARMSTRONG] (S)

COMMENT: On November 14, 1967, (N-22c), NOSENKO stated he had heard from GRYAZNOV that the 1st Department suspected [ARMSTRONG] (S) was a homosexual and planned "active" work against him.

[3. [HAROLD BERMAN] (S)

On page 403 it is stated that NOSENKO did not indicate the source of his information on [HAROLD BERMAN.] (S)

COMMENT: On August 1, 1968, (N-213), NOSENKO stated that [BERMAN] (S) was in the USSR several times. He was first of interest to the 7th Department in 1957 or 58 but later in 1960, when he came in connection with the Powers case, he was of interest to 1st Department.

It is noted that NOSENKO was in the 7th Department from 1955 to 1960 and in the 1st Department in 1960-61. (~~S~~)(U)

[~~4~~. [ROBERT CHARLES CHRISTNER] ~~X~~(S)

On page 407 it is stated NOSENKO did not indicate the source or date he acquired information on [ROBERT CHARLES CHRISTNER] (S)

COMMENT: On February 16, 1968, (N-141), NOSENKO stated that he remembered the name of [CHRISTNER] (S) as an auto tourist handled by the 6th Section, 7th Department, who was arrested in 1960 or 1961. He could recall nothing more.

[~~5~~. [NORMAN FISK] (S)

On page 409 it is stated that NOSENKO has not explained why he learned of the [NORMAN FISK] (S) case only in 1963 when he was reviewing the files of VOLKOV and YEFREMOV although [FISK] (S) was in the USSR in 1959 when they were agents of NOSENKO. ~~TS~~

COMMENT: On February 27, 1968, (N-147), NOSENKO said he remembered the name of [FISK] (S) as a tourist, possibly a father and son but could recall nothing more. (It is noted that NOSENKO's notes in which the name [FISK] (S) was included have been destroyed.) ~~(S)~~

~~6~~. [PRESTON GROVER] (S)

On page 410 it is stated that NOSENKO indicated no source for his information on [PRESTON GROVER.] (S)

COMMENT: On March 18, 1965, (N-165), NOSENKO stated that he got this information from VLADIMIR KRIVOSHEI. ~~(S)~~ (U)

~~7~~. [STEPHEN F. HOFFMAN] (S)

On page 413 it is stated that NOSENKO claimed to be in the 7th Department at the time [STEPHEN F. HOFFMAN] (S) was a target of the 1st Section, 1st Department. [redacted] ~~(S)~~

COMMENT: On December 12, 1967, (N-66), NOSENKO stated that in June, 1963, GRYAZNOV of 1st ~~(S)~~

Section, 1st Department, had requested NOSENKO's (7th Department) assistance in obtaining a hotel room for a homosexual agent who was acquainted with HOFFMAN; (S) 1st Section desired to obtain photographs through the infrared process of the meeting between the agent and HOFFMAN (S) ~~(S)~~

~~X~~8. MELVIN (MARVIN) KANTOR ~~(S)~~ (U)

On page 416 it is stated that NOSENKO did not explain why the case on MARVIN (MELVIN) KANTOR ~~(S)~~ (U) was included among cases he noted as having occurred while he was in the Embassy Section in 1960-61. ~~(S)~~

COMMENT: As indicated previously, NOSENKO related that in 1963 he was requested by a Deputy Chief of SCD to prepare a paper regarding agents of the 7th Department. NOSENKO in turn requested three of the Section Chiefs to give him information. Information regarding ~~(S)~~

KANTOR (~~S~~ U) was furnished by EVGENI NOSKOV, Senior Case Officer, Section 1, 7th Department, who was acting in absence of VATALI DERA, Chief of the Section. This listing of cases was not confined to the 1960-61 period but included recruitments in other years.

9. KAZAN - KOMAREK (S)

On page 417 it is stated that NOSENKO's sourcing of the lead pertaining to KAZAN-KOMAREK (S) has not been established.

COMMENT: On November 6, 1967, (N-12a), NOSENKO related that in 1961 or 1962 this individual had contacted Intourist with a proposal to send tourists to the USSR. This, of course, was within the responsibilities of 7th Department with which NOSENKO was affiliated in 1962.

10. RALPH MATLAW (S)

On page 417 it is noted that NOSENKO saw information pertaining to [RALPH MATLAW] (S) only when he was reviewing files of VOLKOV and YEFREMOV although he was their case officer when they were in touch with [MATLAW] (S) in 1959. [redacted] ~~(S)~~

COMMENT: It is noted that NOSENKO's notes on [MATLAW] (S) have been destroyed. This case has not yet been discussed with NOSENKO for clarification. ~~S~~ [redacted]

11. [PHILIP NIELSEN] [redacted] (S)

On page 419 it is stated that NOSENKO claims personal knowledge of [PHILIP NIELSEN's] (S) meeting with agent [TAMARA KUNGAROVA's] (S) "father", although he was in the American Embassy Section at the time. [redacted] ~~(S)~~

COMMENT: On September 2, 1968, (N-218), NOSENKO stated that he had heard of this meeting through another officer. The incident happened after NOSENKO had turned her over to another case officer. ~~S~~ (U)

12. [BERNARD PECHTER] [redacted] (S)

On page 420 it is stated that NOSENKO did not indicate the source of his information on [BERNARD PECHTER]. [redacted] (S)

COMMENT: NOSENKO's notes which pertain to [PECHTER] (S) have been destroyed. On May 23, 1968, (N-197), NOSENKO stated that this case happened in 1959 before he went to the 1st Department in 1960. VLADIMIR IVANOV was working against [PECHTER] (S) and consideration was given to using GRUSHA, who had been publicly compromised in the United States in the operation. The idea was to photograph [PECHTER] (S) with GRUSHA as a means of exerting pressure on [PECHTER] (S) at a later time. This was a 7th Department case while NOSENKO was in the 7th Department. ~~S~~(U)

13. [ARON PRESSMAN] (S)

On page 421 it is stated that NOSENKO did not indicate the source of information on [ARON PRESSMAN] (S) [redacted]

COMMENT: On December 5, 1967, (N-54), NOSENKO stated that the information was obtained from the special file of the 7th Department in 1963. (~~S~~(U))

14. [WALTER RASK] (S)

On page 422 it is stated that NOSENKO did not relate the [WALTER RASK] (S) case to his 1962-64 service in the 7th Department. [redacted] (X)

COMMENT: On November 28, (N-46), NOSENKO stated that this case was included among the notes furnished to him by EVGENI NOSKOV acting for Section Chief VITALI DERA in 1963 (as noted above). ~~(S)~~ (U)

15. [SPENCER ROBERTS] (S)

On page 422 it is stated that NOSENKO did not indicate his original source of information on [SPENCER ROBERTS] (S)

COMMENT: On March 18, 1968, (N-165), NOSENKO stated that he did not recall how he learned about this case but it happened after he left the 1st Department in January, 1962. ~~(S)~~ (U)

16. [JOHANNA ROSS] (S)

On page 423 it is stated that NOSENKO did not indicate the source of his information on [JOHANNA ROSS.] (S)

COMMENT: On November 10, 1967, (N-18d), NOSENKO stated that [ROSS] (S) was in the USSR as a tourist in 1959, and an agent of the 3rd Section, 7th ~~(S)~~

Department, had relations with her at the National Hotel which were photographed.

In 1962 or 1963 NOSENKO heard from GRYAZNOV that she was again in Moscow [as a tutor for the American Ambassador's children] (S) and was in "close relations" with a foreign Negro. 1st Department was planning to approach her and, if successful, to use her against American code clerks. ~~(S)~~ (U)

17. [JOHN RUFE] (S)

On page 424 it is stated that NOSENKO did not relate the [JOHN RUFE] (S) case to his 7th Department service and did not indicate the source of information ~~(S)~~

COMMENT: NOSENKO stated on November 28, 1967, (N-46), that this was one of the cases furnished by EVGENI NOSKOV in 1963 acting for VITALI DERA as indicated above. ~~S~~ (U)

18. [COLLETTE SCHWARZENBACH] (S)

On page 425 it is stated that NOSENKO did not recall ~~(S)~~

from whom he had heard about the [COLLETTE SCHWARZENBACH] (S) case. ~~(S)~~

COMMENT: On March 5, 1968, (N-155), NOSENKO stated he saw the file on this case. The file was still in the 1st Section, 1st Department, in 1960. ~~(S)~~ (U)

19. [SOFIA GRETA SHATTAUER] (S)

On page 427 it is stated that NOSENKO did not indicate the source of his information on [SHATTAUER.] ~~(S)~~ (S)

COMMENT: On November 28, 1967, (N-46), NOSENKO advised this was from NOSKOV as indicated above. ~~(S)~~ (U)

20. [HOWARD SOCHUREK] (S)

On page 428 it is stated that NOSENKO did not indicate his source of information on [HOWARD SOCHUREK.] (S)

COMMENT: On January 10, 1968, (N-91), NOSENKO recalled this case while discussing cases where KGB or GRU officers came under suspicion. He stated that 7th Directorate surveillance ~~(S)~~

detected [SOCHUREK](S) in contact with a KGB officer. Such contact had not been previously approved. This was reported to the Chairman through regular channels and there was a scandal in SCD. GRIBANOV personally reprimanded the officers involved. ~~(S)~~

21. [WILLIAM TARASKA] ~~(S)~~(S)

On page 430 it is stated that NOSENKO did not indicate his source of information on [WILLIAM TARASKA.](S)

COMMENT: It is noted that NOSENKO's notes pertaining to [TARASKA](S) have been destroyed; however, on November 16, 1967, (N-25), NOSENKO stated that this case occurred in 1959 when he was Deputy Chief of the 1st Section, 7th Department. The case officer for [TARASKA](S) was MICHAEL VINOGRADOV. On March 29, 1968, (N-174), NOSENKO stated that the Chief of 7th Department, DUBAS, had one or two meetings with him. He was considered to be recruited. ~~(S)~~

but NOSENKO did not know if he ever worked for KGB. (~~S~~)(U)

22. CARMEN TORREY S

On page 431 it is stated that NOSENKO did not indicate his source of information on CARMEN TORREY. (S)

COMMENT: On February 27, 1968, (N-147), NOSENKO stated that he remembered this name and that she was not an American. He said the 2nd Section of the 7th Department was working against her. (TORREY (S) was in the USSR January - February 1960). (~~S~~)

23. VASILIY VOLKOV (S)

On page 433 it is stated that NOSENKO did not indicate the source of his information on VASILIY VOLKOV. (S)

COMMENT: On November 28, 1967, (N-46), NOSENKO stated that this case was among the cases furnished to him in 1963 by EVGENI NOSKOV, acting for VITALI DERA as noted above. (~~S~~)(U)

X 24. [WILLIAM WALLACE] (S)

On page 434 it is stated NOSENKO has not indicated the source of his information on [WILLIAM WALLACE] (S) [redacted]

COMMENT: This was also one of the cases furnished NOSENKO by EVGENI NOSKOV as noted above. (~~S~~) (U)

X 25. [RALPH and EVELYN YOUNGER] (S)

On page 435 it is stated that NOSENKO did not indicate the source of his information on [RALPH and EVELYN YOUNGER] (S) [redacted]

COMMENT: On November 25, 1967, (N-41), NOSENKO stated that they were auto tourists who were caught by the 7th Department engaging in intelligence activities but the case was taken over by the 1st Department when they visited the USSR in 1961. NOSENKO was Deputy Chief of the 1st Section at that time. KOSOLAPOV, who worked closely with NOSENKO, was directly involved in the case. (~~S~~) [redacted] (U)

[IV. NEW CASES AND NEW OR CONFIRMATORY INFORMATION] [redacted] (U)

Information set forth above regarding the cases discussed in the CIA paper has clearly indicated that the current series of interrogations of NOSENKO in 1967 and 1968 have been much more thorough and have produced voluminous information clarifying data obtained from him in previous interviews. Of particular significance, however, in addition to that set forth above is information obtained during the current series of interviews which is completely new. Some of the information relates to new cases and some of it is new information on cases mentioned previously. Set forth below is a summary of the most significant data in these categories and additional new and confirmatory data obtained during the current interrogation. This material not only suggests that the previous interviews were inadequate but also appears significant in assessing the bona fides of NOSENKO. [redacted] (U)

[A. New Cases [redacted]

1. [GEORGE LUBIN,] (S) [redacted]
[WILL] (S) and [SIPE BURTIN,] (S) and [redacted]
[(FNU) SMITH] (S) [redacted]]

people of interest to PETROV of the 2nd Section. These names were ["LUBIN," "SMITH," "WILL BURTIN"] (S) and ["SIPE BURTIN."] (S) The name A. A. MIKHAILOV was listed beside the name of [LUBIN] (S) and Y. E. CHERNETSOV was listed beside the name [SMITH.] (S) NOSENKO stated that these were the case officers handling the cases of [LUBIN] (S) and [SMITH.] (S) Ditto marks under the name CHERNETSOV suggested that he also was handling the cases involving the [BURTINS.] (S) At the bottom of the sheet was a name and some numbers which NOSENKO said was the name "ZAITSEV" and a KGB telephone number. ~~TS~~

This is new information and so far as is known this material had not heretofore been observed or translated by CIA. ~~(S)~~ [redacted] (u)

Investigation has disclosed that ["LUBIN"] (S) is probably identical with [GEORGE LUBIN] (S) who was in the USSR in connection with the "Plastics, USA Exhibit" in 1961, which was under the auspicies of USIA. ~~(S)~~ [redacted]

[WILL] (S) and [SIPE BURTIN] (S) appear to be identical with a man and wife who in applications for passports in April, 1961, indicated they planned to depart about April 20, 1961, for a ~~(S)~~

business trip of four weeks to Italy, Germany, the Soviet Union and England. A subsequent passport application filed by [WILL BURTIN] (S) indicated that he was in Moscow from May 20-29, 1961, for "USIA." Inquiry at USIA disclosed that [WILL BURTIN] (S) was given a contract on April 13, 1961, to design, produce and install the exhibit, ["Medicine, USA"] (S) in the Soviet Union. He was instructed, however, on October 20, 1961, to stop work on the exhibit and travel expenses of $1600 submitted by him were disallowed ~~(S)~~ [redacted]

On July 19, 1968, the Director of Security, CIA, advised that in May, 1961, a component of CIA was in contact with [BURTIN] (S) to discuss problems in the [medical science] (S) field; however, it was not known whether his services were utilized. The Director of Security of CIA has also advised that [GEORGE LUBIN] (S) was of interest to a component of CIA in 1959 when he represented his company at a fair in the USSR and in 1960 when he was again scheduled to visit the Soviet Union. ~~(S)~~

[(FNU) SMITH] (S) has not been identified but may be identical with [WALTER BURGESS SMITH, II,] (S) who was in contact with ~~(S)~~

YURI V. ZAITSEV, Attache, Soviet Embassy in Washington in 1955; became employed by State Department in 1958; was detached to USIA in 1959 and assigned to the American National Exhibition in Moscow; and is currently a State Department employee. The connections of both [LUBIN](S) and [BURTIN](S) with USIA and the fact that they were both of interest to CIA are completely consistent with NOSENKO's comments regarding the type of cases handled by the 2nd Section and with PETROV's interest in establishing coverage. The same would apply to [WALTER BURGESS SMITH, II,](S) if he traveled to the USSR in 1961. However, it cannot be stated with certainty that these are the cases PETROV had in mind or, if so, whether they were the only cases in which he was interested at that time.~~(S)~~ [redacted]

2. [(FNU) HOFFMAN] (C)

On November 27, 1967 (N-43), when shown a list of American Embassy personnel which included the name [JEROME DAVID HOFFMAN,](S) NOSENKO stated there was a military officer who was in Russia for a short period in 1962 who was of interest to the 1st Section of the 1st Department which ~~(S)~~

initiated an operation against him. This man was born in Russia or his parents were born in Russia and KGB put a female agent "ELLADA" (KLARA GORBUNOVA) in contact with him and NOSENKO believes that photographs were taken of their relations. [HOFFMAN](S) told the agent that he would come again to Moscow. NOSENKO stated that he was told about this case by GRYAZNOV. Investigation to identify this individual has not been initiated but there is no reason to doubt the accuracy of NOSENKO's information.(~~S~~) [redacted]

~~X~~3. [DOMENICO CANALA](S) [redacted]

On January 13 and 30, April 10, and August 1, 1968, NOSENKO furnished information pertaining to this case. On January 13 (N-97), he stated that ALEKSANDR STEPANOVICH MALYUGIN was working with agent "AMICO" (PIETRO CECCHI), an Italian cook working in Spaso House. He said that MALYUGIN had another Italian agent who was working in the Argentine Embassy. On January 30 (N-114), NOSENKO stated that MALYUGIN recruited an Italian cook of the Argentine Embassy, a friend of PIETRO CECCHI, in the late 1950's. About 1960 or the beginning of 1961 this agent left Moscow for New York to work as a cook (~~S~~)(U) for the representative of Holland to the United Nations. This agent's file was transferred to the 1st Department of FCD which was planning to work with him in the U. S. ~~S~~ (U)

On April 10, 1968 (N-178), NOSENKO stated that this Italian agent may have been recruited on a homosexual basis and had gone to New York to work as a cook for either the Belgian or Dutch representative to the United Nations. BORIS IVANOV, KGB resident in New York, was in Moscow about this time and was very interested in this cook. NOSENKO believed that he might recognize the name of this agent. (~~S~~ U)

Investigation disclosed that the individual referred to by NOSENKO was most likely identical with [DOMENICO CANALA,] (S) Italian, born in 1920, who arrived in New York August 31, 1960, and thereafter served as an employee in the household of the [Belgian] (S) Ambassador to the United Nations, [WALTER LORIDAN.] (S) Subsequently, in 1961, he began employment as a cook in the (S) [Argentine] Embassy in Washington, D. C. (~~S~~)

On August 1, 1968 (N-213), NOSEKNO was shown the photographs and names of PIETRO CECCHI and [DOMENICO CANALA] (S) at which time he stated that he recognized [CANALA's] (S) name (~~S~~)

and he was the friend of CECCHI recruited by MALYUGIN. He said CANALA (S) had given "some hint" to MALYUGIN concerning another Italian working in another Embassy who was a homosexual. ~~(S)~~

CANALA (S) was interviewed by FBI Agents on August 14 and 16, 1968. He immediately recognized the photograph of MALYUGIN and related how he had been "set up" in Moscow for black market activities. An Indian had requested that he sell some watches. He sold one to a Russian chauffeur and was in contact with another Russian to sell two more. They were picked up by KGB and he agreed to additional meetings under threat of prosecution. MALYUGIN translated at the time of the arrest and subsequently was in contact with CANALA (S) about four or five times. Prior to his departure from Russia another Soviet was introduced to CANALA. (S) He selected the photograph of BORIS SEMONEVICH IVANOV as resembling this individual whom he saw for about fifteen minutes. Arrangements were made for subsequent contact in New York but CANALA (S) did not follow through. In 1961 or 1962 he was contacted by a Soviet in Washington. He selected the photograph of VLADIMIR PAVLOVICH ZAITSEV as the Soviet. CANALA (S) maintained that he refused to cooperate with ZAITSEV and has had no further contact. CANALA (S) also denied ~~(S)~~

that he had furnished information to the Soviets in Moscow but stated that he was afraid not to continue to meet with them. ~~(S)~~ [redacted]

~~4.~~ [ERY WHITAKER KEHAYA] (S) [redacted]

On April 2, 1968 (N-176), NOSENKO stated that while looking at an encyclopedia he had seen the name of a flower which reminded him of a KGB agent with an unusual Jewish name FIAKSEL. This agent was married to an American furrier. He also recalled another furrier whose name was ["HOLLENDER"] (S) and another case involving a father and son who were in the tobacco business. This father and son were Americans who had traveled to the USSR and were of interest to MIKHAIL FEDOROVICH SHISHKIN of the 7th Department which had an operation against the son involving KLARA K. GORBACHEVA. (NOSENKO later corrected this name to KLARA KONSTANTINOVA GORBUNOVA.) ~~(S)~~ [redacted]

On April 4, 1968 (N-176), NOSENKO stated that SHISHKIN at one time was Chief of the 1st Section of the 7th Department but later was demoted and became a Senior Case Officer in the Section handling businessmen in the late 1950's. The case involving the American tobacco man and his son occurred in the ~~(S)~~

period 1957-59 and possibly in 1959. NOSENKO stated that possibly the name of the young man was ["ERIC."] (~~S~~)

On April 12, 1968 (N-179), a list of names including those of [ERYIK KEHAYA](S) and his son [ERY WHITAKER KEHAYA](S) was displayed to NOSENKO. He selected the name [KEHAYA](S) and stated he believed this was the name of the father and son previously mentioned by him. After seeing the name he recalled that he name of the young man was [ERY](S) rather than ["ERIC."](S) He did not know if a recruitment approach had been made to these individuals. ~~S~~

Investigation disclosed that the [KEHAYA's](S) have been in the tobacco business for many years and have traveled throughout the world including trips to the USSR. ~~S~~(U)

[5. Unknown Subject;] ~~S~~(U)

[American Owner of Hotel or Restaurant] ~~S~~(U)

On December 15, 1967, (N-73), NOSENKO stated that when Premier KHRUSHCHEV came to the United States he was accompanied by various individuals including a Deputy Chief of the 9th Directorate of KGB named SAHNO (or SAKHNO). This individual dealt with managers of hotels and restaurants in connection with KHRUSHCHEV's visit. In 1962 an American tourist, who was the owner of a hotel or restaurant, probably in New ~~S~~(U)

York, came to Moscow and requested through Intourist to see SAHNO. SAHNO told NOSENKO that he knew this man and asked NOSENKO to accompany him to a meeting with him. The meeting took place in the office of ANKUDINOV, Chief of Intourist and VLADIMIR BABKIN, Chief of an Intourist Department, was also present. The meeting was purely social and there was no recruitment attempt. On March 15, 1968 (N-164), NOSENKO in discussing this case, stated that this man was probably manager of a hotel and merely wanted to see SAHNO out of politeness. ~~(S)~~ [redacted] (U)

Investigation to date has not identified this individual. (Note: NOSENKO made reference to this incident while discussing the 9th Directorate on July 9 or 13, 1964 but a separate case was not initiated.) ~~(S)~~ [redacted] (U)

~~6.~~ [SAM SIDNEY HOLLANDER] [redacted] (S)

As indicated above NOSENKO mentioned a furrier by the name of ["HOLLENDER"] (S) on April 2, 1968. This case was discussed with him again on April 4 and 12, 1968 (N-176, 179). He stated that he did not know the first name but the man was a furrier who was in the USSR on several occasions. KGB was working against him in the early 1950's and possibly also in the late 1950's. His case was handled by the Section in the 7th Department which handled businessmen. NOSENKO did not know whether this man had been recruited. ~~(S)~~ [redacted]

Investigation has disclosed that the individual referred to by NOSENKO is undoubtedly [SAM SIDNEY HOLLANDER,] (S) a fur broker in New York who has made a number of trips to the Soviet Union. [HOLLANDER] (S) has been interviewed and has advised that he lived with a Soviet woman during his stay in the USSR [from 1941-1945.] (S) This woman's name was [RAYA GRANICK.] (S) He also advised that he had met TATIANA FIAKSEL about 1946 in the Soviet Union. She later married a friend of his, DANIEL SHERICH also engaged in the fur business in New York. [HOLLANDER] (S) did not admit being contacted by Soviet Intelligence but stated he had always suspected that TATIANA F. SHERICH was working for Soviet Intelligence from the time that he had first met her. ~~S~~

B. Additional Significant Data u

[On Cases Previously Reported] ~~S~~ (u)

[1. JOHN DISCOE SMITH (ZHARI)] ~~S~~ (u)

This case illustrates the inadequacy of the processing of information obtained from NOSENKO during previous interviews. On June 25, 1964, NOSENKO furnished information concerning an American code clerk who had defected to the USSR and who was being handled by NIKOLAY SEMENOVICH ~~S~~ (u)

KGB as reported by [SHAMROCK] (S) during early 1967. NOSENKO's information relating to "ZHARI's" connection with India suggested that he was identical with SMITH who was stationed in India from 1955 to 1959 as a code clerk and communications technician. He transferred to Vienna, Austria, in late 1959 but resigned from State Department in December, 1959. SMITH's whereabouts was unknown from May or early June, 1960, until October, 1967, when the Soviets publicized his defection and reported he was in the USSR. ~~S~~ (u)

NOSENKO was reinterviewed concerning this matter on October 31, November 29, and December 6, 1967 (N-3, 47, 57), and furnished basically the same information as previously furnished. He was of the opinion that FCD had taken "ZHARI" from India and believed that he had first heard about him in 1961; however, ARTEMEV was connected with him in 1962. ~~S~~ (u)

There is little doubt that inquiries in 1964 regarding communications personnel stationed in India prior to 1961 would have discovered the JOHN DISCOE SMITH case three years before the case was reported by [SHAMROCK.] (S) ~~S~~ (u) for this agent was PAVEL FEDEROVICH PANKRATOV who introduced the agent to NOSENKO because NOSENKO was considering the possibility of using her against correspondent [KENNETH BRODNEY.] (S) He and PANKRATOV had a short meeting with her on the street and NOSENKO was introduced to her by PANKRATOV as his KGB colleague. She had been an agent for some time and used on a "neutral base," (occasionally when there was a need on a particular target). PANKRATOV told NOSENKO it would be easy for her to agree to have "close relations" (intimate relations) with a foreigner and NOSENKO said he did not use her against [BRODNEY] (S) but later saw her file when it was in possession of KOVSHUK. ~~S~~

NOSENKO said that he had met this agent with PANKRATOV in 1954 and it would have been before mid-1954 when PANKRATOV was transferred from the 1st Department. On April 16, 1968, (N-181), NOSENKO said that KOVSHUK had the file on FIAKSEL in 1960 or 1961 but he did not know why KOVSHUK was holding the file and did not know if KOVSHUK had taken the file over from PANKRATOV in mid-1954. At the time KOVSHUK had the file it was reported that she was coming back to Russia (from the U. S.). (~~S~~) ~~S~~ (U)

[4. NIKOLAI SKVORTSOV] [redacted] (~~S~~)(U)

On June 29, 1968, (N-206), a photograph containing the name of ALEKSANDR MIKHALYLOVICH CHECHEVITSYN was displayed to NOSENKO who identified the photograph as an old photograph of SKVORTSOV. It is noted that CHECHEVITSYN had accompanied ALEKSEY NIKOLAYEVICH SOLOVYEV to Bangkok in 1960 were SOLOVYEV was in contact with a [State Department communications technician, ANTHONY LAPKA.] (S) This contact was the first step of an attempted recruitment of [LAPKA] (S) who went to Italy later in 1960. It is noted also that NOSENKO advised that SKVORTSOV during 1960-61 was trying to get a visa to go to Italy (~~S~~) [redacted]

Recruitment approaches were made to [LAPKA] (S) by the Soviets in Italy in 1960 and in France in 1962. He was prominently mentioned in information furnished by SHAMROCK which undoubtedly emanated from JOHN DISCOE SMITH, who was well known to [LAPKA.] (S)

D. Significant Confirmatory Information U

~~1.~~ [STRUKOV and URYVAYEV] (~~S~~)(U)

On June 29, 1968, (N-206), NOSENKO was shown a list of 165 Soviets who applied for visas to come to the United (~~S~~)(U)

States in 1963 and 1964 under the sponsorship of the Council on Student Travel of the YMCA East-West Committee. NOSENKO selected the photograph of VLADIMIR GRIGORYEVICH STRUKOV which he said was familiar and he thought he was a young officer who "practiced" in SCD in 1962-63 after studying at the higher school of KGB. He also recognized the photograph and name of YURIY VLADIMIROVICH URYVAYEV as a senior case officer in Section 4 of 7th Department. He then recalled that STRUKOV had been afraid to come to the United States. He and URYVAYEV had been selected as security officers for the group but URYVAYEV for some reason did not receive a visa. STRUKOV became an officer in 2nd Section, 7th Department in 1963. (~~S~~) (U)

After the interview of NOSENKO a recheck of FBI records disclosed that STRUKOV did come to the United States but URYVAYEV did not. While this is not of major importance, it is considered a significant indication that NOSENKO's knowledge of KGB was not derived from KGB briefing but from actual service as an officer. ~~S~~ (U)

2. [RICHARD DONALD SHAFFER] (S)

On March 5, 1968, (N-155), NOSENKO recognized the name [RICHARD DONALD SHAFFER] (S) on a list of American Embassy (~~S~~)

personnel. He described [SHAFFER] (S) as head of the Sergeants at American House who was spying on the Russian agents in American House and giving KGB trouble. The KGB, therefore, used some "medicine" against him to make him leave. This was done by placing the "medicine" in his bed. This caused an illness which the doctors did not diagnose. NOSENKO thought [SHAFFER] (S) left Moscow in 1960. The case officer working against him was VLADIMIR DEMKIN. ~~(S)~~

FBI files indicate that [SHAFFER's] (S) U. S. Army Attache and security files were reviewed on May 6, 1963. They disclosed that he arrived in Moscow May 8, 1958, and was assigned duties as manager of American House. He was scheduled to leave Moscow May 7, 1960, but got an extended tour for another year. However, he left April 10, 1961, before the year was up as he was suffering from erysipelas with severe skin rash, swelling about the face and a temperature. It was noted that [SHAFFER] (S) had excellent efficiency ratings and had been commended for his assistance to the exhibit manager of the American National Exhibition in Moscow. ~~(S)~~

This also is considered as significant indication that NOSENKO is furnishing information from personal knowledge and not from KGB briefing. ~~(S)~~ (U)

3. RALPH and EVELYN YOUNGER (S)

Page 435 of the CIA paper describes the KGB operation involving the captioned individuals who were arrested and recruited by KGB during 1961 while visiting the USSR. NOSENKO reported that his former subordinate, V. V. KOSOLAPOV, was directly involved in the case. After the YOUNGER's (S) departure from Moscow they reported their arrest to U. S. authorities and furnished descriptions of the individuals involved in their recruitment.

On June 22, 1968, (N-205), the descriptions furnished by the YOUNGERs (S) were discussed with NOSENKO. He suggested that "VIKTOR" described by them would be KOSOLAPOV; the "General" described by them was probably SERGEY MIKHAYLOVICH FEDOSEYEV, and "OLA" was probably BOGDANOVA, a female officer of 1st Section. When shown photographs of one NINA BOGDANOVA and one ELENA BOGDANOVA, NOSENKO believed that NINA BOGDANOVA was identical with the female officer of the 1st Section, 1st Department, who was involved in the YOUNGER (S) case. He also stated that VLADIMIR L'VOVICH ARTEMEV, an officer of the 1st Department, was involved.

Subsequently photographs of KOSOLAPOV, FEDOSEYEV, ARTEMEV, and the two BOGDANOVAs were displayed to the [YOUNGERs] (S) who made firm identifications of KOSOLAPOV, FEDOSEYEV, and NINA BOGDANOVA as being involved in their case. They were not certain that ARTEMEV was involved. ~~S~~

[4. Trip of NOSENKO's Mother] ~~S~~ [redacted] (U)

On May 15, 1968, (N-194), NOSENKO in conversation mentioned that his mother had accompanied Madam KOSYGINA on a trip to the Mediterranean and Western Europe in 1956, possibly on the "Poebeda." ~~S~~ [redacted] (U)

An Italian source reported to CIA concerning the visit of the "S. S. Pobeda" to Naples, Italy, on September 11-14, 1956. Included in the list of 400 passengers were KLAUDYA KOSYGINA born in 1908, passport number 123494, issued August 27, 1956, and TAMARA NOSENKO, born 1910, passport number 123495 issued August 27, 1956. ~~S~~ (U) [redacted]

~~5.~~ [COLLETTE SCHWARZENBACH] (S) [redacted]

Pages 424 and 425 of the CIA paper contain information concerning the captioned individual. NOSENKO reported that while she was working in Moscow she fell in love with a KGB agent and was the target of an unsuccessful KGB recruitment attempt. ~~S~~ (U)

It was noted that she reported this recruitment approach in January, 1959, and later furnished details of this attempt to a State Department security officer. [redacted] ~~S~~(u)

This case is undoubtedly identical with a case previously reported by ANATOLIY GOLITZYN concerning an American secretary who rebuffed a recruitment attempt. The two cases had not been tied together prior to the current series of interviews of NOSENKO. ~~(S)~~ (U)

6. GABRIEL REINER - (S)
VLADIMIR DMITRYEVICH CHELNOKOV ~~(S)~~ [redacted]

On November 18, 1967, (N-30), NOSENKO furnished a written memorandum in which he identified GABRIEL REINER (S) as head of "Cosmos" Travel Bureau (S) who dealt with Intourist and visited Russia several times. He worked with his son, SAM, (S) and both were suspected by KGB of having FBI connections. In 1960 CHELNOKOV, who was Chief of the 7th Department, became acquainted with REINER (S) under cover of Intourist. Thereafter he was in contact with REINER (S) when the latter was in Moscow. REINER (S) had CHELNOKOV's telephone number and CHELNOKOV received a telephone call from REINER (S) (who was abroad) on one occasion when NOSENKO was in CHELNOKOV's office. ~~(S)~~ [redacted]

On November 18, 1967, (N-31), NOSENKO stated that although [REINER] (S) would have considered CHELNOKOV to be an Intourist official, NOSENKO believed [REINER], (S) who was very sly, "suspected" CHELNOKOV and used him to settle questions which could not be settled through Intourist. He did not believe that [REINER] (S) would know CHELNOKOV's full name and said that CHELNOKOV had a "city number." NOSENKO had previously explained that KGB officers frequently gave their contacts a "city telephone number" rather than the telephone number of their KGB office although the telephone would be physically located in the office of the KGB officer. ~~(S)~~

On July 3, 1968, (N-207), NOSENKO stated he did not know whether [REINER] (S) knew CHELNOKOV under his true name. On June 10, 1968, a photograph of CHELNOKOV was displayed to [REINER] (S) who failed to recognize it. However, he stated that he knew two Soviets named CHELNOKOV; one worked in the section of Intourist that handled Intourist guides and appeared to hold the position of supervisor. The other was introduced to him in 1958 by an Intourist official SERGI M. GUSKOV, as "an important friend" who could help [REINER] (S) secure an appropriate X gift parcel license. The introduction took place in the Intourist office in Moscow and subsequent meetings occurred in this office or at [REINER's](S) hotel. [REINER](S) recalled having telephoned CHELNOKOV on several occasions from the U. S. concerning specific situations involving issuance of tourist visas and related matters.

7. [VIRGIL KRAFT](S)

Pages 129-130 of the CIA paper discuss the case reported by NOSENKO involving KGB approach to [VIRGIL KRAFT,](S) [a clergyman from the Chicago area.](S) NOSENKO had reported that [KRAFT](S) was compromised on the basis of intimacies with a Soviet woman which were photographed by the KGB. The recruitment approach to [KRAFT](S) was made by DUBAS, Chief of the 7th Department, who extracted an agreement from [KRAFT](S) not to criticize the Soviet Union. This approach was made in 1957 or 1958 and DUBAS again contacted [KRAFT](S) when he came to Moscow in 1963. Thereafter [KRAFT's](S) file was turned over to the FCD.

[KRAFT](S) was interviewed by FBI Agents in November, 1964, and confirmed that he had been approached and photographs of him and the Soviet female in compromising positions displayed to him;

however, he denied intimacies with the Soviet woman or agreement to collaborate with the KGB. ~~(S)~~

During the interview KRAFT (S) made available a photograph depicting him and the Soviet woman (NADEZHDA KOLESNIKOVA or KOLESHNIKOVA or KALESHNIKOVA). This photograph was displayed to NOSENKO on May 3, 1968, (N-188), who immediately recognized the photograph of KRAFT (S) and stated that he believed the woman was the Soviet woman with whom he had been compromised. However, he could not be absolutely sure because the hair style appeared to be different. ~~(S)~~

NOSENKO stated that although DUBAS (KONSTANTIN NIKITOVICH DUBAS) was Chief of the 6th Department in 1962 or 1963 when KRAFT (S) returned to the USSR, he was invited to contact KRAFT (S) because he had previously talked to him. NOSENKO believed that YURIY BELIKOV served as interpreter for DUBAS during the first interview (1957 or 1958), but DUBAS was probably accompanied by somebody from the 6th Department in the 1962 or 1963 interview. ~~(S)~~

On July 15, 1968, photographs of DUBAS and BELIKOV were displayed to KRAFT (S) by FBI Agents. He immediately identified the photograph of DUBAS as "the Chief" who had made the approach to him. He said the photograph of BELIKOV resembled ~~(S)~~

In response to your request, a new closed-circuit television system was recently installed in connection with the captioned case. The system consists of a remotely controlled video camera, zoom lens and pan-tilt head mounted in a special disguise. A 17-inch monitor is located nearby and provides a view of the pertinent scene. Monitor personnel can remotely change the focal length, focus, aperture and field of view of the lens. Certain compensation for changing light conditions can also be made at the monitoring site. (S)

Attached is a technical addendum listing the equipment installed together with special circuit and cable data to assist WFO personnel in the maintenance of the equipment. Appropriate inventory changes should be made. ~~(S)~~ (U)

2. ACCORDING TO [OUR REPRESENTATIVE IN KINGSTON, JAMAICA], A FAIRLY RELIABLE SOURCE HAS REPORTED THAT ENRIQUE MONTERO LEZCANO, MINISTER-COUNSELOR OF THE CUBAN EMBASSY IN KINGSTON, MADE CERTAIN ALLEGATIONS ON 24 SEPTEMBER 1977 CONCERNING THE ROLE OF CUBAN EXILES IN THE ASSASSINATION OF PRESIDENT JOHN F. KENNEDY. MONTERO MADE THESE ALLEGATIONS DURING THE COURSE OF HIS ADDRESS TO THE REGULAR MONTHLY MEETING OF THE COMMUNIST PARTY OF CUBA MEMBERS ASSIGNED TO JAMAICA. THE MEETING WAS HELD IN THE CUBAN EMBASSY. MONTERO SAID, AMONG OTHER THINGS, THAT CUBAN EXILES SUCH AS FORMER CUBAN AIR FORCE OFFICER DIAZ LAN (FNU) AND OTHERS HAD BEEN INVOLVED IN THE ASSASSINATION OF PRESIDENT KENNEDY. MONTERO REFERRED TO THE ASSASSINATION IN THE CONTEXT OF A SECURITY LECTURE IN WHICH MONTERO CLAIMED THAT COUNTER-REVOLUTIONARY ACTIVITIES BY CUBAN EXILES HAVE INCREASED IN RECENT MONTHS. MONTERO SAID RECENT INFORMATION HAD ARRIVED IMPLICATING DIAZ IN THE KENNEDY ASSASSINATION. MONTERO DID NOT MENTION ANY OTHER CUBAN EXILES BY NAME OR ANY FURTHER DETAILS. MONTERO DID NOT IDENTIFY THE SOURCE OF HIS INFORMATION, ALTHOUGH OUR SOURCE HAD THE

2. [Carlos Miguel KASSEL (also known as GACEL) Castro] (S) was in Miami, Florida from 11 August to 29 August 1974.

3 (S) [KASSEL]'s natural cover for his stay in Miami and contacts with Cuban exiles was that of "Asistente Internacional" to the Union de Trabajadores de Colombia (UTC) and "Jefe de Redaccion" of "Justicia Social" published by the UTC in Bogota. Since the UTC is sympathetic to and supports some Cuban exile groups, (S) [KASSEL] feels his visit to and expenses in Miami can be fully justified within the context of his functions as a UTC official.

4. The following were (S) [KASSEL]'s main contacts in the Miami area:

A. Ignacio LEDON Iglesias, former Miami area committee Secretary for Propaganda of the Partido Revolucionario del Pueblo (PRP), left-winger, friend of Mario RIVADULLA (see below).

REC-89 105-9680-[illegible]

B. Mario RIVADULLA, PRP official and radio personality in Santo Domingo, Dominican Republic. RIVADULLA arrived in Miami from Santo Domingo on 14 August.

C. Ramiro de LA FE, brother of Ernesto de LA FE who had been recently released from jail in Cuba.

D. Rolando MASFERRER, Editor of "Libertad."

E. Alberto DIAZ Masvidal, Editor of "Miami Extra."

F. Max LESNIK, Editor of "Replica."

G. Vicente RUBIERA, leader of Telephone Workers Trade Union in Miami.

H. Santiago REY Pernas, former Cuban Minister of Interior.

I. Alberto del RIO Chaviano, former Brig. General in the Cuban Army.

5. Following are highlights of [KASSEL](S)s report for our representative who met him in Miami:

A. The Partido Revolucionario del Pueblo (PRP) has ceased to exist for all practical purposes. According to Ignacio LEDON, responsibility for the disintegration of the PRP falls on its leader Antonio SANTIAGO, whom [KASSEL](S) describes as a "farsante."

B. Mario RIVADULLA, a member of the PRP Executive Committee who now lives in Santo Domingo, told [KASSEL](S) that it is impossible to organize a political movement in exile which would be capable of influencing in any way the development of events in Cuba. RIVADULLA now believes that there is no alternative but to await a spontaneous change of events in Cuba and a possible overthrow or assassination of Castro by the military.

C. [KASSEL](S) attended a meeting of about 15 persons on 16 August presided over by Rolando MASFERRER, Director of the weekly "Libertad." MASFERRER told the participants that they should begin firing practice on a Florida farm to prepare themselves for action against Cuba before November, because he (MASFERRER) is sure that Castro will be overthrown by that time. MASFERRER pointed out that U.S. Security and

WARNING NOTICE

Intelligence Services are aware of his plans and that he has no difficulty in their implementation. Participants at the meeting were then asked to contribute funds for the purchase of weapons; the total cash raised exceeded $1,000.00. [KASSEL](S) commented that it is his impression that the funds raised were intended for MASFERRER's personal use rather than the purchase of weapons.

D. [KASSEL](S) discussed with Ramiro de LA FE the possibility of founding a conspiratorial and secret political movement to create a mechanism of penetrating Cuba for the purpose of contributing to conditions which would result in a military coup against Castro. The movement would be headed "in absentia" by Ernesto de LA FE, who had been released from prison in Cuba two months ago. The decision to launch this movement was made on 25 August in the apartment of Ramiro de LA FE. Present at that time, in addition to [KASSEL](S) and Ramiro de LA FE, were Armando MEDINA, Manuel CAVEDAS and Miguel A. ZERQUEIRA (Cubans) and Juan LÓPEZ (naturalized American). The new movement was named Movimiento Independente Radical de Cuba (MIRC) and Ramiro de LA FE was named its temporary leader until such time as Ernesto de LA FE can leave Cuba. The MIRC will seek contact with Cuban armed forces to launch a coup against Castro and it will also seek contact with anti-Communist groups in Brazil and with the government of Chile. Ramiro de LA FE claimed already to have contact with Patricia BERDUGO, a Chilean supposedly working for the Chilean Intelligence Service in Miami. During the meeting, Armando MEDINA said that he had once worked for CIA and that he participated in an attack on a Spanish merchant vessel which was mistaken for the Sierra Maestra of the Cuban Merchant Fleet. [KASSEL](S) was named [the Editor of the MIRC Manifesto](S) which will be published in the Latin American press on 10 October.

E. [KASSEL](S) met with Alberto DIAZ Masvidal, Editor-in-Chief of "Miami Extra," and offered his services as an unpaid contributor of articles from Bogota. The offer was accepted.

WARNING NOTICE

6. [KASSEL's draft report to his Soviet contact in Bogota is a single-spaced nine-page paper entitled "Composicion Politica de la Emigracion Cubana en Miami, Florida." It covers those groups with which KASSEL has become most familiar: the PRP, the MIRC, Alfa 66, and several other minor groups. Following are highlights of that report.] (S)

A. [In response to a specific requirement from KASSEL's Soviet contact to determine if U.S. Government agencies, including specifically the CIA, support any of these groups, KASSEL makes emphatically clear in his report that none of the exile groups have the support of the U.S. Government, although some groups falsely claim to have such support. He points out that the U.S. Government not only ignores the political exiles, but places high priority on its relations with the USSR and is "disposed" to lift the blockade of Cuba and reestablish relations with Havana. In connection with the latter point, KASSEL reports on his interview with Dr. Alberto DIAZ Masvidal, Director of the Spanish edition of Miami Herald, who told KASSEL that reestablishment of U.S. - Cuban relations is now imminent.] (S)

B. Regarding on-island operations of Cuban exile groups, [KASSEL] concludes that none of them have any operational contacts in Cuba.

C. Regarding terrorism, [KASSEL] (S) reports that Dr. Orlando BOSCH, a fugitive from the U.S. who now lives in Venezuela under an assumed identity, and Antonio VECIANA, a founding member of the PRP who is now in prison, have a plan of attack against Cuban embassies and consulates and against Soviet Bloc missions in Latin America, to be put into effect when Venezuela, Costa Rica, and other unidentified countries reestablish relations with Cuba. He also singles out Jose de Jesus QINQAUMA, a Cuban political gangster who last year planned an attack against a Soviet family in Venezuela, and the Frente Unido de Liberacion, which was formed this month in Miami and which announced the launching of a terrorist campaign against Cuban and Soviet Bloc diplomatic installations in the entire Western Hemisphere.

7. If you wish, we will forward to you copies of (S) [KASSEL]'s reports to our representative (paragraph 5 above) [and to his Soviet contact in Bogota] (S) (paragraph 6 above).

8. We shall advise you if [KASSEL] (S) visits Miami again [on a mission for his Soviet contact in Bogota.] (S) If and when he does, we shall request that a Miami representative of the Bureau participate in our representative's meetings with [KASSEL] (S) as the subject matter of [KASSEL]'s (S) reporting is of direct interest to the Bureau.

with his local supporters through three women who visit him periodically. He has been apprised of the activities of his followers in Miami and has requested that $20,000 be furnished to a 40-man group of his followers in Camaguey Province. The Camaguey group is the one he has charged with making a raid on La Cabaña prison and freeing him.

6. Under the orders of Reinaldo BLANCO Navarro, one PRUNA Blanco (fmu)[7] (S) has contacted one Narciso NAVARRO[8] (S), who has a group of followers in Pinar del Rio (S) and has arms, ammunition, and dynamite buried on his farm in that province. PRUNA Blanco (S) also has a group of followers in Pinar del Prio (S) province which is led by Jesus CABRERA (S) and former sergeant MARTINEZ (fmu). (S) The CABRERA (S) group is called Legión Democrática Cubana (LDC, Cuban Democratic Legion). (S) The buried arms and dynamite are to be used in sabotage and assassination attempts.

7. PRUNA Blanco (S) has also sent one Bernardo PARETS Gonzalez (S) to contact Manuel BLANCO Navarro in Miami. PRUNA Blanco (S) is attempting to set up an arms drop to the LDC (S) at a point 10 kilometers north of Los Palacios (22 36N, 83 16W). (S) LDC men will be waiting at this point and will signal the plane making the drop with four flashlights.[9]

8. Besides the two groups in Pinar del Rio province and the group in Camaguey, Reinaldo BLANCO Navarro also has two groups in Matanzas and Santa Clara provinces.[10]

9. On about 25 August 1959 Manuel BLANCO Navarro, in Miami, wrote a letter to one of his followers in Cuba. Enclosed with the letter were two messages which BLANCO asked be forwarded to Orlando VELAZCO, Distribuidora de Refrescos ARENAL Y (S) HNO SA, Avenida No. 515 y 517, Cardenas, Matanzas, telephone 632. (S) BLANCO also asked that CELAZCO (S) be informed that the letters were "from his sister Haydee" (S) (Sic). One of the messages reads as follows:

> Dear Brother:
>
> I am writing these lines to accompany a letter from my friend Dr. Rodriguez Couceiro , in whose house I am staying since I found out that they have arrested Leonel and that I cannot return there. As you will see in the letter, I am sending you a series of instructions to see if we can maintain the group that is presently without any leaders. Just as you have probably read in the newspapers, they have caught all the leaders in the roundup. This doesn't mean anything more than that we shall be delayed until we are reorganized again. Only about 100 were arrested, and the group numbered about 3,000.
>
> As he (my friend) informs you, I do not believe that you ought to visit Reinaldo BLANCO Navarro in La Cabaña prison. You should send someone in whom you have confidence. In the new contacts that you made do not use your own name. Use an alias so that, if anyone should talk, they will not be able to identify you. You should protect the place where you live. When you have meetings, hold them at prearranged places, never in your home. I know that you know how to do these things, but I want to warn you to be careful and use other persons to make your contacts. Don't do it personally. The principal objective is to be able to maintain yourself as the leader of the movement at least until you select chiefs if your work prevents you from leading in Habana.
>
> We have made contact here with a large group which was not caught and which is also organized from Autentico people. This group did not lose its leaders, since, as I say, it was not caught because it had joined us only a few days previously. This group is almost ready for action; so it is urgent that you reorganize our people rapidly in order

that Don Fidel may not last until the New Year. In the next letter we shall send more details and possibly give the main outlines of the business. As soon as you have anything to report, use a courier in whom you have confidence. Do not use the name of Carlos LOSADA (S) since that name is now "burned". Use the name Angel MARTINEZ, (S) and use the address which you already have for the time being. I think that we shall soon change residence, but I will send you the new address as soon as we do.

When you reply, use the name "little grandmother" (abuelita) since as you know, ~~my "name"~~ is also "burned". Many regards to all and an embrace from your sister

Haydee. (S)

10. The second message reads as follows:

Miami 21 August 1959

Orlando VELASCO (S)
Dear Friend:

As I suppose you already know, because of the treason of William Morgan [12] and Eloy GUTIERREZ Menoyo[12], the leaders of the Organization have been arrested, and it is most necessary that our people be reorganized so that the movement is not lost. The only person who is able to do so is you. I know that the responsibility is very great, but I also know your abilities, and we are sure that you will be able to do the job.

As a first objective, it is necessary to establish contact with Captain Reinaldo BLANCO Navarro. He is the chief of our organization and will continue to be. He is in prison in La Cabaña, according to our information, but is allowed to receive visitors. He knows you, since you met each other in his office. You can introduce yourself as the brother of Haydee. (S) He will give you names of persons and instructions to follow. However, it is very important that, while he remains a prisoner, you set up a courier so that you don't have to make subsequent visits. This would be dangerous in the extreme.

With respect to the rebels, be very careful in making your contacts, since one lesson is enough. There is one safe person whom you can trust, Dr. Fran MARSHALL. He is secretary of the Union Club.[13] (S) You can see him on our behalf and on that of the "Mejicano" (S)[11] So that he will not mistrust you, you can tell him that the last time we saw him was at a dinner on the terrace of the Union Club (S) Tell him that it rained a lot. Find out from him if Lt. PEÑA (S) can or cannot be trusted, since our information is contradictory. Be very careful with the rebels, and don't make the contacts with them directly. It is better that you designate another person for the purpose. Fran (S) is trustworthy but very easygoing.

Another group you can contact is that of Jorge GUTIERREZ Izaguirre (S) in the Rosita de Hornedo. Tell him that you were sent by Francisco GONZALEZ, who is in Montclair, New Jersey; that here we are united; and that he should join his group to our movement. I shall send you more information on this group.

You should also see Dr. Valentin ARENAS Amiga[14] (S). His office is at Aguiar No. 556, (S) Habana. Tell him that you come on my behalf and to recall the last visit of myself and the "Mejicano" (S) to his office, in which we were speaking of CASTRO. I recently wrote him a letter from New York. He leads a group of followers of Jose Ignacio RASCO (S) Artimes (S) etc.[15] (sic) of the Agrupacion.

You should also see Señor Agustín BATISTA, Jr., (S) in the Banco Trust Company.[16] (S) He knows Fran (S) and is a cousin of Enrique LLACA.[17] (S) So that he doesn't mistrust you, tell him that you are the messenger (enviado) and tell him to recall the interview we had in the lobby of the Savoy Hilton of New York. Up to recently he had a group.

For financial matters you can see Señor BELT[18] (S) a friend of (S) Haydee, and Señor Alin SUERO Falla.[19] (S) To contact the latter, see secretary Senor Jorge MACHADO (S) and tell him that you come on my behalf and that of the word Sugar (sic.) It is very important that you get together a good finance committee to handle the money problem there. Also talk to BLANCO (S) about persons you can see about money. Another person that you can see is Julio LOBO[20] (S) with Dr. BELT. (S)

You should also see Alejandro VERGARA (S) the chancellor of the Spanish Embassy (S) for me. He can help you a lot, above all with Valentin ARENAS (S) etc. The cousin of Rosarito (S) is Elena SOTO Martinez. (S) Her name is "Carolina" (S) and her telephone number is W-0746. (S) She lives at Galiano and Lagunas, (S) upstairs in the Tinaje (?) (S), Apartment (S) No. 7. She receives our letters and can help you. Introduce yourself as the brother of Haydee. (S) No one else should see her but you, and no one should know that you see her. You must be extremely careful to protect her.

Well, I believe that this is enough for now. Be extremely careful, and reorganize our rank and file, since the thing is soon.

(signature illegible)

Field Comments

1. Previously reported as a Cuban Rebel Army captain heading a counter-revolutionary group in Cuba. BLANCO was one of the chief conspirators arrested in August 1959, when the Cuban Government smashed a plot against it.

2. Brother and father respectively, of Reinaldo BLANCO Navarro.

3. Presidential candidate of the Cuban People's Party in the 1958 Cuban elections. He took asylum in the Venezuelan Embassy in July 1959 and was last reported in exile in Caracas on 26 July. At that time he reportedly said that he would soon leave for New York, where his family was.

4. In an open letter dated 6 June 1959 at Miami, one Francisco RODRIGUEZ Tamayo (S) aka "El Mejicano", (S) a former Rebel Army captain, invited his former companions-in-arms to join CRAC.

5. The BLANCO group was reportedly without funds or arms as of 31 August 1959.

6. In a memorandum dated 16 September 1959 the U. S. Air Attache in Habana reported information from a wife of one of the prisoners in La Cabana that CRAC had gathered $1,000,000 to get Reinaldo BLANCO, Enrique OVARES, Gustavo de los REYES, Kuku BRINGUIER, and Dr. CAINAS Milanes out of prison. OVARES, REYES, and CAINAS are also high-level conspirators who were arrested in the roundup of August 1959.

7. According to a memorandum dated 26 August 1959, from the Protection Section of the American Embassy, Habana, an American citizen who had just been released from La Cabana prison after five months' imprisonment reported that a group of approximately 460 political prisoners and former prisoners are actively engaged in counter-revolutionary activities. Three hundred of the group were said to be at liberty in Habana, approximately 100 still held in prison, and about 70 in

open rebellion in Pinar del Rio under Luis LARA Crespo, (S) a former corporal of the BATISTA army. Among the leaders of the group was one Fernando PRUNA Blanco, (S) who was said to be held in the Castillo Prison at the time. PRUNA Blanco (S) (fnu) may be a relative of or identical with Fernando PRUNA Blanco. (S)

8. Identified by Source as the brother of Angel NAVARRO, (S) previously reported as co-ordinator of a group of counter-revolutionaries in Miami.

9. On 22 September 1959 source reported that this army drop had been scheduled between 8 and 10 p.m. on 25 September 1959.

10. Source did not know the size of any of the groups.

11. This probably refers to Dr. Francisco RODRIGUEZ Couceiro, (S) reported by a usually reliable source in July 1959 to be a leader, together with one Jose (S) Luis PUJOL, (S) of a Cuban counter-revolutionary movement. RODRIGUEZ Couceiro (S) was reported by the same source to be a first cousin of Francisco RODRIGUEZ Tamayo, aka "El Mejicano" (the Mexican). (S) The Habana telephone directory lists a Dr. Francisco RODRIGUEZ Couceiro, (S) a lawyer, at Pasco No. 652, (S) Habana.

12. Morgan and GUTIERREZ are two Cuban Rebel Army majors who penetrated the conspiracy that was smashed in August 1959.

13. The Habana telephone directory lists a Union Club (S) at San Lazaro No. 12, (S) Habana.

14. This is possibly a reference to Dr. Valentin ARENAS Arminan, (S) reported in July 1949 by a usually reliable source as the notary handling the purchase of the Banco Ultramar (S) for Spanish pro-Franco interests. The Banco Ultramar (S) was later absorbed by the Banco Continental Americano, (S) now known as the Banco Continental Cubano. (S)

15. The Habana telephone directory lists a Jose I. RASCO (S) at Avenida 31 No. 7406, Marianso. (S)

16. The Habana telephone directory lists a Banco Trust (S) Company of Cuba with main offices at Obispo No. 257, (S) Habana.

17. This is possibly a reference to Enrique LLACA Orbiz, (S) reported in the Habana press on 18 June 1959 as an executive (S) of the Julio LOBO (S) organization and former newspaper business manager who was released by Cuban Government authorities on 16 June. LLACA (S) and his son, Dr. Enrique LLACA, Jr. (S) had been held on charges of conspiracy. A United Press report dated 24 July 1959 at Santiago, Chile, said that Enrique LLACA Orbiz, (S) a lawyer and one-time economic editor of Diario de la Marina (S) had arrived in Chile as an exile.

18. This is possibly a reference to Guillermo BELT, former Cuban Ambassador to the United States under BATISTA. (S)

19. Wealthy Cuban businessman with large sugar interests.

20. Wealthy Cuban businessman with large sugar interests.

Reurlet 6/2/66.

Bufiles reveal that the name Lucien Emile Conein, born 11/29/19, appeared in a 1963 Central Intelligence Agency (CIA) communication indicating Conein at that time was a staff employee of the Agency. The files of the Identification Division contain no arrest record for Lucien Conein. (U)

Through Liaison channels, Bureau determined that Conein is currently a covert employee of CIA, under the cover of a [State Department employee. (TS) He is presently in Saigon, South Vietnam, on an extremely sensitive assignment. CIA has requested that no information be furnished to the French regarding his affiliation with CIA or with regard to his present whereabouts.

For your information, Richmond determined (by a pretext telephone call) from the present occupant of 1111 Ingelside Avenue, McLean, Virginia, who is presently renting this residence from Conein, that the latter is a retired Lieutenant Colonel from the U. S. Army and is presently working and assigned to the U. S. Embassy in Saigon.

No arrest records were located for Conein in either Arlington County or Fairfax County, Virginia. Records of the Credit Bureau, Incorporated, of Washington, D. C., reveal a credit report dated 9/21/65, indicating that Lucien Conein, of 1111 Ingelside Avenue, McLean, Virginia, was then married to Ebjette and divorced from Carmen (last name not shown).

In view of CIA's request, under no circumstances should any information be furnished to the French concerning subject's present affiliation with CIA or his whereabouts. You may furnish the French the results of the credit and criminal checks as noted above. If the French raise the (U)

question of subject's whereabouts, you should inform them that inquiries to date reveal no information concerning his present whereabouts. You may advise the French that Conein's military service record is being reviewed for any pertinent information. ~~(S)~~ (U)

St. Louis should promptly locate and review Conein's military service record. According to Army sources in Washington, D. C., Conein's military service record was transferred to the U. S. Army Records Center, St. Louis, on 6/30/62. His military serial number was either 01320769 or 01322769. Furnish results in letterhead memorandum.

Enclosed for St. Louis is one copy of relet.

NOTE:

Subject was convicted by a French court in 12/47* to pay his wife (Monique Veber) a monthly sum of 8,000 francs (about $16) for the support of her and two children which resulted from the marriage. Subject has never followed the orders of the court and is currently the subject of an investigation at the request of the Investigative Magistrate in France. Information in the possession of the French indicated that Conein resided at the Ingelside address and they requested investigation by the Bureau to verify his residence and to determine his present situation with regard to employment and standard of living. Legat, Paris, requested Bureau check Bufiles, Ident files, and requested Bureau have Richmond check credit and criminal records and conduct discreet limited investigation to comply with the request of the French Police.

In view of CIA's request as indicated in this letter, it is felt that under no circumstances should we make any mention of our knowledge of subject's whereabouts. ~~(S)~~ (U)

The extensive investigative period of this report is noted; however, Miami has been awaiting results of investigation being conducted in Chicago.

The following information relates to recent bombing activity in the Miami area perpetrated by Miami hoodlums, the principal suspect being FRANK "LEFTY" ROSENTHAL, alleged Lieutenant of YARAS. It is noted in this regard that Miami informants have reported that these bombings are part of an approved plan of the Chicago family, LCN, to organize certain bookmakers in the Miami area.

Information below relates to contacts with LUIS POSADA CARRILES in regard to his knowledge of the activities of captioned individual. At the time of original contact with CARRILES, he was an employee of CIA. During the latter stages of his contacts with SA WELSH his employment with CIA had been terminated. (~~S1~~) (~~S~~)(U)

BOMBINGS - MIAMI AREA
JANUARY - JUNE, 1967

A. [CONTACTS WITH LUIS POSADA CARRILES, CIA INFORMANT] (~~S1~~) (~~S~~)(U)

1. On July 24, 1965, CIA provided in memo form information received from a reliable source. This source was later identified as [LUIS POSADA CARRILES] (~~S1~~) (~~S~~)(~~U~~) (S)

POSADA advised that DIEGO BORGES was acting as an agent for three Americans who were seeking to buy pistols, explosives, blasting caps, hand grenades and silencers. The identity of the Americans was not known to POSADA although he believed they were members of the Ku Klux Klan or possibly the John Birch Society. (~~S1~~) (~~S~~)(U)

SEC~~R~~ET

POSADA provided the following background information concerning individuals involved with BORGES in the procurement of arms and munitions by the three Americans: ~~(S-1)~~ ~~(S)~~ (u)

HERMINIO DIAZ, ~~732 N.W. 3rd Street, Miami,~~ Florida, sold sixty hand grenades (USMK II) to BORGES for delivery to Americans. DIAZ received from BORGES three hundred sixty dollars for grenades but delivered only forty. Subsequently, BORGES asked source to go to DIAZ and either pick up other twenty grenades or the one hundred twenty dollars in cash which they represented. ~~(S-1)~~ ~~(S)~~ (u)

RAMON ESCARDA, 620 S.W. 9th Street, MIAMI, FLA. who served in the U. S. Army, 1958-1959, was supposed to obtain one hundred pounds of pentolite for delivery to BORGES for $320-350. ~~(S-1)~~ ~~(S)~~ (u)

FRANK TAMAYO, 3213 S.W. 8th Street, Miami, FLA. active in anti-CASTRO activities, sold .622 caliber silencers to Americans for $1,000. ~~(S-1)~~ ~~(S)~~ (u)

Source gave descriptions of the three Americans and also recorded license plate of car utilized by group. ~~(S-1)~~ ~~(S)~~ (u)

On October 23, 1965, POSADA interviewed by Bureau Agents. POSADA readily admitted he had been in contact with three Americans who were seeking to purchase hand grenades, weapons, silencers and explosives. He had been placed in contact with these Americans by DIEGO BORGES. He confirmed DIAZ, ESCARDA and TAMAYO were also involved in this transaction. POSADA said shortly after he established contact with Americans, his CIA contact gave him several photos in attempt to identify Americans. POSADA said he identified one of the photos as that of FRANK ROSENTHAL. Immediately after he identified this photo, CIA instructed him to break off all contact with these three Americans and to have nothing further to do with them. ~~(S-1)~~ ~~(S)~~ (u)

FLA.

SECRET

SECRET

POSADA said that six silencers which had been manufactured at the home of TAMAYO had been given by BORGES to ROSENTHAL. He said ESCARDA was looking for pentolite but did not know whether material delivered to ROSENTHAL. (~~S1~~) (~~S~~)(u)

~~SECRET~~

On November 5, 1965, Bureau Agents exhibited photo of NORMAN ROTHMAN, FBI #152 585B, to POSADA. POSADA identified ROTHMAN as one of Americans with ROSENTHAL. He was of the impression that ROTHMAN was personally known to BORGES and had introduced ROSENTHAL to BORGES. It is noted ROTHMAN was arrested April 9, 1959, and was later convicted of violation of the National Stolen Property Act. He was sentenced to five years in prison and ten thousand dollar fine. (~~S1~~) (~~S~~)(u)

2. By similar communication, dated June 15, 1967, CIA advised the Miami Division that POSADA had been contacted by FRANK ROSENTHAL during the month of October, 1966. (~~S1~~) (~~S~~)(u)

ROSENTHAL told POSADA that all silencers he had purchased from POSADA were pieces of junk and he felt POSADA and BORGES were responsible for this and maybe his friends would kill POSADA and BORGES. (~~S1~~) (~~S~~)(u)

ROSENTHAL stated although he was out $5,000 from his previous purchases, he did not want money from POSADA. ROSENTHAL said he knew POSADA was working for CIA and he wanted some CIA equipment. POSADA allegedly refused to do this but POSADA made a number of fuse devices which he gave to ROSENTHAL. (~~S1~~) (~~S~~)(u)

This same memo reflects ROSENTHAL contacted POSADA in early June, 1967. ROSENTHAL stated the fuse devices were no good which were previously furnished and made a request for more CIA fuse devices and remote control unit for detonating explosive charges. (~~S1~~) (~~S~~)(u)

SECRET (u)

On June 12, 1967, POSADA stated ROSENTHAL contacted him on June 11, 1967. ROSENTHAL asked for requested equipment and told source he would get him if he did not deliver. POSADA refused to do anything more for ROSENTHAL. ~~(S)~~ ~~(S)~~

3. On June 22, 1967, SAs JAMES J. O'CONNOR and WARREN R. WELSH met with LUIS POSADA at Dinner Key, Coconut Grove, Florida. ~~(S)~~ ~~(S)~~ (u)

POSADA, at this time, reiterated his past dealings with FRANK ROSENTHAL from the time of the Spring of 1965, through June 12, 1967. POSADA made one additional remark concerning his involvement with ROSENTHAL during 1965. He stated that he did not directly furnish ROSENTHAL any of the explosives, et al, which he requested although he was introduced to ROSENTHAL as an expert in the field of explosives. For his expertise knowledge he was given $500 by ROSENTHAL sometime during the month of May, 1965. POSADA indicated that he gave this money to CIA, who in turn at a later date gave this money back to him. ~~(S)~~ ~~(S)~~ (u)

4. On June 23, 1967, SA JAMES J. O'CONNOR was telephonically contacted by POSADA. POSADA related that on June 22, 1967, he met with FRANK ROSENTHAL. MM T-1 advised in August, 1967, that DAVID YARAS maintains a good deal of control over the activities of certain Miami and Miami Beach bookmakers and gamblers as part of the over-all plan to integrate the Miami area bookmakers into the Chicago organization. A certain amount of the action received by YARAS is turned over to PASQUALE ERRA, described by the informant as being the strongest La Cosa Nostra (LCN) figure in Miami. The informant states that YARAS' main interests, however, lie in Chicago, where he continues to maintain bookmaking, shylocking and "scam" businesses.

ALFRED MART, also known as ALFIE MART, resides at 1211 100th Street, Bay Harbor Island. He was interviewed at 1245 Michigan Avenue. MART volunteered the following information:

He stated that he first came to Miami Beach, Florida, in 1946 after his discharge from the U. S. Army. MART first started to work as a clerk in a horse room and shortly thereafter was given his own horse room. According to MART, all bookmaking and gambling was controlled by the S & G Syndicate. He reflected that before the influence of the mob, everyone connected with the syndicate was trustworthy and honest.

MART indicated that for a short period of time during 1964, he was associated as a part-owner in the Derby Sports Book located in Las Vegas, Nevada. One of his partners in this legal bookmaking operation was GEORGE ABDO who is now deceased. In order to financially back this book, MART stated that he mortgaged his home and also secured a personal loan in New York City. He said that during the first six months of 1964, he spent most of his time in Las Vegas in order to secure his interests at the business. In his opinion, he was swindled in the operation and financial backing of this bookmaking establishment and further contends that there are several falsehoods in the indictment presently pending against him in the district court in Las Vegas, Nevada.

MART stated that during the past several years, he has operated Alfie's Sundries which is located at 1664 Alton Road, Miami Beach, Florida. He also admits that during the past years he has conducted a small intrastate bookmaking operation. Most of the business is conducted by a paid clerk who has operated either at the sundries store or in another location. He reflected that due to his money interests, he does not manage the day to day operation of his bookmaking business although he is the financial backer of same.

MART stated that sometime during the spring of 1963, a line service came to the Miami area under the name of Multiple Sports News Service (MSNS). This outfit was headed by FRANK "LEFTY" ROSENTHAL. He was assisted in this venture by STANLEY GREEN, who acted as a clerk and pick-up man. He indicated that MSNS disseminated line information on collegiate and professional football, professional baseball and collegiate and professional basketball. In addition, they would supply player information and up-to-date scores. The latter was possible in view of a Western Union sports sticker which was installed in the offices of MSNS. MART stated that he was assigned a code number in which he or his clerk could use in obtaining line information. The cost of this service varied from sport to sport though he feels that $50 was probably the average price he paid per week.

MART said that in addition to the line service, MSNS also published a weekly sports journal. This journal was put out on a weekly basis and consisted of the schedule for the coming week of sports activity whether it be football, baseball or basketball. As a service to MSNS, Alfies Sundries would sell the sheets on their stand for 35 cents although they paid 23 cents a copy from the publisher. Normally they would get 70 to 100 sheets a week for local dissemination.

In MART's opinion, MSNS did have mob or syndicate backing at the time they started in 1963. He indicated that no force was used in obtaining subscribers to their service but the word was out among the bookmaking fraternity that it was the thing to do. He feels that during the past year MSNS has lost their affiliation with the syndicate and now is operating independent of any organized authority.

MART said that during the current 1967 major league baseball season, he paid $50 a week for the line service. Normally the $50 would be paid in cash by one of his employees working at Alfies Sundries to STANLEY GREEN. GREEN's normal pick-up day was either Monday or Tuesday.

MART said that the baseball line during the current season was normally disseminated the first time around 11:30 a.m. to noon. During the week of May 15, 1967, the line was coming out around 1 p.m. MART stated that he personally complained to GREEN about this late dissemination and GREEN told him that the delay was necessary in view of the fact that there were fewer customers taking the service. MART said that due to the late time of dissemination, he instructed his bookmaking clerk on May 19, 1967, not to call MSNS over the weekend for their line information.

On May 23 or May 24, 1967, STANLEY GREEN came to Alfies Sundries and demanded all the weekly sports journals that were in the rack. GREEN indicated that MSNS was going out of business as to both the dissemination of the line and the publication of their sports journals.

Several days after GREEN's visit to Alfies Sundries, FRANK ROSENTHAL came into the sundries and spoke personally with MART. In their conversation, MART told ROSENTHAL that he did not think it was right for MSNS to all of a sudden pull out their publications or in fact stop disseminating the line. MART also told ROSENTHAL that he was due a refund for services that had not been rendered. ROSENTHAL seemingly agreed and said he would consult STANLEY GREEN as to the amount of the refund.

MART stated that during the late evening hours of May 31, 1967, an explosion occurred at the back end of the American Epicure Market which is situated next door to Alfies Sundries. He stated that he was in the area at the time of the explosion and had seen no one in the area whom he considered a suspect. He did receive some information shortly after the explosion that one of the employees of the market considered himself to be an expert in the field of demolition. He was also aware of the fact that ED THAL, had fired on May 29, 1967, a Negro employee who was very irate at THAL for this action.

MART stated that his bookmaking operation continued after the first bombing at the American Epicure Market.

He further related that after MSNS had withdrawn their sheets from Alfies Sundries, he started to print his own schedules. The first sheet was a xeroxed copy of that put out by MSNS although he deleted the name of this service from the publication. He said that the first sheet was printed in a volume of 70 sheets. He stated that ROSENTHAL came into the store after his sheet came on the market, and he told him what he had done. MART said that he told ROSENTHAL that he was sure that his small publication of sheets would not in any way hinder the business of MSNS. MART stated the next two publications were similar in format to the sheet put out in Fort Worth, Texas. At the time of his first interest in publishing a sheet, he contacted ANGEL-KAPLAN for five of their sheets although his money was returned with a note indicating the impossibility of shipping sheets to the Miami, Florida area.

MART stated that on June 16, 1967, a severe explosion took place in Alfies Sundries. The main blast from the explosion occurred in the area of the telephone booths on the south side of the store. He indicated that he was not at the store at the time of the explosion although he appeared on the scene shortly after the occurrence.

MART said it was obvious at this time that the previous bombing at the American Epicure Market was a mistake and was really meant for Alfies Sundries.

MART stated that he considers the prime suspect in the two bombings to be FRANK ROSENTHAL. He characterized this individual as a man with an uncontrollable temper and further, an individual that was very unpredictable and at times, irrational in his behavior. He reflected that ROSENTHAL might have thought he was putting out either a line of his own or in fact disseminating to potential customers of MSNS the line that had been given him. According to MART, if the latter were true, MSNS would of course lose a sizeable amount of money per week. He emphatically denied that he was either putting out a line or giving the line put out by MSNS to other bookmakers whether it be in the Miami, Florida area or out of state.

MART readily admitted friendship with one MICKEY ZION and stated that it was common knowledge that ZION was a prominent bookmaking figure in the Miami, Florida area. He said that he was personally aware of the fact that ZION and FRANK ROSENTHAL have had many arguments over the operation of MSNS. These arguments would stem from accusations by ZION that ROSENTHAL was in fact putting out a false line and also to the fact that ZION was being charged too much money for the service rendered by MSNS. He said that during the fall and winter 1966-1967, ZION was paying $150 a week for service. A short time ago ZION was requested to pay $200 a week by ROSENTHAL for service. ZION refused to pay this amount of money. He further related that on one occasion ZION approached him to work out a deal for both of them obtaining line service from MSNS under one account number. MART refused to enter into such an agreement with ZION.

MART said that between the time of the first bombing and before the second bombing, ROSENTHAL called

Alfies Sundries on several occasions late at night while he was in the store. He said ROSENTHAL attempted to disguise his voice although it was apparent to him that it was ROSENTHAL. ROSENTHAL on these occasions stated that he was desirous of obtaining certain baseball scores and was told by MICKEY ZION to call this number for results. MART politely told ROSENTHAL that he did not have the results desired but possibly he could call back in several hours for the information. It was MART's opinion that these calls were aimed at attempts to establish a working relationship between ZION and himself by ROSENTHAL.

In conclusion, MART stated that he was sure that if MIKE COPPOLA was alive there would have been no violence in the area. He related that COPPOLA had silent but firm control over gambling matters, and he did not believe in rough stuff. It was MART's opinion that a new young group of individuals are attempting a takeover in the area and are resorting to any means available to prove their position. He indicated that FRANK ROSENTHAL, DAVE YARAS and BENNY HUSICK would certainly fall under the category he had just mentioned.

LAUREANO BATISTA, THE IFEDEC REPRESENTATIVE AT THE SEMINAR, REQUESTED THAT REPRESENTATIVES FROM EACH OF THE COUNTRIES PREPARE WRITTEN REPLIES TO THE QUESTIONNAIRE.

COSTA RICAN AND NICARAGUAN REPRESENTATIVES, PARTICULARLY JORGE MONGE OF COSTA RICA, REACTED IN AN EXTREMELY NEGATIVE AND SUSPICIOUS FASHION TO THE IFEDEC QUESTIONNAIRE AND REFUSED TO PROVIDE WRITTEN ANSWERS. OTHER REPRESENTATIVES HAD LITTLE DESIRE TO PROVIDE WRITTEN ANSWERS TO THE QUESTIONNAIRE BUT GENERALLY DID NOT REACT AS STRONGLY AS DID THE COSTA RICANS AND NICARAGUANS. THOSE MOST OPPOSED TO BATISTA'S REQUEST EXPRESSED THE VIEW THAT THE QUESTIONNAIRE WAS AN IFEDEC PLOY TO OBTAIN INFORMATION CONCERNING THE SITUATION IN CENTRAL AMERICA AND THEY DUBBED THE QUESTIONNAIRE EFFORT "OPERATION CAMELOT." BATISTA EXPLAINED THAT THE INFORMATION REQUESTED WAS REQUIRED BY THE LATIN AMERICAN CENTER FOR INFORMATION (CIDAL), AN ORGANIZATION RECENTLY FOUNDED IN CARACAS VEN BY THE AMERICAN CHRISTIAN DEMOCRATIC ORGANIZATION VEN (ODCA) AND HEADED BY BATISTA. ROBERT G. THOMPSON, 1693 North Gardiner Drive, Bay Shore, Long Island, New York, was interviewed on December 2, 1964. At the outset of the interview THOMPSON was advised by SA PAUL BOYCE TOMPKINS that he was not under arrest, that his meeting with the Special Agents was strictly voluntary, and that he could leave at any time he wished to do so. THOMPSON was also advised that he had a right to say nothing at all, and that anything he did say might be used in a court of law against him. He was also advised that if he did say anything about a crime he had a right at any time to talk to a lawyer of his own choice or anyone else with whom he might wish to speak before saying anything.

The interviewing agents advised THOMPSON that they had in their possession a list of Central Intelligence Agency (CIA) male personnel who were assigned to the Berlin Base of that agency during the period that THOMPSON was assigned to OSI, Berlin. The names on this list were then read off to THOMPSON, at which time he was asked to comment on any names that he recognized. (~~S~~)(U)

THOMPSON made the following comments concerning the individuals listed below, whose surnames he recognized. (~~S~~)(U)

[ROBERT A. ACKERMANN] (S)

THOMPSON stated he recalled an individual named [ACKERMANN] (S) who had some connection with Army Intelligence or CIA in Berlin while THOMPSON was with OSI, Berlin. He could recall nothing further regarding this individual nor could he recall if he furnished any information about [ACKERMANN] (S) to STEVEN. (~~S~~)

~~(X1)~~(S) [GOLD] knew of no relatives of the KARLOWs living abroad nor was he aware of any financial interests which either of the KARLOWs held in Germany. ~~(S-1)~~(U) In discussing KARLOW's associates, [GOLD] (S) furnished the following individuals as being KARLOW's overseas friends: ~~(X1)~~(S)

GORDON STEWART, Head of the CIA [Station at Frankfurt] (S)
WILLIAM K. HARVEY, CIA representative in Berlin
[PETER SICHEL, CIA representative at Berlin
WALTER JESSELL] CIA official in Germany. (S) GER ~~(X1)~~(S)

~~(X1)~~(S) [GOLD] characterized KARLOW as being primarily interested in associating with "front office personnel; that when KARLOW did mingle with the co-workers, it was more or less an act of condescendence." ~~(S)~~ (S-1)(U)

(S) [GOLD] advised that because of the wide area that TAD was servicing in behalf of CIA, it was necessary that a number of TAD personnel be constantly travelling. (S) [GOLD] remarked that he was travelling steadily and that KARLOW was a frequent traveler in behalf of TAD. (S) [GOLD] could recall no specific dates of trips by KARLOW during the period 1950 to 1953, but furnished the following in this regard: (~~X1~~)(S)

[Vienna] (~~X1~~)(~~S~~)(U)

(S) [GOLD] estimated that KARLOW probably made 12 to 15 trips to Vienna during this period for Agency purposes. He recalled that the Agency was servicing a number of requests from Vienna; that at one time, "We had a riotous operation going there and [ED FOSTER] (S) needed some help." (S) [GOLD] believed that [FOSTER] could furnish substantial information regarding KARLOW's activities in Vienna. (~~X1~~)(S)

(S) [GOLD] recalled that during this particular period there were no travel restrictions on American personnel in and around Vienna; that frequently one was not aware he was even in a Soviet zone. (S) [GOLD] could not recall how long KARLOW remained in Vienna on his trips there. (~~X1~~)(S)

was not sure of the date. He mentioned HOUCK was still [Chief of Base at Berlin] (S) and said he saw HOUCK. KARLOW explained that military orders were necessary for any travel into Berlin, including flight by Pan American Airways, which also operated under military control. He stated the orders for travel by train were the most formal, since a check by the Soviets was involved. ~~(S-1)(S)~~

KARLOW related one of his men from TAD, [DANIEL C. NIESCHIUR] (S) was stationed in [Berlin] (S) under the name of DANIEL O'NEILL. He thought this was in 1951 or after 1951. He also stated that other men from TAD had temporary duty in [Berlin] (S) and recalled vaguely the photography men had set up some new equipment and dark room there, [JOHN KOPERA] (S) had visited Berlin in connection with some Polish matter, WESLEY PARCELLS on some German "things," and (S) [JOUBLANC] the chemist, in connection with some case. ~~(S-1)(S)~~

GER

KARLOW said he could not say whether he was in Berlin in August, 1951, but recalled he was there on at least one occasion in the summer because he clearly remembered how early the sun rose in the morning. ~~(S-1)(S)~~ (U) [HARRY H. ROSITZKE] ~~(S)~~

GER

KARLOW stated he rarely became involved in operations and was usually occupied in making arrangements and setting things up for use of the facilities of TAD. He recalled, however, he was involved in an operation with [JOHN PARKER] (S) and HARRY ROSITZKE of the SR (Soviet Russia) Division and flew to Berlin in 1952 in this connection. KARLOW explained the operation involved a planned attempt to steal the latest model MIG fighter plane and great preparation had been made but at the last minute the adventure was called off because of possible political and diplomatic repercussions. ~~(S-1)(S)~~ [JOHN WILLIAMS PARKER] ~~(S)~~ (S)

KARLOW first said he was unable to recall visiting Berlin in 1953 but later said he recalled seeing WILLIAM K. HARVEY, Chief of Station, (December, 1952, to August, 1959) on more than one occasion so he supposes he did make such visits. When informed that it was understood that KARLOW had been to Berlin ten to fifteen times in the period 1950 - 1953, KARLOW offered no objection and said it was possible that this was true. With reference to his later assignment in Munich from November, 1953, to the end of 1955, KARLOW stated he was fairly certain he had not visited Berlin during this period. ~~(S-1)(S)~~ (U)

SECRET

KARLOW stated he had stayed with Agency associates on some visits to Berlin and on one or more occasions he stayed at the Harnach House, an Army guest house for the Berlin command. (S-1)(S)(U)

KARLOW further advised that before his marriage he and his mother had visited Italy and Corsica, and also the Austrian spa town of Bad Gastein and thought that may have been during the Summer of 1951. He said on a second trip to those areas he was accompanied by his mother and his wife. (S-1)(S)(U)

KARLOW also stated that after his marriage he and his wife had gone to Corsica on two occasions, and to Rome, and had spent New Years Eve 1952 - 1953 at a small town in Austria. These were purely personal trips. He said he did not recall having taken a trip to Berlin for purely personal purposes. (S-1)(S)(U)

KARLOW stated that before their marriage "LIBBY" RAUSCH had gone to Berlin and stayed at the residence of WILLIAM K. HARVEY. KARLOW said he had not visited Berlin with "LIBBY" before marriage but recalled he had done so on one occasion after marriage and he recollected he had become ill on the train from some oysters he had eaten. (S-1)(S)(U)

KARLOW explained in early February, 1950, he proceeded to [Frankfurt] (S) and took over as Chief of TAD which was located in the [Frankfurt] (S) suburb of [Hoechst at Feldbergstrasse 44,] (S) and had mail address APO 709. KARLOW resided in an apartment located in an adjoining building. KARLOW advised when he assumed charge of TAD the unit consisted of only about nine persons. From recollection KARLOW identified TAD personnel as follows: (S-1)(S)

DG Major ROBERT HARRIS, the previous Chief of TAD and a former officer of National Security Agency, (NSA); (S-1)(S)(U)

Captain GUY DRENNAN, also formerly with NSA, and currently night Duty Officer with the Intelligence Branch of the Department of State; and (S-1)(S)(U)

(S) [EARL ALLEN GOLD,] a civilian scientist-chemist, who became deputy of KARLOW and had a small laboratory with several technicians and operated what KARLOW described as a postal censorship; and (S-1)(S)

Late in the interview, DULIN (S) said upon further recollection he remembers contacting a Professor HAROLD MOSELEY, who was Head of Soviet Studies at Columbia University in New York City, when DULIN (S) was recruiting employees. DULIN (S) said that upon thoughtful consideration of his activities at that time he recalled that there was a CIA interest in obtaining a well-qualified man for a position in Moscow. He said efforts were being made to find a man who was to have a cover in the Embassy in Moscow. (S) This person to be hired was supposed to have a fluent command of the Russian language and he had to be of Anglo-Saxon descent. He said CIA gave instructions that the man to be placed in the position in Moscow could not be of Slovak descent (S) DULIN said it is possible that HAROLD MOSELEY referred ROBERTS (S) to DULIN (S) as a prospective employee for the position in Moscow but at this time he has no recollection of either the name or the face of ROBERTS. (S) He said he could definitely state he had never taken any recruit to Admiral HILLENKOTTER to discuss employment. (S) DULIN said he does not know and does not believe he has ever known the identity of any CIA employee in Moscow, Russia. (X1)(S)

DULIN (S) said he is unable to explain why ROBERTS (S) would have addressed any correspondence relating to his CIA employment to an individual using the name of DULIN. (S) He further said he cannot understand why correspondence would have been addressed to SPENCER ROBERTS (S) in New York City with an address on the bottom of the letter "c/o R. E. DULIN, (S) 2001 16th (S) Street, (S) N. W., Washington, D. C." (S) DULIN said he had never authorized HARRY ROSITZKE or WILLIAM HARVEY to use his name and address as a cover in correspondence relating to recruitment of employees. (X1)(S)

DULIN (S) said he is acquainted with HARRY A. ROSITZKE, who is also employed with CIA. (S) DULIN said his association with ROSITZKE is not now and has never been close. He said he is unable to recall exactly when he became acquainted with ROSITZKE but he associates their meeting with a period shortly following World War II. He is unable to state how they became acquainted because they have never been assigned to the same work. They have never lunched together and they (X1)(S)

NOTE:

(S) Subject is a commercial representative from Yugoslavia. Information was received from CIA that an individual with the same last name was a member of Yugoslav Intelligence Service (YIS). However, another source of CIA advised subject was not a member of YIS. CIA has learned that an individual believed to be the subject is being recalled to Yugoslavia, but this individual wishes to remain in the U. S. CIA desires verification of this information because if it is true [CIA may wish to consider contacting subject in an effort to persuade him to return to Yugoslavia under control of CIA.] (S) Subject is supposed to return to Yugoslavia at end of April, 1963. Approach to subject by FBI is not recommended because New York informants said in March, 1963, subject is not engaged in intelligence activities and because State recently denied clearance for approach in similar case.

1. Reference is made to our memorandum number CSCI-3/773,057, subject as above, dated 10 October 1962.

2. Joseph MEROLA, 2018 North Bay Road, Miami Beach, Florida, has advised representatives of another office of this Agency that he learned from contacts in New York that (fnu) PECAR, a Yugoslav trade official in the U. S., is being recalled to Yugoslavia and wishes to remain in the U. S. According to MEROLA, PECAR will visit Miami from 12 to 19 April 1963.

3. While MEROLA has an unsavory background, the representative who spoke with him is inclined to believe that he was telling the truth in this instance. MEROLA claimed that he has also informed the U. S. District Attorney of the above development.

4. It seems probable that (fnu) PECAR is identical with the subject of referenced memorandum, who was assigned to New York in late 1962 as in INTERTRADE representative.

5. We would appreciate receiving any information available to your Bureau concerning PECAR's alleged desire to remain in the U. S.

6. If the above information is true, this Agency may wish to consider [the desirability of contacting PECAR in an effort to persuade him to return to Yugoslavia at our behest.] (S)

2. Another office of this Agency has provided the following additional information from Joseph MEROLA concerning Subject.

a. Subject arrived in Miami, Florida, on 4 April and resided with Joseph MEROLA until 6 April 1963 when he was scheduled to return to New York. Subject planned to return to Miami for the period of 12-19 April following which he would go to Vienna for a short visit, returning to the United States about the end of April. Subject's family will remain in the United States.

b. According to MEROLA, Subject met Assistant Attorney General William Kenny in Miami, but MEROLA had no further details on their conversation except that PECAR appeared most eager to make arrangements to stay in the United States. Subject showed MEROLA and Kenny voluminous documentation.

3. [This office is considering contacting Subject during his visit to Vienna for the purpose of attempting recruitment to return to Yugoslavia.] (S) An early reply regarding information available to your Bureau concerning PECAR's activities in the United States would be appreciated.

It is pointed out that CIA in both Managua, Nicaragua, and Guatemala City, Guatemala, is investigating this matter and the U.S. Army ~~(S)~~ (U) Attache, Guatemala City, has also done some investigation through his close contact with Lt. SCOTT HOLLOWAY (S) head of the CIA Station, American Embassy (S) Managua, Nicaragua, advised on 9-5-62 that NOEL PALLAIS, who is T-1 in the accompanying report, (S) runs the financial enterprises of General ANASTASIO SOMOZA of Nicaragua. HOLLOWAY (S) stated that PALLAIS has been in close contact with the CIA Office in regard to this case. (S) He was made available for contact by HOLLOWAY (S) and was subsequently interviewed at the CIA office (S) in Managua. HOLLOWAY (S) stated he personally has encouraged General SOMOZA (S) not to have anything to do with WERBELL, SMITH and associates. He stated he feels the offer to sell arms and ammunition and provide mercenaries which was made to the Guatemalan Government was only of secondary interest. ~~(S)~~

MICHAEL F. TAYLOR (S) of the CIA Station, (S) American Embassy, Guatemala City, advised on September 10, 1962, that it was ascertained that the woman who accompanied WERBELL to Managua is LUCY LUCHIEN, who owns the Duplex Building in Guatemala City. She returned to Guatemala City on September 1, 2 or 3, 1962. ~~(S)~~

(S) TAYLOR advised that when ARTHUR L. SMITH left Guatemala City on September 3, 1962, he left as a forwarding address 1025 Connecticut Avenue, Suite 405, Washington, D.C. According to TAYLOR (S) WERBELL told the manager of the Maya Excelsior Hotel that he had the clearance of CIA. ~~(S)~~

Police put a surveillance on WERBELL and SMITH, which apparently was rather obvious. The police also monitored their telephone conversations. Subsequently, [the Judicial Police] (S) advised CIA that SMITH had made one telephone call to MARIO GARCIA KOHLY in Washington, D.C., and another to a man by the name of DIGGS or BRIGGS in Washington, D.C. He also made a telephone call to Handy of Jones and Handy, Marine Architects, Miami, Florida. SMITH received a telephone call which was reported as having been from ARNOLD in Washington but (S) [TAYLOR] stated that CIA believes it was from FRANK AUSTIN, who he said is connected with MARIO GARCIA KOHLY in Washington. (~~S~~)

WERBELL tried to make telephonic contact with FRANK MARSHALL, Minister of Public Security of Costa Rica. (~~S~~) (U)

In telephone calls made just prior to 8-20-62 mention was made of meeting someone referred to only as "the general" at the Hotel El Salvador, San Salvador, El Salvador. According to [TAYLOR] (S) CIA does not believe the meeting took place in San Salvador as planned. (S) [TAYLOR] had previously mentioned on 8-13-62 that when WERBELL and SMITH first contacted MIGUELITO YDIGORAS during early August, 1962, they stated they were waiting for PINEIRO and seemed to think PINEIRO was someone YDIGORAS would know. They stated they would contact him as soon as PINEIRO arrived. [TAYLOR] (S) advised on 9-10-62 that it had been ascertained that Colonel JOSE PINEIRO PAEZ was apparently the one they were expecting. (~~S~~)

(S) [TAYLOR] stated that the telephone conversation between SMITH, WERBELL and the individuals they were talking to were apparently rather cryptic and [the Judicial Police] (S) obtained little more than the identities of the individuals making the calls. (~~S~~)

One of these papers was a carbon copy of a typewritten letter in Spanish to "Dear Father", dated 4/7/59, at Tampa, with no signature. Reference is made to Central Intelligence Agency (CIA) letter dated April 18, 1963, captioned "U. S. Nationals in Cuba." The Liaison Agent was instructed to obtain more specific information concerning subject's reported travel to Cuba. The following was furnished to the Liaison Agent on July 3, 1963, by A. P. Flynn, CIA: (U) ~~(S)~~

Information received by CIA indicated that the subject was in Cuba during the period February 22-March 11, 1963. CIA received this information from [the British Intelligence Service (MI-6). The British] (S) obtained the data from [Gavin Young, a British newspaperman] (S) who was in Cuba during the same period described above. [MI-6] (S) has advised CIA that [Young] (S) is currently traveling to San Francisco. [The British MI-6 representative in Washington, D. Reference is made to your letter dated August 21, 1961, your reference CSCI-3/766,810 (U)

A review of this Bureau's file on subject fails to reveal that he wrote bank drafts to active communist workers with the possible exception of Alicia Morine Fuentes. (S) With regard to her, the only allegation that she was an active communist worker was made in February, 1941, by a person whose reliability was unknown to the United States Embassy in Mexico City, D. F. Our investigation failed to substantiate this allegation and you were so advised by letter under above caption dated September 24, 1959. Furthermore, at the time subject's bank draft to her was written (February 10, 1958), subject and Merino Fuentes were both connected with the Mexican (S) Mission to the United Nations, a fact which tends to reduce the (S) intelligence significance of this payment. (S)

Based on information in the files of this Bureau, it appears inadvisable to include in your summary to the Bundesamt fuer Verfassungsschutz (BfV), Germany, that subject wrote bank (S) drafts to active communist workers or to suggest that he "was used as a means of financing Communist Party activities." NOTE: This letter is classified "Secret" because it contains information so classified by CIA ~~(S)~~ (U)

CIA seeks to pass a summary of information concerning subject to the BfV in Germany and has requested permission to (S) include the following in this summary, stating it comes from our files: ~~(S)~~

"During his New York City tenure, he was known to write bank drafts to persons known to be active Communist workers. It was suggested that he was used as a means of financing Communist Party activities." ~~(S)~~ (U)

CIA stated above conclusion "was apparently based on numerous Bureau reports written during 1957 and 1958." CIA refers specifically to only one bank draft, it having been written by subject to Alicia Merino Fuentes and states that our (S) report dated 10/12/56 contained information that she was an active communist. This report was in the case on Merino Fuentes (S) and the only allegation that she was an active communist was the 1941 allegation made to the Embassy in Mexico. Bureau has developed no information indicating payees of other bank drafts written by subject had subversive associations or sympathies. ~~(S)~~ ~~(U)~~ (C)

1. Reference is made to the name check request, dated 18 June 1963, subject as above, whose name you desired checked against the files of this office. The files contain the following information concerning Subject.

2. According to a report dated 23 March 1961 [from an official West German service,] (S) the Bremer Bank in Bremen, Germany, reported that they had received a check for one thousand dollars from one [Eduardo Espinosa y PRIETO] of the Mexican Embassy in Moscow, USSR, to be deposited to the account of one Erik SCHOTT, an architect residing at Ginsterweg 1, Bremen Munthe, West Germany.

3. On the basis of this information, SCHOTT was interrogated [by the West German service] (S) on 21 November 1961 for possible intelligence involvement. During the interrogation, SCHOTT provided the following information concerning Subject: SCHOTT first became acquainted with Subject in 1940 when he resided in Subject's home in Germany. Subject, who had moved to Poland, wrote to SCHOTT in 1957 and asked him to buy used cars and ship them to him. Subject transmitted to SCHOTT dollars and dollar checks for purchasing the cars via an unknown Polish sailor. Subject told SCHOTT that he had obtained the money on the black market and from exhibitors at the Poznan Fair. SCHOTT believed that Subject obtained the money from Poles who had relatives in the United States. During a visit to Belgium in 1957, Subject purchased several second-hand taxis and cars for shipment to Poland. Subject visited SCHOTT in late 1957 and purchased a Renault to take back with him to Poland. For the purpose of avoiding the customs duty on the car, SCHOTT gave Subject a statement to the effect that he was a relative.

In 1959 SCHOTT visited Subject in Gdansk, Poland. Subject told SCHOTT that he could obtain dollars from "an employee of an embassy" which he would send to SCHOTT for desposit in his account at the Bremer Bank. Subject obtained the dollars for zlotys at the black market exchange rate. SCHOTT's wife, who was also interrogated, stated that checks arrived by mail from an employee of the Mexican Embassy in Warsaw, Poland, which her husband deposited in Subject's account. Among documents obtained [officially] from the Bremer Bank was (S) a letter from [Mexican Ambassador in Warsaw, Eduardo ESPINOSA y PRIETO,] accompanying a check for one thousand dollars for (S) deposit to the account of Erich SCHOTT. Subject told SCHOTT that in 1950 his maid had reported to the Polish authorities that he had dollars in his house. As far as SCHOTT knew, Subject was investigated but was never sentenced. On 24 June 1961, Subject again visited SCHOTT and from Germany went to Zelzate, Belgium, to settle a debt from automobile buying operations in 1957. Subject visited his sister in Paris, France, and returned with her to Bremen in a new Peugot which he had bought in Holland in his sister's name. Subject then shipped the car to Poland.

4. According to [the West German service,] (S) no evidence was uncovered that would indicate SCHOTT was involved in intelligence activities.

The captioned individual is a [station manager of] (C) the Cubana Airlines, Idlewild International Airport, New York City. Recently Central Intelligence Agency (CIA) submitted a name check request concerning [Beliard.] Liaison was requested to determine the purpose of this request. (C)

On June 23, 1961, Mrs. Jane Roman, CIA, advised the Liaison Agent that a Cuban source had suggested to CIA that (C) [Beliard] possibly could be of some use to the Agency in connection with its operations in Cuba. He is willing to write a letter to Vergara and instruct him to deliver the papers to a person who would be designated in his letter. He would make such a letter available to the FBI for delivery to Vergara. ~~(S)~~ (U)

Garcia advised that he has had no contact with Vergara since his departure from Cuba.

If feasible, it is requested that your Agency take the necessary steps, possibly through the Spanish Government (S) or through the Swiss Embassy in Havana, to obtain Garcia's (S) papers since they could conceivably contain intelligence and/or propaganda data of interest to the United States Government. If you desire, we would be glad to have Garcia write a personal letter to Vergara which would be made available to your Agency. If Garcia's papers are obtained, they will be reviewed by our Miami Office and pertinent data contained therein will be made available to interested agencies of the United States Government. ~~(S)~~

NOTE FOR SAC, MIAMI:

On 9/26/63 State Department advised that it preferred (S) that we handle this matter through CIA. Above for your information.

NOTE:

We previously directed a letter to State Department asking that they handle the above matter. Contact with State Department on 9/26/63 was made by SA O. H. Bartlett with Mr. John MacDonald of State.

SUBJECT: PAUL HICKMAN
INFORMATION CONCERNING

Communist Party - Cuba

The following information was furnished to the Liaison Agent on 12-1-59 by Mrs. Jane Roman, Central Intelligence Agency (CIA). ~~(S)~~(U)

Swiss police recently located Hickman in Zurich, Switzerland. Information was developed by the Swiss indicating that subject allegedly was involved in business dealings relating to the sale of arms to the Castro Government. [With the collaboration of Swiss authorities, a CIA representative] (S) interviewed subject on 11-27 and 28-59. The subject has been characterized as a confidence operator and very unreliable. He claimed that he already had volunteered information concerning his knowledge of activities in Cuba to "friends of Senator Smathers." Hickman claimed that he had been in contact with a Soviet Embassy representative, Bern, Switzerland, in connection with a sale of Cuban sugar to Russia. Hickman claimed that the Soviet had given him considerable encouragement and indicated that the transaction would go through. The Soviet then suddenly told him that the deal was off. (S)

Mrs. Roman stated that CIA does not plan to cover subject's activities in the absence of a specific request from the Bureau. ~~(S)~~(U)

We previously have been informed that the subject is a high-ranking official in the [Cuban G-2 organization] in Havana. (S) On 10/8/63, Mrs. Anita Potocki, a CIA analyst who has been working on [intercepted Cuban communications intelligence traffic] (S) advised the Liaison Agent that her Agency has come to the tentative conclusion that [Pineiro] (S) is identical with ["Petronio,"] (S) who has been mentioned in messages made available to the Bureau and CIA. We have noted that messages sent to the unidentified Cuban Agent in Panama referred to as ["Roberto"] (S) have been signed by ["Petronio."] (S)

Mrs. Potocki gave the following explanation which led to CIA's deduction. ~~(S)~~ (U)

[Messages emanating from Havana indicated that one of the recipients was probably located in a small town in Colombia near the Venezuelan Border. CIA developed a suspect and instituted coverage. Recently, this individual transmitted a letter to Havana which communication was intercepted by CIA. The person had apparently violated instructions by including some sensitive data in the communication. Havana then [transmitted a radio message] (S) castigating the Cuban Agent in Colombia. An examination of [the radio message and] (S) the intercepted communication sent by the Agent has led CIA to believe that ["Petronio"] (S) is identical with [Pineiro.] (S)] (S)

FOREIGN POLITICAL MATTERS - CUBA

A highly confidential informant who has furnished reliable information in the past recently advised that [on about February 20, 1963,] (S) Raul Roa, Cuban Foreign Minister, commented that the Sino - Indian conflict continually bothers Cuba and this conflict worked in the favor of the United States in the Fall of 1962.

Roa's evaluation of the situation in Cuba was highly pessimistic. Roa stated that the situation has deteriorated; that this was the only thing that could have happened because talks at the United Nations, New York, did not find an answer to the problem. Roa also observed that conditions as of February, 1963, were similar to those just before the crisis in the Fall of 1962, mentioning pirate boat activities, a campaign in the United States and a statement by President Kennedy which Roa described as meaningless.

Roa commented that the United States was the only nation which benefited from the crisis. The informant understood that it was Roa's contention that by excluding the Security Council of the United Nations from considering the Cuban situation and permitting the Organization of American States (OAS) to take up the matter freely, the United States is now enjoying a very favorable position in the OAS, the best it has enjoyed at any time in the Organization. In still referring to what the informant believed was the OAS, Roa said that the report of the Antisubversive Committee, now under study by the OAS, contains some definite proposals, such as a collective breakoff and a breakoff in relations with Cuba including postal contacts. Roa said it is known officially that Mexico will accept such resolutions with reservations; Bolivia, Chile and Uruguay will accept everything; and it is believed that only Brazil will oppose such resolutions. Cuba, according to Roa, believes that talks between President Kennedy and President Romulo Betancourt, Venezuela, will establish the action by the OAS.

FOREIGN POLITICAL MATTERS - CUBA

Roa also commented that it would have been much better if the Cuban situation had been handled by the United Nations Security Council. Among other things, this would have limited the ability of the OAS. When it was suggested that time was working in Cuba's favor, Roa agreed, saying it permitted internal consolidation, and economic and organizational endeavors. He also mentioned the differences within the North Atlantic Treaty Organization, the hope for settlement of differences in the Soviet Bloc and prospects for general relaxing of strained relations between all countries.

Although Roa did not mention the Soviet Union at any time, it appeared that he does not now agree with the Soviet Union's placing missiles in Cuba in 1962. Roa's comments during the entire conversation left one with the feeling that he was pessimistic, according to the informant.

Austin Horn, Central Intelligence Agency (CIA), advised the Liaison Agent on August 30, 1963, that a reliable CIA source in Madrid, Spain, had been in contact with [Mark Tischman,] (S) one of the American students who accompanied the group which recently visited Cuba. ~~(S)~~ This contact took place on August 27, 1963, at which time [Tischman] (S) volunteered the following information to the CIA source: ~~(S)~~

[Tischman] (S) identified the following students as "fellow travelers": Joseph Rex, Elena B. Fleming, John Milton, Don Ranmann, and Alberti Maher. ~~(S)~~ (U)

[Tischman] (S) referred to Levi Laub as a "communist in ideology" but not a Party member. He stated that Philip A. Johnston is "of communist ideology though not a Party member"; that Clinton M. A source, who has furnished reliable information in the past, advised during February, 1972, that Davida Fineman, a member of the pro-Chinese communist, Marxist-Leninist Revolutionary Union, advised during February, 1972, that she continues to be in occasional contact with the individual known to your Agency under the cryptonym "Sugar," and she refuses to believe that this individual is employed as an operative of your Agency. Fineman stated that she is also in contact with Rene Raindorf, pro-Chinese communist Marxist-Leninist of Belgium. (S)

Fineman indicated she was familiar with Roger Padgett (phonetic) who has served as a professor at Cornell University and at the University of Colorado at Boulder. The same source indicated that he too was acquainted with Padgett (phonetic) and that Padgett (phonetic) had admitted to the source he had worked for your Agency as an advisor to former President Sukarno of Indonesia for six years (S)

Fineman also volunteered that Gloria Steinem, prominent Women's Liberation advocate, was employed by your Agency. (S)

The above is for your information, and no further dissemination is being made by this Bureau.

Re: Arab Terrorist Activities

2/17/78

The following information was furnished by a confidential source abroad on February 4, 1972:

According to the source, a pro-Palestinian organization called the Palestine Committee-Brussels was organized during 1970 within the Belgian National Palestine Committee for the purpose of supporting Palestinian revolutionary activities. The Brussels Committee was headed by Luc Dupire, a Belgian national born on April 9, 1942, at Haine St. Paul, and the National Palestine Committee by Aron Raindorf, a Belgian citizen born on December 22, 1919, at St. Gilles. (C)

Following a period during which the two groups worked in harmony, a schism took place in November, 1971, which resulted in a new group being formed by Dupire and Yvonne Sterck which was called The Responsible Group for the National Palestinian Committee and the Palestinian Committee-Brussels without other members of either group being consulted. Raindorf, according to the source, is currently attempting to regain control over divergent elements and to restore order to the groups involved. (C)

In this connection, Raindorf traveled to London where he remained from December 26 through December 28, 1971, and met with one Gibson, described only as an American Negro journalist and with an individual known as Manchanda, described as being of Pakistani origin. The source indicated Manchanda is probably identical to Albert Manchanda, a British citizen born on April 9, 1919, in India. Raindorf also traveled to Beirut, Lebanon, on January 20, 1972, and to Damascus, Syria, to meet with elements of the Fath and the O.L.P. which were not further described by the source. (C)

The "New York Times" on 3/24/61, in an article entitled "US Asks Court Bar Questions On Castro Foes in Miami Area", by Peter Kihss, reported that an unidentified US agency had intervened in a murder trial in Miami asking that questions about activities by Cubans in that area seeking the overthrow of Premier Fidel Castro of Cuba be barred in the trial. The article stated that the above intervention became known while the FPCC called for a Congressional investigation of CIA. Richard Gibson, acting national secretary of the FPCC, said he based his call on an announcement of a "Revolutionary Council" set up by the two major anti-Castro groups in Miami. Gibson said there had been reports of CIA support of an anti-Castro enterprise and that forces had been using Florida as a training and staging point for attacks against Cuba. He said that reckless CIA action could lead the country into a major war.

The State Department advised that on 1/10/63, March Schleifer, an American Marxist and journalist, provided information pertaining to the formation of "Revolutionary Africa (RA)", a magazine which was an organ of the Politbureau in Algeria. The editor of the English language section was to be Richard Gibson. Schleifer had worked with Gibson in the FPCC movement but had lost some of his confidence in Gibson as a true revolutionary after the latter "jumped" at a bureaucratic position with the Politbureau. Schleifer had lived with Gibson in Algiers and regarded him as the same type of man that Djilas (not further identified) had denounced in "The New Class" (not further identified). Gibson's position with the Maspero (not further identified) group, and thus the FLN (not further identified), predated his involvement in Cuban affairs. Schleifer pointed out that long before the Cuban revolution, Gibson had been working in France with the French "neo-Marxist" left. He had considerable editorial ability and should have been an asset to "RA". (C)

Gibson, who lived in London, Eng., was said to have visited Sweden no less than four times and on his last trip had claimed to represent American Negro leader Robert Williams who was in China. SUGAR (R)

Reference is made to your informal memorandum dated October 29, 1970, (your reference O-44) enclosing 29 reports covering contacts of Sugar during his visit to the United States, September 24, 1970, to October 11, 1970. S

In accordance with your request, the following comments on and evaluations relating to the validity and usefulness of the information in the reports are set forth:

1. Sugar's recent presence in the United States was reported by two sources of this Bureau. These sources expressed no suspicions relating to his activity or cover. S

2. Based upon preliminary review, the information provided by Sugar appears accurate and generally conforms to information independently reported by our sources. Slight distortions noted were in accord with existing rumor or "talk" within domestic movement circles.

3. The information provided by Sugar is considered of good intelligence value, but not in itself of high or exceptional value. It confirms and supports information developed by Bureau sources and in several instances provides current assessments and useful investigative leads. S

4. Sugar's obvious close association with Richard Ward (indicated in reports S-52 and S-56) would appear to offer him an opportunity to establish a stringer relationship with the weekly New York City left-oriented "Guardian," in the event this is in accord with the projection of his cover. Ward, in spite of criticism of the "Guardian," continues to be included as a staff member in the publication's masthead and his articles continue to be published. Although the "Guardian" has a United Kingdom address (13 Wood Ride, Orpington, Kent), no London correspondent is listed in its masthead. Both S

Ward and Wilfred Burchette (current "Guardian" Paris representative) have obvious close contacts with the Democratic Republic of North Vietnam representation in Paris and would appear to be in a position to provide an entree for Sugar to the North Vietnamese.

S

5. The detailed information furnished by Sugar relating to Ward (report S-56) suggests Ward as a likely candidate for approach. Our files indicate Sugar has been acquainted with Ward since 1967. We would very much appreciate receiving a current personality assessment of Ward by Sugar.

S

Your interest in referring the reports of Sugar to this Bureau is appreciated.

S

NOTE:

Sugar is CIA cryptonym for Richard Gibson who operates in behalf of CIA from London, furnishing coverage of European and Third World New Left and black extremists. The 29 reports furnished by the Agency on 10/29/70 covering Sugar's contacts while in the U.S. from 9/24-10/11/70 have been disseminated to appropriate field offices and Bureau files by Bulet 11/9/70, captioned "Richard Thomas Gibson, Information Concerning," Bufile 105-93072.

S

Richard Ward is included on the Security Index of the New York Office and he is a current staff member of the "Guardian." He was in contact with the North Vietnamese Diplomatic Mission in Paris in 5/70 and traveled thereafter to Hanoi and Laos for a five-week visit. According to the information made available by Sugar, Ward is critical of the "Guardian," the Soviets, and members of the New Left in this country. He is currently doing research on a book about American-Vietnamese relations and he claims this book will be scholarly, other than a propaganda piece. Based upon a current assessment of Ward by the Agency, we will consider interviewing him, looking towards his development as an informant.

S

Classified "Secret" because incoming so classified, and because it relates to sensitive CIA source compromise of whom could cause serious damage to defense interests.

Re Bureau airtel 9/17/70 in above caption.

BECAUSE THE SOURCES NAMED BELOW ARE AFFILIATED WITH A HIGHLY SENSITIVE BUREAU COUNTERINTELLIGENCE OPERATION, ANY INFORMATION CONTAINED HEREIN MUST BE PARAPHRASED TO PROTECT THE IDENTITIES OF THE SOURCES. (C)

On 9/26/70 RICHARD GIBSON called CG 6547-S and his wife, CG 6548-S at the informants' home who suggested to him that they meet at a downtown restaurant for lunch. GIBSON readily agreed. Informants spent about an hour with him. He told them that he was in Chicago to attempt to get on the payroll of "Tuesday Magazine," a Black oriented weekly newspaper supplement, as an overseas correspondent. GIBSON indicated to the informants that he planned to travel to Detroit on 9/27/70 to meet with ROBERT WILLIAMS, and thereafter go to New York City. He did not mention that he would travel to San Francisco or any other US cities. (S) (C)

The informants and GIBSON discussed the civil war in Jordan. GIBSON commented that the move by King HUSSEIN against the Palestine Liberation Movement was the result of the policies (S)(C)

of peaceful co-existence. He also assessed the outcome of the Jordanian crisis as a defeat for the guerilla forces under YASSIR ARAFAT. (S) (C)

GIBSON mentioned to the informants that he had recently been in Amman, Jordan where he spoke with GEORGE HABASH, leader of the Popular Front for the Liberation of Palestine. GIBSON indicated that HABASH was a strong leader; whereas, ARAFAT was weak and prone to compromise. (S) (C)

GIBSON mentioned that DAVIDA FINEMAN a leader of the Revolutionary Union stopped in Belgium (probably in January, 1970) enroute home from the Palestine Liberation Conference held in Algiers, Algeria in December, 1969 where she contacted SERGE (Possibly SERGE PAIROUX, a Belgium communist) in an effort to purchase some firearms. According to GIBSON, SERGE would not assist FINEMAN in obtaining the firearms because she mentioned the name of RENE RAINDORF, a Belgium communist who has been active in the cause of Palestine Liberation. GIBSON claimed that RAINDORF is known in left circles in Europe "as CIA." (C)

GIBSON asked the informants if he could meet with CG 7262-S whom he had met in Algiers last December. He was furnished the informant's phone number by CG 6547-S. (S)(C)

On the evening of 9/26/70 GIBSON met CG 7262-S at a Chicago bar where informant is employed part-time as a bartender. Due to the circumstances under which they met, it was difficult for the informant to carry on an extended conversation with GIBSON. However, GIBSON did tell the informant the same story concerning his reason for being in Chicago; his intention of traveling to Detroit to see ROBERT WILLIAMS; his visit to Amman, Jordan; and the fact that he met during the day with the other two informants. GIBSON did not indicate that he would visit with BERGMAN or FINEMAN; however, he told the informant that BERGMAN and FINEMAN visited him in England as they were returning to the United States from the Palestine Liberation Conference in Algiers. Dear Herb and Comrades,

Just a hasty note to let you know that René and Gilbert have recently returned from Amman with news about the desperately critical situation there. Nevertheless, we believe the situation is excellent for the revolutionary forces, despite the seemingly crushing weight of the reactionary, imperialist forces.

Throughout Europe, initiatives are being made by comrades, especially in regard to Arab embassies, needling them or coaxing them to show solidarity with the Palestinians or demonstrating against the most reactionary (e.g. the Jordan Embassy here was occupied by students yesterday). Cables, letters and personal calls are being made to Arab governments and their diplomats throughout Europe, and the Iraqi and Syrians shamed for their inactivity, despite all their past verbal support of the Palestinian Revolution. It would be especially useful for you comrades in the States to inform René and me of any activity that you are engaged in on Palestine and please send us for republication texts of any statements, cables, etc.

Manu and Diane send you fraternal greetings. They are now married, by the way, and await reinforcement in the revolutionary ranks in December!

There is a possibility I might make it to the States sometime this fall. If so, I will try to come to Chicago to give you a first-hand report on the situation in these parts, as well as the Middle East.

Fraternally yours,

Captioned individual, a Negro male, who was formerly active in the U.S. as a leader of the Fair Play for Cuba Committee, currently serves as a CIA informant based in England. He operates under the cover of "overseas representative and correspondent" for "Negro Press International," which is allegedly a Chicago-based firm. From his residence in London, Gibson furnishes coverage of European and Third World New Leftists and black nationalists. (S)

CIA has advised Gibson will be in the U.S. for consultations with the Agency during the period 9/20-10/18/70. During this period it is anticipated Gibson will visit New York City, Chicago, Detroit, Atlanta, Los Angeles, San Francisco, and Philadelphia to visit old contacts and to "become reacquainted with the scene in the United States." (S)

EX-110 REC-32 105-93072-174

From past experience, Gibson may be expected to endeavor to contact Negro militant activists in all the above cities, and specifically he will probably be in contact with the pro-Chicom Revolutionary Union in San Francisco and Leibel Bergman and Davida Fineman who are associated with this organization. He very likely will endeavor to contact the Ad Hoc Committee for a Marxist-Leninist Party, USA, in Chicago and members of the Republic of New Africa in Detroit and Philadelphia. He has been closely associated with Robert Franklin Williams in the past and may be expected to endeavor to contact him in Detroit. (S)

Reference is made to your memorandum dated April 20, 1970, your reference I-216, requesting the source of an article from the February, 1970, edition of the London publication, "Synic," relating to subject, which was forwarded to you by routing slip dated April 4, 1970.(S)

This article was obtained by our Legal Attache, London, presumably from a review of the public press.

It is noted in December, 1969, Leibel Bergman, the theoretical leader of the militant Maoist San Francisco-based Revolutionary Union, according to a source who has furnished reliable information in the past, indicated shortly after meeting Gibson he distrusted him because of Gibson's reputed affiliation with the Central Intelligence Agency. At this time, Davida Fineman, also a member of the Revolutionary Union (and the former paramour of Gibson), defended Gibson, repeatedly stating the charges against him were unfounded and the "same old stuff." Nevertheless, Bergman at the time persisted in his suspicion of Gibson.(S)

As a matter of additional interest, in February, 1970, Bergman commented that during his travel the previous month abroad, he had met with Gibson in London and stayed overnight at the Gibson residence. At this time, Bergman stated he found Gibson to be charming, likable, sophisticated, intelligent, but hung-up on a feeling of self-importance. Bergman described Gibson as doing "good work," but stated Gibson is not as important as he believes.(S)

(S)[Elaine Katz] contacted on 3/20/78 concerning the releasability of this document. WSB

MEA

From the above it would appear Bergman, who may be described as an astute tactical Marxist-Leninist, now accepts Richard Gibson. Any additional pertinent information believed to be of interest to you regarding the activities of Richard Gibson will be promptly made available(S)

DANGER - AMERICAN AGENT AT WORK......

Many people on the left tend to get a little paranoiac about the C.I.A., and to suspect absolutely everyone. There is, however, one person who moves around in the British left who should be avoided - it is just a little more than coincidental that so many people and organisations abroad seem to think that he is working for the Americans.

His name: RICHARD GIBSON. He is a Black American, and he works for NEGRO PRESS INTERNATIONAL, itself not totally above suspicion. Gibson speaks in Marxist-Leninist-Maoist terminology, and pretends to be no more than this. He produces a monthly bulletin, called 'RICHARD GIBSON reports', which carries a lot of information about those Southern African movements which are not fighting, like the PAC of South Africa, and ZANU of Rhodesia. He also carries, in this bulletin, smears about other movements, suggesting that they are lackeys of Israel, or terrorists or not revolutionary.

. Gibson is believed to be a CIA agent by most of the Southern African groups, by the Black Panthers, by the Palestinians, et. al. He used to work with a magazine in Algiers, but he was sacked, and the ,magazine printed an explanation saying he was CIA. Similarly, he lost his tie with 'Jeune Afrique' after they found him having contacts with US Embassy officials. Even Jordanian diplomats, who are not unknown for their US links, have been known to volunteer the information that Gibson is CIA.

He works from Britain : SYNIC suggests that he should be watched with care. And his associates here should not be forgotten either. SYNIC will be covering a couple of them in future issues.

REFERENCE: Our memorandum of 6 February 1970, Subject: Davida FINEMAN and Leibel BERGMAN

1. A sensitive source has reported that Leibel BERGMAN and Herb BLOCK share a deep detestation of the Progressive Labor Party (PLP). BLOCK stated that he was convinced that the PLP was directly run by the CPUSA and that he (BLOCK) had learned that Fred JEROME's mother, Alice JEROME (a prominent member of the PLP) had secretly attended a Party school in the Soviet Union after being publicly associated with the PLP.

2. The main reason that BLOCK and his wife wanted to visit China was to continue denunciations of the PLP. BLOCK was convinced that his previous communications with the Chinese about PLP had had some effect and that the PLP would shortly be "derecognized" by the Chinese.

NOTE: Gibson, a former leader of the Fair Play For Cuba Committee in the United States, has been operated for a number of years in Europe by CIA under the cryptonym "Sugar." The Agency has targeted him against Negro nationalist and pro-Chicom elements and, as a result, his path has frequently crossed the paths of our informants operating under the AHC cover. Chicago is aware of Gibson's CIA involvement. Purpose of this inquiry is to determine if Gibson has any actual ties in Chicago area which could conflict with AHC (S)

(OO:Bureau)

For the current information of the Bureau and recipient office, the following, derived from review of subject's passport file by SA GERARD C. CARROLL at the Passport Office, U. S. Department of State on 1/2/70, is being set forth. Mrs. SHIRLEY ABBOUD, Foreign Operations Division of the Passport office, had notified SA KENNETH J. HASER that subject had recently obtained a new passport in London, England. (C)

Passport Z-1057628 (valid until 11/9/74) was issued to the subject at London, England, on 11/10/69. In an affidavit, also dated 11/10/69, to E. T. VANGAS, U. S. Consul in London, subject claimed that on 11/8/69, after passing the French exit immigration control at Orly Airport, he apparently dropped his passport Z-414374. British immigration authorities permitted him to land, upon production of his "home office certificate of registration G 662567". Subject added that Air France later reported that his passport was not found at Orly. In requesting a new passport, subject explained that he was scheduled to fly to Brussels on the morning of 11/12/69. (C)

MRS RICHARD THOMAS GIBSON

In his application for the above passport, subject listed his address as 32 Hartswood Road, London, ENGLAND indicating that his wife, JOY ~~M.~~ GIBSON, resided with him at this address. He advised that his travel plans were indefinite and that he intended to reside abroad for business reasons. (C)

Subject's passport file contained a communication from the American Embassy in Bern, Switzerland to the State Department, dated 1/23/68. It reported that subject, who was traveling by train from Milan to Geneva with his wife, was removed from the train by Swiss immigration authorities on 1/20/68 at Brig. Subject's wife contacted the American Embassy by phone from Brig requesting direct intervention with the Swiss. It was subsequently ascertained from a responsible Federal Foreigners Police (FFP) officer that the subject had been expelled from Switzerland on 9/12/63 for his political activity and association with the magazine, "La Revolution Africaine". On 12/16/63, the Bundesanwaltschaft (Federal Police and Justice Department) issued an order prohibiting subject's re-entry into Switzerland. However, since his whereabouts were unknown, notification of same could not be sent to the subject. The FFP officer stated that if the subject had applied for entry into Switzerland during the week instead of the weekend, he might have been authorized limited entry. According to this officer, the subject should write to the Bundesanwaltschaft in Bern concerning the incident at Brig and request that he be furnished a reason for it. He would then receive a copy of their order and would have opportunity to appeal the decision within 30 days. (S)

As stated in the above communication, subject's wife affirmed that the subject had made several trips to Switzerland subsequent to 1963 without any difficulties. She claimed she intended to protest to the International Press Institute concerning the Swiss authorities. (S)

Reference is made to memorandum dated 10/20/69, received from CIA setting forth information from a sensitive source to the effect that "Carmichael remained in Africa because he feared that President Nixon would try to arrest him for the assistance he had given Eldridge Cleaver in fleeing to Cuba." The Liaison Agent has been endeavoring to obtain an evaluation of this information. (S)

On 10/27/69, Richard Ober, CIA, advised that the source of the information was "SUGAR" (Richard Gibson). He stated "SUGAR" did not furnish any additional details. He further confided that because of past experiences, the reliability of the information could definitely be questioned. In the past, "SUGAR" has furnished information of a general or nonspecific nature. (S)

In view of this latest development, it is most strongly urged that the Bureau, through liaison, have CIA interview "SUGAR" specifically concerning the following points:

(1) Any and all knowledge "SUGAR" has concerning activities and contacts of HOWARD BRUCE FRANKLIN while the latter was in France.

(2) Any and all knowledge of DAVIDA FINEMAN. In this connection, it is suggested that CIA be requested to encourage correspondence between "SUGAR" and FINEMAN. S

(3) "SUGAR" furnish CIA with all correspondence to and from the RU and that "SUGAR" be directed in a logical way to encourage such correspondence with the RU.

In view of LEIBEL BERGMAN's admitted difficulties over communications with Red China and lack of knowledge of current events in that country, it is believed that if "SUGAR" can favorably establish himself with the RU as a contact in Europe he will be able to furnish valuable information on any other contacts the RU may attempt to establish on the Continent and might even be utilized as a cutout by BERGMAN for the RU. S

In view of the delicate nature of the information contained in the LHM, the Bureau may wish to restrict dissemination to CIA only.

In referring the above requests to CIA, the Bureau should insure the bona fides of "SUGAR" as a CIA operative and his reliability lest SF 3169-S be compromised. S

San Francisco will continue to follow this matter with SF 3169-S.

RICHARD GIBSON
INFORMATION CONCERNING

In June, 1969, a confidential source, who has furnished reliable information in the past, advised that at an Executive Committee meeting of the Revolutionary Union (RU) held on June 8, 1969, DAVIDA FINEMAN read a letter which she had received from RICHARD GIBSON, whom she described as a Negro who resides in Europe and whom she knew while she was in France. This letter was a run-down on the Marxist-Leninist-Mao groups in various countries in Europe and described some of these groups as revisionists who support the new working class, e.g. technicians and other highly skilled labor, and support a broad united front which would include various members of the bourgeoise. C

According to this source, BRUCE FRANKLIN in no uncertain terms described GIBSON as a CIA agent who was exposed as such and had to flee France lest he be killed. FRANKLIN stated that he had proof of GIBSON's affiliation with CIA. LEIBEL BERGMAN, on the other hand, stated in no uncertain terms that BRUCE FRANKLIN's allegation was completely untrue and that GIBSON had been thoroughly checked out when BERGMAN, himself, was in Red China and had been found to be all right. BRUCE FRANKLIN continued the argument by stating that he could prove that GIBSON was a CIA agent because some friends of his in France had been exposed and arrested shortly after their introduction to GIBSON. S

At the Executive Committee meeting, it was decided that LEIBEL BERGMAN and the FRANKLINs were to iron out their differences about GIBSON amongst themselves and it was further decided that the RU may be in contact with GIBSON. S

REVOLUTIONARY UNION,
ALSO KNOWN AS
RED UNION, BAY AREA
REVOLUTIONARY UNION

In September, 1968, a source advised that the Revolutionary Union, commonly known to its membership as the Red Union (RU), was formed in early 1968 as a covert, revolutionary, Marxist-Leninist organization ideologically oriented toward Communist China, which it views as the model of the correct revolutionary Marxist-Leninist line as developed through MAO Tse-tung. The RU advocates the necessity of violent revolution and open guerrilla warfare to overthrow the existing political system in the United States and effect radical changes in this nation, and some members are collecting firearms, explosives, and other weapons and have engaged in guerrilla warfare and firearms training. In the San Francisco Bay Area, the RU consists of three locals, one each in San Francisco, the East Bay, and the Peninsula.

In April, 1969, a second source advised that the RU partially surfaced during that month through advertisements in select "New Left" periodicals, identifying three members of the Executive Committee as public spokesmen and offering for sale select writings of the RU, including a "Statement of Principles," in the form of "The Red Papers." With the exception of the three publicly identified spokesmen, the general membership of the RU will remain covert; however, individual members are free to reveal their RU membership to close political associates as the necessities of political effectiveness dictate.

The RU's published "Statement of Principles" calls for the smashing of the existing state apparatus by the United States working class and the establishment of communism and the dictatorship of the proletariat; recognizes the necessity of violent revolution and organized armed struggle to achieve those ends and calls for the creation of a revolutionary party based upon Marxism-Leninism as developed through MAO Tse-tung.

ReCGairtel 11-12-68 speculating that Davida Fineman, Hodee Edwards, and Paul Richards, all of whom have been associated with the CIA source known as "Sugar," are affiliated with the CIA in an operation in this country.

Through Bureau liaison on 11-15-68, it was determined from CIA that the Agency has had no contact or connection, either direct or indirect, with Fineman, Edwards, and Richards and that these individuals are not under the direction of the Agency.

In connection with this operation and the investigation of the Revolutionary Union, Chicago and San Francisco should bear in mind the likelihood that Fineman and Richards may very likely be in current contact with the CIA source known as "Sugar" although there is no indication they have knowledge of the Agency's relationship with "Sugar."

Referenced communications concerning RICHARD GIBSON reflect that in 1966 former CG 5908-S, when in contact with pro-Chinese communists in Italy, was apprised of the suspicion of the Italians concerning RICHARD GIBSON, specifically that he was a CIA agent. In connection with their suspicions, the Italians requested the informant to check on one DAVIDA FINEMAN, who was ostensibly traveling with GIBSON as a translator. It was subsequently learned that FINEMAN was residing in Paris at that time but had been a resident of New York City. Referenced communications from New York and Los Angeles concerning FINEMAN identify her background. Chicago has no additional information concerning this person and does not, in fact; have sufficient knowledge to determine whether the person traveling with GIBSON in Europe in 1966 is identical with the DAVIDA FINEMAN who has emerged as part of the Revolutionary Union.

C

The Bureau and Los Angeles are requested to furnish to San Francisco any information which would assist in effecting an identification of this person, it being believed by Chicago that the definite possibility exists that the person traveling with GIBSON is in fact identical with the current member of the Revolutionary Union.

Chicago would desire to know when FINEMAN returned to the United States and if she has any recorded activities within left wing movements since returning. It would seem that her emergence in the Revolutionary Union is highly suspect in view of the probability of her former association with GIBSON. As GIBSON's identity is known to the Bureau and the interested office, it would seem that the implications of a CIA operation are clearly apparent.

C

In this connection, San Francisco letter of 10/30/68 reflects that HODEE EDWARDS has apparently returned to the United States from England and San Francisco is presently attempting to verify her residence. In connection with EDWARDS, it will be recalled that she had written to the Ad Hoc Committee while a house guest of RICHARD GIBSON in London concerning some theoretical aspects of pro-Chinese ideology and that GIBSON, while in contact with CG 6547-S in Chicago, had furnished the

name of PAUL RICHARDS, son of EDWARDS, as a good person who had been active in the communist movement on the west coast. RICHARDS recently wrote to the Ad Hoc Committee expressing his favorable attitude toward the ideology as expressed by the Committee and the possibility exists, therefore, that he was prompted to do so on advice from his mother, HODEE EDWARDS.

c

The totality of these events suggest that CIA has effected operations in this country with the possible intent of attempting to arrange for travel to China, and Chicago strongly suspects not only FINEMAN but EDWARDS and RICHARDS as being part of these operations.

c

Chicago respectfully requests any information the Bureau may have in this matter.

Re Bulet dated 10/20/67 concerning PAUL RICHARDS and Bulet 4/26/68 concerning M. I. LASKI.

Attached to each copy of this communication is a xerox copy of a letter dated 4/23/68 from RICHARD GIBSON to the AHC. This letter was furnished to SA ROBERT R. GLENDON by CG 6547-S on 5/8/68.

For information Milwaukee, GIBSON is referring to PAUL RICHARDS in the third paragraph of this letter. As Milwaukee may desire to utilize this information in report form such must be paraphrased and the source to identify the characterization as RICHARDS is CG 6547-S who met with GIBSON last year in Chicago. Milwaukee is requested to review Bulet dated 10/20/67 for instructions regarding the AHC. Chicago would also suggest that GIBSON's name not be used in any report.

Em. Files

The Bureau's attention is invited to the comment in paragraph two regarding M. I. LASKI and in particular that which notes that LASKI alligned himself with MIKE BAKER in London who now professes an anti-MAO line. It would appear that LASKI in his headlong rush to gain international recognition has again created friends inimical to his own primary interests.

If the Bureau desires a fraternal letter to directed to GIBSON such will be promptly prepared.

23 April 1968

Dear Herb,

Please forgive my slowness in answering your letter of February 12. Much has been happening here, not all of it for the best, as far as I can see, but I still believe that the sharpening racial and class contradictions in Britain -- and elsewhere in Europe -- in recent weeks will provide an excellent situation in which Marxist-Leninists can work more vigorously than in the past here. But there still remain many other internal contradictions, personality conflicts, distorted reflections of the Cultural Revolution, etc. that must be resolved. I wish I could write in greater detail, but I am certain you understand, with your experience, far more than I do.

Concerning "Comrade" Laski, nothing further has been heard of him since he left here for Paris. His great comrade here, Mike Baker, who published a huge interview with Laski in his publication, Red Front, also took to attacking what he now calls "Mao's ultra-Left clique." Whether Laski approves of Baker's new anti-Mao line, I cannot say, but birds of a feather do flock together...

C

The person living with me that you mentioned in your letter is a lady, mother of the young student at the University of Wisconsin that you met at my hotel in Chicago when I was last there. He is still very much in the revisionist party, although deeply disturbed by its general reformist, not to say capitulationist line, yet still greatly swayed by some of the CPUSA tame intellectuals, particularly Apteker. I do wish you comrades might help him to understand the correct line and find a way forward.

Give my regards to your wife, who I trust has now completely recovered from her bout of poor health.

Fraternally yours,

Richard

SUBJECT: SUGAR

4-1
10-1

SUGAR is a cryptonym for Richard Thomas Gibson, a U. S. Negro who has been utilized by the Central Intelligence Agency (CIA) as an informant in foreign countries. He has been a source of information relating to the New Left and Black Power activities. His background is well known to the Bureau, and we have always had some question concerning his reliability.

Recently, CIA reported that SUGAR had encountered some difficulty in Sweden as a result of his efforts to establish contact with American deserters in that country.

On April 17, 1968, Richard Ober confidentially advised that the Dutch internal security service had contacted CIA and was making an inquiry concerning SUGAR. At this point, CIA does not know why the Dutch are making the check, but the Agency is speculating that SUGAR's activities in Europe have come to the attention of the Dutch. It is Ober's opinion that CIA at some point will contact a top official in the Dutch internal security service concerning the Agency's interest in SUGAR.

Neth S.C

Ober stated that in the event the Bureau receives any inquiry from the Dutch concerning SUGAR, the Agency would like to be contacted before we respond to the Dutch. In this connection, he pointed out that Andries Kuipers of the Dutch internal security service is scheduled to visit the U. S. in the very near future and will be in contact with the Bureau. CIA is speculating concerning the possibility of Kuipers requesting information concerning SUGAR. Here again CIA asked that we check with agency before we would respond.

SUBJECT: SUGAR
Activities of Russell Stetler and John Gerassi, US Citizens

1. The information below was acquired by SUGAR from a former employee of the London-based Bertrand Russell Peace Foundation (BRPF) who talked with Allan Krebs, an American leftist who is Director of the Free University in New York City and who is close to Russell Stetler and John Gerassi.

US-ENG

2. Stetler spends most of his time travelling between the US and London to consult with Ralph Schoenman, Director of the Bertrand Russell Peace Foundation (BRPF) regarding the Foundation's activities. There are now only three officials in the BRPF. Stetler is undecided about his political future and is considering the possibility of returning to graduate school. Schoenman does not have inexhaustible BRPF funds at his disposal and sometimes there are great financial crises. At times Stetler is very bitter about Schoenman's methods of operation and often feels that the latter "sells down the river those who work for him".

John

3. Gerassi, a member of the International War Crimes Tribunal's first investigating team to North Vietnam in December 1966 and January 1967, was in Cuba the week of 3 July 1967. He is no longer on friendly terms with Ralph Schoenman, and apparently went to Cuba for a different reason than that of Schoenman, who was there in late June 1967.[1]

EX 110 REC-69 105-93072-169

4. Gerassi told Krebs that he will publicly support the Tribunal, but that he is physically unable to work with Schoenman. It is due to the "fight" between the two individuals that Gerassi did not attend the First Session of the Tribunal in Stockholm ~~which was held in~~ early May 1967.[2]

5. It is requested that no action be taken on the basis of this information without prior coordination with this agency.

1. Source Comment: While in London during the week of 17 July, Gerassi said he was en route to Havana where he was to be an observer at the Latin American Solidarity Organization (LASO) Conference. He believed the Cuban attitude has changed considerably in the past year and that the Moscow-leaning Communists are losing all their influence. The former repressive measures in Cuba against homosexuals, beatniks and other deviants have been dropped. Concerning the International War Crimes Tribunal, Gerassi appeared convinced that the Tribunal's Second Session will be held in Stockholm rather than in Copenhagen or some other city. He said that he will testify at the event in any case.

2. Field Comment: The First Session of the Tribunal was sponsored by the BRPF and was commonly referred to as the "Bertrand Russell War Crimes Tribunal". This designation however can no longer apply inasmuch as cumulative reporting, since the Stockholm meeting, indicates that the BRPF and the Tribunal are separate entities with independent motivation, direction and control. According to various sources, the Second Session of the Tribunal is scheduled to be held in Copenhagen, Denmark beginning 20 October 1967. It is not known whether or not the BRPF will support the Copenhagen event.

ReBulet, 10/22/65. U

RICHARD THOMAS GIBSON is a SI subject of the NYO. [ReBulet indicates that CIA has advised in confidence that it is operating GIBSON and has assigned the code name SUGAR to GIBSON. (S)

N.Y

Although GIBSON's previous activities would warrant retention on the SI, it is felt that inasmuch as GIBSON has been debriefed by CIA and is presently being operated by CIA, GIBSON no longer warrants inclusion on the SI, and accordingly it is being recommended that the name of RICHARD THOMAS GIBSON be deleted from the SI. (U) According to Bureau Source 6, on 9-21-65 Richard Gibson in London contacted Robert Williams in Cuba and indicated he had received an unidentified message from Williams. Gibson assured Williams of his personal loyalty and solidarity in "the struggle." Gibson also said he was partially responsible for Williams' situation and was ready to make any effort which would help. (TS)

As you are aware, Central Intelligence Agency (CIA) has advised in confidence that it is operating Gibson and the message would indicate that CIA is attempting to have Gibson re-establish contact with Williams. Note that CIA has assigned the code name SUGAR to Gibson and data originating with him will be attributed to that code name. ~~(TS)~~ (S)
